GENERAL MOTORS COMPANY AND SUBSIDIARIES

ITEM 8.01. OTHER EVENTS

General Motors Company, formerly NGMCO, Inc., which was formed by the United States Department of the Treasury (UST) and was the successor to Vehicle Acquisition Holdings LLC, incorporated in 2009 under the laws of the State of Delaware, is sometimes referred to in this Current Report on Form 8-K, for the periods on or subsequent to July 10, 2009, as “we,” “our,” “us,” “ourselves,” the “Company,” “General Motors,” or “GM.” Motors Liquidation Company, formerly known as General Motors Corporation, is sometimes referred to in this Current Report on Form 8-K, for the periods on or before July 9, 2009, as “Motors Liquidation” or “MLC”.

We are filing this Current Report on Form 8-K to include the following textual, non-financial information:

- Business;
- Risk Factors;
- Properties;
- Security Ownership of Certain Beneficial Owners and Management;
- Directors and Executive Officers;
- Executive Compensation;
- Certain Relationships and Related Transactions, and Director Independence;
- Legal Proceedings;
- Market Price of the Dividends on the Company’s Common Equity and Related Stockholder Matters;
- Recent Sales of Unregistered Securities;
- Description of the Company’s Securities;
- Indemnification of Directors and Officers;
- Changes in and Disagreements with Accountants on Accounting and Financial Disclosure; and
- Exhibits.

We are a private company and are not subject to the filing requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934. We are a voluntary filer with the Securities and Exchange Commission (SEC). We are filing this textual, non-financial information pursuant to our agreement with the SEC, as described in a no-action letter issued to Motors Liquidation by the SEC on July 9, 2009 regarding our filing requirements and those of Motors Liquidation, which formerly operated the business acquired and currently operated by us.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Business

Launch of General Motors Company

Prior to July 10, 2009, the business of the Company was operated by Motors Liquidation. On June 1, 2009, Motors Liquidation and three of its domestic direct and indirect subsidiaries filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code (Bankruptcy Code) in the U.S. Bankruptcy Court for the Southern District of New York (Bankruptcy Court). The Company, through certain of its subsidiaries, acquired substantially all of the assets of Motors Liquidation on July 10, 2009 in a sale transaction completed pursuant to Section 363(b) of the Bankruptcy Code (363 Sale) and the Bankruptcy Court's sale order dated July 5, 2009. Pursuant to the 363 Sale, the Company also assumed certain of the liabilities and obligations of Motors Liquidation. Motors Liquidation continues to exist as a distinct legal entity for the sole purpose of liquidating its remaining assets and liabilities.

The formation of General Motors Company comes with a renewed focus on customers, cars and culture. As part of the 363 Sale, we acquired the assets necessary to produce our four core brands: Chevrolet, Cadillac, Buick, and GMC. These four core brands will have a total of 34 U.S. nameplates by 2010. We believe the focus on four core brands will enable us to allocate more resources to each, resulting in improved products and stronger marketing.

General Motors Company will support a portfolio of award-winning vehicles including:

- Chevrolet Malibu – North American Car of the Year (2008), Car and Driver's 10 Best Cars (2008) and J.D. Power and Associates' segment leader in its 2008 Initial Quality Survey;
- Cadillac CTS – Motor Trend's Car of the Year (2008) and Car and Driver's 10 Best Cars (2008);
- Opel Insignia – European Car of the Year (2009);
- Buick Enclave – Consumers Digest magazine's midsize SUV Best Buy list (2008);
- Buick brand – tied for first place in J.D. Power and Associates' 2009 Vehicle Dependability Study.

We are moving aggressively to develop a full range of energy saving technologies, including advanced internal combustion engines, biofuels, fuel cells, and hybrid vehicles. We are a leader in extended-range electric vehicles, with our first model, the Chevrolet Volt, currently undergoing road testing and scheduled to launch in 2010. We are also in the process of making advanced battery development a core competency. Refer to "Research, Development and Intellectual Property" below.

The Section 363 transaction enabled a substantial dealer consolidation. Our goal is to reduce the number of GM brand dealers in the U.S. from 6,031 at June 30, 2009 to approximately 3,600 by the end of 2010. With approximately 3,600 dealers, we would still have the largest dealer network in the U.S. We believe that a smaller dealer network in the most advantageous locations will allow us to improve the customer experience and to maximize the effectiveness of our advertising and marketing expenditures. Refer to "Relationship with Dealers" below.

In order to streamline our business and speed our decision making processes, we are revising our operational structure, combining the former Europe, Latin America/Africa/Middle East (LAAM) and Asia Pacific segments into one segment, General Motors International Operations (GMIO), and eliminating our former regional president positions and the regional strategy boards. Additionally, two senior leadership forums, the Automotive Strategy Board and the Automotive Product Board, will be replaced by a single, smaller executive committee, which will meet more frequently and focus on business results, products, brands, and customers.

General

We and MLC prior to July 10, 2009 are engaged primarily in the worldwide development, production and marketing of cars, trucks and parts. We develop, manufacture and market vehicles worldwide through our two segments: General Motors North America (GMNA) and GMIO. In this Report, the business enterprise formerly operated by MLC and subsequently acquired by us is referred to as "the Business."

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Total worldwide car and truck vehicle sales for MLC were 3.6 million in the six months ended June 30, 2009 and 8.4 million and 9.4 million in the years ended December 31, 2008 and 2007. Substantially all of the cars, trucks and parts are marketed through retail dealers in North America, and through distributors and dealers outside of North America, the substantial majority of which are independently owned. GMNA primarily meets the demands of customers in North America with vehicles developed, manufactured and/or marketed under the following core brands:

- Buick
- Cadillac
- Chevrolet
- GMC

GMIO primarily meets the demands of customers with vehicles developed, manufactured and/or marketed under the following brands:

- Buick
- Daewoo
- HUMMER
- Saab
- Cadillac
- GMC
- Isuzu
- Vauxhall
- Chevrolet
- Holden
- Opel

At June 30, 2009, MLC had equity ownership stakes directly or indirectly through various regional subsidiaries, including GM Daewoo, Shanghai GM, SAIC-GM-Wuling Automobile Co., Ltd. (SGMW) and CAMI Automotive Inc. These companies design, manufacture and market vehicles under the following brands:

- Buick
- Chevrolet
- GMC
- Wuling
- Cadillac
- Daewoo
- Holden

In addition to the products we sell to our dealers for consumer retail sales, we also sell cars and trucks to fleet customers, including daily rental car companies, commercial fleet customers, leasing companies and governments. Sales to fleet customers are completed through our network of dealers and in some cases directly by us. Our retail and fleet customers can obtain a wide range of aftersale vehicle services and products through our dealer network, such as maintenance, light repairs, collision repairs, vehicle accessories and extended service warranties.

U.S. Brand Rationalization

As mentioned above, we will focus our resources in the U.S. on four core brands: Chevrolet, Cadillac, Buick and GMC. In connection with the rationalization of our brands, MLC announced the acceleration of the timing of resolution for Saab Automobile AB (Saab), HUMMER and Saturn earlier this year. In addition, there is no planned investment for Pontiac, and the brand is expected to be phased out by the end of 2010. On February 20, 2009 Saab filed for protection under the reorganization laws of Sweden in order to reorganize itself into a stand-alone entity. In June 2009, MLC announced that it had entered into a non-binding memorandum of understanding with Koenigsegg Group AB, a consortium led by Koenigsegg Automotive AB, for the sale of Saab. We continue to work towards a restructuring of our German and certain other European operations, which could include a third party investment in a new vehicle manufacturing company that would own all or a significant part of our European operations. We are currently in talks with the German government and several parties with respect to such an investment. If consummated, this restructuring could significantly reduce our ownership interest and control over substantially all of our European operations. On June 2, 2009, MLC confirmed the details of a proposed transaction with Sichuan Tengzhong Heavy Industrial Machinery Co., Ltd (Tengzhong), pursuant to which Tengzhong, a major industrial machinery group, will acquire the rights to the premium off-road HUMMER brand, along with a senior management and operational team. It will also assume existing dealer agreements relating to HUMMER's dealership network. It is contemplated that Tengzhong will, as part of the transaction, enter into a long-term contract assembly and key component and material supply agreement with us. The final terms of the deal are subject to final negotiations. On June 5, 2009, MLC and Penske Automotive Group, Inc. announced that the two companies had signed a non-binding memorandum of understanding regarding the Saturn brand, pursuant to which Penske Automotive Group, Inc. would obtain the rights to the Saturn brand, acquire certain assets including the Saturn parts inventory, and have the right to distribute vehicles and parts through the Saturn dealership network. We would continue to provide Saturn Aura, Vue and Outlook vehicles, on a contract basis, for an interim period.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Vehicle Sales

The following tables summarize total industry sales of new motor vehicles of domestic and foreign makes and the competitive position of MLC:

(a) Vehicle sales above primarily represent vehicles manufactured or sold under a GM brand or through an owned distribution network. Under a contractual agreement with SGMW, Wuling vehicle sales in China are included in global market share. Wuling vehicle sales in China included in the global vehicle sales and market share data was 493,000 vehicles in the six months ended June 30, 2009 and 606,000 vehicles and 516,000 vehicles in the years ended December 31, 2008 and 2007. Consistent with industry practice, vehicle sales information includes estimates of industry sales in certain countries where public reporting is not legally required or otherwise available on a consistent basis.

(b) Totals may include rounding differences.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Fleet Sales and Deliveries

The sales and market share data provided above includes both retail and fleet vehicle sales. Fleet sales are comprised of vehicle sales to daily rental car companies, as well as leasing companies and commercial fleet and government customers. Certain fleet transactions, particularly daily rental, are generally less profitable than retail sales. As part of our pricing strategy, particularly in the United States, we have reduced sales to daily rental car companies.

The following table summarizes estimated fleet sales and the amount of those sales as a percentage of total vehicle sales:

	Six Months Ended June 30, 2009	Years Ended December 31,	
		2008	2007
		(Vehicles in thousands)	
GMNA	272	953	1,152
GMIO	698	1,356	1,427
Total fleet sales(a)	<u>970</u>	<u>2,309</u>	<u>2,579</u>
Fleet sales as a percentage of total vehicle sales	27.3%	27.6%	27.5%

(a) Fleet sale transactions vary by segment and some amounts are estimated.

The following table summarizes United States fleet sales and the amount of those sales as a percentage of total United States vehicle sales:

	Six Months Ended June 30, 2009	Years Ended December 31,	
		2008	2007
		(Vehicles in thousands)	
Daily rental sales	104	480	596
Other fleet sales	123	343	412
Total fleet sales	<u>227</u>	<u>823</u>	<u>1,008</u>
Fleet sales as a percentage of total vehicle sales			
Cars	25.6%	34.8%	34.9%
Trucks	22.5%	22.4%	20.5%
Total cars and trucks	23.8%	27.6%	26.1%

Competitive Position

The global automotive industry is highly competitive. MLC's estimated worldwide market share was 11.6% in the six months ended June 30, 2009 and 12.4% and 13.2% in the years ended December 31, 2008 and 2007. Worldwide market share was severely affected by the recession in our largest market, the United States, and the recession in Western Europe. Tightening of the credit markets, increases in the unemployment rate and declining consumer confidence as a result of declining household incomes contributed to significantly lower vehicle sales in the United States. These economic factors had a negative effect on the United States automotive industry and the principal factors that determine consumers' vehicle buying decisions. As a result, consumers delayed purchasing or leasing new vehicles causing a decline in United States vehicle sales. The principal factors that determine consumer vehicle preferences in the markets in which we operate include price, quality, style, safety, reliability, fuel economy and functionality. Market leadership in individual countries in which we compete varies widely, and we do not lead in every country.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The following table summarizes the respective United States market shares for MLC and its principal competitors in passenger cars and trucks:

	Six Months Ended June 30,	Years Ended December 31,	
	2009	2008	2007
GM (MLC)	19.5%	22.1%	23.5%
Ford	15.9%	14.7%	15.2%
Toyota	15.8%	16.5%	15.9%
Honda	10.9%	10.6%	9.4%
Chrysler	9.6%	10.8%	12.6%
Hyundai/Kia	7.2%	5.0%	4.7%
Nissan	7.1%	7.0%	6.5%

Product Pricing

We use a number of methods to promote our products, including the use of dealer, retail and fleet incentives such as customer rebates and finance rate support. The level of incentives is dependent in large part upon the level of competition in the markets in which we operate and the level of demand for our products.

Cyclical Nature of Business

In the automotive business, retail sales are cyclical and production varies from month to month. Vehicle model changeovers occur throughout the year as a result of new market entries. The market for vehicles is cyclical and depends on general economic conditions, credit availability and consumer spending. The global automotive industry has been severely affected by the credit crisis and recession in the United States and Western Europe. These factors have resulted in consumers deferring purchasing or leasing new vehicles, which led to decreases in the total number of new cars and trucks sold.

Relationship with Dealers

Worldwide we market our vehicles through a network of independent retail dealers and distributors. At June 30, 2009 there were 6,031 GM brand vehicle dealers in the United States, 694 in Canada and 270 in Mexico. Additionally, there were a total of 14,072 distribution outlets throughout the rest of the world for vehicles manufactured by us and our affiliates. These outlets include distributors, dealers and authorized sales, service and parts outlets.

The following table summarizes the number of authorized GM brand dealerships:

	June 30,	December 31,	
	2009	2008	2007
GMNA	6,995	7,360	7,835
GMIO	14,072	14,242	14,052
Total Worldwide	21,067	21,602	21,887

As part of achieving and sustaining long-term viability and the viability of our dealer network, we determined that a reduction in the number of United States dealerships was necessary. In determining which dealerships would remain in our network we performed careful analyses of volumes and consumer satisfaction indexes, among other criteria. MLC executed Wind-Down Agreements with 1,843 retail dealers as of July 27, 2009. The retail dealers executing Wind-Down Agreements have agreed to terminate their dealer agreements with us prior to October 31, 2010. Our plan is to reduce dealerships in the United States to approximately 3,600 by October 31, 2010. However, the U.S. Congress is currently considering a number of measures that are designed to require or incentivize us to either not terminate some or all of these dealers or increase the compensation paid to those dealers whose relationships are terminated, including a bill entitled the Automobile Dealer Economic Rights Restoration Act that purports to require us to honor the rights of our dealers as they existed prior to the commencement of the bankruptcy case. If we were required to honor the rights of our dealers as they existed prior to the commencement of the Motors Liquidation bankruptcy case, we would be required to negotiate any terminations on an individual basis. We anticipate that negotiating these terminations on an individual basis would require considerable time and expense. In addition, we would be required to comply with a variety of national and state franchise laws, which will limit our flexibility and increase our costs.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

To create a strong and viable distribution network for our products, we have assumed a Participation Agreement with each of the remaining dealerships. These Participation Agreements will include performance expectations in the areas of retail sales, new vehicle inventory and facility exclusivity.

We enter into a contract with each authorized dealer agreeing to sell to the dealer one or more specified product lines at wholesale prices and granting the dealer the right to sell those vehicles to retail customers from a GM approved location. Our dealers often offer more than one GM brand of vehicle at a single dealership. In fact, we actively promote this for several of our brands in a number of our markets in order to enhance dealer profitability. Authorized GM dealers offer parts, accessories, service and repairs for GM vehicles in the product lines that they sell, using genuine GM parts and accessories. Our dealers are authorized to service GM vehicles under our limited warranty program, and those repairs are to be made only with genuine GM parts. In addition, our dealers generally provide their customers access to credit or lease financing, vehicle insurance and extended service contracts provided by GMAC LLC (GMAC) or its subsidiaries and other financial institutions.

Because dealers maintain the primary sales and service interface with the ultimate consumer of our products, the quality of GM dealerships and our relationship with our dealers and distributors are critical to our success. In addition to the terms of our contracts with our dealers, we are regulated by various country and state franchise laws that may supersede those contractual terms and impose specific regulatory requirements and standards for initiating dealer network changes, pursuing terminations for cause and other contractual matters.

Research, Development and Intellectual Property

We incur costs for research, manufacturing engineering, product engineering, and design and development activities related primarily to developing new products or services or improving existing products or services, including activities related to vehicle emissions control, improved fuel economy and the safety of drivers and passengers in our vehicles.

Research

Overview

Our top priority for research is to continue to develop and advance our alternative propulsion strategy, as energy diversity and environmental leadership are critical elements of our overall business strategy. Our objective is to be the recognized industry leader in fuel efficiency through the development of a wide variety of technologies to reduce petroleum consumption. To meet this objective we focus on five specific areas:

- Continue to increase the fuel efficiency of our cars and trucks;
- Development of alternative fuel vehicles;
- Invest significantly in expanding our hybrid vehicle offerings;
- Invest significantly in plug-in electric vehicle technology; and
- Continued development of hydrogen fuel cell technology.

We are among the industry leaders in fuel efficiency and we are committed to lead in the development of technologies to increase the fuel efficiency of internal combustion engines such as cylinder deactivation, direct injection, turbo-charging with engine downsizing, six speed transmissions and variable valve timing. As a full-line manufacturer that produces a wide variety of cars, trucks and sport utility vehicles our contributions to significantly improving fuel economy are frequently not well recognized. We currently offer 20 models obtaining 30 mpg or more in highway driving, more than any other manufacturer.

We have also been in the forefront in the development of alternative fuel vehicles, leveraging experience and capability developed around these technologies in our operations in Brazil. Alternative fuels offer the greatest near-term potential to reduce petroleum consumption in the transportation sector, especially as cellulosic sources of ethanol become more affordable and readily available in the United States. An increasing percentage of our sales will be alternative fuel capable vehicles, estimated to increase from 17% in 2008 to approximately 65% in 2014.

We are also investing significantly in vehicle electrification including hybrid, plug-in hybrid and extended-range electric vehicles (E-REV's). We currently offer six hybrid models. Separately, we are also developing a plug-in hybrid electric vehicle (PHEV) for Buick and the Chevrolet Volt and Opel Ampera E-REV's. We plan to invest heavily between 2009 and 2012 to support the expansion in hybrid, plug-in hybrid and E-REV offerings.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

As part of our long-term strategy to reduce petroleum consumption and greenhouse gas emissions we are committed to continuing development of our hydrogen fuel cell technology. We and MLC have conducted research in hydrogen fuel cell development spanning the last 14 years, and we are the only U.S. automaker actively engaged in fuel cell development. Our Chevrolet Equinox fuel cell electric vehicle demonstration program is the largest in the world and has accumulated nearly one million miles of real-world driving by consumers, celebrities, business partners and government agencies. Nearly 5,000 individuals have driven the fuel cell powered Chevrolet Equinox, either in short drives, such as media or special events, or as part of Project Driveway. To date, their feedback has led to technology improvements such as extending fuel cell stack life and improvements in the regenerative braking system, which has also benefited our Two-Mode Hybrid vehicles, and improvements in the infrastructure of fueling stations for hydrogen fuel cell electric vehicles. In addition, the knowledge gained during Project Driveway on the fuel cell itself has affected the development of the Chevrolet Volt battery as we are applying fuel cell thermal design knowledge to the Chevrolet Volt battery design. Project Driveway operates in Washington DC, in California (including Los Angeles, Orange County and Sacramento) for the California Fuel Cell Partnership and the California Air Resources Board (CARB), and in the New York Metropolitan area in Westchester County with expansion to the greater New York City area due to the recent opening of a hydrogen fueling station at JFK International Airport. Most Project Driveway participants drive Chevrolet Equinoxes for two months with the cost of fuel and insurance provided free in exchange for participant feedback. In the 20 months since Project Driveway began in November 2007, about 45,000 gallons of gasoline have been saved. The Chevrolet Equinox fuel cell electric vehicles do not use any gasoline or oil and emit only water vapor. We have made significant progress on the fuel cell stack for a second-generation fuel cell vehicle though no vehicle program is currently approved.

We and MLC have complied with federal fuel economy requirements since their inception in 1978, and we are fully committed to meeting the requirements in the Energy Independence and Security Act of 2007 (EISA) and compliance with other regulatory schemes, including the California CO₂ program. We anticipate steadily improving fuel economy for both our car and truck fleets. We are committed to meeting or exceeding all federal fuel economy standards in the 2010 through 2015 model years. We plan to achieve compliance through a combination of strategies, including: (1) extensive technology improvements to conventional powertrains; (2) increased use of smaller displacement engines and six speed automatic transmissions; (3) vehicle improvements, including increased use of lighter, front-wheel drive architectures; (4) increased hybrid offerings and the launch of our first E-REV, the Chevrolet Volt in 2010; and (5) portfolio changes, including the increasing car/crossover mix and dropping select larger vehicles in favor of smaller, more fuel efficient offerings.

Alternative fuels

As part of an overall energy diversity strategy, we remain committed to making at least 50% of the vehicles we produce for the United States capable of operating on biofuels, specifically E85 ethanol, by 2012. We currently offer 17 FlexFuel models capable of operating on gasoline, E85 ethanol or any combination of the two.

We are focused on promoting sustainable biofuels derived from non-food sources, such as agricultural, forestry and municipal waste. We are continuing to work with our two strategic alliances with cellulosic ethanol makers Coskata, Inc., of Warrenville, Ill., and New Hampshire based Mascoma Corp. Coskata, Inc. expects to open its pilot facility in Pennsylvania in September and Mascoma Corp. has been making cellulosic ethanol at its Rome, NY, demonstration plant since late 2008.

Our research into alternative fuels is demonstrated in vehicles produced around the world. In Brazil, more than 95% of the vehicles sold domestically by GM do Brasil in 2008 were flexible-fuel capable and can run on either E100 or gasoline containing E22 ethanol.

We are also supporting the development of biodiesel, a clean-burning alternative diesel fuel that is produced from renewable sources. We currently approve the use of B5, which are certified biodiesel blends of up to 5%, in our 2008 Duramax engine that we sell in the United States, available on the Chevrolet Silverado and GMC Sierra heavy-duty pick-up trucks, Chevrolet Express and GMC Savanna fullsize vans and the Chevrolet Kodiak and GMC Top Kick commercial vehicles. B5 is also approved for all GM diesels in Europe and Asia. We offer a special equipment option on the 6.6-liter Duramax for B20, a 20% biodiesel blend. The special equipment option is available on certain configurations of the GMC Savanna and Chevrolet Express Vans and the Chevrolet Silverado and GMC Sierra Heavy-Duty One-Ton Pick-ups.

Hybrid and Plug-In Electric Vehicles

We have a diverse hybrid program, with two hybrid technologies and multiple vehicles that vary in fuel economy savings and cost, providing an opportunity for more consumers to own a hybrid vehicle and benefit from increased fuel economy. The smart, value- focused

GENERAL MOTORS COMPANY AND SUBSIDIARIES

GM Hybrid system is offered with the Chevrolet Malibu, among the most affordable hybrid midsize sedans. The highly capable GM 2-mode Hybrid system is offered with the automotive industry's only hybrid fullsize trucks and SUVs: Chevrolet Tahoe, Chevrolet Silverado, GMC Yukon and Yukon Denali, GMC Sierra, Cadillac Escalade and Escalade Platinum.

A PHEV, using GM's Two-Mode Hybrid system and advanced lithium-ion battery technology, is scheduled to launch in 2011. The PHEV will provide low-speed electric-only propulsion, and blend engine and battery power to significantly improve fuel efficiency.

We have also announced that we plan to launch the Chevrolet Volt E-REV in 2010. As an E-REV, the Chevrolet Volt uses electricity to power the wheels at all times and at all speeds. The Chevrolet Volt is designed to operate on battery power alone for up to 40 miles, after which an engine-generator will provide the electricity to power the electric drive unit. Advanced lithium-ion battery technology is the key enabling technology for the Chevrolet Volt. In January of 2009, MLC announced that it would assemble the battery packs for the Chevrolet Volt in the United States using cells supplied by LG Chem. A second E-REV, the Opel Ampera, is under development and scheduled to launch in Europe in late 2011.

Other examples of our technology leadership include telematics through our OnStar service. OnStar's in-vehicle safety, security and convenience service is the automotive industry's leading telematics provider, available on more than 50 of our 2009 vehicles and currently serving over 5.5 million subscribers. OnStar has applied the lessons from over 200 million cumulative subscriber interactions to continually evolve and improve its services. OnStar's key services include: Automatic Crash Response, Stolen Vehicle Assistance, Turn-by-Turn Navigation, OnStar Vehicle Diagnostics and Hands-Free Calling. In May 2009, OnStar announced the development of an Injury Severity Prediction based on the findings of a Center for Disease Control and Prevention expert panel. This will allow OnStar advisors to alert first responders when a vehicle crash is likely to have caused serious injury to the occupants. Data from OnStar's Automatic Crash Response system will be used to automatically calculate the Injury Severity Prediction which can assist responders in determining the level of care required and the transport destination for patients. OnStar is also expanding its Stolen Vehicle Assistance services with the announcement of Remote Ignition Block. This will allow an OnStar Advisor to send a remote signal to a subscriber's stolen vehicle to prevent the vehicle from restarting once the ignition is turned off. This capability will not only help authorities recover stolen vehicles, but can also prevent dangerous high speed pursuits.

Other safety systems include the third generation of our StabiliTrak electronic stability control system, which debuted on the 2008 Cadillac STS. In addition to controlling brakes and reducing engine power, this latest iteration of the system combines active front steering to turn the front wheels into the skid when the rear wheels lose traction. Our Lane Departure Warning System and Side Blind Zone Alert System, which extend and enhance driver awareness and vision, also debuted on the 2008 Cadillac STS, DTS and 2008 Buick Lucerne.

We generate and hold a significant number of patents in a number of countries in connection with the operation of our business. While none of these patents by itself is material to our business as a whole, these patents are very important to our operations and continued technological development. In addition, we hold a number of trademarks and service marks that are very important to our identity and recognition in the marketplace.

Refer to "Environmental and Regulatory Matters" for a discussion of vehicle emissions requirements, vehicle noise requirements, fuel economy requirements and safety requirements, which also affect our research and development activities.

Product Development

Our vehicle development activities are integrated into a single global organization. This strategy built on earlier efforts to consolidate and standardize our approach to vehicle development.

For example, in the 1990s MLC merged 11 different engineering centers in the United States into a single organization. In 2005, GM Europe Engineering was created, following a similar consolidation from three separate engineering organizations. At the same time, we and MLC have grown our engineering operations in emerging markets in the Asia Pacific and LAAM regions.

As a result of this process, product development activities are fully integrated on a global basis under one budget and one decision-making group. Similar approaches have been in place for a number of years in other key functions, such as powertrain, purchasing and manufacturing, to take full advantage of our global footprint and resources.

Under our global vehicle architecture strategy and for each of our ten global architectures, we define a specific range of performance characteristics and dimensions supporting a common set of major underbody components and subsystems with common interfaces.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

A centralized organization is responsible for many of the non-visible parts of the vehicle, referred to as the architecture, such as steering, suspension, the brake system, the heating, ventilation and air conditioning system and the electrical system. This team works very closely with the global architecture development teams around the world, who are responsible for components that are unique to each brand, such as exterior and interior design, tuning of the vehicle to meet the brand character requirements and final validation to meet applicable government requirements.

We currently have ten different global architectures that are assigned to regional centers around the world. The allocation of the architectures to specific regions is based on where the expertise for the vehicle segment resides, e.g., mini and small vehicles in Asia Pacific, compact vehicles in Europe and fullsize pick-up trucks, sport utility vehicles, midsize vehicles and crossover vehicles in North America.

The ten global architectures are:

- Mini
- Small
- Compact
- Midsize
- Fullsize Pick-ups, Utilities and Vans
- Luxury Rear-Wheel Drive
- Compact and Midsize Crossover
- Midsize Pick-ups and Utilities
- Large Crossover
- Performance

Raw Materials, Services and Supplies

We purchase a wide variety of raw materials, parts, supplies, energy, freight, transportation and other services from numerous suppliers for use in the manufacture of our products. The raw materials primarily consist of steel, aluminum, resins, copper, lead and platinum group metals. We have not experienced any significant shortages of raw materials and normally do not carry substantial inventories of such raw materials in excess of levels reasonably required to meet our production requirements. During the first half of 2009 the weakening of commodity prices experienced in the latter part of 2008 was generally reversed. In a weak global economic climate this shift did not reflect underlying demand but is widely believed to be the result of speculative activity, as well as the weakening of the U.S. Dollar.

In some instances, we purchase systems, components, parts and supplies from a single source, and may be at an increased risk for supply disruptions. Based on our standard payment terms with our systems, components and parts suppliers, we are generally required to pay most of these suppliers on the second day of the second month following delivery.

Environmental and Regulatory Matters

Automotive Emissions Control

We are subject to laws and regulations, regarding vehicle exhaust emission standards, vehicle evaporative emission standards and onboard diagnostic system (OBD) requirements, in the regions throughout the world in which we sell cars, trucks and heavy-duty engines.

North America

The U.S. federal government imposes stringent emission control requirements on vehicles sold in the United States, and additional requirements are imposed by various state governments, most notably California. These requirements include pre-production testing of vehicles, testing of vehicles after assembly, the imposition of emission defect and performance warranties and the obligation to recall and repair customer owned vehicles that do not comply with emissions requirements. We must obtain certification that the vehicles will meet emission requirements from the Environmental Protection Agency (EPA) before we can sell vehicles in the United States and Canada and from the CARB before we can sell vehicles in California and other states that have adopted the California emissions requirements.

The EPA and the CARB continue to emphasize testing on vehicles sold in the United States for compliance. We believe that our vehicles meet currently applicable EPA and CARB requirements. If our vehicles do not comply with the emission standards or if defective emission control systems or components are discovered in such testing, or as part of government required defect reporting, we could incur substantial costs related to emissions recalls. New CARB and federal requirements will increase the time and mileage periods over which manufacturers are responsible for a vehicle's emission performance.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The EPA and the CARB emission requirements currently in place are referred to as Tier 2 and Low Emission Vehicle (LEV) II. The Tier 2 requirements began in 2004 and are fully phased-in by the 2009 model year, while the LEV II requirements began in 2004 and increase in stringency each year through the 2010 model year. Fleet-wide compliance with the Tier 2 and LEV II standards must be achieved based on a sales-weighted fleet average. CARB is developing its next generation emission standards, LEV III, which will further increase the stringency of its emission standards. California has also passed legislation and enacted a regulation to control the emissions of greenhouse gases. Since we believe this regulation is effectively a form of fuel economy requirement, it is discussed under "Automotive Fuel Economy." In addition, both the CARB and the EPA have adopted more stringent standards applicable to heavy-duty trucks.

California law requires that a specified percentage of cars and certain light-duty trucks sold in the state must be zero emission vehicles (ZEV), such as electric vehicles or hydrogen fuel cell vehicles. This requirement started at 10% for the 2005 model year and increased in subsequent years. Manufacturers have the option of meeting a portion of this requirement with partial ZEV credit for vehicles that meet very stringent exhaust and evaporative emission standards and have extended emission system warranties. An additional portion of the ZEV requirement can be met with vehicles that meet these partial ZEV requirements and incorporate advanced technology, such as a hybrid electric propulsion system meeting specified criteria. We are complying with the ZEV requirements using a variety of means, including producing vehicles certified to the partial ZEV requirements. California recently adopted changes applicable to the 2012 and later model years that allow an additional portion of the ZEV requirements to be met with PHEVs, including E-REV's such as the Chevrolet Volt, that meet partial ZEV requirements and other specified criteria. CARB has also announced plans to adopt 2015 model year and later requirements for ZEVs and PHEVs to achieve greenhouse gas as well as criteria pollutant emission reductions.

The Clean Air Act permits states that have areas with air quality compliance issues to adopt the California car and truck emission standards in lieu of the federal requirements. Ten states, including New York, Massachusetts, Maine, Vermont, Connecticut, Pennsylvania, Rhode Island, New Jersey, Oregon and Washington, currently have these standards in effect. Maryland and New Mexico have adopted the California standards effective beginning in the 2011 model year and Arizona's are effective beginning in the 2012 model year. Additional states could also adopt the California standards in the future.

In addition to the exhaust emission programs described above, advanced OBD systems, used to identify and diagnose problems with emission control systems, have been required under federal and California law since the 1996 model year. This system has the potential of increasing warranty costs and the chance for recall. OBD requirements become more challenging each year as vehicles must meet lower emission standards, and new diagnostics are required. Beginning with the 2004 model year, California adopted more stringent OBD requirements, including new design requirements and corresponding enforcement procedures, and we have implemented hardware and software changes to comply with these more stringent requirements. In addition, California adopted technically challenging new OBD requirements that take effect from the 2008 through 2013 model years.

The Federal Tier 2 and California evaporative emission LEV II requirements began phasing-in with the 2004 model year. The Federal requirements are being harmonized with the California requirements beginning with a 2009 model year phase-in. California plans to further increase the stringency of its requirements as part of its LEV III rulemaking.

Europe

In Europe emissions are regulated by two different entities: the European Union (EU) and the United Nations Economic Commission for Europe (UN ECE). The EU imposes stringent emission control requirements on vehicles sold in all 27 EU Member States, and other countries apply regulations under the framework of the UN ECE. A minority of countries in Eastern Europe, which currently do not require compliance with the latest limited standards, are considering convergence to those standards by the end of the decade. In addition, EU Member States can give incentives to qualifying LEV's through tax benefits. This could result in specific market requirements rewarding different technical equipment in various markets, despite the fact there is only one European wide emission requirement. The current EU requirements include type approval of preproduction testing of vehicles, testing of vehicles after assembly and the obligation to recall and repair customer owned vehicles that do not comply with emissions requirements. EU and UN ECE requirements are equivalent in terms of stringency and implementation. We must demonstrate that vehicles will meet emission requirements in witness tests and obtain type approval from an approval authority before we can sell vehicles in the EU.

Emission requirements in Europe will become even more stringent in the future. A new level of exhaust emission standards for cars

GENERAL MOTORS COMPANY AND SUBSIDIARIES

and light-duty trucks, Euro 5 standards, will apply beginning in September 2009, while stricter Euro 6 standards are expected to apply beginning in 2014. The OBD requirements associated with these new standards will become more challenging as well. The new European emission standards focus particularly on reducing emissions from diesel vehicles. Diesel vehicles have become important in the European marketplace, where they encompass approximately 50% of the market share. The new requirements will require additional technologies and further increase the cost of diesel engines, which currently cost more than gasoline engines. To comply with Euro 6, we expect that technologies need to be implemented which are identical to those being developed to meet United States emission standards. The technologies available today are not cost effective and would therefore not be suitable for the European market for small and midsize diesel vehicles, which typically are under high cost pressure. Further, measures to reduce exhaust pollutant emissions have detrimental effects on vehicle fuel economy which drives additional technology cost to maintain fuel economy.

In the long-term, notwithstanding the already low vehicle emissions in Europe, regulatory discussions in Europe are expected to continue. Regulators will continue to refine the testing requirements addressing issues such as test cycle, durability, OBD, in-service conformity and off-cycle emissions.

Asia Pacific

Within the Asia Pacific region, our vehicles are subject to a broad range of vehicle emission laws and regulations. China has implemented European standards, with Euro 4 standards first applied in Beijing in 2008. Shanghai is scheduled to implement Euro 4 standards with European OBD requirements for newly registered vehicles beginning November 1, 2009. China plans to implement Euro 4 standards nationwide beginning July 1, 2010 for new vehicle type approvals and from July 1, 2011 for newly registered vehicles. Since January 2009, South Korea has implemented the CARB emission Fleet Average System with different application timings and levels of nonmethanic organic gas targets for gasoline and liquefied petroleum gas powered vehicles. In September 2009, South Korea plans to implement Euro 5 standards for diesel powered vehicles. South Korea has adopted CARB standards for gasoline powered vehicles and EU regulations for diesel powered vehicles for OBD and evaporative emissions. The Association of Southeast Asian Nations (ASEAN) Committee has agreed that the major ASEAN countries Thailand, Malaysia, Indonesia, Philippines and Singapore will implement Euro 4 standards in 2012, although implementation of OBD requirements is still under study. Japan sets specific exhaust emission and durability standards, test methods and driving cycles. In Japan, OBD is required with both EU and United States OBD systems accepted. All other countries in which we conduct operations within the Asia Pacific region either require or allow some form of EPA, EU or UN ECE style emission regulations with or without OBD requirements.

Latin America/Africa/Middle East

Within the LAAM region, some countries follow the United States test procedures, standards and OBD requirements and some follow the EU test procedures, standards and OBD requirements with different levels of stringency. In terms of standards, Brazil implemented National LEV standards, which preceded Tier 2 standards in the United States, for passenger cars and light commercial vehicles in January 2009. Brazil is proposing a new emission level, L-6, for light diesel and gasoline vehicles. L-6 standards for light diesel vehicles are to be implemented in January 2013, these standards also mandate OBD requirements for light diesel vehicles in 2015. L-6 standards for light gasoline vehicles are to be implemented in January 2014 for new types and January 2015 for all models. Argentina implemented Euro 4 standards starting with new vehicle registrations in January 2009 and is moving to Euro 5 standards in January 2012 for new vehicle types and January 2014 for all models. Chile currently requires Euro 3 standards for gasoline vehicles and Euro 4 standards for diesel vehicles and has proposed Euro 4 standards for gasoline vehicles beginning in September 2010 and Euro 5 standards for diesel vehicles beginning in September 2011. Other countries in the LAAM region either have some level of United States or EU standards or no standards at all.

Industrial Environmental Control

Our operations are subject to a wide range of environmental protection laws including those laws regulating air emissions, water discharges, waste management and environmental cleanup. We are in various stages of investigation for sites where contamination has been alleged. We are involved in a number of remediation actions to clean up hazardous wastes as required by federal and state laws. Certain environmental statutes require that responsible parties fund remediation actions regardless of fault, legality of original disposal or ownership of a disposal site. Under certain circumstances these laws impose joint and several liability, as well as liability for related damages to natural resources.

The future effect of environmental matters, including potential liabilities, is often difficult to estimate. We record an environmental reserve when it is probable that a liability has been incurred and the amount of the liability is reasonably estimable. This practice is

GENERAL MOTORS COMPANY AND SUBSIDIARIES

followed whether the claims are asserted or unasserted. We expect that the amounts reserved will be paid out over the periods of remediation for the applicable sites, which typically range from five to 30 years. It is possible that such remediation actions could require average annual expenditures of \$40 million over the next five years.

For many sites, the remediation costs and other damages for which we ultimately may be responsible are not reasonably estimable because of uncertainties with respect to factors such as our connection to the site or to materials located at the site, the involvement of other potentially responsible parties, the application of laws and other standards or regulations, site conditions and the nature and scope of investigations, studies and remediation to be undertaken (including the technologies to be required and the extent, duration and success of remediation). As a result, we are unable to determine or reasonably estimate the amount of costs or other damages for which we are potentially responsible in connection with these sites, although that total could be substantial.

As part of our commitment to reduce the effect our worldwide facilities have on the environment, we have committed to convert half of our major global manufacturing operations to landfill-free facilities by 2010. This landfill-free strategy translates, on an individual facility basis, to more than 70 of our manufacturing operations worldwide. As of July 10, 2009 we have 51 landfill-free manufacturing facilities worldwide. At our landfill-free facilities, approximately 96% of waste materials are recycled or reused and approximately 4% is converted to energy at waste-to-energy facilities. In 2008, MLC estimated over 2.5 million tons of waste materials were recycled or reused, an estimated 43,000 tons of waste materials were converted to energy at waste-to-energy facilities and over 3 million metric tons of carbon dioxide emissions were prevented from entering the atmosphere from our land-fill free facilities and other facilities worldwide. These numbers will increase as additional manufacturing sites reach landfill-free status.

We are implementing and publicly reporting on various voluntary initiatives to reduce energy consumption and greenhouse gas emissions from our worldwide operations. We have a 2010 target of an 8% reduction in CO₂ emissions from our worldwide facilities compared to 2005 emission levels. By 2007, MLC had exceeded this target by reducing CO₂ emissions from our worldwide facilities by 13% compared to 2005 levels. We currently have not announced publicly any future targets to reduce CO₂ emission levels from our worldwide facilities; however, we are continuing to make significant progress in further reducing CO₂ emission levels. Seven of our facilities in Europe are included in and comply with the European Emissions Trading Scheme, which is being implemented to meet the European Community's greenhouse gas reduction commitments under the Kyoto Protocol. We and MLC have reported in accordance with the Global Reporting Initiative, the Carbon Disclosure Project, the EPA Climate Leaders Program and the Department of Energy (DOE) 1605(b) program since their inception.

Vehicular Noise Control

Vehicles we manufacture and sell may be subject to noise emission regulations.

In the United States, passenger cars and light-duty trucks are subject to state and local motor vehicle noise regulations. We are committed to designing and developing our products to meet these noise regulations. Since addressing different vehicle noise regulations established in numerous state and local jurisdictions is not practical, we attempt to identify the most stringent requirements and validate to those requirements. In the rare instances where a state or local noise regulation is not covered by the composite requirement, a waiver of the requirement is requested and to date no significant cost has resulted from such a request. Medium to heavy-duty trucks are regulated at the federal level. Federal truck regulations preempt all United States state or local noise regulations for trucks over 10,000 lbs. gross vehicle weight rating.

Outside the United States, noise regulations have been established by authorities at the national and supranational level (e.g., EU or UN ECE for Europe). We believe that our vehicles meet all applicable noise regulations in the markets where they are sold.

While current noise emission regulations serve to regulate maximum allowable noise levels, proposals have been made to regulate minimum noise levels. These proposals stem from concern that vehicles that are relatively quiet, specifically hybrids, may not be heard by the sight-impaired. We are committed to design and manufacture vehicles to comply with potential noise emission regulations that may come from these proposals.

Automotive Fuel Economy

The 1975 Energy Policy and Conservation Act (EPCA) provided for average fuel economy requirements for fleets of passenger cars built for the 1978 model year and thereafter. For the 2008 model year, MLC's domestic passenger car fleet achieved a Corporate Average Fuel Economy (CAFE) of 29.6 mpg, which exceeded the standard of 27.5 mpg. The estimated CAFE for our 2009 model year domestic passenger cars is 31.1 mpg, which would also exceed the 27.5 mpg standard applicable for that model year.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

We must also account separately for the fleet of cars that we import for sale in the United States. For MLC's imported passenger cars, the 2008 model year CAFE was 31.5 mpg, which exceeded the requirement of 27.5 mpg. The estimated CAFE for our 2009 model year imported passenger cars is 31.8 mpg, which would also exceed the applicable requirement.

Fuel economy standards for light-duty trucks became effective in 1979. Starting with the 2008 model year, the National Highway Traffic Safety Administration (NHTSA) implemented substantial changes to the structure of the truck CAFE program, including reformed standards based upon truck size (specifically, footprint which is the vehicle's track width times its wheelbase). Under the existing truck rules, reformed standards are optional for the 2008 through 2010 model years. MLC chose to comply with these optional reform-based standards for the 2008 model year. MLC's light-duty truck CAFE for the 2008 model year was 23.2 mpg, which exceeds the requirement of 22.0 mpg. Our projected reform standard for light-duty trucks for the 2009 model year is 22.4 mpg and our projected performance under this standard is 23.2 mpg.

The CAFE provisions in the EISA include instructions to the NHTSA to set fuel economy standards separately for cars and trucks beginning in the 2011 model year that would increase to at least 35.0 mpg by 2020 on a combined car and truck fleet basis. In addition, California has passed legislation known as AB 1493 requiring the CARB to regulate greenhouse gas emissions from vehicles (which is effectively regulating fuel economy). This California program is currently established for the 2009 through 2016 model years. California needed a federal waiver to implement this program and was granted this waiver on June 30, 2009.

On May 19, 2009, President Obama announced his intentions for the federal government to implement a harmonized program to regulate fuel economy and greenhouse gases. President Obama has directed the EPA and Department of Transportation to work together to propose standards for control of emissions of greenhouse gases and for fuel economy by August 2009. These standards will apply to passenger cars, light-duty trucks, and medium-duty passenger vehicles (collectively, light-duty vehicles) built in model years 2012 through 2016. CARB has agreed that compliance with EPA's greenhouse gas emission standards will be deemed compliance with the AB 1493 standards for 2012 through 2016 model years.

Our product plan projects compliance with the federal and California programs through 2016.

In Europe, the EU passed legislation in December 2008 to regulate CO₂ emissions beginning in 2012. Based on a target function of CO₂ to vehicle weight, each manufacturer must meet a specific target based on the CO₂ target value on this curve for each vehicle it sells, but with the ability to average across its fleet in each year. This requirement will be phased in with 65% of vehicles sold in 2012 required to meet this target, 75% in 2013, 80% in 2014 and 100% in 2015 and beyond. Automobile manufacturers can earn super-credits under this legislation for the sales volume of vehicles having a specific CO₂ value of less than 50 grams CO₂, eco-innovations and E85 flexible-fuel vehicles. Under this provision the sales volume of vehicles having a specific CO₂ value of less than 50 grams CO₂ is multiplied 3.5 times for compliance purposes in 2012 and 2013, 2.5 times in 2014 and 1.5 times in 2015. This is intended to encourage the early introduction of ultra-low CO₂ vehicles such as the Chevrolet Volt and Opel/Vauxhall Ampera by providing an additional incentive to reduce the CO₂ fleet average. Automobile manufacturers may gain credit of up to 7 grams for eco-innovations for those technologies which improve real-world fuel economy but may not show in the test cycle, such as solar panels on vehicles. There is also a 5% credit for E85 flexible-fuel vehicles if more than 30% of refueling stations in an EU Member State sell E85. Further regulatory detail will be developed in the Comitology process, which develops the detail of the regulatory requirements through a process involving the European Commission and Member States. The legislation sets a target of 95 grams per kilometer CO₂ for 2020 with an impact assessment required to further assess and develop this requirement. We have developed a compliance plan by adopting operational CO₂ targets for each market entry in Europe.

A regulation has also been adopted that will require low-rolling resistance tires, tire pressure monitoring systems and gear shift indicators by 2012. A regulation has also been proposed that will require labeling of tires for noise, fuel efficiency and rolling resistance, affecting vehicles at sale as well as the sale of tires in the aftermarket. It is anticipated that a proposal to regulate CO₂ emissions from light commercial vehicles will be introduced in September 2009. Further, there are also plans to introduce regulatory proposals regarding energy efficiency of air conditioning systems and fuel economy meters.

Sixteen EU Member States have introduced CO₂ based vehicle taxation schemes. Tax measures are within the sovereignty of the EU Member States. We are faced with significant challenges relative to the predictability of future tax laws and differences in the tax schemes and thresholds.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Safety

New vehicles and equipment sold in the United States are required to meet certain safety standards promulgated by the NHTSA. The National Traffic and Motor Vehicle Safety Act of 1966 authorizes the NHTSA to determine these standards and the schedule for implementing them. In addition, in the case of a vehicle defect that creates an unreasonable risk to motor vehicle safety or does not comply with a safety standard, the National Traffic and Motor Vehicle Safety Act of 1966 generally requires that the manufacturer notify owners and provide a remedy. The Transportation Recall Enhancement, Accountability and Documentation Act requires us to report certain information relating to certain customer complaints, warranty claims, field reports and lawsuits in the United States and fatalities and recalls outside the United States.

We are subject to certain safety standards and recall regulations in the markets outside the United States in which we operate. These standards often have the same purpose as the United States standards, but may differ in their requirements and test procedures. From time to time, other countries pass regulations which are more stringent than United States standards. Most countries require type approval while the United States and Canada require self-certification.

Potential Effect of Regulations

We have established aggressive short-term and long-term plans to develop and bring to market technologies designed to further improve fuel efficiency, reduce emissions and provide additional value and benefits to our customers. This is illustrated by our commitment to marketing more hybrid vehicles, our accelerated commitment to develop electrically powered vehicles, which utilize fuel cell and lithium-ion battery technology and our use of biofuels in our expanded portfolio of flexible-fuel vehicles. In addition, enhancements to conventional internal combustion engine technology such as active fuel management, variable valve timing systems, six-speed automatic transmissions and advanced diesel engines have contributed to the fuel efficiency of our vehicles. We believe that the development and global implementation of new, cost-effective energy technologies in all sectors is the most effective way to improve energy efficiency and reduce greenhouse gas emissions.

We continue to improve the fuel efficiency of our vehicles, even as we enhance utility and performance, address environmental aspects of our products and add more safety features and customer convenience options, which add mass to a vehicle and therefore tend to lower its fuel economy. Overall fuel economy and CO₂ emissions from cars and light-duty trucks on the road are determined by a number of factors, including which products customers select and how they use them, traffic congestion, transit alternatives, fuel quality and availability and land use patterns.

Despite these advanced technology efforts, our ability to satisfy fuel economy and CO₂ requirements is contingent on various future economic, consumer, legislative and regulatory factors that we cannot control and cannot predict with certainty. If we are not able to comply with specific new fuel economy requirements, which include higher CAFE standards and state CO₂ requirements such as those imposed by the AB 1493 Rules, then we could be subject to sizeable civil penalties or have to restrict product offerings drastically to remain in compliance. In turn, any such actions could have substantial adverse effects on our operations, including facility closings, reduced employment, increased costs and loss of revenue.

Pension Legislation

We are subject to a variety of federal rules and regulations, including the Employee Retirement Income Security Act of 1974, as amended (ERISA) and the Pension Protection Act of 2006, which govern the manner in which we fund and administer our pensions for our retired employees and their spouses. The Pension Protection Act of 2006 is designed, among other things, to more appropriately reflect the value of pension assets and liabilities to determine funding requirements. Under the Pension Protection Act of 2006 we expect there will be no cash funding requirement for our United States hourly and salaried pension plans in 2009. However, we are currently remeasuring our United States pension plans and based on preliminary asset returns, the year-to-date discount rate, assuming interest rates remain at current levels and pension fund assets earn 8.5% annually going forward, we may need to make significant contributions to the United States pension plans in 2013 and beyond. We are currently analyzing our pension funding strategies. We also maintain pension plans for employees in a number of countries outside the United States, which are subject to local laws and regulations.

Export Control

We are subject to a number of domestic and international export control requirements. Our Office of Export Compliance is responsible for addressing export compliance issues that are specified in regulations issued by various U.S. government agencies, such as the U.S. Department of State, the U.S. Department of Commerce, and the UST, as well as issues relating to export control laws of other countries. Export control laws of countries other than the United States are likely to be increasingly significant to our business as

GENERAL MOTORS COMPANY AND SUBSIDIARIES

we develop our research and development operations on a global basis. The Office of Export Compliance works with export compliance officers in our business units. If we fail to comply with applicable export compliance regulations, we and our employees could be subject to criminal and civil penalties and, under certain circumstances, suspension and debarment from doing business with the U.S. government and the governments of other countries.

Significant Transactions

Agreements with Motors Liquidation

On July 10, 2009, we completed the acquisition of substantially all of the assets of Motors Liquidation and its direct and indirect subsidiaries. The sale was consummated pursuant to the Amended and Restated Master Sale and Purchase Agreement (Purchase Agreement) dated as of June 26, 2009, as amended, between us and Motors Liquidation. The Purchase Agreement was entered into in connection with Motors Liquidation's filing of voluntary petitions for relief under Chapter 11 of the Bankruptcy Code in the Bankruptcy Court and was completed pursuant to the 363 Sale and the Bankruptcy Court's sale order dated July 5, 2009.

In connection with the closing of the 363 Sale and pursuant to the Purchase Agreement, the purchase price we paid to Motors Liquidation equaled the sum of: (1) a credit bid in an amount equal to the aggregate of \$19.8 billion of principal amount of debt under Motors Liquidation's then existing credit agreement with the UST (UST Loan Agreement), plus \$1.2 billion of principal amount of notes issued as additional compensation for the UST Loan Agreement, plus, in each case, interest on such debt owed as of the closing date of the 363 Sale by Motors Liquidation and its subsidiaries, and \$33.3 billion of principal amount of debt under Motors Liquidation's debtor-in-possession financing facility (DIP Facility), plus \$2.2 billion of principal amount of notes issued as additional compensation for the DIP Facility, plus, in each case, interest owed as of the Closing Date by Motors Liquidation and its subsidiaries, less \$8.2 billion of principal amount of debt owed under the DIP Facility; (2) the UST's return of the warrants previously issued to the UST by Motors Liquidation; (3) the issuance to Motors Liquidation of 50 million shares (or 10%) of our common stock and warrants to acquire newly issued shares of our common stock initially exercisable for a total of 91 million shares of our common stock (or 15%) on a fully diluted basis; and (4) the assumption by us or our designated subsidiaries of certain specified liabilities of Motors Liquidation and certain of its subsidiaries (including \$7.1 billion of debt owed under the DIP Facility). In the event that the estimated aggregate general unsecured claims against Motors Liquidation, as determined by the Bankruptcy Court upon the request of Motors Liquidation, exceeds \$35.0 billion, we are required to issue, as an adjustment to the purchase price, up to approximately an additional 2% of our common stock (Adjustment Shares) to Motors Liquidation, based on the extent to which such claims exceed \$35.0 billion, with the full amount of the Adjustment Shares being payable if such excess amount is greater than or equal to \$7.0 billion. In connection with the closing of the 363 Sale and pursuant to Sections 363(b) and 365 of the Bankruptcy Code, Motors Liquidation sold to us substantially all of its assets, other than certain specified assets, including certain real property, Motors Liquidation's equity interests in certain of its subsidiaries, and certain contractual obligations owed to them.

At the closing of the 363 Sale, on July 10, 2009, we and Motors Liquidation entered into a Transition Services Agreement (TSA), pursuant to which, among other things, we will provide Motors Liquidation with certain transition services and support functions reasonably required by Motors Liquidation in connection with their operation and ultimate liquidation in bankruptcy. Motors Liquidation is required to pay the applicable usage fees specified with respect to various types of services under the TSA. The obligation to provide services under the TSA will terminate on the applicable dates specified in the agreement with respect to each such service, the latest such date being December 31, 2013. Types of services we provide under the TSA include: (1) property management; (2) assistance in idling certain facilities; (3) provisions of access rights and storage of personal property at certain facilities; (4) security; (5) administrative services including accounting, treasury and tax; (6) purchasing; (7) information systems and services support; (8) communication services to the public; and (9) splinter union services including payroll and benefits administration. We will not provide automotive engineering, manufacturing or distribution services, legal services or services covered under the Master Lease Agreement (MLA) or Service and Parts Operation Lease. In addition, under the TSA, we have no obligation to respond to or to address any hazardous material release related to any facility or real property owned or operated by Motors Liquidation. Services provided by Motors Liquidation to us under the TSA include: (1) provisions of access rights and storage of personal property at certain facilities; (2) assistance in obtaining certain permits and consents to permit us to own and operate purchased assets after the closing of the 363 Sale; and (3) allowing us to manage and exercise our rights under the TSA.

In connection with the closing of the 363 Sale, we and Motors Liquidation entered into the MLA dated as of July 10, 2009. Under the MLA, which is contemplated as being a triple net lease, we lease certain facilities of Motors Liquidation for a term commencing on the closing date and terminating upon the earlier of: (1) 30 days after written notice of termination from us with respect to any facility; or (2) certain outside dates, not later than December 31, 2013, specified with respect to each facility. The rent per year under the MLA for all facilities is \$27 million.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Agreements with the UST and UAW Retiree Medical Benefits Trust

On July 10, 2009, we entered into a secured credit agreement with the UST (UST Credit Agreement), pursuant to which we assumed \$7.1 billion of principal amount of debt incurred by Motors Liquidation under its DIP Facility and all of Motors Liquidation's obligations with respect to its DIP Facility. We also entered into a secured note agreement (VEBA Note Agreement) and issued a note in the principal amount of \$2.5 billion to the UAW Retiree Medical Benefits Trust (New VEBA), in connection with and as required by the Purchase Agreement. The loans under the UST Credit Agreement (UST Loans) are scheduled to mature on July 10, 2015. Each UST Loan accrues interest at a rate per annum equal to the 3 month LIBOR rate, which will be no less than 2.0%, plus 5.0% per annum, unless the UST determines that reasonable means do not exist to ascertain the LIBOR rate or that the LIBOR rate will not adequately reflect the UST's cost to maintain the loan. In such a circumstance, the interest rate to be applied shall be the greatest of (1) the prime rate plus 4%, (2) the federal funds rate plus 4.5% or (3) the 3 month LIBOR (which will not be less than 2%) plus 5%. The notes under the VEBA Note Agreement (VEBA Notes) are scheduled to be repaid in three equal installments of \$1.4 billion on July 15 of 2013, 2015, and 2017. Each VEBA Note has an implied interest rate equal to 9.0% per annum, compounded annually, on the basis of a 360-day year consisting of twelve 30-day months, accreting from July 15, 2009.

We are required to prepay the UST Loans and the VEBA Notes, on a pro rata basis, in an amount equal to the amount of net cash proceeds received from certain asset dispositions, casualty events, extraordinary receipts and the incurrence of certain debt. We may also voluntarily repay the UST Loans or VEBA Notes in whole or in part at any time. Once repaid, amounts borrowed under the UST Credit Agreement may not be reborrowed.

The obligations under the UST Credit Agreement and the VEBA Note Agreement are secured by substantially all of our and our domestic subsidiaries' assets (Collateral), including our and our domestic subsidiaries' equity interests in certain of our foreign subsidiaries, limited in most cases to 65% of the equity interests of the pledged foreign subsidiaries due to tax considerations.

The UST Credit Agreement and the VEBA Note Agreement contain various representations and warranties that we and our controlled United States and Canadian subsidiaries made on the effective date and, with respect to the UST Credit Agreement, will be required to be made on certain other dates. The UST Credit Agreement and the VEBA Note Agreement also contain various affirmative covenants requiring us and our controlled United States and Canadian subsidiaries to take certain actions and negative covenants restricting their ability to take certain actions. The affirmative covenants are generally applicable to us and our controlled United States and Canadian subsidiaries and impose obligations on us with respect to, among other things, financial and other reporting to the UST, including periodic confirmation of compliance with certain expense policies, executive privilege and compensation requirements, the New VEBA, corporate existence, preservation of the Collateral and other property, payment of taxes and compliance with certain laws. In addition, the affirmative covenants include a vitality commitment, which requires us to use our commercially reasonable best efforts, subject to certain considerations and exceptions, to ensure that the volume of manufacturing conducted in the United States is at least 90% of the level envisioned in our business plan.

The negative covenants in the UST Credit Agreement and the VEBA Note Agreement generally apply to us and our controlled United States and Canadian subsidiaries and restrict them with respect to, among other things, fundamental changes, liens, restricted payments and restrictions on subsidiary distributions, amendments or waivers of certain documents, negative pledge clauses, sales of assets and indebtedness. However, both the UST Credit Agreement and the VEBA Note Agreement permit us and our subsidiaries to incur additional indebtedness, including indebtedness secured by a first-priority lien on the Collateral, and other assets. If additional indebtedness is in excess of certain amounts of secured and unsecured indebtedness, incurrence of additional indebtedness is subject to meeting a specified maximum consolidated leverage ratio, after giving effect to the incurrence of such indebtedness. If such indebtedness is to be secured by a first-priority lien on the Collateral, the obligations under the UST Credit Agreement and the VEBA Note Agreement will be restructured to be secured by a second-priority lien on such Collateral.

The UST Credit Agreement and the VEBA Note Agreement also contain various events of default (including cross-default provisions) that entitle the UST or the New VEBA to accelerate the repayment of the UST Loans and the VEBA Notes upon the event of defaults occurrence and continuation. In addition, upon the occurrence and continuation of any default or event of default, interest under the UST Credit Agreement accrues at a rate per annum equal to 2.0% plus the interest rate otherwise applicable to the UST Loans and the implied interest rate on the VEBA Notes increases to a rate equal to 11.0% per annum, compounded annually. The events of default relate to, among other things:

- Our failure to pay principal or interest on the UST Loans or to make payments on the VEBA Notes;
- Certain of our domestic subsidiaries' failure to pay on their guarantees;
- The failure to pay other amounts due under the loan documents or the secured note documents;
- The failure to perform the covenants in the loan documents or the secured note documents;
- The representations and warranties in the UST Credit Agreement or the VEBA Note Agreement being false or misleading in any material respect;
- Undischarged judgments in excess of \$100 million;
- Certain bankruptcy events;
- The termination of any loan documents or secured note documents;

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- The invalidity of security interests in the Collateral;
- Certain prohibited transactions under the ERISA, as amended;
- A change of control;
- A default under the existing loan agreement between General Motors of Canada Limited (GMCL) and Export Development Canada (EDC), a corporation wholly-owned by the Government of Canada (Canadian Loan Agreement), as discussed below, other than the vitality commitment; and
- A default under other indebtedness if the default, including a default of the vitality commitment under the Canadian Loan Agreement, results in the holder thereof accelerating the maturity of indebtedness in excess of \$100 million in the aggregate.

Proceeds of the DIP Facility to be distributed to us were deposited in escrow for the benefit of the UST and are to be released at our request on any date only if the following conditions are met: (1) each of the representations and warranties we made or certain of our domestic subsidiaries made in or pursuant to the loan documents is true and correct in all material respects on and as of such date; (2) no default or event of default shall have occurred and be continuing on such date immediately prior to or after giving effect to the withdrawal requested to be made on such date; and (3) we have delivered a notice to the UST with respect to, among other things, the amount and intended use of such disbursement and the UST shall have approved the use of the requested disbursement in its sole discretion.

Loan Agreement with Export Development Canada

On July 10, 2009, our wholly-owned subsidiary GMCL, and certain of GMCL's subsidiaries, entered into an amendment and restatement of the Canadian Loan Agreement with EDC. Following the amendment and restatement, GMCL has a CAD \$1.5 billion term loan maturing on July 10, 2015. Amounts outstanding under the Canadian Loan Agreement accrue interest at a rate per annum equal to the greater of the three-month CDOR rate and 2.0%, plus 5.0%. Accrued interest is payable quarterly. GMCL may voluntarily repay the loans under the Canadian Loan Agreement in whole or in part at any time. Once repaid, amounts borrowed under the Canadian Loan Agreement may not be reborrowed.

The Canadian Loan Agreement has been guaranteed by us and by 1908 Holdings Ltd., Parkwood Holdings Ltd., and GM Overseas Funding LLC, each of which is a subsidiary of GMCL (Subsidiary Guarantors). Our guarantee of GMCL's obligations under the Canadian Loan Agreement is secured by a lien on the equity of GMCL. Because 65% of our ownership interest in GMCL was previously pledged to secure the obligations under the UST Credit Agreement and the VEBA Note Agreement, EDC received a first priority lien on 35% of our equity interest in GMCL and a second priority lien on the remaining 65%. With certain exceptions, GMCL's obligations under the Canadian Loan Agreement are secured by a first lien on substantially all of its and the Subsidiary Guarantors' assets, including GMCL's ownership interests in the Subsidiary Guarantors and that portion of the equity interests of General Motors Product Services Inc., a subsidiary of ours, owned by GMCL.

The Canadian Loan Agreement contains various representations and warranties made by GMCL and the Subsidiary Guarantors on the effective date. The Canadian Loan Agreement also contains various affirmative covenants requiring GMCL and the Subsidiary Guarantors to take certain actions and negative covenants restricting the ability of GMCL and the Subsidiary Guarantors to take certain actions. The affirmative covenants impose obligations on GMCL and the Subsidiary Guarantors with respect to, among other things, financial and other reporting to EDC, reporting on and preservation of the collateral pledged in connection with the Canadian Loan Agreement, executive privileges and compensation, restrictions on expenses and compliance with applicable laws. In addition, GMCL has committed, among other things, to produce a certain percentage (based on North American and total United States and Canada production levels) of vehicles and vehicle components in Canada until the later of the date that the amounts outstanding under the Canadian Loan Agreement are paid in full or December 31, 2016. The negative covenants in the Canadian Loan Agreement are similar to the negative covenants under the UST Credit Agreement and the VEBA Note Agreement, as applicable to GMCL and the Subsidiary Guarantors, and also require GMCL to maintain certain minimum levels of unrestricted cash and cash equivalents and address specific requirements with respect to pension and compensation matters.

The Canadian Loan Agreement contains various events of default and related cure periods that entitle EDC to accelerate the maturity of the loans under the Canadian Loan Agreement. These events of default include, but are not limited to:

- Failure to pay principal or interest on the loans;
- Failure by us or the Subsidiary Guarantors to pay on their guarantees;
- Failure to pay other amounts due under the loan documents;
- Failure to perform the covenants in the loan documents;
- Representations and warranties in the Canadian Loan Agreement being false or misleading in any material respect;
- Undischarged judgments in excess of CAD \$100 million;
- Certain bankruptcy events;
- The termination of any loan documents;
- An event of default under the UST Credit Agreement or the VEBA Note Agreement; or
- A default under indebtedness in excess of CAD \$100 million in the aggregate if the default results in the holder of that indebtedness accelerating its maturity.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Stockholders Agreement

On July 10, 2009, we, the UST, the New VEBA and 7176384 Canada Inc. (Canada Holdings), a corporation organized under the laws of Canada, entered into a Stockholders Agreement. The Stockholders Agreement provides that our Board of Directors shall be composed of 13 members. Our initial Board of Directors will consist of 10 members who are designated by the UST, one member who is designated by the New VEBA, one member who is designated by Canada Holdings and our Chief Executive Officer. At least two-thirds of the directors must be determined by our Board of Directors to be independent within the meaning of New York Stock Exchange (NYSE) rules. So long as the New VEBA holds at least 50% of the shares of our common stock it held at the closing of the 363 Sale, the New VEBA shall have the right to designate one nominee to our Board of Directors. Pursuant to the Stockholders Agreement, until an initial public offering, our Board of Directors agrees to nominate and the stockholders agree to appoint the director designated by the New VEBA to our Board of Directors. After the initial public offering, subject to our Board of Directors approval, our Board of Directors shall nominate the New VEBA nominee to be elected a member of our Board of Directors and include the New VEBA nominee in our proxy statement and related materials. So long as Canada Holdings holds at least 50% of the shares of our common stock issued to it at the closing of the 363 Sale and until an initial public offering, Canada Holdings shall have the right to designate one nominee to our Board of Directors, who shall be independent within the meaning of NYSE rules. Pursuant to the Stockholders Agreement, our Board of Directors agrees to nominate and the stockholder parties to the Stockholders Agreement agree to appoint the director designated by Canada Holdings to our Board of Directors.

The Stockholders Agreement also provides that the UST and Canada Holdings shall use their reasonable best efforts to exercise their demand registration rights under the Equity Registration Rights Agreement and cause an initial public offering to occur within one year of the date of the Stockholders Agreement, unless we are already taking steps and proceeding with reasonable diligence to effect an initial public offering. Pursuant to the Stockholders Agreement, until the initial public offering, so long as Canada Holdings beneficially owns at least 5% of our outstanding common stock, we may not, without the prior written consent of Canada Holdings, take any action to effectuate: (1) a sale of all or substantially all of our assets; (2) any voluntary liquidation, dissolution or winding up by us; or (3) an issuance of our common stock at a price per share less than fair market value, as determined in good faith by the Board of Directors, other than pursuant to an employee benefit plan.

Agreement with Delphi Corporation

On July 26, 2009 we reached agreement with Delphi Corporation (Delphi), a key supplier to us that is in Chapter 11 bankruptcy proceedings, to purchase certain facilities in the United States and Delphi's global steering business. We also agreed to provide a capital investment and back-up financing to a new company (Acquisition Company) which will acquire substantially all of Delphi's remaining assets. Acquisition Company is to be formed by and among Elliot Associates, L.P., Silver Point Capital Fund, L.P., Silver Point Capital Offshore Fund Ltd., (these entities collectively the "Investors"), and us.

Motors Liquidation, which sold substantially all of its assets to us on July 10, 2009, previously announced that it had entered into agreements for a similar transaction with Platinum Equity on June 1, 2009. However, on June 16, 2009, the Bankruptcy Court entered an order directing Delphi to conduct an auction process to allow bids from other parties, including the lenders of Delphi's debtor-in-possession (DIP) financing (DIP Lenders). We fully supported the auction process, and upon its conclusion on July 27, 2009 the proposal from the DIP Lenders was deemed successful by Delphi. On July 30, 2009, the Bankruptcy Court approved Delphi's Modified Plan of Reorganization (Modified Plan) based on the DIP Lenders' proposal. In connection with the Modified Plan, we have agreed to certain transactions described below.

On July 26, 2009, the parties entered into the Master Disposition Agreement among Delphi, GM Components Holdings, LLC, us (solely with respect to certain provisions), DIP Holdco 3, LLC, and the other sellers and other buyers that are party thereto (the MDA). Under the MDA, we agreed to acquire Delphi's global steering business and its facilities in Kokomo, Indiana, Rochester, New York, Lockport, New York, and Grand Rapids, Michigan; Acquisition Company agreed to acquire substantially all of Delphi's remaining assets, including its Troy, Michigan headquarters building. Certain excluded assets and liabilities will be retained by a Delphi entity to be sold or liquidated. The Delphi employees at each acquired facility will transfer to the company that acquires that facility. In connection with this acquisition, we agreed to pay or assume approximately \$600 million of Delphi obligations related to its senior DIP credit facility, including certain secured hedge transactions, approximately \$300 million of Delphi obligations related to its junior DIP credit facility, and approximately \$200 million of other Delphi obligations, including administrative claims. At the closing of the transactions contemplated by the MDA, we will waive administrative claims expected to be approximately \$550 million associated with its credit agreement with Delphi, and claims of approximately \$1.6 billion associated with transferred pension costs for hourly employees.

In connection with the MDA, we agreed to extend our existing liquidity agreement with Delphi through closing of the transactions, subject to certain conditions. Upon the consummation of the Modified Plan, we will waive all amounts outstanding under the liquidity agreement.

In related agreements we agreed to acquire, prior to the consummation of the transactions contemplated by the MDA, Class A Membership Interests in Acquisition Company for \$1.75 billion of cash, with the Investors acquiring Class B Membership Interests for \$209 million of cash. The Investors will also get an additional \$146 million of Class B Membership Interests in return for contributing a contingent note receivable asset to Acquisition Company. We and the Investors also agreed to establish; a secured delayed draw term loan facility for Acquisition Company, with us committing to provide up to \$500 million of loans and the Investors committing to provide up to \$500 million of loans; and a \$41 million note to be funded at closing by the Investors. The Investors' commitment to the delayed draw term loan would be reduced by the amounts received by Acquisition Company in payment of the contingent note receivable contribution described above, up to a maximum reduction of \$146 million. Finally, we agreed to continue all existing Delphi supply agreements and purchase orders for North America to the end of the related product program, and Acquisition Company agreed to provide us with certain rights designed to provide us with protection of supply. The funding contemplated by the July 26, 2009 agreements is more favorable to us than the funding proposed under the agreements with Platinum Equity announced in June of 2009.

In addition, Delphi's U.S. hourly and salaried pension plans were resolved through an agreement with the Pension Benefit Guarantee Corporation ("PBGC"). The PBGC will assume responsibility for the plans, initiate action to become trustee, and pay pension benefits up to the limits set by law. Consistent with other union agreements the PBGC has assumed from Motors Liquidation, we will honor the terms of the benefit guarantee provided to a limited groups of Delphi hourly employees and retirees. Further, the PBGC will receive a \$70 million cash payment from us, as well as a portion of future distributions to us from Acquisition Company.

Employees

At June 30, 2009 MLC employed 219,000 employees, of whom 151,000 (69%) were hourly employees and 68,000 (31%) were salaried employees. The following table summarizes MLC employment by segment:

	<u>June 30,</u> <u>2009</u>	<u>December 31,</u> <u>2008</u>	<u>2007</u>
	(In thousands)		
GMNA	101	116	139
GMIO	116	125	125
Corporate and Other	2	2	2
Total Worldwide	<u>219</u>	<u>243</u>	<u>266</u>
United States – Salaried(a)	27	29	34
United States – Hourly(a) (b)	54	62	78

(a) Includes employees in GMNA and Corporate and Other.

(b) Subsequent to June 30, 2009 approximately 6,000 U.S. hourly employees elected to participate in our Special Attrition Program, a majority of whom left active employment as of August 1, 2009.

At June 30, 2009, 54,000 of MLC's United States employees (or 67%) were represented by unions, of which 53,000 employees were represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW). In addition, many of MLC's employees outside the United States were represented by various unions. At June 30, 2009, MLC had 382,000 United States hourly retirees and 116,000 United States salaried retirees.

Segment Reporting Data

We are primarily engaged in the worldwide production and marketing of cars and trucks. Our operations are organized into two segments, GMNA and GMIO.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

General Motors North America

The GMNA segment consists of our operations in the United States, Canada and Mexico.

General Motors International Operations

The GMIO segment consists of our operations in the Europe, LAAM and Asia Pacific regions.

Website Access to GM's Reports

Our internet website address is www.gm.com.

Our reports on Form 8-K pursuant to our agreement with the SEC, as described in a no-action letter issued to Motors Liquidation by the SEC on July 9, 2009 and amendments to those reports are available free of charge through our website as soon as reasonably practicable after they are electronically filed with, or furnished to, the SEC.

In addition to the information about us and our subsidiaries contained in this Form 8-K, extensive information about us can be found on our website, including information about our management team, our brands and products and our corporate governance principles.

* * * * *

Risk Factors

We face a number of significant risks and uncertainties in connection with our operations. Our business, results of operations and financial condition could be materially adversely affected by the factors described below.

While we describe each risk separately, some of these risks are interrelated and certain risks could trigger the applicability of other risks described below. Also, the risks and uncertainties described below are not the only ones that we may face. Additional risks and uncertainties not presently known to us, or that we currently do not consider significant, could also potentially impair, and have a material adverse effect on, our business, results of operations and financial condition.

Our business is highly dependent on sales volume. Global vehicle sales have declined significantly from their peak levels and there is no assurance that the global automobile market will recover in the near future or that it will not suffer a significant further downturn.

Our business and financial results are highly sensitive to sales volume, as demonstrated by the effect of sharp declines in vehicle sales in the United States since 2007 and globally during 2008 and the first half of 2009. Vehicle sales in the United States have fallen 41.5% on an annualized basis since their peak in 2007 through June 30, 2009, and sales globally have declined 16.0% on an annualized basis since their peak in January 2008 through the same period. The deteriorating economic and market conditions that have driven the drop in vehicle sales, including declines in real estate and equity values, rising unemployment, tightened credit markets, depressed consumer confidence and weak housing markets, are not likely to improve significantly during 2009 and may continue past 2009 and could deteriorate further. We expect that vehicle sales will decline further in 2009 versus 2008 but will gradually begin to recover after the first quarter of 2009. MLC's dealers in the United States sold 954,000 vehicles during the first half of 2009, which represents a decline of 40.5% compared to the corresponding period in 2008. Sales volumes may decline more severely or take longer to recover than we expect, and if they do, our results of operations and financial condition will be materially adversely affected.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Our ability to restore consumers' confidence in us and to attract sufficient customers, particularly for our new products, including cars and crossover vehicles, is essential.

Our ability to achieve long-term profitability depends on our ability to restore consumers' confidence in us. In particular, prior to our completion of the 363 Sale, many commentators raised doubts about the ability to continue as a going concern and certain consumers lost confidence about the ability to provide parts and service over the long-term, ensure the availability of warranty coverage or maintain acceptable resale values. It is possible that consumers will continue to attribute these financial difficulties to us, and our ability to achieve long-term profitability depends on our ability to convince consumers of our long-term strength. In particular, we must be able to attract sufficient customers, particularly for our new products, including cars and crossover vehicles.

Our continued ability to achieve structural and materials cost reductions and to realize production efficiencies for our automotive operations is critical to our ability to return to profitability.

We are continuing to implement a number of structural and materials cost reduction and productivity improvement initiatives in our automotive operations, including substantial restructuring initiatives for our North American operations. Our future competitiveness depends upon our continued success in implementing these restructuring initiatives throughout our automotive operations, especially in North America. In addition, while some of the elements of structural cost reduction are within our control, others such as interest rates or return on investments, which influence our expense for pension and other postretirement benefits (OPEB), depend more on external factors, and there can be no assurance that such external factors will not materially adversely affect our ability to reduce our structural costs.

Failure of our suppliers, due to current economic conditions affecting our industry, to provide us with the systems, components and parts that we need to manufacture our automotive products and operate our business could result in a disruption in our operations and have a material adverse effect on our business.

We rely on many suppliers to provide us with the systems, components and parts that we need to manufacture our automotive products and operate our business. In recent years, a number of these suppliers, including but not limited to Delphi, have experienced severe financial difficulties and solvency problems, and some have sought relief under the Bankruptcy Code or similar reorganization laws. This trend has intensified in recent months due to the combination of general economic weakness, sharply declining vehicle sales and tightened credit availability that has affected the automotive industry generally. The substantial reduction in production volumes that we plan is likely to intensify this trend, as are volume reductions implemented by other of our competitors, who frequently purchase from the same suppliers that we do. Suppliers that are substantially dependent on our purchases may encounter difficulties in obtaining credit or may receive an opinion from their independent public accountants regarding their financial statements that includes a statement expressing substantial doubt about their ability to continue as a going-concern, which could trigger defaults under their financing or other agreements or impede their ability to raise new funds.

When comparable situations have occurred in the past, suppliers have attempted to increase their prices, pass through increased costs, alter payment terms or seek other relief. In instances where suppliers have not been able to generate sufficient additional revenues or obtain the additional financing they need to continue their operations, either through private sources or government funding, which may not be available, some have been forced to reduce their output, shut down their operations or file for bankruptcy protection. Such actions are likely to increase our costs, create challenges to meeting our quality objectives and in some cases make it difficult for us to continue production of certain vehicles. To the extent we take steps in such cases to help key suppliers remain in business that would adversely affect our liquidity. It may also be difficult to find a replacement for certain suppliers without significant delay.

Increase in cost, disruption of supply or shortage of raw materials could materially harm our business.

We use various raw materials in our business including steel, non-ferrous metals such as aluminum and copper and precious metals such as platinum and palladium. The prices for these raw materials fluctuate depending on market conditions. In recent years, freight charges and raw material costs increased significantly. Substantial increases in the prices for our raw materials increase our operating costs and could reduce our profitability if we cannot recoup the increased costs through vehicle prices. In addition, some of these raw materials, such as corrosion-resistant steel, are available from a limited number of suppliers. We cannot guarantee that we will be able to maintain favorable arrangements and relationships with these suppliers. An increase in the cost or a sustained interruption in the supply or shortage of some of these raw materials, which may be caused by a deterioration of our relationships with suppliers or by events such as labor strikes, could negatively affect our net revenues and profits to a material extent.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The pace of introduction and market acceptance of new vehicles is important to our success and the frequency of new vehicle introductions may be materially adversely affected by reductions in capital expenditures.

Our competitors have introduced new and improved vehicle models designed to meet consumer expectations, and will continue to do so. Our profit margins, sales volumes and market shares may decrease if we are unable to produce models that compare favorably to these competing models. If we are unable to produce new and improved vehicle models on a basis competitive with the models introduced by our competitors, demand for our vehicles may be materially adversely affected. Further, the pace of our development and introduction of new and improved vehicles depends on our ability to successfully implement improved technological innovations in design, engineering and manufacturing. If our cost reductions pursuant to our business plan reduce our ability to develop and implement improved technological innovations, demand for our vehicles may be materially adversely affected.

Inadequate cash flow could materially adversely affect our business operations in the future.

We will require substantial liquidity to implement long-term cost savings and restructuring plans, continue capital spending to support product programs and development of advanced technologies, and meet scheduled term debt and lease maturities, in each case as contemplated by our business plan. If our cash levels approach the minimum cash levels necessary to support our normal business operations, we may be forced to borrow additional funds at rates that may not be favorable, curtail capital spending, and reduce research and development and other programs that are important to the future success of our business. If this were to happen, our need for cash would be intensified.

Although we believe that the funding we received in connection with our formation and our purchase of substantially all of Motors Liquidation's assets provides us with sufficient liquidity to operate our business in the near term, our ability to maintain adequate liquidity in the medium- and long-term will depend significantly on the volume, mix and quality of vehicle sales and the continuing curtailment of operating expenses. Our liquidity needs are sensitive to changes in each of these and other factors.

As part of our business plan, we have reduced compensation and have reduced and will continue to reduce headcount for our management and non-management salaried employees, which may materially adversely affect our ability to hire and retain salaried employees.

As part of the cost reduction initiatives in our business plan, we and MLC have discontinued salary increases, imposed reduction in salaries for at least six months ranging from 30% or more for the most highly paid executives to 3% for salaried employees who earn more than a specified minimum and reduced benefits to a level that we believe is significantly lower than offered by other major corporations. The UST Credit Agreement restricts the compensation that we can provide to our top executives as well as prohibits certain types of compensation or benefits for any employees. In addition, since we do not currently have any equity compensation plans, we cannot provide our employees with equity-based compensation, which was traditionally an important part of the total compensation paid to our employees. At the same time, we and MLC have substantially decreased the number of salaried employees and we will further reduce the number, so that the workload is shared among fewer employees and in general the demands on each salaried employee are increased. Companies in similar situations have experienced significant difficulties in hiring and retaining highly skilled employees, particularly in competitive specialties. Given our compensation structure and increasing job demands, there is no assurance that we will be able to hire and retain the employees whose expertise is required to execute our business plan while at the same time developing and producing vehicles that will stimulate demand for our products.

Our operations may be materially disrupted if certain transactions are not consummated in Delphi's bankruptcy or, if consummated, we are not successful in integrating certain of Delphi's operations.

If Delphi is unable to consummate the transactions that are part of its confirmed Modified Plan of Reorganization, Delphi may be unable to successfully emerge from bankruptcy, and we may not be able to obtain systems, components and parts that Delphi currently supplies us, which could materially disrupt our operations. If the transactions are consummated, we may not be able to successfully operate the Delphi facilities and business operations of Delphi that our affiliates have agreed to acquire in connection with Delphi's confirmed Plan of Reorganization, which could materially disrupt our operations.

Our plan to reduce the number of our retail channels and core brands and to consolidate our dealer network is likely to reduce our total sales volume, may not create the structural cost savings we anticipate and is likely to result in restructuring costs that may materially adversely affect our result of operations.

As part of our business plan, we will focus our resources in the United States on our four core brands: Chevrolet, Cadillac, Buick and GMC. The current business plan provides for the resolutions of Saab, HUMMER and Saturn in 2009. In conjunction with these brand eliminations, there is no planned investment for Pontiac, and therefore the brand will be phased out by the end of 2010. We also intend to consolidate our dealer network by reducing the total number of our U.S. dealers to approximately 3,600 between 2009 and

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2010. We anticipate that this reduction in retail outlets, core brands and dealers will result in structural costs savings over time, but there is no assurance that we will realize the savings we expect. Based on our experience and the experiences of other companies that have eliminated brands, models and/or dealers, we believe that our total sales volume is likely to decline because of these reductions, possibly significantly. In addition, executing the phase-out of retail channels and brands and the reduction in the number of our dealers will require us to terminate established business relationships. There is no assurance that we will be able to terminate all of these relationships, and if we are not able to terminate substantially all of these relationships we would not be able to achieve all of the benefits we have targeted. In particular, the U.S. Congress is considering a number of measures that are designed to require or incent us to either not terminate some or all of these relationships or increase the compensation paid to those dealers whose relationships are terminated, including a bill entitled the Automobile Dealer Economic Rights Restoration Act that purports to require us to honor the rights of our dealers as they existed prior to the commencement of the bankruptcy case. If we were required to honor the rights of our dealers as they existed prior to the commencement of the bankruptcy case, we would be required to negotiate any terminations on an individual basis. We anticipate that negotiating these terminations on an individual basis would require considerable time and expense. In addition, we would be required to comply with a variety of national and state franchise laws, which will limit our flexibility and increase our costs. There is no assurance that these negotiations would be successful or that our dealers or other affected parties, such as retail outlets, would not pursue remedies through litigation and, if so, that we would prevail in such litigation or would not be required to pay judgments in excess of negotiated settlements.

Part of our business plan involves the sale of some of our businesses, which will be difficult to execute both because of the weakness of the industry and the lack of available credit to finance an acquisition.

We are pursuing asset sales of some of our businesses that we believe do not fit within our strategic plans. The businesses that we are contemplating selling are involved in the automotive industry by supplying either components to us and other original equipment manufacturers (OEMs) or services to our retail customers. In light of the current weak demand for our products and deterioration of the automotive industry in general, the number of potentially interested buyers is limited, and the price we might receive for such assets would be significantly lower than it might have been in previous years. In addition, to the extent that buyers would require credit to finance their purchases of our assets, the contraction in the credit market would significantly restrict their ability to pay us in cash. Accordingly, even if we are able to consummate the asset sales that we have included in our business plan we may be forced to accept lower prices than we have anticipated.

Our business plan contemplates that we restructure our operations in various foreign countries, but we may not succeed in doing so, and that could have a material adverse effect on our business.

Our business plan contemplates that we restructure our operations in various foreign countries and we are actively working to accomplish this. For example, Saab filed for reorganization protection under the laws of Sweden in February 2009. In connection with this reorganization, MLC contacted a number of bidders and have provided them with information regarding Saab's operations. Saab may receive third party financing in its reorganization, but we currently do not intend to make any additional investments in Saab. We are also continuing to work towards a restructuring of our German and certain other European operations, which could include a third party investment in Adam Opel GmbH (one of our existing German subsidiaries) that would own all or a significant part of our European operations. We are currently in talks with the German government and several parties with respect to such an investment and have received final bids from a number of bidders. In addition, we are pursuing restructurings of our operations in other foreign countries and engaging in discussions with other foreign governments regarding financial support for our foreign operations. We cannot be sure that we will be able to successfully complete any of the contemplated restructurings, or if we do, what the terms will be. Restructurings, whether or not ultimately successful, often involve significant disruption to the business and diversion of management attention away from business operations, and may involve labor disruptions, all of which can adversely affect the business. Moreover, most of our restructurings require significant financing from foreign governments or other sources, which may be difficult to obtain, or if available, may be on terms that are unfavorable to us. In addition, restructurings (like the one currently being pursued for our German and certain European operations) may involve the sale of significant equity interests to lenders or investors, which could significantly reduce our ownership interest and control over the affected operations, and could adversely affect other operations in our company. We cannot assure you that any of our contemplated restructurings will be completed or achieve the desired results, and if we cannot successfully complete the restructurings out of court, we may seek to, we or the directors of the relevant entity may be compelled to, or creditors may force us to, seek relief under applicable local bankruptcy, reorganization, insolvency or similar laws, where we may lose control over the outcome of the restructuring process due to the appointment of a local receiver, trustee or administrator (or similar official) or otherwise and which could result in a liquidation and us losing all or a substantial part of our interest in the business. A bankruptcy, reorganization, insolvency or similar proceeding with respect to one or more of our subsidiaries could also result in a cross default or other default under one or more material financing or other arrangements to which we or one or more of our subsidiaries are a party (even though we or such subsidiaries are not the subject

GENERAL MOTORS COMPANY AND SUBSIDIARIES

of the bankruptcy, reorganization, insolvency or similar proceeding), and such defaults also could, individually or collectively, have a material adverse effect on our ability to successfully implement our business plan and on our consolidated financial position and results of operations, and could, under certain circumstances, result in us or the relevant subsidiaries seeking, or creditors forcing the relevant entity or entities to seek, relief under applicable bankruptcy, reorganization, insolvency or similar laws.

Continued limited availability of adequate financing on acceptable terms through GMAC or other sources to our customers and dealers, distributors and suppliers to enable them to continue their business relationships with us could materially adversely affect our business.

Our customers and dealers require financing to purchase a significant percentage of our global vehicle sales. Historically, GMAC has provided most of the financing for our dealers and a significant amount of financing for our customers. Due to conditions in credit markets particularly later in 2008, retail customers and dealers have experienced severe difficulty in accessing the credit markets. As a result, the number of vehicles sold or leased declined rapidly in the second half of 2008, with lease contract volume dropping significantly by the end of 2008. This had a significant effect on MLC vehicle sales overall, since many of its competitors have captive finance subsidiaries that were better capitalized than GMAC during 2008 and the first half of 2009 and thus were able to offer consumers subsidized financing and leasing offers.

Similarly, the reduced availability of GMAC wholesale dealer financing (particularly in the second half of 2008), the increased cost of such financing and a continuation in the decline in the availability of other sources of dealer financing due to the general weakness of the credit market, has caused and may continue to cause dealers to modify their plans to purchase vehicles from us.

While GMAC's ability to provide consumer financing at subsidized rates has improved, lease financing remains largely unavailable. Because of recent modifications to our commercial agreements with GMAC, GMAC no longer is subject to contractual wholesale funding commitments or retail underwriting targets. Therefore, there can be no assurance that GMAC will continue to have adequate funding available at competitive rates to ensure that financing for purchases of our vehicles by our dealers and customers will be consistent with the funding levels and competitive rates that have historically been available from GMAC. In addition, availability of funding for both wholesale and retail sales from other sources, while improved, remains limited and would decrease if credit markets deteriorate.

Because of our dependence on GMAC, we are subject to risks associated with other developments in the business and financial condition of GMAC.

Because of our dependence on GMAC for the financing of a significant percentage of our global vehicle sales and virtually all of our United States sales involving subsidized financing such as sales incentives, as well as dealer financing for wholesale purchases, we are subject generally to risks associated with business and financial developments at GMAC. An event of default or early amortization event under GMAC's credit facilities could seriously impair its ability to obtain financing and therefore to provide financing to support our vehicle sales.

The UST (or its designee) owns a controlling interest in us and its interests may differ from those of our other stockholders.

The UST beneficially owns a majority of our common stock on a fully diluted basis. So long as the UST maintains a majority interest in our common stock absent other arrangements, the UST is able to elect 10 of our 13 directors and to control the vote on substantially all matters brought for a stockholder vote. In addition, through its stockholder voting rights and election of directors, and its role as a significant lender to us, the UST is able to exercise significant influence and control over our business if it elects to do so. To the extent the UST elects to exercise such influence or control over us, its interests (as a government entity) may differ from those of our other stockholders and it may influence matters including:

- The selection and tenure and compensation of our management;
- Our business strategy;
- Our relationship with our employees, unions and other constituencies; and
- Our financing activities, including the issuance of debt and equity securities.

In the future we may also become subject to new and additional government regulations regarding various aspects of our business as a result of the U.S. government's ownership in (and financing of) our business. These regulations could make it more difficult for us to compete with other companies that are not subject to similar regulations.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The UST Credit Agreement contains significant representations and affirmative and negative covenants that may restrict our ability and the ability of our subsidiaries to take actions management believes are important to our long-term strategy.

The UST Credit Agreement contains representations and warranties, affirmative covenants requiring us to take certain actions and negative covenants restricting our ability to take certain actions. The affirmative covenants impose obligations on us with respect to, among other things, financial and other reporting to the UST (including periodic confirmation of compliance with certain expense policies and executive privilege and compensation requirements), use of proceeds of asset sales, maintenance of facility collateral and other property, payment of obligations, compliance with various restrictions on executive privileges and compensation and compliance with a corporate expense policy.

The negative covenants in the UST Credit Agreement generally apply to us and our U.S. subsidiaries that provided guarantees of our obligations under that agreement and restrict us with respect to, among other things, granting liens, distributions on capital stock, amendments or waivers of certain documents and entering into new indebtedness.

Compliance with the representations, warranties and affirmative and negative covenants contained in the UST Credit Agreement could restrict our ability to take actions that management believes are important to our long-term strategy. If strategic transactions we wish to undertake are prohibited or inconsistent with, or detrimental to, our long-term viability, our ability to execute our long-term strategy could be materially adversely affected. In addition, monitoring and certifying our compliance with the UST Credit Agreement requires a high level of expense and management attention on a continuing basis.

Even though we have made significant modifications to our obligations to the New VEBA, we are still obligated to contribute a significant amount of cash to fund the New VEBA in the future.

Even though we have made significant modifications to our obligations to the New VEBA, we are still required to contribute a significant amount of cash to the New VEBA over a period of years. The amounts payable to the New VEBA include (1) dividends payable on the 260,000,000 shares of Series A Preferred Stock issued to the New VEBA in connection with the closing of the 363 Sale, which have a liquidation preference of \$25.00 per share and accrue cumulative dividends at a rate equal to 9.0% per annum (payable quarterly on March 15, June 15, September 15 and December 15) if, as and when declared by our Board and (2) payments on the VEBA Notes in three equal installments of \$1.4 billion on July 15, 2013, 2015 and 2017. On or after December 31, 2014, we may redeem, in whole or in part, the shares of Series A Preferred Stock at the time outstanding, at a redemption price per share equal to the sum of: (1) \$25.00 per share; and (2) subject to limited exceptions, any accrued and unpaid dividends. There is no assurance that we will be able to obtain all of the necessary funding that has not been placed in existing VEBAs on terms that will be acceptable to us. If we are unable to obtain funding on terms that are consistent with our business plan, we would have to delay, reduce or cancel other planned expenditures.

Our pension and non-UAW related OPEB expenses and funding obligations may increase significantly due to weak performance of financial markets and its effect on plan assets.

Our future funding obligations for our U.S. defined benefit pension plans qualified with the IRS and our estimated liability related to non-UAW related OPEB plans depend upon the future performance of assets placed in trusts for these plans, the level of interest rates used to determine funding levels, the level of benefits provided for by the plans, actuarial data in healthcare inflation trend rates, and experience and any changes in government laws and regulations. Our employee benefit plans currently hold a significant amount of equity and fixed income securities. Due to MLC's contributions to the plans and to the strong performance of these assets during prior periods, the United States hourly and salaried pension plans were consistently overfunded from 2005 through 2007, which allowed MLC to maintain a surplus without making additional contributions to the plans. However, due to significant declines in financial markets and a deterioration in the value of our plan assets, as well as the coverage of additional retirees, including certain Delphi hourly employees, we may need to make significant contributions to our U.S. pension plans in the future. There is no assurance that interest rates will remain constant or that our pension fund assets can earn our assumed rate of 8.5% annually, and our actual experience may be significantly more negative. As part of our recent restructuring efforts, GMCL expects to be in a position to increase its pension plan contributions, which will improve the funded status of the Canadian pension plan and also intends to change the pension asset mix accordingly. Even with a rebalanced pension asset mix, consistent with the U.S. plan, there is no assurance that interest rates will remain constant or that our pension fund assets can earn our target expected rate. Regarding OPEB, as part of a recent agreement with the Canadian Auto Workers Union (CAW), a Health Care Trust (HCT) is expected to be formed on or before December 31, 2009 and result in the transfer of the Canadian hourly retiree healthcare obligation to the CAW. As part of our recent restructuring efforts, funding has been secured to fund the HCT.

If the market values of the assets held by our pension and non-UAW related OPEB plans continue to decline, our pension and non-UAW related OPEB expenses would further increase and, as a result, could materially adversely affect our business. Decreases in interest rates that are not offset by

GENERAL MOTORS COMPANY AND SUBSIDIARIES

contributions and asset returns could also increase our obligations under such plans. In addition, if local legal authorities increase the minimum funding requirements for our pension plans outside the United States, we could be required to contribute more funds, which would negatively affect our cash flow.

Despite the formation of our new Company, we continue to have indebtedness and other obligations. Our debt obligations together with our cash demands may require us to seek additional financing, dispose of certain assets, minimize capital expenditures or seek to refinance some or all of our debt.

Despite the formation of our new Company, we continue to have indebtedness and other obligations. Our current and future indebtedness and other obligations could have several important consequences. For example, it could:

- Require us to dedicate a larger portion of our cash flow from operations than we currently do to the payment of principal and interest on our indebtedness and other obligations, which will reduce the funds available for other purposes such as product development;
- Make it more difficult for us to satisfy our obligations;
- Make us more vulnerable to adverse economic and industry conditions;
- Limit our ability to withstand competitive pressures;
- Limit our ability to fund working capital, capital expenditures and other general corporate purposes;
- Make us more vulnerable to any continuing downturn in general economic conditions and adverse developments in our business; and
- Reduce our flexibility in responding to changing business and economic conditions.

Future liquidity needs may require us to seek additional financing, dispose of certain assets, or minimize capital expenditures. There is no assurance that any of these alternatives would be available to us on satisfactory terms or on terms that would not require us to renegotiate the terms and conditions of our existing debt agreements.

Our planned investment in new technology in the future is significant and may not be funded at anticipated levels, and, even if funded at anticipated levels, may not result in successful vehicle applications.

We intend to invest significant capital resources to support our products and to develop new technology. In addition, we are committed to invest heavily in alternative fuel and advanced propulsion technologies between 2009 and 2012, largely to support our planned expansion of hybrid and electric vehicles, consistent with our announced objective of being recognized as the industry leader in fuel efficiency. Moreover, if our future operations do not provide us with the liquidity we anticipate, we may be forced to reduce, delay or cancel our planned investments in new technology.

In some cases, the technologies that we plan to employ, such as hydrogen fuel cells and advanced battery technology are not yet commercially practical and depend on significant future technological advances by us and by suppliers. For example, we have announced that we intend to produce by November 2010 the Chevrolet Volt, an electric car, which requires battery technology that has not yet proven to be commercially viable. There can be no assurance that these advances will occur in a timely or feasible way, that the funds that we have budgeted for these purposes will be adequate or that we will be able to establish our right to these technologies. Moreover, our competitors and others are pursuing similar technologies and other competing technologies, in some cases with more money available, and there can be no assurance that they will not acquire similar or superior technologies sooner than we do or on an exclusive basis or at a significant price advantage.

New laws, regulations or policies of governmental organizations regarding increased fuel economy requirements and reduced greenhouse gas emissions, or changes in existing ones, may have a significant effect on how we do business.

We are affected significantly by governmental regulations that can increase costs related to the production of our vehicles and affect our product portfolio. We anticipate that the number and extent of these regulations, and the costs and changes to our product lineup to comply with them, will increase significantly in the future. In the United States and Europe, for example, governmental regulation is primarily driven by concerns about the environment (including greenhouse gas emissions), vehicle safety, fuel economy and energy security. These government regulatory requirements could significantly affect our plans for global product development and may result in substantial costs. They may also result in limits on the types of vehicles we sell and where we sell them, which can affect revenue.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The CAFE provisions in the EISA mandate fuel economy standards beginning in the 2011 model year that would increase to at least 35 mpg by 2020 on a combined car and truck fleet basis, a 40% increase over current levels. In addition, California is implementing a program to regulate vehicle greenhouse gas emissions (the AB 1493 program), and therefore will require increased fuel economy. This California program has standards currently established for the 2009 model year through the 2016 model year. Thirteen additional states have also adopted the California greenhouse gas standards.

On May 19, 2009, President Obama announced his intention for the federal government to implement a harmonized program to regulate fuel economy and greenhouse gases. He directed the EPA and the Department of Transportation to work together to create standards through a joint rulemaking for control of emissions of greenhouse gases and for fuel economy. In the first phase, these standards would apply to passenger cars, light-duty trucks, and medium-duty passenger vehicles built in model years 2012 through 2016. The CARB has agreed that compliance with EPA's greenhouse gas standards will be deemed compliance with the California greenhouse gas standards for the 2012 through 2016 model years. We have committed to work with EPA, the Department of Transportation, the states and other stakeholders in support of a strong national program to reduce oil consumption and address global climate change.

We are committed to meeting or exceeding these regulatory requirements, and our product plan of record projects compliance with anticipated federal and California programs through the 2016 model year. We anticipate that to comply with these standards we will be required to sell a significant volume of hybrid or electrically powered vehicles throughout the United States, as well as implement new technologies for conventional internal combustion engines, all at increased cost levels. There is no assurance that we will be able to produce and sell vehicles that use such technologies at a competitive price, or that our customers will purchase such vehicles in the quantities necessary for us to comply with these regulatory programs.

In addition, the EU passed legislation in December 2008 to begin regulating vehicle carbon dioxide emissions beginning in 2012. The legislation sets a target of a fleet average of 95 grams per kilometer for 2020, with the requirements for each manufacturer based on the weight of the vehicles it sells. Additional measures have been proposed or adopted in Europe to regulate features such as tire rolling resistance, vehicle air conditioners, tire pressure monitors, gear shift indicators and others. At the national level, 16 EU Member States have adopted some form of carbon dioxide-based vehicle taxation system.

Other governments around the world, such as Canada, South Korea and China, are also creating new policies to address these same societal issues. As in the U.S., these government policies could significantly affect our plans for product development and will result in substantial costs, which would be difficult to pass through to our customers, and could result in limits on the types of vehicles we sell and where we sell them, which could affect revenue.

We may be unable to qualify for federal funding for our advanced technology vehicle programs under Section 136 of the EISA or may not be selected to participate in the program.

The U.S. Congress provided the DOE with \$25.0 billion in funding to make direct loans to eligible applicants for the costs of re-equipping, expanding, and establishing manufacturing facilities in the United States to produce advanced technology vehicles and components for these vehicles. MLC submitted three applications for Section 136 Loans aggregating \$10.3 billion to support its advanced technology vehicle programs. We are preparing a fourth application for submission by the end of August 2009, and we are in the process of acquiring part of Delphi, which includes a portion of their loan application. Our business plan currently assumes we will receive \$5.7 billion of Section 136 Loans. In July 2009, the DOE announced that it would provide approximately \$8.0 billion in Section 136 Loans to Ford Motor Company, Nissan Motor Company and Tesla Motors Inc. There can be no assurance that we will qualify for any remaining loans or receive any such loans even if we qualify.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

We and our subsidiaries are party to various financing arrangements, joint venture arrangements, commercial contracts and other arrangements that under certain circumstances give, or in some cases may give, the counterparty the ability to exercise rights and remedies under such arrangements which, if exercised, may have material adverse consequences.

We and our subsidiaries are party to various financing arrangements, joint venture arrangements, commercial contracts and other arrangements that may give the counterparty the ability to exercise rights and remedies upon the occurrence of a material adverse effect or material adverse change (or similar event), certain insolvency events, a default under certain specified other obligations or a failure to comply with certain financial covenants. Recent changes in our business and that of certain of our subsidiaries may make it more likely that counterparties will seek to exercise rights and remedies under these arrangements. The counterparty could have the ability, depending on the arrangement, to, among other things, terminate or dissolve the arrangement, purchase our interests or require us to purchase interests in the joint venture at a price that is not favorable to us or require early repayment of amounts owed by us or our subsidiaries and in some cases payment of penalty amounts. In these cases, we intend to enter into discussions with the counterparties where appropriate to seek a waiver under, or amendment of, the arrangements to avoid or minimize any potential adverse consequences. We cannot assure you that we will be successful in avoiding or minimizing the adverse consequences, which may, individually or collectively, have a material adverse effect on our ability to successfully implement our business plan and on our consolidated financial position and results of operations. A default under one or more of these agreements could also result in a cross default or other default under one or more other material arrangements to which we or one or more of our subsidiaries are a party (even though we or such subsidiaries were not parties to the agreement originally in default), and such defaults also could, individually or collectively, have a material adverse effect on our ability to successfully implement our business plan and on our consolidated financial position and results of operations, and could, under certain circumstances, result in us or the relevant subsidiaries seeking, or creditors forcing the relevant entities to seek, relief under applicable bankruptcy, reorganization, insolvency or similar laws. In addition, certain of our financing arrangements are terminable by the counterparty at any time (or on short notice) for any reason. The recent deteriorations in our business and that of certain of our subsidiaries may make it more likely that counterparties will seek to exercise their termination rights, which could, individually or collectively, have a material adverse effect on our ability to successfully implement our business plan and on our consolidated financial position and results of operations.

A significant amount of our operations are conducted by joint ventures that we cannot operate solely for our benefit.

Many of our operations, particularly in emerging markets, are carried on by jointly-owned companies such as GM Daewoo or Shanghai GM. In joint ventures we share ownership and management of a company with one or more parties who may not have the same goals, strategies, priorities or resources as we do. In general, joint ventures are intended to be operated for the equal benefit of all co-owners, rather than for our exclusive benefit. Operating a business as a joint venture often requires additional organizational formalities as well as time-consuming procedures for sharing information and making decisions. In joint ventures, we are required to pay more attention to our relationship with our co-owners as well as with the joint venture, and if a co-owner changes, our relationship may be materially adversely affected. In addition, the benefits from a successful joint venture are shared among the co-owners, so that we do not receive all the benefits from our successful joint ventures.

Shortages of and volatility in the price of oil have caused and may continue to cause diminished profitability due to shifts in consumer vehicle demand.

Volatile fuel prices in 2008 contributed to weaker demand for some of MLC's higher margin vehicles, especially our fullsize sport utility vehicles, as consumer demand shifted to smaller, more fuel-efficient vehicles, which provide lower profit margins and in recent years represented a smaller proportion of MLC's sales volume in North America. Fullsize pick-up trucks, which are generally less fuel efficient than smaller vehicles, provided 21.7% of MLC's North American sales in the six months ended June 30, 2009 and in the year ended December 31, 2008, compared to a total industry average of 10.7% of sales in the six months ended June 30, 2009 and 11.5% in the year ended December 31, 2008. Demand for traditional sport utility vehicles and vans also declined during the same periods. Any future increases in the price of fuel in the United States or in our other markets or any sustained shortage of fuel could further weaken the demand for such vehicles, which could reduce our market share in affected markets, decrease profitability and have a material adverse effect on our business.

Consolidation and other changes within the automotive industry may provide our competitors with cost or strategic advantages.

We believe that the continuing crisis in the global automotive industry is likely to cause further significant changes in ownership and consolidation among vehicle manufacturers and other industry participants. These changes could have a material effect on our business. Strategic initiatives and restructuring activities may create opportunities. If industry consolidation occurs among our competitors, they may be able to reduce their fixed costs, achieve higher levels of penetration in the markets in which we compete, gain access to new technologies and take advantage of other synergies. These consolidations by our competitors could lead to increased competition with more efficient manufacturers in the markets in which we operate and have a material adverse effect on our business.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

We could be materially adversely affected by changes or imbalances in foreign currency exchange and other rates.

Because we sell products and buy materials globally over a significant period of time, we are exposed to risks related to the effects of changes in foreign currency exchange rates, commodity prices and interest rates, which can have material adverse effects on our business. In recent years, the relative weakness of certain currencies has provided competitive advantages to certain of our competitors. While in recent months the Japanese Yen has strengthened significantly, its weakness in recent years has provided pricing advantages for vehicles and parts imported from Japan to markets with more robust currencies like the United States and Western Europe. Moreover, the relative strength of other currencies has negatively affected our business. For example, before the current financial crisis, the relative weakness of the British Pound compared to the Euro has had an adverse effect on our results of operations in Europe. In addition, in preparing our consolidated financial statements we translate our revenues and expenses outside the United States into U.S. Dollars using the average foreign currency exchange rate for the period and the assets and liabilities using the foreign currency exchange rate at the balance sheet date. As a result, foreign currency fluctuations and the associated translations could have a material adverse effect on our results of operation.

Our businesses outside the United States expose us to additional risks that may materially adversely affect our business.

Approximately 72.0% of MLC's vehicle sales in the six months ended June 30, 2009 and 64.3% of MLC's vehicle sales in the year ended December 31, 2008 were generated outside the United States. Following our acquisition of substantially all of Motors Liquidation's assets, we intend to continue to pursue growth opportunities for our business in a variety of business environments outside the United States. Operating in a large number of different regions and countries exposes us to political, economic and other risks as well as multiple foreign regulatory requirements that are subject to change, including:

- Multiple foreign regulatory requirements that are subject to change, including foreign regulations restricting our ability to sell our products in those countries;
- Differing local product preferences and product requirements, including fuel economy, vehicle emissions and safety;
- Differing labor regulations and union relationships;
- Consequences from changes in tax laws;
- Difficulties in obtaining financing in foreign countries for local operations and significant restrictions under the U.S. Facilities on our ability to provide financing to our businesses operating in foreign countries; and
- Political and economic instability, natural calamities, war, and terrorism.

The effects of these risks may, individually or in the aggregate, materially adversely affect our business.

New laws, regulations or policies of governmental organizations regarding safety standards, or changes in existing ones, may have a significant negative effect on how we do business.

Our products must satisfy legal safety requirements. Meeting or exceeding government-mandated safety standards is difficult and costly, because crashworthiness standards tend to conflict with the need to reduce vehicle weight in order to meet emissions and fuel economy standards. While we are managing our product development and production operations on a global basis to reduce costs and lead times, unique national or regional standards or vehicle rating programs can result in additional costs for product development, testing and manufacturing. Governments often require the implementation of new requirements during the middle of a product cycle, which can be substantially more expensive than accommodating these requirements during the design of a new product.

MLC determined that its internal controls over financial reporting were not effective. We have not made any change in the determination regarding the effectiveness of our internal controls over financial reporting. The lack of effective internal controls could materially adversely affect our financial condition and ability to carry out our business plan.

MLC's management team, under the supervision and with the participation of its former Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of its internal controls. As of December 31, 2008, MLC's former management team concluded that its disclosure controls, procedures and its internal control over financial reporting were not effective. We have not made any change in the determination regarding the effectiveness of our internal controls over financial reporting. Until we are successful in our effort to remediate the material weakness in our internal control over financial reporting, it may materially adversely affect our ability to report accurately our financial condition and results of operations in the future in a timely and reliable manner. In addition, although we continually review and evaluate our internal control systems to allow

GENERAL MOTORS COMPANY AND SUBSIDIARIES

management to report on the sufficiency of our internal controls, we cannot assure you that we will not discover additional weaknesses in our internal controls over financial reporting. Any such additional weakness or failure to remediate existing weakness could adversely affect our financial condition or ability to comply with applicable legal requirements of our business plan.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Forward-Looking Statements

In this report and in reports we subsequently file with the SEC on Forms 10-K and 10-Q and file or furnish on Form 8-K, and in related comments by our management, we use words like “anticipate,” “believe,” “continue,” “could,” “designed,” “effect,” “estimate,” “evaluate,” “expect,” “forecast,” “goal,” “impact,” “initiative,” “intend,” “may,” “objective,” “outlook,” “plan,” “potential,” “priorities,” “project,” “pursue,” “seek,” “should,” “target,” “when,” “would,” or the negative of any of those words or similar expressions to identify forward-looking statements that represent our current judgment about possible future events. In making these statements we rely on assumptions and analyses based on our experience and perception of historical trends, current conditions and expected future developments as well as other factors we consider appropriate under the circumstances. We believe these judgments are reasonable, but these statements are not guarantees of any events or financial results, and our actual results may differ materially due to a variety of important factors, both positive and negative, that may be revised or supplemented in subsequent reports on SEC Forms 10-K, 10-Q and 8-K. Such factors include among others the following:

- Our ability to comply with the requirements of the UST Credit Agreement, dated July 10, 2009;
- Our ability to take actions we believe are important to our long-term strategy, including our ability to enter into certain material transactions outside of the ordinary course of business, due to significant representations and affirmative and negative covenants in the UST Credit Agreement;
- Our ability to maintain adequate liquidity to fund our planned significant investment in new technology, and, even if funded, our ability to realize successful vehicle applications of new technology;
- The ability of counterparties to various financing arrangements, joint venture arrangements, commercial contracts and other arrangements to which we and our subsidiaries are party, to exercise rights and remedies under such arrangements, which, if exercised, may have material adverse consequences;
- The impact of business or liquidity difficulties for us or one or more subsidiaries on other entities in our corporate group as a result of our highly integrated and complex corporate structure and operation;
- Our ability to realize production efficiencies and to achieve reductions in costs as a result of our restructuring initiatives and labor modifications;
- Our ability to restore consumers’ confidence in our viability as a continuing entity and our ability to continue to attract customers, particularly for our new products, including cars and crossover vehicles;
- Availability of adequate financing on acceptable terms to our customers, dealers, distributors and suppliers to enable them to continue their business relationships with us;
- Financial viability and ability to borrow of our key suppliers;
- Our ability to sell, spin-off or phase out some of our brands as planned and to complete other planned asset sales;
- Our ability to manage the distribution channels for our products, including our ability to consolidate our dealer network;
- Our ability to qualify for federal funding of our advanced technology vehicle programs under Section 136 of EISA;
- The ability of our foreign operations to successfully restructure and receive adequate financial support from their host governments or other sources;
- The continued availability of both wholesale and retail financing from GMAC and its affiliates in the United States, Canada and the other markets in which we operate to support our ability to sell vehicles in those markets, which is dependent on GMAC’s ability to obtain funding and which may be suspended by GMAC if GMAC’s credit exposure to us exceeds certain limitations provided in our operating arrangements with GMAC;
- Overall strength and stability of general economic conditions and of the automotive industry, both in the United States and in global markets;
- Our ability to maintain adequate liquidity and financing sources and an appropriate level of debt;
- Continued economic and automotive industry instability or poor economic conditions in the United States and global markets, including the credit markets, or changes in economic conditions, commodity prices, housing prices, foreign currency exchange rates or political stability in the markets in which we operate;
- Shortages of and increases or volatility in the price of oil;
- Market acceptance of our new products, including cars and crossover vehicles;
- Significant changes in the competitive environment, including as a result of industry consolidation, and the effect of competition in our markets, including on our pricing policies or use of incentives and the introduction of new and improved vehicle models by our competitors;
- The ongoing ability of our suppliers to provide systems, components and parts without disruption;

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- Changes in the existing, or the adoption of new, laws, regulations, policies or other activities of governments, agencies and similar organizations where such actions may affect the production, licensing, distribution or sale of our products, the cost thereof or applicable tax rates;
- Costs and risks associated with litigation;
- Significant increases in our pension and other postretirement benefit expenses resulting from changes in the value of plan assets;
- Changes in accounting principles, or their application or interpretation, and our ability to make estimates and the assumptions underlying the estimates, including the estimates for Delphi pension benefit guarantees, which could have an effect on earnings;
- Negotiations and bankruptcy court actions with respect to Delphi's obligations to us and our obligations to Delphi;
- Other risks described from time to time in periodic and current reports that we file with the SEC.

We caution readers not to place undue reliance on forward-looking statements. We undertake no obligation to update publicly or otherwise revise any forward-looking statements, whether as a result of new information, future events or other factors that affect the subject of these statements, except where we are expressly required to do so by law.

Properties

Other than dealerships, as of July 10, 2009 we have 111 locations in 28 states and 89 cities or towns in the United States. Of these locations, 45 are manufacturing facilities, of which 15 are engaged in the final assembly of our cars and trucks and others manufacture automotive components and power products. Of the remaining 66 locations, 27 are service parts operations responsible for distribution, warehouse and office functions, and the rest are facilities involved primarily in engineering and testing vehicles. In addition, we have 18 locations in Canada, and assembly, manufacturing, distribution, office or warehousing operations in 56 other countries, including equity interests in associated companies which perform assembly, manufacturing or distribution operations. The major facilities outside the United States and Canada, which are principally vehicle manufacturing and assembly operations, are located in:

- | | | | | |
|-------------|------------|----------------|------------------|-----------|
| • Argentina | • Colombia | • Kenya | • South Korea | • Vietnam |
| • Australia | • Ecuador | • Mexico | • Spain | |
| • Belgium | • Egypt | • Poland | • Thailand | |
| • Brazil | • Germany | • Russia | • United Kingdom | |
| • China | • India | • South Africa | • Venezuela | |

We, our subsidiaries, or associated companies in which we own an equity interest, own most of the above facilities. Leased properties consist primarily of warehouses and administration, engineering and sales offices. The leases for warehouses generally provide for an initial period of five to 10 years, based upon prevailing market conditions and may contain renewal options. Leases for administrative offices are generally for shorter periods.

Our properties include facilities which, in our opinion, are suitable and adequate for the manufacture, assembly and distribution of our products.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Security Ownership of Certain Beneficial Owners and Management

The following table gives information about each entity known to us to be the beneficial owner of more than 5% of our common stock as of July 10, 2009, the date of the closing of the 363 Sale and the issuance of all of our outstanding shares of common stock.

<u>Name and Address</u>	<u>Number of Shares</u>	<u>Percent of Common Stock(4)</u>
The United States Department of the Treasury 1500 Pennsylvania Avenue, NW Washington, D.C. 20220	304,131,356	60.83%
7176384 Canada Inc.(1) 1235 Bay Street, Suite 400 Toronto, ON M5R 3K4	58,368,644	11.67%
UAW Retiree Medical Benefits Trust P.O. Box 14309 Detroit, MI 48214	102,651,515(2)	19.93%
Motors Liquidation Company 300 Renaissance Center Detroit, Michigan 48265-3000	140,909,090(3)	23.85%
All Directors and Executive Officers of General Motors Company 300 Renaissance Center Detroit, Michigan 48265-3000	0	0%

- (1) 7176384 Canada Inc. was formed to own shares of our common stock issued in connection with the 363 Sale and is controlled by the governments of Canada and Ontario.
- (2) Includes 15,151,515 shares of our common stock issuable upon the exercise of a warrant we issued to the UAW Retiree Medical Benefits Trust. In connection with the closing of the 363 Sale, we issued a warrant to the UAW Retiree Medical Benefits Trust to acquire 15,151,515 newly issued shares of our common stock, exercisable at any time prior to December 31, 2015, with an exercise price of \$126.92 per share. The number of shares of our common stock underlying the warrant and the per share exercise price are subject to adjustment as a result of certain events, including stock splits, reverse stock splits and stock dividends.
- (3) Includes 90,909,090 shares of our common stock issuable upon the exercise of warrants we issued to Motors Liquidation Company. On July 10, 2009, in connection with the closing of the 363 Sale, we issued two warrants to Motors Liquidation Company, one to acquire 45,454,545 newly issued shares of our common stock, exercisable at any time prior to the seventh anniversary of issuance, with an exercise price of \$30.00 per share and the other to acquire 45,454,545 newly issued shares of our common stock, exercisable at any time prior to the tenth anniversary of issuance, with an exercise price of \$55.00 per share. The number of shares of our common stock underlying each of the warrants and the per share exercise price thereof are subject to adjustment as a result of certain events, including stock splits, reverse stock splits and stock dividends.
- (4) These percentages reflect the maximum potential percentage ownership of our common stock for each beneficial owner. As such, the percentage ownership of the United States Department of the Treasury and 7176384 Canada Inc. are calculated based on a total of 500,000,000 shares outstanding. The percentage ownership of the UAW Retiree Medical Benefits Trust is calculated based on a potential total of 515,151,515 shares outstanding (which, in addition to the 500,000,000 shares currently outstanding, includes the 15,151,515 shares of common stock that would be issued to the UAW Retiree Medical Benefits Trust if it exercised its warrant, as described in (2) above). The percentage ownership of Motors Liquidation Company is calculated based on a potential total of 590,909,090 shares outstanding (which, in addition to the 500,000,000 shares currently outstanding, includes the 90,909,090 shares of common stock that would be issued to Motors Liquidation Company if it exercised its warrants, as described in (3) above).

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Directors and Executive Officers***Directors of the Company***

The names and ages, as of August 7, 2009, of our directors and their positions and offices are as follows:

Name and (Age)	Positions and Offices
Daniel F. Akerson (60)	Managing Director and Head of Global Buyout, The Carlyle Group
David Bonderman (66)	Co-Founding Partner and Managing General Partner, TPG
Erroll B. Davis, Jr. (65)	Chancellor, University System of Georgia
Stephen J. Girsky (47)	President, S.J. Girsky & Company
Frederick A. Henderson (50)	President and Chief Executive Officer, General Motors Company
E. Neville Isdell (66)	Retired Chairman and Chief Executive Officer, The Coca-Cola Company
Robert D. Krebs (67)	Retired Chairman and Chief Executive Officer, Burlington Northern Santa Fe Corporation
Kent Kresa (71)	Chairman Emeritus, Northrop Grumman Corporation
Philip A. Laskawy (68)	Retired Chairman and Chief Executive Officer, Ernst & Young LLP
Kathryn V. Marinello (53)	Chairman and Chief Executive Officer, Ceridian Corporation
Patricia F. Russo (57)	Former Chief Executive Officer, Alcatel-Lucent
Carol M. Stephenson (58)	Dean, Richard Ivey School of Business, The University of Western Ontario
Edward E. Whitacre, Jr. (67)	Chairman, General Motors Company

There are no family relationships, as defined in Item 401 of Regulation S-K, between any of the directors named above, and there is no arrangement or understanding between any of the directors named above and any other person pursuant to which he or she was elected as a director other than as set forth in the Stockholders Agreement dated as of July 10, 2009 by and among the Company, the UST, the New VEBA and Canada Holdings. Pursuant to the Stockholders Agreement, Directors Daniel F. Akerson, David Bonderman, Erroll B. Davis, Jr., E. Neville Isdell, Robert D. Krebs, Kent Kresa, Philip A. Laskawy, Kathryn V. Marinello, Patricia F. Russo, and Edward E. Whitacre, Jr. were designated to the Board of Directors by the UST; Director Carol M. Stephenson was designated by Canada Holdings; Director Stephen J. Girsky was designated by the New VEBA; and, Mr. Henderson, as Chief Executive Officer, was named to the Board of Directors. The Stockholders Agreement provides that the initial Board of Directors will consist of 10 directors appointed by the UST, one director appointed by Canada Holdings, one director appointed by the New VEBA and our Chief Executive Officer. So long as the New VEBA holds at least 50% of the shares of our common stock it held at the closing of the 363 Sale, the New VEBA shall have the right to designate one nominee to our Board of Directors. Pursuant to the Stockholders Agreement, until an initial public offering, our Board of Directors agrees to nominate and the stockholders agree to appoint the director designated by the New VEBA to our Board of Directors. After an initial public offering, subject to our Board of Directors approval, our Board of Directors shall nominate the New VEBA nominee to be elected a member of the Board of Directors and include the New VEBA nominee in the proxy statement and related materials. So long as Canada Holdings holds at least 50% of the shares of our common stock issued to it at the closing of the 363 Sale and until an initial public offering, Canada Holdings shall have the right to designate one nominee to our Board of Directors, who shall be independent within the meaning of Rule 303A.02 of the NYSE Listed Company Manual. Pursuant to the Stockholders Agreement, our Board of Directors agrees to nominate and the stockholders who are parties to the Stockholders Agreement agree to appoint the director designated by Canada Holdings to our Board of Directors. Following an initial public offering, nominations for the election of directors may be made by the Board of Directors in accordance with the Stockholders Agreement or by any stockholder entitled to vote for the election of directors who complies with applicable notice requirements.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Daniel F. Akerson was elected to our Board of Directors on July 20, 2009 with his term beginning on July 24, 2009. He has been Managing Director and Head of Global Buyout for the Carlyle Group since July 2009. He was Managing Director and Co-Head of the U.S. Buyout Fund from 2003 to 2009. He previously served as Chairman and Chief Executive Officer of XO Communications from 1999 to January 2003. He served as Chairman of Nextel Communications from 1996 to 2001 and Chairman and Chief Executive Officer from 1996 to 1999. Mr. Akerson is currently a director of American Express Company.

David Bonderman was elected to our Board of Directors on July 20, 2009 with his term beginning on July 24, 2009. He is Co-Founding Partner and Managing General Partner of TPG, a private investment firm he founded in 1992. Prior to forming TPG, Mr. Bonderman served as Chief Operating Officer of Robert M. Bass Group (now Keystone Group, L.P.) from 1983 to 1991. He was a Partner at Arnold & Porter LLP from 1971 to 1982. Mr. Bonderman currently serves as Chairman of the Board of Directors of Ryanair Holdings PLC, and as a director of CoStar Group, Inc., a marketing and information services company in the commercial real estate industry, and Gemalto N.V., a digital security company.

Erroll B. Davis, Jr. was elected to our Board of Directors on July 10, 2009. He was also a member of the Board of Motors Liquidation. Mr. Davis has served as Chancellor of the University System of Georgia, the governing and management authority of public higher education in Georgia, since 2006. From 2000 to 2006, Mr. Davis served as Chairman of Alliant Energy Corporation, and he held the offices of President and Chief Executive Officer from 1998 to 2005. He is currently a director of BP p.l.c., and Union Pacific Corporation.

Stephen J. Girsky was elected to our Board of Directors on July 10, 2009. He has been President of S. J. Girsky & Company, an independent advisory firm based in New York since January 2009. He was President of Centerbridge Industrial Partners, LLC (Centerbridge), an affiliate of Centerbridge Partners, L.P., a private investment firm from November 2006 to March 2009. Prior to joining Centerbridge, Mr. Girsky was a special advisor to the Chief Executive Officer and Chief Financial Officer of Motors Liquidation from 2005 to 2006. Mr. Girsky has also been an advisor to the UAW. From 1995 to 2005, he served as Managing Director at Morgan Stanley and a Senior Analyst of the Morgan Stanley Global Automotive and Auto Parts Research Team. Mr. Girsky is a former lead director of Dana Holding Corporation.

Frederick A. Henderson was elected to our Board of Directors and appointed President and Chief Executive Officer on July 10, 2009. He was also a member of the Board of Motors Liquidation. He had been associated with Motors Liquidation since 1984. He was named Group Vice President and President of MLC's former segment GM Asia Pacific on January 1, 2002. He was appointed Group Vice President and Chairman of MLC's former segment GM Europe effective June 1, 2004. On January 1, 2006, Mr. Henderson was appointed Vice Chairman and Chief Financial Officer of MLC. He became President and Chief Operating Officer for Motors Liquidation on March 3, 2008 and became President and Chief Executive Officer on March 29, 2009.

E. Neville Isdell was elected to our Board of Directors on July 10, 2009. He was also a member of the Board of Motors Liquidation. Mr. Isdell served as Chairman of The Coca-Cola Company from July 2008 until his retirement in April 2009. Prior to that, he held the offices of Chairman and Chief Executive Officer from 2004 to 2008. From 2002 to May 2004, he was an International Consultant to the Coca-Cola Company and head of his investment company.

Robert D. Krebs was elected to our Board of Directors on July 20, 2009 with his term beginning on July 24, 2009. He served as Chairman of Burlington Northern Santa Fe Corporation (BNSF) from December 2000 until his retirement in 2002. Prior to that, he served as Chairman and Chief Executive Officer of BNSF from June 1999 until 2000. He held the offices of Chairman, President and Chief Executive Officer from 1997 to 1999. Mr. Krebs is currently a director of UAL Corporation.

Kent Kresa was elected to our Board of Directors on July 10, 2009. He was also a member of the Board of Motors Liquidation and served as interim non-executive Chairman from March 29, 2009 to July 10, 2009. Mr. Kresa has served as Chairman Emeritus of Northrop Grumman Corporation since 2003. He held the offices of Chairman and Chief Executive Officer from 1990 to 2003. He currently serves as Chairman of the Board of Directors for Avery Dennison Corporation and as a director for Fluor Corporation and MannKind Corporation.

Philip A. Laskawy was elected to our Board of Directors on July 10, 2009. He was also a member of the Board of Motors Liquidation. Mr. Laskawy served as Chairman and Chief Executive Officer of Ernst & Young LLP from 1994 to 2001. Since September 2008, he has served as non-executive Chairman of the Board of Directors for the Federal National Mortgage Association and as a director for Henry Schein, Inc., Lazard Ltd, and Loews Corporation.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Kathryn V. Marinello was elected to our Board of Directors on July 10, 2009. She was also a member of the Board of Motors Liquidation. Ms. Marinello has served as Chairman and Chief Executive Officer of Ceridian Corporation, an information services company in the human resource, retail, and transportation markets, since December 2007. Prior to that, she held the offices of President and Chief Executive Officer from 2006 to 2007. Before joining Ceridian, Ms. Marinello served as President and Chief Executive Officer for GE Fleet Services, a division of General Electric Company, from 2002 to October 2006.

Patricia F. Russo was elected to our Board of Directors on July 20, 2009 with her term beginning on July 24, 2009. She served as Chief Executive Officer of Alcatel-Lucent from 2006 to 2008. Prior to the merger of Alcatel and Lucent in 2006, she served as Chairman and Chief Executive Officer of Lucent Technologies, Inc., from February 2003 to 2006 and President and Chief Executive Officer from 2002 to 2003. She was President and Chief Operating Officer of Eastman Kodak Company from March 2001 to December 2001. Ms. Russo is currently a director for Alcoa Inc., and Schering-Plough Corporation.

Carol M. Stephenson was elected to our Board of Directors on July 20, 2009 with her term beginning on July 24, 2009. She has been Dean of the Richard Ivey School of Business at The University of Western Ontario (Ivey) since 2003. Prior to joining Ivey, Ms. Stephenson served as President and Chief Executive Officer of Lucent Technologies Canada from 1999 to 2003. Ms. Stephenson is currently a director for Intact Financial Services Corporation (formerly ING Canada) and has been a member of the General Motors of Canada Advisory Board.

Edward E. Whitacre, Jr. was elected Chairman of our Board of Directors on July 10, 2009. He is Chairman Emeritus of AT&T Inc., where he served as Chairman and Chief Executive Officer from 2005 until his retirement in June 2007. Prior to the merger with AT&T Inc., Mr. Whitacre served as Chairman and Chief Executive Officer of SBC Communications from 1990 to 2005. He is currently a director of Burlington Northern Santa Fe Corporation and Exxon Mobil Corporation.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Executive Officers of the Company

The names and ages, as of August 7, 2009, of our executive officers, other than Mr. Henderson who is discussed above, and their positions and offices with General Motors are as follows:

<u>Name and (Age)</u>	<u>Positions and Offices</u>
Robert A. Lutz (77)	Vice Chairman, Marketing and Communications
Thomas G. Stephens (60)	Vice Chairman, Global Product Development
Ray G. Young (47)	Executive Vice President and Chief Financial Officer
David N. Reilly (59)	Executive Vice President, GM International Operations
Walter G. Borst (47)	Vice President and Treasurer
Nicholas S. Cyprus (56)	Vice President, Controller and Chief Accounting Officer
Mark R. LaNeve (50)	Vice President, U.S. Sales
Timothy E. Lee (58)	Group Vice President, Global Manufacturing and Labor
Michael P. Millikin (60)	Vice President and General Counsel
John F. Smith (58)	Group Vice President, Corporate Planning and Alliances
Robert E. Socia (55)	Vice President, Global Purchasing and Supply Chain

There are no family relationships, as defined in Item 401 of Regulation S-K, between any of the officers or directors named above, and there is no arrangement or understanding between any of the officers named above and any other person pursuant to which he or she was selected as an officer. Each of the officers named above was elected by the Board of Directors or a committee of the Board to hold office until the next annual election of officers and until his or her successor is elected and qualified or until his or her earlier resignation or removal. The Board of Directors elects the officers immediately following each annual meeting of the stockholders and may appoint other officers between annual meetings.

Robert A. Lutz was named Vice Chairman, Marketing and Communications on August 4, 2009. He was first associated with Motors Liquidation in 1963. Mr. Lutz rejoined Motors Liquidation on September 4, 2001, as Vice Chairman, Product Development, after a career with BMW, Ford, Chrysler and Exide Technologies. He was named Chairman of MLC's former segment GM North America on November 13, 2001, and served in that capacity until April 4, 2005, when he assumed responsibility for MLC's Global Product Development. He was appointed MLC's Vice Chairman and Senior Advisor on April 1, 2009. He also served as president of MLC's former segment, GM Europe, on an interim basis from March to June 2004.

Thomas G. Stephens was named as Vice Chairman, Global Product Development on July 10, 2009. He had been Vice Chairman, Global Product Development for Motors Liquidation since April 1, 2009. Mr. Stephens had been associated with Motors Liquidation since 1969. He was named MLC's Group Vice President for Global Powertrain on July 1, 2001. On January 2, 2007, Mr. Stephens was appointed MLC's Group Vice President Global Powertrain and Global Quality and became MLC's Executive Vice President on March 3, 2008.

Ray G. Young became Executive Vice President and Chief Financial Officer on July 10, 2009. He had been Executive Vice President and Chief Financial Officer for Motors Liquidation since March 3, 2008. Mr. Young had been associated with Motors Liquidation since 1986. He was named Chief Financial Officer of MLC's former segment GM North America on August 1, 2001, and was President and Managing Director of GM do Brasil and Mercosur Operations, beginning in January 2004. He was appointed MLC's Group Vice President, Finance, on November 1, 2007.

David N. Reilly was named Executive Vice President, GMIO on August 4, 2009. He had been associated with Motors Liquidation since 1975. Mr. Reilly served as Vice President, for Sales, Marketing, and Aftersales of MLC's former segment, GM Europe, beginning in August 2001. He was appointed Group Vice President and President, of MLC's former segment, GM Asia Pacific, in July 2006 and had previously been President and Chief Executive Officer of GM Daewoo Auto and Technology Company after leading our transition team in the formation of GM Daewoo beginning in January 2002.

Walter G. Borst was appointed Vice President and Treasurer on August 4, 2009. He had been associated with Motors Liquidation since 1980. From October 2000 to February 2003, Mr. Borst was Executive Director of Finance and Chief Financial Officer for MLC's German subsidiary, Adam Opel AG. He was named Treasurer of Motors Liquidation in February 2003.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Nicholas S. Cyprus was named Vice President, Controller and Chief Accounting Officer on August 4, 2009. He had been associated with Motors Liquidation since December 2006, when he became Controller and Chief Accounting Officer. Prior to joining MLC, he was Senior Vice President, Controller and Chief Accounting Officer for the Interpublic Group of Companies from May 2004 to March 2006. From 1999 to 2004, Mr. Cyprus was Vice President, Controller and Chief Accounting Officer at AT&T Corporation.

Mark R. LaNeve was named Vice President, U.S. Sales on August 4, 2009. He had been associated with Motors Liquidation since 2001. He was appointed General Manager of Cadillac in May 2001 and Vice President of Marketing and Advertising of MLC's former segment GM North America on September 1, 2004. Mr. LaNeve became Vice president, Sales, Service, and Marketing of MLC's former segment GM North America in March 2005.

Timothy E. Lee has been appointed Group Vice President, Global Manufacturing and Labor effective October 1, 2009. He had been associated with Motors Liquidation since 1969. Mr. Lee became Vice President of Manufacturing of MLC's former segment, GM Europe, on June 1, 2002. He was named Vice President, Manufacturing of MLC's former segment GM North America in January 2006.

Michael P. Millikin was appointed Vice President and General Counsel on July 20, 2009. He had been associated with Motors Liquidation since 1977. Mr. Millikin was appointed MLC's Assistant General Counsel in June 2001 and became Associate General Counsel in June 2005. He is a member of the board of directors of GM Daewoo Auto and Technology Company.

John F. Smith was appointed Group Vice President, Planning and Alliances on August 4, 2009. He had been associated with Motors Liquidation since 1968. Mr. Smith became MLC's Group Vice President of North America Vehicle Sales, Service, and Marketing in January 2003 and was named MLC's Group Vice President Global Product Planning in March 2005.

Robert E. Socia was appointed Vice President, Global Purchasing and Supply Chain on July 10, 2009. He had been associated with Motors Liquidation since 1975. Mr. Socia was named MLC's President and Managing Director of GM South Africa in January 2004 and was appointed MLC's Executive Vice President, Shanghai GM on July 1, 2007.

Code of Ethics

We have adopted a code of ethics that applies to our directors, officers, and employees, including the Chairman, President and Chief Executive Officer, the Executive Vice President and Chief Financial Officer, the Controller and Chief Accounting Officer and any other persons performing similar functions. We will provide a copy of the code of ethics without charge upon request to the Corporate Secretary, General Motors Company, Mail Code 482-C38-B71, 300 Renaissance Center, P. O. Box 300, Detroit, MI 48265-3000.

Audit Committee

Our Board of Directors has a standing Audit Committee to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the financial reports and other financial information provided by us to stockholders and others; our system of internal controls; our compliance procedures for the employee code of ethics and standards of business conduct; and our audit, accounting, and financial reporting processes. Prior to July 10, 2009, Erroll B. Davis Jr., Kent Kresa and Philip A. Laskawy comprised the MLC Audit Committee. Our Board of Directors has determined that all of the members of the Committee are independent, financially literate, and have accounting or related financial management expertise as required by the NYSE. The Board of Directors also had determined that Mr. Davis, Mr. Kresa, and Mr. Laskawy (Chair) all qualify as "audit committee financial experts" as defined by the SEC. Currently, Mr. Laskawy serves on the audit committees of four public companies in addition to our Audit Committee. The Board of Directors has determined, in light of Mr. Laskawy's depth of knowledge and experience and time available as a retiree, that this simultaneous service does not impair his ability to function as a member and the Chair of the Audit Committee. On August 4, 2009, the Board of Directors appointed Erroll B. Davis Jr., Kent Kresa, Philip A. Laskawy and Daniel F. Akerson to the Audit Committee.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Executive Compensation

2009 COMPENSATION DISCUSSION AND ANALYSIS

2009 Compensation for Executive Officers

Consistent with the management sacrifices contained in the MLC Restructuring Plan for Long-Term Viability on December 2, 2008, and in recognition of the provisions of the \$13.4 billion secured loan facility subsequently executed with the UST, the MLC Board of Directors voluntarily reduced their total compensation to \$1.00 and at former MLC CEO Richard Wagoner's recommendation, and with the concurrence of the other executives, the MLC Compensation Committee reduced the base salaries of MLC's most senior executives as of January 1, 2009 as follows:

- Mr. Wagoner \$1.00 Annual Salary
- Mr. Henderson 30% Annual Salary Reduction
- Mr. Young 20% Annual Salary Reduction

The remaining three MLC Named Executive Officers (Mr. Osborne, Mr. Forster, and Mr. Cyprus) received 10% salary reductions on May 1, 2009.

UST Loan Agreement Executive Compensation Limitations. Under the terms of the MLC UST Loan Agreement, MLC was required to comply with certain limitations on executive compensation. The most significant of these were:

1. Prohibition of any severance payable to an SEO (Senior Executive Officer who is also a Named Executive Officer) – now expanded to include next five most highly compensated employees (MHCEs), as well;
2. No tax deduction for any compensation in excess of \$500,000 paid to an SEO;
3. Prohibition of any bonus and incentive compensation payments to or accruals for the 25 most highly compensated employees (including the SEOs), unless otherwise approved by the UST Special Master;
4. Prohibition from adopting or maintaining any compensation plan that would encourage manipulation of reported earnings;
5. Clawback of any bonuses or other compensation paid to any SEO in violation of any of the executive compensation provisions of the UST Loan Agreement;
6. Prohibitions on incentives for SEOs that may encourage them to take unnecessary or excessive risks and a requirement that the Committee review SEO compensation arrangements with our chief risk officer within 120 days of entering into the UST Loan Agreement and quarterly thereafter; and
7. Prohibition on owning or leasing private aircraft and limitations on expenditures for corporate events, travel, consultants, real estate, and corporate offices.

These provisions prohibited the payment of all outstanding equity awards granted prior to December 31, 2008 which are disclosed in the following tables to the Named Executive Officers unless approved by the UST Special Master.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Compensation and Staffing Changes Since March 5, 2009

UST Interim Final Rule on the Troubled Asset Relief Program (TARP) Standards for Compensation and Corporate Governance and Appointment of Special Master. On June 10, 2009 the UST released its Interim Final Rule on TARP Standards for Compensation and Corporate Governance, including the appointment of a Special Master and requirements for the approval by him of all compensation plans and payments for our CEOs and the next 20 MHCEs, as well as the compensation structure for our top 100 executives.

On June 1, 2009, General Motors Corporation filed a motion for reorganization under the provisions of Chapter 11 of the United States Bankruptcy Code, as amended. In connection with the bankruptcy proceedings on July 10, 2009 we completed the 363 Sale and executed the UST Credit Agreement by and among the Company and the UST. This loan agreement reiterated the provisions of the prior loan agreement with respect to executive compensation and incorporated the requirements of the TARP Standards.

Our 2009 executive compensation plans are currently under development. All compensation plans and payments to our most senior executives for the remainder of the loan period, which is through July 10, 2015, will be subject to review and approval by the UST Special Master and will be developed and implemented consistent with his direction as required by the terms of our loan agreement and the Interim Final Rule.

Retirement of Mr. Wagoner. On July 14, 2009, the retirement of G. Richard Wagoner, Jr., former Chief Executive Officer and Chairman of the Board of General Motors Corporation (now Motors Liquidation), was announced. Mr. Wagoner retired effective August 1, 2009, and we assumed the obligations under the retirement agreement between Mr. Wagoner and General Motors Corporation (now Motors Liquidation) setting forth the terms of his pension benefits pursuant to the terms of the Salaried Retirement Program (SRP) and the Executive Retirement Plan (ERP).

Appointment of Officers. Also on July 10, 2009, in connection with the closing of the 363 Sale, our Board of Directors appointed Frederick A. Henderson as President and Chief Executive Officer, Ray G. Young as Executive Vice President and Chief Financial Officer and Nicholas S. Cyprus as Controller and Chief Accounting Officer. Mr. Cyprus was named Vice President, Controller and Chief Accounting Officer on August 4, 2009.

Assumption of Certain Compensation Arrangements of Motors Liquidation. In connection with the 363 Sale, we assumed certain of the plans, contracts and arrangements, as amended to date, applicable to the compensation of Motors Liquidation's CEO and senior executives, including Motors Liquidation's senior leadership group. Each of Mr. Henderson, Mr. Young and Mr. Cyprus will initially be paid salaries equal to the salaries paid to them by Motors Liquidation immediately prior to their removal as officers of Motors Liquidation (\$1,260,000, \$720,000 and \$522,000 per year).

Accordingly, in connection with the closing of the 363 Sale, we assumed Motors Liquidation's SRP and ERP, as amended. As of December 31, 2008, the present value of the accumulated benefits with respect to Mr. Henderson, Mr. Young and Mr. Cyprus was \$470,500, \$346,700 and \$2,900, under the SRP and \$3,619,200, \$789,600 and \$54,200, under the ERP. Pursuant to the terms of the amended ERP, to become effective August 1, 2009, the present value of the accumulated benefits with respect to each of the participants thereunder was reduced by 10% in connection with the assumption of the amended ERP by us. As of December 31, 2008, Messrs. Henderson, Young and Cyprus were not eligible to retire under any qualified or non-qualified retirement plan. Upon termination of employment prior to retirement eligibility, Messrs. Henderson and Young are only eligible for a deferred vested benefit from the SRP, reduced for age, if received prior to age 65. Mr. Cyprus does not have a vested benefit under the SRP, so his benefit would be forfeited. In addition, we assumed the ERP Benefit Equalization Plan for Salaried Employees (ERP-BEP). As of December 31, 2008, the aggregate balances in the ERP-BEP accounts of Mr. Henderson, Mr. Young and Mr. Cyprus were \$73,337, \$34,219 and \$16,087.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2009 Compensation Committee

The members of the 2009 Compensation Committee are Patricia F. Russo (Chair), David Bonderman, Robert D. Krebs, and Edward E. Whitacre, Jr.

2009 Certain Relationships

We have adopted written policies and procedures for reviewing and approving transactions we enter into with our related persons, including directors, executive officers and holders of at least 5% of our outstanding common stock, and their immediate family members or affiliates that are identical to those that were in effect in 2008.

2009 Director Independence

For as long as the Stockholders Agreement is in effect, at least two-thirds of the directors must be determined by the Board of Directors to be independent within the meaning of Rule 303A.02 of the NYSE Listed Company Manual.

Our Board's Directors and Corporate Governance Committee assesses the independence of each director and individual nominated for election to the Board and makes recommendations to the Board as to his or her independence using the criteria in the Board's Corporate Governance Guidelines. As part of this analysis, the Committee must review and conclude whether each director who is not currently our employee (1) satisfies the quantitative independence criteria in Section 2.10 of our Bylaws and (2) is free from any qualitative relationship that would interfere with the exercise of independent judgment.

Section 2.10 of the Bylaws incorporates, by reference, the independence criteria of the SEC and NYSE; and the Corporate Governance Guidelines set forth our standards for director independence, which include all the SEC and NYSE requirements. Our Corporate Governance Guidelines provide that an independent director must satisfy all of the following criteria:

- During the past three years, we have not employed the director, and have not employed (except in a non-executive capacity) any of his or her immediate family members.
- During the past three years, the director has not received during any twelve-month period within the last three years, more than \$120,000 in direct compensation from us other than director fees or other forms of deferred compensation. No immediate family members of the director have received any compensation other than for employment in a non-executive capacity.
- (a) The director or an immediate family member is not a current partner of a firm that is our internal or external auditor; (b) the director is not an employee of such a firm; (c) the director does not have an immediate family member who is a current employee of such a firm and personally works on our audit; or (d) the director or an immediate family member was not within the last three years a partner or employee of such a firm and personally worked on our audit within that time.
- During the past three years, neither the director nor any of his or her immediate family members has been part of an "interlocking directorate" in which one of our executive officers serves on the compensation committee (or its equivalent) of another company that employs the director.
- During the past three years, neither the director nor any of his or her immediate family members has been employed (except in a non-executive capacity) by one of our significant suppliers or customers or any affiliate of such supplier or customer. For the purposes of this standard, a supplier or customer is considered significant if its sales to, or purchases from, us represent the greater of \$1 million or 2% of our or the supplier's or customer's consolidated gross revenues.
- During the past three years, neither the director nor any of his or her immediate family members has been associated with a charitable organization that received contributions from us (including the GM Foundation) that exceeded the greater of \$1 million or 2% of the organization's annual total revenues including contributions; or that were otherwise of an amount or nature that impeded the exercise of the director's independent judgment.

In addition to satisfying all of the foregoing requirements, a director or nominee may not be considered independent if he or she has, in the judgment of the Board of Directors, any other "material" relationship with us, other than serving as a director.

In determining if other relationships between our directors and us would interfere with the exercise of independent judgment, the Board of Directors considers the nature of the relationship between our director and the supplier or customer. If our director serves on the board of the other company but is not an employee, the relationship is not deemed to interfere with the exercise of independent judgment unless the company's sales to, or purchases from, us exceed 5% of the annual revenue of either company.

In light of the recent formation of the Company, the recent completion of the 363 Sale, the recent designation of each of the directors to the Board of Directors and the private nature of the Company, the Board of Directors has not completed its analysis of director independence at the time of this filing.

We will provide a copy of our Bylaws and Corporate Governance Guidelines without charge upon request to the Corporate Secretary, General Motors Company, Mail Code 482-C38-B71, 300 Renaissance Center, P. O. Box 300, Detroit, MI 48265-3000.

2009 Non-Employee Director Compensation

Each member of the board who is not an employee of General Motors Company will be paid, in cash, an annual retainer of \$200,000 for service on the board and, if applicable, one or more of the following annual retainers: (1) \$10,000 for service as chair of any board committee; (2) \$20,000 for service on the audit committee of the board; and (3) \$150,000 for service as the Chairman of the board. In addition, until August 1, 2009, the members of the board may be reimbursed for taxes related to income imputed to them for the use of company cars provided to non-employee directors.

AS OF AUGUST 7, 2009, THE EQUITY COMPENSATION PLANS, CORPORATE AIRCRAFT PROGRAM, AND NON-QUALIFIED DEFERRED COMPENSATION PLAN ARE NOT AVAILABLE TO OUR EXECUTIVES. THE FOLLOWING HISTORICAL INFORMATION IS INCLUDED SOLELY FOR THE PURPOSE OF PROVIDING A FRAMEWORK FOR THE COMPENSATION AND BENEFITS PROVIDED TO THE NAMED EXECUTIVE OFFICERS DURING 2008.

PRIOR TO DECEMBER 31, 2008, ALL STOCK AND OPTION AWARDS WERE GRANTED IN OR BASED UPON THE COMMON STOCK OF GENERAL MOTORS CORPORATION (NOW MOTORS LIQUIDATION). OUR MANAGEMENT CONTINUES TO REMIND INVESTORS OF OUR STRONG BELIEF THAT THERE WILL BE NO VALUE FOR THE COMMON STOCKHOLDERS IN THE BANKRUPTCY LIQUIDATION

PROCESS, EVEN UNDER THE MOST OPTIMISTIC OF SCENARIOS. IN THIS CASE, THE STOCK AND OPTION AWARDS WILL HAVE NO VALUE.

2008 COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion of our executive compensation programs and analysis of the compensation decisions affecting MLC's Named Executive Officers during fiscal year 2008. This information, which supports and describes the compensation information in the tables that follow, was previously filed under cover of Form 10-K by General Motors Corporation (now Motors Liquidation Corporation) on March 5, 2009.

2008 Executive Compensation Committee Process and Objectives

The Executive Compensation Committee ensured that our compensation policies and practices support the successful recruitment, development, and retention of executive talent. The Committee reviewed and approved corporate goals and objectives related to compensation for the CEO and senior executives, including our senior leadership group. It also approved benefit and incentive compensation plans of the Corporation and its major subsidiaries that affect employees subject to its review. The members of the Committee were not eligible to participate in any of the compensation plans or programs it administered.

The Committee had the authority under its charter to engage the services of outside advisors. In accordance with this authority, in 2008 the Committee engaged an outside executive compensation consulting firm, Mercer, and independent outside counsel, Davis Polk & Wardwell, both of whom reported directly to the Committee. All work performed by the external advisors was overseen by the Committee. In addition, the Corporations' Global Compensation group worked with these external advisors to ensure that the information, analysis and recommendations put forth to the Committee provide a thorough and objective basis for decision making and reflect internal pay equity considerations. During Committee meetings, our outside advisors participated in discussions to help ensure Committee members had a thorough understanding of the issues under consideration. External advisors may also have been asked during Committee meetings to provide additional materials or analysis to further clarify issues being discussed.

The Executive Compensation Committee invited members of management to its meetings and such other persons as it deemed appropriate in order to carry out its duties and responsibilities. In 2008, the Vice President, Global Human Resources, attended all eight committee meetings as did the Executive Director of our Global Compensation and Corporate Governance group in his capacity as Secretary to the Committee. Our former Chairman and CEO, G.R. Wagoner, Jr., was invited to participate in a portion of all meetings. External advisors to the Committee from Mercer and Davis Polk & Wardwell also participated in these meetings.

The Executive Compensation Committee also met in executive session without members of management, as needed. Executive sessions may or may not include participation by the external advisors as deemed necessary or appropriate by the Committee. External advisors also engaged in discussions with the Committee Chairman and other Committee members without management present as needed throughout the year, to further ensure an open dialogue between the consultants and the Committee.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2008 Compensation Committee

The members of the 2008 Compensation Committee were John H. Bryan (Chair), Erskine B. Bowles, Armando M. Codina, George M.C. Fisher, and Karen Katen. There were no compensation committee interlocks.

Role of Management in Compensation Decisions During 2008

Our former CEO believed compensation plays an important role in aligning and motivating our executive team to achieve key corporate objectives, and so he played an active role in the development of our compensation plans. Mr. Wagoner relied heavily on the information and analysis provided for his consideration by our Vice President, Global Human Resources, and our Executive Director of Global Compensation and Corporate Governance and he reviewed the individual total compensation of our top 300 executives. Our CEO also provided input to the Committee regarding the compensation of Named Executive Officers reporting to him. A broader group of our leaders participated in the administration of our compensation programs by developing individual pay recommendations for executives reporting to them within the funding approved by the Committee. Our Vice President, Global Human Resources, and the Executive Director of Global Compensation and Corporate Governance oversaw the administration of all executive compensation matters within the framework established by the Committee.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2008 Compensation and Benefits Programs

AS OF AUGUST 7, 2009, THE EQUITY COMPENSATION PLANS, CORPORATE AIRCRAFT PROGRAM, AND NON-QUALIFIED DEFERRED COMPENSATION PLAN DESCRIBED BELOW ARE NOT AVAILABLE TO OUR EXECUTIVES. THE FOLLOWING HISTORICAL INFORMATION REFERS TO COMPENSATION PAID BY AND EQUITY AWARDS OF MOTORS LIQUIDATION (FORMERLY GENERAL MOTORS CORPORATION) AND IS INCLUDED SOLELY FOR THE PURPOSE OF PROVIDING A FRAMEWORK FOR THE COMPENSATION AND BENEFITS PROVIDED TO MLC NAMED EXECUTIVE OFFICERS DURING 2008.

PRIOR TO DECEMBER 31, 2008, ALL STOCK AND OPTION AWARDS WERE GRANTED IN OR BASED UPON THE COMMON STOCK OF GENERAL MOTORS CORPORATION (NOW MOTORS LIQUIDATION). OUR MANAGEMENT CONTINUES TO REMIND INVESTORS OF OUR STRONG BELIEF THAT THERE WILL BE NO VALUE FOR THE COMMON STOCKHOLDERS IN THE BANKRUPTCY LIQUIDATION PROCESS, EVEN UNDER THE MOST OPTIMISTIC OF SCENARIOS. IN THIS CASE, THE STOCK AND OPTION AWARDS WILL HAVE NO VALUE.

REFERENCES TO THE EXECUTIVE COMPENSATION COMMITTEE AND THEIR POLICIES AND PRACTICES IN THIS SECTION REFER TO THE MLC COMPENSATION COMMITTEE. IN ADDITION, WE ARE CURRENTLY REEVALUATING OUR POLICIES TO ENSURE THAT THEY WILL BE CONSISTENT WITH THE PROVISIONS OF THE UST LOAN AGREEMENT AND THE INTERIM FINAL RULE.

THE FOLLOWING INFORMATION ON PAGES 43 THROUGH 71, EXCEPT FOR THE BOLD LANGUAGE ON PAGES 54, 58 AND 60, IS HISTORICAL AND WAS PREVIOUSLY FILED UNDER COVER OF FORM 10-K BY GENERAL MOTORS CORPORATION (NOW MOTORS LIQUIDATION COMPANY) ON MARCH 5, 2009.

We use base salary and a variety of short-term incentives, long-term incentives, benefits, and perquisites in our executive compensation program. The following chart provides an overview of our compensation and benefits programs in which our Named Executive Officers participate, and why these particular elements were included. The compensation plans described below are global programs and benefit plan descriptions are based on U.S. programs.

Other Benefits	• Medical, welfare, and other benefits	• All U.S. employees	• Promote health and welfare of GM employees • Competitive practice

2008 Compensation for Named Executive Officers

In 2008 the previous Executive Compensation Committee considered both the overall target compensation opportunity to be provided by fixed (base salary) compensation, as well as long- and short-term incentives, and how that opportunity should be allocated among the different type of incentives. The following were key factors in the Executive Compensation Committee's determination of compensation for our most senior leaders and these were typically our Named Executive Officers. However, due to the unprecedented events in the global financial markets during the latter portion of 2008 and the resulting effect on the price of common stock, the accounting methods required to determine the cost of equity awards attributed to 2008, as required by SEC reporting rules, resulted in several executives appearing in the Summary Compensation Table as Named Executive Officers who were not included in our senior officer compensation planning process. In addition, several other executives who had been Named Executive Officers in prior years and who were included in the planning process for senior officers are not in the table as a result of substantial negative accounting charges for their outstanding equity awards. For 2008, the Named Executive Officers whose compensation is described in this report are:

G. Richard Wagoner, Jr.
 Frederick A. Henderson
 Ray G. Young
 Robert S. Osborne
 Carl-Peter Forster
 Nicholas S. Cyprus

Chairman of the Board and Chief Executive Officer
 President and Chief Operating Officer
 Executive Vice President and Chief Financial Officer
 Group Vice President and General Counsel
 Group Vice President and President GM Europe
 Controller and Chief Accounting Officer

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Business Performance

2008 was a very challenging year for GM around the world, as weak economies, volatile oil prices, burgeoning housing and credit crises, and low consumer confidence depressed sales and consumed cash reserves throughout the global industry. Despite these challenges, GM achieved several important milestones:

- **Product excellence** — In 2008, we extended our commitment to product excellence and design leadership. We began the year by winning the North American Car of the Year with the Chevrolet Malibu and ended the year by winning the prestigious European Car of the Year with the Opel/Vauxhall Insignia. In between, we introduced many world-class cars and trucks around the globe, and won awards for every brand, in every region, including the Cadillac CTS, which was named the 2008 Motor Trend Car of the Year.
- **Advanced Propulsion Technology** — In 2008, we made tremendous progress with our advanced propulsion strategy, including unveiling the production version of the Chevrolet Volt extended range electric vehicle, due in dealer showrooms by the end of 2010. In addition, in the U.S. we now offer 20 models that achieve 30 mpg or more on the highway, more than any other manufacturer; we are the world leader in flex-fuel technology, with more than five million biofuel capable vehicles on the road; we currently offer eight gas-electric hybrids, with more on the way; and we have launched the world's largest test fleet of hydrogen fuel cell vehicles.
- **Restructuring Plan** — In December 2008, we submitted to the U.S. Congress an aggressive and far-reaching restructuring plan that served as the basis for receiving a bridge loan from the U.S. federal government. Our plan dramatically accelerates and expands the restructuring that we've been implementing in North America, and around the globe, for the past several years. In addition to providing for a continued focus on product excellence and advanced propulsion technology, as described above, our plan commits us to further major manufacturing and structural cost reductions, labor cost competitiveness with foreign manufacturers in the U.S., continued consolidation in our supply base, significant restructuring of our balance sheet, especially our unsecured domestic debt and post-retirement healthcare obligations, and substantial reductions in the number of brands, models, and retail outlets.
- **Global Growth** — In 2008, we continued to perform well in emerging markets around the globe. We achieved record sales performances in our Asia Pacific and LAAM regions, and sold more than 2 million vehicles in Europe for the third consecutive year.

Total Compensation Mix

The allocation across our different elements of compensation and benefits is consistent with our philosophy and the practices of our peer companies. A large portion of the compensation opportunity for our Named Executive Officers is variable in nature; our CEO, at 90.0%, has the largest amount of variable target compensation. Importantly, three-quarters of this performance based variable pay is tied directly to the value of our common stock. We believe it is important for our top executives to have a large portion of their pay based on business performance to support a sense of ownership in the financial health of the Corporation. Although we apply no specific formula, positions of increasing scope and impact on strategic decisions should have relatively greater amounts of pay variability and our Committee exercises its judgment in determining these ratios during annual compensation reviews. In finalizing target compensation for each Named Executive Officer, the Committee reviews the relative compensation levels among this group to ensure internal parity and consistency. However, as discussed in the earlier section, "Assessing Compensation Competitiveness", since we establish overall target compensation for each Named Executive Officer with reference to several sources, including the compensation paid for these positions at our peer companies, we do not establish a fixed relationship between the compensation paid to our CEO and the other Named Executive Officers. For 2008, the target compensation mix for our Named Executive Officers was as follows:

Name	Fixed	Variable Based on Performance			Position Level
	Target Base Salary	Annual Incentive	Stock-Based Long-Term Incentives	Total Variable	
	%	%	%	%	
G. R. Wagoner, Jr.	10	16	74	90	CEO

The large amount of performance based pay means that the actual earnings of our top leaders may be significantly different from their target compensation. In addition, the significant portion of variable pay tied to our common stock price performance ensures overall pay levels closely track stockholder returns. The following chart illustrates the difference between target and actual compensation for our CEO in 2008, demonstrating that the actual compensation received, including non-cash benefits, represents only 17.9% of target pay due to the nonpayment of both AIP and equity incentive awards dependent upon common stock price.

**2008 CEO Compensation
Comparison: Total Target Compensation vs. Actual Compensation**

	Salary	Non-Equity Incentive Plan Compensation	TOTAL CASH	Grant Date FV Stock Awards vs. Stock Vested	Grant Date FV Option Awards vs. Options Exercised	TOTAL LTIP	All Other Compensation	TOTAL COMPENSATION

Base Salary

Each year, the Committee reviews the base salaries of the Named Executive Officers and determines whether adjustments are needed based upon market pay levels, the large scope and complexity of their positions, individual performance, and leadership succession plans. In general, we believe that paying base salaries at the high end of market pay levels is the most appropriate approach to help retain executives throughout the business cycle as actual total compensation received can be much lower than competitive levels. Base salary adjustments are generally not made every year.

In early 2008, as part of its annual review of total compensation for Named Executive Officers, the Committee determined that Mr. Wagoner's base salary would be restored to its 2003-2006 level and Mr. Henderson's base salary would be increased to \$1,800,000 in recognition of his election as President and Chief Operating Officer of the Corporation effective March 3, 2008. As noted in our discussion of "2009 Compensation for Executive Officers" later in this section, significant salary reductions, including the reduction of his own base salary to \$1.00, were recommended by Mr. Wagoner and implemented on January 1, 2009, with the approval of the Committee.

The chart below shows the base salary changes for Messrs. Wagoner and Henderson from January 2006 through March 2008.

	January 2006	March 2006	March 2007	March 2008
G. R. Wagoner, Jr.	\$2,200,000	\$1,100,000	\$1,650,000	\$2,200,000
F. A. Henderson	\$1,550,000	\$1,085,000	\$1,318,000	\$1,800,000

In conjunction with this planning process, the Committee also determined that Mr. Young's base salary should be increased to \$900,000 in recognition of his appointment as Chief Financial Officer on March 3, 2008. Mr. Osborne's base salary was increased to \$850,000 on April 1, 2008, and Mr. Cyprus' salary was increased to \$580,000 on July 1, 2008. Mr. Forster's base salary remained unchanged during 2008.

In addition to the adjustments to base salaries described above, equity and non equity incentive compensation opportunities for the Named Executive Officers were adjusted proportionately for 2008. New grants of performance contingent stock options are discussed in "2009 Compensation for Executive Officers" later in this section.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Annual Incentive Plan

The Committee believes that setting meaningful but difficult to achieve performance targets is important to drive improved business performance to necessary levels and ensure that AIP target opportunities continue to be performance based compensation.

This has been our strategy since adopting the current plan design in 1999 and has resulted in the following AIP payouts for Named Executive Officers during the past five years:

AIP Payouts 2004-2008

<u>No Funding/Payout</u>	<u>Below Target</u>	<u>Target</u>	<u>Above Target</u>
2005	2004	None	None
2008	2006*		
	2007		

* Named Executive Officers did not receive an AIP payout, but instead received RSU and CRSU grants.

In order to emphasize the importance of the collective efforts of all GM executives and regional operating performance needed to complete implementation of the GMNA Turnaround Plan and grow our business globally, the Committee again established global financial measures comprising 80% of the overall target for Named Executive Officers. We used adjusted earnings before taxes (EBT) and adjusted operating cash flow as our global metrics because we believe they are the most important indicators of our ability to operate the business profitably and efficiently, to generate cash to fund future products, and preserve the incentive value of our plans as these criteria are most directly within the influence of the executive group.

Market share, external quality measures, and warranty performance, comprise our regional metrics because we believe these measures are key indicators of current customer receptivity of our products and our progress in areas that will encourage future customer purchases of our products. These measures represent 20% of the overall target for our Named Executive Officers.

The Committee may adjust the portion of the fund generated by the actual performance to established measures upward or downward (up to a maximum of 10 percentage points) based on our absolute and relative performance against six of our most significant automotive competitors in areas such as global and regional measures of market share, quality, and productivity. Additionally, for any performance period the Committee may determine that no payments will be made.

The Committee develops individual AIP award targets for each Named Executive Officer with the assistance of data developed by our compensation consultant reflecting annual cash compensation opportunities between the median and top of the third quartile of the compensation paid at peer companies for executives in similar positions. But as discussed above in "AIP Payouts 2004-2008," our actual compensation has frequently been much lower.

2008 Annual Incentive Planning. Within this framework, target funding levels for the 2008 AIP for Messrs. Wagoner, Henderson, Young, Forster, and Osborne were set as described in the following table. The AIP target award for Mr. Cyprus included a 30% individual performance element, with adjusted earnings before taxes and adjusted cash flow each weighted 25%.

FINANCIAL MEASURES = 80% of Total

<u>Performance Level</u>	<u>Funding/Payout Level</u>
EBT = 40%	Cash Flow = 40%
Below threshold	Below threshold improvement
Below target	Below target improvement
At or above target	At or above target improvement
At maximum	At maximum target improvement
	None
	50% to 99%
	100% to 249%
	250%

GENERAL MOTORS COMPANY AND SUBSIDIARIES

AVERAGE OF REGIONAL OPERATIONAL MEASURES = 20% of Total

Performance Levels Vary for Each Region (12 independent measures)			Funding/Payout Level
Market Share = 10%	External Quality = 5%	Warranty = 5%	
Below threshold	Below threshold	Below threshold	None
Below target	Below target	Below target	50% to 99%
At or above target	At or above target	At or above target	100% to 249%
At maximum	At maximum	At maximum	250%

Our Analysis. Although an average of our 2008 results on the various regional operational measures would have yielded a small payout, the Committee determined that based on sharply declining sales volumes resulting in the deterioration of financial performance and the downturn in the global economy, no payouts would be made to Named Executive Officers. In addition, under the terms of the Loan Agreement, any awards payable or accrued under our incentive plan cannot be paid to Named Executive Officers while the loan is outstanding unless approved in writing by the President’s Task Force on Autos.

Long-Term Incentives

All long-term incentives are linked closely to our common stock price because one of our key compensation goals is to maintain a direct link with stockholders’ interests. The Named Executive Officers are eligible to participate in two long-term incentive programs (previously three separate plans):

- The General Motors 2007 Long-Term Incentive Plan (LTIP) under which SPP awards, stock options, and RSUs may be granted; and
- The 2007 CRSU Plan

Each year, the Committee considers both the overall target compensation opportunity to be provided by long-term incentives, and how that opportunity should be allocated among the different types of incentives. As part of this review, the Committee considers market practices, individual performance, retention considerations, succession plans, and any other significant factors such as the business environment, employee relations issues, and public perception. In 2008, based on low historic payout levels and on the difficulty of developing meaningful objectives over a three-year period under volatile economic conditions, the Committee determined that a remix of long-term compensation opportunities would provide greater incentive for most executives and targets were adjusted accordingly.

Stock Performance Program

Since 1999, the SPP has measured long-term performance based on the TSR performance ranking of common stock compared to the TSR performance of all stocks in the S&P 500 Index over a three-year period. This index is used as the point of comparison because it has a broad representation of companies reflecting general economic and market conditions, and because there is no automotive industry index.

Payouts under the SPP are based on our TSR ranking for a three-year period (market price appreciation plus the compounding effect of reinvested dividends) relative to other companies in the S&P 500 Index as shown in this chart:

GM Stock Performance Program

Percentile Ranking	Funding
90 to 100	200%
80 to 89	175%
70 to 79	150%
60 to 69	125%
50 to 59	100%
25 to 49	50%
0 to 24	No Funding

For the 2008-2010 performance period, the Committee determined that SPP grants should continue to be an element of long-term target pay for the Named Executive Officers and retained the TSR metric because it rewards executives for sustained positive stock price performance relative to other companies, an important metric to our stockholders. Each SPP grant may be earned in four discrete installments based on the results of three one-year TSR rankings and one three-year TSR ranking. Each installment, if earned, will be credited as share equivalents and, at the end of the three-year performance period, the value of the number of share equivalents credited (plus dividend equivalents, if any) will be paid in cash based on the common stock price at the end of the performance period.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

For 2008 the Committee decided that the target value of the SPP grants for Messrs. Wagoner and Henderson would be increased to maintain a strong link to the equity of the Corporation. Target awards to other senior executives were decreased.

Our Analysis. Our TSR ranking for the 2006-2008 performance period was below the minimum threshold and no payouts were earned by the Named Executive Officers for that period, as noted in the 2008 Option Exercises and Stock Vested section.

As noted above and shown in the following chart, there have been no SPP payouts in the last five years, although the first discrete installment for the 2007-2009 grant was calculated based on the December 2007 TSR versus the S&P 500 Index and credited in share equivalents for payment at the end of the three-year performance period along with any amounts accumulated for 2009, and the overall 2007-2009 period.

SPP Payouts 2004-2008

<u>No Funding/Payout</u>	<u>Below Target</u>	<u>100%</u>	<u>Above Target</u>
2004	None	None	None
2005			
2006			
2007			
2008			

Stock Options

Stock options are granted as described in the section, "2008 Grants of Plan-Based Awards", to encourage executives' continued focus on improving stock price performance and increasing stockholder value over the long term. This long-term perspective is especially important because the effects of many of our business decisions are not realized until many years later, for example in the areas of energy diversity or alternative propulsion solutions. For this reason, our options have a 10 year term. Although in recent years we have reduced our overall usage of options within the broader executive population to curtail our stock dilution, we have continued to grant stock options because they are generally considered part of a competitive compensation package for our most senior executives.

Our Analysis. For 2008, the Committee determined that stock option grant levels should be increased for the Named Executive Officers in order to continue to provide competitive incentive opportunities. For this reason, Messrs. Wagoner and Henderson were awarded additional grants of performance contingent stock options in amounts of 500,000 shares and 200,000 shares. These new grants were made in recognition of their continued strong leadership and to provide additional incentive and reward for substantially increasing the price of common stock. The options were granted at an exercise price of \$23.13 on the date of grant, March 5, 2008, and following the first anniversary date of the grant, will vest if and when the price of our common stock reaches \$40.00 (173% of the grant date price) prior to March 5, 2013 and this price is maintained for a 10 day period within 30 consecutive trading days. Vested performance options may be exercised through March 5, 2015 (seven year term). Net shares acquired upon exercise must be held for at least a two year period while the executive is actively employed. Shares acquired upon exercise after retirement are not subject to this holding requirement. Options that do not vest before March 5, 2013 will be forfeited.

Messrs. Forster, Osborne, and Cyprus also were awarded proportionately increased option grants of non-qualified and incentive stock options to provide competitive incentive opportunities. Mr. Young's stock option grant was increased to 87,500 options to recognize his increased responsibility and promotion to Chief Financial Officer.

Restricted Stock Units

We grant awards of RSUs that are settled in shares of stock, or in cash, to maintain the link to stockholders' interests. Historically, RSU grants were used on a very limited basis. However, in 2006, the Committee increased their use and approved the use of CRSUs to help both manage dilution of our common stock, as they are settled in cash, and maintain the link to stockholder equity.

Our Analysis. Because we believe it is important to deliver a significant portion of compensation in the form of shares of common stock (rather than cash) to our CEO and COO, they were granted stock-settled RSU award opportunities in 2008 and the remaining Named Executive Officers were granted CRSU awards. The 2008 RSU grants will vest ratably over three years beginning in 2011 for

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Messrs. Wagoner and Henderson and are described in the “2008 Grants of Plan-Based Awards” table. Because of limitations on the number of shares of common stock available in our General Motors 2007 LTIP, Messrs. Young, Forster, Osborne, and Cyprus received grants of CRSUs which will be settled in cash and vest ratably over three years beginning in 2009. The size of each Named Executive Officer’s grant considered factors such as the length of the vesting schedule, the variability and risk inherent in the nature of the award, and competitive compensation factors.

Other Compensation Policies and Programs**Stock Ownership Guidelines**

We have established stock ownership guidelines for the Named Executive Officers that require senior executives to own significant amounts of common stock (excluding stock options) so that their financial interests are linked to those of our stockholders. We measure compliance by reference to a three-year average stock price in order to take into consideration the volatility of the stock market and the long-term holding requirement. Executives are provided an appropriate amount of time to meet the guidelines following appointment and once the guideline is achieved, future fluctuations in stock price are not deemed to affect compliance. However, we may exercise discretion in enforcing the guideline when the accumulation of stock is affected by the price of our common stock, lack of compensation plan payouts, or modifications to benefit plans. Prior to 2008, all of our Named Executive Officers at that time had met their ownership guidelines or were on track to meet them within the timeframe required. With the onset of severe economic and market conditions in 2008, stock ownership guidelines were suspended.

<u>Position</u>	<u>Guideline</u>
Chairman and CEO	Seven times base salary
President and COO, and Vice Chairman	Five times base salary
Executive Vice President	Four times base salary
Group Vice President	Three times base salary

U.S. Retirement Plans and Other Benefits

In early 2006, in support of the GMNA Turnaround Plan, we announced that benefits accumulated under U.S. pension plans then in place would be frozen effective December 31, 2006, and new lower-cost pension plan formulas for U.S. executive and salaried employees would become effective for service on or after January 1, 2007. These plans and resulting benefit amounts for the Named Executive Officers are described in “Retirement Programs Applicable to Executive Officers” and the associated “2008 Pension Benefits” table. The long-term effect of these changes in plan design will significantly reduce pension benefits.

Also, on September 29, 2008, we temporarily suspended all trading into the GM Common Stock Fund, including participant-directed contributions and exchanges. The suspension included employee contributions via payroll, employer matching contributions, exchanges into the fund from other S-SPP and PSP options and loan repayments, and ERP Article III (BEP) matching contributions and exchanges.

Employment Agreements

We believe that continuity in our Senior Leadership Group is in our best interests and those of our stockholders. Historically, we have not entered into employment or severance agreements with executives except in the cases of a mid- or late-career external executive hires or short-term specific retention concerns. We do not have any employment agreements with Messrs. Wagoner, Henderson, or Young that provide them with special compensation arrangements. Employment arrangements with Messrs. Forster, Osborne, and Cyprus, all external hires, are discussed in the “Potential Payments Upon Termination or Change in Control” section.

We do not maintain any plan providing benefits tied to a change-in-control of GM, although each of our incentive plans does contain change-in-control provisions that provide for protection and acceleration of incentive payments under certain conditions as disclosed in the “Potential Payments Upon Termination or Change in Control” section.

We also require each U.S. Named Executive Officer to sign a GM non-competition and non-solicitation agreement whenever he receives a base salary increase. The agreement contains a promise to refrain from working for a competitor or recruiting GM employees for the purpose of employment, directly or indirectly, with any other business venture for two years after leaving GM, or other duration as specified in the employment agreement. Mr. Forster’s non-competition agreement is comprehended by his employment agreement and is one year in duration in a manner consistent with local German law and custom.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Executive Officer Severance Policy

Our executive officers are generally at-will employees who serve at the discretion of the Board. In early 2005, we adopted a policy applicable to executive officers requiring stockholder approval of any severance benefits if:

- The executive's employment was terminated prior to retirement; and
- The present value of the proposed severance benefits would exceed 2.99 times the sum of the executive's annual base salary and target annual incentive.

Certain types of compensation, including payments based on accrued qualified and non-qualified deferred compensation, retirement, or savings plans; payments of accrued salary, bonus, or performance award amounts; or benefits paid under plans in which other employees participate, are not deemed severance benefits under the policy. If the Board determines because of time constraints or other reasons that it would be in the best interests of stockholders, we may enter into a severance agreement with an executive officer that exceeds these limits before stockholder approval can be obtained. Under those circumstances, however, no benefits in excess of this limit may be paid unless and until our stockholders approve the severance agreement. Under the UST Loan Agreement, the payment of severance is prohibited for any SEO.

Recoupment Policy on Unearned Incentive Compensation

In October 2006, our Board adopted and announced a policy regarding the recoupment of unearned compensation applicable to incentive compensation paid to executive officers after January 1, 2007 and unvested portions of awards previously granted in situations involving financial restatement due to employee fraud, negligence, or intentional misconduct. In conjunction with this, the Committee charter was modified to reflect the new policy; and the revised charter and policy were published on our Web site. In addition, we added provisions to all executive incentive and deferred compensation plans to reference Board policies affecting compensation and require that the compensation of all executives covered by this policy be subject to this recoupment clause.

Tax Considerations

Our incentive pay programs include provisions allowing us to comply with regulations under Section 162(m) of the IRC. As a result, we are able to take a tax deduction for performance-based compensation in excess of \$1 million per taxable year paid to the CEO and each of our next three most highly compensated officers (excluding the CFO). The IRC does not permit companies to take a tax deduction for compensation paid in excess of \$1 million unless it is performance based. While we make every effort to ensure we will be able to deduct the compensation we pay, if compliance with Section 162(m) conflicts with our compensation philosophy, or what we believe to be in our best interests and those of our stockholders, we may conclude that paying non-deductible compensation is appropriate in certain circumstances. In reaching this conclusion in any specific situation, we would carefully consider the estimated cost to us of any foregone deduction.

In 2008, all base salaries for Named Executive Officers, up to an individual maximum of \$1 million, were tax deductible. In addition, incentive payments made in March 2008, attributable to awards earned during the 2007 performance period, were fully tax-deductible.

Securities Trading Policy

Under this policy, Named Executive Officers not in possession of material non-public information may generally buy or sell our securities only during specified window periods, but even during such windows, specific approval is required by our Legal Staff. Named Executive Officers in possession of material non-public information that becomes known to the investing public may buy or sell GM securities beginning two days after the date such information has been publicly released.

The policy allows previously established regularly scheduled purchases to continue within the S-SPP, the GM Dividend and Cash Investment Plan, or any DCP, even if a Named Executive Officer is in possession of material non-public information, since the timing of the purchases is not controlled by the executive. However, within these plans executives may not initiate or increase purchases of a relevant GM security or make transfers into or from the relevant GM security while in possession of material non-public information relating to that security. Executives may exercise a stock option utilizing cash or stock while in possession of material non-public information, since no public sale of stock is involved and the option exercise price was pre-established. However, "cashless" stock

GENERAL MOTORS COMPANY AND SUBSIDIARIES

option exercises are not allowed while an executive is in possession of material non-public information since this type of exercise involves a sale of common stock. The Insider Trading Policy, available on our Web site at <http://investor.gm.com>, under "Corporate Governance," further outlines restrictions on trading.

Our securities trading policy covering executive officers prohibits any pledging or hedging of our common stock. No Named Executive Officers pledged or hedged any of their common stock during 2008.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

GENERAL MOTORS COMPANY

AS OF AUGUST 7, 2009, THE EQUITY COMPENSATION PLANS, CORPORATE AIRCRAFT PROGRAM, AND NON-QUALIFIED DEFERRED COMPENSATION PLAN DESCRIBED BELOW ARE NOT AVAILABLE TO OUR EXECUTIVES. THE FOLLOWING HISTORICAL INFORMATION RELATES TO COMPENSATION PAID BY GENERAL MOTORS CORPORATION AND IS INCLUDED SOLELY FOR THE PURPOSE OF DESCRIBING COMPENSATION AND BENEFITS PROVIDED TO NAMED EXECUTIVE OFFICERS DURING 2008.

PRIOR TO DECEMBER 31, 2008, ALL STOCK AND OPTION AWARDS WERE GRANTED IN OR BASED UPON THE COMMON STOCK OF GENERAL MOTORS CORPORATION (NOW MOTORS LIQUIDATION). OUR MANAGEMENT CONTINUES TO REMIND INVESTORS OF OUR STRONG BELIEF THAT THERE WILL BE NO VALUE FOR THE COMMON STOCKHOLDERS IN THE BANKRUPTCY LIQUIDATION PROCESS, EVEN UNDER THE MOST OPTIMISTIC OF SCENARIOS. IN THIS CASE, THE STOCK AND OPTION AWARDS WILL HAVE NO VALUE.

* On March 3, 2008 Mr. Henderson was elected President & Chief Operating Officer, and Mr. Young was elected Executive Vice President and Chief Financial Officer.

- (1) As discussed in the CD&A, Messrs. Wagoner and Henderson voluntarily reduced their base salaries on March 1, 2006, as part of a significant cost reduction strategy in support of the GMNA Turnaround Plan, and remained at reduced levels until March 1, 2008.
- (2) Mr. Osborne's bonus payment of \$480,000 payable pursuant to his hiring agreement dated September 1, 2006, has not been paid in light of the terms of the UST Loan Agreement.
- (3) These amounts reflect the accounting cost attributable to the respective years of long-term incentive awards granted to Named Executive Officers for the performance periods 2006-2008, 2007-2009, and 2008-2010 under the SPP and outstanding stock RSUs and CRSUs granted over a period of time.

For Messrs. Wagoner and Henderson, the dollar amounts reflect the effect of liability accounting under FAS 123(R) on outstanding SPP and stock-RSU awards. This value includes adjustments recognized for financial reporting purposes for the fiscal year ended December 31, 2008 and thus includes amounts related to awards granted in and prior to 2008. The negative values reflect the reduction in value and accrued expense during 2008 on these outstanding awards limited to the total expense recognized in prior years and reported in Proxy Statements for prior year's annual meetings. These awards will not be payable until the end of their vesting or performance periods and will continue to change in value during those periods.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2007 and 2006 stock award values for Messrs. Wagoner and Henderson have been adjusted to reflect prior period accounting adjustments related to changes in accounting for stock awards. Mr. Wagoner's previously reported totals were \$2,561,113 for 2007 and \$3,574,594 for 2006. Mr. Henderson's previously reported totals were \$2,058,378 for 2007 and \$1,991,885 for 2006. The values shown in the table reflect the accounting values of outstanding stock awards and do not reflect the actual value to be delivered upon vesting for these awards.

For Messrs. Young, Osborne, Forster, and Cyprus the actual expense allocable to 2008 of their outstanding equity awards was (\$552,416) for Mr. Young; (\$1,034,753) for Mr. Osborne; (\$1,253,994) for Mr. Forster; and (\$313,828) for Mr. Cyprus. However, as these individuals were not previously included in our Proxy Statements, reported values may not be reported as less than zero; therefore they do not reflect the entire decline in the value of these executives' outstanding awards.

- (4) Amounts shown in this column reflect the expense recognized for financial reporting purposes for the year ended December 31, 2008, in accordance with FAS 123(R) in respect of outstanding stock options granted under the SIP/LTIP including amounts relating to awards granted in and prior to 2008. We describe the grant date fair value of option awards and performance-contingent option awards granted in 2008 to the Named Executive Officers in the 2008 "Grants of Plan Based Awards" table. We recognize the fair value of options over the applicable service period(s) which is generally 3 years unless the recipient is retirement eligible in which case expense recognition is accelerated to the year of retirement eligibility.

In 2008, Mr. Wagoner became retirement eligible under the terms of the SIP/LTIP requiring expense recognition equal to 100% of the grant date fair value of his 2008 option grants and immediate expense recognition of the unamortized expense relating to option awards in 2006 and 2007. None of the other Named Executive Officers were retirement eligible in 2008, thus only the portion of the grant date fair values allocated to 2008 for each of their options granted in 2008, 2007 and 2006 is shown.

- (5) As disclosed in the CD&A, no awards were earned by the Named Executive Officers under the AIP during 2008.
- (6) These amounts represent the actuarial increase in the present value of the executive's accrued pension benefit for 2008 attributed to additional credited service. Since we do not credit interest at above-market rates to DCP accounts, these totals do not include any amounts representing earnings on deferred compensation. Mr. Forster does not participate in the ERP; his pension benefits are determined under the terms of his employment agreement and will reflect a percentage of his base salary at his retirement.
- (7) These amounts include dividend equivalents paid quarterly in cash on undelivered RSUs and CRSUs and the cost to us of providing welfare benefits and personal benefits to the Named Executive Officers as described in the supplemental table below. Payment of dividend equivalents was suspended July 14, 2008, consistent with the announced suspension of future dividends on our common stock.
- (8) This Total includes the incremental increase or decrease in the annual value of future pension benefits and the FAS 123(R) values at December 31, 2008 for incentive grants of stock and option awards made over several years which may not yield a future payout if performance criteria are not achieved.

2008 All Other Compensation Table

Totals for amounts reported as All Other Compensation in the preceding Summary Compensation Table are described below:

	<u>G. R. Wagoner, Jr.</u>	<u>F. A. Henderson</u>	<u>R. G. Young</u>	<u>R. S. Osborne</u>	<u>C. P. Forster</u>	<u>N. S. Cyprus</u>
Perquisites & Other Personal Benefits (1)	455,315	163,285	23,127	21,478	15,580	14,013
Tax Reimbursements (2)	8,714	9,263	6,561	7,232	15,354	11,271
Employer Contributions to Savings Plans (3)	73,330	58,334	27,332	42,029	0	33,579
Life Insurance and Death Benefits (4)	158,299	23,736	5,760	8,280	122,192	9,288

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- (1) See Personal Benefits table below for additional information.
- (2) Includes payments we made on the executives' behalf for the payment of taxes related to executive program vehicles, relocation and moving expenses, and spousal accompaniment on business travel.
- (3) Includes employer contributions to tax-qualified and non-qualified savings and excess benefit plans. For Messrs. Osborne and Cyprus, amounts also include tax-qualified retirement plan contributions and post-retirement healthcare contributions; the non-qualified retirement plan contributions are comprehended in the "2008 Pension Benefits" table. As a non-U.S. employee, Mr. Forster does not participate in these plans.
- (4) Includes Supplemental Life Benefits Program which provides a cash benefit paid upon the death of an active executive at three times annual salary for executives appointed prior to January 1, 1989 and two times annual salary for executives appointed on January 1, 1989 or later. Coverage may be continued in retirement at 3 times annual salary and one times annual base salary. However, beginning May 1, 2009, current and future retirees eligible for a three times annual salary benefit in retirement will have the benefit reduced to 1.5 times annual salary. No income is imputed to the executive and the benefit is taxable as ordinary income to survivors when paid. The associated incremental cost reflects amounts contained in IRS Table 1 for insurance premiums at comparable coverage limits based on the executive's age. The amount reflected for Mr. Wagoner represents our cost of providing a split dollar life insurance policy for him. The benefit includes only the stated face amount of the insurance coverage; however, policy assets are used after specified times to support the premium cost of continued coverage, and we receive a refund of the premiums from the proceeds of the policy upon death.
- (5) The amount shown for Mr. Forster also includes a periodic adjustment for currency exchange fluctuation. The amount for Mr. Cyprus includes reimbursement of commuting expenses from his residence in New Jersey.
- (6) Includes cost of premiums for providing personal umbrella liability insurance and Corporate matching contributions to colleges, universities, and community colleges. The Corporate matching contribution program was suspended effective October 1, 2008, as part of additional structural cost reduction measures. Amounts for each of these items did not exceed \$10,000 for fiscal year 2008 and are therefore aggregated and reported here. For Mr. Cyprus, amount includes annual cash payments to compensate for foregone pension payments of \$36,000 from his previous employer.

Personal Benefits

Amounts shown below for personal benefits include the incremental costs for personal use of company aircraft, executive security services and systems, the executive company vehicle program, financial counseling and executive health evaluations.

	<u>G. R. Wagoner, Jr.</u>	<u>F. A. Henderson</u>	<u>R. G. Young</u>	<u>R. S. Osborne</u>	<u>C. P. Forster</u>	<u>N. S. Cyprus</u>
Aircraft Expense (1)	160,157	37,757	0	0	0	0
Security (2)	270,450	105,015	2,039	0	4,067	0
Company Vehicle (3)	11,513	11,513	11,513	11,513	11,513	11,513
Financial Counseling (4)	12,000	9,000	9,000	9,000	0	2,500
Executive Health Evaluations (5)	1,195	0	575	965	0	0
Total	<u>455,315</u>	<u>163,285</u>	<u>23,127</u>	<u>21,478</u>	<u>15,580</u>	<u>14,013</u>

- (1) As a result of the recommendations by an independent third-party security study, the Board of Directors has encouraged Messrs. Wagoner and Henderson to use corporate aircraft for personal as well as business travel. A spouse could accompany the executive on company business, and imputed income was assessed to the executive with taxes thereon reimbursed by the Corporation if the spouse's attendance was also required for business purposes. Personal use of the Corporation aircraft is valued using an incremental cost method that takes into account variable cost per flight hour, as well as other direct out of pocket expenses; landing, parking, and hangar storage expenses; crew travel expenses; flight expenses associated with portions of a flight with no passengers; catering expenses; any customs, foreign permit, and similar fees; and security costs to secure the aircraft while on the ground.

On December 31, 2008, the Corporation entered into the UST Loan Agreement which requires we take all reasonable steps to divest of any private passenger aircraft or any interest in such aircraft, and prohibits the leasing of private passenger aircraft. As a result, beginning January 1, 2009, Messrs. Wagoner, Henderson, and Young are now permitted to fly first class for international and domestic flights, and Automotive Leadership Group (ALG) members are permitted to fly business class for international and coach class for domestic flights. For those executives covered by the security study, airline club memberships

GENERAL MOTORS COMPANY AND SUBSIDIARIES

are also provided at our expense. All other employees are permitted to fly coach class for domestic flights and business class for international flights of eight hours or more in duration. Other employees who maintain airline club memberships must do so at their own expense.

- (2) As part of the comprehensive security study noted above, residential security systems and services are maintained for Messrs. Wagoner and Henderson and chauffeured vehicles are available for business-related functions. Chauffeuring costs associated with daily commuting are deemed personal benefits, and, as such, are imputed as income to the executives and are included in these security expenses. In 2008 they totaled \$16,156 for Mr. Wagoner and \$19,375 for Mr. Henderson. The associated cost of the residential systems includes the actual costs of installation and monitoring of security systems and allocation of staffing expenses for personal protection.
- (3) Includes the incremental cost to maintain the executive company vehicle program fleet which is allocated to each executive and includes lost sales opportunity and incentive costs, if any; fuel, maintenance, and repair costs; insurance claims, if any; licensing and registration fees; and use taxes. Executives electing to participate in the program are required to purchase or lease at least one GM vehicle every four years and asked to evaluate the vehicles they drive, thus providing feedback about our products. Participants are required to pay a monthly administration fee of \$300 and are charged with imputed income based on the value of the vehicle they choose to drive. Participants are reimbursed for taxes on this income, subject to a maximum vehicle value. Beyond this maximum amount, taxes assessed on imputed income are the responsibility of the participant.
- (4) Costs associated with financial counseling and estate planning services with one of several approved providers.
- (5) Cost of medical services we incurred in providing executive health evaluations with one of several approved providers.

2008 GRANTS OF PLAN-BASED AWARDS

As described in the CD&A, we provide several incentive award opportunities to executives, designed to reward both short-term and long-term business performance, and create a close alignment between incentive compensation and stockholders' interests. The following table provides information on non-equity incentive plan awards, stock performance units, RSUs, CRSUs, and stock options granted in 2008 to each of our Named Executive Officers. Although grant date fair value is shown in the table for these stock and option awards, there can be no assurance that these values will be the values actually realized during the terms of these grants. The amounts expensed for the equity awards during 2008 are shown in the "Stock Awards" and "Option Awards" columns in the "2008 Summary Compensation Table".

Annual Incentive Plan. Target awards were established for 2008, consistent with past practice, for possible delivery in early 2009 under the 2007 AIP. Any payout at the end of the period is determined based on the achievement of established performance targets as described in CD&A; up to a maximum of \$7.5 million for any plan participant. Our overall performance for 2008 did not generate annual incentive funding for the Named Executive Officers and there were no payouts under the plan.

Stock Performance Program. Awards have been made annually to all senior executives. Grants are expressed as units of stock so the value of the grant is impacted by the change in our stock price over the performance period. If our TSR performance compared to the S&P 500 Index is sufficient to generate a payout, individual awards are based on the percentile TSR achieved and the original grant level. Any payouts include dividend equivalents (if a dividend is declared) for the performance period paid on the number of units ultimately earned. No dividends are paid during the performance period. Beginning with grants made in 2005, any final awards are paid in cash.

The 2008-2010 SPP target awards were granted to our approximately 300 senior executives, including Named Executive Officers. Although grants are made annually, any payout is determined based on the TSR performance ranking of our common stock compared to that of other stocks in the S&P 500 Index over a three-year period. The awards will be denominated in units of Common Stock during the performance period but then converted to cash and delivered in one installment if threshold or greater performance is achieved for each performance period. The expense accrued in 2008 for these target shares reported here is reflected in the "Stock Awards" column in the "2008 Summary Compensation Table." The final award value to be delivered at the end of the three-year performance period, if any, will depend on GM's TSR ranking (based on market price appreciation, plus the compounding effect of reinvested dividends) relative to other companies in the S&P 500 Index in accordance with the plan design discussed in the CD&A.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Restricted Stock Units. The Named Executive Officers received RSU and CRSU grants in March 2008. The ultimate value of these awards will depend on our business performance over the next few years and its effect on our common stock price. The grant date fair value per share of these awards was \$23.13. RSUs will vest ratably over three years beginning on the third anniversary date of the grant for Messrs. Wagoner and Henderson and will be paid in the form of stock at the end of the performance period. CRSUs will vest ratably over three years beginning on the first anniversary date of the grant for Messrs. Young, Osborne, Forster, and Cyprus and will be paid in cash at the end of the service period. The size of each Named Executive Officer's grant considered factors such as the length of the vesting schedule and the variability and risk inherent in the nature of the award, and competitive compensation factors.

Stock Options. Stock options are granted annually to approximately 300 senior executives, and periodically, as needed, to senior executive new hires. The Committee approves an annual option grant each year. The grant date is either the same date as the Committee approves the grant or a specific date after the date the Committee acts. The Committee does not grant equity compensation awards or options in anticipation of the release of material non-public information and does not time the release of such information based on equity award grant dates. The Committee also allows up to four more quarterly grants each year for any new hires, if needed. Quarterly grant dates are the first Monday following the fiscal quarter-end. The Committee may approve additional grant dates for executive new hires, if needed. The Committee has never approved a stock option grant with a grant date prior to that of their approval.

The exercise price for all option grants, as provided by the current LTIP, is the average of the high and low common stock price on the date of the grant. The Committee has never approved an option grant price with a price different from that of the average of the high and low stock price on the date of the grant, consistent with the LTIP provisions. We have a clawback provision for our stock options which generally requires that an executive who exercises an option remain employed by GM for 12 months following the date of exercise (unless employment is terminated by death or retirement) or the gain from the option exercise must be repaid to the Corporation. The required period of employment following exercise is six months for outstanding options granted prior to 2002.

Consistent with the UST Loan Agreement, awards disclosed in the following tables are not currently payable to Named Executive officers.

AS OF AUGUST 7, 2009, THE EQUITY COMPENSATION PLANS DESCRIBED IN THE FOLLOWING TABLE ARE NOT AVAILABLE TO OUR EXECUTIVES. THE FOLLOWING HISTORICAL INFORMATION RELATES TO COMPENSATION PAID BY GENERAL MOTORS CORPORATION AND IS INCLUDED SOLELY FOR THE PURPOSE OF DESCRIBING COMPENSATION AND BENEFITS PROVIDED TO NAMED EXECUTIVE OFFICERS DURING 2008.

PRIOR TO DECEMBER 31, 2008, ALL STOCK AND OPTION AWARDS WERE GRANTED IN OR BASED UPON THE COMMON STOCK OF GENERAL MOTORS CORPORATION (NOW MOTORS LIQUIDATION). OUR MANAGEMENT CONTINUES TO REMIND INVESTORS OF OUR STRONG BELIEF THAT THERE WILL BE NO VALUE FOR THE COMMON STOCKHOLDERS IN THE BANKRUPTCY LIQUIDATION PROCESS, EVEN UNDER THE MOST OPTIMISTIC OF SCENARIOS. IN THIS CASE, THE STOCK AND OPTION AWARDS WILL HAVE NO VALUE.

- (1) Award Type: AIP = Annual Incentive Plan Award
SPP = Stock Performance Plan Award
RSU = Restricted Stock Units
CRSU = Cash-Based Restricted Stock Units
SO = Stock Option Grant
Perf SO = Performance-based Stock Option Grant

- (2) On March 3, 2008 the ECC took action to approve stock option and equity award grants to be made on March 5, 2008 in accordance with the cadence and practice described above.
- (3) The exercise price of stock options is the average of the high and low stock price on the grant date (\$23.13). The closing price of Common Stock on the grant date was \$22.97.
- (4) The grant date fair value for the SPP was \$18.43. Grant date fair value for RSUs and CRSUs was \$23.13. Grant date fair value for stock options was \$7.29 and for performance-based stock options, \$7.00.
- (5) The number of target shares for the 2008-2010 SPP is also shown here at a fair value of \$2.67, which is the fair value of these performance shares as of December 31, 2008. If the minimum or threshold performance level is met or exceeded, the percentage of the SPP target award that will eventually be paid to participants will depend on the Corporation's TSR ranking relative to other companies in the S&P 500 Index over the three-year period as described in the CD&A and any earned units will be delivered at the then-current stock price. If the minimum performance level is not met, no awards will be paid. RSU and CRSU awards are also shown here at fair value on December 31, 2008 (\$3.20). Options granted in 2008 (which have not yet vested and are underwater) are shown at their intrinsic value at this date of -0- as the option price (\$23.13) is greater than the December 31, 2008 stock price of \$3.20.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

GENERAL MOTORS COMPANY AND SUBSIDIARIES

OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END 2008

(1) The stock options above were granted to the Named Executive Officers in a combination of non-qualified and Incentive Stock Options (ISOs), up to the IRC maximum limit on ISOs, on the grant dates shown above. Options become exercisable in three equal annual installments commencing on the first anniversary of the date of grant. The ISOs expire ten years from the date of grant, and the non-qualified options expire two days later.

In 2008, Mr. Wagoner was granted 500,000 performance contingent stock options and Mr. Henderson was granted 200,000 performance contingent options, which contain a minimum one-year service vesting (March 5, 2008 – March 5, 2009) followed by a four year performance period (March 5, 2009-March 5, 2013). The stock options contain a single performance trigger which will vest all options if the price of our common stock is equal to or greater than \$40 during any consecutive 10 day period during any 30 day trading period commencing after March 5, 2009. Once the performance requirement is met, the options become exercisable at any time through the seventh anniversary of the option grant (March 5, 2015). After exercise, net shares must be held for two years while an active employee. If the performance trigger is not met by the fifth anniversary of the stock option grant (March 5, 2013), the stock options will expire.

(2) Dividend equivalents were paid quarterly until suspended on July 14, 2008, on these restricted stock units (both stock-settled and cash-settled) and are disclosed as All Other Compensation in the Summary Compensation Table. For Messrs. Wagoner and Henderson amounts for 2008 reflect RSU grants vesting ratably beginning on the third anniversary of the date of the grant and will be delivered in the form of shares of our common stock on the following schedule: one-third of the grant will vest and be delivered on each of the following dates: March 5, 2011, March 5, 2012 and March 5, 2013. 2008 awards also include CRSU grants vesting over three years for Messrs. Young, Osborne, Forster, and Cyprus. Amounts for 2007 reflect RSU grants vesting over five years for Messrs. Wagoner and Henderson, and CRSU grants vesting over three years for Messrs. Young, Osborne, Forster, and Cyprus. Mr. Wagoner's awards also include 21,710 shares for outstanding fourth installments of Performance Achievement Plan (PAP) awards for the performance periods 1995-1997, 1994-1996, 1993-1995, and 1992-1994 that will be settled at retirement.

125,000 RSUs previously reported for Mr. Wagoner have been removed from this table as it has been determined that they vested at grant on January 21, 2003. These undelivered shares will be payable upon mutual separation or retirement. Until suspended on July 15, 2008, dividend equivalents were paid quarterly on these vested, but undelivered, shares.

Additional information regarding awards and vesting schedules are included in the table below.

(3) Amounts reflect unvested long term incentive awards granted to Named Executive Officers. Award opportunities cover the 2008-2010 and 2007-2009 performance periods and were granted under the General Motors 2002 and 2007 Long-Term Incentive Plan as described in the CD&A. Each unit in the table refers to a share of our common stock and, if earned, will be payable in cash. The awards are valued based on the closing price of our common stock on December 31, 2008 (\$3.20).

Beginning with the 2007-2009 plan, each SPP grant may be earned in four discrete installments based on the TSR ranking results of three one-year periods and one three-year period. Each installment, if earned, is credited as share equivalents and, at the end of the three-year performance period, the value of the number of share equivalents credited (plus dividend equivalents) will be paid in cash based on the stock price at the end of the performance period.

The first discrete installment for 2007 was calculated at threshold performance based on the December 2007 TSR versus the S&P 500 Index and credited in share equivalents for payment at the end of the three-year performance period along with any amounts computed for 2009 and the overall 2007-2009 period. Based on plan performance, no amount was credited for the 2008 period. Thus, the shares shown for the 2007-2009 plan reflect three of four installments at the threshold (50%) level.

For the 2008-2010 plan, no amount was credited for the 2008 period, and the shares shown also reflect three of four remaining installments at the threshold (50%) level.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

2008 Option Exercises and Stock Vested

[a] Name	Option Awards		Stock Awards	
	[b] Number of Shares Acquired on Exercise (#)	[c] Value Realized on Exercise (\$)	[d] Number of Shares Acquired on Vesting (#)	[e] Value Realized on Vesting (\$)
G. R. Wagoner, Jr.	0	0	19,000	363,850
F. A. Henderson	0	0	12,000	229,800
R. G. Young	0	0	6,819	145,089
R. S. Osborne	0	0	16,667	247,759
C. P. Forster	0	0	13,334	255,346
N. S. Cyprus	0	0	3,090	59,174

The Named Executive Officers earned no payouts under the LTIP for the 2006-2008 performance period and exercised no stock options. In addition, Messrs. Wagoner, Henderson, and Young, as a group held options to acquire 142,677 shares of Common Stock which expired in 2008. These options were granted on January 12, 1998 at a share price of \$46.59, representing an aggregate grant value of \$6,647,321. The options were not exercised during 2008 because the exercise price exceeded the market price of the common stock during 2008. As a result, the Named Executive Officers did not realize any value from the expired options.

Shares acquired reflect RSUs vesting on March 20, 2008 at a stock price of \$19.15 for Messrs. Wagoner and Henderson, and CRSUs vesting on March 20, 2008 at a stock price of \$19.15 for Messrs. Young, Osborne, Forster, and Cyprus. The awards were made on March 20, 2007 at a grant date fair value of \$29.11, and vest ratably over five years for Messrs. Wagoner and Henderson, and over three years for Messrs. Young, Osborne, Forster, and Cyprus.

In addition, the value realized includes 3,167 CRSUs vesting on February 25, 2008 at a stock price of \$23.73 for Mr. Young which were granted at \$20.90 on February 23, 2006, and 8,333 CRSUs vesting on September 2, 2008 at a stock price of \$10.58 for Mr. Osborne which were granted at \$29.73 on September 1, 2006.

Retirement Programs Applicable To Executive Officers

As announced in 2006, benefit accruals under our U.S. pension plans in place at that time were frozen effective December 31, 2006, and new pension plan formulas for U.S. and Canadian executive and salaried employees became effective for service on and after January 1, 2007. The implementation of these changes will have a significant impact on expected retirement benefit levels for executives, resulting in reductions generally ranging from 18% to greater than 50%, depending on the age of the executive at the time the new plan was implemented.

Benefits for our U.S. executives may be from both a tax-qualified plan that is subject to the requirements of ERISA and from a non-qualified plan that provides supplemental benefits. Tax-qualified benefits are pre-funded and paid out of the trust assets of the Salaried Retirement Program (SRP) for executives with a length of service date prior to January 1, 2001. For executives with a length of service date between January 1, 2001 and December 31, 2006, tax-qualified benefits are pre-funded and paid out of the trust assets of the SRP for service prior to January 1, 2007 and are paid out of the Savings-Stock Purchase Program (S-SPP) for service after December 31, 2006. For executives with a length of service date on or after January 1, 2007, all tax-qualified benefits are paid out of the S-SPP. Non-qualified benefits are not pre-funded and are paid out of our general assets.

U.S. executive employees must be at least age 55 with a minimum of ten years of eligible service to be vested in the U.S. non-qualified ERP, and must have been an executive employee on the active payroll as of December 31, 2006 to be eligible for any frozen accrued non-qualified ERP benefit.

The Board of Directors has delegated to the Executive Compensation Committee discretionary authority to grant additional eligible years of credited service to selected key executives under such terms and conditions as the Executive Compensation Committee determines for purposes of computing the frozen accrued non-qualified benefits for such executives.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Effective for service rendered on and after January 1, 2007, non-qualified retirement benefits for executive employees are determined under one of two methods, depending on an executive's length of service date. With the exception of executives grandfathered under the American Jobs Creation Act of 2004, executives retiring on and after January 1, 2007, will have all vested non-qualified retirement benefits (benefits accrued both before and after January 1, 2007) paid as a five-year annuity. Should the executive die within the five-year period, any remaining five-year annuity payments will be converted to a present value lump sum for payment to the executive's surviving spouse or, in the event there is no surviving spouse, the executive's estate. Should an executive die prior to retirement, any vested non-qualified benefits will be converted to a present value lump sum for payment to the executive's surviving spouse or, in the event there is no surviving spouse, the executive's estate. The interest rate used in determining the non-qualified five-year annuity retirement benefits referenced above is the average of the 30-year U.S. Treasury Securities rate for the month of July and is re-determined annually. This annual interest rate is then effective for retirements commencing October 1 through September 30 of the succeeding year.

For executives with a length of service date prior to January 1, 2001, retirement benefits are calculated using a 1.25% Career Average Pay formula. Tax-qualified benefits will accrue for such executives with respect to the total of actual base salary plus eligible AIP final awards received while employed as an executive for service on and after January 1, 2007 equal to 1.25% of base salary plus eligible AIP final awards received up to the IRC 401(a)(17) compensation limit. Non-qualified benefits will accrue for such executives with respect to the total of actual base salary plus eligible AIP final awards received in excess of the IRC 401(a)(17) compensation limit. Eligible AIP final awards are defined as those paid with respect to annual incentive compensation performance periods commencing on and after January 1, 2007. Pro-rata annual incentive awards attributable to the year of retirement are not used in the calculation of any non-qualified benefits.

For executives with a length of service date on or after January 1, 2001, retirement benefits are accumulated using a 4% defined contribution formula. Tax-qualified benefits are accrued for such executives with respect to the total of actual base salary and eligible AIP final awards received while employed as an executive for service on and after January 1, 2007, consisting of company contributions equal to 4% of base salary and eligible AIP final awards received up to the IRC 401(a)(17) compensation limit. Non-qualified benefits are accrued for executive service on or after January 1, 2007 consisting of notional contributions equal to 4% of base salary and eligible AIP final awards received in excess of the IRC 401(a)(17) compensation limit. Eligible AIP final awards are defined as those paid with respect to annual incentive compensation performance periods commencing on and after January 1, 2007. Pro-rata annual incentive awards attributable to the year of retirement are not used in the calculation of any non-qualified benefits. The notional contributions are credited into an unfunded individual defined contribution account for each executive. These individual accounts are credited with earnings based on investment options selected by the executive from a list approved by the Executive Compensation Committee.

			57,100		0

- (1) Eligible service recognizes credited service under the frozen qualified SRP, in addition to service under the new plan formulas. The 35-year cap on ERP service used in calculating the frozen accrued ERP benefits still applies.
- (2) The present value of the SRP benefit amounts shown takes into consideration the ability of the executive to elect a joint and survivor annuity form of payment. For SRP and ERP benefits, the present value represents the value of the benefit commencing at age 60 (or immediately if over age 60). Benefits and present values reflect the provisions of the SRP and ERP as of December 31, 2008.
- (3) As of December 31, 2008, Mr. Wagoner is eligible to retire under both the qualified and non-qualified GM retirement plans. The amounts shown in Column D represents the present value of benefits accrued through December 31, 2008 payable at age 60 as a lifetime annuity form of payment for the SRP with reduction from age 62 and payable as a five year annuity form of payment for the ERP. The amounts shown in Column E are payable immediately as a lifetime annuity for the SRP and as a five year annuity for the ERP. The amounts in Column F are the present values of the benefits shown in Column E.
- (4) As of December 31, 2008, Messrs. Henderson and Young are not eligible to retire under any qualified or non-qualified retirement plan. Amounts shown in Column D for Messrs. Henderson and Young represent the present value of benefits accrued through December 31, 2008 payable at age 60 as a lifetime annuity form of payment for the SRP with reduction from age 62, and payable as a five year annuity form of payment for the ERP. Upon termination of employment prior to retirement eligibility,

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Messrs. Henderson and Young are only eligible for a deferred vested benefit from the SRP, reduced for age if received prior to age 65. The amount shown in Column E represents the annual deferred vested SRP benefit that would be payable commencing age 65. The present value benefit shown in Column F represents the amount that would be payable per SRP plan rules if taken at year-end 2008 as a lump sum. They would not have been eligible for ERP benefits if service terminated on December 31, 2008.

- (5) Beginning January 1, 2007, benefits for Mr. Osborne are accumulated using the 4% defined contribution formula and are included in the "2008 All Other Compensation Table". The SRP amount shown in Column D only reflects his frozen Account Balance Plan, as valued and payable at age 61 and ten months, as a lifetime annuity. In addition, beginning January 1, 2007, benefits under the ERP for Mr. Osborne are accumulated using the 4% defined contribution formula on the total of actual base and eligible AIP final awards received in excess of the IRS 401(a)(17) compensation limit. The ERP amount in Column D for Mr. Osborne includes his accumulated benefit under the 4% ERP defined contribution formula plus the frozen ERP benefit payable, as valued and payable at age 61 and ten months, as a five-year annuity form of payment. Mr. Osborne would not have been vested and, therefore, would be ineligible for SRP and ERP benefits if his service had terminated on December 31, 2008.
- (6) Mr. Forster does not participate in either the SRP or the ERP; his pension benefits are determined under the terms of his employment agreement described in the "Potential Payments Upon Termination or Change in Control" section that follows and will reflect a percentage of his base salary at the time of his retirement. If Mr. Forster retires prior to attaining age 60, this benefit will be offset by an amount payable from his previous employer.
- (7) Beginning January 1, 2007, benefits for Mr. Cyprus are accumulated using the 4% defined contribution formula and are included in the "2008 All Other Compensation Table". The SRP amount shown in Column D only reflects his frozen Account Balance Plan, as valued and payable at age 63 and seven months, as a lifetime annuity. In addition, beginning January 1, 2007, benefits under the ERP for Mr. Cyprus are accumulated using the 4% defined contribution formula on the total of actual base and eligible AIP final awards received in excess of the IRS 401(a)(17) compensation limit. The ERP amount in Column D for Mr. Cyprus includes his accumulated benefit under the 4% ERP defined contribution formula plus the frozen ERP benefit payable, as valued and payable at age 63 and seven months, as a five-year annuity form of payment. Mr. Cyprus would not have been vested and, therefore, would be ineligible for SRP and ERP benefits if his service had terminated on December 31, 2008.

2008 Non Qualified Deferred Compensation Plans

We maintain two deferred compensation programs for executives, including the Named Executive Officers. The BEP is a non-qualified savings plan designed to allow for the equalization of benefits for highly compensated salaried employees under the SRP and the S-SPP when such employees' contribution and benefit levels exceed the maximum limitations on contributions and benefits imposed by Section 2004 of ERISA, and Section 401(a)(17) and 415 of the IRC. The plan is maintained as an unfunded plan and we bear all expenses for administration of the plan and payment of amounts to participants. Our contributions to employee accounts are invested in one or more of seven investment options, including common stock. Dividend equivalents are credited on share balances for investments in the common stock option. These dividend equivalent credits were suspended on all qualified and non-qualified savings plans and accounts on July 14, 2008.

Also, on September 29, 2008, we temporarily suspended all trading into the GM Common Stock Fund, including participant-directed contributions and exchanges. This included employee contributions via Payroll, employer matching contributions (now suspended), exchanges into the fund from other S-SPP and PSP options and loan repayments, and ERP Article III (BEP) matching contributions (also, suspended) and exchanges.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

The DCP permits senior level executives eligible to defer a portion of their base salary, AIP, SPP, and RSU earnings into the plan. Available investment options include eight investment options, including common stock. No deferrals into the plan have been allowed since December 31, 2005. Dividend equivalents were credited and paid on common stock units until suspended on July 14, 2008. The plan does not provide for interest or earnings to be paid at above-market rates.

The table above reflects year-end balances and executive contributions, company contributions, earnings and any withdrawals during the year for the DCP and BEP for the Named Executive Officers, and vested, but unpaid, RSUs and dividend equivalent earnings thereon. RSU and performance share units were earned and reported as required in the Summary Compensation Table in prior years as described in the table below.

- (1) Mr. Forster does not participate in the U.S. benefit or savings plans, nor in any comparable non-U.S. plans.
- (2) Contributions reported here include amounts for post-retirement health care for Messrs. Osborne and Cyprus and are included in "All Other Compensation" in the Summary Compensation Table. The non-qualified retirement plan contributions are comprehended in the "2008 Pension Benefits" table.
- (3) Year-end account values include restricted stock units based on our common stock closing price on December 31, 2008 (\$3.20). Of the totals here, the following amounts have been reported in the Summary Compensation Table for fiscal year ended 2008 and in prior years:

Name	Reported in 2008 (\$)	Reported in Prior Years(\$)	Total Reported (\$)
G. R. Wagoner, Jr.	64,894	469,733	534,627
F. A. Henderson	47,587	26,499	74,086
R. G. Young	23,996	0	23,996
R. S. Osborne	36,204	0	36,204
N. S. Cyprus	12,881	0	12,881

GENERAL MOTORS COMPANY AND SUBSIDIARIES

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

We maintain compensation and benefit plans that will provide payment of compensation to Named Executive Officers in the event of termination of employment due to retirement, death, mutually-agreed-upon separation, or a change in control of the Corporation. These provisions are generally applicable to all plan participants and are not reserved only for Named Executive Officers. The amount of compensation payable to each Named Executive Officer in these situations is described in the tables that follow.

We do not provide a change in control severance plan for executives, and we utilize employment or severance agreements on an infrequent basis. Employment agreements with Named Executive Officers are described below.

Retirement and Pension Benefits. As described in the “2008 Pension Benefits” discussion, retirement benefits were frozen on December 31, 2006, and eligibility to receive benefits under the non-qualified executive plan is now based on the vesting requirements established under the new plan (age 55 with a minimum of ten years of service) for terminations on and after January 1, 2007. In addition, the SRP provides for the payment of a deferred vested benefit to all salaried employees who terminate employment prior to retirement eligibility based on their compensation and years of service at the time of separation. Normal retirement is defined under the plan as age 65. No other individualized arrangements exist with Named Executive Officers except those disclosed in the “Employment Agreements” section. Pension benefits for Named Executive Officers are described in the “2008 Pension Benefits” table; additional non-qualified benefits may be provided only at the sole discretion of the Executive Compensation Committee, and subject to the terms of the UST Loan Agreement.

As of December 31, 2008, Messrs. Henderson, Young, Osborne, Forster, and Cyprus are not eligible to retire under any qualified or non-qualified retirement plan. Upon termination of employment, Messrs. Henderson and Young could receive a deferred vested benefit from the qualified SRP, reduced for age if received prior to age 65. This benefit is available to any participant in the plan. Their non-qualified benefits would be forfeited. Messrs. Osborne and Cyprus do not have a vested benefit, so their benefits would be forfeited. Mr. Forster does not participate in the ERP; his pension benefits are determined under the terms of his employment agreement described at the end of this section and will reflect a percentage of his base salary at his retirement.

As of December 31, 2008, Mr. Wagoner is eligible to retire pursuant to the provisions of both the qualified SRP and the non-qualified ERP.

Benefits Payable at Death. Upon death of an active employee, we provide one month salary to certain dependents including surviving spouses, members of employee’s family, or other individuals who are to be responsible for payment of funeral expenses. This benefit is provided generally for all salaried employees. In addition, we provide survivors a monthly pension benefit at a rate of 65% of the monthly retirement benefit payable to the employee where the survivor option has been elected. Supplemental Life Benefits are provided for all executives and an individual split-dollar life insurance policy is maintained for Mr. Wagoner. Benefits payable thereunder at December 31, 2008, for Mr. Wagoner were \$11 million.

Insurances and death benefits for Mr. Forster are provided pursuant to the terms of his employment agreement and are discussed in the following section with his employment agreement.

Incentive Plans. Annual incentive awards will be paid pursuant to plan provisions on a pro-rata basis based on actual performance and time worked during the performance period for executives retiring under retirement plan provisions and mutually satisfactory separations.

Outstanding SPP performance awards are paid pursuant to plan provisions as follows: terminations resulting from mutually satisfactory separation will be pro-rated for time worked and paid out at the end of the performance period. Terminations resulting from death will be pro-rated for time worked, will vest immediately, and will be paid out at the forecasted performance as soon as practicable. Outstanding SPP awards for the Named Executive Officers are shown in “Outstanding Equity Awards at Fiscal Year-End 2008” table.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Mr. Wagoner's outstanding fourth installment of Performance Achievement Plan awards for the performance periods 1995-1997, 1994-1996, 1993-1995, and 1992-1994 (21,710 shares) will vest and be delivered at retirement, mutually satisfactory separation, or death.

Outstanding stock option awards and RSUs for the Named Executive Officers are shown in the "Outstanding Equity Awards at Fiscal Year-End 2008" table. Vested stock options remain exercisable for the full remaining term under retirement plan provisions. Outstanding options vest immediately upon death and remain exercisable for three years from the date of death or the original term, whichever comes first. Vested options remain exercisable for the shorter of three years or the full remaining term for mutually satisfactory terminations. Vesting and payout provisions for RSUs are described in footnote (5) in the following table. Options and RSUs are forfeited for all other types of separations.

Vacation Pay. Salaried employees may receive pay in lieu of unused vacation in the calendar year of termination of employment. Totals assume all vacation entitlement has been used as of December 31, 2008.

Health Care Coverage Continuation. Under provisions of the General Motors Salaried Health Care Program covering all U.S. salaried employees, Messrs. Henderson, Young, Osborne, and Cyprus could continue health care coverage as provided under applicable federal laws (i.e., COBRA). Based on his ability to retire, Mr. Wagoner would be eligible to receive financial contributions toward health care coverage in retirement until age 65.

Estimated Separation Payments Upon Termination

	Mutually Satisfactory Termination					Total	For Cause Termination			
	Severance Pay(1)	Stock Options(2)	AIP(3)	SPP Shares(4)	RSU/CRSU(5)		AIP(3)	SPP Shares(4)	RSU/CRSU(5)	Total
G. R. Wagoner, Jr.	—	—	—	\$ 123,402	\$ 243,200	\$ 366,602	—	—	—	—
F. A. Henderson	—	—	—	\$ 26,966	\$ 317,130	\$ 344,096	—	—	—	—
R. G. Young	—	—	—	\$ 4,720	\$ 68,431	\$ 73,151	—	—	—	—
R. S. Osborne	—	—	—	\$ 7,418	\$ 45,421	\$ 52,839	—	—	—	—
C. P. Forster	—	—	—	\$ 10,115	\$ 64,301	\$ 74,416	—	—	—	—
N. S. Cyprus	—	—	—	\$ 3,709	\$ 8,240	\$ 11,949	—	—	—	—

- (1) We are currently prohibited by the Loan Agreement from paying any severance amounts to Named Executive Officers.
- (2) Stock Options — In the case of mutually satisfactory terminations, all vested stock options are retained and remain exercisable for the lesser of three years or the full remaining term, subject to non-compete and other plan provisions. All unvested options are forfeited. In the case of for cause terminations, both vested and unvested options are terminated. On December 31, 2008, all outstanding options were below their exercise price and, thus, there is no value reported here.
- (3) AIP awards paid at the end of the performance period on a pro-rata basis for time worked within the performance period prior to December 31, 2008. Awards are forfeited as a voluntary resignation and in for cause terminations. No value is reported here as no AIP was paid for 2008.
- (4) Includes the 2007 installment earned at threshold level for the 2007-2009 SPP awards payable at the end of the performance period (December 31, 2009) for all Named Executive Officers, and 21,710 outstanding PAP shares to be settled at retirement for Mr. Wagoner. On December 31, 2008, all remaining installments of the 2007-2009 SPP and the entire 2008-2010 SPP award were forecasted at below threshold performance. Awards are forfeited as a voluntary resignation and in for cause terminations.
- (5) Unvested RSUs and CRSUs are shown at December 31, 2008 values and remain subject to restrictions in the UST Loan Agreement. However, RSUs for Messrs. Wagoner (76,000) and Henderson (48,000) will continue to vest and be paid according to the original five-year schedule. For Messrs. Henderson (91,984) and Young (29,412) will vest and be paid as soon as practicable, consistent with the provisions of IRC 409A regulations, on a pro-rata basis. Unvested CRSUs, which were in recognition of forgone bonus in 2006 for Mr. Osborne (7,666) and for Mr. Forster (15,400), will continue to vest and be paid according to original three-year schedule. Unvested CRSUs for Messrs. Young (10,468), Osborne (17,333), Forster (11,266), and Cyprus (6,179) will vest and be paid according to the original three-year schedule on a pro-rata basis.

The table below describes the potential payments upon a change in control assuming the triggering event and separation occurred on December 31, 2008. It should also be noted that these amounts do not include stock options that have already vested and are reported in the "Outstanding Equity Awards at Fiscal Year-End 2008" table, qualified pension plan benefits and ERPs disclosed in the "2008 Pension Benefits" table, or deferred compensation reported in the "2008 Non-Qualified Deferred Compensation" table.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

GM executive incentive plans provide for vesting upon certain change in control events. In particular, pursuant to the AIP and the LTIP, upon a change in control, AIP awards and outstanding 2008-2010 SPP awards would vest and be paid on a pro-rata basis at the greater of threshold or actual performance. Outstanding 2007-2009 SPP awards would vest and be paid on a pro-rata basis at the greater of target or actual performance. Pursuant to the SIP, upon a change in control, outstanding stock options would vest and become immediately exercisable and RSUs would vest and be paid on a pro rata basis. Like our other senior executives, the Named Executive Officers are eligible to participate in these plans.

Effective January 1, 2007, these incentive plans were amended to require both a change in control and a termination of employment or a voluntary quit under the definition of “Good Reason” within three years following the event (double-trigger) to trigger the accelerated payments discussed above. The plans were modified because we believe that the real risk in a change in control situation is the loss of employment, not simply the change in control itself. We believe that the plan modifications are more consistent with best market practices and represent a more balanced approach to change in control protections and those benefit amounts are quantified in the table below.

Executive Benefits and Payments Upon Change in Control

	<u>G. R. Wagoner, Jr.</u>	<u>F. A. Henderson</u>	<u>R. G. Young</u>	<u>R. S. Osborne</u>	<u>C. P. Forster</u>	<u>N. S. Cyprus</u>
Annual Incentive Plan (1)	\$ 1,760,000	\$ 1,215,000	\$ 472,500	—	\$ 509,500	\$ 203,000
Long-Term Incentives (2)						
2006-2008 SPP	—	—	—	—	—	—
2007-2009 SPP	287,610	143,808	25,168	39,549	53,930	19,776
2008-2010 SPP	88,301	58,867	8,832	5,888	7,360	2,944
1992-1997 Undelivered SPP	69,472					
Stock Options						
Unvested and Accelerated (3)	—	—	—	—	—	—
RSUs and CRSUs						
Unvested and Accelerated (4)	243,200	447,949	140,120	40,512	38,339	19,686
Total	<u>\$ 2,448,583</u>	<u>\$ 1,865,624</u>	<u>\$ 646,620</u>	<u>\$ 85,949</u>	<u>\$ 609,129</u>	<u>\$ 245,406</u>

NOTE: The amounts shown above reflect the amounts payable to Named Executive Officers under the terms of our incentive plans. However, amounts actually paid, if any, will require review in light of the terms of the UST Loan Agreement.

- AIP amounts are shown at threshold level. Mr. Osborne’s bonus payment of \$480,000 is payable pursuant to the terms of his employment agreement dated September 1, 2006, and, as such, confers no additional benefit as a result of a change in control.
- SPP awards for 2006-2008: amount shown reflects no payout; 2007-2009: amount shown assumes 100% payout, and for 2008-2010: amount shown assumes 50% payout; the closing price of our common stock on December 31, 2008 (\$3.20) has been used to value the awards and payouts have been pro-rated for time worked during the performance period. Resulting payments are calculated based on the following performance-adjusted equity holdings: Mr. Wagoner, 2006-2008: 0 shares; 2007-2009: 89,878 shares; 2008-2010: 27,594 shares; Mr. Henderson, 2006-2008: 0 shares; 2007-2009: 44,940 shares; 2008-2010: 18,396 shares; Mr. Young, 2006-2008: 0 shares; 2007-2009: 7,865 shares; 2008-2010: 2,760 shares; Mr. Osborne, 2006-2008: 0 shares; 2007-2009: 12,359 shares; 2008-2010: 1,840 shares; Mr. Forster, 2006-2008: 0 shares; 2007-2009: 16,853 shares; 2008-2010: 2,300 shares; and Mr. Cyprus, 2006-2008: 0 shares; 2007-2009: 6,180 shares; 2008-2010: 920 shares.
- All unvested options held by the Named Executive Officers have exercise prices in excess of the closing price of our common stock on December 31, 2008.
- Unvested RSUs for Messrs. Wagoner (76,000) and Henderson (48,000) will continue to vest and be paid according to the original five-year schedule. Unvested RSUs for Messrs. Henderson (91,984) and Young (29,412) will vest and be paid as soon as practicable, consistent with the provisions of IRC 409A regulations. Unvested CRSUs, which were in recognition of foregone bonus in 2006 for Mr. Forster (15,400) and Mr. Osborne (7,666), will continue to vest and be paid according to original three-year schedule. Unvested CRSUs for Messrs. Young (14,376), Osborne (12,660), Forster (11,981), and Cyprus (6,152) will vest and be paid as soon as practicable, consistent with the provisions of IRC 409A regulations on a pro-rata basis.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Employment Agreements

We believe that continuity in our Senior Leadership Group is in our best interests and those of our stockholders. In this regard, each Named Executive Officer has signed a non-competition agreement. Although we have set out the material elements of these arrangements below, we are currently prohibited by the Loan Agreement from paying any severance or bonus and incentive compensation amounts to Named Executive Officers. The Named Executive Officers have waived their contractual entitlement to any payment that would violate the terms of the Loan Agreement.

Carl-Peter Forster In June 2004 we entered into an employment agreement with Carl-Peter Forster, a German citizen, for a term of up to ten years (the contract terminates automatically at the end of the month of Mr. Forster's 60th birthday, May 2014, or earlier in the case of a determination of permanent disability or death). The agreement provides for disability compensation up to a maximum of one year at full base salary and continuation in AIP, LTIP, and CRSU incentive plans under the terms and provisions of those plans. In addition, the agreement provides for pension benefits beginning at age 60 in the amount of 50% of Mr. Forster's annual base salary in the year the contract terminates and provides for a 60% survivor benefit for Mr. Forster's spouse and benefits for children up to the age of 27, subject to a maximum benefit of 90% of the actual age 60 pension amount.

The agreement may be terminated by either party upon the giving of 12 months written notice. Termination of the agreement by Mr. Forster prior to the regular retirement age will result in the immediate lapse of all unexercised stock options, as well as, the recoupment of proceeds from options exercised within the preceding 12 months and shares of our common stock sold if Mr. Forster establishes a working relationship with a competitor and the offset of his GM pension benefit by the benefit amount receivable from his previous employer, BMW.

Robert S. Osborne In July 2006 we entered into an employment agreement with Robert S. Osborne which provided that he would receive an initial annual base salary of \$800,000 with a target bonus of 90% of salary and a guaranteed bonus payment of \$480,000 for 2008. Mr. Osborne's salary will be reviewed periodically by the Executive Compensation Committee and adjusted as necessary. The agreement also provided for SPP grants with a target value of \$550,000 for each of the open periods of the 2005-2007 and 2006-2008 GM Long-Term Incentive Plans, a grant of 120,000 shares of Stock Options on September 1, 2006, and a CRSU grant of 25,000 shares also effective September 1, 2006. The agreement also provided reimbursement for premiums for health care coverage for a three month period for Mr. Osborne and his dependents. In addition, the Executive Compensation Committee agreed in May 2008 to permit Mr. Osborne to become eligible for an Executive Retirement Benefit after completion of a minimum 5 years of eligible service.

Nick S. Cyprus In November 2006 we entered into an employment agreement with Nick Cyprus which provided that Mr. Cyprus receive a one-time lump-sum payment of \$300,000, a portion of which reimbursed him for forfeited equity compensation from his previous employer. In addition, Mr. Cyprus' annual base salary was set at \$550,000 with a target bonus of 70% of salary; a grant of 5,112 shares of our common stock under the 2005-2007 GM Long-Term Incentive Plan; and a grant of 10,649 shares of our common stock under the 2006-2008 GM Long-Term Incentive Plan. Mr. Cyprus also received additional annual cash payments of \$36,000 (2008), \$30,500 (2009), and \$30,500 (2010) to compensate him for foregone pension benefits from his previous employer, and reimbursement for reasonable commuting costs from his residence in New Jersey.

If during the first two years of his employment, Mr. Cyprus' employment is terminated by GM other than for cause or if he resigns for good reason he will receive one times his annual base salary and bonus. If his employment is terminated during the third year he will receive an amount equal to one times his annual base salary. If during the first three years of his employment, Mr. Cyprus' employment is terminated by GM other than for cause or if he resigns for good reason he will also be eligible for a pro-rated annual bonus for the year of termination based on corporate, operational and individual performance per the Annual Incentive Plan provisions.

* * * * *

Certain Relationships and Related Transactions, and Director Independence.

Certain Relationships

We have adopted written policies and procedures for reviewing and approving transactions we enter into with our related persons, including directors, executive officers, and holders of at least 5% of our outstanding common stock, and their immediate family members or affiliates. Our Legal Staff is primarily responsible for developing and implementing a process to obtain information from our directors and executive officers to identify possible related person transactions and to determine based on the facts and circumstances whether such a transaction involves a direct or indirect material interest of us or our related persons. We disclose transactions that are determined to be directly or indirectly material to us or a related person as required by SEC rules. In addition, the Directors and Corporate Governance Committee of our Board is responsible for annually reviewing the independence of each director and the appropriateness of any potential related person transactions and related issues.

Douglas L. Henderson, brother of President and Chief Operating Officer Frederick A. Henderson, is employed by General Motors Corporation. In addition, Juli A. Stephens, sister-in-law of Group Vice President Thomas G. Stephens, and George T. Stephens, Mr. Stephens' brother, are employed by General Motors Corporation. Mr. Douglas Henderson, Ms. Stephens, and Mr. George Stephens each make less than \$210,500 per year, and receive salary and benefits comparable to those provided to other GM employees in similar positions.

Our executive officers have, from time to time, received mortgage loans from GMAC or its subsidiaries or acted as co-signers for loans made to family members. Loans to executive officers were made in the ordinary course of business and on the same terms and conditions, including interest rates and collateral, as those prevailing at the same time for comparable transactions with our other employees, retirees and dealers, which are substantially the same as those offered to unaffiliated customers.

Our policy on loans to our directors and executive officers complies with Sarbanes-Oxley, which generally prohibits public companies from making personal loans to their directors and executive officers. This policy permitted GMAC and its subsidiaries to extend mortgage and auto loans to our directors and executive officers on terms that are appropriate under Sarbanes-Oxley.

David Bonderman is a founding partner of TPG Capital, whose affiliate invests in auto dealerships in Asia representing various vehicle manufacturers. These investments include dealerships in China that sell Chevrolet and Buick brand vehicles under a distribution agreement with Shanghai GM. Under the terms of Shanghai GM's joint venture agreement, we do not control Shanghai GM's distribution activities.

Stephen J. Girsky is President of S.J. Girsky & Co. ("SJG"), which in 2009 received advisory fees of \$400,000 and expense reimbursement of about \$50,000 from Motors Liquidation for consulting services related to strategic alternatives for Saturn. SJG used its fees in part to pay subcontractors for work on the engagement. The Saturn engagement began in early 2009 and was completed before Mr. Girsky was named to our Board of Directors. Under the agreement assumed as part of the asset sale, we are required to pay SJG a \$1 million success fee.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Legal Proceedings

The following section summarizes material pending legal proceedings to which the Company is a party, other than ordinary routine litigation incidental to the business. We and the other defendants affiliated with us intend to defend all of the following actions vigorously.

Canadian Export Antitrust Class Actions

Approximately eighty purported class actions on behalf of all purchasers of new motor vehicles in the United States since January 1, 2001, have been filed in various state and federal courts against General Motors Corporation, GMCL, Ford Motor Company, Chrysler, LLC, Toyota Motor Corporation, Honda Motor Co., Ltd., Nissan Motor Company, Limited, and Bavarian Motor Works and their Canadian affiliates, the National Automobile Dealers Association, and the Canadian Automobile Dealers Association. The federal court actions have been consolidated for coordinated pretrial proceedings under the caption *In re New Market Vehicle Canadian Export Antitrust Litigation Cases* in the U.S. District Court for the District of Maine, and the more than 30 California cases have been consolidated in the California Superior Court in San Francisco County under the case captions *Belch v. Toyota Corporation, et al.* and *Bell v. General Motors Corporation*. General Motors Corporation's liability in these matters was not transferred to General Motors Company as part of the 363 Sale. GMCL was not part of the General Motors Corporation bankruptcy proceeding and potentially remains liable in all matters. In the California state court cases, oral arguments on the plaintiffs' motion for class certification and defendants' motion in limine will be heard on April 21, 2009. The court ruled that it would certify a class and defendants are preparing a written appeal to the appropriate California court.

The nearly identical complaints alleged that the defendant manufacturers, aided by the association defendants, conspired among themselves and with their dealers to prevent the sale to U.S. citizens of vehicles produced for the Canadian market and sold by dealers in Canada. The complaints alleged that new vehicle prices in Canada are 10% to 30% lower than those in the United States, and that preventing the sale of these vehicles to U.S. citizens resulted in the payment of higher than competitive prices by U.S. consumers. The complaints, as amended, sought injunctive relief under U.S. antitrust law and treble damages under U.S. and state antitrust laws, but did not specify damages. The complaints further alleged unjust enrichment and violations of state unfair trade practices act. On March 5, 2004, the U.S. District Court for the District of Maine issued a decision holding that the purported indirect purchaser classes failed to state a claim for damages under federal antitrust law but allowed a separate claim seeking to enjoin future alleged violations to continue. The U.S. District Court for the District of Maine on March 10, 2006 certified a nationwide class of buyers and lessees under Federal Rule 23(b)(2) solely for injunctive relief, and on March 21, 2007 stated that it would certify 20 separate statewide class actions for damages under various state law theories under Federal Rule 23(b)(3), covering the period from January 1, 2001 to April 30, 2003. On October 3, 2007, the U.S. Court of Appeals for the First Circuit heard oral arguments on our consolidated appeal of the both class certification orders.

On March 28, 2008, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim. The U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On remand, plaintiffs again moved to certify a damages class, and defendants again moved for summary judgment and to strike plaintiffs' economic expert. On July 2, 2009, the court granted one of defendant's summary judgment motions. Plaintiffs are expected to appeal.

American Export Antitrust Class Actions

On September 25, 2007, a claim was filed in the Ontario Superior Court of Justice against GMCL and MLC on behalf of a purported class of actual and intended purchasers of vehicles in Canada claiming that a similar alleged conspiracy was now preventing lower-cost U.S. vehicles from being sold to Canadians. No determination has been made that the case may be maintained as a class action, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

ERISA Class Actions

GMIMCo (General Motors Investment Management Corporation) is one of numerous defendants in several purported class action lawsuits filed in March and April 2005 in the U.S. District Court for the Eastern District of Michigan, alleging violations of ERISA with respect to the Delphi company stock plans for salaried and hourly employees. The cases have been consolidated under the case caption *In re Delphi ERISA Litigation* in the Eastern District of Michigan for coordinated pretrial proceedings with other Delphi

GENERAL MOTORS COMPANY AND SUBSIDIARIES

stockholder lawsuits in which GMIMCo is not named as a defendant. The complaints essentially allege that GMIMCo, a named fiduciary of the Delphi plans, breached its fiduciary duties under ERISA to plan participants by allowing them to invest in the Delphi Common Stock Fund when it was imprudent to do so, by failing to monitor State Street, the entity appointed by GMIMCo to serve as investment manager for the Delphi Common Stock Fund, and by knowingly participating in, enabling or failing to remedy breaches of fiduciary duty by other defendants. No determination has been made that a class action can be maintained against GMIMCo, and there have been no decisions on the merits of the claims. Delphi has reached a settlement of these cases that, if implemented, would provide for dismissal of all claims against GMIMCo related to this litigation without payment by GMIMCo. That settlement has been approved by both the District Judge in the Eastern District of Michigan and the Bankruptcy Judge in the Southern District of New York presiding over Delphi's bankruptcy proceeding. However, implementation of the settlement remains conditioned upon: 1) the resolution of a pending appeal of the district court's approval and; 2) the implementation of Delphi's plan of reorganization approved by the Bankruptcy Court. Accordingly, the disposition of the case remains uncertain, and it is not possible to determine whether liability is probable or the amount of damages, if any.

OnStar Analog Equipment Litigation

Our wholly-owned subsidiary OnStar Corporation are parties to more than 20 putative class actions filed in various states, including Michigan, Ohio, New Jersey, Pennsylvania and California. All of these cases have been consolidated for pretrial purposes in a multi-district proceeding under the caption *In re OnStar Contract Litigation* in the U.S. District Court for the Eastern District of Michigan. The litigation arises out of the discontinuation by OnStar of services to vehicles equipped with analog hardware. OnStar was unable to provide services to such vehicles because the cellular carriers which provide communication service to OnStar terminated analog service beginning in February 2008. In the various cases, the plaintiffs are seeking certification of nationwide or statewide classes of owners of vehicles currently equipped with analog equipment, alleging various breaches of contract, misrepresentation and unfair trade practices. This proceeding is in the early stages of development and has been stayed while the court considers the defendants' motions to dismiss the claims. Class certification motions have not been filed and the parties have completed minimal document discovery. It is not possible at this time to determine whether class certification or liability is probable as to OnStar or to reasonably ascertain the amount of any recoverable damages.

Patent Infringement Litigation

On July 10, 2009, *Kruse Technology Partnership v. General Motors Company* was filed in the U.S. District Court for the Central District of California. In *Kruse*, the plaintiff alleges that we infringed three U.S. patents related to "Internal Combustion Engine with Limited Temperature Cycle" by making and selling diesel engines. The plaintiff has not made a claim for damages in this case. However, in a similar case filed against Motors Liquidation in December 2008, plaintiff said it believes that its royalty damages would be significantly more than \$100 million. In April 2009, the plaintiff filed a separate patent infringement action against DMAX, Inc., the joint venture between Isuzu Motors America, Motors Liquidation and us that manufactures and assembles mechanical and other components of Duramax diesel engines for sale to us. We are defending *Kruse* on several grounds, including non-infringement and invalidity of the patents.

Environmental Matters

Carbon Dioxide Emission Standard Litigation

In a number of cases, we and the Alliance of Automobile Manufacturers, the Association of International Automobile Manufacturers, Chrysler, and various automobile dealers brought suit for declaratory and injunctive relief from state legislation imposing stringent controls on new motor vehicle CO₂ emissions. These cases argue that such state regulation of CO₂ emissions is tantamount to state regulation of fuel economy and is preempted by two federal statutes, the EPCA and the Clean Air Act. California adopted such standards pursuant to its AB 1493 legislation and the California standards which have been adopted by 13 other states.

The cases were brought against: 1) CARB on December 7, 2004, in the U.S. District Court for the Eastern District of California (Fresno Division); 2) the Vermont Agency of Natural Resources and the Vermont Department of Environmental Conservation on November 18, 2005, in the U.S. District Court for the District of Vermont; and 3) the Rhode Island Department of Environmental

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Management on February 13, 2006, in the U.S. District Court for the District of Rhode Island. The cases in Vermont and California were decided at the district court level in 2007. In both cases, the trial courts dismissed the EPCA claims, but the California district court enjoined enforcement of the CO₂ standards under the Clean Air Act unless the EPA approved them under the Clean Air Act. In March 2008, the EPA disapproved the California CO₂ standards. By that time, appeals of the adverse decisions under EPCA were being initiated in California and Vermont. The EPA's action and the California district court's injunction effectively halted implementation of the CO₂ standards in each State that had adopted them.

In January 2009, President Obama directed the EPA to reconsider its disapproval of the California CO₂ standards, and to consider adoption of a national approach to the regulation of vehicle CO₂ emissions that would eliminate any environmental justification for separate state CO₂ standards. In May 2009, we and most of the auto industry agreed to this "National Standard" approach and, as part of that agreement, to discontinue litigation against the state standards if California and other States agreed to treat compliance with any new federal CO₂ standards as compliance with their separate state standards. Under that agreement, California has commenced rulemaking to revise its CO₂ standards, and all pending litigation against state standards in which we are involved has been stayed. The EPA and the NHTSA are now developing the new federal CO₂ standards. The pending lawsuits will be dismissed if the EPA and the NHTSA propose national standards substantially as they have described and California revises its standards according to its commitments. The new federal standards are expected to be published in draft form in late summer or early fall of 2009. California is expected to complete the revision of its standards in late 2009. The EPA granted approval of the current California CO₂ standards in June 2009, pursuant to President Obama's instruction.

Financial Assurance Enforcement

The EPA has notified us that they intend to bring an administrative enforcement action for alleged historic failures to comply with the Resource Conservation and Recovery Act's annual financial assurance requirements. We anticipate that the EPA will seek penalties exceeding \$100,000.

Market Price of and Dividends on the Company's Common Equity and Related Stockholder Matters

Market Information

Our common stock has not been registered under the Securities Exchange Act of 1934, and is not traded on any exchange or other interdealer electronic trading facility. There is no established public trading market for our common stock.

Holders

We have a total of 500,000,000 outstanding shares of common stock which are held by four stockholders of record and a total of 106,060,605 shares of common stock for which warrants are initially exercisable by two stockholders of record. We have a total of 360,000,000 outstanding shares of Series A Preferred Stock which are held by three stockholders of record.

Dividends

Since our formation, we have not paid any dividends on our common stock. We have no current plans to pay any dividends on our common stock. So long as any share of our Series A Preferred Stock remains outstanding, no dividend or distribution may be declared or paid on our common stock unless all accrued and unpaid dividends have been paid on our Series A Preferred Stock. In addition, the UST Credit Agreement and the VEBA Note Agreement contain certain restrictions on our ability to pay dividends, other than dividends payable solely in our common stock.

In particular, each of the UST Credit Agreement and the VEBA Note Agreement provides that we may not pay any such dividends on our common stock unless: no default or event of default has occurred under such agreement and is continuing at the time of such payment; and immediately prior to and after giving effect to such dividend, our consolidated leverage ratio is less than 3.00 to 1.00.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Our payment of dividends in the future, if any, will be determined by our Board of Directors and will be paid out of funds legally available for that purpose.

Equity Compensation Plan Information

We do not have any equity compensation plans.

* * * * *

Recent Sales of Unregistered Securities

On July 10, 2009, in connection with the closing of the 363 Sale, we issued 304,131,356 shares of our common stock to the UST (and all of the shares of our common stock owned by the UST prior to the closing of the transactions were surrendered to us for cancellation), 58,368,644 shares of our common stock to Canada Holdings, 87,500,000 shares of our common stock to the New VEBA and 50,000,000 shares of our common stock to Motors Liquidation.

In addition, on the same date, we also issued 83,898,305 shares of our Series A Fixed Rate Cumulative Perpetual Preferred Stock (Series A Preferred Stock) to the UST, 16,101,695 shares of the Series A Preferred Stock to Canada Holdings and 260,000,000 shares of the Series A Preferred Stock to the New VEBA. The Series A Preferred Stock have a liquidation preference of \$25.00 per share and accrue cumulative dividends at a rate equal to 9.0% per annum (payable quarterly on March 15, June 15, September 15 and December 15) if, as and when declared by our Board of Directors. So long as any share of the Series A Preferred Stock remains outstanding, no dividend or distribution may be declared or paid on our common stock unless all accrued and unpaid dividends have been paid on the Series A Preferred Stock. On or after December 31, 2014, we may redeem, in whole or in part, the shares of Series A Preferred Stock at the time outstanding, at a redemption price per share equal to the sum of: \$25.00 per share; and subject to limited exceptions, any accrued and unpaid dividends.

On July 10, 2009, also in connection with the closing of the 363 Sale, we issued two warrants to Motors Liquidation, one to acquire 45,454,545 shares of our common stock, exercisable at any time prior to the seventh anniversary of issuance, with an exercise price of \$30.00 per share and the other to acquire 45,454,545 shares of our common stock, exercisable at any time prior to the tenth anniversary of issuance, with an exercise price of \$55.00 per share. On July 10, 2009, we also issued a warrant to the New VEBA to acquire 15,151,515 shares of our common stock, exercisable at any time prior to December 31, 2015, with an exercise price set at \$126.92 per share. The number of shares of our common stock underlying each of the warrants issued to Motors Liquidation and the New VEBA and the per share exercise price are subject to adjustment as a result of certain events, including stock splits, reverse stock splits and stock dividends.

The foregoing securities were issued to the UST, Canada Holdings, the New VEBA and Motors Liquidation in connection with the formation of General Motors Company and the completion of the 363 Sale. The consideration paid for these securities with respect to each of the UST, Canada Holdings, the New VEBA and Motors Liquidation is as follows:

UST

- The UST's existing credit agreement with Motors Liquidation;
- The UST's portion of the DIP Facility (other than debt assumed by us or Motors Liquidation wind down facility) and all of the rights and obligations as lender thereunder;
- The warrants previously issued to the UST by Motors Liquidation; and
- Any additional amounts loaned by the UST to Motors Liquidation prior to the closing of the 363 Sale with respect to each of the foregoing UST credit facilities.

Canada Holdings

- Certain existing loans made to GMCL;
- Canada Holding's portion of the DIP Facility (other than debt assumed by us or Motors Liquidation wind down facility); and
- The loans made to us under the Canadian Loan Agreement immediately following the closing of the 363 Sale.

GENERAL MOTORS COMPANY AND SUBSIDIARIES

New VEBA

- The compromise of certain claims against Motors Liquidation existing under the previous settlement agreement between Motors Liquidation and the UAW relating to retiree medical benefits.

Motors Liquidation

- The assets transferred to us pursuant to the Purchase Agreement, offset by the liabilities assumed by us pursuant to the Purchase Agreement.

These securities were issued pursuant to an exemption provided by Section 4(2) under the Securities Act.

* * * * *

Description of Company's Securities

Description of Capital Stock

The following description of our capital stock is based upon our restated certificate of incorporation, as amended (Certificate of Incorporation), our bylaws, as amended (Bylaws), the Stockholders Agreement, the Warrant Agreements dated as of July 10, 2009 between us and U.S. Bank National Association, as Warrant Agent (Warrant Agreements), the Certificate of Designations (Certificate of Designations) for the Series A Preferred Stock and applicable provisions of law, in each case as currently in effect. The following is a description of the material provisions regarding our capital stock contained in the Certificate of Incorporation, Bylaws, Stockholders Agreement, Warrant Agreements and Certificate of Designations and is qualified in its entirety by reference to the provisions of those documents, all of which have been filed as exhibits to this Form 8-K (except for the Warrant Agreements).

Authorized Capital Stock

Our Certificate of Incorporation currently authorizes us to issue 3,500,000,000 shares of capital stock, consisting of:

- 2,500,000,000 shares of common stock, par value \$0.01 per share; and
- 1,000,000,000 shares of preferred stock, par value \$0.01 per share

As of July 10, 2009 the following shares of capital stock were issued and outstanding:

- 500,000,000 shares of common stock;
- 360,000,000 shares of Series A Preferred; and
- Warrants for the exercise of up to 106,060,605 shares of common stock.

Certain Provisions of Our Certificate of Incorporation and Bylaws

Amendments to Our Certificate of Incorporation

Under the Delaware General Corporation Law (DGCL), the affirmative vote of a majority of the outstanding shares entitled to vote and a majority of the outstanding stock of each class entitled to vote is required to amend a corporation's certificate of incorporation. Under the DGCL, the holders of the outstanding shares of a class of our capital stock shall be entitled to vote as a class upon a proposed amendment, whether or not entitled to vote thereon by the certificate of incorporation, if the amendment would:

- Increase or decrease the aggregate number of authorized shares of such class;
- Increase or decrease the par value of the shares of such class; or

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- Alter or change the designations, preferences or special rights of the shares of such class so as to affect them adversely.

If any proposed amendment would alter or change the powers, preferences or special rights of one or more series of any class of our capital stock so as to affect them adversely, but shall not so affect the entire class, then only the shares of the series so affected by the amendment shall be considered a separate class for the purposes of this provision.

Vacancies in the Board of Directors

Our Bylaws provide that any vacancy occurring in our Board of Directors for any reason may be filled by a majority of the remaining members of our Board of Directors then in office, even if such majority is less than a quorum. Each director so elected shall hold office until the expiration of the term of the other directors or until his or her successor is elected and qualified, or until the earlier of his or her resignation or removal.

Special Meetings of Stockholders

Under our Bylaws, special meetings of stockholders may be called at any time by the chairman of the Board of Directors or by a majority of the members of the Board of Directors. Our Bylaws further provide that the Board of Directors shall call a special meeting upon the written request of the record holders of at least 15% of the voting power of the outstanding shares of all classes of stock entitled to vote at such a meeting, subject to certain requirements set forth in our Bylaws that may be applicable to such a written request.

Under the DGCL, written notice of any special meeting must be given not less than 10 nor more than 60 days before the date of the special meeting to each stockholder entitled to vote at such meeting.

Requirements for Notice of Stockholder Director Nominations and Stockholder Business

Prior to an initial public offering, nominations for the election of directors may be made only by the Board of Directors, which nominations shall be consistent with the Stockholders Agreement. The Stockholders Agreement provides that the initial Board of Directors will consist of 10 directors appointed by the UST, one director appointed by Canada Holdings, one director appointed by the New VEBA and our Chief Executive Officer. So long as the New VEBA holds at least 50% of the shares of our common stock it held at the closing of the 363 Sale, the New VEBA shall have the right to designate one nominee to our Board of Directors. Pursuant to the Stockholders Agreement, until an initial public offering, our Board of Directors agrees to nominate and the stockholders agree to appoint the director designated by the New VEBA to our Board of Directors. After an initial public offering, subject to our Board of Directors approval, our Board of Directors shall nominate the New VEBA nominee to be elected a member of the Board of Directors and include the New VEBA nominee in the proxy statement and related materials. So long as Canada Holdings holds at least 50% of the shares of our common stock issued to it at the closing of the 363 Sale and until an initial public offering, Canada Holdings shall have the right to designate one nominee to our Board of Directors, who shall be independent within the meaning of Rule 303A.02 of the NYSE Listed Company Manual. Pursuant to the Stockholders Agreement, our Board of Directors agrees to nominate and the stockholders who are parties to the Stockholders Agreement agree to appoint the director designated by Canada Holdings to our Board of Directors.

For as long as the Stockholders Agreement is in effect, at least two-thirds of the directors must be determined by the Board of Directors to be independent within the meaning of Rule 303A.02 of the NYSE Listed Company Manual. Following an initial public offering, nominations for the election of directors may be made by the Board of Directors in accordance with the Stockholders Agreement or by any stockholder entitled to vote for the election of directors who complies with the applicable notice requirements.

Following an initial public offering, if a stockholder wishes to bring any business before an annual or special meeting or nominate a person for election to our Board of Directors, our Bylaws contain certain procedures that must be followed for the advance timing required for delivery of stockholder notice of such business and the information that such notice must contain. The information required in a stockholder notice includes general information regarding the stockholder, a description of the proposed business and, with respect to nominations for the Board of Directors, certain specified information regarding the nominee(s). In addition to the information required in a stockholder notice described above, our Bylaws require a representation that the stockholder is a holder of our voting stock and intends to appear in person or by proxy at the meeting to make the nomination or bring up the matter specified in the notice. For the timing of the stockholder notice, our Bylaws require that the notice must be received by our secretary:

- In the case of an annual meeting, not more than 180 days and not less than 120 days in advance of the annual meeting; and

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- In the case of a special meeting, not more than 15 days after the day on which notice of the special meeting is first mailed to stockholders.

Prior to an initial public offering, a stockholder need not give notice of his, her or its intent to bring any matter before a meeting of stockholders.

Certain Anti-Takeover Effects of Delaware Law

We are subject to Section 203 of the DGCL. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in various business combination transactions with any interested stockholder for a period of three years following the date of the transaction(s) in which the person became an interested stockholder, unless:

- The transaction is approved by the Board of Directors prior to the date the interested stockholder obtained such status;
- Upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced; or
- On or subsequent to such date the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock which is not owned by the interested stockholder.

A “business combination” is defined to include mergers, asset sales, and other transactions resulting in financial benefit to an “interested stockholder.” In general, an “interested stockholder” is a person who owns (or is an affiliate or associate of the corporation and, within the prior three years, did own) 15% or more of a corporation’s voting stock.

Description of Common Stock

Our only class of common stock is our common stock, par value \$0.01 per share.

Dividends

The DGCL and our Certificate of Incorporation do not require our Board of Directors to declare dividends on our common stock. The declaration of any dividend on our common stock is a matter to be acted upon by our Board of Directors in its sole discretion. We have no current plans to commence payment of a dividend. In addition, the UST Credit Agreement prohibits the payment of dividends on our common stock without first receiving the requisite lender consent under each respective agreement, and the terms of our Series A Preferred Stock prohibit the payment of dividends on our common stock unless all accrued and unpaid dividends on the Series A Preferred Stock are paid in full. Our payment of dividends in the future will be determined by our Board of Directors in its sole discretion and will depend on the satisfaction of our obligations under the UST Credit Agreement, Series A Preferred Stock, business conditions, our financial condition, earnings and liquidity and other factors.

Both the DGCL and our Certificate of Incorporation restrict the power of our Board of Directors to declare and pay dividends on our common stock. The amounts which may be declared and paid by our Board of Directors as dividends on our common stock are subject to the amount legally available for the payment of dividends by us under the DGCL. In particular, under the DGCL, we can only pay dividends to the extent that we have surplus—the extent by which the fair market value of our net assets exceeds the amount of our capital—or to the extent of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. In addition, dividends on our common stock are subject to any preferential rights on any outstanding series of preferred stock or preference stock authorized for issuance by our Board of Directors in accordance with our Certificate of Incorporation. Further, if dividends have been declared but not paid on any outstanding shares of our preferred stock, our Certificate of Incorporation provides that dividends may not be paid on or set apart for the common stock or any series of preference stock until all declared but unpaid dividends on any outstanding shares of our preferred stock have been paid. Also, our Certificate of Incorporation provides that dividends may not be declared on our common stock or any series of preference stock until a sum sufficient for the payment of the next ensuing quarterly dividend of any preferred stock outstanding has been set aside from the surplus or net profits.

Voting Rights

Our Certificate of Incorporation entitles holders of common stock to one vote per share on all matters submitted to our stockholders for a vote. Our common stockholders do not possess cumulative voting rights. This means that holders of more than 50% of our common stock (on a fully diluted basis) voting for the election of directors can elect all of the directors, and holders of the remaining

GENERAL MOTORS COMPANY AND SUBSIDIARIES

shares will not be able to elect any directors. In uncontested elections of directors, those nominees receiving a majority of the votes cast by holders of shares entitled to vote at the meeting shall be elected, although designations of directors will be determined under the Stockholders Agreement, as discussed above. A majority of votes cast means that the number of votes for a director must exceed 50% of the votes cast with respect to that director. Votes against will count as a vote cast with respect to a director, but abstentions will not count as a vote cast with respect to that director. In certain contested elections, the nominees who receive a plurality of votes cast by holders of shares entitled to vote in the election at a meeting shall be elected. Any other corporate action shall be authorized by a majority of the votes entitled to vote at the meeting unless otherwise provided by applicable law.

Pursuant to the Stockholders Agreement, after an initial public offering, the UST and Canada Holdings (Government Holders) will not vote their shares at any meeting (whether annual or special) except in a vote with respect to: (1) any removal of directors; (2) any election of directors; (3) any change of control; (4) any amendment or modification to the Certificate of Incorporation or Bylaws that would affect any matters relating to (1), (2) or (3); and (5) each matter presented to the stockholders of the Company, solely to the extent that the vote of the Government Holders is required for the stockholders to take action at a meeting at which a quorum is present, in the same proportion as the holders of common stock (other than the UST, Canada Holdings, New VEBA and its affiliates and the directors and executive officers of the Company) that were present and entitled to vote on such matter voted in connection with each such matter.

Liquidation Rights

In the event of any liquidation, dissolution or winding up of the Company, the holders of our common stock would be entitled to receive, after payment or provision for payment of all our debts and liabilities, all of our assets available for distribution. Holders of our preferred stock, if any such shares are then outstanding, may have a priority over the holders of common stock in the event of any liquidation or dissolution.

Preemptive Rights

Common stockholders have certain special preemptive rights that may be triggered under the Stockholders Agreement. Pursuant to the Stockholders Agreement, prior to an initial public offering, we will not issue any shares of common stock, unless prior to such issuance, we offer such shares to each holder under the Stockholders Agreement at the same price per share and upon the same terms and conditions. These preemptive rights do not apply to: (1) common stock issued as incentive shares to or for the benefit of employees, officers, directors and other service providers of the Company or any of our subsidiaries in accordance with the terms of the Stockholders Agreement or any of our applicable incentive plans; (2) securities issued upon conversion of convertible or exchangeable securities (including warrants) of the Company or any of our subsidiaries that were outstanding as of the date of the Stockholders Agreement or were not issued in violation of the Stockholders Agreement; and (3) a subdivision of shares of common stock (including any share distribution or split), any combination of shares of common stock (including any reverse share split), shares issued as a dividend or other distribution on the shares of common stock or any recapitalization, reorganization, reclassification or conversion of the Company or any of our subsidiaries.

Description of Preferred Stock

Under our Certificate of Incorporation and the DGCL, our Board of Directors has the authority to issue shares of preferred stock from time to time in one or more series. The certificate of designations establishing a series of preferred stock will describe the terms of the series of preferred stock, including:

- The designation of the series;
- The number of shares of the series;
- The amounts payable on, and the preferences, if any, of shares of the series in respect of dividends, and whether such dividends, if any, shall be cumulative or noncumulative;
- Dates at which dividends, if any, shall be payable;
- The redemption rights and price or prices, if any, for shares of the series;
- The terms and amount of any sinking fund provided for the purchase or redemption of shares of the series;
- The amounts payable on, and the preferences, if any, of shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company;
- Whether the shares of the series shall be convertible into or exchangeable for shares of any other class or series, or any other security, of the Company or any other corporation and, if so, the specification of such other class or series or such other security, the conversion or exchange price or prices or rate or rates, any adjustments thereof, the date or dates at which such shares shall be convertible or exchangeable and all other terms and conditions upon which such conversion or exchange may be made;

GENERAL MOTORS COMPANY AND SUBSIDIARIES

- Restrictions on the issuance of shares of the same series or of any other class or series; and
- The voting rights, if any, of the holders of shares of the series.

Holders of our preferred stock will not be entitled to vote except as may otherwise be provided in the Certificate of Designations establishing a series of preferred stock and except as may otherwise be provided under applicable law.

Description of Series A Preferred

The Certificate of Designations for the Series A Preferred Stock authorizes 360,000,000 shares of Series A Preferred Stock, all of which are currently outstanding.

Ranking

The Series A Preferred Stock ranks senior to the common stock, any preferred stock other than the Series A Preferred Stock and any other class or series of stock that we may issue.

Liquidation Preference

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company's affairs, a holder of Series A Preferred Stock will be entitled to be paid before any distribution or payment may be made to any holders of common stock or any other series of preferred stock: (1) the liquidation preference amount of \$25.00 per share; and (2) the amount of any accrued and unpaid dividends, if any, whether or not declared, prior to such distribution or payment date.

Dividends

Holders of the Series A Preferred Stock are entitled to receive, on each share, if, as and when declared by the Board of Directors or any duly authorized committee of the Board of Directors out of assets legally available, cumulative cash dividends with respect to each quarterly dividend period at a rate of 9.0% per annum on: (1) the liquidation preference amount of \$25.00 per share; and (2) the amount of accrued and unpaid dividends for any prior dividend periods on such share, if any. Unless all accrued and unpaid dividends on the Series A Preferred Stock are paid in full, no dividends may be paid on common stock or any other series of preferred stock, and no shares of common stock or any other series of preferred stock may be repurchased or redeemed by us (subject to certain exceptions that are specified in the Certificate of Designations for the Series A Preferred Stock). Dividends, if declared, will be payable on March 15, June 15, September 15 and December 15 of each year.

Redemption

The Series A Preferred Stock may not be redeemed by us prior to December 31, 2014. On or after December 31, 2014, the Series A Preferred may be redeemed, in whole or in part, for cash at a price per share equal to the \$25.00 per share liquidation amount, plus accrued and unpaid dividends.

Series A Preferred Directors

Whenever, at any time or times, dividends payable on the shares of Series A Preferred Stock have not been paid for an aggregate of six quarterly dividend periods or more, whether or not consecutive, the authorized number of our directors will automatically be increased by two, and the holders of the Series A Preferred Stock will have the right, voting as a class to elect two directors to our Board of Directors to fill the newly created directorships at the next annual meeting of stockholders (or at a special meeting called for that purpose prior to the next annual meeting) and at each subsequent annual meeting of stockholders until all accrued and unpaid dividends for all past dividend periods on all outstanding shares of Series A Preferred Stock have been declared and paid in full.

Class Voting Rights on Certain Matters

The vote or consent of the holders of at least 66 ²/₃% of the shares of the Series A Preferred Stock at the time outstanding, voting as a separate class, shall be necessary for effecting:

- Any amendment or alteration of the Certificate of Designations for the Series A Preferred Stock or our Certificate of Incorporation to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of our capital stock ranking senior to or pari passu with the Series A Preferred Stock with respect to either or both the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of the Company;
- Any amendment, alteration or repeal of any provision of the Certificate of Designations for the Series A Preferred Stock or our Certificate of Incorporation (subject to certain exceptions) so as to adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock; provided, however, that the vote of 100% of the shares of the Series A Preferred Stock at the time outstanding shall be necessary to: (1) reduce the \$25.00 per share liquidation preference amount; (2) reduce the applicable 9.0% dividend rate; (3) provide for the payment of dividends on the Series A Preferred Stock to be made in other than U.S. dollars; (4) change any dividend payment date or the December 31, 2014 first optional redemption date; or (5) make dividends on the Series A Preferred Stock non-cumulative; or
- Any consummation of a binding share exchange or reclassification involving the Series A Preferred Stock, or of a merger or consolidation of us with or into another corporation or other entity, unless in each case: (1) the shares of the Series A Preferred Stock remain outstanding and are not amended in any respect or, in the case of any such merger or consolidation with respect to which we are not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent; and (2) such shares remaining outstanding or such preference securities, as the case may be, have such rights, preferences, privileges and voting powers, and limitations and restrictions thereof, taken as a whole, as are not materially less favorable to the holders thereof than the rights, preferences, privileges and voting powers, and limitations and restrictions thereof, of the Series A Preferred Stock immediately prior to such consummation, taken as a whole;

provided, however, that any increase in the amount of our authorized preferred stock, or the creation and issuance, or an increase in the authorized or issued amount of any other series of our preferred stock, or any securities convertible into or exchangeable or exercisable for any other series of our preferred stock, ranking junior to the Series A Preferred Stock with respect to the payment of dividends (whether such dividends are cumulative or non-cumulative) and the distribution of assets upon liquidation, dissolution or winding up of the Company will not be deemed to adversely affect the rights, preferences, privileges or voting powers, and shall not require the affirmative vote or consent of, the holders of outstanding shares of the Series A Preferred Stock.

Description of the Warrants

Pursuant to the Warrant Agreements, we issued two warrants, each to acquire 45,454,545 shares of common stock, to Motors Liquidation and one warrant to acquire 15,151,515 shares of common stock to New VEBA. The first of the Motors Liquidation Warrants is exercisable at any time prior to July 10, 2016 at an exercise price of \$30.00 per share, and the second of the Motors Liquidation Warrants is exercisable at any time prior to July 10, 2019 at an exercise price of \$55.00 per share. The New VEBA

GENERAL MOTORS COMPANY AND SUBSIDIARIES

Warrant is exercisable at any time prior to December 31, 2015 at an exercise price of \$126.92 per share. The number of shares of common stock underlying each of the warrants and the per share exercise price thereof are subject to adjustment as a result of certain events specified in the Warrant Agreements, including stock splits, reverse stock splits and stock dividends.

* * * * *

Indemnification of Directors and Officers

We indemnify our directors and officers under Section 145 of the DGCL.

Our Certificate of Incorporation, as amended, provides that no director shall be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability: (1) for any breach of the director's duty of loyalty to us or our stockholders; (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (3) under Section 174, or any successor provision thereto, of the DGCL; or (4) for any transaction from which the director derived an improper personal benefit.

Under Article V of our Bylaws, we shall indemnify and advance expenses to every director and officer in the manner and to the full extent permitted by applicable law as it presently exists, or may hereafter be amended, against any and all amounts (including judgments, fines, payments in settlement, attorneys' fees and other expenses) reasonably incurred by or on behalf of such person in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (a proceeding), in which such director or officer was or is made or is threatened to be made a party or called as a witness or is otherwise involved by reason of the fact that such person is or was a director or officer of ours, or is or was serving at our request as a director, officer, employee, fiduciary or member of any other corporation, partnership, joint venture, trust, organization or other enterprise. We shall not be required to indemnify a person in connection with a proceeding initiated by such person if the proceeding was not authorized by our Board of Directors. We shall pay the expenses of directors and officers incurred in defending any proceeding in advance of its final disposition *provided, however*, that the payment of expenses incurred by a director or officer in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the director or officer to repay all amounts advanced if it should be ultimately determined that the director or officer is not entitled to be indemnified under Article V of the Bylaws or otherwise. If a claim for indemnification or advancement of expenses by an officer or director under Article V of our Bylaws is not paid in full within 90 days after we have received a written claim, the claimant may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action, we shall have the burden of proving that the claimant was not entitled to the requested indemnification or advancement of expenses under applicable law. The rights conferred on any person by Article V of our Bylaws shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of our Certificate of Incorporation or Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

We are insured against liabilities which may be incurred by reason of Article V of our Bylaws. In addition, directors and officers are insured, at our expense, against some liabilities which might arise out of their employment and not be subject to indemnification under Article V of the Bylaws.

Pursuant to the requirements of the Securities Exchange Act of 1934, the company has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

GENERAL MOTORS COMPANY
(Company)

Date: August 7, 2009

By: _____ /s/ NICK S. CYPRUS
Nick S. Cyprus
Controller and Chief Accounting Officer

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION**OF****NGMCO, INC.**

**Pursuant to Sections 242 and 245 of the General
Corporation Law of the State of Delaware**

NGMCO, Inc., a corporation organized and existing under the laws of the State of Delaware, hereby certifies as follows:

1. The name of the corporation is NGMCO, Inc. The date of filing of its original Certificate of Incorporation with the Secretary of State was June 17, 2009.

2. This Amended and Restated Certificate of Incorporation amends and restates the provisions of the Certificate of Incorporation of this corporation, as heretofore amended or supplemented.

3. The text of the Certificate of Incorporation is hereby amended and restated to read in its entirety as follows:

FIRST. The name of the corporation is General Motors Company (the "Corporation").

SECOND. The address of the Corporation's registered office in the State of Delaware is 1209 Orange Street, in the City of Wilmington, County of New Castle. The name of its registered agent at such address is The Corporation Trust Company.

THIRD. The purpose of the Corporation is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law of the State of Delaware.

FOURTH. The total number of shares of capital stock which the Corporation shall have authority to issue is 3,500,000,000, consisting of 1,000,000,000 shares of Preferred Stock, par value \$0.01 per share (hereinafter referred to as "Preferred Stock"), and 2,500,000,000 shares of Common Stock, par value \$0.01 per share (hereinafter referred to as "Common Stock").

The Preferred Stock may be issued from time to time in one or more series. The Board of Directors is hereby authorized to provide for the issuance of shares of Preferred Stock in one or more series and, by filing a certificate pursuant to the applicable law of the State of Delaware (hereinafter referred to as "Preferred Stock Designation"), to establish from time to time the number of shares to be included in each such series, and to fix the designation, powers,

preferences and rights of the shares of each such series and the qualifications, limitations and restrictions thereof. The authority of the Board of Directors with respect to each series shall include, but not be limited to, determination of the following:

(a) The designation of the series, which may be by distinguishing number, letter or title.

(b) The number of shares of the series, which number the Board of Directors may thereafter (except where otherwise provided in the Preferred Stock Designation) increase or decrease (but not below the number of shares thereof then outstanding).

(c) The amounts payable on, and the preferences, if any, of shares of the series in respect of dividends, and whether such dividends, if any, shall be cumulative or noncumulative.

(d) Dates at which dividends, if any, shall be payable.

(e) The redemption rights and price or prices, if any, for shares of the series.

(f) The terms and amount of any sinking fund provided for the purchase or redemption of shares of the series.

(g) The amounts payable on, and the preferences, if any, of shares of the series in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation.

(h) Whether the shares of the series shall be convertible into or exchangeable for shares of any other class or series, or any other security, of the Corporation or any other corporation and, if so, the specification of such other class or series or such other security, the conversion or exchange price or prices or rate or rates, any adjustments thereof, the date or dates at which such shares shall be convertible or exchangeable and all other terms and conditions upon which such conversion or exchange may be made.

(i) Restrictions on the issuance of shares of the same series or of any other class or series.

(j) The voting rights, if any, of the holders of shares of the series.

The Common Stock shall be subject to the express terms of the Preferred Stock and any series thereof. Except as may otherwise be provided in this Certificate of Incorporation, in a Preferred Stock Designation or by applicable law, the holders of shares of Common Stock shall be entitled to one vote for each such share upon each matter presented to the stockholders, the Common Stock shall have the exclusive right to vote for the election of directors and for all other purposes, and holders of Preferred Stock shall not be entitled to vote at or receive notice of any meeting of stockholders.

The Corporation shall be entitled to treat the person in whose name any share of its stock is registered as the owner thereof for all purposes and shall not be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether or not the Corporation shall have notice thereof, except as expressly provided by applicable law.

FIFTH. Unless and except to the extent that the bylaws of the Corporation shall so require, the election of directors of the Corporation need not be by written ballot. The business and affairs of the Corporation shall be managed by, or under the direction of, the Board of Directors. The total number of directors constituting the entire Board of Directors shall be not more than 17, except as otherwise provided in a Preferred Stock Designation, with the then-authorized number of directors being fixed from time to time by resolution of the Board of Directors. Other than as set forth in the bylaws of the Corporation, vacancies and newly created directorships shall be filled exclusively pursuant to a resolution adopted by the Board of Directors.

SIXTH. In furtherance and not in limitation of the powers conferred by the laws of the State of Delaware, the Board of Directors is expressly authorized to adopt, amend or repeal the bylaws of the Corporation. The stockholders may also adopt, amend, or repeal the bylaws of the Corporation, whether adopted by them or otherwise, but only upon the affirmative vote of the holders of a majority of the voting power of the shares entitled to vote thereon.

SEVENTH. No director shall be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174, or any successor provision thereto, of the General Corporation Law of the State of Delaware, or (iv) for any transaction from which the director derived an improper personal benefit. Any amendment, modification or repeal of the foregoing sentence shall not adversely affect any right or protection of a director of the Corporation hereunder in respect of any act or omission occurring prior to the time of such amendment, modification, or repeal.

EIGHTH. The Corporation reserves the right at any time, and from time to time, to amend, alter, change, or repeal any provision contained in this Certificate of Incorporation and other provisions authorized by the laws of the State of Delaware at the time in force may be added or inserted, in the manner now or hereafter prescribed by law; and all rights, preferences, and privileges of any nature conferred upon stockholders, directors, or any other persons by and pursuant to this Certificate of Incorporation in its present form or as hereafter amended are granted subject to the rights reserved in this article.

NINTH. Following the time of the Initial Public Offering (as defined below) of the Corporation, no action that is required or permitted to be taken by the stockholders of the Corporation at any annual or special meeting of stockholders may be effected by written consent of stockholders in lieu of a meeting of stockholders except where such consent is signed by the holders of all shares of stock of the Corporation then outstanding and entitled to vote thereon.

“Initial Public Offering” means the earlier to occur of (i) the initial public offering of the Common Stock (whether such offering is primary or secondary) that is underwritten by a nationally recognized investment bank, pursuant to an effective registration statement filed under

the Securities Act of 1933, as amended (other than a registration effected solely to implement an employee benefit plan or a transaction to which Rule 145 under the Securities Act of 1933, as amended, is applicable, or a registration statement on Form S-4, Form S-8 or a successor to one of those forms) or (ii) the later of (x) the date on which a Corporation registration statement filed under Section 12(b) or 12(g) of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, shall have been declared effective by the Securities and Exchange Commission or otherwise became effective under the Exchange Act and (y) the date of distribution of the shares of Common Stock beneficially owned (within the meaning given in Rule 13d-3 of the Exchange Act) by Motors Liquidation Company, a Delaware corporation, pursuant to its plan of reorganization.

4. This Amended and Restated Certificate of Incorporation was duly adopted in accordance with the provisions of Sections 242 and 245 of the General Corporation Law of the State of Delaware and by the written consent of the sole stockholder of the Corporation in accordance with the provisions of Section 228 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, said NGMCO, Inc. has caused this Amended and Restated Certificate of Incorporation to be signed by Sadik Malik, its Vice President and Treasurer and attested by David Markowitz, its President and Secretary, this 9th day of July 2009.

**GENERAL MOTORS COMPANY
AMENDED AND RESTATED BYLAWS**

**ARTICLE I
MEETINGS OF STOCKHOLDERS**

1.1 Annual Meetings.

The annual meeting of stockholders for the election of directors, ratification or rejection of the selection of auditors, and the transaction of such other business as may properly be brought before the meeting shall be held on the first Tuesday in June in each year, or on such other date and at such place and time as the chairman of the board or the board of directors shall designate. If any annual meeting shall not be held on the day designated or the directors shall not have been elected thereat or at any adjournment thereof, thereafter the board shall cause a special meeting of the stockholders to be held as soon as practicable for the election of directors. At such special meeting, the stockholders may elect directors and transact other business with the same force and effect as at an annual meeting of the stockholders duly called and held.

1.2 Special Meetings.

(a) Call of Special Meeting. Special meetings of stockholders may be called at any time by the chairman of the board of directors or by a majority of the members of the board of directors or as otherwise provided by Delaware law, the certificate of incorporation or these bylaws. Any such special meeting shall be held on the date and at the time and place and for the purposes that are designated by the chairman or board in calling the meeting. Subject to paragraph (b) of this section, the board shall call a special meeting upon the written request (the "Meeting Request") of the record holders of at least 15 percent of the voting power of the outstanding shares of all classes of stock entitled to vote at such a meeting, delivered to the secretary of the Corporation, and shall designate a date for such special meeting not more than 90 days after the date that the secretary received the Meeting Request (the "Request Delivery Date"). In fixing a date and time for any special meeting requested by stockholders, the board may consider such factors as it deems relevant, including without limitation, the nature of the matters to be considered, the facts and circumstances related to any request for a meeting, and any plan of the board to call an annual meeting or special meeting.

(b) Stockholder Request for Special Meeting.

(1) Any Meeting Request shall be signed by one or more stockholders, or their duly authorized agent, that request the special meeting and shall set forth: (A) a statement of the specific purpose of the meeting and the matters proposed to be acted on at the meeting and the reasons for conducting such business at the meeting; (B) the name and address of each signing stockholder and date of signature; (C) the number of shares of each class of voting stock owned of record and beneficially by each such stockholder; (D) a description of all arrangements or understandings between any signing stockholder and any other person regarding the meeting and the matters proposed to be acted on at the meeting; (E) all information relating to each signing stockholder that would be required to be disclosed in solicitations of proxies for election of directors in an election contest (even if an election contest is not the subject of the Meeting Request) or would otherwise be required, in each case pursuant to Section 14 of the Securities

Exchange Act of 1934, as amended (the “Exchange Act”), and the rules and regulations promulgated thereunder (or any successor provision of the Exchange Act or the rules or regulations promulgated thereunder), whether or not Section 14 of the Exchange Act is then applicable to the Corporation; and (F) the information that would be required by section 1.11 of these bylaws if the stockholder were intending to make a nomination or to bring any other matter before a stockholder meeting. A stockholder may revoke its request for a special meeting at any time by written revocation delivered to the secretary of the Corporation.

(2) The board shall have the authority to determine not to call a special meeting requested by stockholders if (A) the board has called or calls an annual or special meeting of stockholders to be held not more than 90 days after the Request Delivery Date and the purpose of such stockholder meeting includes (among any other matters properly brought before the meeting) the purpose specified in the Meeting Request; (B) within 12 months prior to the Request Delivery Date, an annual or special meeting was held that considered the purpose specified in the Meeting Request, except for the election of one or more directors; (C) the Meeting Request relates to an item of business that is not a proper subject for stockholder action under applicable law; or (D) such request was made in violation of Regulation 14A under the Exchange Act, to the extent applicable, or other applicable law. The board is authorized to determine in good faith the purpose of a stockholder meeting.

(c) Conduct of Special Meeting. Business transacted at a special meeting requested by stockholders shall be limited to the purpose stated in the Meeting Request; provided, however, that the board shall be able to submit additional matters to stockholders at any such special meeting.

(d) Pre-IPO Special Meetings. Notwithstanding the foregoing provisions of this section 1.2, prior to an Initial Public Offering (as defined below) of the Corporation, the board shall call a special meeting at the request of the record holders of at least 15 percent of the voting power of the outstanding shares of all classes of stock entitled to vote at such a meeting. Such request shall state the purpose or purposes of the proposed meeting. The time of any such special meeting shall be stated in the notice of such meeting, which notice shall specify the purpose or purposes thereof. Business transacted at any special meeting shall be confined to the purposes stated in the notice of meeting and matters germane thereto.

“Initial Public Offering” means the earlier to occur of (i) the initial public offering of the Common Stock, (whether such offering is primary or secondary) that is underwritten by a nationally recognized investment bank, pursuant to an effective registration statement filed under the Securities Act of 1933, as amended (other than a registration effected solely to implement an employee benefit plan or a transaction to which Rule 145 under the Securities Act of 1933, as amended, is applicable, or a registration statement on Form S-4, Form S-8 or a successor to one of those forms) or (ii) the later of (x) the date on which a Corporation registration statement filed under Section 12(b) or 12(g) of the Exchange Act shall have been declared effective by the Securities and Exchange Commission or otherwise became effective under the Exchange Act and (y) the date of distribution of the shares of Common Stock beneficially owned (within the meaning given in Rule 13d-3 of the Exchange Act) by Motors Liquidation Company (formerly known as General Motors Corporation), a Delaware corporation pursuant to its plan of reorganization.

1.3 Notice of Meetings.

Written notice of each meeting of stockholders shall be given by the chairman of the board and/or the secretary in compliance with the provisions of Delaware law and these bylaws.

1.4 List of Stockholders Entitled to Vote.

The secretary shall prepare or have prepared before every meeting of stockholders a complete list of the stockholders entitled to vote at the meeting in compliance with the provisions of Delaware law and the certificate of incorporation.

1.5 Quorum.

(a) At each annual or special meeting of stockholders, except where otherwise provided by law or the certificate of incorporation or these bylaws, the holders of a majority of the voting power of the outstanding shares of stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum. Where a separate vote by a class or classes or series of stock is required, the holders of a majority of the voting power of the shares of such class or classes or series of stock present in person or represented by proxy shall constitute a quorum for the purposes of such matter on which a separate vote is required.

(b) In the absence of a quorum pursuant to this section of the bylaws, a majority of the voting power of the outstanding shares of stock entitled to vote and present in person or by proxy, or in absence of any stockholders, any officer, may adjourn the meeting from time to time in the manner and to the extent provided in section 1.9 of these bylaws until a quorum shall attend.

(c) Shares of the Corporation's stock belonging to the Corporation or to another entity, a majority of whose ownership interests entitled to vote in the election of directors of such other entity is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes; provided, however, that the foregoing shall not limit the right of the Corporation to vote shares of its own stock that it is entitled to vote in a fiduciary capacity.

1.6 Conduct of Meeting.

The chairman of the board or, if he so designates, the chief executive officer, the president, the vice chairman or a vice president of the Corporation shall preside at each meeting of the stockholders; provided, however, that if the chairman of the board does not preside and has not designated an officer of the Corporation to preside, the holders of a majority of the voting power of the outstanding shares of stock entitled to vote and present in person or by proxy at such meeting may designate any person to preside over the meeting. The secretary of the Corporation shall record the proceedings of meetings of the stockholders, but in the absence of the secretary, the person presiding over the meeting shall designate any person to record the proceedings. The person presiding over any meeting of stockholders shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting.

1.7 Voting; Proxies.

Each stockholder entitled to vote shall be entitled to vote in accordance with the number of shares and voting powers of the voting shares held of record by him. Each stockholder entitled to vote at a meeting of stockholders may authorize another person or persons to act for him at such meeting by proxy, but such proxy, whether revocable or irrevocable, shall comply with the applicable requirements of Delaware law. Voting at meetings of stockholders, on matters other than the election of directors, need not be by written ballot unless the holders of a majority of the voting power of the outstanding shares of stock entitled to vote at the meeting present in person or by proxy at such meeting shall so determine. All elections and questions shall, unless otherwise provided by law, rule or regulation, including any stock exchange rule or regulation, applicable to the Corporation, the certificate of incorporation, or section 2.2 or any other provision of these bylaws, be decided by the vote of the holders of a majority of the voting power of the shares of stock entitled to vote thereon present in person or by proxy at the meeting. Votes cast "for" or "against" and "abstentions" with respect to a matter shall be counted as shares of stock of the Corporation entitled to vote on such matter, while "broker nonvotes" (or other shares of stock of the Corporation similarly not entitled to vote) shall not be counted as shares entitled to vote on such matter.

1.8 Fixing Date for Determination of Stockholders of Record.

To determine the stockholders of record for any purpose, the board of directors may fix a record date; provided that the record date shall not precede the date upon which the board adopts the resolution fixing the record date; and provided further that the record date shall be: (a) in the case of determination of stockholders entitled to receive notice of or to vote at any meeting of stockholders or adjournment thereof, not more than 60 nor less than ten days before the date of such meeting; (b) in the case of determination of stockholders entitled to express consent to corporate action in writing without a meeting, in accordance with section 1.12 of these bylaws; and (c) in the case of any other action, not more than 60 days prior to such other action. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the board may choose to fix a new record date for the adjourned meeting.

1.9 Adjournments.

The person presiding over any meeting of stockholders, annual or special (other than a special meeting requested by stockholders in accordance with section 1.2(a) of these bylaws in the absence of a quorum), may adjourn the meeting from time to time to reconvene at the same or some other place. At the adjourned meeting, the Corporation may transact any business which might have been transacted at the original meeting. Notice need not be given of any such adjourned meeting if the time and place, if any, thereof, and the means of remote communication, if any, by which stockholders and proxy holders may be deemed to be present and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken, except that if the adjournment is for more than 30 days or if, after the adjournment, a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

1.10 Judges.

All votes by ballot at any meeting of stockholders shall be conducted by one or more judges appointed for the purpose, either by the board of directors or by the person presiding over the meeting. The judges shall decide upon the qualifications of voters, count the votes, and report the result in writing to the secretary of the meeting.

1.11 Notice of Stockholder Nomination and Stockholder Business.

At a meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. Prior to the Initial Public Offering, nominations for the election of directors may be made only by the board of directors, which nominations shall be consistent with the Stockholders Agreement dated July 10, 2009 among the Corporation, UST, 7176384 Canada Inc., and UAW Retiree Medical Benefits Trust (the "Stockholders Agreement"). Following the Initial Public Offering, nominations for the election of directors may be made by the board of directors in accordance with the Stockholders Agreement or by any stockholder entitled to vote for the election of directors who complies with the notice requirements set forth in this section. Other matters to be properly brought before the meeting (whether prior to or following the Initial Public Offering) must be: (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the board, including, as applicable, matters covered by Rule 14a-8 under the Exchange Act; (b) otherwise properly brought before the meeting by or at the direction of the board; or (c) otherwise properly brought before the meeting by a stockholder pursuant to the notice requirements of this section.

Prior to the Initial Public Offering, a stockholder need not give notice of his intent to bring any matter before a meeting of stockholders. Following the Initial Public Offering, a stockholder who intends to make a nomination for the election of directors or to bring any other matter before a meeting of stockholders must give notice of his intent in writing or by electronic transmission. Such notice must be received by the secretary, in the case of an annual meeting not more than 180 days and not less than 120 days before the date of the meeting, or in the case of a special meeting, not more than 15 days after the day on which notice of the special meeting is first mailed to stockholders. Notwithstanding the preceding sentence, requests for inclusion of proposals in the Corporation's proxy statement made pursuant to Rule 14a-8 under the Exchange Act, if applicable, shall be deemed to have been delivered in a timely manner if delivered in accordance with such Rule.

As to matters sought to be included in any proxy statement of the Corporation, stockholders shall comply with Rule 14a-8 under the Exchange Act, if applicable, rather than this section 1.11.

As to matters not sought to be included in any proxy statement of the Corporation, a stockholder's notice (if required) shall state:

(a) the name and address of the stockholder of the Corporation who intends to make a nomination or bring up any other matter and the name and address of any Stockholder Associated Person covered by clauses (c), (d), or (e) below;

(b) a representation that the stockholder is a holder of the Corporation's voting stock and intends to appear in person or by proxy at the meeting to make the nomination or bring up the matter specified in the notice;

(c) as to the stockholder and any Stockholder Associated Person of the stockholder,

(i) the class, series, number and principal amount, as applicable, of all securities of the Corporation which are owned of record by such stockholder or by any such Stockholder Associated Person as of the date of the notice,

(ii) the class, series, number and principal amount, as applicable, of, and the nominee holder for, all securities of the Corporation owned beneficially but not of record by such stockholder or by any such Stockholder Associated Person as of the date of the notice, and

(iii) a description of all Derivative Interests that have been entered into as of the date of the notice by, or on behalf of, such stockholder or by any such Stockholder Associated Person, such description to include (1) the class, series, and actual or notional number, principal amount or dollar amount of all securities of the Corporation underlying or subject to such Derivative Interests, (2) the material economic terms of such Derivative Interests, and (3) the contractual counterparty for such Derivative Interests;

(d) if the stockholder intends to make a nomination for the election of directors,

(i) the name, age, business address and residence address of each nominee proposed by such stockholder (a "Proposed Nominee") and the name and address of any Proposed Nominee Associated Person covered by any of subclauses (ii) through (v) of this paragraph,

(ii) the class, series, number and principal amount, as applicable, of all securities of the Corporation that are beneficially owned or owned of record by such Proposed Nominee and by any such Proposed Nominee Associated Person,

(iii) a description of all Derivative Interests that have been entered into, as of the date of the notice, by or on behalf of such Proposed Nominee or any such Proposed Nominee Associated Person, such description to include (1) the class, series, and actual or notional number, principal amount or dollar amount of all securities of the Corporation underlying or subject to such Derivative Interests, (2) the material economic terms of such Derivative Interests, and (3) the contractual counterparty for such Derivative Interests,

(iv) a description of all arrangements or understandings between the stockholder or any Stockholder Associated Person, on the one hand, and any Proposed Nominee or any other person or persons (naming such person or persons), on the other hand, pursuant to which the nomination or nominations are to be made by the stockholder, and

(v) all other information relating to any Proposed Nominee, any Proposed Nominee Associated Person, the stockholder or any Stockholder Associated Person that would be required to be disclosed in filings with the SEC in connection with the solicitation of proxies by the stockholder pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder (or any successor provision of the Exchange Act or the rules or regulations promulgated thereunder), whether or not Section 14 of the Exchange Act is then applicable to the Corporation;

(e) if the stockholder intends to make a proposal other than a nomination,

(i) a description of the matter,

(ii) the reasons for proposing such matter at the meeting,

(iii) a description of any material interest of the stockholder or any Stockholder Associated Person, individually or in the aggregate, in the matter, including any anticipated benefit to the stockholder or any Stockholder Associated Person therefrom,

(iv) a description of all arrangements or understandings between the stockholder or any Stockholder Associated Person, on the one hand, and any other person or persons (naming such person or persons), on the other hand, regarding the proposal, and

(v) all other information relating to the proposal, the stockholder or any Stockholder Associated Person that would be required to be disclosed in filings with the SEC in connection with the solicitation of proxies by the stockholder pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder (or any successor provision of the Exchange Act or the rules or regulations promulgated thereunder), whether or not Section 14 of the Exchange Act is then applicable to the Corporation; and

(f) to the extent known by the stockholder, the name and address of any other securityholder of the Corporation who owns, beneficially or of record, any securities of the Corporation and who supports any nominee proposed by such stockholder or any other matter such stockholder intends to propose.

Notice of intent to make a nomination shall be accompanied by the written consent of each Proposed Nominee to serve as director of the Corporation if elected.

If, after the submission of a stockholder's notice, any material change occurs in the information set forth in the stockholder's notice to the Corporation required by this section 1.11, including, but not limited to, any material increase or decrease in the percentage of the class or series of securities of the Corporation held or beneficially owned (including actual or notional number, principal amount or dollar amount of any securities underlying or subject to Derivative Interests), the stockholder shall promptly provide further written notice to the Corporation of that change and a statement updating all changed information as of the date of the further written notice. An acquisition or disposition of beneficial ownership of any number or principal amount of any securities of the Corporation (including an increase or decrease in actual or notional number,

principal amount or dollar amount of any securities underlying or subject to Derivative Interests) in an aggregate amount equal to one percent or more of the class or series of securities outstanding shall be deemed “material” for purposes of this section 1.11; acquisitions or dispositions or increases or decreases of less than those amounts may be material, depending upon the facts and circumstances.

At the meeting of stockholders, the presiding officer may declare out of order and disregard any nomination or other matter not presented in accordance with this section.

Notwithstanding the foregoing provisions of this section 1.11, unless otherwise required by law, if the stockholder (or a qualified representative of the stockholder) does not appear at the annual or special meeting of stockholders of the Corporation to make its nomination or propose any other matter, such nomination shall be disregarded and such other proposed matter shall not be transacted, even if proxies in respect of such vote have been received by the Corporation. For purposes of this section 1.11, to be considered a “qualified representative” of the stockholder, a person must be a duly authorized officer, manager or partner of such stockholder or must be authorized by a writing executed by such stockholder or an electronic transmission delivered by such stockholder to act for such stockholder as proxy at the meeting of stockholders and such person must produce such writing or electronic transmission, or a reliable reproduction of the writing or electronic transmission, at the commencement of the meeting of stockholders.

For purposes of this section 1.11:

(1) “Stockholder Associated Person” of any stockholder shall mean (i) any person acting in concert with such stockholder, (ii) any beneficial owner of securities of the Corporation owned of record or beneficially by such stockholder and (iii) any person directly or indirectly controlling, controlled by or under common control with such stockholder or a Stockholder Associated Person;

(2) “Proposed Nominee Associated Person” of any Proposed Nominee shall mean (i) any person acting in concert with such Proposed Nominee, (ii) any beneficial owner of securities of the Corporation owned of record or beneficially by such Proposed Nominee and (iii) any person directly or indirectly controlling, controlled by or under common control with such Proposed Nominee or a Proposed Nominee Associated Person; and

(3) “Derivative Interest” shall mean (i) any option, warrant, convertible security, appreciation right or similar right with an exercise, conversion or exchange privilege, or a settlement payment or mechanism, related to any security of the Corporation, or any similar instrument with a value derived in whole or in part from the value of any security of the Corporation, in any such case whether or not it is subject to settlement in any security of the Corporation or otherwise and (ii) any arrangement, agreement or understanding (including any short position or any borrowing or lending of any securities) which includes an opportunity for the stockholder, Stockholder Associated Person, Proposed Nominee, or Proposed Nominee Associated Person (as applicable), directly or indirectly, to profit or share in any profit derived from any increase or decrease in the value of any security of the Corporation, to mitigate any loss or manage any risk associated with any increase or decrease in the value of any security of the Corporation or to increase or decrease the number of securities of the Corporation which such

person is or will be entitled to vote or direct the vote, in any case whether or not it is subject to settlement in any security of the Corporation or otherwise; provided, however, that Derivative Interests shall not include: (a) rights of a pledgee under a bona fide pledge of any security of the Corporation; (b) rights applicable to all holders of a class or series of securities of the Corporation to receive securities of the Corporation pro rata, or obligations to dispose of securities of the Corporation, as a result of a merger, exchange offer or consolidation involving the Corporation; (c) rights or obligations to surrender any number or principal amount of securities of the Corporation, or have any number or principal amount of securities of the Corporation withheld, upon the receipt or exercise of a derivative security or the receipt or vesting of any securities, in order to satisfy the exercise price or the tax withholding consequences of receipt, exercise, or vesting; (d) interests in broad-based index options, broad-based index futures, and broad-based publicly traded market baskets of stocks approved for trading by the appropriate federal governmental authority; (e) interests or rights to participate in employee benefit plans of the Corporation held by current or former directors, employees, consultants or agents of the Corporation; or (f) options granted to an underwriter in a registered public offering for the purpose of satisfying over-allotments in such offering.

1.12 Stockholder Action by Written Consent.

(a) **Request for Record Date.** The record date for determining stockholders entitled to express consent to corporate action in writing without a meeting shall be as fixed by the board of directors or as otherwise established under this section. Any person seeking to have the stockholders authorize or take corporate action by written consent without a meeting shall, by written notice addressed to the secretary of the Corporation and delivered to the Corporation and signed by a stockholder of record, request that a record date be fixed for such purpose. The written notice must contain the information set forth in paragraph (b) of this section. Following receipt of the notice, the board shall have ten days to determine the validity of the request, and if appropriate, adopt a resolution fixing the record date for such purpose. The record date for such purpose shall be no more than ten days after the date upon which the resolution fixing the record date is adopted by the board and shall not precede the date such resolution is adopted. If the board fails within ten days after the Corporation receives such notice to fix a record date for such purpose, the record date shall be the day on which the first written consent is delivered to the Corporation in the manner described in paragraph (d) of this section; except that, if prior action by the board is required under the provisions of Delaware law, the record date shall be at the close of business on the day on which the board adopts the resolution taking such prior action.

(b) **Notice Requirements.** Any stockholder's notice required by paragraph (a) of this section must describe the action that the stockholder proposes to take by consent. Following the Initial Public Offering, for each such proposal, every notice by a stockholder must state (i) the information required by section 1.11 as though such stockholder was intending to make a nomination or to bring any such other matter before a meeting of stockholders, and as though such stockholder was not seeking to include any such nomination or other matter in the proxy statement of the Corporation and (ii) the text of the proposal (including the text of any resolutions to be effected by consent and the language of any proposed amendment to the bylaws of the Corporation).

In addition to the foregoing, the notice must state as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the notice is given a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends to (i) deliver a proxy statement and/or consent solicitation statement to stockholders of at least the percentage of the Corporation's outstanding capital stock required to effect the action by consent either to solicit consents or to solicit proxies to execute consents, and/or (ii) otherwise solicit proxies or consents from stockholders in support of the action to be taken by consent. The Corporation may require the stockholder of record and/or beneficial owner requesting a record date for proposed stockholder action by consent to furnish such other information as it may reasonably require to determine the validity of the request for a record date.

(c) Date of Consent. Every written consent purporting to take or authorize the taking of corporate action (each such written consent is referred to in this paragraph and in paragraph (d) as a "Consent") must bear the date of signature of each stockholder who signs the Consent, and no Consent shall be effective to take the corporate action referred to therein unless, within 60 days of the earliest dated Consent delivered in the manner required by this section, Consents signed by a sufficient number of stockholders to take such action are so delivered to the Corporation.

(d) Delivery of Consent. Consent must be delivered to the Corporation by delivery to its registered office in the State of Delaware or its principal place of business. Delivery must be made by hand or by certified or registered mail, return receipt requested.

In the event of the delivery to the Corporation of Consents, the secretary of the Corporation, or such other officer of the Corporation as the board of directors may designate, shall provide for the safe-keeping of such Consents and any related revocations and shall promptly conduct such ministerial review of the sufficiency of all Consents and any related revocations and of the validity of the action to be taken by stockholder consent as the secretary of the Corporation, or such other officer of the Corporation as the board may designate, as the case may be, deems necessary or appropriate, including, without limitation, whether the stockholders of a number of shares having the requisite voting power to authorize or take the action specified in Consents have given consent; provided, however, that if the corporate action to which the Consents relate is the removal or replacement of one or more members of the board, the secretary of the Corporation, or such other officer of the Corporation as the board may designate, as the case may be, shall promptly designate two persons, who shall not be members of the board, to serve as inspectors ("Inspectors") with respect to such Consent and such Inspectors shall discharge the functions of the secretary of the Corporation, or such other officer of the Corporation as the board may designate, as the case may be, under this section. If after such investigation the secretary of the Corporation, such other officer of the Corporation as the board may designate or the Inspectors, as the case may be, shall determine that the action purported to have been taken is duly authorized by the Consents, that fact shall be certified on the records of the Corporation kept for the purpose of recording the proceedings of meetings of stockholders and the Consents shall be filed in such records.

In conducting the investigation required by this section, the secretary of the Corporation, such other officer of the Corporation as the board may designate or the Inspectors, as the case may be, may, at the expense of the Corporation, retain special legal counsel and any other necessary or appropriate professional advisors as such person or persons may deem necessary or appropriate and shall be fully protected in relying in good faith upon the opinion of such counsel or advisors.

(e) Effectiveness of Consent. No action by written consent without a meeting shall be effective until such date as the secretary of the Corporation, such other officer of the Corporation as the board may designate, or the Inspectors, as applicable, certify to the Corporation that the consents delivered to the Corporation in accordance with paragraph (d) of this section, represent at least the minimum number of votes that would be necessary to take the corporate action in accordance with Delaware law and the certificate of incorporation, which, following an Initial Public Offering, will be all the outstanding shares entitled to vote thereon.

(f) Challenge to Validity of Consent. Nothing contained in this section 1.12 shall in any way be construed to suggest or imply that the board of directors of the Corporation or any stockholder shall not be entitled to contest the validity of any Consent or related revocations, whether before or after such certification by the secretary of the Corporation, such other officer of the Corporation as the board may designate or the Inspectors, as the case may be, or to take any other action (including, without limitation, the commencement, prosecution, or defense of any litigation with respect thereto, and the seeking of injunctive relief in such litigation).

ARTICLE II BOARD OF DIRECTORS

2.1 Responsibility and Number.

The business and affairs of the Corporation shall be managed by, or under the direction of, a board of directors. Subject to the provisions of the certificate of incorporation and any certificates of designation for preferred stock, the board of directors shall consist of such number of directors as may be determined from time to time by resolution adopted by a vote of a majority of the entire board of directors. No board vacancy shall exist as long as the number of directors in office is equal to the number of directors designated by the board in a resolution in accordance with the certificate of incorporation and this bylaw.

2.2 Election; Resignation; Vacancies.

(a) Term. At each annual meeting of stockholders, each nominee elected by the stockholders to serve as a director shall hold office for a term commencing on the date of the annual meeting, or such later date as shall be determined by the board of directors, and ending on the next annual meeting of stockholders. Each elected director shall hold office until his successor is elected and qualified or until such director's earlier death, resignation or removal.

(b) Majority Voting. Except as provided in paragraph (d) below, each nominee shall be elected a director by the vote of the majority of the votes cast by holders of shares entitled to vote with respect to that director's election at any meeting for the election of directors at which a quorum is present. For purposes of this section 2.2, a majority of votes cast means that the number of votes "for" a director must exceed 50 percent of the votes cast with respect to that director. Votes "against" will count as a vote cast with respect to that director, but "abstentions" will not count as a vote cast with respect to that director.

(c) Election of Directors. Nominations of candidates for election as directors at any stockholder meeting at which directors will be elected may be made (i) by the board, or (ii) by any stockholder entitled to vote at such meeting only in accordance with the procedures established by section 1.11.

(d) Contested Elections. If with respect to any stockholder meeting at which directors will be elected, the secretary receives proper notice under section 1.11 that a stockholder intends to make a nomination at such meeting such that the number of nominees would exceed the number of directors to be elected and such notice has not been withdrawn on or prior to the fourteenth day before the date that the Corporation begins mailing its notice of such meeting to the stockholders, the nominees who receive a plurality of the votes cast by holders of shares entitled to vote in the election at a meeting at which a quorum is present shall be elected. This provision shall not apply, however, if the stockholder providing notice of an intended nomination under section 1.11 nominated one or more candidates for election at a stockholder meeting within the last 18 months, and no candidate nominated pursuant to such notice received 0.01 percent or more of the votes cast at such meeting.

(e) Resignation and Replacement of Unsuccessful Incumbents. Following an Initial Public Offering:

(i) In order for any incumbent director to become a nominee of the board for further service on the board, such person must submit an irrevocable resignation, contingent (i) on that person not receiving more than 50% of the votes cast, and (ii) acceptance of that resignation by the board in accordance with policies and procedures adopted by the board for such purposes.

(ii) A resignation that becomes effective if and when the director fails to receive a specified vote for re-election as a director shall provide that it is irrevocable.

(iii) The board of directors, acting on the recommendation of the directors and corporate governance committee, shall within 90 days of receiving the certified vote pertaining to such election, determine whether to accept the resignation of the unsuccessful incumbent. Absent a determination by the board of directors that a compelling reason exists for concluding that it is in the best interests of the Corporation for an unsuccessful incumbent to remain as a director, no such person shall be elected by the board to serve as a director, and the board shall accept that person's resignation.

(iv) If the board determines to accept the resignation of an unsuccessful incumbent, the directors and corporate governance committee shall promptly recommend a candidate to the board of directors to fill the office formerly held by the unsuccessful incumbent.

(v) The board of directors shall promptly consider and act upon the directors and corporate governance committee's recommendation. The committee, in making this recommendation and the board, in acting on such recommendation, may consider any factors or other information that they determine appropriate and relevant.

(vi) The directors and corporate governance committee and the board of directors shall take the actions required under this paragraph (e) without the participation of any unsuccessful incumbent except that:

a. If every member of the directors and corporate governance committee is an unsuccessful incumbent, the Independent Directors (as defined in section 2.10) who are not unsuccessful incumbents shall name a committee comprised of some or all of the Independent Directors to make recommendations under this subsection to the board; and

b. If the number of Independent Directors who are not unsuccessful incumbents is three or fewer, all directors may participate in the decisions under this paragraph (e).

(f) Acceptance of a Director's Resignation. If the board of directors accepts the resignation of a director who is an unsuccessful incumbent pursuant to this bylaw, or if a nominee for director who is not an incumbent director does not receive more than 50 percent of the votes cast, then subject to the certificate of incorporation and any certificate of designations for preferred stock, the board of directors at its discretion may decrease the size of the board of directors pursuant to the provisions of section 2.1.

(g) Resignation. Any director may resign at any time upon notice given in writing or by electronic transmission to the chairman of the board or to the secretary. A resignation is effective when the resignation is delivered unless the resignation specifies (i) a later effective date or (ii) an effective date determined upon the happening of an event or events.

(h) Removal. Prior to the Initial Public Offering, any director may be removed from office, with or without cause, by the affirmative vote of the holders of at least a majority of the voting power of the outstanding shares of all classes of stock entitled to vote at the election of directors, except as otherwise provided by the General Corporation Law of Delaware. Following the Initial Public Offering, any director may be removed from office, only with cause, by the affirmative vote of the holders of at least a majority of the voting power of the outstanding shares of all classes of stock entitled to vote at the election of directors. Prior to an Initial Public Offering, if any Required Director (defined below) is removed from office pursuant to this section 2.2(h), the stockholder who had the right to nominate such director shall have the right to nominate a director to replace such removed director, subject to, and in accordance with, the terms set forth in the Stockholders Agreement.

(i) Filling a Vacancy. Subject to section 2.2(e) and the last sentence of section 2.2(h), any vacancy occurring in the board for any reason may be filled by a majority of the members of the board then in office, even if such majority is less than a quorum. Each director so elected shall hold office for a term expiring at the time of the expiration of the term of the other directors. Each such director shall hold office until his successor is elected and qualified or until such director's earlier death, resignation or removal.

2.3 Regular Meetings.

Unless otherwise determined by resolution of the board of directors, a meeting of the board for the election of officers and the transaction of such other business as may come before it shall be

held as soon as practicable following the annual meeting of stockholders, and other regular meetings of the board shall be held either on the first Tuesday of each month designated by the chairman of the board, or if that is a legal holiday, then on the next Tuesday that is not a legal holiday, or such other days as may from time to time be designated by the chairman of the board.

2.4 Special Meetings.

Special meetings of the board of directors may be called by the chairman of the board, or the chairman of the board may by written designation appoint the chief executive officer, the president, the vice chairman, or a vice president of the Corporation to call such meeting. Special meetings may also be called by the chairman of the directors and corporate governance committee or by written request of one-third of the directors then in office. The place, date, and time of a special meeting shall be fixed by the person or persons calling the special meeting. Notice of a special meeting of the board of directors shall be sent by the secretary of the Corporation to each director who does not waive written notice (either in writing or by attendance at such meeting) either by first class United States mail at least four days before such meeting, or by overnight mail, courier service, electronic transmission, or hand delivery at least 24 hours before the special meeting. Unless such notice indicates otherwise, any business may be transacted at a special meeting.

2.5 Quorum; Vote Required for Action.

(a) Following an Initial Public Offering, at all meetings of the board of directors, one-third of the total number of directors then in office, shall be necessary to constitute a quorum for the transaction of business. Except in cases in which applicable law, the certificate of incorporation, or these bylaws provide otherwise, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board.

(b) Prior to an Initial Public Offering, at all meetings of the board of directors, one-third of the total number of directors then in office, including the Required Directors, shall be necessary to constitute a quorum for the transaction of business. If such quorum is not present within 60 minutes after the time appointed for such meeting, such meeting shall be adjourned and the chairman of the board shall reschedule the meeting to be held not fewer than two nor more than 10 Business Days thereafter. If such meeting is rescheduled and one-third of the total number of directors then in office, including the Required Directors, are not present at the rescheduled meeting, then those directors who are present or represented by proxy at the rescheduled meeting shall constitute a valid quorum for all purposes hereunder; provided that written notice by overnight mail, courier service, electronic transmission, or hand delivery of any rescheduled meeting shall have been delivered to all directors at least one Business Day prior to the date of such rescheduled meeting; and provided further, that the directors present determine, in good faith, that any absent Required Director's absence was motivated by an intention to delay or impede the meeting. Except in cases in which applicable law, the certificate of incorporation, or these bylaws provide otherwise, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board.

The term "Required Director" shall mean, with respect to any stockholder who has a then-current right to designate for nomination, and has designated for nomination, one or more directors pursuant to the Stockholders Agreement, one director so designated for nomination by such stockholder.

2.6 Conduct of Meeting.

The board of directors shall annually elect one of its Independent Directors to be chairman of the board and shall fill any vacancy in the position of chairman of the board with an Independent Director at such time and in such manner as the board shall determine. A director may be removed from the position of chairman of the board at any time by the affirmative vote of a majority of the board.

The chairman of the board shall preside at meetings of the board and lead the board in fulfilling its responsibilities as defined in section 2.1.

In the absence of the chairman of the board, the chairman of the directors and corporate governance committee or, in his absence, a member of the board selected by the members present, shall preside at meetings of the board. The secretary of the Corporation shall act as secretary of the meetings of the board but, in his absence, the presiding director may appoint a secretary for the meeting.

2.7 Ratification.

Any transaction questioned in any stockholders' derivative suit on the grounds of lack of authority, defective or irregular execution, adverse interest of director, officer or stockholder, non-disclosure, miscomputation, or the application of improper principles or practices of accounting may be ratified before or after judgment, by the board of directors or by the stockholders in case less than a quorum of directors are qualified; and, if so ratified, shall have the same force and effect as if the questioned transaction had been originally duly authorized, and said ratification shall be binding upon the Corporation and its stockholders and shall constitute a bar to any claim or execution of any judgment in respect of such questioned transaction.

2.8 Written Action by Directors.

Unless otherwise restricted by the certificate of incorporation or these bylaws, any action required or permitted to be taken at any meeting of the board of directors, or of any committee thereof, may be taken without a meeting if all members of the board or such committee, as the case may be, consent thereto in writing or by electronic transmission, and written evidence of such consent is filed with the minutes of proceedings of the board or committee.

2.9 Telephonic Meetings Permitted.

Members of the board of directors, or any committee of the board, may participate in a meeting of such board or committee by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this bylaw shall constitute presence in person at such meeting.

2.10 Independent Directors.

Two-thirds of the individuals nominated by the board of directors as candidates for election to the board by the stockholders at the next annual meeting of stockholders shall qualify to be Independent Directors (as defined in this section).

If the board elects directors between annual meetings of stockholders, two-thirds of all directors holding office immediately after such election shall be Independent Directors.

For purposes of this section 2.10, the term "Independent Director" shall mean a director who qualifies as independent within the meaning of Rule 303A.02 of the New York Stock Exchange's Listed Company Manual (or any successor provision), whether or not any of the shares of Common Stock are then listed on the New York Stock Exchange.

2.11 Access to Books and Records

The records, books, and accounts of the Corporation maintained by or under the supervision of the chief financial officer, the secretary, or any other officer shall be open, during the usual hours for business of the Corporation, to the examination of any director for any purpose reasonably related to his role as a director.

ARTICLE III COMMITTEES

3.1 Committees of the Board of Directors.

The board of directors may, by resolution passed by a majority of the total number of directors then in office (and not by a committee thereof), designate one or more committees, consisting of one or more of the directors of the Corporation, to be committees of the board. To the extent provided in any resolution of the board, these bylaws, or any charter adopted by such committee and approved by the board, and to the extent permissible under Delaware law and the certificate of incorporation, any such committee shall have and may exercise all the powers and authority of the board in the management of the business and affairs of the Corporation.

The standing committees of the board shall include the audit committee, the directors and corporate governance committee, the executive compensation committee, the investment funds committee, and the public policy committee. The board (but not a committee thereof) may designate additional committees of the board and may prescribe for each committee such powers and authority as may properly be granted to such committees in the management of the business and affairs of the Corporation. The board of directors may establish by resolution, adopted by a majority of the whole board, an administrative committee with the authority and responsibility to act on behalf of the board with regard to matters submitted to the board that, pursuant to any statement of delegation of authority adopted by the board from time to time, do not constitute issues within the sole jurisdiction of the board or any committee thereof and are not otherwise significant.

3.2 Election; Vacancies.

The members and the chairman of each committee described in sections 3.4 through 3.8 shall be elected annually by the board at its first meeting after each annual meeting of stockholders or at any other time the board shall determine. The members of other committees of the board may be designated at such time as the board may determine. Vacancies in any committee may be filled at such time and in such manner as the board shall determine.

3.3 Procedure; Quorum.

Except to the extent otherwise provided in these bylaws or any resolution of the board of directors, each committee of the board may fix its own rules and procedures.

At all meetings of any committee of the board, one-third of the members thereof shall constitute a quorum for the transaction of business. The vote of a majority of the members present at a meeting of a committee of the board at which a quorum is present shall be the act of the committee unless the certificate of incorporation, these bylaws, or a resolution of the board requires the vote of a greater number.

3.4 Investment Funds Committee.

The investment funds committee shall be responsible for assisting the board of directors with its general oversight responsibility for the investment funds of the Corporation and its subsidiaries. The committee shall serve, where it is designated by the governing documents, as a named fiduciary of the defined benefit employee benefit plans of the Corporation and any subsidiary of the Corporation that are covered by the Employee Retirement Income Security Act of 1974 (ERISA) where and to the extent that it is designated by the plan's governing documents. In addition, the committee shall report annually to the board regarding the performance of the named fiduciaries and administrators of such plans of their responsibilities under ERISA, and the investment activity of the defined benefit plans among such plans. The board and management of the Corporation and its subsidiaries shall retain all authority to determine the amount and timing of any future funding of such plans.

3.5 Audit Committee.

The audit committee shall have and may exercise the powers, authority, and responsibilities that are normally appropriate for the functions of an audit committee. The committee shall also annually select the independent accountants for the following calendar year, and that selection shall be submitted to the board of directors for their concurrence and to the stockholders for their ratification or rejection at the annual meeting of stockholders.

3.6 Executive Compensation Committee.

The executive compensation committee shall be responsible for matters related to executive compensation and all other equity-based incentive compensation plans of the Corporation. The committee shall determine the compensation of: (a) employees of the Corporation who are directors of the Corporation; and (b) upon the recommendation of the chief executive officer, all senior officers of the Corporation and any other employee of the Corporation who occupies such

other position as may be designated by the committee from time to time. The committee shall review the compensation of any director, officer or other employee of any direct or indirect subsidiary of the Corporation as may be designated by the committee from time to time to determine if it has any objection to such compensation. The committee shall have and may exercise the powers and authority granted to it by any incentive compensation plan for employees of the Corporation.

In the case of any employee benefit or incentive compensation plan that affects employees of the Corporation or its subsidiaries if the compensation of such employees is determined or subject to review by the committee, such plan shall be submitted to the committee for its review before adoption by the Corporation or its subsidiary. Any such plan or amendment or modification shall be made effective with respect to employees of the Corporation only if and to the extent approved by the committee.

3.7 Public Policy Committee.

The public policy committee shall, upon its own initiative or otherwise, inquire into all phases of the Corporation's business activities that relate to matters of public policy. The committee may make recommendations to the board of directors to assist it in formulating and adopting basic policies calculated to promote the best interests of the Corporation and the community.

3.8 Directors and Corporate Governance Committee.

The directors and corporate governance committee shall be responsible for matters related to service on the board of directors of the Corporation, and associated issues of corporate governance. The committee from time to time shall conduct studies of the size and composition of the board. Prior to each annual meeting of stockholders, the committee shall recommend to the board (in accordance with the terms of the Stockholders Agreement) the individuals to constitute the nominees of the board, so that the board may solicit proxies for their election. The committee shall review the qualifications of individuals for consideration as director candidates and shall recommend to the board, for its consideration, the names of individuals for election by the board. In addition, the committee shall from time to time conduct studies and make recommendations to the board regarding compensation of directors.

ARTICLE IV OFFICERS

4.1 Election of Officers.

The board of directors shall elect such officers of the Corporation with the titles and duties that it designates, provided that the Corporation shall have at least two officers at any time. There may be a chief executive officer, a president, one or more vice chairmen of the Corporation, one or more vice presidents (which may include one or more executive vice presidents and/or group vice presidents), a chief financial officer, a secretary, a treasurer, a controller, a general counsel, a general auditor and a chief tax officer. The officers, other than the chief executive officer and the president, shall each have the powers, authority and responsibilities of those officers provided by the bylaws or as the board or the chief executive officer may determine. One person may hold any number of offices. Each officer shall hold his office until his successor is elected and qualified or until his earlier resignation or removal.

4.2 Chief Executive Officer.

The chief executive officer shall have the general executive responsibility for the conduct of the business and affairs of the Corporation. He shall exercise such other powers, authority and responsibilities as the board of directors may determine.

In the absence of or during the physical disability of the chief executive officer, the board may designate an officer who shall have and exercise the powers, authority, and responsibilities of the chief executive officer.

4.3 President.

The president shall, subject to the direction and control of the board of directors and the chief executive officer, participate in the supervision of the business and affairs of the Corporation. He shall perform all duties incident to the office of president and shall have and exercise such powers, authority and responsibilities as the board of directors may determine.

4.4 Vice Chairman of the Corporation.

The vice chairman shall, subject to the direction and control of the board of directors and the chief executive officer, participate in the supervision of the business and affairs of the Corporation. He shall have and exercise such powers, authority, and responsibilities as the board of directors may determine.

4.5 Chief Financial Officer.

The chief financial officer shall be the principal financial officer of the Corporation. He shall render such accounts and reports as may be required by the board of directors or any committee of the board. The financial records, books and accounts of the Corporation shall be maintained subject to his direct or indirect supervision.

4.6 Treasurer.

The treasurer shall have direct or indirect custody of all funds and securities of the Corporation and shall perform all duties incident to the position of treasurer.

4.7 Secretary.

The secretary shall keep the minutes of all meetings of stockholders and directors and shall give all required notices and have charge of such books and papers as the board of directors may require. He shall perform all duties incident to the office of secretary and shall submit such reports to the board or to any committee as the board or such committee may request. Any action or duty required to be performed by the secretary may be performed by an assistant secretary.

4.8 Controller.

The controller shall exercise general supervision of the accounting staff of the Corporation. He shall perform all duties incident to the position of controller and shall submit reports from time to time relating to the general financial condition of the Corporation.

4.9 General Counsel.

The general counsel shall be the chief legal officer of the Corporation and shall have general control of all matters of legal import concerning the Corporation. He shall perform all duties incident to the position of general counsel.

4.10 General Auditor.

The general auditor shall have such duties as are incident to the position of general auditor in the performance of an internal audit activity of the Corporation and shall have direct access to the audit committee.

4.11 Chief Tax Officer.

The chief tax officer shall have responsibility for all tax matters involving the Corporation, with authority to sign, and to delegate to others authority to sign, all returns, reports, agreements and documents involving the administration of the Corporation's tax affairs.

4.12 Subordinate Officers.

The board of directors may from time to time appoint one or more assistant officers to the officers of the Corporation and such other subordinate officers as the board of directors may deem advisable. Such subordinate officers shall have such powers, authority and responsibilities as the board or the chief executive officer may from time to time determine. The board may grant to any committee of the board or the chief executive officer the power and authority to appoint subordinate officers and to prescribe their respective terms of office, powers, authority, and responsibilities. Each subordinate officer shall hold his position at the pleasure of the board, the committee of the board appointing him, the chief executive officer and any other officer to whom such subordinate officer reports.

4.13 Resignation; Removal; Suspension; Vacancies.

Any officer may resign at any time by giving written notice to the chief executive officer or the secretary. Unless stated in the notice of resignation, the acceptance thereof shall not be necessary to make it effective. It shall take effect at the time specified therein or, in the absence of such specification, it shall take effect upon the receipt thereof.

Any officer elected by the board of directors may be suspended or removed at any time by the affirmative vote of a majority of the board. Any subordinate officer of the Corporation appointed by the board, a committee of the board, or the chief executive officer may be suspended or removed at any time by the board, the committee that appointed such subordinate officer, the chief executive officer or any other officer to whom such subordinate officer reports.

Subject to any contractual limitations, the chief executive officer may suspend the powers, authority, responsibilities and compensation of any employee, including any elected officer or appointed subordinate officer, for a period of time sufficient to permit the board or the appropriate committee of the board a reasonable opportunity to consider and act upon a resolution relating to the reinstatement, further suspension or removal of such person.

As appropriate, the board, a committee of the board and/or the chief executive officer may fill any vacancy created by the resignation, death, retirement, or removal of an officer in the same manner as provided for the election or appointment of such person.

ARTICLE V INDEMNIFICATION

5.1 Right to Indemnification of Directors and Officers.

Subject to the other provisions of this article, the Corporation shall indemnify and advance expenses to every director and officer of the Corporation in the manner and to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, against any and all amounts (including judgments, fines, payments in settlement, attorneys' fees and other expenses) reasonably incurred by or on behalf of such person in connection with any threatened, pending, or completed investigation, action, suit or proceeding, whether civil, criminal, administrative or investigative ("a proceeding"), in which such director or officer was or is made or is threatened to be made a party or called as a witness or is otherwise involved by reason of the fact that such person is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, employee, fiduciary or member of any other corporation, partnership, joint venture, trust, organization or other enterprise, whether the basis of such proceeding is an alleged action in an official capacity as a director, officer, employee, fiduciary or member or in any other capacity while serving as a director, officer, employee, fiduciary or member. The Corporation shall not be required to indemnify a person in connection with a proceeding initiated by such person if the proceeding was not authorized by the board of directors of the Corporation.

5.2 Advancement of Expenses of Directors and Officers.

The Corporation shall pay the expenses of directors and officers incurred in defending any proceeding in advance of its final disposition ("advancement of expenses"); provided, however, that the payment of expenses incurred by a director or officer in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the director or officer to repay all amounts advanced if it should be ultimately determined that by final judicial decision from which there is no further right of appeal the director or officer is not entitled to be indemnified under this article or otherwise.

5.3 Claims by Officers or Directors.

If a claim for indemnification or advancement of expenses by a director or officer under this article is not paid in full within 90 days after a written claim therefor has been received by the Corporation, the claimant may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action, the Corporation shall have the burden of proving that the claimant was not entitled to the requested indemnification or advancement of expenses under applicable law.

5.4 Indemnification of Employees.

(a) Subject to the other provisions of this article, the Corporation may indemnify and advance expenses to every employee or agent of the Corporation who is not a director or officer of the Corporation in the manner and to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, against any and all amounts (including judgments, fines, payments in settlement, attorneys' fees and other expenses) reasonably incurred by or on behalf of such person in connection with any proceeding, in which such employee or agent was or is made or is threatened to be made a party or called as a witness or is otherwise involved by reason of the fact that such person is or was an employee or agent of the Corporation. Except as set forth in paragraph (b) below, the ultimate determination of entitlement to indemnification of employees or agents who are not officers and directors shall be made in such manner as is provided by applicable law. The Corporation shall not be required to indemnify a person in connection with a proceeding initiated by such person if the proceeding was not authorized by the board of the Corporation.

(b) Subject to the other provisions of this article, the Corporation shall indemnify and advance expenses to every employee or agent of the Corporation who is not a director or officer of the Corporation in the manner and to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, against any and all amounts (including judgments, fines, payments in settlement, attorneys' fees and other expenses) reasonably incurred by or on behalf of such person in connection with any proceeding, in which such employee or agent was or is made or is threatened to be made a party or called as a witness or is otherwise involved by reason of the fact that such person is or was serving at the request of the Corporation as a director, officer, employee, fiduciary or member of any other corporation, partnership, joint venture, trust, organization or other enterprise, whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee, fiduciary or member or in any other capacity while serving as a director, officer, employee, fiduciary or member. The Corporation shall not be required to indemnify a person in connection with a proceeding initiated by such person if the proceeding was not authorized by the board of the Corporation.

5.5 Advancement of Expenses of Employees.

The advancement of expenses of an employee or agent who is not a director or officer shall be made by or in the manner provided by resolution of the board of directors or by a committee of the board; provided, however, that the advancement of expenses required under section 5.4(b) of these bylaws shall be paid by the Corporation in advance of its final disposition; provided, further that the payment of expenses incurred by an employee or agent pursuant to section 5.4(a) and (b) of these bylaws in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the employee or agent to repay all amounts advanced if it should be ultimately determined by final judicial decision from which there is no further right of appeal the employee or agent is not entitled to be indemnified under this article or otherwise.

5.6 *Claims by Employees.*

If a claim for indemnification or advancement of expenses by an employee or agent pursuant to section 5.4(b) of these bylaws is not paid in full within 90 days after a written claim therefor has been received by the Corporation, the claimant may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action, the Corporation shall have the burden of proving that the claimant was not entitled to the requested indemnification or advancement of expenses under applicable law.

5.7 *Non Exclusivity of Rights.*

The rights conferred on any person by this article shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, any provision of the certificate of incorporation or of these bylaws or of any agreement, any vote of stockholders or disinterested directors or otherwise.

5.8 *Other Indemnification.*

The Corporation's obligation, if any, to indemnify any person who was or is serving at its request as a director, officer or employee of another corporation, partnership, joint venture, trust, organization, or other enterprise shall be reduced by any amount such person collects as indemnification from such other corporation, partnership, joint venture, trust, organization or other enterprise.

5.9 *Insurance.*

The board of directors may, to the fullest extent permitted by applicable law as it presently exists, or may hereafter be amended from time to time, authorize an appropriate officer or officers to purchase and maintain at the Corporation's expense insurance: (a) to reimburse the Corporation for any obligation which it incurs under the provisions of this article as a result of the indemnification of past, present or future directors, officers, employees, agents and any persons who have served in the past, are now serving or in the future will serve at the request of the Corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise; and (b) to pay on behalf of or to indemnify such persons against liability in instances in which they may not otherwise be indemnified by the Corporation under the provisions of this article, whether or not the Corporation would have the power to indemnify such persons against such liability under this article or under applicable law.

5.10 *Nature of Rights; Amendment or Repeal.*

The rights conferred in this article V shall be contract rights that shall continue as to an indemnitee who has ceased to be a director, officer or employee and shall inure to the benefit of such person's heirs, executors, administrators, or other legal representatives. Any repeal or modification of the foregoing provisions of this article shall be prospective only and shall not adversely affect any right or protection hereunder of any person in respect of any act or omission occurring prior to the time of such repeal or modification.

ARTICLE VI
MISCELLANEOUS

6.1 Seal.

The corporate seal shall have inscribed upon it the name of the Corporation, the year of its organization and the words "Corporate Seal," and "Delaware." The seal and any duplicate of the seal shall be in the charge of the secretary or an assistant secretary.

6.2 Fiscal Year.

The fiscal year of the Corporation shall begin on January 1 and end on December 31 of each year.

6.3 Notice.

Unless otherwise required by applicable law or elsewhere in these bylaws, any notice required to be given by these bylaws must be given in writing delivered in person, by first class United States mail, overnight mail or courier service, or by facsimile, electronic mail, or other electronic transmission followed by a paper copy of such notice delivered by overnight mail or courier service.

6.4 Waiver of Notice.

Whenever any notice is required to be given, a waiver thereof in writing, signed by the person or persons entitled to the notice, whether before or after the time stated therein, shall be deemed equivalent thereto. Such written notice of waiver need not specify the business to be transacted at or the purpose of any regular or special meeting of the stockholders, board of directors, or committee of the board. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except attendance for the express purpose of objecting at the beginning of the meeting to the transaction of any business because the meeting is not lawfully called or convened.

6.5 Voting of Stock Owned by the Corporation.

The board of directors, the investment funds committee, or the chairman of the board may authorize any person and delegate to one or more officers or subordinate officers the authority to authorize any person to vote or to grant proxies to vote in behalf of the Corporation at any meeting of stockholders or in any solicitation of consent of any corporation or other entity in which the Corporation may hold stock or other voting securities.

6.6 Form of Records.

Any records maintained by the Corporation in the regular course of its business, including its stock ledger, books of account and minute books, may be kept on, or by means of, or be in the form of, any information storage device or method, provided that the records so kept can be converted into clearly legible paper form within a reasonable time. Upon the request of any person entitled to inspect records, the Corporation shall so convert such records.

6.7 Offices.

The Corporation shall maintain a registered office inside the State of Delaware and may also have other offices outside or inside the State of Delaware. The books of the Corporation may be kept outside or inside the State of Delaware.

6.8 Amendment of Bylaws.

Unless otherwise provided in the certificate of incorporation or these bylaws, (with the consent of the Required Directors with respect to any amendment to Section 2.5(b) of these bylaws (or any successor provision)), the board of directors shall have power to adopt, amend, or repeal the bylaws at any regular or special meeting of the board. The stockholders shall also have power to adopt, amend, or repeal the bylaws at any annual or special meeting, subject to compliance with the notice provisions provided in section 1.11 of these bylaws.

6.9 Gender Pronouns.

Whenever the masculine pronoun is used in these bylaws, it shall be deemed to refer to either the masculine or the feminine gender.

Certificate of Designations

Of

Series A Fixed Rate Cumulative Perpetual Preferred Stock

Of

GENERAL MOTORS COMPANY

General Motors Company (formerly known as NGMCO, Inc.), a Delaware corporation and successor-in-interest to Vehicle Acquisition Holdings LLC (the "Corporation"), hereby certifies that the following resolution was adopted by the board of directors of the Corporation (the "Board of Directors") or an authorized committee of the Board of Directors in accordance with the provisions of Section 151 of the General Corporation Law of the State of Delaware on July 8, 2009:

RESOLVED, that pursuant to the provisions of the certificate of incorporation and the bylaws of the Corporation and applicable law, a series of Preferred Stock, par value \$0.01 per share, of the Corporation be and hereby is created, and that the designation and number of shares of such series, and the voting and other powers, preferences and relative, participating, optional or other rights, and the qualifications, limitations and restrictions, of the shares of such series be and hereby are as follows:

Part 1. *Designation and Number of Shares.* There is hereby created out of the authorized and unissued shares of Preferred Stock of the Corporation a series of preferred stock designated as the "Series A Fixed Rate Cumulative Perpetual Preferred Stock" (the "Series A Preferred Stock"). The authorized number of shares of the Series A Preferred Stock shall be 360,000,000. Such number of shares may be decreased by resolution of the Board of Directors, subject to the terms and conditions hereof; provided that no decrease shall reduce the number of shares of the Series A Preferred Stock to a number less than the number of shares then outstanding.

Part 2. *Standard Provisions.* The Standard Provisions contained in Annex A attached hereto are incorporated herein by reference in their entirety and shall be deemed to be a part of this Certificate of Designations to the same extent as if such provisions had been set forth in full herein.

Part 3. *Definitions.* The following terms are used in this Certificate of Designations (including the Standard Provisions in Annex A hereto) as defined below:

- (a) "Common Stock" means the common stock, par value \$0.01 per share, of the Corporation.
- (b) "Dividend Payment Date" means March 15, June 15, September 15 and December 15 of each year.

(c) "Junior Stock" means any preferred stock other than this Series A Preferred Stock, the Common Stock and any other class or series of stock of the Corporation.

(d) "Liquidation Amount" means \$25 per share of the Series A Preferred Stock.

Part. 4. *Certain Voting Matters.* For purposes of determining the voting rights of the holders of the Series A Preferred Stock under Section 7 of the Standard Provisions forming part of this Certificate of Designations, each holder will be entitled to one vote for each \$25 of Liquidation Amount to which such holder's shares are entitled.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Corporation has caused this Certificate of Designations to be signed by Sadik Malik, its Vice President and Treasurer, this 9th day of July, 2009.

GENERAL MOTORS COMPANY

By: /s/ Sadik Malik
Name: Sadik Malik
Title: Vice President and Treasurer

Signature Page to Certificate of Designations of Series A Preferred Stock

STANDARD PROVISIONS

Section 1. *General Matters; Ranking.* Each share of the Series A Preferred Stock shall be identical in all respects to every other share of the Series A Preferred Stock. The Series A Preferred Stock shall be perpetual, subject to the provisions of Section 5 of these Standard Provisions that form a part of the Certificate of Designations. The Series A Preferred Stock shall rank senior to the Junior Stock in respect of the right to receive dividends and the right to receive payments or distributions out of the assets of the Corporation upon voluntary or involuntary liquidation, dissolution or winding up of the Corporation.

Section 2. *Standard Definitions.* As used herein with respect to the Series A Preferred Stock:

- (a) "Agent Members" has the meaning set forth in Section 13(d).
- (b) "Applicable Dividend Rate" means 9% per annum.
- (c) "Business Day" means any day except Saturday, Sunday and any day on which banking institutions in the State of New York generally are authorized or required by law or other governmental actions to close.
- (d) "Bylaws" means the bylaws of the Corporation, as they may be amended from time to time.
- (e) "Certificate of Designations" means the Certificate of Designations or comparable instrument relating to the Series A Preferred Stock, of which these Standard Provisions form a part, as it may be amended from time to time.
- (f) "Charter" means the Corporation's Amended and Restated Certificate of Incorporation, as such may be amended or restated from time to time.
- (g) "Dividend Period" has the meaning set forth in Section 3(a).
- (h) "Dividend Record Date" has the meaning set forth in Section 3(a).
- (i) "DTC" has the meaning set forth in Section 9.
- (j) "First Optional Redemption Date" has the meaning set forth in Section 5(a).
- (k) "Global Share" means a share of Series A Preferred Stock in the form of a permanent global stock certificate, in definitive, fully registered form.
- (l) "Global Share Legend" has the meaning set forth in Section 13(d).
- (m) "Original Issue Date" means the date on which shares of the Series A Preferred Stock are first issued.

(n) "Person" means any individual, partnership, firm, corporation, limited liability company, business trust, joint stock company, trust, unincorporated association, joint venture, governmental authority or other entity of whatever nature.

(o) "Preferred Director" has the meaning set forth in Section 7(b).

(p) "Preferred Share Register" has the meaning set forth in Section 15(a).

(q) "Preferred Stock" means any and all series of preferred stock of the Corporation, including the Series A Preferred Stock.

(r) "Securities Act" means the Securities Act of 1933, as amended, and the rules and regulations thereunder.

(s) "Exchange Act" means the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder.

(t) "Series A Preferred Share Certificate" has the meaning set forth in Section 13.

(u) "Share Dilution Amount" has the meaning set forth in Section 3(b).

(v) "Standard Provisions" mean these Standard Provisions that form a part of the Certificate of Designations relating to the Series A Preferred Stock.

(w) "Redemption Price" has the meaning set forth in Section 5(a).

(x) "Transfer Agent" has the meaning set forth in Section 17.

Section 3. *Dividends.*

(a) **Rate.** Holders of the Series A Preferred Stock shall be entitled to receive, on each share of the Series A Preferred Stock, if, as and when declared by the Board of Directors or any duly authorized committee of the Board of Directors, but only out of assets legally available therefor, cumulative cash dividends with respect to each Dividend Period (as defined below) at a rate per annum equal to the Applicable Dividend Rate on (i) the Liquidation Amount per share of the Series A Preferred Stock and (ii) the amount of accrued and unpaid dividends for any prior Dividend Period on such share of Series A Preferred Stock, if any. Such dividends shall begin to accrue and be cumulative from the Original Issue Date, shall compound on each subsequent Dividend Payment Date (*i.e.*, no dividends shall accrue on other dividends unless and until the first Dividend Payment Date for such other dividends has passed without such other dividends having been paid on such date), and shall be payable quarterly in arrears on each Dividend Payment Date, commencing with the first such Dividend Payment Date to occur at least 20 calendar days after the Original Issue Date. In the event that any Dividend Payment Date would otherwise fall on a day that is not a Business Day, the dividend payment due on that date will be

postponed to the next day that is a Business Day and no additional dividends shall be payable nor shall interest accrue on the amount payable as a result of that postponement. The period from and including any Dividend Payment Date to, but excluding, the next Dividend Payment Date is a "Dividend Period"; provided that the initial Dividend Period shall be the period from and including the Original Issue Date to, but excluding, the Dividend Payment Date immediately following the Original Issue Date.

Dividends that are payable on Series A Preferred Stock in respect of any Dividend Period shall be computed on the basis of a 360-day year consisting of twelve 30-day months. The amount of dividends payable on the Series A Preferred Stock on any date prior to the end of a Dividend Period, and for the initial Dividend Period, shall be computed on the basis of a 360-day year consisting of twelve 30-day months and actual days elapsed over a 30-day month.

Dividends that are payable on Series A Preferred Stock on any Dividend Payment Date will be payable to holders of record of the Series A Preferred Stock as they appear on the stock register of the Corporation on the applicable record date, which shall be the 15th calendar day immediately preceding such Dividend Payment Date or such other record date fixed by the Board of Directors or any duly authorized committee of the Board of Directors that is not more than 60 nor less than 10 days prior to such Dividend Payment Date (each, a "Dividend Record Date"). Any such day that is a Dividend Record Date shall be a Dividend Record Date whether or not such day is a Business Day.

Holders of the Series A Preferred Stock shall not be entitled to any dividends, whether payable in cash, securities or other property, other than dividends (if any) declared and payable on the Series A Preferred Stock as specified in this Section 3 (subject to the other provisions of the Certificate of Designations).

(b) **Priority of Dividends.** So long as any share of the Series A Preferred Stock remains outstanding, no dividend or distribution shall be declared or paid on the Common Stock or any other shares of Junior Stock, and no Common Stock or Junior Stock shall be, directly or indirectly, purchased, redeemed or otherwise acquired for consideration by the Corporation or any of its subsidiaries unless all accrued and unpaid dividends for all past Dividend Periods, including the latest completed Dividend Period (including, as provided in Section 3(a) above, any dividends on such amount), on all outstanding shares of the Series A Preferred Stock have been or are contemporaneously declared and paid in full in cash (or have been declared and a sum sufficient for the payment thereof has been set aside for the benefit of the holders of shares of the Series A Preferred Stock on the applicable record date). The foregoing limitation shall not apply to (i) a dividend payable on any Junior Stock in shares of any other Junior Stock, or to the acquisition of shares of any Junior Stock in exchange for, or through application of the proceeds of the sale of, shares of any other Junior Stock; (ii) redemptions, purchases or other acquisitions of shares of Common Stock or other Junior Stock in connection with the administration of any employee benefit plan in the ordinary course of business (including purchases to offset the Share Dilution Amount pursuant to a publicly announced repurchase plan); provided that any purchases to offset the Share Dilution Amount shall in no event exceed the Share Dilution Amount; (iii) any dividends or distributions of rights or Junior Stock in connection with a stockholders' rights plan or any redemption or repurchase of rights pursuant to any stockholders' rights plan; (iv) the

acquisition by the Corporation or any of its subsidiaries of record ownership in Junior Stock for the beneficial ownership of any other persons (other than the Corporation or any of its subsidiaries), including as trustees or custodians; and (v) the exchange or conversion of Junior Stock for or into other Junior Stock (with the same or lesser aggregate liquidation amount). "Share Dilution Amount" means the increase in the number of diluted shares outstanding (determined in accordance with generally accepted accounting principles in the United States, and as measured from the Original Issue Date) resulting from the grant, vesting or exercise of equity-based compensation to employees and equitably adjusted for any stock split, stock dividend, reverse stock split, reclassification or similar transaction.

When dividends are not paid (or declared and a sum sufficient for payment thereof set aside for the benefit of the holders thereof on the applicable record date) on any Dividend Payment Date in full on shares of the Series A Preferred Stock, all dividends declared on the Series A Preferred Stock and payable on such Dividend Payment Date shall be declared pro rata so that the respective amounts of such dividends declared shall bear the same ratio to each other as all accrued and unpaid dividends per share on the shares of the Series A Preferred Stock (including, as provided in Section 3(a) above, any dividends on such amount) (subject to their having been declared by the Board of Directors or a duly authorized committee of the Board of Directors out of legally available funds and including, all accrued but unpaid dividends) bear to each other.

Subject to the foregoing, and not otherwise, such dividends (payable in cash, securities or other property) as may be determined by the Board of Directors or any duly authorized committee of the Board of Directors may be declared and paid on any securities, including Common Stock and other Junior Stock, from time to time out of any funds legally available for such payment, and holders of the Series A Preferred Stock shall not be entitled to participate in any such dividends.

Section 4. *Liquidation, Dissolution or Winding Up.* In the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation, then, before any distribution or payment shall be made to the holders of Junior Stock, the holders of the Series A Preferred Stock shall be entitled to be paid in full the respective amounts of the liquidation preferences thereof, which in the case of the Series A Preferred Stock shall be the Liquidation Amount, plus an amount equal to all accrued and unpaid dividends, if any (including, as provided in Section 3(a) above, any dividends on such amount), whether or not declared, prior to such distribution or payment date. If such payment shall have been made in full to the holders of the Series A Preferred Stock, the remaining assets and funds of the Corporation shall be distributed among the holders of Junior Stock, according to their respective rights and preferences and in each case according to their respective shares. If, upon any liquidation, dissolution or winding up of the affairs of the Corporation, the amounts so payable are not paid in full to the holders of all outstanding shares of the Series A Preferred Stock, the holders of the Series A Preferred Stock shall share ratably in any distribution of assets in proportion to the full amounts to which they would otherwise be respectively entitled. Neither the consolidation or merger of the Corporation, nor the sale, lease or conveyance of all or a part of its assets, shall be deemed a liquidation, dissolution or winding up of the affairs of the Corporation within the meaning of the foregoing provisions of this Section 4.

Section 5. *Redemption.*

(a) **Optional Redemption.** The Series A Preferred Stock may not be redeemed by the Corporation prior to December 31, 2014 (the “First Optional Redemption Date”). On or after that date, the Corporation, at its option, may redeem, in whole or in part, at any time and from time to time, out of funds legally available therefor, the shares of the Series A Preferred Stock at the time outstanding, upon notice given as provided in Section 5(c) below, at a redemption price per share equal to the sum of (i) the Liquidation Amount per share and (ii) except as otherwise provided below, any accrued and unpaid dividends (including, as provided in Section 3(a) above, any dividends on such amount) (regardless of whether any dividends are actually declared) to, but excluding, the date fixed for redemption (the “Redemption Price”).

The Redemption Price for any shares of the Series A Preferred Stock shall be payable on the redemption date to the holder of such shares against surrender of the certificate(s) evidencing such shares to the Corporation or its agent. Any declared but unpaid dividends payable on a redemption date that occurs subsequent to the Dividend Record Date for a Dividend Period shall not be paid to the holder entitled to receive the Redemption Price on the redemption date, but rather shall be paid to the holder of record of the redeemed shares on such Dividend Record Date relating to the Dividend Payment Date as provided in Section 3 above.

(b) **No Mandatory Redemption; No Sinking Fund.** The Series A Preferred Stock will not be subject to any mandatory redemption, mandatory repurchase, sinking fund or other similar provisions. Holders of the Series A Preferred Stock will have no right to require redemption or repurchase of any shares of the Series A Preferred Stock.

(c) **Notice of Redemption.** Notice of every redemption of shares of the Series A Preferred Stock shall be given by first class mail, postage prepaid, addressed to the holders of record of the shares to be redeemed at their respective last addresses appearing on the books of the Corporation. Such mailing shall be at least 30 days and not more than 60 days before the date fixed for redemption. Any notice mailed as provided in this subsection (c) shall be conclusively presumed to have been duly given, whether or not the holder receives such notice, but failure duly to give such notice by mail, or any defect in such notice or in the mailing thereof, to any holder of shares of the Series A Preferred Stock designated for redemption shall not affect the validity of the proceedings for the redemption of any other shares of the Series A Preferred Stock. Notwithstanding the foregoing, if shares of the Series A Preferred Stock are issued in book-entry form through The Depository Trust Corporation or any other similar facility, notice of redemption may be given to the holders of the Series A Preferred Stock at such time and in any manner permitted by such facility. Each notice of redemption given to a holder shall state: (1) the redemption date; (2) the number of shares of the Series A Preferred Stock to be redeemed and, if less than all the shares held by such holder are to be redeemed, the number of such shares to be redeemed from such holder; (3) the Redemption Price; and (4) the place or places where certificates for such shares are to be surrendered for payment of the redemption price, but failure duly to give such notice to any holder of shares of the Series A Preferred Stock designated for redemption or any defect in such notice shall not affect the validity of the proceedings for the redemption of any other shares of the Series A Preferred Stock.

(d) **Partial Redemption.** In case of any redemption of part of the shares of the Series A Preferred Stock at the time outstanding, the shares to be redeemed shall be selected either pro rata or in such other manner as the Board of Directors or a duly authorized committee thereof may determine to be fair and equitable. Subject to the provisions hereof, the Board of Directors or a duly authorized committee thereof shall have full power and authority to prescribe the terms and conditions upon which shares of the Series A Preferred Stock shall be redeemed from time to time. If fewer than all the shares represented by any certificate are redeemed, a new certificate shall be issued representing the unredeemed shares without charge to the holder thereof.

(e) **Effectiveness of Redemption.** If notice of redemption has been duly given and if on or before the redemption date specified in the notice all funds necessary for the redemption have been deposited by the Corporation, in trust for the pro rata benefit of the holders of the shares called for redemption, with a bank or trust company doing business in the Borough of Manhattan, The City of New York, and having a capital and surplus of at least \$500 million and selected by the Board of Directors or a duly authorized committee thereof, so as to be and continue to be available solely therefor, then, notwithstanding that any certificate (if the shares of Series A Preferred Stock are not in book-entry form) for any share so called for redemption has not been surrendered for cancellation, on and after the redemption date dividends shall cease to accrue on all shares so called for redemption, all shares so called for redemption shall no longer be deemed outstanding and all rights with respect to such shares shall forthwith on such redemption date cease and terminate, except only the right of the holders thereof to receive the amount payable on such redemption from such bank or trust company, without interest. Any funds unclaimed at the end of three years from the redemption date shall, to the extent permitted by law, be released to the Corporation, after which time the holders of the shares so called for redemption shall look only to the Corporation for payment of such amounts.

(f) **Status of Redeemed Shares.** Shares of the Series A Preferred Stock that are redeemed, repurchased or otherwise acquired by the Corporation shall revert to authorized but unissued shares of Preferred Stock (provided that any such cancelled shares of the Series A Preferred Stock may be reissued only as shares of any series of the Preferred Stock other than the Series A Preferred Stock).

Section 6. *Conversion.* Holders of the Series A Preferred Stock shares shall have no right to exchange or convert such shares into any other securities.

Section 7. *Voting Rights.*

(a) **General.** The holders of the Series A Preferred Stock shall not have any voting rights except as set forth below or as otherwise from time to time required by law.

(b) **Series A Preferred Stock Directors.** Whenever, at any time or times, dividends payable on the shares of the Series A Preferred Stock have not been paid for an aggregate of six quarterly Dividend Periods or more, whether or not consecutive, the authorized number of directors of the Corporation shall automatically be increased to accommodate the number of the Preferred Directors specified below and the holders of the Series A Preferred Stock shall have

the right, voting as a class, to elect two directors (hereinafter the “Preferred Directors” and each a “Preferred Director”) to fill such newly created directorships at the Corporation’s next annual meeting of stockholders (or at a special meeting called for that purpose prior to such next annual meeting) and at each subsequent annual meeting of stockholders until all accrued and unpaid dividends for all past Dividend Periods, including the latest completed Dividend Period (including, as provided in Section 3(a) above, any dividends on such amount), on all outstanding shares of the Series A Preferred Stock have been declared and paid in full, at which time such right shall terminate with respect to the Series A Preferred Stock, except as herein or by law expressly provided, subject to reversion in the event of each and every subsequent payment failure of the character above mentioned; provided that it shall be a qualification for election for any Preferred Director that the election of such Preferred Director shall not cause the Corporation to violate any corporate governance requirements of any securities exchange or other trading facility on which securities of the Corporation may then be listed or traded that listed or traded companies must have a majority of independent directors. Upon any termination of the right of the holders of shares of the Series A Preferred Stock as a class to vote for directors as provided above, the Preferred Directors shall cease to be qualified as directors, the term of office of all Preferred Directors then in office shall terminate immediately and the authorized number of directors shall be reduced by the number of the Preferred Directors elected pursuant hereto. Any Preferred Director may be removed at any time, with or without cause, and any vacancy created thereby may be filled, only by the affirmative vote of the holders of a majority of the shares of the Series A Preferred Stock at the time outstanding voting separately as a class, to the extent the voting rights of such holders described above are then exercisable. If the office of any Preferred Director becomes vacant for any reason other than removal from office as aforesaid, the remaining Preferred Director may choose a successor who shall hold office for the unexpired term in respect of which such vacancy occurred.

(c) **Class Voting Rights as to Particular Matters.** So long as any shares of the Series A Preferred Stock are outstanding, in addition to any other vote or consent of stockholders required by law or by the Charter, the vote or consent of the holders of at least 66 2/3% of the shares of the Series A Preferred Stock at the time outstanding, voting as a separate class, given in person or by proxy, either in writing without a meeting or by vote at any meeting called for the purpose, shall be necessary for effecting or validating:

(i) **Authorization of Senior or Pari Passu Stock.** Any amendment or alteration of the Certificate of Designations for the Series A Preferred Stock or the Charter (including any amendment to the Charter effectuated by a certificate of designations) to authorize or create or increase the authorized amount of, or any issuance of, any shares of, or any securities convertible into or exchangeable or exercisable for shares of, any class or series of capital stock of the Corporation ranking senior to or pari passu with the Series A Preferred Stock with respect to either or both the payment of dividends and/or the distribution of assets on any liquidation, dissolution or winding up of the Corporation;

(ii) **Amendment of the Series A Preferred Stock.** Any amendment, alteration or repeal of any provision of the Certificate of Designations for the Series A Preferred Stock or the Charter (including, unless no vote on such merger or consolidation is required by Section 7(c)(iii) below, any amendment, alteration or repeal by means of a merger, consolidation or

otherwise) so as to adversely affect the rights, preferences, privileges or voting powers of the Series A Preferred Stock; provided, however, that notwithstanding anything to the contrary herein, the vote of 100% of the shares of the Series A Preferred Stock at the time outstanding shall be necessary to (A) reduce the Liquidation Amount, (B) reduce the Applicable Dividend Rate, (C) provide for the payment of dividends on the Series A Preferred Stock to be made in other than U.S. dollars, (D) change any Dividend Payment Date or the First Optional Redemption Date or (E) make dividends on the Series A Preferred Stock non-cumulative; or

(iii) **Share Exchanges, Reclassifications, Mergers and Consolidations.** Any consummation of a binding share exchange or reclassification involving the Series A Preferred Stock, or of a merger or consolidation of the Corporation with or into another corporation or other entity, unless in each case (x) the shares of the Series A Preferred Stock remain outstanding and are not amended in any respect or, in the case of any such merger or consolidation with respect to which the Corporation is not the surviving or resulting entity, are converted into or exchanged for preference securities of the surviving or resulting entity or its ultimate parent, and (y) such shares remaining outstanding or such preference securities, as the case may be, have such rights, preferences, privileges and voting powers, and limitations and restrictions thereof, taken as a whole, as are not materially less favorable to the holders thereof than the rights, preferences, privileges and voting powers, and limitations and restrictions thereof, of the Series A Preferred Stock immediately prior to such consummation, taken as a whole;

provided, however, that for all purposes of this Section 7(c), any increase in the amount of the authorized Preferred Stock, or the creation and issuance, or an increase in the authorized or issued amount, whether pursuant to preemptive or similar rights or otherwise, of any other series of the Preferred Stock, or any securities convertible into or exchangeable or exercisable for any other series of the Preferred Stock, ranking junior to the Series A Preferred Stock with respect to the payment of dividends (whether such dividends are cumulative or non-cumulative) and the distribution of assets upon liquidation, dissolution or winding up of the Corporation will not be deemed to adversely affect the rights, preferences, privileges or voting powers, and shall not require the affirmative vote or consent of, the holders of outstanding shares of the Series A Preferred Stock.

(d) **Changes after Provision for Redemption.** No vote or consent of the holders of the Series A Preferred Stock shall be required pursuant to Section 7(c) above if, at or prior to the time when any such vote or consent would otherwise be required pursuant to such Section, all outstanding shares of the Series A Preferred Stock shall have been redeemed, or shall have been called for redemption upon proper notice and sufficient funds shall have been deposited in trust for such redemption, in each case pursuant to Section 5 above.

(e) **Procedures for Voting and Consents.** The rules and procedures for calling and conducting any meeting of the holders of the Series A Preferred Stock (including, without limitation, the fixing of a record date in connection therewith), the solicitation and use of proxies at such a meeting, the obtaining of written consents and any other aspect or matter with regard to such a meeting or such consents shall be governed by any rules that the Board of Directors or any duly authorized committee of the Board of Directors, in its discretion, may adopt from time to time, which rules and procedures shall conform to the requirements of the Charter, the Bylaws, and applicable law and the rules of any national securities exchange or other trading facility on which the Series A Preferred Stock is listed or traded at the time.

Section 8. *Record Holders.* To the fullest extent permitted by applicable law, the Corporation and any transfer agent for the Series A Preferred Stock may deem and treat the record holder of any share of the Series A Preferred Stock as the true and lawful owner thereof for all purposes, and neither the Corporation nor any such transfer agent shall be affected by any notice to the contrary.

Section 9. *Notices.* All notices or communications in respect of the Series A Preferred Stock shall be sufficiently given if given in writing and delivered in person or by first class mail, postage prepaid, or if given in such other manner as may be permitted in this Certificate of Designations, in the Charter or Bylaws or by applicable law. Notwithstanding the foregoing, if shares of the Series A Preferred Stock are issued in book-entry form through The Depository Trust Corporation (“DTC”) or any similar facility, such notices may be given to the holders of the Series A Preferred Stock in any manner permitted by such facility.

Section 10. *No Preemptive Rights.* No holder of the Series A Preferred Stock shall be entitled as a matter of right to subscribe for or purchase, or have any preemptive right or any other right to remediate dilution with respect to, any part of any new or additional issue of stock of any class whatsoever, or of securities convertible into any stock of any class whatsoever, whether now or hereafter authorized and whether issued for cash or other consideration or by way of dividend.

Section 11. *Replacement Certificates.* The Corporation shall replace any mutilated certificate at the holder’s expense upon surrender of that certificate to the Corporation. The Corporation shall replace certificates that become destroyed, stolen or lost at the holder’s expense upon delivery to the Corporation of reasonably satisfactory evidence that the certificate has been destroyed, stolen or lost, together with any indemnity that may be reasonably required by the Corporation.

Section 12. *Other Rights.* The shares of the Series A Preferred Stock shall not have any rights, preferences, privileges or voting powers or relative, participating, optional or other special rights, or qualifications, limitations or restrictions thereof, other than as set forth herein or in the Charter or as provided by applicable law.

Section 13. *Form.*

(a) The Series A Preferred Stock shall be initially issued in substantially the form set forth in Exhibit A (“Series A Preferred Share Certificate”) and shall have such insertions as are appropriate or required or permitted by this Certificate of Designations and may have such letters, numbers or other marks of identification and such legends and endorsements, stamped, printed, lithographed or engraved thereon, as the Corporation may deem appropriate and as are not inconsistent with the provisions of this Certificate of Designations, such as may be required to comply with this Certificate of Designations, any law or any rule of any securities exchange on which the Series A Preferred Stock may be listed, and such as may be necessary to conform to customary usage.

(b) If the Series A Preferred Stock is sold pursuant to an effective registration statement filed with the Securities and Exchange Commission, or if the Corporation so elects at any time, any Series A Preferred Share Certificates may be presented to the Transfer Agent by holders in exchange for one or more Global Shares up to the aggregate number of shares of Series A Preferred Stock then outstanding, to be registered in the name of DTC, or its nominee, and delivered by the Transfer Agent to DTC, or its custodian, for crediting to the accounts of its participants pursuant to the procedures of DTC. Upon such presentation, the Corporation shall execute a Global Share representing such aggregate number of shares of Series A Preferred Stock and deliver the same to the Transfer Agent for authentication and delivery.

(c) Any Global Share shall bear the legend substantially in the form set forth in Exhibit C hereto (the "Global Share Legend").

(d) So long as a Global Share is registered in the name of DTC or its nominee, members of, or participants in, DTC ("Agent Members") shall have no rights under this Certificate of Designation with respect to the Global Share held on their behalf by DTC or the Transfer Agent as its custodian, and DTC may be treated by the Corporation, the Transfer Agent and any agent of the Corporation or the Transfer Agent as the absolute owner of such Global Share for all purposes. Accordingly, any such owner's beneficial interest in such Global Share will be shown only on, and the transfer of such interest shall be effected only through, records maintained by DTC or its nominee or its Agent Members, and neither the Corporation nor the Transfer Agent shall have any responsibility with respect to such records maintained by DTC or its nominee or its Agent Members. Notwithstanding the foregoing, nothing herein shall prevent the Corporation, the Transfer Agent or any agent of the Corporation or the Transfer Agent from giving effect to any written certification, proxy or other authorization furnished by DTC or impair, as between DTC and its Agent Members, the operation of customary practices governing the exercise of the rights of a holder.

(e) Any holder of a Global Share registered in the name of DTC or its nominee shall, by acceptance of such Global Share, agree that transfers of beneficial interests in such Global Share may be effected only through a book-entry system maintained by the holder of such Global Share (or its agent), and that ownership of a beneficial interest in the Series A Preferred Stock represented thereby shall be required to be reflected in book-entry form.

(f) Transfers of a Global Share registered in the name of DTC or its nominee shall be limited to transfers in whole, and not in part, to the Corporation, DTC, their successors, and their respective nominees. Interests of beneficial owners in a Global Share registered in the name of DTC or its nominee shall be transferred in accordance with the rules and procedures of DTC.

(g) A Global Share registered in the name of DTC or its nominee shall be exchanged for certificated shares of Series A Preferred Stock only if DTC (A) has notified the Corporation that it is unwilling or unable to continue as or ceases to be a clearing agency registered under Section 17A of the Exchange Act, and (B) a successor to DTC registered as a clearing agency under Section 17A of the Exchange Act is not able to be appointed by the Corporation within 90

days or DTC is at any time unwilling or unable to continue as a depository and a successor to DTC is not able to be appointed by the Corporation within 90 days. In any such event, a Global Share registered in the name of DTC or its nominee shall be surrendered to the Transfer Agent for cancellation, and the Corporation shall execute, and the Transfer Agent shall countersign and deliver, to each beneficial owner identified by DTC, in exchange for such beneficial owner's beneficial interest in such Global Share, certificated shares of the Series A Preferred Stock representing, in the aggregate, the number of shares theretofore represented by such Global Share with respect to such beneficial owner's respective beneficial interest. Any certificated share of Series A Preferred Stock delivered in exchange for an interest in a Global Share pursuant to this Section shall not bear the Global Share Legend. Interests in the Global Shares may not be exchanged for certificated shares of Series A Preferred Stock other than as provided in this Section 13(g).

(h) The holder of a Global Share registered in the name of DTC or its nominee may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a holder is entitled to take under this Certificate of Designations.

Section 14. *Transfer Restrictions and Legends.* (a) Each Series A Preferred Share Certificate issued hereunder shall bear the legend set forth in Exhibit A hereto.

(i) Shares of Series A Preferred Stock may not be reoffered, sold, assigned, transferred, pledged, encumbered or otherwise disposed of by a holder except pursuant to (A) a registration statement that has become effective under the Securities Act or (B) pursuant to an exemption from the registration requirements of the Securities Act, including Rule 144 under the Securities Act.

(ii) Any shares of Series A Preferred Stock as to which such restrictions on transfer shall have expired in accordance with their terms such that they can be freely sold without limits under the Securities Act and any applicable state securities law may, upon surrender of the Series A Preferred Share Certificate representing such shares for exchange in accordance with the procedures of the Transfer Agent (as defined in Section 17 below) (together with any legal opinions, certifications or other evidence as may reasonably be required by the Corporation or the Transfer Agent in order to determine that the proposed transfer is being made in compliance with the Securities Act and applicable state securities laws), be exchanged for a new Series A Preferred Share Certificate for a like number of shares, which shall not bear such legend.

(b) Any shares of Series A Preferred Stock that are purchased or owned by the Corporation or any "affiliate" thereof (as defined under Rule 144 under the Securities Act) may not be resold by the Corporation or such affiliate unless registered under the Securities Act or resold pursuant to an exemption from the registration requirements of the Securities Act in a transaction that results in such shares no longer being "restricted securities" (as defined in Rule 144 under the Securities Act).

Section 15. *Transfer, Exchange and Substitution.* (a) Series A Preferred Share Certificates shall be issued in registered form only. The Corporation shall cause to be kept at the

office of the Transfer Agent, and the Transfer Agent shall maintain, a register (the "Preferred Share Register") in which, subject to such reasonable regulations as the Corporation may prescribe, the Corporation shall provide for the registration of shares and transfers, exchanges or substitutions of Series A Preferred Share Certificates as herein provided. All Series A Preferred Share Certificates issued upon any registration of transfer or exchange of or substitution for shares shall be valid obligations of the Corporation, evidencing the same obligations, and entitled to the same benefits under this Certificate of Designations, as Series A Preferred Share Certificates surrendered for such registration of transfer, exchange or substitution.

(b) A holder may transfer a Series A Preferred Share Certificate only upon surrender of such Series A Preferred Share Certificate for registration of transfer. Series A Preferred Share Certificates may be presented for registration of transfer and exchange at the offices of the Transfer Agent with a written instruction of transfer in form satisfactory to the Transfer Agent, duly executed by such holder or by such holder's attorney, duly authorized in writing. Such holder will also provide a written certificate (substantially in the form of Exhibit B hereto) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Series A Preferred Share Certificates. The Transfer Agent shall be entitled to conclusively rely upon any such certification in connection with the transfer of a Series A Preferred Share Certificate hereunder and shall have no responsibility to monitor or verify whether any such transfer complies with the requirements hereunder or otherwise complies with the Securities Act. No such transfer shall be effected until, and the transferee shall succeed to the rights of a holder only upon, final acceptance and registration of the transfer in the Preferred Share Register by the Transfer Agent. Prior to the registration of any transfer of a Series A Preferred Share Certificate by a holder as provided herein, the Corporation, the Transfer Agent, and any agent of the Corporation or the Transfer Agent may treat the person in whose name Series A Preferred Share Certificates are registered as the owner thereof for all purposes and as the person entitled to exercise the rights represented thereby, any notice to the contrary notwithstanding.

(c) Every Series A Preferred Share Certificate presented or surrendered for registration of transfer or for exchange or substitution shall (if so required by the Corporation or the Transfer Agent) be duly endorsed, or be accompanied by a duly executed instrument of transfer in form satisfactory to the Corporation and the Transfer Agent, by the holder thereof or such holder's attorney duly authorized in writing.

(d) When Series A Preferred Share Certificates are presented to the Transfer Agent with a request to register the transfer of, or to exchange or substitute, such Series A Preferred Share Certificates, the Transfer Agent shall register the transfer or make the exchange or substitution as requested if its requirements for such transactions and any applicable requirements hereunder are satisfied. To permit registrations of transfers, exchanges and substitutions, the Corporation shall execute Series A Preferred Share Certificates at the Transfer Agent's request and the Transfer Agent shall countersign and deliver such Series A Preferred Share Certificates. No service charge shall be made for any registration of transfer or exchange of or substitution for Series A Preferred Share Certificates, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer of Series A Preferred Share Certificates.

(e) If less than all shares represented by a Series A Preferred Share Certificate are transferred, exchanged or substituted in accordance with this Certificate of Designations, the Series A Preferred Share Certificate shall be surrendered to the Transfer Agent and a new Series A Preferred Share Certificates for a number of shares equal to the shares represented by such Series A Preferred Share Certificate that were not transferred, exchanged or substituted, registered in such name or names as may be directed in writing by the surrendering holder, shall be executed by the Corporation and delivered to the Transfer Agent and the Transfer Agent shall countersign such new Series A Preferred Share Certificate and shall deliver such new Series A Preferred Share Certificate to the person or persons entitled to receive the same.

Section 16. *Surrender of Series A Preferred Share Certificates.* Any Series A Preferred Share Certificate surrendered for registration of transfer, exchange, or substitution of shares represented thereby shall, if surrendered to the Corporation, be delivered to the Transfer Agent, and all Series A Preferred Share Certificates surrendered or so delivered to the Transfer Agent shall be promptly cancelled by the Transfer Agent and shall not be reissued by the Corporation and no Series A Preferred Share Certificate shall be issued hereunder in lieu thereof. The Transfer Agent shall deliver to the Corporation from time to time or otherwise dispose of such cancelled shares as the Corporation may direct.

Section 17. *Transfer Agent And Registrar.* The duly appointed Transfer Agent and Registrar for the Series A Preferred Stock shall be General Motors Company (the "Transfer Agent"). The Corporation may, in its sole discretion, remove the Transfer Agent in accordance with the agreement between the Corporation and the Transfer Agent; provided that the Corporation shall appoint a successor transfer agent who shall accept such appointment prior to the effectiveness of such removal; provided further that such successor transfer agent shall be the Transfer Agent for purposes of this Certificate of Designations.

EXHIBIT B

FORM OF CERTIFICATE OF COMPLIANCE WITH TRANSFER RESTRICTIONS

In connection with the sale, assignment and transfer of _____ shares of Series A Fixed Rate Cumulative Perpetual Preferred Stock by _____ unto _____ (Please insert social security or other Taxpayer Identification Number of assignee) prior to the expiration of the holding period applicable to sales thereof under Rule 144 under the Securities Act of 1933, as amended (the “**Securities Act**”) (or any successor provision), the undersigned confirms that such shares are being transferred:

- To GENERAL MOTORS COMPANY (the “**Issuer**”) or any subsidiaries thereof; or
- Pursuant to a registration statement that has become effective under the Securities Act; or
- Pursuant to an exemption from registration provided by Rule 144 under the Securities Act or any other available exemption from the registration requirements of the Securities Act.

Prior to the registration of any transfer in accordance with the third box above, the Issuer and the Transfer Agent reserve the right to require the delivery of such legal opinion, certifications or other evidence as may reasonably be required in order to determine that the proposed transfer is being made in compliance with the Securities Act and applicable state securities laws.

Unless one of the boxes is checked, the Transfer Agent will refuse to register any of the shares of Series A Fixed Rate Cumulative Perpetual Preferred Stock evidenced by this certificate in the name of any person other than the registered holder thereof.

AMENDED AND RESTATED UNITED STATES CONSUMER FINANCING SERVICES AGREEMENT

Parties

This Amended and Restated United States Consumer Financing Services Agreement (this "Agreement") is dated as of May 22, 2009, and is made effective as of December 29, 2008, by and between General Motors Corporation, a Delaware corporation ("GM"), and GMAC LLC, a Delaware limited liability company ("GMAC").

Recitals

A. GM, directly and through its Subsidiaries, is a worldwide manufacturer, distributor, marketer, and seller of motor vehicles, including used vehicles, and related goods and services ("GM Products"), offered for sale to retail Consumers through a network of dealers authorized by GM and its Subsidiaries ("GM Dealers"), including certain dealers that are wholly- or partially-owned by GM or its Subsidiaries.

B. GMAC is a worldwide diversified financial services company that directly, and through its Subsidiaries, provides automotive and non-automotive finance and lease, insurance, banking, mortgage lending, and other services to a variety of affiliated and unaffiliated Consumers ("GMAC Products").

C. GM and GMAC provide significant services and resources to each other. The transactions, relationships, interactions, and dealings between GM and GMAC ("Dealings"), contribute significantly to the success of GM and GMAC, generally providing efficiencies and enhanced results for each of them, including business opportunities and referrals, data and resource sharing, economies of scale, leveraging staff expertise, and administrative conveniences. These efficiencies flow from, among other things, four aspects of their relationship: (1) the formal ownership structure that existed historically, resulting in tax, legal, and administrative efficiencies; (2) propinquity—their history, familiarity, proximity, and common corporate culture and industry experience – allowing informal and simplified interactions including infrastructure sharing; (3) sound business practices, including economies of scale and leveraging of resources; and (4) their "shared"/"common" customers (i.e., GM Dealers and purchasers of GM Products). Combined, these efficiencies result in highly valuable and significant organizational, operational, business, and financial synergies ("Synergies"). Although specific aspects of the Dealings may benefit one party more than the other from time to time, the Synergies produce net positive effects for GM and GMAC jointly and individually.

D. As a part of its business, GMAC supports the sale of GM Products by purchasing from GM Dealers, at market rates and below market rates, retail installment sale contracts and Finance Lease contracts (collectively, "Retail Financing") and Operating Lease contracts (collectively "Consumer Financing").

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

E. The parties entered into that certain United States Consumer Financing Services Agreement, dated as of November 30, 2006 (as amended, supplemented and otherwise modified prior to the date hereof, the "Original US CFSA"), which established certain terms and conditions that apply to certain of the Dealings related to Consumer Financing in the United States and established a framework for negotiating, documenting, administering, and enforcing future Dealings related to Consumer Financing in the United States.

F. On December 24, 2008, in connection with the conversion of GMAC Bank, a wholly owned Subsidiary of GMAC, from a Utah industrial loan company to a Utah commercial bank, the Board of Governors of the Federal Reserve System approved (the "Approval") the application of GMAC to become a bank holding company under Section 3 of the Bank Holding Company Act of 1956, as amended. Pursuant to a letter agreement entered into between GM and GMAC, dated as of December 29, 2008 (the "Letter Agreement"), in connection with the Approval, GM and GMAC agreed to amend and restate the Original US CFSA in accordance with the terms set forth in the Letter Agreement.

G. NOW, THEREFORE, in consideration of the premises and the mutual agreements herein provided, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of the parties agrees that the Original US CFSA is hereby amended and restated in its entirety to read as follows:

ARTICLE I

DEFINITIONS

SECTION 1.1 Definitions. The words in this Agreement have the meanings usually and customarily ascribed to them in commercial contracts, except that words that are defined below have the respective meanings ascribed to such words below or elsewhere in this Agreement.

"ALG" means the *Residual Value Lease Guide*, a publication of Automotive Lease Guide (alg), Inc.

"Application" means a credit application completed by a Consumer in connection with the purchase or lease of a new GM vehicle that a GM Dealer submits for GMAC's assessment and credit decision as to whether GMAC would purchase a retail installment sale or lease contract that the GM Dealer enters into with that Consumer, if the Dealer were to offer it for sale to GMAC.

[***]

"Business Day(s)" means a day other than Saturday or Sunday on which commercial banks are open for business in New York City.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“Capital Markets Disruption” means a state of the global credit markets, continuing for at least three months, such that credit is not available on commercially reasonable terms to borrowers with credit standing similar to GMAC.

“Confidential Information” means any information (including data developed from any such information) in any format that meets all of the following criteria: (i) GM, GMAC, or their respective Subsidiaries or Representatives (the “receiving party”) obtains the information from the other party (the “disclosing party”) or the disclosing party’s Subsidiaries or Representatives before or after the execution of this Agreement; (ii) the information relates to the business or financial activities of the disclosing party or its Subsidiaries; and (iii) the information is available to the receiving party solely to facilitate the parties’ performance of this Agreement or otherwise as a result of the relationship between GM and GMAC, and includes information relating to customers and dealerships, pricing, methods, operations, processes, trade secrets, credit programs, financial data, business and financial relationships, technical data, statistics, technical specifications, documentation, research, development or related information, computer systems, employees, and any results or compilations of the foregoing. “Confidential Information” does not include any information that: (i) is or becomes publicly available by any means other than a breach of this Agreement; (ii) was known by the receiving party before its receipt from disclosing party; (iii) is independently developed by the receiving party without using information from the disclosing party.

“Confidential Personal Information” means all information about Consumers that are natural Persons, including names, addresses, telephone numbers, account numbers and lists thereof, and demographic, financial and transaction information for, such Consumers.

“Consumer” means (i) an individual who obtains GM Products or GMAC Products at retail primarily for personal, family, or household purposes, or (ii) a Person who obtains GM Products or GMAC Products at retail for business, commercial, or similar purposes.

“Control”, when used with respect to any Person, means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the term “controlled” has a correlative meaning.

“current” means as of November 30, 2006.

“Finance Lease” means a finance product in the form of a lease where the lessor does not have the normal residual risk associated with the historical Operating Lease product.

“GM Special Program” means any incentive program offered by GM to Consumers for Consumer Financing products, such as “interest free” periods, finance charge subsidies, capitalized cost reductions, etc.

[***]

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“Governmental Authority” means any supranational, international, national, federal, state or local court, government, department, commission, board, bureau, agency, official or other regulatory, administrative or governmental authority.

“historical” refers to a period, as appropriate in the applicable context, prior to November 30, 2006, and “historically” has a correlative meaning.

“Including”, “includes” and derivatives thereof mean including or includes, as the case may be, without limitation.

“Operating Lease” means a lease where the lessor is exposed to residual risk as has been done historically.

“Person” means any individual, corporation, partnership, joint venture, limited liability company, limited liability partnership, association, joint stock company, trust, unincorporated organization, or other organization, whether or not a legal entity, and any Government Authority.

“Rate Support” means the rate subsidies paid by GM to GMAC under this Agreement in connection with Consumer Financing for GM Special Programs.

“Representatives” means directors, officers, and employees of a party or its Subsidiaries and their respective agents, representatives, auditors, and professional advisors.

“Subsidiary” means, with respect to any Person, any other Person of which a majority of the voting interests is owned, directly or indirectly, by such Person, except that in the case of GM, Subsidiary excludes GMAC and its Subsidiaries.

“Support Rate” means the interest rate GMAC offers to GM in connection with a GM Special Program.

“Third Party Program” means a GM Special Program that GM offers through a finance source other than GMAC or any of its Subsidiaries.

“Third Party Support Rate” means the interest rate a third party finance source offers to GM in connection with a Third Party Program.

ARTICLE II

FRAMEWORK

SECTION 2.1 Contractual Framework.

(a) This Agreement memorializes the Dealings related to Consumer Financing in the United States and establishes the contractual framework for negotiating, documenting, administering, and enforcing future Dealings in the United States related to Consumer Financing. GMAC will provide Consumer Financing services to GM Consumers in accordance with the terms of this Agreement. Such terms are intended to preserve the customer loyalty and dealer support benefits that historically accrued to GM as a manufacturer with an exclusive financing arm while at the same time assure that GMAC receives a competitive level of return. GMAC recognizes GM's desire to grow its automotive business and will continue to support GM in that effort to the extent that it is in keeping with GMAC's business interests.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) The overriding principles that govern the interpretation, administration, and implementation of this Agreement, and that reflect GM's and GMAC's core intent as to their business relationship under this Agreement, are as follows ("Overriding Principles"):

(i) The pricing of Retail Financing contracts under this Agreement will be based on a [***]. [***]. [***].

(ii) Subject to applicable and/or appropriate safety and soundness standards:

(A) GMAC's primary business objectives will continue to include supporting the distribution, marketing, and sale of GM Products to enhance GM's profits; and

(B) GMAC will continuously use commercially reasonable best efforts to minimize its costs of doing business to help maximize competitive Rate Support pricing.

(iii) GMAC will continue to provide broad support to GM.

(c) The Overriding Principles form binding, affirmative obligations of the parties and apply to all Dealings under this Agreement, unless (i) otherwise indicated herein, or (ii) GM and GMAC specifically agree to exclude one or more Dealings from application of the Overriding Principles. The Overriding Principle described in Section 2.1(b)(i):

(i) does not apply to any Dealings or portions thereof that relate to Operating Leases;

(ii) will not be deemed to have been breached or otherwise violated if GMAC voluntarily chooses to price Retail Financing contracts below the prices at which it is entitled to price in accordance with the terms of **Exhibit B**; and

(iii) will not be applied for the purposes of either:

(A) Amending or otherwise modifying the terms of any Consumer Financing contract after it is booked or program terms or other arrangements between GM and GMAC related thereto; or

(B) Providing for any "true-up" or other form of payment or compensation the purpose of which is to compensate either GMAC or GM in the event that any item projected in connection with a Consumer Financing contract is subsequently determined after such contract is booked to be different from such projected amount because the underlying factual assumptions on which such projected amounts were based (including assumed interest rates, vehicle sales rates, funding availability, capital requirements and general economic conditions) are determined to have been inaccurate. [***]. The provisions of this paragraph

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(B) do not prohibit or limit a payment made for any other purpose, including any payment made to correct a typographical error made in calculating amounts determined in connection with the pricing of a Consumer Financing contract.

(d) Subject to Section 2.1(c) above and except as otherwise described herein, as deemed necessary or appropriate by either party, GM and GMAC will periodically revisit the terms of this Agreement to assess whether they continue to achieve the Overriding Principles, notwithstanding any market factors, mistakes in documentation, errors in calculation, or other unanticipated facts and circumstances.

(i) If any such assessment reveals that the terms of this Agreement are not achieving the Overriding Principles, then GM and GMAC will negotiate revised terms and amend this Agreement as reasonably necessary to achieve the Overriding Principles. Any such amendment shall be retroactively effective back to the date on which the Coordinating Committee first formally addressed such amendment.

(ii) The Coordinating Committee will review and discuss changes contemplated by this Section 2.1(d).

(iii) Any Dispute as to whether a change to this Agreement is necessary or appropriate under this Section 2.1(d) will be the subject of the Dispute resolution process of Section 10.7 of this Agreement.

SECTION 2.2 Financing to Other Automobile Manufacturers. Nothing in this Agreement precludes GMAC from providing or continuing to provide any financial services to vehicle manufacturers other than GM or dealers other than GM Dealers, or from providing or continuing to provide mortgage, insurance, banking, or other non-automotive financial services in the ordinary course of business.

SECTION 2.3 Documentation. The terms and conditions related to individual Dealings in the United States involving Consumer Financing will be arm's length and reasonably documented using written forms, contracts, or instruments ("Implementing Agreements"). The nature and extent of such Dealings will be publicly disclosed to the extent required by law and as otherwise provided by this Agreement.

SECTION 2.4 Process Integrity. The parties will develop processes and promulgate policies to implement this Agreement and to take corrective action for failures to adhere to them. The Dealings (including compliance with the Overriding Principles) will be subject to regular compliance verification by the parties and their outside auditors ("Compliance Audits").

SECTION 2.5 Compliance. GM and GMAC will comply, in all material respects, with all applicable laws and legal requirements in connection with the services contemplated by this Agreement, including obtaining and maintaining all required licenses, authorizations, and permits.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 2.6 Cooperation. GM and GMAC will reasonably cooperate with and assist each other in carrying out the other's obligations under this Agreement and will execute and deliver all documents and instruments necessary and appropriate to do so.

SECTION 2.7 Information and Reports. GM and GMAC will prepare and deliver to each other on a regular, timely basis, such information and reports as the other reasonably requests or requires from time to time regarding any and all aspects of the Dealings (including compliance with the Overriding Principles) under this Agreement.

SECTION 2.8 Scope; Subsidiaries. This Agreement applies to Dealings related to Consumer Financing in the United States only, including Puerto Rico. The respective Subsidiaries of GM and GMAC are not parties to this Agreement and may not be legally bound by this Agreement unless and until they agree to be so bound. GM and GMAC will use their reasonable best efforts to cause their Subsidiaries that have Dealings related to Consumer Financing in the United States to agree to be bound by this Agreement by executing the opt in letter (an "Opt-in Letter") in the form of **Exhibit A** attached to this Agreement. If the Subsidiaries agree to be bound by this Agreement, the terms party, parties, GM, and GMAC will be interpreted to include the relevant GM Subsidiary and GMAC Subsidiary, as appropriate. Until such time, both GM and GMAC will use their best efforts to cause their Subsidiaries engaged in Dealings related to Consumer Financing to honor and perform the obligations set forth in this Agreement as if they were parties to this Agreement. If any Subsidiary ceases to be a Subsidiary of GM or GMAC, the other party may terminate all rights under this Section with respect to such Subsidiary and the former Subsidiary's rights and obligations under any Opt-in Letter effective upon 180 days notice. Any Implementing Agreement to which such entity is a party continues in accordance with its terms.

SECTION 2.9 Coordinating Committee.

(a) Responsibilities. GM and GMAC hereby create a committee to be responsible for considerations around joint policies and programs, and for coordination of joint activities between the parties in the United States ("Coordinating Committee"). Also, any disputes under this Agreement that cannot be resolved between the parties at the working level will in the first instance be referred to this Committee. The Committee will, in normal course, receive such information from GM and GMAC as is necessary and appropriate to facilitate their work together. The Members of the Coordinating Committee may share such information as appropriate within their respective organizations.

(b) Composition. An approximately equal number of Coordinating Committee Members will be designated by each of GM and GMAC, with the total membership being between six and 10 members, as agreed from time to time by the Committee. Additionally, each of GM and GMAC may designate up to five ad hoc "ex officio" members. Guests with applicable expertise may attend meetings by invitation of the Committee. Unless agreed otherwise by the Committee, Members and ex officio members will be employees of GM or GMAC with a reasonable level of decision-making authority in order to facilitate prompt and efficient resolution of matters before the Committee. **Exhibit D** sets forth Members, Lead Members, and other designations by GM and GMAC to the Committee, as of the date hereof.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(c) Principal Contacts. Each of GM and GMAC will designate one of their Coordinating Committee Members to be the Lead Member who will be the principal point of contact and coordination outside of formal meetings of the Committee.

(d) Chair. One Member will be appointed Chair of the Committee for purposes of coordinating meeting discussions. The position of Chair will rotate between Members designated by GM and those designated by GMAC each April 1 unless otherwise agreed by the Committee.

(e) Secretary. There will be a Secretary to the Committee who may be a Member, ex officio member or other employee of GM or GMAC as agreed by the Committee. The Secretary will work with the Lead Members to prepare an agenda for each meeting, and will prepare minutes of meetings which will be circulated to the Lead Members for approval in advance of being finalized and distributed to the Coordinating Committee and ad hoc members.

(f) Meetings. The Committee will generally meet in formal session on a monthly basis; an annual calendar of meetings will be established by them and kept by the Secretary. Special meetings may be called as appropriate by the Lead Members. Attendance at any meeting may be by phone.

(g) Voting. Committee decisions will be by consensus; i.e., GM Members collectively have one "vote" and GMAC Members collectively have one "vote", with consensus required for action to be taken. At least two Members from each of GM and GMAC will be necessary for a quorum at any meeting, whether regularly scheduled or special, and minutes will be made to record all decisions. If the person then designated as Chair or Secretary is not present at any meeting, replacement(s) may be established for purposes of that meeting.

ARTICLE III

CONSUMER FINANCING

SECTION 3.1 General Service Obligations and Standards.

(a) Recognizing its historical role as the primary Consumer Financing source through which GM provides GM Special Programs to support the marketing and sale of GM Products, and taking into account the Synergies, subject to Section 3.5 below, GMAC will provide full and fair consideration of Applications and used vehicle applications received from GM Dealers, applying credit risk underwriting standards that are consistent with current and historical practices, and GMAC will purchase such contracts, if appropriate, in GMAC's sole discretion:

(i) In accordance with its usual and customary standards for creditworthiness; and

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(ii) Spanning a broad spectrum of prime and non-prime Consumers, consistent with current and historical practice.

(b) Notwithstanding anything in this Agreement to the contrary, GMAC's decision whether to provide Consumer Financing to any Consumer in any case will be made in its sole and absolute discretion and pursuant to its business judgment, without influence by GM.

(c) GMAC will further provide assistance to GM Dealers to finalize Consumer contracts related to Consumer Financing consistent with current and historical practice and will not take any measures that are inconsistent with market practice that reduce the likelihood of Consumers seeking to buy or lease vehicles through GMAC Consumer Financing (for example, onerous application fees, etc.).

(d) GMAC will continue to provide high levels of service to GM, GM Dealers, and Consumers consistent with current and historical practice. GMAC will actively work to increase the ease of doing business, completing transactions, and resolving disputes with GM, GM Dealers, and Consumers. Neither GM nor GMAC will take any corporate-wide actions that adversely impact the image of the other party.

(e) GM will set all terms and conditions of all GM Special Programs, including Consumer eligibility, program dates, covered GM Products, applicable Consumer credit tiers, lending duration of offered Consumer Financing products (e.g., 24 months, 36 months, etc.) and geography. A GM Special Program may contain any terms and conditions determined by GM (e.g., it may relate to one or more GM Products, one or more GM Nameplates, and one or more Consumer credit tiers), except that:

(i) No GM Special Program may contain more than one type of underlying financial product (e.g., a single GM Special Program may not contain both Operating Lease and retail installment sale contract products); and

(ii) GM may not intentionally design a GM Special Program with the intent of excluding GMAC's participation in it. If GMAC believes GM has done such a thing, it can invoke the Dispute resolution process as outlined in Section 10.7. The fact that GMAC is unwilling or unable to participate in a GM Special Program, or the fact that GMAC does not find the terms of a GM Special Program attractive, do not, in and of themselves, mean that GM has intentionally designed a GM Special Program with the intent of excluding GMAC's participation.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 3.2 Exclusivity and Related Terms for Certain GM Special Programs. Subject to the principles and exceptions outlined in this Section 3.2, whenever GM offers a GM Special Program regarding a Retail Financing product, it will do so exclusively through GMAC. The terms of this Section 3.2 shall not apply to any GM Special Program that relates to Operating Leases.

(a) As an overriding principle (different from the Overriding Principles defined in Section 2.1 above) that governs the interpretation, administration, and implementation of this Section 3.2, and reflecting GM's and GMAC's core intent as to Retail Financing exclusivity, GM and GMAC will work together with third parties regarding Third Party Programs, and GM shall be permitted to enter into Third Party Programs, in pursuit of opportunities to increase GM's sales and profits in ways that are mutually beneficial to both GM and GMAC.

(i) In this regard, GM and GMAC will cooperate regarding Third Party Programs, and GM shall be permitted to enter into Third Party Programs, where only one party benefits, so long as the other party is not negatively affected, or under other circumstances, including the following non-exhaustive list of arrangements that are acceptable:

(A) Capital Markets Disruption. During a Capital Markets Disruption, [***], then GM has the right to provide such GM Special Program through a Third Party Program. In such a case, GM would not [***], but GMAC's exclusivity payment would be reduced on a pro-rata basis for the duration of the Third Party Program using the calculation in Section 3.3(b) below. GM shall terminate any such Third Party Program within [***] after the earlier of:

(1) The end of the Capital Markets Disruption, as determined pursuant to Section 3.5; and

(2) The provision by GMAC to GM of a written notice, including by e-mail and other electronic means, that it is [***].

(B) Non-Routine Products. If no Capital Markets Disruption exists and [***], then GM has the right to offer such GM Special Program through a Third Party Program. In such a case, GM would not [***], but GMAC's exclusivity payment would be reduced on a pro-rata basis for the duration of the Third Party Program using the calculation in Section 3.3(b) below. GM will terminate any such Third Party Program within [***] after the provision by GMAC to GM of a written notice that it is [***].

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(C) ***. If no Capital Markets Disruption exists and ***, then GM could provide that GM Special Program through a Third Party Program where it would benefit GM, so long as it would not have a material negative effect on GMAC. In such a case, GM and GMAC will negotiate the terms and conditions of such Third Party Program, including reductions in GMAC's exclusivity payment, in good faith for a period of up to five Business Days and GMAC will not unreasonably withhold its agreement. If GM and GMAC fail to reach an agreement by the expiration of such five Business Day period, GM may begin offering such Third Party Program under reasonable terms and conditions determined by it, and GMAC shall have the right to Dispute the offering of such program under the Dispute resolution process in Section 10.7. ***.

(ii) ***.

(A) If a GM Special Program has terms consistent in all material respects, with a prior GM Special Program, GM may choose to notify GMAC of the terms of such GM Special Program either (1) orally or (2) in writing (including by e-mail or other electronic means). GMAC will have a period of one Business Day following such notification to respond to GM regarding **. If GM originally notified GMAC of such GM Special Program orally, then GMAC may respond orally or in writing (including by e-mail or other electronic means). If GM originally notified GMAC of such GM Special Program in writing (including by e-mail or other electronic means), then GMAC must respond in writing (including by e-mail or other electronic means).

(B) If a GM Special Program has terms that are not consistent in all material respects, with a prior GM Special Program, GM shall notify GMAC of the terms of such GM Special Program in writing (including by e-mail or other electronic means). GMAC will have a period of three Business Days following such notification to respond to GM regarding **. Such response of GMAC shall be in writing (including by e-mail or other electronic means).

(b) In addition to any Third Party Program that is permitted under Section 3.2(a) above, and regardless of whether or not a Capital Markets Disruption shall be in effect, the following additional Third Party Programs are permitted as exceptions to GM's general exclusivity obligations:

(i) With regard to Consumer Financing of Consumers of the Saturn brand ("Saturn"), Saturn may maintain its current practice of offering finance programs through GMAC, Americredit ("Americredit") or JP Morgan Chase Bank ("Chase"), so long as the program parameters offered to Chase or to Americredit are no better than those offered to GMAC and the subsidies offered through Chase or through Americredit result in no more favorable (to the Consumer) required down payments or monthly payments (based solely on Saturn's program requirements) than those offered through GMAC. Nothing in this Agreement precludes GMAC, Chase or Americredit from offering additional incentives to Consumers of Saturn in addition to what is offered by Saturn.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(ii) Through December 31, 2010, GM will be permitted to offer Third Party Programs under the following terms and conditions (this Section 3.2(b)(ii) does not apply to or limit (A) GM Special Programs offered under Section 3.2(a) above or (B) GM Special Programs offered through Americredit or Chase under Section 3.2(b)(i) above):

(A) [***]

(1) Notwithstanding Section 9.1 of this Agreement, GM may share GMAC's Support Rates and financing program descriptions, with prospective third parties, on the express conditions that:

(a) GM's disclosure of, and such third party's receipt and use of, such information is for the sole purpose of determining whether such third party can meet the [***]; and

(b) Such third party has agreed in a writing substantially in the form of **Exhibit G** hereto to be bound by nondisclosure and use obligations with respect to such information.

(2) To the extent reasonably practicable in the circumstances, [***] and the GMAC Lead Member of the Coordinating Committee that GM is considering [***] at least one Business Day before GM sends the relevant [***] to the [***].

(3) Prior to the implementation of any Third Party Program under this Section 3.2(b)(ii), [***].

(4) [***].

(5) GMAC will notify each member of the [***] in writing that they are not to disclose any information received in connection with the [***], other than the GMAC Board of Directors and its Audit Committee, unless required by law or compulsory legal process (e.g., subpoena) as reasonably determined by GMAC's Legal Staff or external legal counsel, and that they are not to use any such information for any purpose other than [***]. Such written notice will be substantially in the form of **Exhibit H**. The members of the [***] will not have responsibility for the operation of GMAC's automotive finance business for so long as they have responsibility for [***]. Such [***] members can be contract employees, as long as they are subject to the same disclosure restrictions as permanent members of the [***]. GMAC will establish appropriate "firewalls" within GMAC to prevent the sharing of [***] outside of the members of the [***], except as provided in this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(B) [***].

If GM exceeds the [***], then GM will have breached the provisions of this Section 3.2(b)(ii). The Dispute resulting from such breach (if pursued by GMAC) will follow the Dispute resolution process set forth in Section 10.7 and the consequences will be determined through this Dispute resolution process.

(C) [***].

(D) Each [***] established under this Section 3.2(b)(ii) will have a maximum duration of [***] before a new [***] under Section 3.2(b)(ii)(A) is required for such program. Such [***] may begin during the operation of such [***], provided that it shall not affect the initial duration of such [***]. Once a [***] established under this Section 3.2(b)(ii) is commenced, it may continue for the duration of such [***]. Notwithstanding anything to the contrary in the foregoing, if a [***] continues for [***], at the expiration of such [***], GM must [***]. The Dispute resulting from such deemed breach (if pursued by GMAC) will follow the Dispute resolution process set forth in Section 10.7 and the consequences will be determined through this Dispute resolution process.

(E) On a monthly basis, GM will provide to GMAC's Lead Member on the Coordinating Committee and to the GMAC Pricing Comparison Audit Staff information reasonably sufficient such that GMAC can monitor [***] above in a timely manner. The [***] has the right to perform Compliance Audits with respect to GM's dealings with [***].

(iii) Starting January 1, 2011, GM may offer any number of Third Party Programs without utilizing GMAC on an exclusive basis, so long as it simultaneously offers GMAC the opportunity to participate in the underlying GM Special Programs on a side-by-side basis. To be eligible to participate on a side-by-side basis, [***]. Additionally, each [***] established under this Section 3.2(b)(iii) is subject to the following (this Section 3.2(b)(iii) does not apply to or limit (A) GM Special Programs offered under Section 3.2(a) above or (B) GM Special Programs offered through Americredit or Chase under Section 3.2(b)(i) above):

(A) [***].

(1) Notwithstanding Section 9.1 of this Agreement, GM may share GMAC's Support Rates and financing program descriptions, with prospective third parties, on the express conditions that:

(a) GM's disclosure of, and such third party's receipt and use of, such information is for the sole purpose of determining whether such third party can meet the [***]; and

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) Such third party has agreed in a writing substantially in the form of **Exhibit G** hereto to be bound by nondisclosure and use obligations with respect to such information.

(2) To the extent reasonably practicable in the circumstances, GM will notify the *** and the GMAC Lead Member of the Coordinating Committee that GM is considering offering a *** at least one Business Day before GM sends the relevant *** to the ***.

(3) Prior to the implementation of any Third Party Program under this Section 3.2(b)(iii), ***.

(4) ***.

(5) GMAC will notify each member of the *** in writing that they are not to disclose any information received in connection with the *** to anyone outside the ***, other than the GMAC Board of Directors and its Audit Committee, unless required by law or compulsory legal process (e.g., subpoena) as reasonably determined by GMAC’s Legal Staff or external legal counsel, and that they are not to use any such information for any purpose other than ***. Such written notice will be substantially in the form of **Exhibit H**. The members of the *** will not have responsibility for the operation of GMAC’s automotive finance business for so long as they have responsibility for ***. Such *** members can be contract employees, as long as they are subject to the same disclosure restrictions as permanent members of the ***. GMAC will establish appropriate “firewalls” within GMAC to prevent the sharing of *** outside of the members of the ***, except as provided in this Agreement.

(B) ***.

If GM exceeds the ***, then GM will have breached the provisions of this Section 3.2(b)(iii). The Dispute resulting from such breach (if pursued by GMAC) will follow the Dispute resolution process set forth in Section 10.7 and the consequences will be determined through this Dispute resolution process.

**** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(C) ****.

(D) **** established under this Section 3.2(b)(iii) will have a maximum duration of **** before a new **** under Section 3.2(b)(iii) (A) is required for such program. Such **** may begin during the operation of such ****, provided that it shall not impact the initial duration of such ****. Once a **** established under this Section 3.2(b)(iii) is commenced, it may continue for the duration of such ****. Notwithstanding anything to the contrary in the foregoing, if a **** continues ****, GM must ****.

(E) Each **** offered under this Section 3.2(b)(iii) shall be offered for **** covered by the underlying GM Special Program, and GM must ****.

(F) On a monthly basis, GM will provide to GMAC's Lead Member on the Coordinating Committee and to the **** information reasonably sufficient such that GMAC can **** above in a timely manner. The **** has the right to perform Compliance Audits with respect to GM's dealings with third parties related to all **** established under this Section 3.2(b)(iii), including the right to review ****.

(c) To the extent that the other provisions of this Section 3.2 do not provide for notice mechanics in connection with a GM Special Program, GM will inform GMAC in a manner consistent with current and historical practice, including by e-mail or other electronic means, of such GM Special Program at least five Business Days before the scheduled start date (except for routine special rate and special residual support changes which can be the same day). If GM does not provide such notice, GMAC will use best efforts to implement such GM Special Program to the extent reasonably and practically possible under the circumstances. If GMAC cannot implement the GM Special Program concept as proposed by GM, GM and GMAC will cooperate to find a workable solution, if any, or GM will be permitted to pursue its alternatives under this Section 3.2, as appropriate.

SECTION 3.3 Exclusivity Payment. (a) For each one year period commencing December 1 and ending November 30 (initially commencing December 1, 2008), if the number of Retail Financing contracts dated during such period and booked by GMAC in connection with all GM Special Programs in the United States is greater than 50% of all Retail Financing contracts dated during such period and booked under all GM Special Programs in the United States, GMAC will pay to GM, annually in arrears, within 30 days of invoice date following the end of each one year period, \$75 million.

(b) In the event GM offers **** under any provision of Section 3.2 other than Section 3.2(b)(i) and **** the annual \$75 million payment will be adjusted downward on a prorated basis in proportion to the ****.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(c) GMAC may, at its election and in its sole discretion, prepay to GM at any time the present value of the \$75 million annual payments otherwise due for the then remaining Term of this Agreement. Any such prepayment will be discounted at the rate of the 5 year U.S. Treasury Note as then available on screen GT5 <GOVT> on Bloomberg (or other similar rate from a commercially reasonable source if Bloomberg is not available). In the event of early termination of this Agreement, in whole or in part, during any period for which a prepayment has already been made, GM will have no obligation to refund any part of such prepayment.

(d) If GM offers and/or provides any [***], it will not constitute a loss of exclusivity or revocation of exclusivity under this Agreement or for purposes of any other agreement between GM and GMAC, including the Intellectual Property License Agreement dated as of November 30, 2006, as amended, and the Marketing Service Agreement dated as of November 30, 2006, as amended, and will not result in any impairment of GMAC's rights under any other agreement between GM and GMAC.

SECTION 3.4 Operating Leases.

(a) GMAC has no obligation to acquire any Operating Leases from GM Dealers or otherwise make an Operating Lease product available, and GMAC will have no exclusivity with respect to GM customer Operating Lease programs.

(b) From time to time, GM and GMAC may agree on terms and conditions for individual programs where GMAC would acquire Operating Leases from GM Dealers, and GMAC may choose to offer Operating Lease programs in its own discretion, and in each case such programs are not subject to the Overriding Principle in Section 2.1(b)(i) unless GM and GMAC otherwise agree in writing.

(c) GM will notify GMAC five Business Days in advance of the terms and conditions of all Operating Lease programs that it enters into with third parties.

(d) With respect to any Operating Lease program, GM will not offer residual support, risk sharing, or other similar terms to any third party, unless it simultaneously offers those same terms and conditions to GMAC on a side-by-side basis.

SECTION 3.5 Capital Markets Disruption. The GMAC President Auto Finance and GM Treasurer will determine whether a Capital Markets Disruption has occurred, and, if so, they subsequently will determine when it has ceased. If they determine that a Capital Markets Disruption has occurred under this Agreement, it will be deemed to have occurred under any and all agreements between GM and GMAC that provide for a Capital Markets Disruption. During a Capital Markets Disruption, GM's right to terminate or revoke Retail Financing exclusivity will be suspended. During the Capital Markets Disruption, GMAC will:

(a) Make funding available to the extent that committed lines are in place and to the extent that making such funding available from committed lines does not jeopardize GMAC's liquidity as determined in good faith by GMAC.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) [***].

SECTION 3.6 Compensation and Pricing for GM Special Programs

(a) Pricing Generally.

(i) Retail Installment Sale Contracts. GMAC will determine Support Rate pricing for retail installment sale contracts in accordance with the implementation procedures specified in **Exhibit B**. For retail installment sale contracts offered under GM Special Programs, Rate Support payments will be determined in accordance with **Exhibit I**.

(ii) Finance Leases. GMAC will determine Support Rate pricing for Finance Leases in accordance with the implementation procedures specified in **Exhibit B**, to the extent practicable. Rate Support payments for Finance Leases will be determined at the time the Finance Lease product is developed, and this methodology will be consistent with the methodology in **Exhibit I**, to the extent practicable.

(iii) Lease Pull Ahead. Pricing for lease pull-ahead products will be determined in accordance with Section 3.11.

(iv) Outstanding Operating Leases. Pricing for outstanding Operating Leases will be determined in accordance with Section 3.8.

(v) Other Products. Pricing for product types other than those provided for in paragraphs (i) through (iv) above will be determined by application of the provisions in Section 2.1 above and consistent with the spirit of the pricing methodology for GM Special Programs specifically identified in this Agreement. If application of these principles to specific products is not self evident and requires negotiation between the parties, the terms and conditions of the GM Special Program applicable to such product will be documented in a separate implementing agreement. At GM's request, GMAC will share with GM [***].

(b) GMAC Special Programs. From time to time GMAC may, in its sole discretion and upon three Business Days prior notice to GM, choose to run special programs at its own cost.

(c) [***]:

(i) [***].

(ii) [***]:

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(A) [***]

(B) [***].

SECTION 3.7 Reporting.

(a) So long as GMAC books at least 25% of all Consumer Financing contracts booked under all GM Special Programs, GMAC will continue to provide GM with the Divisional Highlights reports (as accessed through the GMAC Finance report archive website, and as modified from time to time by agreement of both GM and GMAC) that it has historically produced exclusively for GM's benefit and use. Reports include information and statistics on Applications (including approvals, rejections, and qualifications), contracts booked, terminated contracts, termination schedules, rate and residual support, and other information for the month and for the calendar year-to-date, with most of it available by division, model, and region.

(b) In an effort to improve GM incentive efficiency and forecasting ability, so long as GMAC books at least 25% of all Consumer Financing contracts booked under all GM Special Programs, GMAC will provide GM with an extract of the GMAC Information Warehouse database. GMAC in its sole discretion will determine the content of the extract, and periodic updates thereof, but will attempt to reasonably respond to GM's requests for content. Data will be limited to the extent necessary to conform to all privacy and legal restrictions. GM and GMAC will also continue to work together to eliminate any unnecessary Divisional Highlight reports. GM will pay reasonable costs, if any, for maintaining the extract, net of any savings from eliminating Divisional Highlight reports.

(c) GM and GMAC may make reasonable requests of each other for additional data, to which each will respond promptly. Neither GM nor GMAC will be required to provide information that it deems in its good faith business judgment to be confidential or significantly burdensome to produce.

SECTION 3.8 Outstanding Vehicle Leases.

(a) Residual Support. As part of the residual support arrangement between GM and GMAC on vehicle leases dated between November 30, 2006 and December 23, 2008 and booked by GMAC where the underlying lease is from a GM Dealer:

(i) The amount of residual support provided by GM to GMAC is considered to be the difference between the contract residual value (less any residual support provided by GMAC itself) and the Adjusted ALG value of such vehicle ("Original Residual Support Guaranty"). To reimburse GMAC (or GM), as applicable, for the amount by which the Original Residual Support Guaranty is not fully realized (or is in excess) at the end of the lease, at the conclusion of the lease contract, a true-up payment will be made by either GM or GMAC, as appropriate, which is calculated as the difference between the Actual Residual Support Payment Required and the Expected Residual Support Payment ("True-up Payment").

***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(A) The Expected Residual Support Payment (the "Expected Residual Support Payment") was paid by GM at lease inception and represented that portion of the Original Residual Support Guaranty expected to be owed to GMAC upon remarketing of the returned lease vehicle.

(B) The Actual Residual Support Payment Required (the "Actual Residual Support Payment Required") is calculated as follows:

(1) For instances where the actual resale proceeds are less than the contract residual (less any residual support provided by GMAC itself), the difference between the contract residual value (less any residual support provided by GMAC itself) and the actual resale proceeds, up to a maximum of the Adjusted Residual Support Guaranty.

(2) For instances where the actual resale proceeds are equal to or greater than the contract residual (less any residual support provided by GMAC itself), zero.

(C) The amount of the Adjusted Residual Support Guaranty (the "Adjusted Residual Support Guaranty") is calculated as follows:

(1) For contracts terminating at scheduled maturity, the Adjusted Residual Support Guaranty is calculated to be 100% of the Original Residual Support Guaranty.

(2) For contracts terminating prior to scheduled maturity (including defaults and situations where the Consumer never purchased or returned the vehicle (a "Skip")), the Adjusted Residual Support Guaranty is calculated by dividing the number of months that the contract was actually outstanding by the number of months in the original contract term and multiplying that by the Original Residual Support Guaranty. In the case of Skips, the actual number of months outstanding is determined based on when the vehicle is classified as a Skip.

(ii) GMAC will prepare a True-Up Payment statement for GM, and the party owing the True-Up Payment will remit the True-Up Payments accrued in a month in accordance with the monthly payment terms outlined in Section 3.12.

(iii) "Adjusted ALG" means, with respect to any lease contract, the original ALG value underlying such contract, modified for adjustments made historically, in accordance with the expected residual value impact as specified in the ALG of the following:

(A) low mileage leases;

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

- (B) additional mileage over and above the original ALG value underlying such contract;
- (C) GMAC allowed dealer-installed accessories; and
- (D) interpolation for odd-term leases.

(iv) If GMAC decides to add its own residual support, it does so at its own risk and expense.

(b) Residual Exposure at End of Lease. As part of the remarketing arrangement between GM and GMAC, the following risk-sharing arrangement applies to all returned SmartLease vehicles under leases dated between November 30, 2006 and December 23, 2008 and booked by GMAC where the underlying lease is from a GM Dealer and the vehicle is remarketed through a physical or internet auction:

(i) Following the resale of a SmartLease vehicle under the Remarketing Services Agreement between GM and GMAC, dated as of November 30, 2006, as amended, GMAC will receive the net proceeds of such sale, calculated as the gross proceeds of the sale before any auction expenses are subtracted, plus any insurance settlement, plus any allowed insurance deductible, plus any allowed mileage charge, plus any additional mileage purchased up front, less any unused mileage refunded at the termination of the related lease, plus any allowed excess wear and tear ("Resale Proceeds").

(ii) If the Resale Proceeds are less than the Adjusted ALG value but greater than or equal to [***] of Residualized MSRP, GM will pay GMAC the lesser of (a) [***] of the difference between the Resale Proceeds and the Adjusted ALG and (b) [***] of the Residualized MSRP.

(iii) If Resale Proceeds are less than [***] of the Residualized MSRP, GM will pay GMAC the lesser of (a) [***] of the shortfall, if any, of [***] of the Residualized MSRP from the Adjusted ALG and (b) [***] of the Residualized MSRP.

(iv) For the avoidance of doubt, GMAC is solely responsible for any shortfall of Resale Proceeds below [***] of the Residualized MSRP (i.e., GM will not pay GMAC any portion of such amount).

(v) For purposes of this Section 3.8(b), "Residualized MSRP" means the MSRP of the vehicle, including destination and freight charges, plus any allowable dealer-installed options as listed in the ALG, less the cost of any removed equipment, plus any option package discount that was netted in the vehicle MSRP.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(c) GM will pay GMAC for such risk sharing costs incurred on a monthly basis in accordance with Section 3.12.

SECTION 3.9 [***].

SECTION 3.10 Nameplate Elimination. (a) If GM makes any public announcement (including a press release, a Form 8-K filing, a statement of GM management during an investor conference call, and a statement of GM management during a press conference) indicating that it is doing any of the following (each a "Nameplate Elimination"): considering, in the process of implementing (e.g., negotiating a sale agreement), implementing or attempting to implement (e.g., seeking offers from buyers) one or more strategic options (e.g., discontinue, phase-out, sell, etc.) generally, or a strategic option in particular, as to a vehicle nameplate brand (Buick, Cadillac, Chevrolet, Pontiac, GMC, Hummer, Saab, Saturn, or any future brand that the parties mutually agree should be considered for purposes of this Section 3.10), then GM will reimburse GMAC for actual incremental residual losses, or GMAC will reimburse GM for actual incremental residual gains, incurred by GMAC resulting from the Nameplate Elimination on all SmartLease and SmartBuy vehicles outstanding as of the date of GM's public announcement of the Nameplate Elimination (each vehicle an "Eliminated Vehicle") and any new contracts written between the announcement date and the earlier of (1) the next date that the ALG is updated to reflect a residual value that comprehends GM's public announcement of the Nameplate Elimination, and (2) the date that is 3 months after GM's public announcement of the Nameplate Elimination. The parties acknowledge that a Nameplate Elimination of Hummer, Saab, Saturn and Pontiac occurred as of the following dates, thereby triggering their obligations under this Section 3.10 as of those dates:

Hummer: June 3, 2008

Saturn: December 2, 2008

Saab: December 2, 2008

Pontiac: April 27, 2009

(b) GMAC will calculate the amount of the actual incremental residual loss or gain incurred by GMAC (and will promptly share such calculations with GM) as follows:

(i) For the period immediately preceding the announcement of the Nameplate Elimination, each Eliminated Vehicle model will be compared to a mutually agreed upon specified comparable non-Eliminated Vehicle model ("Comparable Model"). A "Baseline Differential" for each Eliminated Vehicle model will be determined by taking Resale Proceeds as a percent of estimated dealer cost ("EDC") for each Eliminated Vehicle model less Resale Proceeds as a percent of EDC for its Comparable Model based on the performance of scheduled terminations of the predominant original lease term for that model (e.g., 36-months) for the 12-month period immediately preceding the announcement of the Nameplate Elimination.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(ii) For each month following the announcement of the Nameplate Elimination, the “Actual Monthly Differential” for each Eliminated Vehicle model will be determined by taking average Resale Proceeds as a percent of average EDC for each Eliminated Vehicle model less average Resale Proceeds as a percent of average EDC for its Comparable Model based on the performance of scheduled terminations of the predominant original lease term for that model (determined in paragraph (b)(i) above) during the month.

(iii) For each month, the Actual Monthly Differential will then be compared to the Baseline Differential on each Eliminated Vehicle model.

(A) If the Actual Monthly Differential less the Baseline Differential is a percentage less than 0 for any particular Eliminated Vehicle model, then such percentage will be applied to the cumulative EDC for all scheduled and early terminations during that month for that Eliminated Vehicle model to determine the incremental loss for that Eliminated Vehicle model for that particular month (“Gross Incremental Losses”). For example, if, in November, the Actual Monthly Differential on an Eliminated Vehicle model is -4.2% of EDC and the Baseline Differential for that same Eliminated Vehicle model is -2.0% of EDC, then the Gross Incremental Losses for that Eliminated Vehicle model for all terminations in November will be equal to -2.2% ($= -4.2\% - -2.0\%$) times the total EDC for all of those Eliminated Vehicles.

(B) If the Actual Monthly Differential less the Baseline Differential is a percentage greater than or equal to 0 for any particular Eliminated Vehicle model, then such percentage will be applied to the cumulative EDC for all scheduled and early terminations during that month for that Eliminated Vehicle model to determine the incremental gain for that Eliminated Vehicle model for that particular month (“Gross Incremental Gains”). In the previous example, if the Actual Monthly Differential is instead -1.3% of EDC, then the Gross Incremental Gains will be +0.7% for that Eliminated Vehicle model in November ($-1.3\% - -2.0\% = +0.7\%$) times the total EDC for all of those Eliminated Vehicles.

(iv) To the extent that any portion of the Gross Incremental Losses for any particular Eliminated Vehicle model for a particular month are already partially or wholly covered by GM’s obligations under Section 3.8(a), Section 3.8(b) or Section 3.11 of this Agreement, then the Gross Incremental Losses for that particular Eliminated Vehicle model for that particular month will be reduced accordingly (the reduced amount being the “Net Incremental Losses”).

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(v) To the extent that any portion of the Gross Incremental Gains for any particular Eliminated Vehicle model for a particular month are already partially or wholly covered by GM's obligations under Section 3.8(a), Section 3.8(b) or Section 3.11 of this Agreement, then the Gross Incremental Gains for that particular Eliminated Vehicle model for that particular month will be increased accordingly (the increased amount being the "Net Incremental Gains").

(vi) GM will pay the total sum of the Net Incremental Losses to GMAC and GMAC will pay the total sum of the Net Incremental Gains to GM during the preceding quarter on a quarterly basis in accordance with Section 3.12.

(vii) GMAC will not be entitled to increase future pricing as a result of decreased residual performance linked to Eliminated Vehicle models following the announcement of a Nameplate Elimination.

(c) If an already-chosen Comparable Vehicle is subsequently included in a Nameplate Elimination or if the number of Eliminated Vehicles are such that a Comparable Vehicle cannot be reasonably ascertained for each Eliminated Vehicle, the parties will work together to develop a mutually agreeable solution.

(d) To the extent GMAC believes that, in substance, a nameplate brand has been effectively eliminated by the discontinuation of a substantial portion of that brand's models, then GM and GMAC will discuss, in good faith, whether the discontinuation should be treated as a Nameplate Elimination. For purposes of this Section 3.10(d), discontinuation of a model does not include replacement of it by another model, so long as the replacement model is available for Consumers to order within 15 months of such discontinuation.

SECTION 3.11 Lease Pull Ahead Programs. (a) GM may offer incentives to encourage Consumers to terminate their lease contracts or balloon installment contracts that GMAC purchased from GM Dealers, and return their vehicles before the scheduled maturity date, thereby relieving the Consumers of all or a portion of the obligations under their contracts if they simultaneously purchase or lease a new GM vehicle (e.g. from November 1, 2005 through December 31, 2005 Consumers were offered the opportunity to pull ahead contracts scheduled to mature from January through April 2006). GM will determine the periods during which the pull ahead programs are offered. GM is responsible for the total net cost of each lease pull ahead program and will reimburse GMAC for its total net cost of this program as provided in **Exhibit C**. If the program results in a net benefit to GM and GMAC, they will share equally in such benefit.

(b) GM will pay GMAC for vehicles returned in a particular month on a monthly basis in accordance with Section 3.12.

(c) GMAC will prepare and provide to GM a true-up statement once principally all eligible vehicles that did not pull ahead have been remarketed and it is possible to compare the remarketing proceeds of the vehicles that were pulled ahead to the remarketing proceeds of the eligible comparison vehicles that did not pull ahead. The true-up payment will be made in accordance with Section 3.12 by the party that owes the payment.

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 3.12 Payment Terms. The following payment terms apply to all amounts payable under this Agreement, unless otherwise indicated herein.

(a) The party to whom payment is owed (“Payee”) will invoice the party that owes the payment (“Payor”) for amounts due for a particular month, quarter or other period, as applicable, by the 5th Business Day of the following month, quarter or other period, as applicable.

(b) The Payor will make payment by the 15th calendar day of that same following month, quarter or other period, or if the 15th calendar day falls on a day other than a Business Day, by the closest Business Day to the 15th calendar day or if the 15th calendar day is the same number of calendar days from two Business Days, by the Business day that precedes the 15th calendar day (“Due Date”).

(c) If the Payee does not invoice the Payor by such 5th Business Day, the Due Date will be extended by the same number of calendar days that the Payee delays invoicing the Payor, counted from such 5th Business Day through the date on which the Payee actually invoices the Payor.

(d) Any and all payments not received on or before the Due Date will accrue, and must be paid with, interest at the annual rate of 1.00% above the prime rate of interest as quoted in the Wall Street Journal, from the Due Date until the date the Payee receives full payment.

SECTION 3.13 Participation in Market Update Meetings. GM will notify GMAC about, and will offer GMAC the opportunity to participate in, scheduled GM “Market Update” meetings, provided that if there is a specific agenda item that GM determines in its good faith business judgment to be not appropriate for GMAC’s attendance, GMAC will not attend that portion of the meeting during which such agenda item is addressed. GM may also choose, in its sole discretion, to provide GMAC with notice of and an opportunity to attend other meetings pertaining to marketing plans, incentive strategies or tactics. GM will not be required to provide information that it deems in its good faith business judgment to be confidential or significantly burdensome to produce. GMAC may share information it receives with others who have a need to know to implement programs, consistent with GM’s Vehicle Sales Service and Marketing business unit’s policies on program implementation timing and confidentiality of information.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

ARTICLE IV

TERM; TERMINATION

SECTION 4.1 Term. The term of this Agreement commenced on December 29, 2008 and, unless earlier terminated as provided for in Section 4.2, expires December 31, 2013 (the "Term"). Notwithstanding the above, the duration of Implementing Agreements will be governed by provisions concerning term and termination contained in such Implementing Agreements.

SECTION 4.2 Termination. This Agreement may be terminated prior to the scheduled expiration as follows:

- (a) by either party on the 60th day after giving written notice to the other party of material breach of this Agreement by such other party, if such material breach has not been cured to the reasonable satisfaction of the non-breaching party on or before such 60th day;
- (b) to the extent that any Governmental Authority requires GM or GMAC to terminate this Agreement or any material obligation(s) under, then any such termination will be effective as of the effective date of such required termination; or
- (c) if GMAC or any Subsidiary of GMAC that is a party to this Agreement through an Opt-in Letter at any time becomes or is Controlled by an automotive vehicle manufacturer that competes with GM, then GM and any GM Subsidiary that is a party to this agreement through an Opt-in Letter may terminate this Agreement as it relates to GMAC or such GMAC Subsidiary, as applicable.

SECTION 4.3 Obligations Upon Expiration or Termination. (a) Upon the expiration or termination of this Agreement for any reason, GM and GMAC will:

- (i) to the extent reasonably requested by either party, fully cooperate in any transfer of any servicing functions contemplated by this Agreement to a third party; and
- (ii) complete performance of any pending, "in-progress" obligations according to such standards, including confidentiality, security and accuracy, as were in effect under this Agreement prior to its termination and compensate each other for such services to the same extent as if such services had been performed during the Term of this Agreement.

(b) In addition to any other provision that is stated herein to survive expiration or termination of this Agreement, Sections 3.8 and 3.9 survive expiration or termination of this Agreement and Section 3.10 survives expiration or termination of this Agreement for any Nameplate Elimination initiated before such expiration or termination until all obligations of the parties under such Sections have been met.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

ARTICLE V

REPRESENTATIONS AND WARRANTIES

GM and GMAC each hereby represent and warrant to the other party that, as of the date hereof:

- (a) It is an entity duly organized, validly existing, and in good standing under the laws of the jurisdiction in which it was formed and has all requisite power and authority to enter into and perform all of its obligations under this Agreement.
- (b) The execution, delivery and performance of this Agreement by it have been duly authorized by all requisite action on its part.
- (c) This Agreement constitutes a valid and binding obligation of it and is enforceable against it in accordance with its terms.
- (d) The execution and performance of this Agreement by it will not (i) violate any provision of applicable law, (ii) conflict with the terms or provisions of its organizational or governance documents, or any other material instrument relating to the conduct of its business or the ownership of its property or (iii) conflict with any other material agreement to which it is a party or by which it is bound.
- (e) There are no actions, suits, proceedings or other litigation or governmental investigations pending or, to its knowledge, threatened, by or against it with respect to this Agreement or in connection with the Dealings contemplated by this Agreement.
- (f) There is no order, injunction, or decree outstanding against, or relating to, it that could reasonably be expected to have a material adverse effect upon its ability to perform its obligations under this Agreement.

ARTICLE VI

INTELLECTUAL PROPERTY/TRADEMARK

In accordance with the Intellectual Property License Agreement between GM and GMAC, dated as of November 30, 2006, as amended, GM and GMAC have each granted the other party a worldwide license to use and display its various names, trademarks, service marks and copyrights for the purpose of performing the services contemplated by this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

ARTICLE VII

AUDITS BY THE PARTIES

SECTION 7.1 Cooperation. For Compliance Audits and to facilitate audits, reviews, and investigations by Governmental Authorities, GM and GMAC will provide the other party and, subject to the execution of appropriate and reasonable confidentiality agreements, its agents, upon not less than five Business Days prior notice, reasonable assistance and access, during regular business hours, to its files, books, and records pertaining to the services contemplated by this Agreement. Neither GM nor GMAC may perform Compliance Audits more than once in any 6-month period. Any Compliance Audit will be limited in duration, manner, and scope reasonably necessary and appropriate to confirm compliance with the terms and conditions of this Agreement.

ARTICLE VIII

LIABILITY AND REMEDIES

SECTION 8.1 Liability. Each party will be liable in contract for the breach of its obligations, covenants, and agreements under this Agreement, and will not be liable to the other party: (i) under tort, except for gross negligence or willful misconduct; (ii) for equitable claims (but not including any equitable remedies); or (iii) for claims arising out of any contract with any customer, dealer, or other third party or otherwise in connection with their relationship with such Persons except as provided in Article III of this Agreement.

SECTION 8.2 Limitation of Liability. Neither party is liable under Section 8.1 for any:

- (a) damages caused by a Force Majeure Condition; or
- (b) indirect, incidental, consequential, or non-economic damages.

SECTION 8.3 Equitable Remedies Permitted. Nothing in this Article limits or restricts either party's ability to seek equitable remedies, including specific performance.

ARTICLE IX

CONFIDENTIALITY

SECTION 9.1 Nondisclosure. Neither party will use or disclose any Confidential Information of the other party or the terms, conditions and provisions of this Agreement except

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(i) to its Representatives to the extent reasonably necessary to perform its obligations under this Agreement or any other services agreements between the parties, (ii) to the extent expressly consented to by the other party, (iii) to the extent provided under Section 3.2 in connection with Third Party Programs or (iv) upon at least ten Business Days' written notice to the other party, to the extent required to be disclosed by any of the following: (A) order of a court of competent jurisdiction, administrative agency or governmental body; (B) by subpoena, summons or other legal process; (C) law, regulation or rule; (D) applicable regulatory or professional standards; or (E) in connection with any judicial or other adjudicatory proceeding in which GM or GMAC is a party; provided, however, that the party required to make any disclosure otherwise in contravention of Section 9.1 will, if possible, promptly notify the other party of any such requirement so that such other party, at its sole cost and expense, may seek an appropriate protective order.

SECTION 9.2 Survival. The provisions of this Article IX survive the expiration or termination of this Agreement and remain in force and effect for five years following expiration and termination of this Agreement for GMAC's pricing model and three years following expiration or termination of this Agreement for all other Confidential Information.

SECTION 9.3 Information Security. (a) GM and GMAC will take all necessary technical and organizational precautions to ensure that each other's Confidential Information is protected from unauthorized access, alteration, disclosure, erasure, manipulation and destruction by third parties while such information is in its possession or control and will ensure that such information is not processed in other ways contradictory to privacy and/or data protection laws.

(b) Upon written request, GM and GMAC will provide each other reasonable information regarding the processing of such information, including where and how such information is stored, who has access to such information and why and what security measures are taken to ensure that such information is protected from unauthorized access, alteration, disclosure, erasure, manipulation and destruction while in its possession or control.

(c) GM and GMAC will maintain sufficient procedures to detect and respond to security breaches involving Confidential Information and will inform each other as soon as practicable when either of them suspects or learns of malicious activity involving such Confidential Information, including an estimate of the activity's effect on the other party and the corrective action taken.

SECTION 9.4 Data Privacy.

(a) GM and GMAC each will treat Confidential Personal Information confidentially and use or disclose Confidential Personal Information only in connection with providing Consumer Financing services and their other obligations under this Agreement. GM and GMAC each will restrict disclosure of Confidential Personal Information to their employees or agents who have a need to know such information in connection with providing Consumer Financing services and the performance of the parties' other obligations under this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) Unless otherwise prohibited by law, GM and GMAC each will immediately notify the other party of any legal process served on such party for the purpose of obtaining Confidential Personal Information and, prior to disclosure of any Confidential Personal Information in connection with such process, use its reasonable best efforts to give the other party adequate time to exercise its legal options to prohibit or limit such disclosure.

(c) GM and GMAC each will implement appropriate measures designed to meet the following objectives: (i) ensure the security and confidentiality of Confidential Personal Information; (ii) protect against any anticipated threats or hazards to the security or integrity of such information and (iii) protect against unauthorized access to or use of such information that could result in substantial harm or inconvenience to the person about whom the Confidential Personal Information refers.

(d) Within ten days following termination of this Agreement or ten days following the completion of a project for which the Confidential Personal Information has been provided, whichever first occurs, upon the other party's request, GM or GMAC, as the case may be, will (i) return the other party's Confidential Personal Information to such other party or (ii) certify in writing to the other party that such Confidential Personal Information has been destroyed in such a manner that it cannot be retrieved.

(e) GM and GMAC will notify each other promptly upon the discovery of any loss, unauthorized disclosure, unauthorized access or unauthorized use of the Confidential Personal Information and will indemnify the other party and hold the other party harmless for such loss, unauthorized disclosure, unauthorized access or unauthorized use, including attorney's fees.

(f) If GM and GMAC intend to exchange Confidential Personal Information or any other personal information regarding individuals located outside the United States, the parties will take appropriate steps, including using reasonable efforts to obtain consents from the GM Dealers or other Persons if necessary, and execute ancillary agreements to ensure compliance with the data privacy laws in such jurisdiction. Similarly, if any Governmental Authority in the United States enacts laws or regulations that relate to the exchange of dealer or other third party information under this Agreement, the parties will take appropriate steps to ensure compliance with such laws or regulations.

ARTICLE X

MISCELLANEOUS

SECTION 10.1 Successors and Assigns. This Agreement binds and inures to the benefit of the parties hereto and their respective successors and assigns. Neither party may assign, delegate, or otherwise transfer any of its rights or obligations under this Agreement (by operation of law or otherwise) to any party other than one of its Subsidiaries without the consent of the other party hereto, which consent will not be unreasonably withheld; provided that any assignment or transfer to any Subsidiary will not relieve any party of its obligations under this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 10.2 No Third Party Beneficiaries. Nothing in this Agreement, express or implied, confers upon any person or entity, other than the parties and their successors and permitted assigns, any rights or remedies under or by reason of this Agreement.

SECTION 10.3 Waiver. The failure of any party to insist, in any one or more instances, upon the performance of any of the terms, covenants, or conditions of this Agreement or to exercise any right hereunder, will not operate or be construed as a waiver of any default, right, or remedy or of that party's right to insist upon strict compliance in the future. No waiver of any term, condition, or other provision of this Agreement is effective against a party unless acknowledged by such party in writing.

SECTION 10.4 Unenforceability. If a court of competent jurisdiction holds any one or more of the provisions of this Agreement to be unenforceable in any respect under the laws of any state of the United States or any other applicable jurisdiction, such unenforceability will not affect any other provision. In such event, the parties will substitute a provision that is as close as possible to the intent of the original unenforceable provisions.

SECTION 10.5 Headings. Headings used in this Agreement are for reference purposes only and will not to be deemed a part of this Agreement or used in the interpretations of the substantive provisions of it.

SECTION 10.6 Governing Law. This Agreement is governed by, and construed and enforced in accordance with the laws of the State of New York, excluding any conflict of law provisions that would require application of any other law.

SECTION 10.7 Dispute Resolution. Any dispute, controversy, claim, or disagreement arising from or in connection with this Agreement ("Dispute"), will be exclusively governed by and resolved in accordance with the provisions of this Section 10.7. Except as provided in this Section 10.7, neither party will seek judicial relief of any Dispute.

(a) Any Dispute which cannot be resolved at the working level will in the first instance be submitted to the Coordinating Committee, whenever practical via notice with reasonable detail to each member in advance of the next scheduled meeting.

(b) If at formal meeting or within 10 Business Days thereafter (unless a different time is agreed to by the Coordinating Committee) the Coordinating Committee is unable to resolve any such Dispute, it will immediately be escalated to the GMAC President Auto Finance and the GM Treasurer, or their designees for the particular matter, for resolution.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(c) Any Dispute under this Agreement which is not resolved by the GMAC President Auto Finance and the GM Treasurer (or their designees for the particular matter) within 30 days of submission to them will immediately be escalated to the GMAC CEO and GM CFO. If a Dispute is not resolved within 90 days of the date of escalation to the GMAC Auto President and GM Treasurer, either party may pursue legal remedies.

(d) Each party agrees that any suit, action or proceeding against the other party arising out of or relating to this Agreement or any transaction contemplated hereby will be brought in any federal or state court located in the city, county and State of New York, and each party hereby submits to the exclusive jurisdiction of such courts for the purpose of any such suit, action or proceeding. Each party further agrees that service of any process, summons, notice or document by U.S. registered mail to such party's respective address set forth in this Agreement for notice will be effective service of process for any action, suit or proceeding in the State of New York with respect to any matters to which it has submitted to jurisdiction in this Section. EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

(e) This Section 10.7 will not limit either party's right to apply to a court of competent jurisdiction for equitable, provisional relief with respect to any Dispute pending the resolution of the Dispute pursuant to this Section 10.7.

SECTION 10.8 Entire Agreement. This Agreement, including the Exhibits attached hereto, constitutes the entire agreement between GMAC and GM with respect to the subject matter of this Agreement and, except to the extent otherwise contemplated by this Agreement, supersedes all previous oral and written agreements, proposals, negotiations, representations, commitments, and other communications among the parties with respect to its subject matter. Notwithstanding the foregoing, to the extent Dealings related to Consumer Financing are not covered by this Agreement or another agreement between GM and GMAC, GM and GMAC will address such situation and enter into a separate agreement, consistent with current and historical practice in the United States and the spirit of this Agreement.

SECTION 10.9 Amendments. This Agreement may not be revised, discharged, altered, amended, modified, or renewed except by a writing signed by duly authorized representatives of the parties.

SECTION 10.10 Counterparts. This Agreement may be executed simultaneously in one or more counterparts, each of which is deemed an original and all of which together constitute one and the same instrument.

SECTION 10.11 Publicity. Neither party, without the prior written approval of the other party, will publicly announce or disclose the terms of this Agreement, except as required by law (subject, in each case, to giving the other party notice as promptly as possible of its intention to make such announcement or disclosure and providing the other party an opportunity to comment upon the content of such announcement or disclosure).

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 10.12 Notices. (a) Except for notices, requests, and other communications regarding operational matters (e.g., drafting authorizations, credit line suspension notices) which each party currently sends, and has historically sent, to individuals at the operating levels of the other party ("Operational Notices"), all legal notices, requests, and other communications to any party hereto required by or permitted under this Agreement ("Notices") must be in writing (including facsimile transmittal) and sent to the addresses indicated below:

To GM:

GM Treasurer
767 Fifth Avenue, 14th Floor
New York, NY 10153
Facsimile: 212-418-3630

with a copy to:

Executive Director, VSSM Finance
Mail Code 482-A39-B86
100 Renaissance Center
PO BOX 100
Detroit, MI 48265
Fax: 313-667-5260

To GMAC:

President Auto Finance
Mail Code 482-B12-D11
200 Renaissance Center
PO BOX 200
Detroit, MI 48265
Facsimile: 313 665 6309

with a copy to:

General Counsel
Mail Code 482-B09-B11
200 Renaissance Center
PO BOX 200
Detroit, MI 48265
Facsimile: 313 665 6189

or at such other address to the attention of such other person as either party may designate by notice to the other party hereto. All Notices are deemed received on the date of receipt by the recipient thereof if received prior to 5:00 p.m. in the place of receipt and such day is a Business Day in the place of receipt. Otherwise, any Notice is deemed not to have been received until the next succeeding Business Day in the place of receipt.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) Operational Notices will be deemed to be given and received in any manner consistent with current and historical practice. Notice will be deemed given and received as follows: (i) if given by facsimile, when the facsimile is transmitted to compatible equipment in the possession of the recipient and confirmation of complete receipt is received by the sending party during normal business hours or on the next Business Day if not confirmed during normal business hours; (ii) if hand delivered to a party against a receipted copy, when the copy is receipted; (iii) if given by a nationally recognized and reputable overnight delivery service, the day on which the notice is actually received by the party; or (iv) if given by certified mail, return receipt requested, postage prepaid, two Business Days after it is posted with the United States Postal Service.

(c) The provisions above governing the date on which a Notice is deemed to have been received by a party means and refers to the date on which a party, and not its counsel or other recipient to which a copy of the Notice may be sent, is deemed to have received the Notice.

(d) If a Notice is tendered pursuant to the provisions of this Agreement and is refused by the intended recipient, the Notice will nonetheless be deemed to have been given and is effective as of the date provided in this Agreement.

(e) In any event, any Notice given to a party in a manner other than that provided in this Agreement that the party actually receives, is effective with respect to the party on receipt.

SECTION 10.13 Force Majeure. Neither GM nor GMAC is liable for a delay in performance or failure to perform any obligation under this Agreement to the extent such delay is due to causes beyond its control and is without its fault or negligence, including natural disasters, governmental regulations or orders, civil disturbance, war conditions, acts of terrorism or strikes, lock-outs or other labor disputes ("Force Majeure Condition"). The performance of any obligation suspended due to a Force Majeure Condition will resume as soon as reasonably possible as and when the Force Majeure Condition subsides.

SECTION 10.14 Relationship of Parties. Nothing contained in this Agreement will be construed as creating a joint venture, association, partnership, franchise, or other form of business or relationship, and nothing contained in this Agreement will be construed as making a party liable for the debts or obligations of the other party, unless expressly provided in this Agreement.

SECTION 10.15 Effective Date. This Agreement is effective on the date provided in the first paragraph of this Agreement.

***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 10.16 Designated Incorporation. The parties understand and agree that the provisions of Section 2 of the Amended and Restated Master Services Agreement of the date herewith between GM and GMAC are hereby incorporated by reference into this Agreement.

FORM OF OPT-IN LETTER

[Note in some cases, a GM Subsidiary and GMAC Subsidiary in the same jurisdiction may choose to execute one opt in letter (e.g. in Canada)]

To: [other parent company]

General Motors Corporation (“GM”) and GMAC LLC (“GMAC”) have entered into a number of services agreements establishing the terms and conditions applicable to inter-corporate dealings between GM and its subsidiaries on the one hand and GMAC and its subsidiaries on the other hand in certain specified countries, certain of which have been amended and restated on May 22, 2009 in connection with the conversion of GMAC Bank, a wholly owned subsidiary of GMAC, from a Utah industrial loan company to a Utah commercial bank. **[Insert subsidiary name]** (“Subsidiary”) desires to enjoy the rights and benefits under and flowing from one or more of the services agreements as marked with an “X” below (“Specified Service Agreement(s)”). Therefore, Subsidiary hereby adopts for itself, and binds itself to, the terms and conditions of each of the Specified Services Agreements and any amendments thereto executed by GM and GMAC, with or without prior consultation with Subsidiary, as though Subsidiary is an original party to the Specified Services Agreements, with the exceptions as specified below. Subsidiary agrees that it may not:

1. Assign this Opt-in Letter, or the rights and obligations under it or any of the Specified Services Agreements, to anyone, absent GM’s and GMAC’s prior written consent; or
2. Unilaterally terminate this Opt-in Letter.

Specified Services Agreements (check all that apply):

EXHIBIT G

FORM OF [*] CONFIDENTIALITY AGREEMENT**

Confidentiality Agreement, between General Motors Corporation (“GM”) and [•] (the “Lender”), dated as of [•] (this “Agreement”).

WHEREAS, GM is a worldwide manufacturer, distributor, marketer, and seller of motor vehicles and related goods and services.

WHEREAS, the Lender is an institution engaged in the business of providing financing to persons for the purchase of motor vehicles and related goods and services.

WHEREAS, GM and the Lender are considering establishing one or more retail financing programs (the “Lender Programs”), whereby the Lender would provide financing to consumers of GM products and services, and, in connection therewith, it will be necessary for GM and the Lender to exchange information regarding the Lender Programs and information regarding comparable retail financing programs offered to GM by GMAC LLC (“GMAC” and such programs, the “GMAC Programs”).

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein provided, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of the parties agrees as follows:

1.1. Definitions. As used in this Agreement, the following terms have the meanings specified below:

“Confidential Information” means any information (including data developed from any such information) in any format that meets all of the following criteria: (i) GM, the Lender, or their respective subsidiaries or Representatives (the “receiving party”) obtains the information from the other party (the “disclosing party”) or the disclosing party’s subsidiaries or Representatives before or after the execution of this Agreement; and (ii) the information relates to a GMAC Program or a Lender Program, or is otherwise shared by the disclosing party with the receiving party in connection with the evaluation or operation of a GMAC Program or Lender Program. “Confidential Information” can include information relating to customers and dealerships, pricing, methods, operations, processes, trade secrets, credit programs, financial data, business and financial relationships, technical data, statistics, technical specifications, documentation, research, development or related information, computer systems, employees, and any results or compilations of the foregoing. “Confidential Information” does not include any information that: (i) is or becomes publicly available by any means other than a breach of this Agreement; (ii) was known by the receiving party before its receipt from disclosing party; or (iii) is independently developed by the receiving party without using Confidential Information.

“GMAC Information” means the Support Rates and any and all information about GMAC Programs. Notwithstanding anything to the contrary in this Agreement, all GMAC Information is Confidential Information.

“Representatives” means directors, officers, and employees of a party or its subsidiaries and their respective agents, representatives, auditors, and professional advisors.

“Support Rate” means the interest rate GMAC offers to GM in connection with any incentive program offered by GM to consumers for automotive financing and lease products.

“USCFSA” means the U.S. Consumer Financing Services Agreement, dated as of May 22, 2009, between GM and GMAC.

1.2. Treatment of Confidential Information. (a) The Lender shall use all GMAC Information disclosed to it for the sole purpose of [***], and not for the purposes of any third party, or for any other purpose.

(b) Neither GM nor the Lender nor any of their respective Representatives will disclose any Confidential Information of the other party, except (i) to their respective Representatives to the extent reasonably necessary for evaluating and/or establishing Lender Programs, (ii) to the extent expressly consented to by the other party, or (iii) upon at least ten business days’ written notice to the other party (if delivery of such notice is reasonably practicable in the circumstances), to the extent required to be disclosed by any of the following: (A) order of a court of competent jurisdiction, administrative agency or governmental body; (B) by subpoena, summons or other legal process; (C) law, regulation or rule; (D) applicable regulatory or professional standards; or (E) in connection with any judicial or other adjudicatory proceeding in which GM or the Lender is party; provided, however, that the party required to make any disclosure otherwise in contravention of Section 1.2(b)(iii) will promptly notify the other party of any such requirement so that such other party, at its sole cost and expense, may seek an appropriate protective order, unless providing such notice is not permitted by law.

(c) Each party will safeguard the other party’s Confidential Information from unauthorized access, disclosure, alteration, manipulation, and destruction by a third party.

(d) Each party is, and will remain, the owner of its Confidential Information, and GMAC is, and will remain, the owner of any and all GMAC Information.

1.3. Term. The provisions of this Agreement shall remain in full force and effect for two years from the date of the last exchange of Confidential Information between the parties.

1.4. Successors and Assigns. This Agreement binds and inures to the benefit of the parties hereto and their respective successors and assigns. Neither party may assign or otherwise transfer any of its rights or obligations under this Agreement to any party without the consent of the other party hereto, which consent will not be unreasonably withheld.

1.5. Third Party Beneficiaries. GMAC is a third party beneficiary of this Agreement with regard to any and all GMAC Information and is entitled to enforce the provisions of this Agreement as to any and all GMAC Information. GMAC’s rights as a third party beneficiary vest immediately upon execution of this Agreement and may not be modified or diminished without GMAC’s prior written consent. Except as otherwise provided in this Section 1.5, nothing in this Agreement, express or implied, confers upon any other person or entity, other than the parties and their successors and permitted assigns, any rights or remedies under or by reason of this Agreement.

- 1.6. Waiver. The failure of any party to insist, in any one or more instances, upon the performance of any of the terms, covenants, or conditions of this Agreement or to exercise any right hereunder, will not operate or be construed as a waiver of any default, right, or remedy or of that party's right to insist upon strict compliance in the future. No waiver of any term, condition, or other provision of this Agreement is effective against a party unless acknowledged by such party in writing.
- 1.7. Unenforceability. If a court of competent jurisdiction holds any one or more of the provisions of this Agreement to be unenforceable in any respect under the laws of any state of the United States or any other applicable jurisdiction, such unenforceability will not affect any other provision. In such event, the parties will substitute a provision that is as close as possible to the intent of the original unenforceable provisions.
- 1.8. Governing Law. This Agreement is governed by, and construed and enforced in accordance with the laws of the State of New York, excluding any conflict of law provisions that would require application of any other law.
- 1.9. Disputes. Each party agrees that any suit, action or proceeding against the other party arising out of or relating to this Agreement or any transaction contemplated hereby will be brought in any federal or state court located in the city, county and State of New York, and each party hereby submits to the exclusive jurisdiction of such courts for the purpose of any such suit, action or proceeding. Each party further agrees that service of any process, summons, notice or document by U.S. registered mail to such party's respective address set forth below such party's signature will be effective service of process for any action, suit or proceeding in the State of New York with respect to any matters to which it has submitted to jurisdiction in this Section. EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.
- 1.10. Equitable Remedies. It is understood that the Confidential Information is of special, unique and extraordinary character. Each party may be irreparably harmed by a breach of this Agreement by the other party or its Representatives. Without prejudice to the rights and remedies otherwise available to each of the parties, each party shall be entitled to seek equitable relief by way of injunction or otherwise if the other party or any of its Representatives breaches or threatens to breach any of the provisions of this Agreement.
- 1.11. Entire Agreement. This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter of this Agreement and supersedes all previous oral and written agreements.
- 1.12. Amendments. This Agreement may not be revised, discharged, altered, amended, modified, or renewed, except by a writing signed by duly authorized representatives of the parties and, in all cases, subject to Section 1.5.

1.13. Counterparts. This Agreement may be executed simultaneously in one or more counterparts, each of which is deemed an original and all of which together constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto by their duly authorized representatives have executed this Agreement.

AMENDED AND RESTATED MASTER SERVICES AGREEMENT

This Amended and Restated Master Services Agreement ("Agreement") is dated as of May 22, 2009, and is made effective as of December 29, 2008, by and between General Motors Corporation, a Delaware corporation ("GM"), and GMAC LLC, a Delaware limited liability company ("GMAC").

Recitals

A. GM, directly and through its Subsidiaries, is a worldwide manufacturer, distributor, marketer, and seller of motor vehicles and related goods and services ("GM Products").

B. GMAC is a worldwide diversified financial services company that directly, and through its Subsidiaries, provides automotive and non-automotive finance and lease, insurance, banking, mortgage lending, and other services to a variety of affiliated and unaffiliated, consumer and commercial customers.

C. GM and GMAC provide significant services and resources to each other as provided in the Specified Integrated Agreements and other agreements. The interrelated transactions and dealings between GM and/or its Subsidiaries on the one hand and GMAC and/or its Subsidiaries on the other hand ("Dealings") contribute significantly to the success of GM and GMAC, usually generating efficiencies and enhanced results for each of them, including business opportunities and referrals, data and resource sharing, economies of scale, leveraging staff expertise, and administrative conveniences. These efficiencies flow from four aspects of their relationship: (1) the formal ownership structure that has existed historically, resulting in tax, legal, and administrative efficiencies; (2) propinquity – their history, familiarity, proximity, and common corporate culture and industry experience – allowing informal and simplified interactions; (3) sound business practices, including economies of scale and leveraging of resources, including infrastructure sharing; and (4) their "shared" or "common" customers (i.e., GM Dealers and purchasers of GM Products). Combined, these efficiencies result in highly valuable and significant organizational, operational, business, and financial synergies ("Synergies"). Although specific aspects of the Dealings may benefit one party more than the other from time to time, the Synergies produce net positive effects for GM and GMAC jointly and individually.

D. The parties entered into the Specified Integrated Agreements to establish the terms and conditions under which the parties thereto provide various services as set forth therein, including that certain Master Services Agreement, dated as of November 30, 2006 (as amended, supplemented and otherwise modified prior to the date hereof, the "Original MSA"), which, among other things, established certain terms and conditions that apply to the Specified Integrated Agreements.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

E. On December 24, 2008, in connection with the conversion of GMAC Bank, a wholly owned Subsidiary of GMAC, from a Utah industrial loan company to a Utah commercial bank, the Board of Governors of the Federal Reserve System (the "Federal Reserve") approved (the "Approval") the application of GMAC to become a bank holding company under Section 3 of the Bank Holding Company Act of 1956, as amended (the "BHC Act"). Pursuant to a letter agreement entered into between GM and GMAC, dated as of December 29, 2008 (the "Letter Agreement"), in connection with the Approval, GM and GMAC agreed to amend and restate the Original MSA and certain of the other Specified Integrated Agreements in accordance with the terms set forth in the Letter Agreement.

F. NOW, THEREFORE, in consideration of the premises and the mutual agreements herein provided, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each of the parties agrees that the Original MSA is hereby amended and restated in its entirety to read as follows:

Agreement

SECTION 1. Definitions. The words in this Agreement have the meanings usually and customarily ascribed to them in commercial contracts, except that words that are defined below or elsewhere in this Agreement have the respective meanings ascribed to such words below or elsewhere in this Agreement:

"Asset Carve Out Agreement" means an agreement dated as of November 22, 2006 among Central Originating Lease, LLC, Capital Auto Receivables LLC, Lease Ownership Cooperative LLC, Certificate Ownership Cooperative LLC, GMAC, and GM, as such agreement may be amended or amended and restated or otherwise modified from time to time.

"Bankruptcy Code" means Title 11 of the United States Code, 11 U.S.C. §§ 101 *et seq.*, as amended from time to time.

"Canada Advance Payment Agreement" means that certain Amended and Restated In-Transit Vehicle Agreement, dated as of May 22, 2009, between General Motors of Canada Limited and General Motors Acceptance Corporation of Canada, Limited, as such agreement may be amended, amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

"Canada Consumer Agreement" means the Amended and Restated Canada Consumer Financing Services Agreement dated as of May 22, 2009 among General Motors of Canada Limited, GM, GMAC and General Motors Acceptance Corporation of Canada, Limited, as such agreement may be amended or amended and restated or otherwise modified from time to time.

"Canadian OPEB Assumption Agreement" means the Assumption Agreement with respect to Canada executed by GM on November 1, 2006, as such agreement may be amended or amended and restated or otherwise modified from time to time, related to GM's assumption of GMAC's Canadian OPEB liabilities as required by Section 5.02 of the Employee Matters Agreement dated April 2, 2006.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“Cap” or “Caps” means, individually or collectively, as the case may be, each monetary limitation set forth in Section 4(a) and 4(b) with respect to the applicable Measured Exposures.

“Capital” means, as of any date with respect to GMAC, the sum of the amount of “tier 1 capital” plus the amount of “tier 2 capital” of GMAC, as reported by GMAC prior to such date in its then most recent report on Form 10-K or Form 10-Q filed with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (or, if such amounts are not reported in such report, as disclosed by GMAC to GM subject to reasonable confidentiality terms to be mutually agreed upon prior to disclosure by GMAC).

“Control”, when used with respect to any Person, means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the term “Controlled” has a correlative meaning.

“Dealer Financing Service Agreement” means the Amended and Restated Dealer Financing Service Agreement dated as of May 22, 2009 by and between GM and GMAC, as such agreement may be amended or amended and restated or otherwise modified from time to time.

“Designated Commitments to Pay” means collectively, each of the “Existing Commitments to Pay” and “Revised Commitments to Pay”, as such terms are defined in the U.S. Advance Payment Agreement, with respect to the GM Dealers that are designated dealers under the U.S. Advance Payment Agreement.

“Designated GM Domestic Entity” or “Designated GM Domestic Entities,” means, individually or collectively, as the case may be, GM and each of its Subsidiaries incorporated, domiciled or that has or have a principal place of business in the United States or any territory thereof, whether now existing or formed or acquired after the date hereof, that is a party to or has opted into one or more Specified Offset Agreements.

“Effective Date” means December 29, 2008.

“Employee Leasing Agreement” means the Amendment and Supplementary Agreement to the Fleet Management Master Agreement dated as of November 29, 2006 between Master Lease Germany GmbH and Adam Opel GmbH, as such agreement may be amended or amended and restated or otherwise modified from time to time.

“European Remarketing Agreement” means the European Remarketing Agreement dated as of November 29, 2006 between General Motors Europe AG and Masterlease Limited, together with any related implementing agreements, as such agreements may be amended or amended and restated or otherwise modified from time to time.

“Excluded Exposures” means [***].

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“GM Dealer” means an existing or future dealer or distributor of GM Products, including any dealer that is wholly- or partially-owned by GM or any of its Subsidiaries.

“GM Domestic Entity” or “GM Domestic Entities” means, individually or collectively, as the case may be, each GM Entity incorporated, domiciled or that has a principal place of business in the United States or any territory thereof.

“GM Entity” or “GM Entities” means, individually or collectively, as the case may be, GM and each of its Subsidiaries, including any Subsidiaries formed or acquired after the date of this Agreement.

“GMAC Debt Facilities” means (i) the UK Facility and (ii) each other credit facility provided by any GMAC Entity to any GM Entity at any time that is secured by a lien on the assets of any GM Entity pursuant to a security agreement that has been approved by the Treasurer of GM.

“GMAC Entity” or “GMAC Entities” means, individually or collectively, as the case may be, GMAC and each of its Subsidiaries, including any Subsidiaries formed or acquired after the date of this Agreement.

“GMACI” means GMAC Insurance Holdings, Inc., a Delaware corporation.

“Governmental Authority” means any international, supranational, national, federal, state, territorial, provincial, or local court, government, department commission, board, bureau, agency, official, or other regulatory, administrative or governmental authority.

“Including,” “included,” and derivatives thereof means including or included, as the case may be, without limitation.

“Insurance Services Agreement” means the Insurance Services Agreement dated as of November 30, 2006 between GM and GMACI, as such agreement may be amended or amended and restated or otherwise modified from time to time.

“Interest Rate and Currency Swap” means the ISDA Interest Rate and Currency Exchange Agreement between GM and GMAC dated December 30, 1992 and as such agreement may be amended or amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto, but solely with respect to swaps between GM and GMAC pursuant to section 2.1(b)(viii) of the Asset Carve Out Agreement.

“IO Consumer Finance Agreement” means the Amended and Restated International Consumer Financing Services Agreement dated as of May 22, 2009 between GM and GMAC, as such agreement may be amended or amended and restated or otherwise modified from time to time.

[***].

[***].

“LIBO Rate” means, for any day, the rate that appeared as the rate for deposits in U.S. dollars for a one-month period on the Bloomberg “BBAM1” screen displaying British Bankers’ Association Interest Settlement Rates (or on any successor or substitute Bloomberg screen providing rate quotations comparable to those currently provided on the Bloomberg “BBAM1” screen for purposes of providing quotations of interest rates applicable to dollar deposits in the London interbank market, or, if Bloomberg shall cease to provide any such screen, on the Reuters “LIBOR01” screen displaying British Bankers’ Association Interest Settlement Rates) at approximately 11:00 a.m., London time, on such day (or, if such day is not a business day in London on which such rate is published, on the then most recent day that was a business day in London on which such rate was published).

“Marketing Service Agreement” means the Marketing Service Agreement dated as of November 30, 2006 by and between GM and GMAC, as such agreement may be amended or amended and restated or otherwise modified from time to time.

[***].

[***].

[***].

[***].

“Outstanding Commitment Reduction Amount” means, at any time, the aggregate amount of the Commitment Reductions made pursuant to Section 4(c) prior to such time [***].

“Person” means any individual, corporation, partnership, joint venture, limited liability company, limited liability partnership, association, joint stock company, trust, unincorporated organization, or other organization, whether or not a legal entity, and any Governmental Authority.

“Prepaid Exposure Reduction Cash Payment Amount” means, at any time, the aggregate amount of all Exposure Reduction Cash Payments made pursuant to Section 4(c) (and all similar payments made pursuant to Section 4(c) of the Original MSA) prior to such time, less (i) [***] and (ii) the aggregate amount of cash payments to GM Entities pursuant to Section 4(e) prior to such time.

[***].

“Purchase and Sale Agreement” means the Purchase and Sale Agreement, dated as of April 2, 2006, among GM, GMAC, GM Finance Co. Holdings Inc., and FIM Holdings LLC, as such agreement may be amended or amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“Residual Liability Payout Agreement” means the Residual Liability Payout Agreement dated as of May 1, 2006 among GM, Saab Cars USA, Inc., Saturn Corporation, GMAC (then known as General Motors Acceptance Corporation), GMAC Automotive Bank and Saab Financial Services Corp., as such agreement may be amended or amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

[***].

[***].

“Specified Integrated Agreements” means, collectively, each of the agreements set forth on Schedule 1 hereto, as such schedule may be amended, amended and restated, or otherwise modified from time to time in accordance with this Agreement, and any exhibits, schedules, and addenda thereto.

“Specified Offset Agreements” means, collectively, each of the agreements set forth on Schedule 2 hereto, as such Schedule may be amended, amended and restated, or otherwise modified from time to time in accordance with this Agreement, and any exhibits, schedules, and addenda thereto and any implementing agreements entered into by any GMAC Entity with any GM Entity under such Agreements.

“Subsidiary” means, with respect to any Person, any other Person of which a majority of the voting interests is owned, directly or indirectly, by such Person, excluding any Person located in China or India and with respect to GM, excluding the GMAC Entities and GM Daewoo Automotive & Technology Company located in Korea and its subsidiaries located in Korea and Vietnam.

[***].

[***].

“UK Facility” means the credit facility established under the Master Agreement for Supply of Vehicles dated as of February 27, 2006 between General Motors UK Limited (formerly known as Vauxhall Motors Limited) and GMAC UK PLC, as such agreement may be amended or amended and restated or otherwise modified from time to time.

[***].

“U.S. Advance Payment Agreement” means that certain Second Amended and Restated Agreement for Advance Payment of Wholesale Vehicle Obligations, dated as of May 22, 2009, between GM and GMAC, as such agreement may be amended, amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

“U.S. Consumer Agreement” means the Amended and Restated United States Consumer Financing Services Agreement dated as of May 22, 2009 between GM and GMAC, as such agreement may be amended, amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

“Vehicle Service Contract Premium and Claim Payment Agreement” means the Vehicle Service Contract Premium and Claim Payment Agreement dated as of May 1, 2006 among GM, GMAC (then known as General Motors Acceptance Corporation) and GMACI, as such agreement may be amended, amended and restated or otherwise modified from time to time, and any exhibits, schedules, and addenda thereto.

SECTION 2. Integration.

(a) Each of the parties to this Agreement represents, warrants, covenants, and agrees that this Agreement and the other Specified Integrated Agreements comprise a single, unitary, indivisible, and non-severable agreement governing the operational arrangements between the GM Entities on the one hand and the GMAC Entities on the other hand. For example and for illustrative purposes only, GMAC will not be able to fully perform its obligations under the Dealer Financing Service Agreement if GM fails to perform its obligations under the Marketing Service Agreement. Although this Agreement and each Specified Integrated Agreement may address a discrete subject matter, the treatment of such subject matter in separate documents does not signify that each constitutes a separate

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

agreement; instead, such treatment is intended to facilitate articulation of the terms and conditions of the overall unitary and indivisible transaction. The use of the expressions “unitary”, “indivisible”, and “non-severable” to describe this Agreement is not merely for convenient reference. It is the conscious choice and the express intent of the parties to enter into a unitary, indivisible, and non-severable transaction. Each of the parties agrees that from an economic point of view this Agreement and the other Specified Integrated Agreements reflect one indivisible and non-severable economic bargain between the GM Entities and the GMAC Entities, all other provisions of this Agreement and the other Specified Integrated Agreements have been negotiated and agreed to collectively as a single, composite, inseparable transaction, and that any one component of the transaction would not have been entered into other than as a part of the overall transaction. Except as expressly provided in this Agreement or any other Specified Integrated Agreement for specific isolated purposes (and in such cases only to the extent expressly so stated, it otherwise being presumed that this paragraph is applicable), (i) all provisions of this Agreement and the other Specified Integrated Agreements, including definitions, commencement and expiration dates, monetary provisions, use provisions, breach, default, setoff, recoupment, enforcement and termination provisions, and assignment, are integral to the entire transaction and are not severable; (ii) the economic terms of the transaction would have been substantially different had separate transactions been acceptable to GMAC and GM; and (iii) the provisions of this Agreement will at all times be construed, interpreted and applied such that the intention of all parties to effect a unitary, indivisible transaction will be preserved and maintained.

(b) The parties agree that for all purposes, including any transfer, assignment, rescission, assumption, or rejection of this Agreement under Section 365 of the Bankruptcy Code or any amendment or successor section thereof, or otherwise, this Agreement and the other Specified Integrated Agreements constitute one indivisible and non-severable agreement dealing with and covering one legal and economic unit which must be transferred, assigned, rescinded, assumed, or rejected (as applicable) as a whole with respect to all (and not less than all) of the obligations covered under this Agreement and the other Specified Integrated Agreements.

(c) The terms and provisions of this Agreement are hereby deemed incorporated in all of the Specified Integrated Agreements and Specified Offset Agreements, as applicable, in each case as though fully set forth therein and made a part thereof.

SECTION 3. Setoff Rights.

(a) Each Designated GM Domestic Entity hereby acknowledges, understands, and agrees that (i) until the earlier of (A) the date on which the Unsecured Exposures shall have been secured by a lien in favor of the applicable GMAC Entities on assets of the GM Domestic Entities pursuant to Section 5 and (B) the first date occurring on or after December 30, 2010 on which no Measured Exposure exceeds the applicable Cap, as set forth in Section 4 below (the earlier of (A) and (B), the “Setoff Rights Reduction Date”), GMAC and each other GMAC Entity (acting on its own or through GMAC on behalf of itself and each other GMAC Entity) is entitled to setoff from time to time any or all Specified GMAC Obligations against any or all

***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

Specified GM Obligations and (ii) from and after the Setoff Rights Reduction Date, GMAC and each other GMAC Entity (acting on its own or through GMAC on behalf of itself and each other GMAC Entity) is entitled to setoff from time to time any or all Known Specified GMAC Obligations against any or all Known Specified GM Obligations.

(b) If, at any time prior to the Setoff Rights Reduction Date, GMAC asserts in good faith that any Specified GM Obligation is owing or payable by any Designated GM Domestic Entity but the amount of that Specified GM Obligation is unliquidated or otherwise unascertained at any time, the GMAC Entities (or GMAC on behalf of itself and each other GMAC Entity) may, acting in a commercially reasonable manner, estimate the amount thereof and setoff such estimated amount, subject to accounting to the Designated GM Domestic Entities no later than 5 business days after the amount is liquidated or otherwise ascertained.

(c) Each GMAC Entity hereby acknowledges, understands, and agrees that GM and each other Designated GM Domestic Entity (acting on its own or through GM on behalf of itself and each other Designated GM Domestic Entity) is entitled to setoff from time to time any or all Known Specified GM Obligations against any or all Known Specified GMAC Obligations.

(d) The foregoing rights of setoff are in addition to, and not in limitation of, any other right or remedy available to any of the Designated GM Domestic Entities and the GMAC Entities (including any right of setoff, offset, recoupment, combination of accounts, deduction, counterclaim, retention, or withholding), whether expressly or implicitly arising under this Agreement or any other agreement, instrument, or undertaking, under applicable law, in equity, or otherwise and will be effective and enforceable notwithstanding any other provision to the contrary set forth in this Agreement or any other agreement, instrument, or undertaking between or among one or more GMAC Entities, on the one hand, and one or more Designated GM Domestic Entities, on the other hand.

(e) Each party hereby acknowledges, understands, and agrees that the exercise by GM or any other Designated GM Domestic Entity, on the one hand, or GMAC or any other GMAC Entity, on the other hand, at any time or from time to time of rights under this Section 3 will be deemed automatically to satisfy and discharge fully, completely, irrevocably, and indefeasibly all Specified GM Obligations, Specified GMAC Obligations, Known Specified GM Obligations, or Known Specified GMAC Obligations, as the case may be, to the extent of the exercise of such rights.

SECTION 4. Global Exposure Cap.

(a) During the period commencing on the Effective Date and ending December 29, 2010, (i) the Probable Unsecured Exposure, as calculated (or, to the extent applicable, estimated) by GMAC in good faith, shall not on any given day exceed \$2.1 billion and (ii) the Maximum Unsecured Exposure, as calculated (or, to the extent applicable, estimated) by GMAC in good faith, shall not on any given day exceed \$4.1 billion.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(b) From and after December 30, 2010, (i) the Probable Unsecured Exposure, as calculated (or, to the extent applicable, estimated) by GMAC in good faith, shall not on any given day exceed \$1.5 billion and (ii) the Maximum Total Exposure, as calculated (or, to the extent applicable, estimated) by GMAC in good faith, shall not on any given day exceed the greater of (A) \$3.0 billion and (B) 15% of the Capital of GMAC.

(c) If GMAC determines, at any time, that the amount of any Measured Exposure equals or exceeds 97% of the Cap then applicable to such Measured Exposure, GMAC and GM will immediately engage in discussions to ensure that the amount of the applicable Measured Exposure is maintained below such Cap. If the Cap with respect to a Measured Exposure has been exceeded, then, until GM or any other GM Entity (i) makes a payment in cash (an "Exposure Reduction Cash Payment") to GMAC or any other GMAC Entity and/or (ii) reduces the amount of undrawn commitments of the GMAC Entities under the GMAC Debt Facilities to provide loans to GM Entities (a "Commitment Reduction") such that, after giving effect to such Exposure Reduction Cash Payment and/or such Commitment Reduction and any additional obligations about to be incurred, the applicable Measured Exposure does not exceed such Cap, or any other event occurs as a result of which the applicable Measured Exposure no longer exceeds such Cap, the GMAC Entities will not be obligated to lend, otherwise extend any credit, or make any other financial accommodations, or otherwise increase any GMAC Entity's exposure to any GM Entity. The preceding sentence does not in any way limit or otherwise restrict any of GMAC's other rights or obligations under any other provision of this Agreement or any other agreement. Notwithstanding anything to the contrary in this Section 4, the GM Entities' obligation to not exceed the Caps is absolute (provided that GMAC has properly determined the amount of the applicable Measured Exposure with respect to the applicable Cap) and not conditioned on the occurrence of the discussions described herein or the providing of any notice by the GMAC Entities to the GM Entities. GMAC will provide to GM, not less frequently than the end of each calendar quarter, a written schedule of its determination of the amount of each Measured Exposure then due with respect to each Cap.

(d) [***].

(e) If the amount of any Measured Exposure shall, as of any date, be less than 97% of the then applicable Cap, and if, as of such date, the Prepaid Exposure Reduction Cash Payment Amount or the Outstanding Commitment Reduction Amount shall exceed zero, then GMAC (or the applicable GMAC Entity) shall, at GM's election, promptly (i) make a cash payment to GM (or the applicable GM Entity) in an amount not to exceed the Prepaid Exposure Reduction Cash Payment Amount existing immediately prior to such cash payment [***], to the extent that such cash payment and/or commitment reinstatement may be made without causing any Measured Exposure to exceed 97% of the then applicable Cap. [***].

(f) GMAC shall pay interest to GM or its designee on the Prepaid Exposure Reduction Cash Payment Amount at an annual rate (based on a year of 360 days) equal to the LIBO Rate. Such interest shall be computed on a daily basis (using, for each day, the annualized (based on a year of 360 days) LIBO Rate for such day) on the then-outstanding Prepaid Exposure Reduction Cash Payment Amount and shall be paid by GMAC in arrears no later than the 15th day of each calendar month with respect to the immediately preceding calendar month.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(g) GM and GMAC shall use commercially reasonable best efforts to work together to reduce the aggregate exposure of the GMAC Entities to the GM Entities in exchange for an equivalent reduction in the aggregate exposure of the GM Entities to the GMAC Entities.

(h) GMAC may at any time seek approval from any applicable Governmental Authority to increase any Cap above the amount set forth for such Cap in Section 4(a) or 4(b). Upon the grant of any such approval, such Cap shall automatically be increased accordingly.

SECTION 5. [***].

SECTION 6. Securitization Arrangements. GM and GMAC shall use commercially reasonable efforts either (i) to restructure current secured financing arrangements between any GM Entity, on the one hand, and any GMAC Entity, on the other hand, that are not able to be securitized by a GMAC Entity to the extent that such restructuring is reasonably practicable and may be achieved without impeding any GM Entity's ability to sell vehicles, for the purpose of enabling each applicable GMAC Entity to securitize its exposures related thereto or (ii) to identify alternative third-party sources of financing to replace the GMAC Entities with respect to such secured financing arrangements that are not able to be securitized by a GMAC Entity; provided that, if such restructuring is not at any time achieved and such third-party financing is not at any time obtained, such fact shall not be deemed to be a violation of this Section 6 or any other provision of this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 7. Audits by the Parties. The actions of the parties in connection with this Agreement will, at the election of either party, be subject to compliance verification (“Compliance Audits”) by the parties and their outside auditors. For purposes of Compliance Audits, and to facilitate audits, reviews and investigations by any Governmental Authority, GMAC and GM will each provide the other party and, subject to the execution of appropriate and reasonable confidentiality agreements, its agents, upon not less than five business days prior notice, reasonable assistance and access, during regular business hours, to its files, books and records pertaining to the calculations and other matters contemplated by this Agreement. Neither GM nor GMAC may perform a Compliance Audit more than once in any 6-month period. Compliance Audits will be limited in duration, manner and scope to that which is reasonably necessary and appropriate to confirm compliance with the terms and conditions of this Agreement or the accuracy of any calculation or determination made hereunder.

SECTION 8. Use of GM Trademark. GMAC will continue to use the trade name and trademark “GMAC” in connection with GM-directed automotive consumer and dealer finance incentive, and other promotional, programs involving GM Products for which GM compensates GMAC (for example, “interest free” periods, finance charge subsidies, capitalized cost reductions, waivers of security deposit), except to the extent that GM terminates GMAC’s license to use the GMAC trademark under Section 5.2(d) of the Intellectual Property License Agreement, dated as of November 30, 2006, as amended, or as may be otherwise agreed by the parties.

SECTION 9. Term. The term of the Original MSA commenced on November 30, 2006 and this Agreement shall remain in full force and effect for as long as any Specified Integrated Agreement remains in effect. Notwithstanding the foregoing or anything else to the contrary, GM shall have the right to terminate all (but not less than all) of the Specified Integrated Agreements (including this Agreement) at any time that GMAC becomes or is Controlled by an automotive vehicle manufacturer that competes with GM.

SECTION 10. Successors and Assigns. This Agreement binds and inures to the benefit of the parties to this Agreement and each of the other Specified Integrated Agreements and to their respective successors and assigns. No party to this Agreement may assign, delegate, or otherwise transfer any of its rights or obligations under this Agreement by operation of law or otherwise, to any third party other than one of its Subsidiaries; provided that such Subsidiary has first executed an Opt In letter in the form of Exhibit B to this Agreement; and provided further that any such assignment or transfer to any Subsidiary will not relieve any party of its obligations under this Agreement.

SECTION 11. No Third Party Beneficiaries. Nothing in this Agreement, express or implied, confers upon any person or entity, other than the parties and their successors and permitted assigns, any rights or remedies under or by reason of this Agreement.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 12. Waiver. The failure of any party to insist, in any one or more instances, upon the performance of any of the terms, covenants, or conditions of this Agreement or to exercise any right hereunder, will not operate or be construed as a waiver of any default, right, or remedy or of that party's right to insist upon strict compliance in the future. No waiver of any term, condition or other provision of this Agreement is effective against a party unless acknowledged by such party in writing.

SECTION 13. Unenforceability. If a court of competent jurisdiction holds any one or more of the provisions of this Agreement to be unenforceable, such unenforceability will not affect any other provision. In such event, the parties will substitute a provision that is as close as possible to the intent of the original unenforceable provisions; provided, however, that this paragraph will not be construed to render this Agreement or any of the other Specified Integrated Agreements to be severable from one another or otherwise in derogation of any of the provisions of Section 2 above.

SECTION 14. Headings. Headings used in this Agreement are for reference purposes only and will not to be deemed a part of this Agreement or used in the interpretations of the substantive provisions of it.

SECTION 15. Governing Law. This Agreement is governed by, and construed and enforced in accordance with the laws of the State of New York, excluding any conflict of law provisions, which would require application of any other law.

SECTION 16. Dispute Resolution.

(a) Any dispute, controversy, claim or disagreement arising from or in connection with this Agreement ("Dispute"), will be exclusively governed by and resolved in accordance with the provisions of this Section 16.

(b) The parties will use reasonable efforts to settle all Disputes without resorting to litigation. If any Dispute cannot be resolved at the working level, either party may by notice submit such Dispute to the GMAC President Auto Finance and the GM Treasurer, or their designees for the particular matter, for resolution.

(c) Any Dispute under this Agreement which is not resolved by the GMAC President Auto Finance and the GM Treasurer (or their designees for the particular matter) within 30 days of submission to them will immediately be escalated to the GMAC Chief Executive Officer and GM Chief Financial Officer. If the Dispute is not resolved within 90 days of the date of escalation to the GMAC President Auto Finance and GM Treasurer, either party may pursue legal remedies in accordance with this Section 16.

*** Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(d) Each party agrees that any suit, action, or proceeding against the other party arising out of or relating to this Agreement or any transaction contemplated hereby will only be brought in any federal or state court located in the city, county, and State of New York, and each party hereby submits to the exclusive jurisdiction of such courts for the purpose of any such suit, action, or proceeding. Each party further agrees that service of any process, summons, notice, or document by U.S. registered mail to such party's respective address set forth in Section 21 will be effective service of process for any action, suit, or proceeding in the State of New York with respect to any matters to which it has submitted to jurisdiction in this Section 16. EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

(e) Nothing in this Section 16 is intended to limit either party's right to apply to courts of the State of New York for equitable, provisional relief with respect to any Dispute pending the resolution of the Dispute pursuant to this Section 16 or to seek immediate right of setoff as provided in Section 3.

SECTION 17. Entire Agreement. This Agreement, including the Exhibits and Schedules attached hereto, constitutes the entire agreement between the parties hereto with respect to the subject matter of this Agreement and, except to the extent otherwise contemplated by this Agreement, supersedes all previous oral and written agreements, proposals, negotiations, representations, commitments, and other communications among the parties with respect to its subject matter.

SECTION 18. Amendments. This Agreement may not be revised, discharged, altered, amended, modified, or renewed except by a writing signed by duly authorized representatives of the parties.

SECTION 19. Counterparts. This Agreement may be executed simultaneously in one or more counterparts, each of which is deemed an original and all of which together constitute one and the same instrument.

SECTION 20. Publicity. No party, without the prior written approval of the other parties, will publicly announce or disclose the terms of this Agreement, except as required by law (subject, in each case, to giving the other party notice as promptly as possible of its intention to make such announcement or disclosure and providing the other party an opportunity to comment upon the content of such announcement or disclosure).

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

SECTION 21. Notices. (a) All notices, requests, and other communications to any party hereto required by or permitted under this Agreement must be in writing, including facsimile transmittal, and sent to the addresses indicated below:

or at such other address to the attention of such other person as either party may designate by written notice to the other party hereto. All such notices, requests, and other communications are deemed received on the date of receipt by the recipient thereof if received prior to 5:00 p.m. in the place of receipt and such day is a business day in the place of receipt. Otherwise, any such notice, request or communication is deemed not to have been received until the next succeeding business day in the place of receipt.

(b) Notice will be deemed given and received as follows: (a) if given by facsimile, when the facsimile is transmitted to compatible equipment in the possession of the recipient and confirmation of complete receipt is received by the sending party during normal business hours or on the next business day if not confirmed during normal business hours; (b) if hand delivered to a party against a receipted copy, when the copy is receipted; (c) if given by a nationally recognized and reputable overnight delivery service, the day on which the notice is actually received by the party; or (d) if given by certified mail, return receipt requested, postage prepaid, two business days after it is posted with the United States Postal Service.

[***] Indicates that text has been omitted which is the subject of a confidential treatment request. This text has been separately filed with the Securities and Exchange Commission

(c) The provisions above governing the date on which a notice is deemed to have been received by a party means and refers to the date on which a party, and not its counsel or other recipient to which a copy of the notice may be sent, is deemed to have received the notice.

(d) If a notice is tendered pursuant to the provisions of this Agreement and is refused by the intended recipient, the notice will nonetheless be deemed to have been given and is effective as of the date provided in this Agreement.

(e) In any event, any notice given to a party in a manner other than that provided in this Agreement that the party actually receives, is effective with respect to the party on receipt.

SECTION 22. Relationship of Parties. Nothing contained in this Agreement will be construed as creating a joint venture, association, partnership, franchise, or agency relationship, and nothing contained in this Agreement will be construed as making a party liable for the debts or obligations of the other party, unless expressly provided in this Agreement or another Specified Integrated Agreement.

SECTION 23. Scope; Additional Parties. GM will use reasonable best efforts to cause each Designated GM Domestic Entity that becomes a party to any Specified Integrated Agreement after the Effective Date to agree to be bound by this Agreement by entering into an Opt In letter in the form attached hereto as Exhibit B. Upon the execution of such Opt In letter, such Designated GM Domestic Entity will become a party to this Agreement. Until such time as a particular Designated GM Domestic Entity becomes a party to this Agreement, GM will use reasonable best efforts to cause such Designated GM Domestic Entity to honor and perform the obligations set forth in this Agreement, as if it were a party to this Agreement. Nothing in this Agreement creates any promise by GM or GMAC, respectively, to be responsible for the payment or performance of any obligation owed by their respective Subsidiaries, unless expressly provided in this Agreement.

SECTION 24. Resolution of Conflicting Terms. To the extent that any term or provision of any Specified Integrated Agreement conflicts with anything contained in this Agreement, the terms and provisions of this Agreement govern and control.

SECTION 25. Effective Date. The amendment and restatement of the Original MSA made herein shall be effective as of and from the Effective Date.

EXHIBIT B

Opt In Letter to Amended and Restated Master Services Agreement

To: GMAC LLC ("GMAC")

Opt In Letter

GMAC and General Motors Corporation ("GM") have entered into that certain Amended and Restated Master Services Agreement, effective as of December 29, 2008 ("MSA"), establishing the terms and conditions applicable to inter-corporate dealings among GM, Designated GM Domestic Entities, and GMAC with respect to certain Specified Integrated Agreements (as defined in the MSA). **[Insert Designated GM Domestic Entity name]** ("Joining Entity") desires to enjoy the rights and benefits under and flowing from the MSA, therefore, Joining Entity hereby adopts for itself, and binds itself to, the terms and conditions of the MSA and any amendments thereto made, with or without prior consultation with Joining Entity, as though Joining Entity were an original party to the MSA and any such amendments. Joining Entity agrees that it may not:

1. Assign this Opt In Letter, or the rights and obligations under it or the MSA, to anyone, absent GM's and GMAC's prior written consent.
2. Unilaterally terminate this Opt In Letter.

This Opt In Letter is effective as of the date of signature by the parties hereto.

AMENDMENT NUMBER THREE
to
LOAN AND SECURITY AGREEMENT
dated as of December 31, 2008
between
GENERAL MOTORS CORPORATION
and
THE UNITED STATES DEPARTMENT OF THE TREASURY

This AMENDMENT NUMBER THREE (this "Amendment Number Three") to the Loan and Security Agreement referenced below is entered into as of May 20, 2009, between GENERAL MOTORS CORPORATION, a Delaware corporation (the "Borrower"), and THE UNITED STATES DEPARTMENT OF THE TREASURY (the "Lender").

R E C I T A L S:

WHEREAS, the parties hereto have entered into that certain Loan and Security Agreement dated as of December 31, 2008, as supplemented by Appendix A dated as of December 31, 2008 ("Appendix A"), and as amended and modified by (i) that certain Post-Closing Letter Agreement, by and among the Borrower, certain Subsidiaries of the Borrower and the Lender, dated as of December 31, 2008, (ii) that certain Notice of Borrowing and Post-Closing Matters Letter, from the Borrower to the Lender, dated as of January 21, 2009, (iii) that certain Consent and Waiver Number One, between the Borrower and the Lender, dated as of January 29, 2009, (iv) that certain Waiver, between the Borrower and the Lender, dated as of February 17, 2009, (v) that certain Second Post-Closing Matters Letter, between the Borrower and the Lender, dated as of February 19, 2009, (vi) that certain Third Post-Closing Matters Letter, between the Borrower and the Lender, dated as of March 13, 2009, (vii) that certain Omnibus Joinder Number One, by and among the Borrower, certain Subsidiaries of the Borrower and the Lender, dated as of March 13, 2009, (viii) that certain Fourth Post-Closing Matters Letter, between the Borrower and the Lender, dated as of March 27, 2009, (ix) that certain Consent and Waiver Number Two, by and among the Borrower, Saturn Corporation and the Lender, dated as of March 30, 2009, (x) that certain Amendment to the Loan and Security Agreement, between the Borrower and the Lender, dated as of March 31, 2009, (xi) that certain Amendment Number Two to the Loan and Security Agreement, between the Borrower and the Lender, dated as of April 22, 2009, (xii) that certain Consent and Waiver Number Three, by and among the Borrower and the Lender, dated as of April 29, 2009, (xiii) that certain Fifth Post-Closing Matters Letter, between the Borrower and the Lender, dated as of April 30, 2009 and (xiv) that certain Consent under Loan and Security Agreement, between the Borrower and the Lender, dated as of May 15, 2009 (including as amended hereby, collectively, the "Loan Agreement"). Capitalized terms used but not defined herein have the meanings assigned to them in the Loan Agreement; and

WHEREAS, the Borrower and the Lender desire to amend certain terms and provisions of the Loan Agreement, including to provide an additional Advance to the Borrower for working capital purposes, as provided herein;

NOW, THEREFORE, in consideration of the mutual covenants and undertakings herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. AMENDMENTS

1.1. The following definitions are hereby added to Section 1.01 of Appendix A in their respective appropriate alphabetical order:

“Fifth Draw Date” shall mean the date specified in the Notice of Borrowing delivered to the Lender with respect to the Working Capital Advance made on such date.

1.2. The definition of “Additional Note” in Section 1.01 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

“Additional Note” shall mean any additional promissory notes issued to the Lender pursuant to Sections 2.02(c) or 2.02(d) hereof, which notes shall be substantially in the form of Exhibit B to the Warrant Agreement and subject to all terms and provisions of the Warrant Agreement that are applicable to the Additional Note (as defined therein), except as otherwise expressly set forth in such additional promissory notes.

1.3. The definition of “Funding Date” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Funding Date” shall mean the date on which the Lender funds an Advance in accordance with the terms hereof, which shall be any or all of the following, as the context may require, (i) the Effective Date, (ii) the Second Draw Date, (iii) the Third Draw Date, (iv) the Fourth Draw Date and (v) the Fifth Draw Date.

1.4. The definition of “Maximum Loan Amount” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Maximum Loan Amount” shall mean \$19,400,000,000.

1.5. The definition of “Working Capital Advance” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Working Capital Advance” shall mean each of (i) that certain loan made by the Lender to the Borrower on April 24, 2009 in an aggregate principal amount of \$2,000,000,000 and (ii) that certain loan to be made by the Lender to the Borrower on the Fifth Draw Date in an aggregate principal amount of \$4,000,000,000; provided that, in each case, such loan is made under this Loan Agreement and for the purpose of providing the Borrower with working capital. Each reference to “Working Capital Advance” in the Loan Documents shall be deemed to refer to both clauses (i) and (ii) above or either clause (i) or (ii) above, as the context may require.

1.6. Section 2.01(b) of Appendix A is hereby amended to add the following new clause (v) at the end thereof, to read as follows:

(iv) The Advance made on the Fifth Draw Date shall be in an amount equal to \$4,000,000,000.

1.7. Section 2.02(a) of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(a) The Advances made by the Lender shall be evidenced by (x) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated December 31, 2008 and payable to the Lender in the original principal amount equal to \$13,400,000,000 (the “Initial Note”) and (y) (i) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated April 22, 2009, payable to the Lender in a principal amount equal to

\$2,000,000,000 and (ii) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated May 20, 2009, payable to the Lender in a principal amount equal to \$4,000,000,000, which in the case of clause (y) shall evidence the principal amount of the Working Capital Advances (each such note, a "Working Capital Note" and, together with the Initial Note, each a "Note" and, collectively, the "Notes"). Each Note shall be payable pro rata and pari passu with all other Notes issued hereunder. A Note shall be deemed to include any promissory note delivered in substitution or exchange therefor and any modifications or supplements thereto.

1.8. Section 2.02 of the Loan Agreement is hereby amended to add the following new clause (d) at the end thereof, to read as follows:

(d) As additional consideration to the Lender for making a Working Capital Advance on the Fifth Draw Date, in accordance with the terms of the Warrant Agreement, the Borrower shall, on the Fifth Draw Date, deliver to the Lender a duly completed Additional Note dated May 20, 2009 and payable to the Lender in a principal amount equal to \$266,800,000. The terms of the Additional Note delivered pursuant to this Section 2.02(d) shall be governed in all respects by the terms and provisions of Section 1.3 of the Warrant Agreement.

2. MODIFICATION OF LOAN AGREEMENT

2.1. This Amendment Number Three is limited precisely as written and shall not be deemed to be a consent to a waiver, amendment or modification of any other term or condition of the Loan Agreement, the other Loan Documents, or any of the documents referred to therein or executed in connection therewith except as provided in Section 1 hereof, and this Amendment Number Three shall not be considered a novation.

2.2. This Amendment Number Three shall not prejudice any right or rights the Lender may now have or may have in the future under or in connection with the Loan Agreement, the other Loan Documents or any documents referred to therein or executed in connection therewith.

3. REPRESENTATIONS AND WARRANTIES OF THE BORROWER

After giving effect to this Amendment Number Three, the representations and warranties of the Borrower set forth in the Loan Agreement are true and correct in all material respects, and no Default or Event of Default has occurred and is continuing on and as of the date of this Amendment Number Three.

4. FEES AND EXPENSES

The Borrower agrees to pay or reimburse the Lender for all fees and out of pocket expenses incurred by the Lender in connection with the documentation of this Amendment Number Three (including all reasonable fees and out of pocket costs and expenses of the Lender's legal counsel incurred in connection with this Amendment Number Three), pursuant to Section 11.03(b) of the Loan Agreement.

5. CONDITIONS PRECEDENT

The effectiveness of this Amendment Number Three and the obligation of the Lender to make an Advance on the Fifth Draw Date is subject to the satisfaction of the following conditions precedent (in addition to any conditions precedent that must be satisfied pursuant to the terms of the Loan Agreement or any other Loan Document):

- (i) The Lender shall have received (a) a duly executed copy of this Amendment Number Three, (b) an original Working Capital Note pursuant to Section 2.02(a)(y)(ii) of the Loan Agreement, duly completed and executed, (c) an original Additional Note pursuant to Section 2.02(d) of the Loan Agreement, duly completed and executed, (d) a duly executed Notice of Borrowing and Use of Proceeds Statement pursuant to Section 2.03 of the Loan Agreement.
- (ii) No Default or Event of Default under any of the Loan Documents has occurred, and is continuing as of the date hereof.

6. MISCELLANEOUS

6.1 Construction. This Amendment Number Three is executed pursuant to the Loan Agreement and shall (unless otherwise expressly indicated therein) be construed, administered or applied in accordance with the terms and provisions thereof. No provision of this Amendment shall be construed against or interpreted to the disadvantage of the Lender or the Borrower by reason of the Lender or the Borrower having or being deemed to have structured or drafted such provision of this Amendment Number Three. Whenever the Loan Agreement is referred to in the Loan Documents or any of the instruments, agreements or other documents or papers executed and delivered in connection therewith, it shall be deemed to mean the Loan Agreement, as amended and modified hereby.

6.2 Counterparts. This Amendment Number Three may be executed simultaneously in any number of counterparts. Each counterpart shall be deemed to be an original, and all such counterparts shall constitute one and the same instrument. The parties agree that this Amendment Number Three may be transmitted between them by email or facsimile. The parties intend that faxed signatures and electronically imaged signatures (such as .pdf files) shall constitute original signatures and are binding on all parties. The original documents shall be promptly delivered, if requested.

6.3 Governing Law. This Amendment Number Three shall be governed by and construed in accordance with the applicable terms and provisions of Section 11.10 of the Loan Agreement.

6.4 Successors and Assigns. This Amendment Number Three shall be binding upon and inure to the benefit of the parties hereto and to their respective successors and permitted assigns.

6.5 Entire Agreement; Modification. Except as expressly provided in this Amendment Number Three, the Loan Agreement is, and shall continue to be, in full force and effect in accordance with its terms, without amendment thereto, and is, in all respects, ratified and confirmed. This Amendment Number Three is intended by the parties hereto to be the final expression of their agreement with respect to the subject matter hereof, and is the complete and exclusive statement of the terms thereof, notwithstanding any representations, statements or agreements to the contrary heretofore made. The Loan Agreement, as amended and modified hereby, may only be further amended, restated, supplemented, or otherwise modified in accordance with the provisions thereof.

6.6 Headings. The headings, captions and arrangements used in this Amendment Number Three are for reference purposes only and shall not affect the meaning or interpretation of this Amendment Number Three.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties hereto have caused this Amendment Number Three to the Loan Agreement to be duly executed by their respective authorized officers as of day hereinabove written.

AMENDMENT NUMBER THREE TO LOAN AGREEMENT

AMENDMENT NUMBER FOUR
to
LOAN AND SECURITY AGREEMENT
dated as of December 31, 2008
between
GENERAL MOTORS CORPORATION
and
THE UNITED STATES DEPARTMENT OF THE TREASURY

This AMENDMENT NUMBER FOUR (this "Amendment Number Four") to the Loan and Security Agreement referenced below is entered into as of May 27, 2009, between GENERAL MOTORS CORPORATION, a Delaware corporation (the "Borrower"), and THE UNITED STATES DEPARTMENT OF THE TREASURY (the "Lender").

R E C I T A L S:

WHEREAS, the parties hereto have entered into that certain Loan and Security Agreement dated as of December 31, 2008, as supplemented by Appendix A dated as of December 31, 2008 ("Appendix A"), and as amended and modified by (i) that certain Post-Closing Letter Agreement, by and among the Borrower, certain Subsidiaries of the Borrower and the Lender, dated as of December 31, 2008, (ii) that certain Notice of Borrowing and Post-Closing Matters Letter, from the Borrower to the Lender, dated as of January 21, 2009, (iii) that certain Consent and Waiver Number One, between the Borrower and the Lender, dated as of January 29, 2009, (iv) that certain Waiver, between the Borrower and the Lender, dated as of February 17, 2009, (v) that certain Second Post-Closing Matters Letter, between the Borrower and the Lender, dated as of February 19, 2009, (vi) that certain Third Post-Closing Matters Letter, between the Borrower and the Lender, dated as of March 13, 2009, (vii) that certain Omnibus Joinder Number One, by and among the Borrower, certain Subsidiaries of the Borrower and the Lender, dated as of March 13, 2009, (viii) that certain Fourth Post-Closing Matters Letter, between the Borrower and the Lender, dated as of March 27, 2009, (ix) that certain Consent and Waiver Number Two, by and among the Borrower, Saturn Corporation and the Lender, dated as of March 30, 2009, (x) that certain Amendment to the Loan and Security Agreement, between the Borrower and the Lender, dated as of March 31, 2009, (xi) that certain Amendment Number Two to the Loan and Security Agreement, between the Borrower and the Lender, dated as of April 22, 2009, (xii) that certain Consent and Waiver Number Three, by and among the Borrower and the Lender, dated as of April 29, 2009, (xiii) that certain Fifth Post-Closing Matters Letter, between the Borrower and the Lender, dated as of April 30, 2009, (xiv) that certain Consent under Loan and Security Agreement, between the Borrower and the Lender, dated as of May 15, 2009 and (xv) that certain Third Amendment to the Loan and Security Agreement, between the Borrower and the Lender, dated as of May 20, 2009 (including as amended hereby, collectively, the "Loan Agreement"). Capitalized terms used but not defined herein have the meanings assigned to them in the Loan Agreement or the Administration Agreement, as applicable; and

WHEREAS, the Borrower and the Lender desire to amend certain terms and provisions of the Loan Agreement, including to provide an extension of credit to the Borrower under the Loan Agreement, the proceeds of which are to be used solely to capitalize GM Warranty LLC, as provided herein;

NOW, THEREFORE, in consideration of the mutual covenants and undertakings herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. AMENDMENTS

1.1. The following definitions are hereby added to Section 1.01 of Appendix A in their respective appropriate alphabetical order:

“Administration Agreement” shall mean the Administration Agreement, dated as of May 27, 2009, by and among GM Warranty, the Borrower, General Motors Product Services, Inc., a Delaware corporation, General Motors Overseas Distribution Corporation, a Delaware corporation, Saturn, LLC, a Delaware limited liability company, Controladora General Motors, S.A. de C.V., a Mexican corporation, and GM Global Technologies Operations, Inc., a Delaware corporation, as the same shall be amended, restated, supplemented or otherwise modified from time to time.

“Business Failure” shall have the meaning set forth in the Administration Agreement.

“General Advance” shall mean each of the Advances other than the Warranty Advance.

“General Advance Collateral” shall mean all of the Facility Collateral other than the Warranty Advance Collateral.

“General Advance Maturity Date” shall mean the earliest of (i) the Expiration Date, (ii) the date specified in Section 2.05(a), or (iii) the occurrence of an Event of Default, at the option of the Lender.

“General Advance Notes” shall have the meaning set forth in Section 2.02(a).

“General Advance Obligations” shall mean all Obligations other than the Warranty Advance Obligations.

“GM Warranty” shall mean GM Warranty LLC, a Delaware limited liability company, or any successor entity thereof.

“GM Warranty Commitment Program” or “Program” shall have the meaning set forth in the Administration Agreement.

“Program Period” shall have the meaning set forth in the Administration Agreement.

“Sixth Draw Date” shall mean the date specified in the Notice of Borrowing delivered to the Lender with respect to the Warranty Advance.

“Warranty Advance” shall mean the Advance of \$360,624,198 to be made on the Sixth Draw Date for the purpose of capitalizing GM Warranty and evidenced by the Warranty Advance Note.

“Warranty Advance Collateral” shall mean (i) the Guaranty Collateral (as defined in the Guaranty), a security interest in and with respect to which is granted to the Lender by GM Warranty under the Guaranty and (ii) the Equity Interests in GM Warranty pledged to the Lender by the Borrower under the Equity Pledge Agreement.

“Warranty Advance Maturity Date” shall mean 5:00 p.m. on the last day of the thirty-sixth (36th) month following the expiration of the Program Period (including any extensions thereof), or if such day is not a Business Day, the immediately preceding Business Day.

“Warranty Advance Note” shall have the meaning set forth in Section 2.02(a).

“Warranty Advance Obligations” shall mean (a) all of the Borrower’s obligations to repay the Warranty Advance on the Warranty Advance Maturity Date, to pay interest on an interest payment date and all other obligations and liabilities of the Borrower to the Lender or any other Person arising under or in connection with the Warranty Advance or in connection with the Warranty Commitment Program Documents, whether now existing or hereafter arising; (b) any and all sums paid by the Lender pursuant to the Loan Documents in order to preserve any Warranty Advance Collateral or the interest of the Lender therein; (c) in the event of any proceeding for the collection or enforcement of any of the Borrower’s obligations or liabilities referred to in clause (a), the reasonable expenses of retaking, holding, collecting, preparing for sale, selling or otherwise disposing of or realizing on any Warranty Advance Collateral, or of any exercise by the Lender of its rights under the Loan Documents with respect to the Warranty Advance Collateral or the Warranty Commitment Program Documents, including, without limitation, reasonable attorneys’ fees and disbursements and court costs; and (d) all of the Borrower’s indemnity obligations to the Lender pursuant to the Loan Documents with respect to the Warranty Advance.

“Warranty Commitment Program Documents” shall mean the Administration Agreement, the Warranty Program Funds Account Control Agreement, the Warranty Advance Note, the Additional Note related to the Warranty Advance and each other document entered into by the Borrower, GM Warranty or the Lender in connection with the GM Warranty Commitment Program, as the same shall be amended, restated, supplemented or otherwise modified from time to time.

“Warranty Program Funds Account” shall mean the “Account” as defined in the Administration Agreement.

“Warranty Program Funds Account Control Agreement” shall mean the “Account Control Agreement” as defined in the Administration Agreement.

1.2. The definition of “Additional Note” in Section 1.01 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

“Additional Note” shall mean any additional promissory notes issued to the Lender pursuant to Sections 2.02(c), 2.02(d) or 2.02(e) hereof, which notes shall be substantially in the form of Exhibit B to the Warrant Agreement and subject to all terms and provisions of the Warrant Agreement that are applicable to the Additional Note (as defined therein), except as otherwise expressly set forth in such additional promissory notes.

1.3. The definition of “Advance” in Section 1.01 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

“Advance” or “Advances” shall have the meaning specified in Section 2.01(a), and shall include each General Advance and the Warranty Advance, unless the context otherwise requires, and each such Advance shall be treated as an Advance in all respects under this Agreement except as expressly noted herein.

1.4. The definition of “Facility Collateral” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Facility Collateral” shall mean (A) with respect to the Warranty Advance Obligations, the Warranty Advance Collateral and (B) with respect to all General Advance Obligations collectively, (i) the Collateral pledged hereunder, (ii) the Collateral (as defined in the Equity Pledge Agreement) pledged to the Lender under the Equity Pledge Agreement, (iii) the Collateral (as defined in the Intellectual Property Pledge Agreement), pledged to the Lender under the Intellectual Property Agreement, (iv) the Guaranty Collateral (as defined in the Guaranty but excluding the Warranty Advance Collateral), pledged to the Lender under the Guaranty, and (v) any other collateral security pledged to Lender under any other Loan Document, including without limitation each Mortgage; provided that each reference to “Facility Collateral” in the Loan Documents shall mean both (A) and (B) unless otherwise provided in any such Loan Document or the context requires otherwise; and further provided that Facility Collateral shall exclude any Property constituting Excluded Collateral.

1.5. The definition of “Funding Date” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Funding Date” shall mean the date on which the Lender funds an Advance in accordance with the terms hereof, which shall be any or all of the following, as the context may require, (i) the Effective Date, (ii) the Second Draw Date, (iii) the Third Draw Date, (iv) the Fourth Draw Date, (v) the Fifth Draw Date and (vi) the Sixth Draw Date.

1.6. The definition of “Interest Period” in Section 1.01 of the Loan Agreement is hereby amended by inserting “the applicable” immediately prior to “Maturity Date”.

1.7. The definition of “Loan Documents” in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

“Loan Documents” shall mean this Loan Agreement, the Note, the Warrant Note, each Additional Note, the Equity Pledge Agreement, the Intellectual Property Pledge Agreement, the Guaranty, the Warrant Agreement, the Warrant, the Post-Closing Letter Agreement, each Account Control Agreement, each Mortgage, the Environmental Indemnity, the Warranty Commitment Program Documents, each post-closing matters letter related hereto, each joinder to any Loan Document and all amendments, modifications, supplements, consents and waivers to any of the foregoing.

1.8. The definition of “Maturity Date” in Section 1.01 of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

“Maturity Date” shall mean the General Advance Maturity Date and/or the Warranty Advance Maturity Date, as the context may require.

1.9. The definition of "Maximum Loan Amount" in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

"Maximum Loan Amount" shall mean \$19,760,624,198.

1.10. The definition of "Note" in Section 1.01 of Appendix A is hereby amended and restated in its entirety to read as follows:

"Note" or "Notes" shall mean any or each of the promissory notes provided for in Section 2.02(a) as the context may require and any promissory note delivered in substitution or exchange therefor, in each case as the same shall be modified and supplemented and in effect from time to time.

1.11. The definition of "Obligations" in Section 1.01 of the Loan Agreement is hereby amended by amending and restating clause (a) thereof in its entirety to read as follows:

(a) all of the Borrower's obligations to repay the Advances on the applicable Maturity Date, to pay interest on an Interest Payment Date and all other obligations and liabilities of the Borrower to the Lender, or any other Person arising under, or in connection with, the Loan Documents, whether now existing or hereafter arising;

1.12. The definition of "Permitted Investments" in Section 1.01 of Appendix A is hereby amended by (a) deleting the word "and" at the end of clause (xxii) thereof, (b) deleting the period at the end of clause (xxiii) thereof and replacing it with "; and", and (c) adding the following new clause (xxiv) at the end thereof:

(xxiv) Investments in GM Warranty as required by the Lender pursuant to the GM Warranty Commitment Program.

1.13. The definition of "Spread Amount" in Section 1.01 of Appendix A to the Loan Agreement is hereby amended and restated in its entirety to read as follows:

"Spread Amount" shall mean (a) with respect to the Warranty Advance, 3.50% and (b) with respect to all General Advances, 3.00%.

1.14. Section 2.01(b) of Appendix A is hereby amended by adding the following new clause (vi) at the end thereof:

(vi) The Warranty Advance shall be made in its entirety on the Sixth Draw Date in an amount equal to \$360,624,198.

1.15. Section 2.02(a) of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(a) The Advances made by the Lender shall be evidenced by (x) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated December 31, 2008 and payable to the Lender in the original principal amount equal to \$13,400,000,000 (the "Initial Note"), (y) (i) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated April 22, 2009, payable to the Lender in a principal amount equal to \$2,000,000,000 and (ii) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A, dated

May 20, 2009, payable to the Lender in a principal amount equal to \$4,000,000,000, and (z) a duly completed secured promissory note of the Borrower, substantially in the form of Exhibit A-1, dated May 27, 2009, payable to the Lender in a principal amount equal to \$360,624,198, which in the case of clause (y) shall evidence the principal amount of the Working Capital Advances (each such note, a "Working Capital Note"), in the case of clause (z) shall evidence the principal amount of the Warranty Advance (the "Warranty Advance Note") and, together with the Initial Note and the Working Capital Notes, each a "Note" and, collectively, the "Notes") and in the case of clauses (x) and (y) shall evidence the aggregate principal amount of the General Advances (the "General Advance Notes"). Each General Advance Note shall be payable pro rata and pari passu with all other General Advance Notes issued hereunder. A Note shall be deemed to include any promissory note delivered in substitution or exchange therefor and any modifications or supplements thereto.

1.16. Section 2.02 of the Loan Agreement is hereby amended by adding the following new clause (e) at the end thereof:

(e) As additional consideration to the Lender for making the Warranty Advance, in accordance with the terms of the Warrant Agreement, the Borrower shall, on the Sixth Draw Date, deliver to the Lender a duly completed Additional Note dated May 27, 2009 and payable to the Lender in a principal amount equal to \$24,053,634. The terms of the Additional Note delivered pursuant to this Section 2.02(e) shall be governed in all respects by the terms and provisions of Section 1.3 of the Warrant Agreement.

1.17. Sections 2.05(a) and 2.05(b) of the Loan Agreement are hereby amended and restated in their entirety to read as follows:

(a)(i) On the General Advance Maturity Date, the Borrower shall repay to the Lender the aggregate principal amount of all General Advances then outstanding under this Loan Agreement, together with all interest thereon, related fees and out-of-pocket expenses of the Lender accruing under this Loan Agreement with respect thereto and all other General Advance Obligations; provided that, if a Termination Event shall have occurred, all such amounts with respect to all General Advances shall become due and payable on the thirtieth (30th) day after the Certification Deadline without any further action on the part of the Lender.

(ii) On the Warranty Advance Maturity Date, the Borrower shall repay to the Lender the aggregate principal amount of the Warranty Advance then outstanding under this Loan Agreement, together with all interest thereon and fees and out-of-pocket expenses of the Lender accruing under this Loan Agreement with respect thereto and all other Warranty Advance Obligations.

(b) Each Advance shall bear interest on the unpaid principal amount thereof at a rate per annum equal to LIBOR plus the applicable Spread Amount, payable in arrears (i) on each Interest Payment Date in respect of the previous Interest Period, (ii) on the applicable Maturity Date, and (iii) on the date of payment or prepayment of such Advance in whole or in part, in the amount of interest accrued on the amount paid or prepaid; provided that interest accruing pursuant to paragraphs (c) or (d) of this Section shall be payable from time to time on demand.

1.18. The first sentence of Section 2.06(a) of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(a) The Advances are prepayable without premium or penalty, in whole or in part at any time, in accordance herewith and subject to clause (b) below; provided, however, that unless otherwise agreed to by the Lender in writing, the Borrower shall not have the right to optionally prepay any portion of the principal amount outstanding of the Warranty Advance during the Program Period.

1.19. Section 2.06(c) of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(c) Notwithstanding the Borrower's right to prepay the Advances pursuant to this Section 2.06, the Lender's Lien on the Warranty Advance Collateral will only be released upon payment in full of the Warranty Advance, accrued interest thereon, and all other Warranty Advance Obligations and the Lender's Lien on all General Advance Collateral will only be released upon payment in full of all General Advances, accrued interest thereon, and all other General Advance Obligations.

1.20. Section 2.07(a) of Appendix A to the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(a) In the event and on each occasion that (i) any Net Proceeds (other than Net Proceeds from the disposition of any Warranty Advance Collateral) are received by or on behalf of any Loan Party in respect of any Prepayment Event, the Borrower shall, within one (1) Business Day after such Net Proceeds are received by the applicable Loan Party, prepay the General Advances, in an aggregate amount equal to 100% of such Net Proceeds, and (ii) any Net Proceeds are received by or on behalf of any Loan Party from the disposition of Warranty Advance Collateral shall be applied in accordance with the requirements of Section 1.05 or Section 1.06, as applicable, of the Administration Agreement (each such event, a "Mandatory Prepayment").

1.21. Section 2.09 of Appendix A is hereby amended and restated in its entirety to read as follows:

Section 2.09 Use of Proceeds

The Borrower shall utilize the proceeds from the Advances (i) in the case of all General Advances other than the Working Capital Advance, for general corporate and working capital purposes, (ii) in the case of the Working Capital Advance, only in accordance with the Use of Proceeds Statement delivered to the Lender with respect thereto and (iii) in the case of the Warranty Advance, to capitalize GM Warranty as required by or contemplated in the Administration Agreement; provided that, for all Advances, the proceeds thereof shall not be used to prepay Indebtedness without the prior written consent of the Lender, provided further, that the full amount of the Warranty Advance shall be deposited by the Borrower into the Warranty Program Funds Account as required by the Administration Agreement. The Advances made hereunder are not and shall not be construed as an extension of United States Government Federal funding associated with any specific project.

1.22. Section 4.01 of the Loan Agreement is hereby amended by renumbering Section 4.01(b) thereof as Section 4.01(c) and adding the following new Section 4.01(b):

(b) Notwithstanding anything herein or in any other Loan Document to the contrary, (i) the Warranty Advance Collateral shall only secure the Borrower's Warranty Advance Obligations, (ii) the Warranty Advance Collateral shall not secure any of the Borrower's General Advance Obligations, (iii) the General Advance Collateral shall only secure the Borrower's General Advance Obligations and (iv) the General Advance Collateral shall not secure any of the Borrower's Warranty Advance Obligations.

1.23. Section 4.06 of the Loan Agreement is hereby amended by adding the following proviso to the end of subclause (b) contained in the first sentence of such section:

; provided, however, that any and all such proceeds received by the Borrower in respect of Warranty Advance Collateral shall be applied only to the Warranty Advance Obligations and the excess, if any, shall be delivered to such Person as the Borrower may direct.

1.24. Section 7.17(a)(iii) of the Loan Agreement is hereby amended and restated in its entirety to read as follows:

(iii) No Relevant Company shall pay or accrue any bonus or incentive compensation to any Senior Employees except as may be permitted under the EESA or the Compensation Regulations;

1.25. Section 8.03 of Appendix A to the Loan Agreement is hereby amended and restated in its entirety to read as follow:

Section 8.03 Transactions with Affiliates.

Irrespective of whether such transactions comply with the provisions of Section 8.03 as set forth in the Loan Agreement, but subject to the other restrictions set forth elsewhere in the Loan Agreement, the Loan Parties shall be permitted to transact business (i) in the ordinary course with (a) the Joint Ventures in which the Loan Parties or their Subsidiaries participate, (b) Delphi Corporation and (c) GM Warranty and (ii) as contemplated by the Administration Agreement.

1.26. Section 8.14 of the Loan Agreement is hereby amended by adding the following at the end thereof:

Notwithstanding anything herein to the contrary, neither the Borrower nor GM Warranty shall Dispose of any of the Warranty Collateral at any time during the term of the GM Warranty Commitment Program without the prior written consent of the Lender, except in the event that amounts held by GM Warranty are distributed as a result of an Alternative Government Support or a GM Brand Sale (as such terms are defined in Section 1.05 and Section 1.06 of the Administration Agreement, respectively).

1.27. Section 10(a) of the Loan Agreement is hereby amended by adding the following proviso to the first sentence thereof before the ending period:

; provided, however, that the occurrence of an Event of Default referred to in Sections 9(i) or (j) shall not cause the principal amount of the Warranty Advance then outstanding under this Loan Agreement to become immediately and automatically due and payable, but instead any such amount outstanding shall become immediately due and payable following delivery of notice of acceleration by the Lender to the Borrower, which notice may be delivered by the Lender at its sole discretion, provided further, that the occurrence of a Business Failure shall not be an Event of Default with respect to the Warranty Advance.

1.28. Section 10 of the Loan Agreement is hereby amended by adding the following new clause (i) at the end thereof:

(i) For the avoidance of doubt, (i) any Event of Default with respect to any General Advance shall be deemed an Event of Default with respect to each other General Advance and (ii) any Event of Default with respect to the Warranty Advance shall be deemed an Event of Default with respect to each General Advance.

1.29. Schedule 1.2 of the Loan Agreement is hereby amended by adding "GM Warranty LLC" thereto.

1.30. The Loan Agreement is hereby amended by adding Exhibit A hereto as Exhibit A-1 to the Loan Agreement.

2. MODIFICATION OF LOAN AGREEMENT

2.1. This Amendment Number Four is limited precisely as written and shall not be deemed to be a consent to a waiver, amendment or modification of any other term or condition of the Loan Agreement, the other Loan Documents, or any of the documents referred to therein or executed in connection therewith except as provided in Section 1 hereof, and this Amendment Number Four shall not be considered a novation.

2.2. This Amendment Number Four shall not prejudice any right or rights the Lender may now have or may have in the future under or in connection with the Loan Agreement, the other Loan Documents or any documents referred to therein or executed in connection therewith.

3. REPRESENTATIONS AND WARRANTIES OF THE BORROWER

After giving effect to this Amendment Number Four, the representations and warranties of the Borrower set forth in the Loan Agreement are true and correct in all material respects, and no Default or Event of Default has occurred and is continuing on and as of the date of this Amendment Number Four.

4. FEES AND EXPENSES

The Borrower agrees to pay or reimburse the Lender for all fees and out of pocket expenses incurred by the Lender in connection with the documentation of this Amendment Number Four (including all reasonable fees and out of pocket costs and expenses of the Lender's legal counsel incurred in connection with this Amendment Number Four), pursuant to Section 11.03(b) of the Loan Agreement.

5. CONDITIONS PRECEDENT

The effectiveness of this Amendment Number Four and the obligation of the Lender to make the Warranty Advance on the Sixth Draw Date is subject to the satisfaction of the following conditions precedent (in addition to any conditions precedent that must be satisfied pursuant to the terms of the Loan Agreement or any other Loan Document):

- (i) The Lender shall have received:
 - a. a duly executed copy of this Amendment Number Four;
 - b. a duly executed original Warranty Advance Note pursuant to Section 2.02(a) of the Loan Agreement, duly completed and executed;
 - c. a duly executed original Additional Note pursuant to Section 2.02(d) of the Loan Agreement, duly completed and executed;
 - d. a duly executed Notice of Borrowing with respect to the Warranty Advance pursuant to Section 2.03 of the Loan Agreement;
 - e. a duly executed copy of the Administration Agreement;
 - f. a duly executed Joinder No. 2 and Amendment No. 1 to Guaranty and Security Agreement, dated as of May 27, 2009 (“Joinder Number Two”) in substantially the form attached hereto as Exhibit B;
 - g. a duly executed pledge supplement to the Equity Pledge Agreement in substantially the form attached hereto as Exhibit C;
 - h. a duly executed Acknowledgment and Consent from GM Warranty;
 - i. a duly executed Warranty Program Funds Account Control Agreement and evidence satisfactory to the Lender that the Warranty Program Funds Account has been established;
 - j. all other Warranty Commitment Program Documents duly executed by each party thereto; and
 - k. a duly executed waiver of GM Warranty in the form of Exhibit H-1 to the Loan Agreement.
- (ii) No Default or Event of Default under any of the Loan Documents has occurred, and is continuing as of the date hereof or will occur after giving effect to this Amendment Number Four.
- (iii) Both immediately prior to the making of the Warranty Advance and after giving effect thereto and to the intended use of proceeds thereof, the representations and warranties made by each Loan Party, including GM Warranty, in Section 6 of the Loan Agreement, and by each Loan Party in each of the other Loan Documents, shall be true and complete on and as of the date of the making of the Warranty Advance in all material respects with the same force and effect as if made on and as of such date (or, if any such representation or warranty is expressly stated to have been made as of a specific date, as of such

specific date). In addition, the Lender shall have received an officer's certificate signed by a Responsible Person of the Borrower certifying as to the truth and accuracy of the above, which certificate shall be in form and substance acceptable to the Lender in its sole, reasonable discretion.

- (iv) The Lender shall have received a certificate of a Responsible Person of each of GM Warranty and Saturn, LLC, attesting to the validity of a good standing certificate and certified copies of the certificate of formation and operating agreement (or equivalent documents) of GM Warranty and Saturn, LLC and of all corporate or other authority for GM Warranty and Saturn, LLC, as applicable, with respect to the execution, delivery and performance of Joinder Number Two, the Warranty Commitment Program Documents, as applicable, and each other document to be delivered by GM Warranty and Saturn, LLC from time to time in connection herewith (and the Lender may conclusively rely on such certificate until it receives notice in writing from GM Warranty or Saturn, LLC, as applicable, to the contrary).
- (v) The Lender shall have received a certificate of a Responsible Person of the Borrower, attesting to the validity of a good standing certificate and of all corporate or other authority for the Borrower with respect to the execution, delivery and performance of Joinder Number Two, the Warranty Commitment Program Documents, as applicable, and each other document to be delivered by the Borrower from time to time in connection herewith (and the Lender may conclusively rely on such certificate until it receives notice in writing from the Borrower to the contrary).
- (vi) The Lender shall have received an incumbency certificate of a secretary or assistant secretary of each of the Borrower, Saturn, LLC and GM Warranty certifying the names, true signatures and titles of each of the Borrower's, Saturn, LLC's and GM Warranty's representatives duly authorized to execute Joinder Number Two, the Warranty Commitment Program Documents, as applicable, and the other documents to be delivered in connection therewith.
- (vii) The Lender shall have received legal opinions of counsel to the Borrower and GM Warranty covering the enforceability of this Amendment Number Four, Joinder Number Two and the Warranty Commitment Program Documents in addition to security interest and corporate matters.
- (viii) The Lender's interests in the Warranty Advance Collateral shall be perfected in accordance with applicable law, and shall be of first priority, and any necessary waivers, amendments, approvals and consents to the pledge of such Warranty Advance Collateral shall have been obtained.
- (ix) The Borrower shall have contributed an amount equal to 15% of the initial Expected Warranty Cost (as defined in the Administration Agreement) (\$49,176,027) to GM Warranty and GM Warranty shall have deposited such amounts into the Warranty Program Funds Account.
- (x) The Lender shall have received satisfactory evidence that the internal controls with respect to the GM Warranty Commitment Program have been established or will be established promptly after the date hereof.

- (xi) The Lenders shall have received all fees and out of pocket expenses incurred by the Lender in connection with the documentation of this Amendment Number Four, the Administration Agreement and the other documents to be delivered in connection therewith or in connection with the GM Warranty Commitment Program (including without limitation, all reasonable fees and out of pocket costs and expenses of legal counsel of the Lender incurred in connection with such documentation) in accordance with Section 11.03 of the Credit Agreement.

6. MISCELLANEOUS

6.1 Construction. This Amendment Number Four is executed pursuant to the Loan Agreement and shall (unless otherwise expressly indicated therein) be construed, administered or applied in accordance with the terms and provisions thereof. No provision of this Amendment shall be construed against or interpreted to the disadvantage of the Lender or the Borrower by reason of the Lender or the Borrower having or being deemed to have structured or drafted such provision of this Amendment Number Four. Whenever the Loan Agreement is referred to in the Loan Documents or any of the instruments, agreements or other documents or papers executed and delivered in connection therewith, it shall be deemed to mean the Loan Agreement, as amended and modified hereby.

6.2 Counterparts. This Amendment Number Four may be executed simultaneously in any number of counterparts. Each counterpart shall be deemed to be an original, and all such counterparts shall constitute one and the same instrument. The parties agree that this Amendment Number Four may be transmitted between them by email or facsimile. The parties intend that faxed signatures and electronically imaged signatures (such as .pdf files) shall constitute original signatures and are binding on all parties. The original documents shall be promptly delivered, if requested.

6.3 Governing Law. This Amendment Number Four shall be governed by and construed in accordance with the applicable terms and provisions of Section 11.10 of the Loan Agreement.

6.4 Successors and Assigns. This Amendment Number Four shall be binding upon and inure to the benefit of the parties hereto and to their respective successors and permitted assigns.

6.5 Entire Agreement; Modification. Except as expressly provided in this Amendment Number Four, the Loan Agreement is, and shall continue to be, in full force and effect in accordance with its terms, without amendment thereto, and is, in all respects, ratified and confirmed. This Amendment Number Four is intended by the parties hereto to be the final expression of their agreement with respect to the subject matter hereof, and is the complete and exclusive statement of the terms thereof, notwithstanding any representations, statements or agreements to the contrary heretofore made. The Loan Agreement, as amended and modified hereby, may only be further amended, restated, supplemented, or otherwise modified in accordance with the provisions thereof.

6.6 Headings. The headings, captions and arrangements used in this Amendment Number Four are for reference purposes only and shall not affect the meaning or interpretation of this Amendment Number Four.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties hereto have caused this Amendment Number Four to the Loan Agreement to be duly executed by their respective authorized officers as of day hereinabove written.

AMENDMENT NUMBER FOUR TO LOAN AGREEMENT

EXHIBIT A-1

FORM OF WARRANTY ADVANCE NOTE

\$360,624,198
May 27, 2009

Washington, District of Columbia

FOR VALUE RECEIVED, GENERAL MOTORS CORPORATION, a Delaware corporation (the "Borrower"), hereby promises to pay to the order of THE UNITED STATES DEPARTMENT OF THE TREASURY (the "Lender"), at the principal office of the Lender in Washington, D.C. in lawful money of the United States, and in immediately available funds, the principal sum of \$360,624,198 (or such lesser amount as shall equal the aggregate unpaid principal amount of the Warranty Advance made by the Lender to the Borrower under the Loan Agreement), on the dates and in the principal amounts provided in the Loan Agreement, and to pay interest on the unpaid principal amount of such Warranty Advance, at such office, in like money and funds, for the period commencing on the date of such Warranty Advance until such Warranty Advance shall be paid in full, at the rates per annum and on the dates provided in the Loan Agreement.

The date, amount and interest rate of the Warranty Advance made by the Lender to the Borrower, and each payment made on account of the principal thereof, shall be recorded by the Lender on its books and, prior to any transfer of this Warranty Advance Note, endorsed by the Lender on the schedule attached hereto or any continuation thereof; provided, that the failure of the Lender to make any such recordation or endorsement shall not affect the obligations of the Borrower to make a payment when due of any amount owing under the Loan Agreement or hereunder in respect of the Warranty Advance made by the Lender.

This Warranty Advance Note is the Warranty Advance Note referred to in the Loan and Security Agreement dated as of December 31, 2008 (as amended, supplemented or otherwise modified and in effect from time to time, the "Loan Agreement"), between the Borrower, certain Subsidiaries of the Borrower and The United States Department of the Treasury, as Lender, and evidences the Warranty Advance made by the Lender thereunder. Terms used but not defined in this Warranty Advance Note have the respective meanings assigned to them in the Loan Agreement.

The Borrower agrees to pay all the Lender's costs of collection and enforcement (including reasonable attorneys' fees and disbursements of Lender's counsel) in respect of this Warranty Advance Note when incurred, including, without limitation, reasonable attorneys' fees through appellate proceedings.

Notwithstanding the pledge of the Warranty Advance Collateral, the Borrower hereby acknowledges, admits and agrees that the Borrower's obligations under this Warranty Advance Note are recourse obligations of the Borrower to which the Borrower pledges its full faith and credit.

The Borrower, and any indorsers or guarantors hereof, (a) severally waive diligence, presentment, protest and demand and also notice of protest, demand, dishonor and nonpayment of this Warranty Advance Note, (b) expressly agree that this Warranty Advance Note, or any payment hereunder, may be extended from time to time, and consent to the acceptance of further Warranty Advance Collateral, the release of any Warranty Advance Collateral for this Warranty Advance Note, the release of any party primarily or secondarily liable hereon, and (c) expressly agree that it will not be necessary for the Lender, in order to enforce payment of this Warranty Advance Note, to first institute or exhaust the Lender's remedies against the Borrower or any other party liable hereon or

against any Warranty Advance Collateral for this Warranty Advance Note. No extension of time for the payment of this Warranty Advance Note, or any installment hereof, made by agreement by the Lender with any person now or hereafter liable for the payment of this Warranty Advance Note, shall affect the liability under this Warranty Advance Note of the Borrower, even if the Borrower is not a party to such agreement; provided, however, that the Lender and the Borrower, by written agreement between them, may affect the liability of the Borrower.

Any reference herein to the Lender shall be deemed to include and apply to every subsequent holder of this Warranty Advance Note. Reference is made to the Loan Agreement for provisions concerning optional and mandatory prepayments, Warranty Advance Collateral, acceleration and other material terms affecting this Warranty Advance Note.

Any enforcement action relating to this Warranty Advance Note may be brought by motion for summary judgment in lieu of a complaint pursuant to Section 3213 of the New York Civil Practice Law and Rules. The Borrower hereby irrevocably and unconditionally submits for itself and its property in any legal action or proceeding relating to this Warranty Advance Note or the Loan Agreement, or for recognition and enforcement of any judgment in respect thereof, to the exclusive general jurisdiction of any court of the State and county of New York, or in the United States District Court for the Southern District of New York. The Borrower consents that any such action or proceeding may be brought in such courts and, to the extent permitted by law, waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same. The Borrower agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to its address set forth in the Loan Agreement or at such other address of which the Lender shall have been notified. The Borrower agrees that nothing in this Warranty Advance Note shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

Insofar as there may be no applicable Federal law, this Warranty Advance Note shall be construed in accordance with the laws of the State of New York, without regard to any rule of conflicts of law (other than Section 5-1401 of the New York General Obligations Law) that would result in the application of the substantive law of any jurisdiction other than the State of New York. Nothing in this Warranty Advance Note shall require any unlawful action or inaction by the Borrower.

THIS WARRANTY ADVANCE NOTE HAS BEEN ISSUED WITH AN ORIGINAL ISSUE DISCOUNT (“OID”) FOR UNITED STATES FEDERAL INCOME TAX PURPOSES. THE ISSUE PRICE, AMOUNT OF OID, ISSUE DATE AND YIELD TO MATURITY OF THIS WARRANTY ADVANCE NOTE MAY BE OBTAINED BY WRITING TO THE BORROWER AT 767 FIFTH AVENUE, NEW YORK, NEW YORK 10153.

SCHEDULE OF WARRANTY ADVANCE

This Warranty Advance Note evidences the Warranty Advance made under the within-described Loan Agreement to the Borrower, on the date, in the principal amount and bearing interest at the rates set forth below, and subject to the payments and prepayments of principal set forth below:

EXHIBIT B

FORM OF JOINDER NO. 2 AND AMENDMENT NO. 1
TO GUARANTY AND SECURITY AGREEMENT

EXHIBIT C

FORM OF PLEDGE SUPPLEMENT

LOCK UP AGREEMENT

This Lock Up Agreement (this “**Agreement**”), dated as of June 1, 2009, is entered into by and among General Motors Nova Scotia Finance Company, a Nova Scotia unlimited company (the “**Company**”), General Motors of Canada Limited, a Canadian federal corporation (“**GM Canada**” or “**GMCL**”), GM Nova Scotia Investments Ltd., a Nova Scotia company (“**GM Investments**” and, collectively with the Company and GM Canada, the “**Canadian Entities**”), General Motors Corporation, a Delaware corporation (the “**Guarantor**”), and each of the undersigned beneficial owners (each a “**Holder**” and collectively, the “**Holder**s”) of the Company’s 8.375% Guaranteed Notes due December 7, 2015 (the “**2015 Notes**”) or the Company’s 8.875% Guaranteed Notes due July 10, 2023 (the “**2023 Notes**” and together with the 2015 Notes, the “**Notes**”). The Holders, the Canadian Entities, the Guarantor and any subsequent person that becomes a party hereto in accordance with the terms hereof are referred to herein as the “**Parties.**” Each of the terms used herein not defined herein shall have the meaning given such term in the Fiscal and Paying Agency Agreement, dated as of July 10, 2003 (the “**Fiscal and Paying Agency Agreement**”), among the Company, the Guarantor, Deutsche Bank Luxembourg S.A., as fiscal agent (the “**Fiscal Agent**”) and Banque Générale du Luxembourg S.A. governing each series of Notes.

RECITALS

WHEREAS, the Guarantor and certain of its subsidiaries and affiliates who shall be debtors in the Chapter 11 Cases (as defined below) intend to commence on or about June 1, 2009 jointly administered chapter 11 cases (the “**Chapter 11 Cases**”) by filing voluntary petitions for relief under chapter 11, title 11 of the United States Code (the “**Bankruptcy Code**”), in the United States Bankruptcy Court for the Southern District of New York (the “**Bankruptcy Court**”);

WHEREAS, the Holders, the Canadian Entities and the Guarantor desire to, among other things, take certain actions and consummate certain transactions contemplated hereby to facilitate the resolution and settlement of various direct, indirect or derivative claims and causes of action of the Holders against one or more of the Canadian Entities and the Guarantor and to facilitate the business and financial restructuring of the Guarantor, the other debtors in the Chapter 11 Cases and certain of the Canadian Entities;

WHEREAS, the Company has requested and the Holders have agreed to vote to amend the Fiscal and Paying Agency Agreement and the global securities representing the Notes as contemplated by this Agreement, in exchange for certain cash payments and the preservation in the Chapter 11 Cases of certain direct, indirect or derivative claims and causes of action of the Holders and the Company against the Guarantor;

WHEREAS, in furtherance of the foregoing, the Company shall, in accordance with the terms of the Fiscal and Paying Agency Agreement, convene a meeting (the “**Meeting**”) of holders of the Notes for the purpose of passing an extraordinary resolution to amend the Fiscal and Paying Agency Agreement and the global securities representing the Notes to provide for the waiver of certain rights of the holders of the Notes, the release and discharge of certain claims and demands by such holders and the payment of certain amounts by the Company to the holders of the Notes upon the terms set forth in the form of extraordinary resolution attached hereto as Exhibit A (the “**Extraordinary Resolution**”).

WHEREAS, in connection with the transactions contemplated by this Agreement and in accordance with the terms and subject to the conditions hereof, Holders beneficially owning at least two-thirds of the aggregate principal amount of the 2015 Notes and Holders beneficially owning at least two-thirds of the aggregate principal amount of the 2023 Notes intend to vote such Notes in favor of the Extraordinary Resolution;

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Support of the Extraordinary Resolution; Additional Covenants.

- (a) Each Holder agrees (i) that the Extraordinary Resolution, when duly passed at a Meeting, shall be binding on such Holder; (ii) to deliver or cause to be delivered irrevocably within three Business Days after the date of this Agreement voting instructions, in such form as specified by the Company, in favor of the Extraordinary Resolution at the Meeting at which the Extraordinary Resolution is to be submitted in respect of the principal amount of each series of Notes held by such Holder as set forth on the signature page of such Holder or over which such Holder has voting power; provided such instruction shall cease to be irrevocable and shall become void and of no further force and effect automatically upon termination of this Agreement; (iii) to the extent permitted under the terms of the Fiscal and Paying Agency Agreement, to waive compliance with all covenants contained in the Fiscal and Paying Agency Agreement (other than those applicable to the Company's or the Guarantor's obligations hereunder) and to forbear from exercising their rights thereunder resulting from any default or event of default so long as this Agreement is in effect; and (iv) to cooperate in good faith in satisfying any other conditions required for the passage of the Extraordinary Resolution and the consummation of the transactions contemplated thereby (the "**Transactions**"), including effecting the voting commitments hereunder and the negotiation of any documents or agreements to be executed or implemented in connection therewith, or otherwise contemplated thereby, each of which documents and agreements shall be consistent in all material respects with this Agreement and the Extraordinary Resolution (all such proxies, instructions, documents and agreements, collectively, the "**Transaction Documents**").
- (b) Each Holder agrees that it shall not (i) take any action that would cause the acceleration of the payment of principal of or interest on the Notes other than in connection with the liquidation referred to in section 6(b) and except as a result of the Chapter 11 Case of the Guarantor; (ii) propose, vote for, consent to, support or participate in the formulation of any plan or resolution other than Transactions, the Extraordinary Resolution and the Transaction Documents; (iii) other than as provided in Section 6(b) below, directly or indirectly seek, solicit, support or encourage any plan or resolution, including

but not limited to any decree or order for relief in respect of any of the Company, the Guarantor or GM Canada in an involuntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the Company, the Guarantor or GM Canada or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs, other than the Transactions, the Extraordinary Resolution and the Transaction Documents, or any plan or resolution that reasonably could be expected to prevent, delay or impede the successful passage of the Extraordinary Resolution or implementation of the Transactions; or (iv) directly or indirectly sell, assign, pledge, hypothecate, grant an option on, or otherwise dispose of (each, a “**Transfer**”) or permit to subsist any pledge or security interest (save in the normal course of prime brokerage activity) over any of the Notes held by such Holder on the date hereof; provided, however, that any Holder may Transfer any of such Notes to any entity that executes and delivers to the Company a duly executed counterpart of this Agreement. This Agreement shall in no way be construed to preclude any Holder from acquiring additional Notes; provided, however, that any such additional Notes shall automatically be deemed to be subject to all of the terms of this Agreement.

- (c) The Company agrees (i) following the giving of the notice in accordance with clause (ii) of this Section 1(c), to convene the Meeting at the earliest time practicable under the terms of the Fiscal and Paying Agency Agreement for the purpose of passing the Extraordinary Resolution in accordance with the requirements of the Fiscal and Paying Agency Agreement, including, without limitation, the requirements of Schedule 4 (Provisions for Meetings of Noteholders) to the Fiscal and Paying Agency Agreement; (ii) within three Business Days after the date of this Agreement to give a notice in respect of the Meeting to holders of the Notes for the purpose of passing the Extraordinary Resolution, which notice shall specify the place, day and hour of the Meeting in accordance with the requirements of the Fiscal and Paying Agency Agreement; (iii) to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to facilitate the compliance by the Holders with their obligations in Section 1(a) of this Agreement; (iv) to otherwise take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to satisfy all conditions required to be satisfied by the Company and the Paying Agent under the Fiscal and Paying Agency Agreement (including the schedules thereto) for the passage of the Extraordinary Resolution and the consummation of the Transactions, (v) to provide written confirmation to the Holders in the event that the Company elects not to move forward with the Transactions, and (vi) to cooperate in good faith in satisfying any other conditions required for the passage of the Extraordinary Resolution and the consummation of the Transactions, including the negotiation of the Transaction Documents, all of which shall be consistent in all material respects with this Agreement and the Extraordinary Resolution.

- (d) The Company, GMCL and the Holders agree within three Business Days after the date of this Agreement to establish an escrow account and enter into an escrow agreement with an escrow agent mutually satisfactory to the Parties, which agreement shall incorporate the terms of Exhibit B hereto (“Escrow Agreement”).
- (e) The Holders agree not to object to the treatment of unsecured creditors previously disclosed in the Current Report on Form 8-K filed by the Guarantor on May 28, 2009.

2. Amounts Payable. The Company agrees that upon approval of the Extraordinary Resolution, it shall pay the amounts specified therein in accordance therewith (the “**Consent Fee**”). The Company further agrees that within three business days after the approval of the Extraordinary Resolution, the Canadian Entities shall reimburse affiliates of Aurelius Capital Management, LP, Appaloosa Management L.P. and Fortress Investment Group LLC for legal fees and costs in the amount of US\$2,000,000.

3. Termination of Agreement. This Agreement shall terminate or be terminable, as follows (such date of termination, the “**Termination Date**”): (i) by any Holder upon written notice to the Company on or after July 9, 2009, unless on or prior to such date the Meeting has been convened, the Extraordinary Resolution has been approved and the Company and the Paying Agent have paid of all amounts specified in the Extraordinary Resolution to the holders of the Notes in accordance therewith; (ii) by a Party not then in material breach of this Agreement upon written notice to the other Parties, upon the material breach by any nonterminating Party of any of the representations, warranties or covenants contained in this Agreement or the taking of any action by any non-terminating Party that is otherwise materially inconsistent with this Agreement; (iii) automatically upon the commencement prior to the date on which the Extraordinary Resolution is passed of any voluntary or involuntary case commenced under the Bankruptcy Code (or any proceedings therein), under any Canadian insolvency statutes, the Companies’ Creditors Arrangement Act (Canada), the Bankruptcy and Insolvency Act (Canada), or any statute, law, legislation, rule or regulation in respect of corporate reorganization or which provides for the appointment of an interim receiver, receiver, receiver and manager or liquidator, against or involving GM Canada or the Company or any of their assets or properties; or (iv) by any Holder upon written notice to the Company on or after the Transactions contemplated in this Agreement shall have been enjoined or otherwise prohibited by law and such injunction or prohibition is not vacated or otherwise terminated on or before the 10th day after the effectiveness of such injunction or prohibition. Upon termination of this Agreement, all obligations under this Agreement shall terminate and shall be of no further force and effect; provided, however, that (a) any claim for breach of this Agreement shall survive termination and all rights and remedies with respect to such claims shall not be prejudiced in any way; (b) all claims of the Holders with respect to the Consent Fee or any funds held in escrow under the terms of the Escrow Agreement as provided therein shall survive termination and all rights and remedies with respect to such claims shall not be prejudiced in any way, and (c) all rights and remedies set forth in Section 8 shall survive termination and shall not be prejudiced in any way. (i) Upon termination of this Agreement other than as a result of a material breach by the Holders prior to the date of payment of the Consent Fee to the Holders, or (ii) if after the date on which the Extraordinary Resolution is passed the Holders are required to turnover the Consent Fee by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority requiring such amounts be returned to the Company, all direct, indirect or

derivative claims, causes of action, remedies, defenses, setoffs, rights or other benefits of the Holders against or from one or more of the Canadian Entities and the Guarantor except in the case of clause (ii) of this sentence the individual defendants in the Nova Scotia Proceeding shall be fully preserved without any estoppel, evidentiary or other effect of any kind or nature whatsoever, including, without limitation, all claims and causes of action referred to in Section 5 of this Agreement and the full amount owing under the Loan Agreements as of the date hereof shall be immediately due and payable according to their terms as they exist as of the date hereof.

4. Representations and Warranties. Each of the Parties represents and warrants to each of the other Parties that the following statements are true, correct and complete as of the date hereof:

(a) Power and Authority. It has all requisite power and authority to enter into this Agreement and to carry out the transactions contemplated by, and perform its respective obligations under, this Agreement.

(b) Authorization. The execution and delivery of this Agreement by it and the performance of its obligations hereunder have been duly authorized by all necessary action on its part.

(c) Binding Obligation. Upon execution as set forth in Section 10, this Agreement is the legally valid and binding obligation of it, enforceable against it in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws relating to or limiting creditors' rights generally or by equitable principles relating to enforceability.

(d) No Conflicts. The execution, delivery and performance by it of this Agreement do not and shall not (i) violate any provision of law, rule or regulation applicable to it or its certificate of incorporation, by-laws, unlimited company agreement or other organizational document or (ii) conflict with, result in a breach of or constitute (with due notice or lapse of time or both) a default under, or give rise to a right of, or result in any termination, cancellation or acceleration of any obligation or to loss of a material benefit under, any material contractual obligation, covenant or condition to which it is a party or under its certificate of incorporation or by-laws (or other organizational documents).

(e) Governmental Consents. The execution, delivery and performance by it of this Agreement do not and shall not require it to obtain or make any registration or filing with, consent or approval of, or notice to, or other action to, with or by, any supranational, national, Federal, state, local, municipal, foreign or provincial government or any court of competent jurisdiction, tribunal, judicial or arbitral body, administrative or regulatory agency (including any stock exchange), public authority, commission or board or other governmental department, bureau, branch, agency, or any instrumentality of any of the foregoing, including, without limitation, the United States Treasury, the Bankruptcy Court or any other United States or Canadian court of competent jurisdiction, or any other third party, which has not already been obtained.

(f) **No Proceedings.** There is no civil, criminal, administrative or arbitral action, suit, claim, hearing, investigation or proceeding pending or, to the knowledge of such Party, threatened, against such Party or any of its affiliates or subsidiaries that questions the validity of this Agreement or any action taken or to be taken by such Party in connection with the performance or consummation of any transactions contemplated by this Agreement.

(g) **Signing Holders.** If the undersigned is a Holder, (i) the undersigned is either (A) a “qualified institutional buyer” as defined in Rule 144A promulgated under the Securities Act of 1933, as amended or (B) if resident in Canada, an “accredited investor” as defined in National Instrument 45-106 – *Prospectus and Registration Exemptions*; (ii) the undersigned has such knowledge and experience in financial and business affairs that the undersigned is capable of evaluating the merits and risks of the Transactions; (iii) the undersigned represents and warrants that the principal amount of each series of Notes held by such Holder as set forth on the signature page of such Holder is an accurate amount and that it is the beneficial owner of such Notes free and clear of all liens or other encumbrances, including any encumbrances on the right to vote such Notes under the Fiscal and Paying Agency Agreement; and (iv) the undersigned has the requisite power and authority to vote and grant proxies to vote the aggregate principal amount of the Notes represented as beneficially owned by it.

(h) **No Other Creditors of the Company.** The Company represents and warrants to the Holders that other than the indebtedness evidenced by the Notes and the Swap Liability (as defined below), the Company has no outstanding direct or indirect liability, indebtedness, obligation, commitment, expense, claim, deficiency, guaranty or endorsement of or by any person or entity of any type, whether accrued, absolute, contingent, matured, unmatured or otherwise in excess of an aggregate of US\$2,000,000.

5. **Certain Claims.**

(a) **Nova Scotia Proceeding.** Upon the execution of this agreement by the Parties all proceedings in the proceeding in the Supreme Court of Nova Scotia titled Aurelius Capital Partners, LP et al. v. General Motors Corporation et al., Court File No. HFX No. 308066 (the “**Nova Scotia Proceeding**”) shall be held in abeyance pending the approval of the Extraordinary Resolution by the Holders of the Notes at the Meeting. Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Holders in accordance therewith, each Holder hereby releases and discharges the defendants in the Nova Scotia Proceeding (and the past and/or present directors, officers, employees, partners, insurers, co-insurers, controlling shareholders, attorneys, advisers, consultants, accountants or auditors, personal or legal representatives, predecessors, successors, parents, subsidiaries, divisions, joint ventures, assigns, spouses, heirs, related and/or affiliated entities of each of them) from all claims and demands that are raised in the Nova Scotia Proceeding, and agrees to discontinue the Nova Scotia Proceeding on a without costs basis. Nothing contained in this Agreement shall preclude any Holder from pursuing any of the claims raised in the Nova Scotia Proceeding against any of the Canadian Entities or the Guarantor or any of the other debtors in the Chapter 11 Cases in the event that the payment of the Consent Fee is

successfully challenged by any person in a future proceeding and, as a result, an amount equal to the Consent Fee has been repaid provided, that, this Agreement precludes each Noteholder from pursuing any of the claims raised in the Nova Scotia Proceeding against any of Neil Macdonald, John Stapleton, Mercedes Michel and Maurita Sutedja (and their respective heirs, administrators and assigns) in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding.

(b) Intercompany Loan. Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Holders in accordance therewith, each Holder waives all (and shall cease to have any) rights and claims against the Company in respect of the Loan Agreements (as defined below), including with respect to any compromise or settlement of the loans thereunder, and such Holder's rights in the Loan Agreements, and each Holder hereby releases and discharges GM Canada (and its past and present officers, directors and employees), Neil Macdonald, John Stapleton, Mercedes Michel and Maurita Sutedja (and their respective heirs, administrators and assigns) from all claims and demands whatsoever, presently known or unknown, which the Holders ever had, now have or may hereafter have against them by reason of claims and demands arising from or in connection with those certain loan agreements between the Company and GM Canada each dated as of July 10, 2003 and pursuant to which GM Canada borrowed from the Company the sum of five hundred fifty-five million, eight hundred sixty thousand Canadian dollars (C\$555,860,000), and the sum of seven hundred seventy-eight million, two hundred four thousand Canadian dollars (C\$778,204,000), respectively (collectively, the "**Loan Agreements**"), provided that nothing contained in this Agreement shall preclude the Holders from pursuing any claim in respect of the parties and claims otherwise released in this paragraph in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding. Furthermore, in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding and, as a result, an amount equal to the Consent Fee has been repaid, the settlement between the Company and GM Canada of the amount owing under the Loan Agreements as contemplated by this Transaction shall be null and void and the full amount owing under the Loan Agreements as of the date hereof shall be immediately due and payable according to their terms as they exist as of the date hereof.

(c) Other Claims. Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Holders in accordance therewith, with respect to any other claim it may have against the Canadian Entities or the Guarantor in its capacity as a holder of the Notes, each Holder covenants and agrees not to pursue any claim it may have other than in connection with the advancement of its claim under the Guarantee, the advancement of its claim against GM Nova Scotia in respect of the Notes and the Deficiency Claim (each as defined below). Nothing contained in this Agreement shall preclude the Holder from pursuing any other claim it may have against the Canadian Entities or the Guarantor or any of the other debtors in the Chapter 11 Cases in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding. For purposes of this Agreement, the "**Guarantee**" shall mean that certain guarantee of the Notes by the Guarantor included in the Fiscal and Paying Agency Agreement and the Notes.

(d) For purposes of clarity, it is understood and agreed that nothing contained in this Agreement shall: (i) release in any respect whatsoever any claim against the Company on the Notes or any claim against the Guarantor on the Guarantee, or (ii) preclude a Holder from pursuing any claim it may have against the Guarantor or any of the other debtors in the Chapter 11 Cases or any other Party that is not based on such Holder's ownership of Notes.

(e) Legal Costs. The defendants in the Nova Scotia Proceeding release and waive any claim against the Holders for fees and costs related to that proceeding.

6. Stipulations and Acknowledgements.

(a) Acknowledgement of Deficiency Claim and Guarantee Claim. Each of the Parties hereto hereby expressly acknowledges, agrees and confirms that nothing contained in this Agreement is in any way intended to, nor shall it in any way operate to, directly or indirectly, limit, waive, impair or restrict, any rights, interests, remedies or claims (whether at law or in equity, and whether now or hereafter existing) which any Holder may have against, or to which any Holder is due or owed from, the Company in respect of the Notes or the Guarantor in respect of the Guarantee Claim or the Deficiency Claim (as defined below). Each of the Company and the Guarantor hereby expressly acknowledges, agrees and confirms that (i) the Deficiency Claim is a valid and enforceable claim of the Company and shall be enforceable against the Guarantor as allowed pre-petition general unsecured claims (the "**Allowed Claims**") to the fullest extent permitted under applicable laws, (ii) the Notes are valid and enforceable claims of the Holders and shall be enforceable against the Company in their full amount, and (iii) the Guarantee Claim is a valid and enforceable claim of the Holders and shall be enforceable against the Guarantor in the Chapter 11 Cases as Allowed Claims to the fullest extent permitted under applicable laws.

(b) Guarantor Insolvency Claims. The Company and Guarantor stipulate and acknowledge as follows:

(i) forthwith after execution of this Agreement, the Company shall provide the Holders with a consent to a bankruptcy order pursuant to the Bankruptcy and Insolvency Act (Canada), which shall be executed by the duly authorized officers and directors of the Company in form satisfactory to the Holders. The Holders are hereby authorized for and on behalf of the Company to add to the executed consent the court file number for the application for the bankruptcy order once issued by the relevant court, and proceed to obtain the bankruptcy order. GMCL agrees to provide all necessary funding to the trustee in bankruptcy of the Company as may be required for it to administer the estate and to fully advance the Deficiency Claim (defined below) in the bankruptcy or insolvency proceedings of the Guarantor, including the payment of a retainer in the amount not to exceed \$100,000, on the date that the Extraordinary Resolution is passed;

(ii) holders of the 2015 Notes and the 2023 Notes would and shall be entitled to a general unsecured claim in the bankruptcy or insolvency proceedings of the Guarantor for the full amount of the outstanding principal, interest and costs due on such Notes by virtue of the Guarantor's Guarantee (the "**Guarantee Claim**");

(iii) the trustee in bankruptcy of the Company would and shall be entitled to a general unsecured claim for contribution for any amounts unpaid to the Company's creditors, namely the amount outstanding under the Notes, the Swap Liability (defined below) and any other liabilities (collectively, a "**Deficiency Claim**"), in the bankruptcy and insolvency proceedings of the Guarantor;

(iv) for greater certainty, the Consent Fee payment does not reduce, limit or impair the Notes, the Guarantee Claim or the Deficiency Claim;

(v) the Guarantor confirms that its only claim against the Company is the Swap Liability. If for any reason any portion of the Deficiency Claim is disallowed, the Guarantor agrees that the Swap Liability is subordinated to the prior, indefeasible payment in full of the Notes. In any event, any and all other undisclosed indebtedness, claims, liabilities or obligations of the Company to the Guarantor other than the Swap Liability are subordinated to the prior, indefeasible payment in full of the Notes. To the extent of the subordination provided for herein, the Guarantor agrees that should it receive any payments from the Company or a trustee in bankruptcy of the Company, it will hold such payment in trust and immediately pay over such amounts to the paying agent for the Notes;

(vi) the Guarantor shall not assert any right of set-off in respect of the Deficiency Claim; and

(vii) the Guarantor agrees and covenants that it will not take any action or assert any position inconsistent with this Section 6 and, if called upon by the Holders, will confirm its agreement with the positions confirmed herein in writing or at a court hearing as reasonably requested by the Holders.

For purposes of this Agreement, "**Swap Liability**" shall mean the obligations of the Company to the Guarantor, under currency swap arrangements between the Guarantor and the Company.

7. Non-Public Information. The Holders hereby acknowledge that: (i) each of the Company and the Guarantor may be, and each Holder is proceeding on the assumption that the Company and the Guarantor are, in possession of material, non-public information concerning themselves and their respective direct and indirect subsidiaries (the "**Information**") which is not or may not be known to the Holders and that neither the Company nor the Guarantor has disclosed to the Holders; (ii) each Holder is voluntarily assuming all risks associated with the Transactions and expressly warrants and represents that (x) neither the Company nor the Guarantor has

made, and except as expressly provided in this Agreement, each Holder disclaims the existence of or its reliance on, any representation by the Company or the Guarantor concerning the Company, the Guarantor or the Notes and (y) except as expressly provided in this Agreement, it is not relying on any disclosure or non-disclosure made or not made, or the completeness thereof, in connection with or arising out of the Transactions, and therefore has no claims against the Company or the Guarantor with respect thereto; (iii) if any such claim may exist, each Holder, recognizing its disclaimer of reliance and reliance by the Company and the Guarantor on such disclaimer as a condition to entering into the Transactions, covenants and agrees not to assert it against the Company, the Guarantor or any of their respective officers, directors, shareholders, partners, representatives, agents or affiliates; and (iv) neither the Company nor the Guarantors shall have any liability, and each Holder waives and releases any claim that such Holder might have against the Company, the Guarantor or any of their respective officers, directors, shareholders, partners, representatives, agents and affiliates whether under applicable securities law or otherwise, based on the knowledge, possession or nondisclosure by the Company or the Guarantors to each Holder of the Information. Each Holder further represents and acknowledges that it has received and reviewed (a) a copy of the prospectus, dated April 27, 2009, as amended and supplemented to date (or if resident in Canada, a copy of the Canadian offering memorandum dated April 27, 2009 which incorporates the prospectus, as amended and supplemented to date), relating to the offers by the Company and the Guarantor to exchange certain series of securities, including the Notes, which includes and incorporates by reference material public information concerning the Company and the Guarantors and (b) the Form 8-K filed by the Guarantor on May 28, 2009 relating to the proposed sale by the Guarantor of substantially all of its assets pursuant to Section 363(b) of the U.S. Bankruptcy Code.

8. Specific Performance. Each of the Parties hereto recognizes and acknowledges that a breach by any of the Parties hereto of any covenants or agreements contained in this Agreement will cause the other Parties to sustain damages for which such Parties would not have an adequate remedy at law for money damages, and therefore each Party hereto agrees that in the event of any such breach the other Parties shall be entitled to the remedy of specific performance of such covenants and agreements and injunctive and other equitable relief in addition to any other remedy to which such Parties may be entitled, at law or in equity.

9. Remedies Cumulative. All rights, powers and remedies provided under this Agreement or otherwise available in respect hereof at law or in equity shall be cumulative and not alternative, and the exercise of any right, power or remedy thereof by any Party shall not preclude the simultaneous or later exercise of any other such right, power or remedy by such Party.

10. Effectiveness; Amendments. This Agreement shall not become effective and binding on a Party unless and until a counterpart signature page to this Agreement has been executed and delivered by such Party. Except as otherwise provided herein, once effective, this Agreement may not be modified, amended or supplemented except in a writing signed by each of the Parties hereto.

11. No Waiver. The failure of any Party hereto to exercise any right, power or remedy provided under this Agreement or otherwise available in respect hereof at law or in equity, or to insist upon compliance by any other Party hereto with its obligations hereunder, and any custom or practice of the Parties at variance with the terms hereof, shall not constitute a waiver by such Party of its right to exercise any such or other right, power or remedy or to demand such compliance.

12. No Admission. Neither this Agreement nor the settlement contained herein, nor any act performed or document executed pursuant to or in furtherance of this Agreement or the settlement: (a) is or may be deemed to be or may be used as an admission of, or evidence of, the validity of any claims released pursuant to Section 5 above, or of any wrongdoing or liability of or damage by any of the Parties hereto or their directors; or (b) is or may be deemed to be or may be used as an admission of, or evidence of, any fault or omission of any of the Parties hereto or their respective directors in any civil, criminal or administrative proceeding in any court, administrative proceeding in any court, administrative agency or other tribunal. The Parties and the Released Persons may file this Agreement and Exhibits in any action that may be brought against them in order to support a defense or counterclaim based on principles of *res judicata*, collateral estoppel, release, good faith settlement, judgment bar or reduction, or any other theory of claim preclusion or issue preclusion or similar defense or counterclaim.

13. Governing Law; Jurisdiction. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York, regardless of the laws that might otherwise govern under applicable principles of conflict of laws of the State of New York. The Parties hereby irrevocably and unconditionally submit to the jurisdiction of any federal or state court located within the borough of Manhattan of the City, County and State of New York over any dispute for purposes of any action, suit or proceeding arising out of or relating to this Agreement or any of the transactions contemplated hereby. Each party irrevocably waives any objection it may have to the venue of any action, suit or proceeding brought in such court or to the convenience of the forum.

14. Notices. All notices and consents hereunder shall be in writing and shall be deemed to have been duly given upon receipt if personally delivered by courier service, messenger, facsimile, or by certified or registered mail, postage prepaid return receipt requested, to the following addresses, or such other addresses as may be furnished hereafter by notice in writing, to the following parties:

If to any one Holder, to:

Attn: Todd R. Chandler

15. Representation by Counsel. Each Party acknowledges that it has been represented by counsel in connection with this Agreement and the transactions contemplated by this Agreement. Accordingly, any rule of law or any legal decision that would provide any Party with a defense to the enforcement of the terms of this Agreement against such Party based upon lack of legal counsel shall have no application and is expressly waived.

16. Consideration. It is hereby acknowledged by the Parties that, other than the agreements, covenants, representations and warranties of the Parties, as more particularly set forth herein, no consideration shall be due or paid to the Company for their agreement to use their commercially reasonable efforts to consummate the Transactions and the Extraordinary Resolutions in accordance with the terms and conditions of this Agreement.

17. Headings. The headings of the sections and subsections of this Agreement are inserted for convenience only and shall not affect the interpretation hereof.

18. Successors and Assigns. This Agreement is intended to bind and inure to the benefit of the Parties and their respective permitted successors, assigns, heirs, executors, administrators and representatives.

19. Several, Not Joint, Obligations. The agreements, representations and obligations of the Parties under this Agreement are, in all respects, several and not joint.

20. Prior Negotiations. This Agreement supersedes all prior negotiations with respect to the subject matter hereof but shall not supersede the Extraordinary Resolution or the Transaction Documents.

21. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which shall constitute one and the same Agreement. Delivery of an executed signature page of this Agreement by facsimile or e-mail shall be as effective as delivery of a manually executed signature page of this Agreement.

22. No Third-Party Beneficiaries. Unless expressly stated herein, this Agreement shall be solely for the benefit of the Parties, and no other person or entity shall be a third party beneficiary hereof.

23. Severability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof or affecting the validity or enforceability of such provision in any other jurisdiction.

24. Additional Parties. Without in any way limiting the provisions hereof, additional holders of the Notes may elect to become Parties by executing and delivering to the Company a counterpart hereof. Such additional holder shall become a party to this Agreement as a Holder in accordance with the terms of this Agreement.

IN WITNESS WHEREOF, each of the Parties has caused this Agreement to be executed and delivered by its duly authorized officer as of the date first above written.

Extraordinary Resolution

Set out below in a combination form is the text of the Extraordinary Resolution. For clarity, the opening text for the Extraordinary Resolution in respect of each series has been set out separately.

For the 2015 Notes:

“THAT THIS MEETING (the “**2015 Meeting**”) of the holders of the 2015 Notes (the “**2015 Holders**”) and benefiting from the provisions of the fiscal and paying agency agreement among General Motors Nova Scotia Finance Company (the “**Company**”), General Motors Corporation, Deutsche Bank Luxembourg S.A. (the “**Fiscal Agent**”) and Banque Générale du Luxembourg S.A. (the “**Paying Agent**” and together with the Fiscal Agent, the “**Agents**”) dated as of July 10, 2003 (the “**Fiscal and Paying Agency Agreement**”), by Extraordinary Resolution (the “**Extraordinary Resolution**”), HEREBY:”

For the 2023 Notes:

“THAT THIS MEETING (the “**2023 Meeting**”) of the holders of the 2023 Notes (the “**2023 Holders**”) and benefiting from the provisions of the fiscal and paying agency agreement among General Motors Nova Scotia Finance Company (the “**Company**”), General Motors Corporation, Deutsche Bank Luxembourg S.A. (the “**Fiscal Agent**”) and Banque Générale du Luxembourg S.A. (the “**Paying Agent**” and together with the Fiscal Agent, the “**Agents**”) dated as of July 10, 2003 (the “**Fiscal and Paying Agency Agreement**”), by Extraordinary Resolution (the “**Extraordinary Resolution**”), HEREBY:”

For the 2015 and 2023 Notes (each series voting separately)

RESOLVES by special quorum an Extraordinary Resolution in accordance with the proviso to paragraph 5 of Schedule 4 of the Fiscal and Paying Agency Agreement to authorize and direct the addition of a new provision at the end of, and forming part of, Condition 6 of Schedule 1 of the Fiscal and Paying Agency Agreement, which also forms a part of the Global Notes representing the 2015 Notes and the 2023 Notes, as follows:

“Certain Claims

Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Noteholders in accordance therewith, each Noteholder hereby releases and discharges the defendants in the Nova Scotia Proceeding (and the past and/or present directors, officers, employees, partners, insurers, co-insurers, controlling shareholders, attorneys, advisers, consultants, accountants or auditors, personal or legal representatives, predecessors, successors, parents, subsidiaries, divisions, joint ventures, assigns, spouses, heirs, related and/or affiliated entities of each of them) from all claims and demands that are raised in the proceeding in the Supreme Court of Nova Scotia titled Aurelius Capital Partners, LP v.

General Motors Corporation et al, Court File No. HFX No. 308066 (the “**Nova Scotia Proceeding**”), and agrees to discontinue the Nova Scotia Proceeding on a without costs basis. Nothing contained in this Extraordinary Resolution shall preclude any Noteholder from pursuing any of the claims raised in the Nova Scotia Proceeding against any of the Canadian Entities or the Guarantor or any of the other debtors in the Chapter 11 Cases in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding and, as a result, an amount equal to the Consent Fee has been repaid; provided, that, this Extraordinary Resolution precludes each Noteholder from pursuing any of the claims raised in the Nova Scotia Proceeding against any of Neil Macdonald, John Stapleton, Mercedes Michel and Maurita Sutedja (and their respective heirs, administrators and assigns) in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding.

Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Noteholders in accordance therewith, each Noteholder waives all (and shall cease to have any) rights and claims against the Company in respect of the Loan Agreements (as defined below), including with respect to any compromise or settlement of the loans thereunder, and such Noteholder’s rights in the Loan Agreements, and each Noteholder hereby releases and discharges GM Canada (and its past and present officers, directors and employees), Neil Macdonald, John Stapleton, Mercedes Michel and Maurita Sutedja (and their respective heirs, administrators and assigns) from all claims and demands whatsoever, presently known or unknown, which the Noteholders ever had, now have or may hereafter have against them by reason of claims and demands arising from or in connection with those certain loan agreements between the Company and GM Canada each dated as of July 10, 2003 and pursuant to which GM Canada borrowed from the Company the sum of five hundred fifty-five million, eight hundred sixty thousand Canadian dollars (C\$555,860,000), and the sum of seven hundred seventy-eight million, two hundred four thousand Canadian dollars (C\$778,204,000), respectively (collectively, the “**Loan Agreements**”), provided that nothing contained in this Extraordinary Resolution shall preclude the Noteholders from pursuing any claim in respect of the parties and claims otherwise released in this paragraph in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding and, as a result, an amount equal to the Consent Fee has been repaid. Furthermore, in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding, and, as a result, an amount equal to the Consent Fee has been repaid, the settlement between the Company and GM Canada of the amount owing under the Loan Agreements as contemplated by this Transaction shall be null and void and the full amount owing under the Loan Agreements as of the date hereof shall be immediately due and payable according to their terms as they exist as of the date hereof.

Upon the approval of the Extraordinary Resolution at the Meeting and the payment by the Company and the Paying Agent of the Consent Fee to each of the Noteholders in accordance therewith, with respect to any other claim it may have against the Canadian Entities or the Guarantor in its capacity as a holder of the Notes, the Noteholder covenants and agrees not to pursue any claim it may have other than in connection with the advancement of its claim under the Guarantee, the advancement of its claim against GM Nova Scotia in respect of the Notes and the Deficiency Claim (each as defined below). Nothing contained in this Extraordinary Resolution shall preclude the Noteholder from pursuing any other claim it may have against the Canadian Entities or the Guarantor or any of the other debtors in the Chapter 11 Cases in the event that the payment of the Consent Fee is successfully challenged by any person in a future proceeding. For purposes of this Extraordinary Resolution, the “**Guarantee**” shall mean that certain guarantee of the Notes by the Guarantor included in the Fiscal and Paying Agency Agreement and the Notes.

Nothing contained in this Extraordinary Resolution is in any way intended to, nor shall it in any way operate to, directly or indirectly, limit, waive, impair or restrict, any rights, interests, remedies or claims (whether at law or in equity, and whether now or hereafter existing) which any Noteholder may have against, or to which any Noteholder is due or owed from, the Company in respect of the Notes or the Guarantor in respect of the Guarantee Claim or the Deficiency Claim (as such terms are defined in the Lock-up Agreement). It is hereby expressly acknowledged, agreed and confirmed that that (i) the Deficiency Claim is a valid and enforceable claim of the Company and shall be enforceable against the Guarantor as allowed pre-petition general unsecured claims (the “**Allowed Claims**”) to the fullest extent permitted under applicable laws, (ii) the Notes are valid and enforceable claims to the Noteholders and shall be enforceable against the Company in their full amount, and (iii) the Guarantee Claim is a valid and enforceable claim of the Noteholders and shall be enforceable against the Guarantor as Allowed Claims to the fullest extent permitted under applicable laws.

For purposes of clarity, it is understood and agreed that nothing contained in this Extraordinary Resolution shall: (i) release in any respect whatsoever any claim against the Company on the Notes or any claim against the Guarantor on the Guarantee, or (ii) preclude a Noteholder from pursuing any claim it may have against the Guarantor or any of the other debtors in the Chapter 11 Cases or any other Party that is not based on such Holder’s ownership of Notes.

The Consent Fee payment does not reduce, limit or impair the Notes, the Guarantee Claim or the Deficiency Claim.

The Guarantor confirms that its only claim against the Company is the Swap Liability. If for any reason any portion of the Deficiency Claim is disallowed, the Guarantor agrees that the Swap Liability is subordinated to the prior, indefeasible payment in full of the Notes. In any event, any and all other undisclosed indebtedness, claims, liabilities or obligations of the Company to the Guarantor other than the Swap Liability are subordinated to the prior, indefeasible payment in full of the Notes. To the extent of the subordination provided for herein, the Guarantor agrees that should it receive any payments from the Company or a trustee in bankruptcy of the Company, it will hold such payment in trust and immediately pay over such amounts to the paying agent for the Notes. For purposes of this Extraordinary Resolution, “**Swap Liability**” shall mean the obligations of the Company to the Guarantor, under currency swap arrangements between the Guarantor and the Company.

The Guarantor shall not assert any right of set-off in respect of the Deficiency Claim.

RESOLVES by special quorum an Extraordinary Resolution in accordance with Schedule 4 of the Fiscal and Paying Agency Agreement to pay, subject to the approval of the foregoing Extraordinary Resolution by the requisite Noteholders, an amount equal to £366.46 per £1,000 of principal amount of the 2015 Notes outstanding and £380.17 per £1,000 of principal amount of the 2023 Notes outstanding (the “**Consent Fee**”), immediately following the approval of the foregoing Extraordinary Resolution by the requisite Noteholders. The Consent Fee shall be paid to the common depository by wire transfer, and Euroclear and Clearstream, as applicable, will credit the relevant accounts of their participants on the payment date. Payments in respect of Notes not evidenced by Global Notes shall be made by wire transfer, direct deposit or check mailed to the address of the holder entitled thereto as such address shall appear on the register of the Company.

RESOLVES by ordinary quorum an Extraordinary Resolution in accordance with the proviso to paragraph 5 of Schedule 4 of the Fiscal and Paying Agency Agreement to authorize and direct the following:

- (a) authorizes, directs and empowers the Agents to concur in, approve, and execute, and do all such deeds, instruments, acts and things that may be necessary to carry out and give effect to these resolutions;
- (b) sanctions, assents to and approves any necessary or consequential amendment to the Fiscal and Paying Agency Agreement to effect these resolutions; and
- (c) acknowledges that capitalized terms used in these resolutions have the same meanings as those defined in the Fiscal and Paying Agency Agreement, as applicable.

Exhibit B

Escrow Term Sheet

Escrow Agent	A Canadian institutional trustee mutually satisfactory to the parties, acting reasonably
Deposit	GMCL deposits the Consent Fee (the "Escrow Amount") into a segregated account maintained on behalf of GMCL and GM Nova Scotia and the Holders with the Escrow Agent with a Canadian financial institution ("Escrow Account #1")
Release upon passing of extraordinary resolution	<p>Upon receipt by the Escrow Agent of the scrutineer's report for the noteholder Meeting evidencing that the Extraordinary Resolution has been duly passed by the requisite majority of noteholders, the Escrow Agent shall cause the Escrow Amount to be deposited into a new segregated account opened on behalf of GM Nova Scotia and maintained by the Escrow Agent with a Canadian financial institution ("Escrow Account #2").</p> <p>Upon deposit of the Escrow Amount in Account #2, GM Nova Scotia shall be deemed to have acknowledged and agreed that the loans under the Loan Agreements shall have been settled and compromised in full subject to the terms of the Lock-Up Agreement.</p> <p>Immediately upon the deposit of the Escrow Amount into Account #2, the Escrow Agent shall release the Escrow Amount and cause the Escrow Amount to be deposited with the Fiscal Paying Agent into the account specified by the Fiscal Paying Agent on Schedule A to the Escrow Agreement.</p>
Release of funds to GMCL	<p>The Escrow Agent shall cause the Escrow Amount to be released from Escrow Account #1 to GMCL and deposited into the account specified by GMCL on Schedule B to the Escrow Agreement in the following circumstances:</p> <p>(i) if GM Nova Scotia and all of the Holders notify the Escrow Agent that the Meeting called for the passage of the Extraordinary Resolution has failed to occur prior to July 9, 2009 due to circumstances which are outside GM Nova Scotia's control and the Lockup Agreement has been terminated by the Holders; or</p> <p>(ii) upon receipt by the Escrow Agent of the scrutineer's report for the noteholder Meeting evidencing that after holding the Meeting, the Extraordinary Resolution failed to be passed by the requisite majority of noteholders.</p>

Release upon Bankruptcy or Failure to hold meeting

Upon receipt of notice by the Requisite Holders of any of the following events, the Escrow Agent shall cause the Escrow Amount to be released from Escrow Account #1 to all of the Holders and deposited into such accounts as may be specified in writing by each relevant Holder:

- (a) Bankruptcy, CCAA or any similar proceeding of GM Nova Scotia initiated directly or indirectly or fomented in any way by GM Nova Scotia or one of its affiliates;
- (b) a bankruptcy, CCAA or any similar proceeding of GMCL initiated directly or indirectly or fomented in any way by GMCL or one of its affiliates; or
- (c) a failure to hold the Meeting by July 9, 2009 due to circumstances which are within GM Nova Scotia's control.

For purposes of this section, "**Requisite Holders**" means Holders representing at least 51% of the outstanding principal amount of each series of Notes.

Release upon disputed Material Breach

In the case of a material breach of the Lockup Agreement other than those referred to above, the Escrow Agent shall retain the Escrow Amount in Escrow Account #1 until the Escrow Agent receives a final court order determining that such Material Breach has occurred. In such circumstances, the Escrow Agent shall pay out the Escrow Amount from Escrow Account #1 in a manner consistent with such court order (it being understood that if a Material Breach has occurred, the Escrow Amount shall be paid to the Holders).

Interest

Accrues to benefit of GMCL from date of Escrow Agreement to June 30, 2009 inclusive; thereafter accrues for the benefit of the Holders.

Currency

British Pounds

Fees

All fees of the Escrow Agent shall be for the account of GMCL. Fees and expenses of the Escrow Agent arising from court proceedings will be paid by GMCL subject to a right of reimbursement from the Escrow Amount in the event that GMCL is successful in such court proceedings.

Indemnity	GMCL (unless broader indemnity required by Escrow Agent).
Termination	The Escrow Agreement shall be entered into no later than Wednesday June 4, 2009.
Definitions	Defined terms shall have the meanings set out in the Lock-Up Agreement.

SECURED CREDIT AGREEMENT (this "Agreement"), dated as of July 10, 2009 by and among GENERAL MOTORS COMPANY, a Delaware corporation (the "Borrower"), the Guarantors (as defined below), and THE UNITED STATES DEPARTMENT OF THE TREASURY, as the lender hereunder (the "Lender" or the "Treasury").

WITNESSETH:

WHEREAS, pursuant to (a) the Amended and Restated Master Sale and Purchase Agreement dated as of June 26, 2009 (as amended by the First Amendment dated as of June 30, 2009 and the Second Amendment dated as of July 5, 2009, the "Master Transaction Agreement") among General Motors Corporation, a Delaware corporation ("GM Oldco"), a debtor and debtor-in-possession in a case pending under chapter 11 of the Bankruptcy Code (as defined below) and certain other sellers party thereto (collectively, the "Sellers") and the Borrower, and (b) the other Transaction Documents (as defined below), and in accordance with the Bankruptcy Code, on the date hereof (i) the Sellers sold, transferred, assigned, conveyed and delivered to the Borrower and certain of its Subsidiaries, and the Borrower and certain of its Subsidiaries directly or indirectly purchased, accepted and acquired from the Sellers, the Purchased Assets (as defined in the Master Transaction Agreement) and assumed the Assumed Liabilities (as defined in the Master Transaction Agreement) and (ii) the Sellers and the Borrower and one or more of their respective Subsidiaries have entered into the other Related Transactions (as defined below);

WHEREAS, GM Oldco, certain of GM Oldco's subsidiaries, the Lender and the Canadian Lender (as defined below) entered into the \$33,300,000,000 Secured Superpriority Debtor-in-Possession Credit Agreement dated as of June 3, 2009 (as amended, modified, or supplemented from time to time prior to the date hereof, the "DIP Credit Agreement") in respect of a term loan credit facility more particularly described in the DIP Credit Agreement;

WHEREAS, prior to the date hereof, a portion of Tranche B Term Loans in an amount equal to \$16,425,000,000 was deposited into the Escrow Account (as defined below), which Escrow Account is included in the Purchased Assets;

WHEREAS, pursuant to the Master Transaction Agreement, the other Transaction Documents and the Assignment and Assumption Agreement dated as of the date hereof (the "Newco Loan Assumption Agreement") between GM Oldco, as assignor, and the Borrower, as assignee, the Borrower assumed a portion of the Tranche B Term Loans (as defined in the DIP Credit Agreement) made by the Lender under the DIP Credit Agreement in the amount of \$7,072,488,605 (the "Newco Credit Facility") and all of GM Oldco's obligations with respect thereto that pursuant to the Loan Documents are jointly and severally guaranteed by the Guarantors;

WHEREAS, the Borrower has requested that the Lender amend and restate the terms and provisions of the Newco Credit Facility as more particularly set forth herein and in the other Loan Documents;

WHEREAS, the Lender is willing to amend and restate the Newco Credit Facility on the terms and subject to the conditions set forth herein and in the other Loan Documents;

NOW, THEREFORE, in consideration of the premises and mutual agreements contained herein, the parties hereto agree that on the Effective Date, as provided in Section 8.18, the Newco Credit Facility shall be amended and restated in its entirety as follows:

SECTION 1

DEFINITIONS

1.1. Defined Terms. As used in this Agreement, the terms listed in this Section 1.1 shall have the respective meanings set forth in this Section 1.1.

"1908 Holdings": 1908 Holdings Ltd., a Subsidiary of General Motors of Canada Limited.

"ABR": for any day, a rate per annum (rounded upwards, if necessary, to the next $\frac{1}{16}$ of 1%) equal to the greatest of (a) the Prime Rate in effect on such day, (b) the Federal Funds Effective Rate in effect on such day plus $\frac{1}{2}$ of 1% and (c) the three month Eurodollar Rate (for the avoidance of doubt after giving effect to the provisos in the definition thereof) plus 1.00%; provided that, in the event the Lender shall have determined that adequate and reasonable means do not exist for ascertaining the calculation of clause (c), such calculation shall be replaced with the last available calculation of the three month Eurodollar Rate plus 1.00%. Any change in the ABR due to a change in the Prime Rate, the Federal Funds Effective Rate or the three month Eurodollar Rate shall be effective as of the opening of business on the effective day of such change in the Prime Rate, the Federal Funds Effective Rate or the three month Eurodollar Rate, respectively.

"ABR Loans": Loans the rate of interest applicable to which is based upon the ABR.

"Additional First Lien Indebtedness": as of any date of determination, principal amount of Indebtedness (other than Indebtedness described in clauses (a) through (r) (inclusive) of the definition of "Permitted Indebtedness") in excess of \$6,000,000,000 secured on a first priority basis by the Collateral or the Canadian Collateral or any portion of either of the foregoing (including, without limitation, Structured Financing), provided that, (i) on the date such Indebtedness is incurred, the Consolidated Leverage Ratio shall be less than 3.00 to 1.00 after giving pro forma effect to the incurrence of such Indebtedness, (ii) a portion of the Net Cash Proceeds of such Indebtedness (other than revolving credit loans) are used to prepay the Loans in accordance with Section 2.5(a), (iii) the aggregate amount of commitments under revolving credit facilities, if any, together with any revolving credit facilities constituting Excluded First Lien Indebtedness, shall not exceed \$4,000,000,000, (iv) with respect to any revolving credit facility, the amount of Indebtedness thereunder for the purpose of determining compliance with clauses (i) and (iii) of this definition shall equal the commitment thereunder and (v) the lenders party thereto (or an agent on behalf of such lenders) shall have executed and delivered an intercreditor agreement in form and substance reasonably satisfactory to the Lender which may be an amendment, restatement, modification or supplement to the Intercreditor Agreement.

“Additional Guarantor”: as defined in Section 5.23.

“Affiliate”: with respect to any Person, any other Person which, directly or indirectly, controls, is controlled by, or is under common control with, such Person. For purposes of this Agreement, “control” (together with the correlative meanings of “controlled by” and “under common control with”) means possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by contract, or otherwise. For the avoidance of doubt, pension plans of a Person and entities holding the assets of such plans, shall not be deemed to be Affiliates of such Person. Notwithstanding the foregoing, none of (i) the Government of the United States (or any branch or agency thereof), (ii) the Government of Canada (or any branch or agency thereof), (iii) the Government of Ontario (or any branch or agency thereof), or (iv) the VEBA or the UAW, shall be considered an Affiliate of the Borrower or any of its Subsidiaries.

“Agreement”: as defined in the preamble hereto.

“Anti-Money Laundering Laws”: as defined in Section 3.18(d).

“Applicable Law”: as to any Person, all laws (including common law), statutes, regulations, ordinances, treaties, judgments, decrees, injunctions, writs and orders of any court, governmental agency or authority and rules, regulations, orders, directives, licenses and permits of any Governmental Authority applicable to such Person or its property or in respect of its operations.

“Applicable Margin”: (A) 4.0% per annum in the case of ABR Loans and (B) 5.0% per annum in the case of Eurodollar Loans.

“Applicable Net Cash Proceeds”: with respect to any Additional First Lien Indebtedness, Permitted Unsecured Indebtedness or Attributable Obligations under each applicable Sale/Leaseback Transaction, an amount equal to the UST Facility Percentage of an amount equal to 41.949% of the Net Cash Proceeds of such Indebtedness or Attributable Obligations, as applicable.

“Applicable Rejected Prepayment Amount”: on any date of determination:

(a) with respect to any Canadian Lender Rejection Notice, an amount equal to (i) the amount of the mandatory prepayment rejected by the Canadian Lender pursuant to Section 2.07(d) of the Canadian Facility multiplied by (ii) a percentage equal to (x) the aggregate outstanding principal balance of the Loans held by the Treasury on such date divided by (y) the sum of the aggregate outstanding amount of the Loans held by the Treasury on such date and the aggregate Outstanding Principal of the VEBA Note Facility held by VEBA on such date; and

(b) with respect to any VEBA Rejection Notice, an amount equal to (i) the amount of the mandatory prepayment rejected by the VEBA pursuant to Section 2.5(g) of

the VEBA Note Facility multiplied by (ii) a percentage equal to (x) the aggregate outstanding principal balance of the Loans held by the Treasury on such date divided by (y) the sum of the aggregate outstanding principal balance of the Loans held by the Treasury on such date and the aggregate outstanding principal balance of the loans held by the Canadian Lender under the Canadian Facility on such date.

“Asset Sale”: any Disposition of property or series of related Dispositions of property occurring contemporaneously (other than any Excluded Disposition) that yields gross proceeds to any Group Member (other than Excluded Subsidiaries) (valued at the initial principal amount thereof in the case of non-cash proceeds consisting of notes or other debt securities and valued at fair market value in the case of other non-cash proceeds) in excess of (i) \$25,000,000 if received by a Group Member that is a Foreign Subsidiary, or (ii) \$15,000,000 if received by a Group Member that is not a Foreign Subsidiary. The term “Asset Sale” shall not include any issuance of Capital Stock or any event that constitutes a Recovery Event.

“Assignee”: as defined in Section 8.6(b).

“Assignment and Assumption”: an Assignment and Assumption, substantially in the form of Exhibit C, including an agreement by the assignee thereunder to be bound by the terms and provisions of the Intercreditor Agreement.

“Attributable Obligations”: in respect of a Sale/Leaseback Transaction means, as at the time of determination, the present value (discounted at the interest rate implicit in the transaction) of the total obligations of the lessee for rental payments required to be paid during the remaining term of the lease included in such Sale/Leaseback Transaction (including any period for which such lease has been extended), determined in accordance with GAAP; provided, however, that if such Sale/Leaseback Transaction results in a Capital Lease Obligation, the amount of Indebtedness represented thereby shall be determined in accordance with the definition of “Capital Lease Obligations.” For purposes of calculating the Consolidated Leverage Ratio, the aggregate amount of Attributable Obligations outstanding as of any date of determination shall be (i) \$500,000,000 plus (ii) the amount of Attributable Obligations entered into after the Effective Date.

“Auto Supplier Support Program”: that certain program established by the Treasury to facilitate payment of certain receivables to automotive suppliers.

“Bankruptcy Code”: the United States Bankruptcy Code, 11 U.S.C. Section 101 *et seq.*

“Bankruptcy Court”: the United States Bankruptcy Court for the Southern District of New York (together with the District Court for the Southern District of New York, where applicable).

“Bankruptcy Exceptions”: limitations on, or exceptions to, the enforceability of an agreement against a Person due to applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally or the application of general equitable principles, regardless of whether such enforceability is considered in a proceeding at law or in equity.

“Benefit Plan”: any employee benefit plan within the meaning of section 3(3) of ERISA and any other plan, arrangement or agreement which provides for compensation, benefits, fringe benefits or other remuneration to any employee, former employee, individual independent contractor or director, including without limitation, any bonus, incentive, supplemental retirement plan, golden parachute, employment, individual consulting, change of control, bonus or retention agreement, whether provided directly or indirectly by any Loan Party or otherwise.

“Board”: the Board of Governors of the Federal Reserve System of the United States (or any successor).

“Borrower”: as defined in the preamble hereto.

“Borrower’s Organizational Documents”: the Amended and Restated Certificate of Incorporation of the Borrower dated July 9, 2009 and filed with the Secretary of State of the State of Delaware, together with the Amended and Restated Bylaws of the Borrower dated as of July 9, 2009, as the same may be further amended, restated, supplemented or replaced from time to time in accordance with the terms and conditions hereof and of the other Loan Documents.

“Budget”: a budget substantially in the form of Annex I, reasonably satisfactory to the Lender in its sole discretion, (a) with respect to the budget delivered on the Effective Date pursuant to Section 4.1(h), covering the remainder of fiscal year 2009 (presented on a monthly basis) together with a budget with respect to the four immediately succeeding fiscal years (presented on an annual basis); and (b) with respect to each budget delivered after the Effective Date, covering the periods and presented in accordance with Section 5.2(k).

“Business Day”: any day other than a Saturday, Sunday or other day on which banks in New York City are permitted to close; provided, however, that when used in connection with a Eurodollar Loan, the term “Business Day” shall also exclude any day on which banks are not open for dealings in Dollar deposits in the London Interbank market.

“Business Plan”: as defined in Section 4.1(t).

“Canadian Collateral”: the “Collateral” as defined in the Canadian Facility.

“Canadian Facility”: the Second Amended and Restated Loan Agreement, dated as of the date hereof, by and among GM Canada, as borrower, the other loan parties party thereto, and the Canadian Lender, as lender, in form and substance substantially similar to this Agreement with modifications otherwise satisfactory to the Lender as the same may be amended, restated, supplemented or modified from time to time hereafter in accordance with the terms and conditions of this Agreement and the other Loan Documents.

“Canadian Guarantors”: shall mean the “Guarantors” under and as defined in the Canadian Facility.

“Canadian Lender”: Export Development Canada, a corporation established pursuant to the laws of Canada, and its successors and assigns.

“Canadian Lender Rejection Notice”: a notice from the Canadian Lender to GM Canada rejecting a mandatory prepayment under the Canadian Facility following the initial offer to repay the loans thereunder in accordance with Section 2.07(d) of the Canadian Facility.

“Canadian Subscriber”: 7176384 Canada, Inc.

“Canadian Subscription Agreement”: As defined in the Canadian Facility.

“Canadian Subsidiary”: each direct or indirect Subsidiary of the Borrower incorporated under the laws of Canada or any state, province, commonwealth or territory thereof.

“Capital Lease Obligations”: for any Person, all obligations of such Person to pay rent or other amounts under a lease of (or other agreement conveying the right to use) Property to the extent such obligations are required to be classified and accounted for as a capital lease on a balance sheet of such Person under GAAP, and, for purposes of this Agreement, the amount of such obligations shall be the capitalized amount thereof, determined in accordance with GAAP.

“Capital Stock”: any and all equity interests, including any shares of stock, membership or partnership interests, participations or other equivalents whether certificated or uncertificated (however designated) of a corporation, limited liability company, partnership or joint venture or any other entity, and any and all similar ownership interests in a Person and any and all warrants or options to purchase any of the foregoing.

“Cases”: the cases commenced on June 1, 2009 by GM Oldco, Saturn, LLC, a Delaware limited liability company, Saturn Distribution Corporation, a Delaware corporation, and Chevrolet-Saturn of Harlem, Inc., a Delaware corporation, in connection with voluntary petitions filed by each of the foregoing in the Bankruptcy Court for relief.

“Cash Equivalents”: (a) U.S. Dollars, or money in other currencies received in the ordinary course of business, (b) securities with maturities of one year or less from the date of acquisition issued or fully guaranteed or insured by the United States or Canadian government or any agency thereof, (c) securities with maturities of one year or less from the date of acquisition issued or fully guaranteed by any state, province, commonwealth or territory of the United States or Canada, by any political subdivision or taxing authority of any such state, province, commonwealth or territory or by any foreign government, the securities of which state, province, commonwealth, territory, political subdivision, taxing authority or foreign government (as the case may be) are rated at least “A” by S&P or “A” by Moody’s or equivalent rating; (d) demand deposit, certificates of deposit and time deposits with maturities of one year or less from the date of acquisition and overnight bank deposits of any commercial bank, supranational bank or trust company having a credit rating of “F-1” or higher by Fitch (or the equivalent rating by S&P or Moody’s), (e) repurchase obligations with respect to securities of the types (but not necessarily maturity) described in clauses (b) and (c) above, having a term of not more than 90 days, of banks (or bank holding companies) or subsidiaries of such banks (or bank holding companies) and non-bank broker-dealers listed on the Federal Reserve Bank of New York’s list of primary and other reporting dealers (“Repo Counterparties”), which Repo Counterparties have a credit rating of at least “F-1” or higher by Fitch (or the equivalent rating by S&P or Moody’s), (f) commercial paper rated at least A-1 or the equivalent thereof by S&P or P-1 or the equivalent

thereof by Moody's and in either case maturing within one year after the day of acquisition, (g) short-term marketable securities of comparable credit quality, (h) shares of money market mutual or similar funds which invest at least 95% in assets satisfying the requirements of clauses (a) through (g) of this definition (except that such assets may have maturities of 13 months or less), and (i) in the case of a Foreign Subsidiary, substantially similar investments, of comparable credit quality relative to the sovereign credit risk of the Foreign Subsidiary's country, denominated in the currency of any jurisdiction in which such Foreign Subsidiary conducts business.

"Challenge Period": as defined in the Final DIP Order.

"Change of Control": with respect to the Borrower, the acquisition, after the Effective Date, by any other Person, or two or more other Persons acting in concert other than the Permitted Holders, the Lender, the Canadian Lender, the VEBA or any Affiliate of the Lender, the Canadian Lender, the VEBA, of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of outstanding shares of voting stock of the Borrower at any time if after giving effect to such acquisition such Person or Persons owns 20% or more of such outstanding voting stock.

"Code": the Internal Revenue Code of 1986, as amended from time to time.

"Collateral": all property and assets of the Loan Parties of every kind or type whatsoever, including tangible, intangible, real, personal or mixed, whether now owned or hereafter acquired or arising, wherever located, and all proceeds, rents and products of the foregoing other than Excluded Collateral.

"Collateral Documents": means, collectively, the Guaranty, the Equity Pledge Agreement, the Intellectual Property Pledge Agreement, each Mortgage, the Escrow Account Control Agreement, and each other collateral assignment, security agreement, pledge agreement, agreement granting Liens in intellectual property rights, or similar agreements delivered to the Lender to secure the Obligations, as amended and restated in connection herewith (if applicable).

"Compensation Regulations": as defined in Section 5.16(a)(i).

"Compliance Certificate": a certificate duly executed by a Responsible Officer, substantially in the form of Exhibit F.

"Consolidated": the consolidation of accounts in accordance with GAAP.

"Consolidated Leverage Ratio": as of any date, the ratio of (a) Consolidated Total Debt, less the sum of cash and Cash Equivalents held by the Borrower and its Subsidiaries, excluding Restricted Cash, on such day to (b) EBITDA for the period of four fiscal quarters ended on the last day of the most recent fiscal quarter for which financial statements have been delivered pursuant to Section 5.1.

"Consolidated Total Debt": at any date, the aggregate principal amount of all Indebtedness of the Borrower and its Subsidiaries that would be reflected on the consolidated balance sheet of the Borrower and its Subsidiaries as of such date in accordance with GAAP.

“Contractual Obligation”: as to any Person, any provision of any security issued by such Person or of any agreement, instrument or other undertaking to which such Person is a party or by which it or any of its property is bound.

“Controlled Affiliate”: as defined in Section 3.18(a).

“Copyright Licenses”: all licenses, contracts or other agreements, whether written or oral, naming a Loan Party as licensee or licensor and providing for the grant of any right to reproduce, publicly display, publicly perform, distribute, create derivative works of or otherwise exploit any works covered by any Copyright (including, without limitation, all Copyright Licenses set forth in Schedule 3.25 hereto).

“Copyrights”: all domestic and foreign copyrights, whether registered or unregistered, including, without limitation, all copyright rights throughout the universe (whether now or hereafter arising) in any and all media (whether now or hereafter developed), in and to all original works of authorship (including, without limitation, all marketing materials created by or on behalf of any Loan Party), acquired or owned by a Loan Party (including, without limitation, all copyrights described in Schedule 3.25 hereto), all applications, registrations and recordings thereof (including, without limitation, applications, registrations and recordings in the United States Copyright Office or in any similar office or agency of the United States or any other country or any political subdivision thereof), and all reissues, renewals, restorations, extensions or revisions thereof.

“Default”: any event, that with the giving of notice, the lapse of time, or both, would become an Event of Default.

“DIP Credit Agreement”: as defined in the recitals hereto.

“Disposition”: with respect to any Property, any sale, lease, sale and leaseback, assignment, conveyance, transfer or other disposition thereof (other than (i) exclusive licenses that do not materially impair the relevant Loan Party’s ability to use or exploit the relevant Intellectual Property as it has been used or exploited by the Loan Parties as of the Closing Date (as defined in the DIP Credit Agreement) or (ii) nonexclusive licenses); and the terms “Dispose” and “Disposed of” shall have correlative meanings.

“Dollar Equivalent”: on any date of determination, (a) with respect to any amount denominated in Dollars, such amount and (b) with respect to an amount denominated in any other currency, the equivalent in Dollars of such amount as determined by the Lender in accordance with normal banking industry practice using the Exchange Rate on the date of determination of such equivalent. In making any determination of the Dollar Equivalent, the Lender shall use the relevant Exchange Rate in effect on the date on which a Dollar Equivalent is required to be determined pursuant to the provisions of this Agreement. As appropriate, amounts specified herein as amounts in Dollars shall include any relevant Dollar Equivalent amount.

“Dollars” and “\$”: the lawful money of the United States.

“Domestic 956 Subsidiary”: any U.S. Subsidiary substantially all of the value of whose assets consist of equity of one or more Foreign 956 Subsidiaries for U.S. federal income tax purposes.

“Domestic Subsidiary”: any Subsidiary that is organized or existing under the laws of the United States or Canada or any state, province, commonwealth or territory of the United States or Canada.

“EAWA”: the Employ American Workers Act (Section 1611 of Division A, Title XVI of the American Recovery and Reinvestment Act of 2009), Public Law No. 111-5, effective as of February 17, 2009, as may be amended and in effect from time to time.

“EBITDA”: for any period, Net Income plus, to the extent deducted in determining Net Income, the sum of: (a) Interest Expense, amortization or write-off of debt discount, other deferred financing costs and other fees and charges associated with Indebtedness, plus (b) tax expense, plus (c) depreciation, plus (d) amortization, write-offs, write-downs, asset revaluations and other non-cash charges, losses and expenses, plus (e) impairment of intangibles, including goodwill, plus (f) extraordinary expenses or losses (as determined in accordance with GAAP) including an amount equal to any extraordinary loss, plus (g) any net loss realized by the Borrower or any of its Subsidiaries in connection with any Disposition or the extinguishment of Indebtedness, plus (h) special charges (including restructuring costs), plus (i) losses (but minus gains) due solely to the fluctuations in currency values or the mark-to-market impact of commodities derivatives, in each case in accordance with GAAP, plus (j) losses attributable to discontinued operations, plus (k) losses (but minus gains) attributable to the cumulative effect of a change in accounting principles, plus (l) non-recurring costs, charges and expenses during such period, plus (m) the amount of fees associated with advisory, consulting or other professional work done for equity offerings, minus (n) to the extent included in Net Income, extraordinary gains (as determined in accordance with GAAP), together with any related provision for taxes on such extraordinary gain, all calculated without duplication for the Borrower and its Subsidiaries on a consolidated basis for such period. For purposes of this Agreement, EBITDA shall (to the extent required to comply with Regulation S-X promulgated under the Securities Act) be adjusted on a pro forma basis to include, as of the first day of any applicable period, any acquisition and any Disposition contemplated by the Business Plan to be consummated during such period, including, without limitation, adjustments reflecting any non-recurring costs and any extraordinary expenses of any acquisition and any Disposition consummated during such period and any Pro Forma Cost Savings attributable thereto, each calculated on a basis consistent with GAAP or as otherwise approved by the Lender in its sole discretion.

“EESA”: the Emergency Economic Stabilization Act of 2008, Public Law No. 110-343, effective as of October 3, 2008, as amended by Section 7000 *et al.* of Division A, Title VII of the American Recovery and Reinvestment Act of 2009, Public Law No. 111-5, effective as of February 17, 2009, as may be further amended and in effect from time to time.

“Effective Date”: July 10, 2009.

“EISA”: the Energy Independence and Security Act of 2007, Public Law No. 110-140, effective as of January 1, 2009, as may be amended and in effect from time to time.

“Embargoed Person”: as defined in Section 3.19.

“Environmental Agreement”: the Amended and Restated Environmental Agreement dated as of the date hereof, executed by the Loan Parties for the benefit of the Lender, substantially in the form of Exhibit I.

“Environmental Laws”: any and all foreign, Federal, state, provincial, local or municipal laws, rules, orders, regulations, statutes, ordinances, codes, decrees, requirements of any Governmental Authority or other Requirements of Law (including common law) regulating, relating to or imposing liability or standards of conduct concerning protection of human health, the environment or natural resources, as now or may at any time hereafter be in effect.

“Equity Pledge Agreement”: the Amended and Restated Equity Pledge Agreement dated as of the date hereof, made by each Pledgor in favor of the Lender substantially in the form of Exhibit L.

“ERISA”: the Employee Retirement Income Security Act of 1974, as amended from time to time.

“ERISA Affiliate”: any corporation or trade or business or other entity, whether or not incorporated, that is a member of any group of organizations (i) described in Section 414(b), (c), (m) or (o) of the Code of which any Loan Party is a member or (ii) which is under common control with any Loan Party within the meaning of section 4001 of ERISA.

“ERISA Event”: (i) any Reportable Event or a determination that a Plan is “at risk” (within the meaning of Section 302 of ERISA); (ii) the inurrence by the Borrower or any ERISA Affiliates of any liability under Title IV of ERISA with respect to the termination of any Plan or the withdrawal or partial withdrawal of the Borrower or any of its respective ERISA Affiliates from any Plan or Multiemployer Plan; (iii) the receipt by the Borrower or any ERISA Affiliates from the PBGC or a plan administrator of any notice relating to the intention to terminate any Plan or Plans or to appoint a trustee to administer any Plan; (iv) the receipt by the Borrower or any ERISA Affiliates of any notice, or the receipt by any Multiemployer Plan from the Borrower or any ERISA Affiliates of any notice, concerning the imposition of Withdrawal Liability or a determination that a Multiemployer Plan is, or is expected to be, insolvent or in reorganization, within the meaning of Title IV of ERISA; or (v) the occurrence of a nonexempt “prohibited transaction” with respect to which the Borrower, the other Loan Parties or their ERISA Affiliates is a “disqualified person” (within the meaning of Section 4975 of the Code) or with respect to which the Borrower or any ERISA Affiliate could otherwise be liable.

“Escrow Account”: each account of the Borrower at an Escrow Bank subject to an Escrow Account Control Agreement, including without limitation, account number 36855852 located at Citibank, N.A.

“Escrow Account Control Agreement”: each account control agreement among the Borrower, the Escrow Bank, and the Lender, such agreements to be reasonably satisfactory to the Lender including without limitation the Deposit Agreement dated as of the date hereof among the Lender, the Borrower and Citibank, N.A.

“Escrow Bank”: Citibank, N.A. and each additional or replacement bank or other financial institution to which the Lender transfers or proposes to transfer Reserve Funds in accordance with Section 4.2(c).

“Eurocurrency Reserve Requirements”: for any day as applied to a Eurodollar Loan, the aggregate (without duplication) of the maximum rates (expressed as a decimal fraction) of reserve requirements in effect on such day (including basic, supplemental, marginal and emergency reserves) under any regulations of the Board or other Governmental Authority having jurisdiction with respect thereto dealing with reserve requirements prescribed for eurocurrency funding (currently referred to as “Eurocurrency Liabilities” in Regulation D of the Board) maintained by a member bank of the Federal Reserve System.

“Eurodollar Base Rate”: with respect to each day during each Interest Period pertaining to a Eurodollar Loan, the rate per annum determined on the basis of the rate for deposits in Dollars for a period equal to such Interest Period commencing on the first day of such Interest Period appearing on page LIBOR01 of the Reuters screen as of 11:00 a.m. (London time) two Business Days prior to the beginning of such Interest Period. In the event that such rate does not appear on such page of the Reuters screen (or otherwise on such screen), the Eurodollar Base Rate shall be determined by reference to such other comparable publicly available service for displaying eurodollar rates as may be selected by the Lender or, in the absence of such availability, by reference to the rate at which a reference institution selected by the Lender is offered Dollar deposits at or about 11:00 a.m. (New York City time) two Business Days prior to the beginning of such Interest Period in the interbank eurodollar market where its eurodollar and foreign currency and exchange operations are then being conducted for delivery on the first day of such Interest Period for the number of days comprised therein.

“Eurodollar Loans”: Loans the rate of interest applicable to which is based upon the Eurodollar Rate.

“Eurodollar Rate”: with respect to each day during each Interest Period pertaining to a Eurodollar Loan, a rate per annum determined for such day in accordance with the following formula (rounded upward to the nearest 1/100th of 1%):

$$\frac{\text{Eurodollar Base Rate}}{1.00 - \text{Eurocurrency Reserve Requirements}}$$

; provided that, in no event shall the Eurodollar Rate be less than 2.00%.

“Event of Default”: as defined in Section 7.1.

“Exchange Act”: the Securities and Exchange Act of 1934, as amended.

“Exchange Rate”: for any day with respect to any currency (other than Dollars), the rate at which such currency may be exchanged into Dollars, as set forth at 11:00 a.m. (New York time) on such day on the applicable Bloomberg currency page with respect to such currency. In the event that such rate does not appear on the applicable Bloomberg currency page, the Exchange Rate with respect to such currency shall be determined by reference to such other publicly available service for displaying exchange rates as may be agreed upon by the

Lender and the Borrower or, in the absence of such agreement, such Exchange Rate shall instead be the spot rate of exchange of a reference institution selected by the Lender in the London Interbank market or other market where such reference institution's foreign currency exchange operations in respect of such currency are then being conducted, at or about 11:00 a.m. (New York time) on such day for the purchase of Dollars with such currency, for delivery two Business Days later; provided, however, that if at the time of any such determination, for any reason, no such spot rate is being quoted, the Lender may use any reasonable method it deems appropriate to determine such rate, and such determination shall be conclusive absent manifest error.

"Excluded Collateral": as defined on Schedule 3.28.

"Excluded Dispositions":

- (a) Dispositions of inventory in the ordinary course of business;
- (b) Dispositions of obsolete or worn-out property in the ordinary course of business, including leases with respect to facilities that are temporarily not in use or pending their Disposition;
- (c) Dispositions of accounts receivable more than 90 days past due in connection with the compromise, settlement or collection thereof on market terms;
- (d) Dispositions of any Capital Stock of any JV Subsidiary in accordance with the applicable joint venture agreement relating thereto;
- (e) any Disposition of (i) any Guarantor's or Pledged Entity's Capital Stock or other assets or Property of the Borrower or any Guarantor to the Borrower or any Guarantor, or (ii) any Group Member's (other than a Guarantor's or Pledged Entity's) Capital Stock or other assets or Property of any Group Member (other than the Borrower or any Guarantor) to the Borrower, any Guarantor or any other Group Member;
- (f) any Disposition of Cash Equivalents in a manner that is not prohibited by the terms of this Agreement or the other Loan Documents;
- (g) any Disposition by the Borrower or any of its Subsidiaries of any dealership property or Capital Stock in a dealership Subsidiary to the operating management of a dealership or any Disposition of property in connection with the dealer optimization plan, in each case in the ordinary course of business;
- (h) [intentionally omitted];
- (i) [intentionally omitted]; and
- (j) the licensing and sublicensing of Patents, Trademarks and other Intellectual Property or other general intangibles to third persons on customary terms as determined by the board of directors, or such other individuals as they may delegate, in good faith and the ordinary course of business.

“Excluded First Lien Indebtedness”: Indebtedness secured on a first priority basis by the Collateral or the Canadian Collateral or any portion of either of the foregoing (other than Indebtedness described in clauses (a) through (r) (inclusive) of the definition of “Permitted Indebtedness”) in an aggregate amount not exceeding \$6,000,000,000 comprised of term loan and/or revolving credit loan facilities (including without limitation Structured Financing), provided that, (i) the aggregate amount of commitments under the revolving credit facilities, if any, together with any revolving credit facilities constituting Additional First Lien Indebtedness, shall not exceed \$4,000,000,000, (ii) with respect to any revolving credit facility, the amount of Indebtedness thereunder for the purpose of determining compliance with clause (i) of this definition shall equal the commitment thereunder and (iii) the lenders party thereto (or an agent on behalf of such lenders) shall have executed and delivered an intercreditor agreement in form and substance reasonably satisfactory to the Lender, which may be an amendment, restatement, modification or supplement to the Intercreditor Agreement.

“Excluded Subsidiary”: (i) any JV Subsidiary in which any Group Member owns less than 80% of the voting or economic interest, (ii) any Subsidiary that is a dealership, (iii) the Subsidiaries identified on Schedule 1.1G and any of the following, to the extent they become Subsidiaries after the Effective Date: (A) any Securitization Subsidiary; (B) any Financing Subsidiary; (C) any Insurance Subsidiary; and (D) any Subsidiary (and any parent or holding company thereof) that is primarily engaged in the investment management business or that is regulated by the Office of the Comptroller of the Currency.

“Excluded Taxes”: as defined in Section 2.12.

“Executive Order”: as defined in Section 3.19.

“Existing Agreements”: the agreements of the Loan Parties and their Subsidiaries in effect (giving effect, where applicable, to their assumption by the applicable Person pursuant to any Transaction Document) on the Effective Date and any extensions, renewals and replacements thereof so long as any such extension, renewal and replacement could not reasonably be expected to have a material adverse effect on the rights and remedies of the Lender under any of the Loan Documents.

“Existing UST Term Loan Agreements”: collectively, the Existing UST Term Loan Agreement (as defined in the DIP Credit Agreement) and the Loan and Security Agreement dated as of January 16, 2009 by and between GM Oldco and the Lender.

“Expense Policy”: the Borrower’s comprehensive written policy on excessive or luxury expenditures maintained and implemented in accordance with the Treasury regulations contained in 31 C.F.R. Part 30.

“Extraordinary Receipts”: any (i) insurance proceeds (other than the proceeds of self-insurance) that are not the proceeds of a Recovery Event, (ii) downward purchase price adjustments (other than purchase price adjustments resulting from tax refunds received by Canadian Subsidiaries), (iii) tax refunds (other than tax refunds received by Canadian Subsidiaries), judgments and litigation settlements, pension plan reversions and indemnity payments, and (iv) similar receipts outside of the ordinary course of business in each case

received by any Group Member (other than an Excluded Subsidiary), in excess of (A) \$25,000,000 if received by an applicable Group Member that is a Foreign Subsidiary, or (B) \$15,000,000 if received by an applicable Group Member that is not a Foreign Subsidiary.

“Federal Funds Effective Rate”: for any day, the weighted average of the rates on overnight federal funds transactions with members of the Federal Reserve System arranged by federal funds brokers, as published on the next succeeding Business Day by the Federal Reserve Bank of New York, or, if such rate is not so published for any day that is a Business Day, the average of the quotations for the day of such transactions received by JPMorgan Chase Bank, N.A. from three federal funds brokers of recognized standing selected by it (or, if JPMorgan Chase Bank, N.A. is no longer receiving such quotations for any reason, the average of such quotations received by a reference institution selected by the Lender).

“Final DIP Order”: Final Order Pursuant to Bankruptcy Code Sections 105(a), 361, 362, 363, 364 and 507 and Bankruptcy Rules 2002, 4001 and 6004 (a) Approving a DIP Credit Facility and Authorizing the Debtors to Obtain Post-Petition Financing Pursuant Thereto, (b) Granting Related Liens and Super-Priority Status, (c) Authorizing the Use of Cash Collateral and (d) Granting Adequate Protection to Certain Pre-Petition Secured Parties, dated June 25, 2009 by the United States Bankruptcy Court for the Southern District of New York, *In re General Motors Corporation et al.*, chapter 11 case no. 09-50026 (REG) (jointly administered).

“Financing Subsidiary”: any Subsidiary that is primarily engaged in financing activities including, without limitation (a) debt issuances to, or that are guaranteed by, governmental or quasi-governmental entities (including any municipal, local, county, regional, state, provincial, national or international organization or agency), (b) lease transactions (including synthetic lease transactions and Sale/Leaseback Transactions permitted hereunder) and (c) lease and purchase financing provided by such Subsidiary to dealers and consumers.

“Fitch”: Fitch, Inc. d/b/a Fitch IBCA.

“Foreign Assets Control Regulations”: as defined in Section 3.19.

“Foreign 956 Subsidiary”: any Non-U.S. Subsidiary of the Borrower that is a “controlled foreign corporation” as defined in Code Section 957.

“Foreign Subsidiary”: any Subsidiary that is not a Domestic Subsidiary.

“Funding Office”: the office of the Lender specified in Schedule 1.1A or such other office as may be specified from time to time by the Lender as its funding office by written notice to the Borrower.

“GAAP”: generally accepted accounting principles as in effect from time to time in the United States.

“GM Canada”: General Motors of Canada Limited, a corporation established pursuant to the laws of Canada.

“GM Oldco”: as defined in the recitals hereto.

“GM Oldco Parties”: GM Oldco and its Subsidiaries that were Subsidiaries of GM Oldco immediately prior to the Effective Date.

“GM Warranty Commitment Program”: as defined in the Warranty Administration Agreement.

“GMAC”: GMAC LLC, a Delaware limited liability company, and its Subsidiaries.

“GMAC Reorganization”: any transactions consummated for the purpose of or in connection with the Borrower or any of its Affiliates (a) not being in control of GMAC for purposes of the Bank Holding Company Act of 1956, (b) not being an affiliate of GMAC for purposes of Sections 23A or 23B of the Federal Reserve Act, or (c) otherwise complying with the commitments made by the Borrower to the Federal Reserve System with regard to GMAC, including but not limited to, in each case, (i) the Disposition of all or any portion of the Capital Stock owned by the Borrower in GMAC to one or more trusts, and (ii) the Disposition of all or any portion of such Capital Stock by any trustee of any such trust.

“Governmental Authority”: any federal, state, provincial, municipal or other governmental department, commission, board, bureau, agency or instrumentality, or any federal, state or municipal court, in each case whether of the United States or a foreign jurisdiction.

“Group Members”: the collective reference to the Borrower and its Subsidiaries.

“Guarantee Obligation”: as to any Person, any obligation of such Person directly or indirectly guaranteeing any Indebtedness of any other Person or in any manner providing for the payment of any Indebtedness of any other Person or otherwise protecting the holder of such Indebtedness against loss (whether by virtue of partnership arrangements, by agreement to keep-well, to purchase assets, goods, securities or services, or to take-or-pay or otherwise), provided that the term “Guarantee Obligation” shall not include (i) endorsements for collection or deposit in the ordinary course of business, or (ii) obligations to make servicing advances for delinquent taxes and insurance, or other obligations in respect of the Collateral, to the extent required by the Lender. The amount of any Guarantee Obligation of a Person shall be deemed to be an amount equal to the stated or determinable amount of the primary Indebtedness in respect of which such Guarantee Obligation is made or, if not stated or determinable, the maximum reasonably anticipated Indebtedness in respect thereof as determined by such Person in good faith. The terms “Guarantee” and “Guaranteed” used as verbs shall have correlative meanings.

“Guarantor”: each Person listed on Schedule 1.1B and each other Person that becomes an Additional Guarantor.

“Guaranty”: the Amended and Restated Guaranty and Security Agreement dated as of the date hereof, executed and delivered by the Borrower and each Guarantor, substantially in the form of Exhibit A.

“Indebtedness”: for any Person: (a) obligations created, issued or incurred by such Person for borrowed money (whether by loan, the issuance and sale of debt securities or the sale of Property to another Person subject to an understanding or agreement, contingent or

otherwise, to repurchase such Property from such Person (other than any repurchase obligations accounted for as operating leases)); (b) obligations of such Person to pay the deferred purchase or acquisition price of Property or services (other than trade payables or obligations associated with the purchase of tooling, machinery, equipment and engineering and design services, in each case incurred in the ordinary course of business); (c) indebtedness of others of the type referred to in clauses (a), (b), (d), (e), (f), (g) and (i) of this definition secured by a Lien on the Property of such Person, whether or not the respective indebtedness so secured has been assumed by such Person (provided, that for purposes of this Agreement the amount of such Indebtedness shall be deemed to be the lower of (x) the book value of such Property and (y) the principal amount of the indebtedness secured by such Property); (d) obligations (contingent or otherwise) of such Person in respect of letters of credit or similar instruments issued or accepted by banks and other financial institutions for the account of such Person; (e) Capital Lease Obligations or Attributable Obligations of such Person; (f) [intentionally omitted]; (g) indebtedness of others of the type referred to in clauses (a), (b), (d), (e), (f), (h) and (i) of this definition guaranteed by such Person; (h) all purchase money indebtedness of such Person; (i) indebtedness of general partnerships of which such Person is a general partner unless the terms of such indebtedness expressly provide that such Person is not liable therefor; (j) [intentionally omitted]; (k) [intentionally omitted]; and (l) any other indebtedness of such Person evidenced by a note, bond, debenture or similar instrument; provided, however, that Indebtedness shall exclude any obligations related to the hourly pension plans of Delphi Corporation and its Affiliates.

“Indemnified Liabilities”: as defined in Section 8.5.

“Indemnitee”: as defined in Section 8.5.

“Ineligible Acquirer”: any Person (i) directly involved in the manufacture of motor vehicles or the business of which is restricted primarily to the financing of the sale or lease of motor vehicles or (ii) having beneficial ownership of 20% or more of the Capital Stock of a Person described in clause (i).

“Initial Note”: as defined in Section 4.1(a)(vi).

“Insolvency”: with respect to any Multiemployer Plan, the condition that such Plan is insolvent within the meaning of section 4245 of ERISA.

“Insurance Subsidiary”: shall mean (i) any Subsidiary that is required to be licensed as an insurer or reinsurer or that is primarily engaged in insurance or reinsurance any (ii) any Subsidiary of a Person described in clause (i) above.

“Intellectual Property”: all Patents, Trademarks and Copyrights owned by any Loan Party, and all rights under any Licenses to which a Loan Party is a party.

“Intellectual Property Pledge Agreement”: the Amended and Restated Intellectual Property Pledge Agreement, dated as of the date hereof, by and among each Loan Party and the Lender, substantially in the form of Exhibit K.

“Intercreditor Agreement”: the Intercreditor Agreement, dated as of the date hereof, by and between the Lender and the VEBA.

“Interest Expense”: for any Person for any period, consolidated total interest expense of such Person and its Subsidiaries for such period and including, in any event, costs under interest rate swap agreements, interest rate cap agreements, interest rate collar agreements and interest rate insurance for such period.

“Interest Payment Date”: (a) as to any ABR Loan, the first day of each March, June, September and December to occur while such Loan is outstanding and the final maturity date of such Loan, (b) as to any Eurodollar Loan, the last day of such Interest Period, and (c) as to any Loan, the date of any repayment or prepayment made in respect thereof.

“Interest Period”: as to any Eurodollar Loan, (i) initially, the period commencing on the Borrowing Date (as defined in the DIP Credit Agreement) with respect to such Loan and ending three months thereafter; and (ii) thereafter, each period commencing on the last day of the next preceding Interest Period applicable to such Loan and ending three months thereafter; provided that all of the foregoing provisions relating to Interest Periods are subject to the following:

(A) if any Interest Period would otherwise end on a day that is not a Business Day, such Interest Period shall be extended to the next succeeding Business Day unless the result of such extension would be to carry such Interest Period into another calendar month in which event such Interest Period shall end on the immediately preceding Business Day;

(B) any Interest Period that would otherwise extend beyond the Maturity Date shall end on the Maturity Date; and

(C) any Interest Period that begins on the last Business Day of a calendar month (or on a day for which there is no numerically corresponding day in the calendar month at the end of such Interest Period) shall end on the last Business Day of the calendar month at the end of such Interest Period.

“Investments”: any advance, loan, extension of credit (by way of guaranty or otherwise) or capital contribution to, or purchase of any Capital Stock, bonds, notes, debentures or other debt securities of, or any assets constituting a business unit of, or any other investment in, any Person.

“JV Agreement”: each partnership or limited liability company agreement (or similar agreement) between a North American Group Member or one of its Subsidiaries and the relevant JV Partner as the same may be amended, restated, supplemented or otherwise modified from time to time, in accordance with the terms hereof.

“JV Partner”: each Person party to a JV Agreement that is not a Loan Party or one of its Subsidiaries.

“JV Subsidiary”: any Subsidiary of a Group Member which is not a Wholly Owned Subsidiary and as to which the business and management thereof is jointly controlled by the holders of the Capital Stock therein pursuant to customary joint venture arrangements.

“Lender”: as defined in the preamble hereto.

“Licenses”: collectively, the Copyright Licenses, the Trademark Licenses and the Patent Licenses.

“Lien”: any mortgage, pledge, security interest, lien or other charge or encumbrance (in the nature of a security interest and other than licenses of Intellectual Property), including the lien or retained security title of a conditional vendor, upon or with respect to any property or assets.

“Loan Documents”: this Agreement, the Notes, the Environmental Agreement, the Collateral Documents and each post-closing letter or agreement now and hereafter entered into among the parties hereto.

“Loan Parties”: the Borrower and each Guarantor.

“Loans”: as defined in Section 2.1.

“Master Transaction Agreement”: as defined in the recitals.

“Material Adverse Effect”: a material adverse effect on (a) the business, operations, property, condition (financial or otherwise) or prospects of (i) the North American Group Members (taken as a whole) or (ii) the Group Members (taken as a whole), (b) the ability of the Loan Parties (taken as a whole) to perform their obligations under any of the Loan Documents to which they are a party, (c) the validity or enforceability in any material respect of any of the Loan Documents to which the Loan Parties are a party, (d) the rights and remedies of the Lender under any of the Loan Documents, or (e) the Collateral (taken as a whole); provided that (w) the taking of any action by the Borrower and its Subsidiaries, including the cessation of production, pursuant to and in accordance with the Budget, (x) the filing and continuance of the Cases and the orders thereunder, and (y) any action taken pursuant to the Section 363 Sale Order shall not be taken into consideration.

“Material North American Group Member”: any North American Group Member that is a “Significant Subsidiary” as defined in Regulation S-X promulgated under the Securities Act.

“Maturity Date”: the date on which the earliest to occur of (such earliest date, which may be extended by the Lender in its sole discretion in accordance with Section 8.1): (a) the sixth anniversary of the Effective Date and (b) the acceleration of any Loans in accordance with the terms of this Agreement.

“Moody's”: Moody's Investors Service, Inc. and its successors.

“Mortgage”: each of the mortgages and deeds of trust made by the Borrower or any Guarantor in favor of, or for the benefit of, the Lender, substantially in the form of Exhibit J, taking into consideration the law and jurisdiction in which such mortgage or deed of trust is to be recorded or filed, to the extent applicable.

“Mortgaged Property”: each property listed on Schedule 1.1C, as to which the Lender shall be granted a Lien pursuant to the Mortgages.

“Multiemployer Plan”: a multiemployer plan defined as such in Section 3(37) of ERISA to which contributions are required to be made by any Loan Party or any ERISA Affiliate or to which any Loan Party or any ERISA Affiliate may have any direct or indirect liability or obligation contingent or otherwise.

“Net Cash Proceeds”: with respect to any event, (a) the cash proceeds received in respect of such event including (i) any cash received in respect of any non-cash proceeds (including any cash payments received by way of deferred payment of principal pursuant to a note or installment receivable or purchase price adjustment receivable or otherwise, but excluding any interest payments), but only as and when received, (ii) in the case of a casualty, insurance proceeds and (iii) in the case of a condemnation or similar event, condemnation awards and similar payments, net of (b) the sum of (i) all reasonable fees and out-of-pocket expenses paid to third parties (other than Affiliates) in connection with such event, (ii) in the case of a Disposition of an asset (including pursuant to a Sale/Leaseback Transaction or a casualty or a condemnation or similar proceeding), the amount of all payments required to be made as a result of such event to repay Indebtedness (other than the Loans) secured by such asset or otherwise subject to mandatory prepayment or lease obligations, as applicable, as a result of such event and (iii) the amount of all taxes paid (or reasonably estimated to be payable, including under any tax sharing arrangements) and, with respect to amounts that will be expatriated as a result of any event attributable to a Non-U.S. Subsidiary, the amount of any taxes that will be payable by any applicable Group Member as a result of the expatriation, and the amount of any reserves established to fund contingent liabilities reasonably estimated to be payable, in each case that are directly attributable to such event (as determined reasonably and in good faith by a Responsible Officer); provided that, Net Cash Proceeds shall exclude funds that GM Canada or any of the Canadian Guarantors are required to use to repay the loans under the Canadian Facility.

“Net Income”: for any period, the net income (or loss) of the Borrower and its Subsidiaries calculated on a consolidated basis for such period determined in accordance with GAAP.

“Newco Credit Facility”: as defined in the recitals hereto.

“Newco Loan Assumption Agreement”: as defined in the recitals hereto.

“Non-Excluded Taxes”: as defined in Section 2.12.

“Non-U.S. Lender”: as defined in Section 2.12.

“Non-U.S. Subsidiary”: any Subsidiary of any Loan Party that is not a U.S. Subsidiary.

“North American Group Members”: collectively, the Loan Parties and each Domestic Subsidiary of a Loan Party that is not an Excluded Subsidiary.

“Notes”: collectively, the Initial Note and any promissory notes issued in connection with an assignment as contemplated by Section 2.3(b).

“Obligations”: the unpaid principal of and interest on (including, without limitation, interest accruing after the maturity of the Loans and interest accruing after the filing of any petition in bankruptcy, or the commencement of any insolvency, reorganization or like proceeding, relating to any Loan Party, whether or not a claim for post-filing or post-petition interest is allowed in such proceeding) the Loans and all other obligations and liabilities of any Loan Party to the Lender, whether direct or indirect, absolute or contingent, due or to become due, or now existing or hereafter incurred, which may arise under, out of, or in connection with, this Agreement, any other Loan Document or any other document made, delivered or given in connection herewith or therewith, whether on account of principal, interest, reimbursement obligations, fees, indemnities, costs, expenses (including, without limitation, all fees, charges and disbursements of counsel to the Lender that are required to be paid by any Loan Party pursuant hereto) or otherwise.

“OFAC”: the Office of Foreign Assets Control of the Treasury.

“Other Foreign 956 Subsidiary”: any Non-U.S. Subsidiary substantially all of the value of whose assets consist of equity of one or more Foreign 956 Subsidiaries for U.S. federal income tax purposes.

“Other Taxes”: any and all present or future stamp or documentary taxes or any other excise or property taxes, charges or similar levies arising from any payment made hereunder or from the execution, delivery or enforcement of, or otherwise with respect to, this Agreement or any other Loan Document (excluding, in each case, amounts imposed on an assignment, a grant of a Participation or other transfer of an interest in the Loan or any Loan Document).

“Outstanding Amount”: as of any date of determination (a) with respect to Indebtedness, the aggregate outstanding principal amount thereof, (b) with respect to banker’s acceptances, letters of credit or letters of guarantee, the aggregate undrawn, unexpired face amount thereof plus the aggregate unreimbursed drawn amount thereof, (c) with respect to hedging obligations, the aggregate amount recorded by the Borrower or any Subsidiary as its net termination liability thereunder calculated in accordance with the Borrower’s customary accounting procedures, (d) with respect to cash management obligations or guarantees, the aggregate maximum amount thereof (i) that the relevant cash management provider is entitled to assert as such as agreed from time to time by the Borrower or any Subsidiary and such provider or (ii) the principal amount of the Indebtedness being guaranteed or, if less, the maximum amount of such guarantee set forth in the relevant guarantee and (e) with respect to any other obligations, the aggregate outstanding amount thereof.

“Outstanding Principal”: as defined in the VEBA Note Facility.

“Participant”: as defined in Section 8.6(c).

“Participation”: as defined in Section 8.6(c).

“Patent Licenses”: all licenses, contracts or other agreements, whether written or oral, naming a Loan Party as licensee or licensor and providing for the grant of any right to manufacture, use, lease, or sell any invention, design, idea, concept, method, technique, or process covered by any Patent (including, without limitation, all Patent Licenses set forth in Schedule 3.25 hereto).

“Patents”: all domestic and foreign letters patent, design patents, utility patents, industrial designs, and all intellectual property rights in inventions, trade secrets, ideas, concepts, methods, techniques, processes, proprietary information, technology, know-how, formulae, and other general intangibles of like nature, now existing or hereafter acquired or owned by a Loan Party (including, without limitation, all domestic and foreign letters patent, design patents, utility patents, industrial designs, inventions, trade secrets, ideas, concepts, methods, techniques, processes, proprietary information, technology, know-how and formulae described in Schedule 3.25 hereto), all applications, registrations and recordings thereof (including, without limitation, applications, registrations and recordings in the United States Patent and Trademark Office, or in any similar office or agency of the United States or any other country or any political subdivision thereof), and all reissues, re-examinations, divisions, continuations, continuations in part and extensions or renewals thereof.

“PBGC”: the Pension Benefit Guaranty Corporation or any entity succeeding to any or all of its functions under ERISA.

“Permitted Holders”: any holder of any Capital Stock of the Borrower as of the Effective Date, including, with respect to Capital Stock held by any GM Oldco Party, (i) a “liquidating trust,” within the meaning of Treas. Reg. § 301.7701-4, to which such GM Oldco Party’s assets are distributed, or (ii) any other entity established for the sole purpose of liquidating the assets of such GM Oldco Party.

“Permitted Indebtedness”:

(a) Indebtedness created under any Loan Document;

(b) purchase money Indebtedness for real property, improvements thereto or equipment or personal property hereafter acquired (or, in the case of improvements, constructed) by, or Capital Lease Obligations of, any North American Group Member, provided that, the aggregate principal balance of such Indebtedness shall not exceed \$1,000,000,000 at any one time outstanding;

(c) trade payables, if any, in the ordinary course of its business;

(d) Indebtedness existing on the Effective Date;

(e) intercompany Indebtedness of a North American Group Member in the ordinary course of business; provided that, the right to receive any repayment of such Indebtedness (other than any scheduled payments so long as no Event of Default has occurred and is continuing) shall be subordinated to the Lender’s rights to receive repayment of the Obligations;

(f) Indebtedness under the Canadian Facility and the guarantee by the Borrower of the obligations thereunder;

(g) Indebtedness existing at the time any Person merges with or into or becomes a North American Group Member and not incurred in connection with, or in contemplation of, such Person merging with or into or becoming a North American Group Member; provided that any such merger shall comply with Section 6.1;

(h) Swap Agreements that are not entered into for speculative purposes;

(i) Indebtedness, including letters of credit, bankers' acceptances and similar instruments issued in the ordinary course of business, in respect of the financing of insurance premiums, customs, stay, performance, bid, surety or appeal bonds and similar obligations, completion guaranties, "take or pay" obligations in supply agreements, reimbursement obligations regarding workers' compensation claims, indemnification, adjustment of purchase price and similar obligations incurred in connection with the acquisition or disposition of any business or assets, and sales contracts, coverage of long-term counterparty risk in respect of insurance companies, purchasing and supply agreements, rental deposits, judicial appeals and service contracts;

(j) Indebtedness incurred in the ordinary course of business in connection with cash management and deposit accounts and operations, netting services, employee credit card programs and similar arrangements and Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business, provided that such Indebtedness is extinguished within five Business Days of its incurrence;

(k) any guarantee by any Loan Party of Permitted Indebtedness;

(l) Indebtedness entered into under Section 136 of EISA;

(m) any extensions, renewals, exchanges or replacements of Indebtedness of the kind in clauses (a), (d), (e), (f), (g), (h), (i) and (l) of this definition to the extent (i) the principal amount of or commitment for such Indebtedness is not increased (except by an amount equal to unpaid accrued interest and premium thereon plus other reasonable fees and expenses incurred in connection with such extension, renewals or replacement), (ii) neither the final maturity nor the weighted average life to maturity of such Indebtedness is decreased and (iii) such Indebtedness, if subordinated in right of payment to the Lender of the Indebtedness under this Agreement, remains so subordinated on terms no less favorable to the Lender;

(n) any Sale/Leaseback Transaction; provided that, if on the date such Indebtedness is incurred, the Consolidated Leverage Ratio is greater than or equal to 3.00 to 1.00 after giving pro forma effect to such Indebtedness, an amount equal to the Applicable Net Cash Proceeds of the Attributable Obligations under such Sale/Leaseback Transaction shall be applied as a prepayment of the Loans in accordance with Section 2.5(a);

(o) [intentionally omitted];

(p) any transactions undertaken by the Canadian Subsidiaries with 1908 Holdings, Parkwood Holdings Ltd., or GM Overseas Funding LLC in the ordinary course, consistent with past practice of the GM Oldco Parties;

(q) Indebtedness under the VEBA Note Facility;

(r) Indebtedness under the Supplier Receivables Facility;

(s) Excluded First Lien Indebtedness and Additional First Lien Indebtedness; and

(t) Permitted Unsecured Indebtedness.

“Permitted Liens”: with respect to any Property of the Borrower or any of its U.S. Subsidiaries:

(a) Liens created under the Loan Documents;

(b) Liens on Property of a U.S. Subsidiary existing on the date hereof (including Liens on Property of a U.S. Subsidiary pursuant to Existing Agreements; provided that such Liens, and any renewal, replacement, amendment, extension or modification in whole or in part thereof, shall secure only those obligations that they secure on the date hereof and any permitted refinancing thereof);

(c) any Lien existing on any Property prior to the acquisition thereof by the Borrower or a U.S. Subsidiary or existing on any Property of any Person that becomes a U.S. Subsidiary after the date hereof prior to the time such Person becomes a U.S. Subsidiary; provided that (x) such Lien is not created in contemplation of or in connection with such acquisition or such Person becoming a U.S. Subsidiary, (y) such Lien does not apply to any other Property or assets of the Borrower or a U.S. Subsidiary, and (z) such Lien, and any renewal, replacement, amendment, extension or modification in whole or in part thereof, secures only those obligations that it secures on the date of such acquisition or the date such Person becomes a U.S. Subsidiary, as the case may be;

(d) Liens for taxes, assessments, governmental charges and utility charges not yet due or that are being contested in good faith, by proper proceedings diligently pursued, and as to which adequate reserves have been provided;

(e) carriers', warehousemen's, mechanics', materialmen's, repairmen's or other like Liens arising in the ordinary course of business and securing obligations that are not due and payable or that are being contested in good faith by appropriate proceedings and with respect to which adequate reserves have been provided for in accordance with GAAP;

(f) Liens securing Indebtedness permitted by clause (i) of the definition of “Permitted Indebtedness”; provided that, the aggregate principal balance of the

Indebtedness at any one time outstanding secured by such Liens shall not exceed the greater of (x) \$800,000,000 and (y) the maximum amount of Liens securing such Indebtedness permitted to be issued or incurred by North American Group Members and Structured Financing Subsidiaries under any Excluded First Lien Indebtedness and Additional First Lien Indebtedness;

(g) Liens securing Swap Agreements permitted by clause (h) of the definition of "Permitted Indebtedness";

(h) Liens securing Indebtedness permitted by clause (j) of the definition of "Permitted Indebtedness";

(i) customary Liens in favor of trustees and escrow agents, and netting and set-off rights, banker's liens and the like in favor of counterparties to financial obligations and instruments;

(j) Liens securing Indebtedness incurred under Section 136 of EISA;

(k) pledges and deposits made in the ordinary course of business in compliance with workmen's compensation, unemployment or other insurance and other social security laws or regulations;

(l) deposits to secure the performance of bids, trade contracts (other than for Indebtedness), leases (other than Capital Lease Obligations), statutory obligations, surety, customs and appeal bonds, performance bonds and other obligations of a like nature, or to secure the payment of import or customs duties, in each case incurred in the ordinary course of business;

(m) zoning and environmental restrictions, easements, licenses, encroachments, covenants, servitudes, rights-of-way, restrictions on use of real property or groundwater, institutional controls and other similar encumbrances or deed restrictions incurred in the ordinary course of business that, in the aggregate, are not substantial in amount and do not materially detract from the value of the property subject thereto or interfere with the ordinary conduct of the business of the Borrower or any U.S. Subsidiary;

(n) purchase money security interests in real property, improvements thereto or equipment or personal property hereafter acquired (or, in the case of improvements, constructed) by the Borrower or a U.S. Subsidiary, including pursuant to Capital Lease Obligations; provided that (i) such security interests secure Indebtedness permitted by Section 6.9, (ii) such security interests are incurred, and the Indebtedness secured thereby is created, within 90 days after such acquisition (or construction), (iii) the Indebtedness secured thereby does not exceed the lesser of the cost or the fair market value of such real property, improvements or equipment at the time of such acquisition (or construction) and (iv) such security interests do not apply to any other property or assets of the Borrower or any U.S. Subsidiary;

- (o) judgment Liens securing judgments not constituting an Event of Default under Section 7.1(n);
- (p) any Lien consisting of rights reserved to or vested in any Governmental Authority by statutory provision;
- (q) Liens securing Indebtedness described in clauses (d), (e), (f), (n), (q) and (s) of the definition of “Permitted Indebtedness”;
- (r) pledges or deposits made to secure reimbursement obligations in respect of letters of credit issued to support any obligations or liabilities described in clauses (k) or (l) of this definition;
- (s) Liens securing the Supplier Receivables Facility;
- (t) [intentionally omitted];
- (u) statutory Liens incurred or pledges or deposits made in favor of a Governmental Authority to secure the performance of obligations of the Borrower and its Subsidiaries under Environmental Laws to which any assets of the Borrower or any such Subsidiary are subject;
- (v) other Liens created or assumed in the ordinary course of business of the Borrower and the U.S. Subsidiary; provided that the obligations secured by all such Liens shall not exceed the principal amount of \$50,000,000 in the aggregate at any one time outstanding;
- (w) Liens on securities accounts (other than Liens to secure Indebtedness);
- (x) Liens under industrial revenue, municipal or similar bonds, only to the extent the corresponding Indebtedness is Permitted Indebtedness;
- (y) servicing agreements, development agreements, site plan agreements and other agreements with Governmental Authorities pertaining to the use or development of any of the properties and assets of the Borrower or any Subsidiary consisting of real property, provided the same are complied with;
- (z) Liens arising from security interests granted by Persons who are not Affiliates of the Borrower in such Person’s co-ownership interest in Intellectual Property that such Person co-owns together with any Group Member; and
- (aa) during the Challenge Period, Liens securing Reserved Claims.

“Permitted Unsecured Indebtedness”: unsecured Indebtedness of the Group Members (other than Excluded Subsidiaries) other than unsecured Indebtedness described in clauses (a) through (r) inclusive of the definition of “Permitted Indebtedness”, provided that, (i) solely in the case of such unsecured Indebtedness incurred by the Borrower or any Domestic Subsidiary (other than Excluded Subsidiaries), in the event that such unsecured Indebtedness,

when aggregated with all other Permitted Unsecured Indebtedness of the Borrower and its Domestic Subsidiaries (other than Excluded Subsidiaries) then outstanding or to be issued or incurred simultaneously with such unsecured Indebtedness, exceeds \$1,000,000,000, then on the date such Indebtedness is incurred, the Consolidated Leverage Ratio shall be less than 3.00 to 1.00 after giving pro forma effect to the incurrence of such Indebtedness, (ii) with respect to any revolving credit facility, the amount of Indebtedness for the purpose of determining compliance with clause (i) of this definition shall equal the related commitment thereunder and (iii) a portion of the Net Cash Proceeds of such Indebtedness (other than revolving credit loans) are used to prepay the Loans in accordance with Section 2.5(a).

“**Person**”: any individual, corporation, company, voluntary association, partnership, joint venture, limited liability company, trust, unincorporated association or government (or any agency, instrumentality or political subdivision thereof) or other entity of whatever nature.

“**Plan**”: an employee benefit or other plan covered by Title IV of ERISA, other than a Multiemployer Plan, which is sponsored, established, contributed to or maintained by any Loan Party or any ERISA Affiliate, for which any of the Loan Parties or any of their respective ERISA Affiliates could have any liability, whether actual or contingent (whether pursuant to Section 4069 of ERISA or otherwise) or which any of the Loan Parties or any of their respective ERISA Affiliates previously maintained or contributed to during the six years prior to the Effective Date.

“**Pledged Entity**”: a Subsidiary of a Loan Party whose Capital Stock is subject to a security interest in favor of the Lender pursuant to the Collateral Documents.

“**Pledgors**”: the parties set forth on Schedule 1.1D and each other Person that makes a pledge in favor of the Lender under the Equity Pledge Agreement.

“**Prime Rate**”: the rate of interest per annum publicly announced from time to time by JPMorgan Chase Bank, N.A. (or if JPMorgan Chase Bank, N.A. is no longer announcing such a rate for any reason, another reference institution selected by the Lender) as its prime rate in effect at its principal office in New York City (the Prime Rate not being intended to be the lowest rate of interest charged by JPMorgan Chase Bank, N.A. or such other reference institution in connection with extensions of credit to borrowers).

“**Pro Forma Cost Savings**”: with respect to any period, the reduction in net costs and related adjustments that (i) were directly attributable to an acquisition or a Disposition that occurred during the four-quarter period or after the end of the four-quarter period and on or prior to the applicable calculation date and calculated on a basis that is consistent with Regulation S-X, (ii) were actually implemented by the business that was the subject of any such acquisition or Disposition within six months after the date of the acquisition or Disposition and prior to the applicable calculation date that are supportable and quantifiable by the underlying accounting records of such business or (iii) relate to the business that is the subject of any such acquisition or Disposition and that the Borrower reasonably determines are probable based upon specifically identifiable actions to be taken within six months of the date of the acquisition or Disposition and, in the case of each of (i), (ii) and (iii), are described, as provided below, in an officers’

certificate, as if all such reductions in costs had been effected as of the beginning of such period. Pro Forma Cost Savings described above shall be set forth in a certificate delivered to the Lender from the Borrower's chief financial officer, treasurer or assistant treasurer that outlines the specific actions taken or to be taken, the net cost savings achieved or to be achieved from each such action and that, in the case of clause (iii) above, such savings have been determined to be probable.

"Prohibited Jurisdiction": any country or jurisdiction, from time to time, that is the subject of a prohibition order (or any similar order or directive), sanctions or restrictions promulgated or administered by any Governmental Authority of the United States.

"Prohibited Person": any Person:

- (a) subject to the provisions of the Executive Order;
- (b) that is owned or controlled by, or acting for or on behalf of, any person or entity that is subject to the provisions of the Executive Order;
- (c) with whom the Lender is prohibited from dealing or otherwise engaging in any transaction by any terrorism or money laundering law, including the Executive Order;
- (d) who commits, threatens or conspires to commit or supports "terrorism" as defined in the Executive Order;
- (e) that is named as a "specially designated national and blocked person" on the most current list published by the OFAC at its official website, <http://www.treas.gov/offices/enforcement/ofac/sdn/t11sdn.pdf> or at any replacement website or other replacement official publication of such list; or
- (f) who is an Affiliate or affiliated with a Person listed above.

"Property": any right or interest in or to property of any kind whatsoever, whether real, personal or mixed and whether tangible or intangible.

"Records": all books, instruments, agreements, customer lists, credit files, computer files, storage media, tapes, disks, cards, software, data, computer programs, printouts and other computer materials and records generated by other media for the storage of information maintained by any Person with respect to the business and operations of the Loan Parties and the Collateral.

"Recovery Event": any settlement of or payment in respect of any property or casualty insurance claim (other than the proceeds of any self-insurance) or any condemnation proceeding relating to any asset of any Group Member other than an Excluded Subsidiary in each case, in excess of (i) \$25,000,000 if received by an applicable Group Member that is a Foreign Subsidiary, or (ii) \$15,000,000 if received by an applicable Group Member that is not a Foreign Subsidiary.

“Register”: as defined in Section 8.6(b).

“Registration Rights Agreement”: the Equity Registration Rights Agreement dated July 10, 2009 by and among the Borrower, the Lender, the Canadian Subscriber, the VEBA and GM Oldco.

“Regulation D”: Regulation D of the Board as in effect from time to time.

“Reinvestment Deferred Amount”: with respect to any Reinvestment Event, an amount equal to the specified portion of the Net Cash Proceeds received by any applicable Group Member in connection therewith that is intended to be reinvested as stated in the applicable Reinvestment Notice.

“Reinvestment Event”: any Asset Sale or Recovery Event in respect of which the Borrower has delivered a Reinvestment Notice.

“Reinvestment Notice”: a written notice executed by a Responsible Officer stating that no Default or Event of Default has occurred and is continuing and that the Borrower (directly or indirectly through a Subsidiary) intends and expects to use all or a specified portion of the Net Cash Proceeds of an Asset Sale or Recovery Event (or committed to be expended pursuant to a binding contract) to acquire or repair assets useful in its business.

“Reinvestment Prepayment Amount”: with respect to any Reinvestment Event, the Reinvestment Deferred Amount relating thereto less any amount expended (or committed to be expended pursuant to a binding contract) prior to the relevant Reinvestment Prepayment Date to acquire or repair assets useful in the Borrower’s business.

“Reinvestment Prepayment Date”: with respect to any Reinvestment Event, the earlier of (a) the date occurring one year after such Reinvestment Event and (b) the date on which the Borrower shall have made a final determination not to, or shall have otherwise ceased to, acquire or repair assets useful in the Borrower’s business with all or any portion of the relevant Reinvestment Deferred Amount.

“Related Transactions”: each of the transactions described in the Transaction Documents.

“Relevant Period”: the period beginning on the Effective Date and ending on the date that is the latest to occur of the date the Treasury ceases to own any (i) direct or indirect Capital Stock in the Borrower and (ii) Loans hereunder.

“Reportable Event”: any of the events set forth in section 4043(c) of ERISA or the regulations issued thereunder, other than those events as to which the thirty day notice period referred to in section 4043(c) of ERISA have been waived.

“Requirements of Law”: as to any Person, the Certificate of Incorporation and By-Laws or other organizational or governing documents of such Person, and any law, treaty, rule or regulation or determination of an arbitrator or a court of competent jurisdiction or other Governmental Authority, in each case applicable to and binding upon such Person and any of its property, and to which such Person and any of its property is subject.

“Reserve Disbursement”: as defined in Section 4.2(a)(iii).

“Reserve Funds”: a portion of the Loans deposited on or prior to the Effective Date into the Escrow Account in an amount equal to \$16,425,000,000, which shall be disbursed in accordance with Section 4.2.

“Reserve Notice”: with respect to any request for a Reserve Disbursement hereunder, a notice from the Borrower delivered to the Lender, substantially in the form of Exhibit H-1.

“Reserve Reporting Termination Date”: the date that is the earlier of (i) the date that the balance of the Escrow Account is zero and (ii) June 30, 2010.

“Reserved Claims”: as defined in the Final DIP Order.

“Responsible Officer”: as to any Person, the chief executive officer or, with respect to financial matters (including, without limitation those matters set forth in Section 5.2(h)), the chief financial officer, treasurer or assistant treasurer of such Person, an individual so designated from time to time by such Person’s board of directors or, for the purposes of Section 5.2 only (other than Section 5.2(h)), the secretary or an assistant secretary of the Borrower, or, in the event any such officer is unavailable at any time he or she is required to take any action hereunder, “Responsible Officer” shall mean any officer authorized to act on such officer’s behalf as demonstrated by a certificate or corporate resolution (or equivalent); provided that the Lender is notified in writing of the identity of such Responsible Officer. Unless otherwise qualified, all references to “Responsible Officer” in this Agreement shall refer to a Responsible Officer of the Borrower.

“Restricted Cash”: cash, in whatever currency of denomination, and Cash Equivalents of the Borrower or any of its Subsidiaries (i) that is subject to a Lien (other than (x) the Liens created pursuant to the Collateral Documents, (y) ordinary course set-off rights of depository banks for charges and fees related to amounts held therewith and (z) Liens for the benefit of any Loan Party arising under intercompany transactions), or (ii) the use of which is otherwise restricted pursuant to any Requirement of Law or Contractual Obligation. Notwithstanding the foregoing, none of the cash, in whatever currency of denomination, and Cash Equivalents of the Borrower or any of its Subsidiaries deposited with a trustee of the VEBA or any other short-term or long-term voluntary employee’s beneficiary association which the Borrower or relevant Subsidiary may access on an unrestricted basis for use in its business shall constitute Restricted Cash.

“Restricted Payments”: as defined in Section 6.5.

“S&P”: Standard & Poor’s Ratings Services, a division of The McGraw-Hill Companies and its successors.

“Sale/Leaseback Transaction”: any arrangement with any Person providing for the leasing by any Group Member (other than any Excluded Subsidiary, except Financing Subsidiaries) of real or personal property that has been or is to be sold or transferred by the applicable Group Member to such Person, including any other Person to whom funds have been or are to be advanced by such Person on the security of such property or rental obligations of the applicable Group Member.

“SEC”: the Securities and Exchange Commission, any successor thereto and any analogous Governmental Authority.

“Section 363 Sale”: as defined in Section 4.1(b).

“Section 363 Sale Order”: as defined in Section 4.1(b).

“Securities Act”: the United States Securities Act of 1933, as amended.

“Securitization Subsidiary”: any Subsidiary formed for the purpose of, and that engages in, one or more receivables or securitization financing facilities and other activities reasonably related thereto.

“Sellers”: as defined in the recitals hereto.

“Senior Employee”: any of the 25 most highly compensated employees (including the CEOs) of the Borrower and its Subsidiaries, as determined pursuant to the rules set forth in 31 C.F.R. Part 30.

“SEO”: a Senior Executive Officer as defined in the EESA and any interpretation of such term by the Treasury thereunder, including the rules set forth in 31 C.F.R. Part 30.

“Special Inspector General of the Troubled Asset Relief Program”: The Special Inspector General of the Troubled Asset Relief Program, as contemplated by Section 121 of the EESA.

“Specified Benefit Plan”: any employee benefit plan within the meaning of section 3(3) of ERISA and any other plan, arrangement or agreement which provides for compensation, benefits, fringe benefits or other remuneration to any employee, former employee, individual independent contractor or director, including any bonus, incentive, supplemental retirement plan, golden parachute, employment, individual consulting, change of control, bonus or retention agreement, whether provided directly or indirectly by any Group Member or otherwise.

“Stockholders Agreement”: the Stockholders Agreement dated as of July 10, 2009 among the Borrower, the Lender, the Canadian Subscriber and the VEBA.

“Structured Financing”: Indebtedness (including any Sale/Leaseback Transaction) issued or incurred by any Structured Financing Subsidiary.

“Structured Financing Subsidiary”: any Financing Subsidiary or Securitization Subsidiary.

“Subsidiary”: with respect to any Person, any corporation, partnership, limited liability company or other entity of which at least a majority of the securities or other ownership interests having by the terms thereof ordinary voting power to elect a majority of the board of directors or other persons performing similar functions of such corporation, partnership or other entity (irrespective of whether or not at the time securities or other ownership interests of any other class or classes of such corporation, partnership or other entity shall have or shall have the right to have voting power by reason of the happening of any contingency) is at the time directly or indirectly owned or controlled by such Person or one or more Subsidiaries of such Person or by such Person and one or more Subsidiaries of such Person. Unless otherwise qualified, all references to a “Subsidiary” or “Subsidiaries” in this Agreement shall refer to a Subsidiary or Subsidiaries of the Borrower.

“Supplier Receivables Facility”: that certain Credit Agreement, dated as of April 3, 2009, between Supplier SPV and the Treasury.

“Supplier SPV”: GM Supplier Receivables LLC, a Delaware limited liability company.

“Swap Agreement”: any agreement with respect to any swap, forward, future or derivative transaction or option or similar agreement involving, or settled by reference to, one or more rates, currencies, commodities, equity or debt instruments or securities, or economic, financial or pricing indices or measures of economic, financial or pricing risk or value or any similar transaction or any combination of these transactions; provided that no phantom stock or similar plan providing for payments only on account of services provided by current or former directors, officers, employees or consultants of the Borrower or any of its Subsidiaries shall be a “Swap Agreement.”

“TARP Covenants”: the collective reference to the affirmative covenants in Sections 5.2(l), 5.2(m), 5.16, 5.17, 5.18, 5.19, 5.20, 5.21, 5.25 and 5.27.

“taxes”: except as the context otherwise requires, all taxes of any kind or nature whatsoever together with penalties, fines, additions to tax and interest thereon.

“Trademark Licenses”: all licenses, contracts or other agreements, whether written or oral, naming any Loan Party as licensor or licensee and providing for the grant of any right concerning any Trademark, together with any goodwill connected with and symbolized by any such trademark licenses, contracts or agreements and the right to prepare for sale or lease and sell or lease any and all inventory now or hereafter owned by any Loan Party and now or hereafter covered by such licenses (including, without limitation, all Trademark Licenses described in Schedule 3.25 hereto).

“Trademarks”: all domestic and foreign trademarks, service marks, collective marks, certification marks, trade dress, trade names, corporate names, business names, d/b/a's, Internet domain names, designs, logos and other source or business identifiers and all general intangibles of like nature, now or hereafter owned, adopted, or acquired by any Loan Party

(including, without limitation, all domestic and foreign trademarks, service marks, collective marks, certification marks, trade dress, trade names, business names, d/b/as, Internet domain names, designs, logos and other source or business identifiers described in Schedule 3.25 hereto), all applications, registrations and recordings thereof (including, without limitation, applications, registrations and recordings in the United States Patent and Trademark Office or in any similar office or agency of the United States, any state thereof or any other country or any political subdivision thereof), and all reissues, extensions or renewals thereof, together with all goodwill of the business symbolized by such marks.

“Trading With the Enemy Act”: as defined in Section 3.19.

“Transaction Documents”: Each of, and collectively, (i) the Master Transaction Agreement, (ii) the Section 363 Sale Order, (iii) the Borrower’s Organizational Documents, (iv) the UAW Retiree Settlement Agreement, (v) the Transition Services Agreement and (vi) the related manufacturing agreements, asset purchase agreements, organizational documents, finance support agreements and all other related documentation, each as amended, supplemented or modified from time to time in accordance with Section 6.6.

“Transferee”: any Assignee or Participant.

“Transition Services Agreement”: as defined in the Master Transaction Agreement.

“Treasury”: as defined in the preamble hereto.

“Treasury’s Percentage”: on any date of determination, (i) in the event that the Treasury is the sole Lender party to this Agreement, 100%, and (ii) in the event that there is more than one Lender party to this Agreement, a percentage equal to (x) the aggregate outstanding principal balance of the Loans held by the Treasury on such date divided by (y) the aggregate outstanding principal balance of the Loans of all Lenders on such date.

“U.S. Subsidiary”: any Subsidiary of any Loan Party that is organized or existing under the laws of the United States or any state thereof or the District of Columbia.

“UAW”: the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America.

“UAW Retiree Settlement Agreement”: as defined in the Master Transaction Agreement.

“Uniform Commercial Code”: the Uniform Commercial Code as in effect from time to time in any applicable jurisdiction.

“United States”: the United States of America.

“United States Subscription Agreement”: as defined in the Canadian Facility.

“USA PATRIOT Act”: as defined in Section 3.18(d).

“UST Facility Percentage”: on any date of determination, a percentage equal to (x) the aggregate outstanding principal balance of the Loans on such date divided by (y) an amount equal to the sum of (i) the aggregate outstanding principal balance of the Loans on such date and (ii) the aggregate Outstanding Principal of the VEBA Note Facility on such date.

“UST Rejection Notice”: a notice from UST to the Borrower rejecting a mandatory prepayment under this Agreement following the initial offer to repay the loans thereunder in accordance with Section 2.5(i) hereof.

“VEBA”: the trust fund established pursuant to the UAW Retiree Settlement Agreement.

“VEBA Note Facility”: the Secured Note Agreement by and between the VEBA and the Borrower due July 15, 2017 in an original principal amount of \$2,500,000,000 in form and substance substantially similar to this Agreement and otherwise satisfactory to the Lender, as the same may be amended, restated, supplemented or modified from time to time hereafter in accordance with the terms and conditions of this Agreement, the other Loan Documents, and the Intercreditor Agreement.

“VEBA Rejection Notice”: a notice from the VEBA to the Borrower rejecting a mandatory prepayment under the VEBA Note Facility following the initial offer to prepay the notes thereunder in accordance with Section 2.5(g) of the VEBA Note Facility.

“Vitality Commitment”: the covenant set forth in Section 5.27.

“Vitality Commitment Period”: the period described in Section 5.27(b).

“Warranty Administration Agreement”: as defined in Section 4.1(v).

“Warranty Amendment”: as defined in Section 4.1(v).

“Wholly Owned Subsidiary”: as to any Person, any other Person all of the Capital Stock of which (other than directors’ qualifying shares required by law) is owned by such Person directly and/or through other Wholly Owned Subsidiaries.

“Wind-Down Credit Agreement”: the \$1,175,000,000 Amended and Restated Secured Superpriority Debtor-in-Possession Credit Agreement, dated as of the date hereof, among GM Oldco, the guarantors parties thereto, the Treasury, the Canadian Lender and the other lenders parties thereto from time to time.

“Wind-Down Loan”: the “Loan” as defined in the Wind-Down Credit Agreement.

“Withdrawal Liability”: liability to a Multiemployer Plan as a result of a complete or partial withdrawal from such Multiemployer Plan, as such terms are defined in Part I of Subtitle E of Title IV of ERISA.

1.2. Other Definitional Provisions. (a) Unless otherwise specified therein, all terms defined in this Agreement shall have the defined meanings when used in the other Loan Documents or any certificate or other document made or delivered pursuant hereto or thereto.

(b) As used herein and in the other Loan Documents, and any certificate or other document made or delivered pursuant hereto or thereto, (i) accounting terms relating to Group Members not defined in Section 1.1 and accounting terms partly defined in Section 1.1, to the extent not defined, shall have the respective meanings given to them under GAAP, (ii) the words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation,” (iii) the word “incur” shall be construed to mean incur, create, issue, assume, become liable in respect of or suffer to exist (and the words “incurred” and “incurrence” shall have correlative meanings), (iv) the words “asset” and “property” shall be construed to have the same meaning and effect and to refer to any and all tangible and intangible assets and properties, including cash, Capital Stock, securities, revenues, accounts, leasehold interests and contract rights, (v) references to agreements or other Contractual Obligations shall, unless otherwise specified, be deemed to refer to such agreements or Contractual Obligations as amended, supplemented, restated or otherwise modified from time to time, (vi) references to any Person shall include its successors and assigns and (vii) references to any statute, rule or regulation shall be to such statute as amended or modified from time to time and to any successor legislation, rule or regulation thereto, in each case as in effect at the time any such reference is operative.

(c) The words “hereof,” “herein” and “hereunder” and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole (including the Schedules and Exhibits hereto) and not to any particular provision of this Agreement (or the Schedules and Exhibits hereto), and Section, Schedule and Exhibit references are to this Agreement unless otherwise specified.

(d) The meanings given to terms defined herein shall be equally applicable to both the singular and plural forms of such terms.

(e) It is understood and agreed that any reference to the terms “Subsidiary” and “Affiliate” shall not be deemed or interpreted to include GMAC; provided that, the ownership thereof by the Borrower does not increase beyond the amount owned immediately following the consummation of the transactions contemplated by the GMAC Reorganization.

1.3. Conversion of Foreign Currencies. (a) For purposes of this Agreement and the other Loan Documents, with respect to any monetary amounts in a currency other than Dollars, the Dollar Equivalent thereof shall be determined based on the Exchange Rate in effect at the time of such determination (unless otherwise explicitly provided herein).

(b) The Lender may set up appropriate rounding off mechanisms or otherwise round-off amounts hereunder to the nearest higher or lower amount in whole Dollar or cent to ensure amounts owing by any party hereunder or that otherwise need to be calculated or converted hereunder are expressed in whole Dollars or in whole cents, as may be necessary or appropriate.

SECTION 2

AMOUNT AND TERMS OF LOANS

2.1. Loans. On the Effective Date, pursuant to the Newco Loan Assumption Agreement, the Borrower has assumed the obligations under the DIP Credit Agreement with respect to a portion of the Tranche B Term Loans (as defined in the DIP Credit Agreement) in Dollars made by the Lender to GM Oldco and in the aggregate amount of \$7,072,488,605 (the "Loans"). The Loans may from time to time be Eurodollar Loans or, solely in the circumstances specified in Section 2.8, ABR Loans. Loans repaid or prepaid may not be reborrowed.

2.2. [Intentionally Omitted].

2.3. Repayment of Loans; Evidence of Debt. (a) The Loans shall be repayable on the Maturity Date.

(b) Pursuant to Section 4.1(a), the Borrower shall execute and deliver the Initial Note on the Effective Date. Following any assignment or transfer of the Loans pursuant to Section 8.6, the Borrower agrees that, upon the request of the Lender, the Borrower shall promptly execute and deliver to the Lender Notes reflecting the Loans assigned or transferred and the Loans retained by the Lender, if any.

2.4. Optional Prepayments. The Borrower may at any time and from time to time prepay the Loans, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Lender no later than 12:00 noon (New York City time) three Business Days prior to the date such prepayment is requested to be made, which notice shall specify the date of such prepayment and the amount of such prepayment; provided that if the Loans are prepaid on any day other than the last day of the Interest Period applicable thereto, the Borrower shall also pay any amounts owing pursuant to Section 2.10. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with accrued interest to such date on the amount prepaid and shall be applied as provided in Section 2.5(d). Partial prepayments of Loans shall be in an aggregate principal amount of \$100,000,000 or a whole multiple thereof or, if less, the entire principal amount thereof then outstanding.

2.5. Mandatory Prepayments. (a) If any Additional First Lien Indebtedness or Permitted Unsecured Indebtedness is incurred by any Group Member (other than an Excluded Subsidiary), then promptly upon such incurrence (and in any case not more than twenty Business Days thereafter), the Loans shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such incurrence, as set forth in Section 2.5(d). If any amount in respect of Attributable Obligations under a Sale/Leaseback Transaction is required to be applied as a prepayment of the Loans pursuant to clause (n) of the definition of "Permitted Indebtedness," then promptly upon the occurrence of such Sale/Leaseback Transaction (and in any case not more than twenty Business Days thereafter), the Loans shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such Sale/Leaseback Transaction, as set forth in Section 2.5(d). With respect to any such Indebtedness incurred by an applicable Non-U.S. Subsidiary, the aggregate amount of the Applicable Net Cash Proceeds thereof required to be applied pursuant to Section 2.5(d) to the prepayment of the Loans shall be subject to reduction to

the extent that expatriation of such Applicable Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any applicable Group Member, or (iii) would result in the insolvency of the applicable Non-U.S. Subsidiary. The provisions of this Section do not constitute a consent to the incurrence of any Indebtedness by any Group Member to which consent is otherwise required under this Agreement or the other Loan Documents. Notwithstanding the foregoing, no prepayment shall be required under this Section 2.5(a) if (A) the aggregate principal amount of Indebtedness and any Attributable Obligations incurred by the applicable Group Member on the date of incurrence does not exceed \$5,000,000, or (B) the Indebtedness was incurred or issued by a Foreign Subsidiary, General Motors China, Inc. or GM APO Holdings LLC solely for the purpose of funding operations outside the United States and Canada.

(b) If on any date any Group Member other than an Excluded Subsidiary shall receive Net Cash Proceeds from any Asset Sale, Recovery Event or Extraordinary Receipt, then unless a Reinvestment Notice shall be delivered in respect of any Asset Sale or Recovery Event, promptly upon receipt by such Group Member of such Net Cash Proceeds (and in any case not more than twenty Business Days thereafter), the Loans shall be prepaid by an amount equal to the amount of such Net Cash Proceeds, as set forth in Section 2.5(d); provided that, on each Reinvestment Prepayment Date, the Loans shall be prepaid by an amount equal to the Reinvestment Prepayment Amount with respect to the relevant Reinvestment Event, as set forth in Section 2.5(d). With respect to any Net Cash Proceeds realized or received by an applicable Non-U.S. Subsidiary in connection with any Asset Sale, Recovery Event or Extraordinary Receipt, the aggregate amount of such Net Cash Proceeds required to be applied pursuant to this Section 2.5(b) to the prepayment of the Loans shall be subject to reduction to the extent that expatriation of such Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any applicable Group Member, or (iii) would result in the insolvency of the applicable Non-U.S. Subsidiary. The provisions of this Section 2.5(b) do not constitute a consent to the consummation of any Disposition not permitted by Section 6.12.

(c) [Intentionally omitted].

(d) Amounts to be applied in connection with prepayments made pursuant to Section 2.4 and this Section 2.5 shall be applied, (i) first, to pay accrued and unpaid interest in respect of the Loans and all other Obligations then due and payable other than principal under the Loans, and (ii) second, to repay the Loans. Any such prepayment shall be accompanied by a notice to the Lender specifying the amount of such prepayment.

(e) On the date the GM Warranty Commitment Program shall have been terminated in accordance with the Warranty Administration Agreement, amounts received by the Lender pursuant to the Warranty Administration Agreement as a distribution upon the Termination Date (as defined in the Warranty Administration Agreement) shall be applied by Lender as a prepayment of the Loans as set forth in Section 2.5(d).

(f) Notwithstanding anything to the contrary in the Loan Documents, if, on June 30, 2010 any funds remain on deposit in the Escrow Account, the Borrower shall, or shall cause the Escrow Bank to, apply an amount equal to 83.898% of such funds to the prepayment of the Loans as set forth in Section 2.5(d), provided that, the Borrower may request that the date on which all or a portion of such funds shall be applied to such prepayment be extended to a date not later than June 30, 2011, which may be consented to by the Lender in its sole discretion.

(g) Notwithstanding anything to the contrary in Section 2.5(d), with respect to the amount of any mandatory prepayment required to be made pursuant to Section 2.5(a) or 2.5(b) (the "Mandatory Prepayment Amount"), at any time when the Treasury is a Lender hereunder, the Borrower may, in lieu of applying the Treasury's Percentage of such amount to the prepayment of the Treasury's Loans as provided in Section 2.5(d), on the date specified in Section 2.5(a) or 2.5(b), as applicable (the "Offer Date"), for such prepayment, deliver a written offer to the Treasury to permit the Treasury to decline all or a portion of such mandatory prepayment; provided that, the Borrower shall pay to each Lender other than the Treasury such Lender's pro rata share of such mandatory prepayment as otherwise required by Section 2.5(a) or 2.5(b), as applicable. If, no later than 5 Business Days following the Offer Date (the "Mandatory Prepayment Date"), (i) the Treasury and the Borrower have mutually agreed, the Treasury may deliver a written notice to reject (a "UST Rejection Notice") all or a portion of the applicable Mandatory Prepayment Amount (such rejected amount, the "Rejected Prepayment Amount"), and the Borrower shall offer to apply the Rejected Prepayment Amount to the Canadian Facility and the VEBA Note Facility in accordance with Section 2.5(h), and (ii) otherwise, the Treasury's Loan shall be repaid on the Mandatory Prepayment Date, together with all accrued and unpaid interest thereon. For avoidance of doubt, the Treasury is the sole Lender that may reject a mandatory prepayment pursuant to this Section 2.5(g) and such right shall not be available to any other Lender.

(h) In the event that there is any Rejected Prepayment Amount relating to a mandatory prepayment required to be made pursuant to Section 2.5(a) and the Canadian Lender is a lender under the Canadian Facility or the VEBA is a noteholder under the VEBA Note Facility, the Borrower shall offer to apply the Rejected Prepayment Amount to the loans under the Canadian Facility and the notes under the VEBA Note Facility on the date that is five Business Days after the date the Treasury has delivered a UST Rejection Notice, as follows:

(i) if the VEBA is no longer a noteholder under the VEBA Note Facility, the entire Rejected Prepayment Amount shall be offered to the Canadian Lender as a prepayment of the Canadian Facility in accordance with the terms of Section 2.07(d) of the Canadian Facility;

(ii) if the Canadian Lender is no longer a lender under the Canadian Facility, the entire Rejected Prepayment Amount shall be offered to the VEBA as a prepayment of the VEBA Note Facility in accordance with Section 2.5(j) of the VEBA Note Facility; or

(iii) otherwise, the Rejected Prepayment Amount shall be offered to both the Canadian Lender and the VEBA on a pro rata basis based on the aggregate outstanding principal balance of the Canadian Lender's loans outstanding under the

Canadian Facility on the date of such offer and the portion of the Outstanding Principal (as defined in the VEBA Note Facility) attributable to the Notes (as defined in the VEBA Note Facility) held by the VEBA on the date of such offer.

Any amounts rejected by the Canadian Lender or the VEBA, as applicable, following any offer pursuant to this Section 2.5(h) may be retained by the Borrower. In the event that the Canadian Lender is no longer a lender under the Canadian Facility and the VEBA is no longer a noteholder under the VEBA Note Facility, the Borrower may retain any Rejected Prepayment Amount; provided that, the Borrower may not use any portion of any Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4.

(i) In the event that there is any Rejected Prepayment Amount relating to a mandatory prepayment required to be made pursuant to Section 2.5(b) and the VEBA is a noteholder under the VEBA Note Facility, the Borrower shall offer to apply the Rejected Prepayment Amount to the VEBA Note Facility on the date that is five Business Days after the date the Treasury has delivered a UST Rejection Notice, in accordance with Section 2.5(j) of the VEBA Note Facility. Any amounts rejected by the VEBA following any offer pursuant to Section 2.5(j) of the VEBA Note Facility may be retained by the Borrower. In the event that the VEBA is no longer a noteholder under the VEBA Note Facility, the Borrower may retain any Rejected Prepayment Amount relating to a mandatory prepayment required to be made pursuant to Section 2.5(b); provided that, the Borrower may not use any portion of any Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4.

(j) If on any date, the Borrower or GM Canada shall have received a Canadian Lender Rejection Notice or a VEBA Rejection Notice, the Borrower shall at any time when the Treasury is a Lender hereunder, deliver a written offer to the Treasury to prepay on the date that is five Business Days after the date of the Canadian Lender Rejection Notice or the VEBA Rejection Notice, as applicable, the Loans held by the Treasury by an amount equal to the Applicable Rejected Prepayment Amount. The Treasury may, in its sole discretion, elect to reject all or a portion of such Applicable Rejected Prepayment Amount. Any amounts rejected by the Treasury following any offer pursuant to this Section 2.5(j) may be retained by the Borrower; provided that, the Borrower may not use any portion of any Applicable Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4. For the avoidance of doubt, the Treasury is the sole Lender that shall be offered, and shall have the right to reject, any Applicable Rejected Prepayment Amount.

(k) Notwithstanding anything to the contrary set forth herein, the Borrower shall not be required to make an offer to any of the Treasury, the Canadian Lender or the VEBA pursuant to Section 2.5(g), (h), (i) or (j) in excess of the outstanding principal balance of the Treasury's Loans, the outstanding principal balance of the Canadian Lender's loans under the Canadian Facility, or the Outstanding Principal of the VEBA under the VEBA Note Facility, as applicable.

2.6. Interest Rates and Payment Dates/Fee Payment Dates/Fees. (a) Each Eurodollar Loan shall bear interest for each day during each Interest Period with respect thereto at a rate per annum equal to the Eurodollar Rate determined for such Interest Period plus the Applicable Margin.

(b) Each ABR Loan shall bear interest at a rate per annum equal to the ABR plus the Applicable Margin.

(c) When any Event of Default has occurred and is continuing and the Lender has determined in its sole discretion not to permit such continuations, no Eurodollar Loan may be continued as such.

(d) If at any time any Event of Default shall have occurred and be continuing, (i) all outstanding Loans shall bear interest at a rate per annum equal to the rate that would otherwise be applicable thereto pursuant to the foregoing provisions of this Section 2.6 plus 2% per annum, which, in the sole discretion of the Lender, may be the rate of interest then applicable to ABR Loans, and (ii) all other outstanding Obligations shall bear interest at 2% above the rate per annum equal to the rate of interest then applicable to ABR Loans.

(e) [Intentionally omitted].

(f) Interest shall be payable in arrears on each Interest Payment Date, provided that interest accruing pursuant to paragraph (d) of this Section 2.6 shall be payable from time to time on demand.

2.7. Computation of Interest and Fees. (a) Interest and fees payable pursuant hereto shall be calculated on the basis of a 360-day year for the actual days elapsed, except that with respect to ABR Loans the rate of interest on which is calculated on the basis of the Prime Rate, the interest thereon shall be calculated on the basis of a 365- (or 366-) day year for the actual days elapsed. The Lender shall, as soon as practicable, and promptly, notify the Borrower of each determination of a Eurodollar Rate. Any change in the interest rate on the Loans resulting from a change in the ABR or the Eurocurrency Reserve Requirements shall become effective as of the opening of business on the day on which such change becomes effective. The Lender shall, as soon as practicable, and promptly, notify the Borrower of the effective date and the amount of each such change in interest rate.

(b) Each determination of an interest rate by the Lender pursuant to any provision of this Agreement shall be conclusive and binding on the Borrower in the absence of manifest error. The Lender shall, at the request of the Borrower, deliver to the Borrower a statement showing the quotations used by the Lender in determining any interest rate pursuant to Section 2.7(a).

2.8. Inability to Determine Interest Rate; Illegality. (a) If prior to the first day of any Interest Period:

(i) the Lender shall have determined (which determination shall be conclusive and binding upon the Borrower) that, by reason of circumstances affecting the relevant market, adequate and reasonable means do not exist for ascertaining the Eurodollar Rate for such Interest Period, or

(ii) the Lender shall have determined that the Eurodollar Rate determined or to be determined for such Interest Period will not adequately and fairly reflect the cost to the Lender (as conclusively certified by the Lender) of making or maintaining its Loans during such Interest Period;

the Lender shall give telecopy or telephonic notice thereof to the Borrower as soon as practicable thereafter. If such notice is given pursuant to clause (i) or (ii) of this Section 2.8(a) in respect of Eurodollar Loans, then any outstanding Eurodollar Loans shall be converted, on the last day of the then-current Interest Period, to ABR Loans. Until such relevant notice has been withdrawn by the Lender, the Borrower shall not have the right to convert ABR Loans to Eurodollar Loans.

(b) If the adoption of or any change in any Requirement of Law or in the interpretation or application thereof shall make it unlawful for the Lender to maintain Eurodollar Loans as contemplated by this Agreement, the Lender shall give notice thereof to the Borrower describing the relevant provisions of such Requirement of Law, following which the Lender's outstanding Eurodollar Loans shall be converted automatically on the last day of the then current Interest Periods with respect to such Loans (or within such earlier period as shall be required by law) to ABR Loans. If any such conversion or prepayment of a Eurodollar Loan occurs on a day which is not the last day of the then current Interest Period with respect thereto, the Borrower shall pay to the Lender such amounts, if any, as may be required pursuant to Section 2.10.

2.9. Treatment of Payments. (a) [Intentionally omitted].

(b) Amounts paid on account of the Loans may not be reborrowed.

(c) [Intentionally omitted].

(d) All payments (including prepayments) to be made by the Borrower hereunder, whether on account of principal, interest, fees or otherwise, shall be made without setoff or counterclaim and shall be made prior to 3:00 p.m. (New York City time) on the due date thereof to the Lender at its Funding Office, in Dollars and in immediately available funds. If any payment hereunder (other than payments on the Eurodollar Loans) becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. If any payment on a Eurodollar Loan becomes due and payable on a day other than a Business Day, the maturity thereof shall be extended to the next succeeding Business Day unless the result of such extension would be to extend such payment into another calendar month, in which event such payment shall be made on the immediately preceding Business Day. In the case of any extension of any payment of principal pursuant to the preceding two sentences, interest thereon shall be payable at the then applicable rate during such extension.

2.10. Indemnity. The Borrower agrees to indemnify the Lender for, and to hold the Lender harmless from, any loss or expense that the Lender may sustain or incur as a consequence of (a) default by the Borrower in making any prepayment after the Borrower has given a notice thereof in accordance with the provisions of this Agreement or (b) the making of a prepayment of Eurodollar Loans on a day that is not the last day of an Interest Period with respect thereto. Such indemnification may include an amount equal to the excess, if any, of (i) the amount of interest that would have accrued on the amount so prepaid for the period from the date of such prepayment to the last day of such Interest Period in each case at the applicable rate of interest for such Loans provided for herein (excluding, however, the Applicable Margin

included therein, if any) over (ii) the amount of interest (as reasonably determined by the Lender) that would have accrued to the Lender on such amount by placing such amount on deposit for a comparable period with leading banks in the interbank Eurodollar market. A certificate as to any amounts payable pursuant to this Section 2.10 submitted to the Borrower by the Lender shall be conclusive in the absence of manifest error and shall be payable within 30 days of receipt of any such notice. The agreements in this Section 2.10 shall survive the termination of this Agreement and the payment of the Loans and all other amounts payable hereunder.

2.11. [Intentionally Omitted].

2.12. Taxes. (a) Except as required by Applicable Law, all payments made by the Borrower under this Agreement or any other Loan Document shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net or overall gross income taxes or net or overall gross profit taxes, franchise taxes (imposed in lieu of net or overall gross income taxes), capital taxes and branch profit taxes imposed on the Lender as a result of a present or former connection between the Lender and the jurisdiction of the Governmental Authority imposing such tax or any political subdivision or taxing authority thereof or therein (other than any such connection arising solely from the Lender's having executed, delivered or performed its obligations or received a payment under, or enforced, this Agreement or any other Loan Document). If any such non-excluded taxes (such taxes, excluding Excluded Taxes, "Non-Excluded Taxes") are required to be withheld from any amounts payable by the Borrower to the Lender hereunder, the amounts so payable to the Lender shall be increased so that after making or allowing for all such required withholdings (including withholdings applicable to additional amounts payable under this Section 2.12) the Lender receives an amount equal to the sum it would have received had no such withholdings been required; provided, however, that the Borrower shall not be required to increase any such amounts payable to the Lender with respect to any Non-Excluded Taxes that are (i) attributable to the Lender's failure to comply with the requirements of paragraph (d) of this Section 2.12, (ii) taxes imposed by way of withholding on net or gross income, but not excluding such taxes arising as a result of a change in Applicable Law occurring after (A) the date that the Lender became a party to this Agreement (unless after that date the Lender has designated a new lending office, in which case sub-clause (C) below shall apply), or (B) with respect to an assignment, acquisition or grant of a participation, the effective date of such assignment, acquisition or participation, except to the extent that the Lender's predecessor was entitled to such amounts, or (C) with respect to the designation of a new lending office, the effective date of such designation, except to the extent the Lender was entitled to receive such amounts with respect to its previous lending office, and (iii) taxes resulting from the Lender's gross negligence or willful misconduct (collectively, and together with the taxes excluded by the first sentence of this Section 2.12, "Excluded Taxes").

(b) In addition, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with Applicable Law.

(c) Whenever any Non-Excluded Taxes or Other Taxes are payable by the Borrower, as promptly as possible thereafter, the Borrower shall send to the Lender, a certified

copy of an original official receipt received by the Borrower showing payment thereof (or if an official receipt is not available, such other evidence of payment as shall be reasonably satisfactory to such Lender). If the Borrower fails to pay any Non-Excluded Taxes or Other Taxes required to be paid by the Borrower under this Section 2.12 when due to the appropriate taxing authority or fails to remit to the Lender the required receipts or other required documentary evidence, the Borrower shall indemnify the Lender and hold the Lender harmless against any such Non-Excluded Taxes or Other Taxes and for any incremental taxes, interest or penalties that may become payable by the Lender as a result of any such failure to remit or pay. The agreements in this Section 2.12 shall survive the termination of this Agreement and the payment of the Loan and all other amounts payable hereunder.

(d) Each Lender (or any Transferee) (other than the United States government (including the Treasury)) that either (A) is not incorporated under the laws of the United States, any state thereof, or the District of Columbia or (B) whose name does not include "Incorporated," "Inc.," "Corporation," "Corp.," "P.C.," "insurance company," or "assurance company" (a "Non-U.S. Lender") shall deliver to the Borrower, so long as such Lender is legally entitled to do so, two originals of either U.S. Internal Revenue Service Form W-9, Form W-8BEN, Form W-8EXP, Form W-8ECI, or in the case of a Non-U.S. Lender claiming exemption from U.S. federal withholding tax under Section 871(h) or 881(c) of the Code with respect to payment of "portfolio interest", a Form W-8BEN (along with a statement as to certain requirements in order to claim an exemption for "portfolio interest" reasonably acceptable to the Borrower), or Form W-8IMY (with applicable attachments), or any subsequent versions thereof or successors thereto, properly completed and duly executed by such Non-U.S. Lender claiming a complete exemption from (or reduced rate of) United States federal withholding tax on all payments by the Borrower under this Agreement or any other Loan Document. In addition, each Lender shall provide any other U.S. tax forms (with applicable attachments) as will reduce or eliminate United States federal withholding tax on payments by the Borrower under this Agreement or any other Loan Document. Each Lender (other than the United States government (including the Treasury)) shall provide the appropriate documentation under this clause (d) at the following times: (1) prior to the first payment date after becoming a party to this Agreement, (2) upon a change in circumstances or upon a change in law, in each case, requiring or making appropriate a new or additional form, certificate or documentation, (3) upon or before the expiration, obsolescence or invalidity of any documentation previously provided to the Borrower and (4) upon reasonable request by the Borrower. If the Lender is entitled to an exemption from or reduction of withholding tax under the law of the jurisdiction in which the Borrower is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Agreement, then the Lender shall deliver to the Borrower, at the time or times prescribed by Applicable Law or reasonably requested by the Borrower, such properly completed and executed documentation as will permit such payments to be made without withholding or at a reduced rate, provided that the Lender is legally entitled to complete, execute and deliver such documentation and in the Lender's reasonable judgment such completion, execution or submission would not materially prejudice the legal position of the Lender.

(e) If the Lender determines that it has received a refund, credit, or other reduction of taxes in respect of any Non-Excluded Taxes or Other Taxes paid by the Borrower, as to which it has been indemnified by the Borrower, or with respect to which the Borrower has paid additional amounts pursuant to this Section 2.12, the Lender shall within 60 days from the

date of actual receipt of such refund or the filing of the tax return in which such credit or other reduction results in a lower tax payment, pay over such refund or the amount of such tax reduction to the Borrower (but only to the extent of such Non-Excluded Taxes or Other Taxes paid by the Borrower, indemnity payments made by the Borrower with respect to such Non-Excluded Taxes or Other Taxes, or additional amounts paid by the Borrower with respect to such Non-Excluded Taxes or Other Taxes, as applicable), net of all out of pocket expenses of the Lender, and without interest (other than interest paid by the relevant Governmental Authority with respect to such refund). Notwithstanding anything to the contrary in this Agreement, upon the request of the Lender, the Borrower agrees to repay any amount paid over to the Borrower pursuant to the immediately preceding sentence (plus penalties, interest, or other charges) if the Lender is required to repay such amount to the taxing Governmental Authority. This paragraph shall not be construed to (i) interfere with the rights of any Lender to arrange its tax affairs in whatever manner it sees fit, (ii) obligate any Lender to claim any tax refund, (iii) require any Lender to make available its tax returns (or any other information relating to its taxes or any computation with respect thereof which it deems in its sole discretion to be confidential) to the Borrower or any other Person, or (iv) require any Lender to do anything that would in its sole discretion prejudice its ability to benefit from any other refunds, credits, reliefs, remissions or repayments to which it may be entitled.

(f) Each Lender that is an Assignee shall be bound by this Section 2.12.

(g) The agreements contained in this Section 2.12 shall survive the termination of this Agreement or any other Loan Document and the payments contemplated hereunder or thereunder.

2.13. Requirements of Law. (a) If any Requirement of Law or any change in the interpretation or application thereof or compliance by the Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority made subsequent to the date hereof:

(i) shall subject the Lender to any tax of any kind whatsoever with respect to this Agreement or the Loan or change the basis of taxation of payments to the Lender in respect thereof (provided that, this clause (i) shall not apply to any withholding taxes or taxes covered by Section 2.12);

(ii) shall impose, modify or hold applicable any reserve, special deposit, compulsory advance or similar requirement or otherwise impose any cost on the Lender in connection with funding or maintaining the Loan or other extensions of credit, which is not otherwise included in the determination of the Eurodollar Rate hereunder;

(iii) shall impose on the Lender any other condition;

(iv) and the result of any of the foregoing is to increase the cost to the Lender, by an amount which the Lender deems to be material, of making, continuing or maintaining the Loan or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrower shall promptly pay the Lender such additional amount or amounts as will compensate the Lender for such increased cost or reduced amount receivable thereafter incurred.

(b) If the Lender shall have determined in its sole discretion that the adoption of or any change in any Requirement of Law regarding capital adequacy or in the interpretation or application thereof or compliance by the Lender or any Person controlling the Lender with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on the Lender's or such Person's capital as a consequence of any obligations hereunder to a level below that which the Lender or such Person (taking into consideration the Lender's or such Person's policies with respect to capital adequacy) by an amount deemed by the Lender to be material, then from time to time, the Borrower shall promptly pay to the Lender such additional amount or amounts as will thereafter compensate the Lender for such reduction.

(c) If the Lender becomes entitled to claim any additional amounts pursuant to this Section 2.13, it shall promptly notify the Borrower of the event by reason of which it has become so entitled. A certificate as to any additional amounts payable pursuant to this Section 2.13 submitted by the Lender to the Borrower shall be conclusive in the absence of manifest error.

SECTION 3

REPRESENTATIONS AND WARRANTIES

To induce the Lender to enter into this Agreement and to make the Loans hereunder, each Loan Party represents to the Lender, with respect to itself and each of its Subsidiaries that is a North American Group Member, that as of the Effective Date and the date of each withdrawal from the Escrow Account:

3.1. Existence. Each North American Group Member (a) is a corporation, limited partnership or limited liability company duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization, (b) has all requisite corporate or other power, and has all governmental licenses, authorizations, consents and approvals, necessary to own its assets and carry on its business as now being or as proposed to be conducted, except where the lack of such licenses, authorizations, consents and approvals would not be reasonably likely to have a Material Adverse Effect, (c) is qualified to do business and is in good standing in all other jurisdictions in which the nature of the business conducted by it makes such qualification necessary, except where failure so to qualify would not be reasonably likely (either individually or in the aggregate) to have a Material Adverse Effect, and (d) is in compliance in all material respects with all Requirements of Law.

3.2. Financial Condition. GM Oldco has heretofore furnished to the Lender a copy of its audited Consolidated balance sheet as at December 31, 2008, with the opinion thereon of Deloitte & Touche LLP or such other independent auditor acceptable to the Lenders, a copy of which has been provided to the Lender. GM Oldco has also heretofore furnished to the Lender the related Consolidated statements of equity (deficit) and of cash flows for GM Oldco and its Consolidated Subsidiaries for its most recent fiscal year, setting forth in comparative form the same information for the previous year. All such financial statements are materially

complete and correct and fairly present the Consolidated financial condition of GM Oldco and its Consolidated Subsidiaries and the Consolidated results of their operations for the fiscal year ended on said date, all in accordance with GAAP applied on a consistent basis.

3.3. Litigation. Except as set forth on Schedule 3.3 hereto or otherwise disclosed by a Responsible Officer in writing to the Lender from time to time, there are no actions, suits, arbitrations, investigations or proceedings pending or, to its knowledge, threatened against any Loan Party or any of their Subsidiaries or affecting any of their respective Property before any Governmental Authority, (i) as to which individually or in the aggregate there is a reasonable likelihood of an adverse decision which could reasonably be expected to have a Material Adverse Effect or (ii) which questions the validity or enforceability of this Agreement or any of the other Loan Documents or any action to be taken in connection with the transactions contemplated hereby or thereby and could reasonably be expected to have a Material Adverse Effect.

3.4. No Breach. Neither the execution and delivery of the Loan Documents nor the consummation of the transactions therein contemplated in compliance with the terms and provisions thereof will (a) conflict with or result in a breach of (i) the charter, by laws, certificate of incorporation, operating agreement or similar organizational document of any North American Group Member, (ii) any Requirement of Law, (iii) any Applicable Law, rule or regulation, or any order, writ, injunction or decree of any Governmental Authority, (iv) any material Contractual Obligation to which any Loan Party is a party or by which any of them or any of their Property is bound or to which any of them or any of their Property is subject, or (b) constitute a default under any material Contractual Obligation, or (c) (except for Permitted Liens) result in the creation or imposition of any Lien upon any property of any Loan Party, pursuant to the terms of any such agreement or instrument.

3.5. Action, Binding Obligations. (i) Each Loan Party has all necessary corporate or other power, authority and legal right to execute, deliver and perform its obligations under each of the Loan Documents to which it is a party; (ii) the execution, delivery and performance by each Loan Party of each of the Loan Documents to which it is a party has been duly authorized by all necessary corporate or other action on its part; and (iii) each Loan Document has been duly and validly executed and delivered by each Loan Party party thereto and constitutes a legal, valid and binding obligation of each Loan Party party thereto, enforceable against such Loan Party in accordance with its terms, subject to the Bankruptcy Exceptions.

3.6. Approvals. No authorizations, approvals or consents of, and no filings or registrations with, any Governmental Authority, or any other Person, are necessary for the execution, delivery or performance by each Loan Party of the Loan Documents to which it is a party for the legality, validity or enforceability thereof, except for filings and recordings or other actions in respect of the Liens pursuant to the Collateral Documents, unless the same has already been obtained and provided to the Lender. The execution, delivery and performance of the Transaction Documents do not and will not require any consent, approval, authorization or other order of, action by, filing with, or notification to, any Governmental Authority, except consents, approvals, authorizations, filings and notices that have been obtained or made and which are in full force and effect or which are not required by the terms of the Transaction Documents to be in effect prior to the Effective Date, except where the failure to obtain such consent, approval,

authorization or action, or to make such filing or notification, would not prevent or materially delay the consummation of the Related Transactions and would not have a Purchaser Material Adverse Effect (as defined in the Master Transaction Agreement).

3.7. Taxes. Each North American Group Member has timely filed or caused to be filed all federal, state and other material tax returns that are required to be filed and all such tax returns are true and correct in all material respects and such North American Group Member has timely paid all material taxes levied or imposed on it or its property (whether or not shown to be due and payable on said returns) or on any assessments made against it or any of its property and all material other taxes, fees or other charges imposed on it or any of its property by any Governmental Authority (other than any taxes, fees or other charges the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which adequate reserves have been provided on the books of the relevant North American Group Member). The charges, accruals and reserves on the books of each North American Group Member in respect of taxes and other governmental charges are, in the opinion of such North American Group Member, adequate; any taxes, fees and other governmental charges payable by any North American Group Member in connection with the execution and delivery of the Loan Documents have been paid; no tax Lien (except for any Permitted Liens) has been filed with respect to any North American Group Member or property of any North American Group Member; each North American Group Member has satisfied all of its material tax withholding obligations; and no North American Group Member has ever “participated” in a “listed transaction” within the meaning of Treasury Regulation section 1.6011-4.

3.8. Investment Company Act. None of the Loan Parties is required to register as an “investment company”, or is a company “controlled” by a Person required to register as an “investment company”, within the meaning of the Investment Company Act of 1940, as amended. No Loan Party is subject to any Federal or state statute or regulation which limits its ability to incur Indebtedness.

3.9. [Intentionally Omitted].

3.10. Chief Executive Office; Chief Operating Office. The chief executive office and the chief operating office on the Effective Date for each Loan Party is located at the location set forth on Schedule 3.10 hereto.

3.11. Location of Books and Records. The location where the Loan Parties keep their books and records including all Records relating to their business and operations and the Collateral are located in the locations set forth in Schedule 3.11.

3.12. True and Complete Disclosure. The information, reports, financial statements, exhibits and schedules furnished by or on behalf of any North American Group Member to the Lender or its agents or representatives in connection with the negotiation, preparation or delivery of this Agreement and the other Loan Documents or included herein or therein or delivered pursuant hereto or thereto, when taken as a whole, do not contain any untrue statement of material fact or omit to state any material fact necessary to make the statements herein or therein, in light of the circumstances under which they were made, not misleading, it being understood that in the case of projections, such projections are based on reasonable

estimates, on the date as of which such information is stated or certified. All information furnished after the date hereof by or on behalf of any North American Group Member to the Lender in connection with this Agreement and the other Loan Documents and the transactions contemplated hereby and thereby will be true, complete and accurate in every material respect, or (in the case of projections) based on reasonable estimates, on the date as of which such information is stated or certified. There is no fact known to a Responsible Officer of any North American Group Member that, after due inquiry, could reasonably be expected to have a Material Adverse Effect that has not been disclosed herein, in the other Loan Documents or in a report, financial statement, exhibit, schedule, disclosure letter or other writing furnished to the Lender for use in connection with the transactions contemplated hereby or thereby.

3.13. ERISA.

(a) (i) Any Benefit Plan that is intended to be a tax-qualified plan of any North American Group Member has received a favorable determination letter and such North American Group Member does not know of any reason why such letter should be revoked;

(ii) the North American Group Members and each of their respective ERISA Affiliates are in compliance with the applicable provisions of ERISA and the Code and the regulations and published interpretations thereunder;

(iii) (A) as of December 31, 2008, no ERISA Event has occurred that could reasonably be expected to result in liability to any North American Group Member or any ERISA Affiliate in excess of \$2,000,000,000, (B) as of the Effective Date, no ERISA Event other than a determination that a Plan is "at risk" (within the meaning of Section 302 of ERISA) has occurred or is reasonably likely to occur that could reasonably be expected to result in liability to any North American Group Member or ERISA Affiliate in excess of \$2,000,000,000, (C) as of December 31, 2008, the present value of all benefit liabilities of all underfunded Plans (based on the assumptions used for purposes of Statement of Financial Accounting Standards No. 87) did not exceed the fair market value of the assets of all such underfunded Plans by more than \$13,000,000,000, and (D) as of the Effective Date, there is not, and there is not reasonably expected to be, any Withdrawal Liability from, or any obligation or liability (direct or indirect) with respect to, any Multiemployer Plan;

provided that, the representations set forth in the preceding clauses (i) through (iii) inclusive shall continue to be true and correct on each day that the Loans are outstanding pursuant to the Agreement except to the extent that any such change or failure when aggregated with all other changes or failures in the preceding clauses (i) through (iii) inclusive of this Section 3.13(a), would not be reasonably expected to result in a Material Adverse Effect.

(b) There are no Plans or other arrangements which would result in the payment to any employee, former employee, individual consultant or director of any amounts or benefits upon the consummation of the transactions contemplated herein or the exercise by the Lender of any right or remedy contemplated herein other than de minimis amounts under incentive arrangements. Assets of the North American Group Members or any ERISA Affiliate are not "plan assets" within the meaning of the DOL Regulation Section 2510.3-101 as amended by section 3(42) of ERISA.

3.14. Expense Policy. The Borrower has taken steps necessary to ensure that (a) the Expense Policy conforms to the requirements set forth in Section 5.18 and (b) the Borrower and its Subsidiaries are in compliance with the Expense Policy.

3.15. Subsidiaries. All of the Subsidiaries of the Borrower at the date hereof are listed on Schedule 3.15, which schedule sets forth the name and jurisdiction of formation of each Subsidiary and, as to each such Subsidiary, the percentage of each class of Capital Stock owned by the Borrower or any of its Subsidiaries.

3.16. Capitalization. One hundred percent (100%) of the issued and outstanding Capital Stock of each North American Group Member (other than Borrower) is owned by the Persons listed on Schedule 3.16 and, to the knowledge of each Loan Party, such Capital Stock is owned by such Persons, free and clear of all Liens other than Permitted Liens. No Loan Party has issued or granted any options or rights with respect to the issuance of its respective Capital Stock which are presently outstanding except as set forth on Schedule 3.16 hereto.

3.17. Fraudulent Conveyance. Each Loan Party will benefit from the Loans contemplated by this Agreement. No Loan Party is incurring Indebtedness or transferring any Collateral with any intent to hinder, delay or defraud any of its creditors.

3.18. USA PATRIOT Act. (a) No North American Group Member nor any of its respective Affiliates over which it exercises management control (a "Controlled Affiliate") is a Prohibited Person, and such Controlled Affiliates are in compliance with all applicable orders, rules, regulations and recommendations of OFAC.

(b) No North American Group Member nor any of its members, directors, officers, employees, parents, Subsidiaries or Affiliates: (1) is subject to U.S. or multilateral economic or trade sanctions currently in force; (2) is owned or controlled by, or act on behalf of, any governments, corporations, entities or individuals that are subject to U.S. or multilateral economic or trade sanctions currently in force; or (3) is a Prohibited Person or is otherwise named, identified or described on any blocked persons list, designated nationals list, denied persons list, entity list, debarred party list, unverified list, sanctions list or other list of individuals or entities with whom U.S. persons may not conduct business, including but not limited to lists published or maintained by OFAC, lists published or maintained by the U.S. Department of Commerce, and lists published or maintained by the U.S. Department of State.

(c) None of the Collateral is traded or used, directly or indirectly by a Prohibited Person or is located or organized (in the case of a Pledged Entity) in a Prohibited Jurisdiction.

(d) Each North American Group Member has established an anti-money laundering compliance program as required by all applicable anti-money laundering laws and regulations, including without limitation the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (Public Law 107-56) (the "USA PATRIOT Act") (collectively, the "Anti-Money Laundering Laws").

3.19. Embargoed Person. As of the date hereof and at all times throughout the term of the Loans, (a) none of any North American Group Member's funds or other assets constitute property of, or are beneficially owned, directly or indirectly, by any person, entity or government subject to trade restrictions under U.S. law, including but not limited to, the International Emergency Economic Powers Act, 50 U.S.C. §§ 1701 *et seq.*, The Trading with the Enemy Act, 50 U.S.C. App. 1 *et seq.* (the "Trading With the Enemy Act"), any of the foreign assets control regulations of the Treasury (31 C.F.R., Subtitle B, Chapter V, as amended) (the "Foreign Assets Control Regulations") or any enabling legislation or regulations promulgated thereunder or executive order relating thereto (which for the avoidance of doubt shall include but shall not be limited to (i) Executive Order No. 13224, effective as of September 24, 2001 and relating to Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism (66 Fed. Reg. 49079 (2001)) (the "Executive Order") and (ii) the USA PATRIOT Act), with the result that the investment in the Borrower (whether directly or indirectly), is prohibited by law or the Loans made by the Lender are in violation of law ("Embargoed Person"); (b) no Embargoed Person has any interest of any nature whatsoever in it with the result that the investment in it (whether directly or indirectly), is prohibited by law or the Loans are in violation of law; (c) none of its funds have been derived from any unlawful activity with the result that the investment in it (whether directly or indirectly), is prohibited by law or any Loans is in violation of law; and (d) neither it nor any of its Affiliates (i) is or will become a "blocked person" as described in the Executive Order, the Trading With the Enemy Act or the Foreign Assets Control Regulations or (ii) engages or will engage in any dealings or transactions, or be otherwise associated, with any such "blocked person". For purposes of determining whether or not a representation with respect to any indirect ownership is true or a covenant is being complied with under this Section 3.19, no North American Group Member shall be required to make any investigation into (i) the ownership of publicly traded stock or other publicly traded securities or (ii) the ownership of assets by a collective investment fund that holds assets for employee benefit plans or retirement arrangements.

3.20. Use of Proceeds. (a) The proceeds of the Loans (including disbursements of Reserve Funds, subject to Section 5.5) shall be used to finance working capital needs, capital expenditures, the payment of warranty claims and other general corporate purposes of the Group Members. The Loans under this Agreement are not and shall not be construed as an extension of United States government funding associated with any specific project.

(b) [Intentionally omitted.]

(c) The Group Members are the ultimate beneficiaries of this Agreement and the Loans to be received hereunder. The use of the Loans will comply with all Applicable Laws, including Anti-Money Laundering Laws. No portion of any Loan is to be used, for the "purpose of purchasing or carrying" any "margin stock" as such terms are used in Regulations U and X of the Board, as amended, and the Borrower is not engaged in the business of extending credit to others for such purpose.

3.21. Representations Concerning the Collateral. (a) No Loan Party has assigned, pledged, conveyed, or encumbered any Collateral to any other Person (other than Permitted Liens) and immediately prior to the pledge of any such Collateral, a Loan Party was the sole owner of such Collateral and had good and marketable title thereto, free and clear of all

Liens (other than Permitted Liens), and no Person, other than the Lender has any Lien (other than Permitted Liens) on any Collateral. No security agreement, financing statement, equivalent security or lien instrument or continuation statement covering all or any part of the Collateral which has been signed by any Loan Party or which any Loan Party has authorized any other Person to sign or file or record, is on file or of record with any public office, except such as may have been filed by or on behalf of a Loan Party in favor of the Lender pursuant to the Loan Documents or in respect of applicable Permitted Liens.

(b) The provisions of the Loan Documents are effective to create in favor of the Lender a valid security interest in all right, title, and interest of each Loan Party in, to and under the Collateral, subject only to applicable Permitted Liens.

(c) Upon the filing of financing statements on Form UCC-1 naming the Lender as "Secured Party" and each Loan Party as "Debtor", and describing the Collateral, in the jurisdictions and recording offices listed on Schedule 3.21 attached hereto, the security interests granted in the Collateral pursuant to the Collateral Documents will constitute perfected first-priority security interests under the Uniform Commercial Code in all right, title and interest of the applicable Loan Party in, to and under such Collateral, which can be perfected by filing under the Uniform Commercial Code, in each case, subject to applicable Permitted Liens.

(d) Each Loan Party has and will continue to have the full right, power and authority, to pledge the Collateral, subject to Permitted Liens, and the pledge of the Collateral may be further assigned by the Lender without the consent of any Loan Party to the extent provided in Section 8.6.

3.22. Labor Matters. (a) There are no strikes against any North American Group Member pending or, to the knowledge of any North American Group Member, threatened; (b) hours worked by and payment made to employees of each North American Group Member have not been in violation of the Fair Labor Standards Act or any other applicable Requirement of Law dealing with such matters; and (c) all payments due from each North American Group Member on account of employee health and welfare benefits, or health or welfare benefits to any former employees of any North American Group Member or for which any North American Group Member has any liability or obligation have been paid or accrued as a liability on the books of such North American Group Member in accordance with GAAP, except, in the case of each of the foregoing clauses (a), (b) and (c), where such strike or such failure to comply or to make or accrue such payments could not reasonably be expected to have a Material Adverse Effect.

3.23. Survival of Representations and Warranties. All of the representations and warranties of or in respect of such North American Group Member set forth in this Section 3 and elsewhere in this Agreement and in the other Loan Documents shall survive for so long as any amount remains owing to the Lender under this Agreement or any of the other Loan Documents by any Loan Party. All representations, warranties, covenants and agreements made in this Agreement or in the other Loan Documents by or in respect of each North American Group Member shall be deemed to have been relied upon by the Lender notwithstanding any investigation heretofore or hereafter made by the Lender or on its behalf.

3.24. [Intentionally Omitted].

3.25. Intellectual Property. (a) Except as would not reasonably be expected to have a Material Adverse Effect, each of the North American Group Members owns and controls, or otherwise possesses sufficient rights to use, all Intellectual Property necessary for the conduct of its business in substantially the same manner as conducted as of the date hereof. Schedule 3.25 hereto sets forth a true and complete list as of the date hereof of all Patent applications and issued Patents, and Trademark registrations and applications, and domain name registrations included in the Trademarks, owned by each North American Group Member. To the knowledge of each North American Group Member, Schedule 3.25 hereto also sets forth a true and complete list of all registered Copyrights for which any North American Group Member is the owner of record, provided however, except for material Copyrights listed on Schedule 3.25, no representation is made that a North American Group Member owns title to any particular copyright registration listed therein. Notwithstanding anything to the contrary contained herein, each North American Group Member (other than any Foreign 956 Subsidiary or Other Foreign 956 Subsidiary) hereby represents that it grants a security interest contemplated by this agreement to all Copyrights, that it owns all material Copyrights, and, to the extent that any such material Copyrights are registered, a security interest may be recorded against them. Except as would not reasonably be expected to have a Material Adverse Effect, all Intellectual Property, other than licenses, of the North American Group Members is subsisting and in full force and effect, has not been adjudged invalid or unenforceable, is valid and enforceable and has not been abandoned in whole or in part. Except as would not reasonably be expected to have a Material Adverse Effect, no such Intellectual Property owned by any North American Group Member is the subject of any licensing or franchising agreement that prohibits or restricts any North American Group Member's conduct of business as presently conducted, or the transfer or pledge as collateral of such Intellectual Property. Except as would not reasonably be expected to have a Material Adverse Effect, (i) the Intellectual Property owned by the North American Group Members does not infringe or conflict with the intellectual property rights of any Person, (ii) to the best knowledge of each North American Group Member, no North American Group Member is now infringing or in conflict with any intellectual property rights of any Person and no other Person is now infringing or in conflict with any such properties, assets and rights, owned or used by or licensed to any North American Group Member. Except as would not reasonably be expected to have a Material Adverse Effect, no North American Group Member has received any notice that it is violating or has violated the Trademarks, Patents, Copyrights, inventions, trade secrets, proprietary information and technology, know-how, formulae, rights of publicity or other Intellectual Property rights of any third party.

(b) Except as would not reasonably be expected to have a Material Adverse Effect, each License now existing is, and each other License will be, the legal, valid and binding obligation of the parties thereto, enforceable against such parties in accordance with its terms. Except as would not reasonably be expected to have a Material Adverse Effect, to the knowledge of such North American Group Member, no default thereunder by any such party has occurred, nor does any defense, offset, deduction, or counterclaim exist thereunder in favor of any such party.

3.26. JV Agreements. (a) Set forth on Schedule 3.26 is a complete and accurate list as of the date hereof of all JV Agreements, showing the parties and the dates of amendments and modifications thereto.

(b) Each JV Agreement (i) is in full force and effect and is binding upon and enforceable against each party thereto, (ii) has not been otherwise amended or modified, except as set forth on Schedule 3.26 and (iii) is not in default and no event has occurred that, with the passage of time and/or the giving of notice, or both, would constitute a default thereunder, except, in the case of each of clauses (i) through (iii) above, to the extent any such default would not reasonably be expected to have a Material Adverse Effect.

3.27. [Intentionally Omitted].

3.28. Excluded Collateral. Set forth on Annex I to Schedule 3.28 is a complete and accurate list as of the Effective Date of all Excluded Collateral that is Capital Stock of domestic joint ventures, Domestic Subsidiaries, "first-tier" foreign joint ventures, and Foreign 956 Subsidiaries.

3.29. Mortgaged Real Property. After giving effect to the recording of the Mortgages, real property identified on Schedule 1.1C shall be subject to a recorded first lien mortgage, deed of trust or similar security instrument (subject to Permitted Liens).

3.30. No Change. Since the Effective Date, there has been no development or event that has had or could reasonably be expected to have a Material Adverse Effect.

3.31. Certain Documents. The Borrower has delivered to the Lender a complete and correct copy of the Transaction Documents, including any amendments, supplements or modifications with respect to any of the foregoing.

3.32. Insurance. The Borrower has maintained on behalf of itself and each Group Member (other than Excluded Subsidiaries), as appropriate, with insurance companies that the Borrower believes (in the good faith judgment of the Borrower) are financially sound and responsible or through self-insurance, insurance in amounts reasonable and prudent in light of the size and nature of the Borrower's business and against at least such risks (and with such risk retentions) as the Borrower believes (in the good faith judgment of the Borrower) are reasonable in light of the size and nature of its business.

SECTION 4

CONDITIONS PRECEDENT; RESERVE FUNDS

4.1. Conditions to Effectiveness. The effectiveness of this Agreement is subject to the satisfaction, prior to or concurrently on the Effective Date, of the following conditions precedent, satisfaction of such conditions precedent to be determined by the Lender in its reasonable discretion:

(a) Loan Documents. The Lender shall have received the following documents, which shall be in form satisfactory to the Lender:

(i) this Agreement executed and delivered by the Borrower;

- (ii) the Guaranty, executed and delivered by each Guarantor;
- (iii) the Equity Pledge Agreement, executed and delivered by each Pledgor;
- (iv) the Intellectual Property Pledge Agreement, executed and delivered by each Loan Party party thereto;
- (v) the Environmental Agreement, executed and delivered by each Loan Party party thereto; and
- (vi) an amended and restated promissory note of the Borrower evidencing the Loans, substantially in the form of Exhibit G (the "Initial Note"), with appropriate insertions as to date and principal amount.

(b) Section 363 Sale Order. The sale of certain assets and the assignment and assumption of certain contracts of Sellers pursuant to Section 363 of the United States Bankruptcy Code (the "Section 363 Sale") shall have been approved by the Bankruptcy Court pursuant to an order (the "Section 363 Sale Order") that is in form and substance satisfactory to the Lender (the Lender acknowledges that the Sale Order issued by the Bankruptcy Court on July 5, 2009 is satisfactory) and that has been entered and not stayed, which shall, among other things, (i) approve the Section 363 Sale, (ii) authorize the assumption by and assignment to the Borrower and its Subsidiaries of the contracts included in the Section 363 Sale pursuant to the procedure approved by the Bankruptcy Court on June 1, 2009, (iii) approve the terms and conditions of the Master Transaction Agreement and the other Transaction Documents and other agreements, (iv) provide that the Borrower and its Subsidiaries shall acquire the assets and contracts being transferred pursuant to the Section 363 Sale free and clear of all liens, claims, encumbrances and other obligations (other than those liens, claims, encumbrances and other obligations expressly assumed pursuant to the Section 363 Sale), and (v) contain such other terms, conditions and provisions as are customary in transactions similar to the Section 363 Sale, including, without limitation, findings that the Borrower and its Subsidiaries are good faith purchasers pursuant to Section 363 of the Bankruptcy Code, that the Section 363 Sale is not subject to fraudulent transfer or similar challenge, and limitations on the Borrower and its Subsidiaries' successor liabilities.

(c) Related Transactions. The Lender and its counsel shall be reasonably satisfied that the terms of the Related Transactions and of the Transaction Documents are consistent in all material respects with the information provided to the Lender in advance of the date hereof or are otherwise reasonably satisfactory to the Lender (the Lender acknowledges that the form of Transaction Documents provided to it on or prior to the date hereof are satisfactory). The Transaction Documents shall have been duly executed and delivered by the parties thereto, all conditions precedent to the Related Transactions set forth in the Transaction Documents which are required under the Transaction Documents to be consummated prior to or substantially

contemporaneously with the effectiveness of this Agreement shall have been satisfied, such Related Transactions shall have been consummated pursuant to such Transaction Documents substantially contemporaneously with the conditions precedent set forth in this Section 4.1, and no provision thereof shall have been waived, amended, supplemented or otherwise modified, in each case in a manner adverse to the Lender, without the Lender's consent.

(d) Corporate Structure; Tax Effects. The corporate records, corporate structure, capital structure, other debt instruments, material contracts, cash management systems, governing documents of the Borrower and its Subsidiaries and any Guarantor, tax effects resulting from the Related Transactions and Loans and the transactions contemplated hereby, shall be satisfactory to the Lender.

(e) Lien Searches. The Lender shall have received the results of a recent Lien search in each relevant jurisdiction with respect to the Borrower and the Guarantors, and such search shall reveal no Liens on any of the assets of the Borrower or the Guarantors except for Liens permitted by this Agreement or Liens to be discharged on or prior to the Effective Date pursuant to documentation satisfactory to the Lender.

(f) Environmental Matters. The Lender shall be reasonably satisfied with the environmental affairs of the Borrower and its Subsidiaries.

(g) Insurance. The Lender shall be satisfied with the insurance coverage of the Loan Parties including, without limitation, with respect to the insurance carrier, the risks insured, the policy limits and the deductibles.

(h) Budgets. The Borrower shall have delivered to the Lender a Budget covering the remainder of fiscal year 2009 through the year ending December 31, 2014 in form and substance satisfactory to the Lender.

(i) Canadian Facility. The Canadian Facility shall have become (or simultaneously with this Agreement, shall become) effective and the Lender shall have received all documents, instruments and related agreements in connection with the Canadian Facility.

(j) Litigation. There shall not exist any action, suit, investigation, litigation or proceeding pending (other than the Cases) or threatened in any court or before any arbitrator or Governmental Authority that, in the sole discretion of the Lender, materially or adversely affects any of the transactions contemplated hereby, or that has or could be reasonably likely to have a Material Adverse Effect.

(k) Cash Management. Cash management arrangements satisfactory in form and substance to the Lender shall be in place. The Lender shall have completed a review of the Borrower's and the Guarantors' cash management systems and determined that all cash and Cash Equivalents of the Borrower and the Guarantors are subject to a valid and perfected first-priority security interest in favor of the Lender subject to control agreements.

(l) Consents. The Lender shall have received all necessary third party and governmental waivers and consents, and each Loan Party shall have complied with all Applicable Laws, decrees and material agreements.

(m) No Default. No Default or Event of Default shall exist on the Effective Date or after giving effect to the transactions contemplated to be consummated on the Effective Date pursuant to the Transaction Documents and the Loan Documents.

(n) Accuracy of Representations and Warranties. All representations and warranties made by or with respect to the North American Group Members in or pursuant to the Loan Documents shall be true and correct in all material respects.

(o) Closing Certificate; Certified Certificate of Incorporation; Good Standing Certificates. The Lender shall have received (i) a certificate of the secretary or assistant secretary of each Loan Party, dated the Effective Date, substantially in the form of Exhibit B-1, with agreed insertions and attachments, including the certificate of incorporation (or equivalent organizational document) of each Loan Party, certified by the relevant authority of the jurisdiction of organization of such Loan Party, (ii) a long-form good standing certificate for each Loan Party from its jurisdiction of organization or, for each such certificate delivered to the Lender pursuant to the DIP Credit Agreement, a bring down good standing certification from the relevant Loan Party's jurisdiction of organization and (iii) a certificate of the Borrower and each Guarantor, dated the Effective Date, to the effect that the conditions set forth in this Section 4.1 have been satisfied, substantially in the form of Exhibit B-2.

(p) Legal Opinions. The Lender shall have received the executed legal opinion of (i) Weil, Gotshal and Manges LLP, New York counsel to the Loan Parties, substantially in the form of Exhibit E-1, as to New York law, United States federal law and the Delaware General Corporation Law, (ii) in-house counsel to the Loan Parties, substantially in the form of Exhibit E-2, (iii) Cadwalader, Wickersham & Taft LLP, New York counsel to the Borrower, substantially in the form of Exhibit E-3, as to New York law, (iv) Honigman Miller Schwartz & Cohn LLP, Michigan counsel to Grand Pointe Holdings, Inc., a Guarantor, substantially in the form of Exhibit E-4, as to Michigan law, and (v) Gunderson Law Firm, a Professional Corporation, counsel to GM GEFS L.P., a Guarantor, substantially in the form of Exhibit E-5, as to Nevada law and United States federal law.

(q) Waivers. The Lender shall have received each of the following waivers and consents:

(i) a waiver shall have been duly executed by each Loan Party and delivered to the Lender, in substantially the form attached hereto as Exhibit D-1, releasing the Lender from any claims that any Loan Party may otherwise have as a result of (A) any modifications to the terms of any Specified Benefit Plans, arrangements and agreements to eliminate any provisions that would not be in compliance with the executive compensation and corporate governance requirements of Section 111 of the EESA and the executive compensation requirements of Section 5.21 and (B) the Loan Parties' failure to pay or accrue any bonus or incentive compensation as a result of any action referenced in this Agreement;

(ii) a waiver shall have been duly executed by each SEO and delivered to the Lender, in substantially the form attached hereto as Exhibit D-2, releasing the Lender from any claims that any SEO may otherwise have as a result of any

modifications to the terms of any Specified Benefit Plans, arrangements and agreements to eliminate any provisions that would not be in compliance with the executive compensation and corporate governance requirements of Section 111 of the EESA and the executive compensation requirements of Section 5.21;

(iii) a consent and waiver shall have been duly executed by each SEO and delivered to the Loan Parties (with a copy to the Lender), in substantially the form attached hereto as Exhibit D-3, releasing the Loan Parties from any claims that any SEO may otherwise have as a result of any modification of the terms of any Specified Benefit Plans, arrangements and agreements to eliminate any provisions that would not be in compliance with the executive compensation and corporate governance requirements of Section 111 of the EESA and the executive compensation requirements of Section 5.21;

(iv) a waiver shall have been duly executed by each Senior Employee and delivered to the Lender, in substantially the form attached hereto as Exhibit D-4, releasing the Lender from any claims that any Senior Employees may otherwise have as a result of the Loan Parties' failure to pay or accrue any bonus or incentive compensation as a result of any action referenced in this Agreement; and

(v) a consent and waiver shall have been duly executed by each Senior Employee and delivered to the Loan Parties (with a copy to the Lender), in substantially the form attached hereto as Exhibit D-5, releasing the Loan Parties from any claims that any Senior Employee may otherwise have as a result of the Loan Parties' failure to pay or accrue any bonus or incentive compensation as a result of any action referenced in this Agreement.

(r) VEBA Note Facility. The VEBA Note Facility shall be in form and substance satisfactory to the Lender and shall have become (or simultaneously with this Agreement, shall become) effective and the Lender shall have received all documents, instruments and related agreements in connection with the VEBA Note Facility.

(s) Intercreditor Agreement. The Intercreditor Agreement shall be in form and substance satisfactory to the Lender and shall have become (or simultaneously with this Agreement, shall become) effective.

(t) Business Plan. The Lender shall have received a copy of the Borrower's business plan (the business plan delivered to the Lender on the Effective Date and attached hereto as Annex II, the "Business Plan").

(u) Canadian Pension and OPEB Loan. The Lender shall have received evidence satisfactory to the Lender that, on or prior to the Effective Date, (i) the Canadian Lender shall have irrevocably committed (A) to fund loans to the Borrower in an aggregate amount of \$3,887,000,000 to support certain pension and other pension and employment benefits obligations of GM Canada within three Business Days after the Effective Date and (B) immediately upon funding of such loans, to assign such loans to the Canadian Subscriber, and (ii) the Canadian Subscriber shall have irrevocably agreed to use such assigned loans to subscribe on the date of assignment for the Canadian Subscriber's remaining shares under the Canadian Subscription Agreement.

(v) Warranty Administration Agreement. The Lender shall have received a copy of an amendment (the "Warranty Amendment") in form and substance satisfactory to the Lender to the Administration Agreement dated as of May 27, 2009 by and among GM Oldco, GM Warranty LLC, a Delaware limited liability company, General Motors Product Services, Inc., a Delaware corporation, General Motors Overseas Distribution Corporation, a Delaware corporation, Saturn, LLC, a Delaware limited liability company, Controlodora General Motors, S.A. de C.V., a Mexican corporation, and GM Global Technologies Operations, Inc., a Delaware corporation (as amended by the Warranty Amendment, the "Warranty Administration Agreement") providing for the GM Warranty Commitment Program (as defined in the Warranty Administration Agreement) to terminate on the terms and conditions more particularly described in such amendment, and such amendment shall have become (or simultaneously with this Agreement, shall become) effective.

(w) Reserve Funds. On or prior to the Effective Date, the Borrower shall have deposited the Reserve Funds into the Escrow Account to be held and disbursed by the Lender in accordance with the applicable provisions of Section 4.2.

4.2. Conditions to Withdrawal of Reserve Funds; Escrow Accounts. (a) The Lender shall withdraw, or cause the Escrow Bank to withdraw, an amount of Reserve Funds on deposit in the Escrow Account and the Lender shall disburse, or cause the Escrow Bank to disburse, such Reserve Funds to the Borrower on any date, subject to the satisfaction of the following conditions precedent:

(i) Representations and Warranties. Each of the representations and warranties made by any Loan Party in or pursuant to the Loan Documents shall be true and correct in all material respects (save where already qualified by materiality, in which case such representations and warranties shall be true and correct in all respects) on and as of such date as if made on and as of such date (except to the extent such representations and warranties relate to an earlier date, in which case, such representations and warranties were true and correct in all material respects as of such earlier date).

(ii) No Event of Default. No Default or Event of Default shall have occurred and be continuing on such date immediately prior to or after giving effect to the withdrawal requested to be made on such date.

(iii) Reserve Notice. Not fewer than five Business Days prior to any requested disbursement of Reserve Funds (each, a "Reserve Disbursement"), the Lender shall have received a Reserve Notice from a Responsible Officer certifying in each case in form and substance to the Lender's satisfaction in its sole discretion (A) the Dollar amount of the requested Reserve Disbursement, (B) with respect to any requested Reserve Disbursement, the intended use of such requested Reserve Funds set forth in reasonable detail, which use shall be approved by the Lender in its sole discretion, and (C) that the Reserve Funds most recently disbursed were used or have been committed or allocated to be used solely for the intended purposes set forth in the related Reserve Notice.

(iv) Additional Information. The Borrower shall have provided to the Lender such further information and evidence as may be requested by the Lender to support the statements set forth in the required Reserve Notice described above.

(b) Upon the occurrence of an Event of Default, the Lender, at its sole option, may withdraw all or a portion of the Reserve Funds and apply the Reserve Funds to the items for which the Reserve Funds were established or to payment of the Obligations in accordance with Section 2.5(f) and the obligations then outstanding under the Canadian Facility in accordance with Section 2.07(i) thereof, in such order, proportion and priority as the Lender may determine in its sole discretion. The Lender's right to withdraw and apply the Reserve Funds shall be in addition to all other rights and remedies provided to the Lender under the Loan Documents. Any Reserve Funds remaining in the Escrow Account after the Obligations have been paid in full shall be returned to the Borrower.

(c) At any time and from time to time after the Effective Date, the Lender, at its option, and in its sole discretion and without the consent of, but in consultation with, the Borrower may withdraw and transfer, or cause the Escrow Bank to withdraw and transfer, all or a portion of the Reserve Funds to one or more additional or replacement Escrow Banks acceptable to the Lender, to be held pursuant to Escrow Account Control Agreements. The Borrower shall use commercially reasonable efforts (i) to facilitate any such withdrawal and transfer and (ii) to enter into an Escrow Account Control Agreement with each such Escrow Bank in form and substance reasonably satisfactory to the Lender.

(d) Notwithstanding anything to the contrary herein, Lender may withdraw the Reserve Funds from the Escrow Account and apply the same in accordance with Section 2.5(f).

SECTION 5

AFFIRMATIVE COVENANTS

Each Loan Party jointly and severally covenants and agrees that, so long as the Loans are outstanding and until payment in full of all Obligations, each Loan Party shall and shall cause each North American Group Member and each of its applicable Subsidiaries to comply with the following covenants:

5.1. Financial Statements. The Borrower shall deliver to the Lender:

(a) as soon as reasonably possible after receipt by the Borrower, a copy of any material report that may be prepared and submitted by the Borrower's or the applicable North American Group Member's independent certified public accountants at any time;

(b) from time to time such other information regarding the financial condition, operations, or business of any North American Group Member as the Lender may reasonably request;

(c) promptly upon their becoming available, copies of such other financial statements and reports, if any, as any North American Group Member may be required to publicly file with the SEC or any similar or corresponding governmental commission, department or agency substituted therefor, or any similar or corresponding governmental commission, department, board, bureau, or agency, federal or state, including any filing made pursuant to Section 5.26;

(d) as soon as reasonably possible, and in any event within five Business Days after a Responsible Officer of a North American Group Member knows or has reason to believe, that any of the events or conditions specified below with respect to any Plan or Multiemployer Plan has occurred or exists, a statement signed by a Responsible Officer of the relevant North American Group Member setting forth details respecting such event or condition and the action, if any, that such North American Group Member or any ERISA Affiliate proposes to take with respect thereto (and a copy of any report or notice required to be filed with or given to PBGC by such Loan Party or an ERISA Affiliate with respect to such event or condition);

(i) any Reportable Event which could reasonably be expected to result in a material liability, any failure to meet the minimum funding standard of Section 412 of the Code or Section 302 of ERISA with respect to a Plan, including, without limitation, the failure to make on or before its due date a required installment under the Code or ERISA regardless of the issuance of any waivers in accordance with Section 412(d) of the Code, any failure to make any material contribution to a Multiemployer Plan; and any request for a waiver under Section 412(d) of the Code for any Plan;

(ii) the distribution under Section 4041(c) of ERISA of a notice of intent to terminate any Plan or any action taken by any Loan Party or an ERISA Affiliate to terminate any Plan;

(iii) the institution by PBGC of proceedings under Section 4042 of ERISA for the termination of, or the appointment of a trustee to administer, any Plan, or the receipt by any Loan Party or any ERISA Affiliate of a notice from a Multiemployer Plan that such action has been taken by PBGC with respect to such Multiemployer Plan;

(iv) the complete or partial withdrawal from a Multiemployer Plan by any Loan Party or any ERISA Affiliate that results in liability under Section 4201 or 4204 of ERISA (including the obligation to satisfy secondary liability as a result of a purchaser default) or the receipt by any Loan Party or any ERISA Affiliate of notice from a Multiemployer Plan that it is in reorganization or insolvency pursuant to Section 4241 or 4245 of ERISA or that it intends to terminate or has terminated under Section 4041A of ERISA, which could reasonably be expected to result in a material liability;

(v) the institution of a proceeding by a fiduciary of any Multiemployer Plan against any Loan Party or any ERISA Affiliate to enforce Section 515 of ERISA, which proceeding is not dismissed in 30 days or is not subject to the automatic stay under the Bankruptcy Code, which could reasonably be expected to result in a material liability; and

(vi) any violation of section 401(a)(29) of the Code;

(e) as soon as practicable prior to the effectiveness thereof, copies of substantially final drafts of any material amendment, supplement, waiver or other modification with respect to the Transaction Documents;

(f) (i) as soon as available, but in any event within 90 days after the end of each fiscal year of the Borrower, a copy of the audited Consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as at the end of such year and the related audited consolidated statements of income and of cash flows for such year, setting forth in each case in comparative form the figures as of the end of and for the previous year, reported on by Deloitte & Touche LLP or other independent certified public accountants of nationally recognized standing; and

(ii) as soon as available, but in any event not later than 45 days after the end of each of the first three quarterly periods of each fiscal year of the Borrower, the unaudited Consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as at the end of such quarter and the related unaudited Consolidated statements of income and of cash flows for such quarter and the portion of the fiscal year through the end of such quarter, setting forth in each case in comparative form the figures as of the end of and for the corresponding period in the previous year, certified by a Responsible Officer as being fairly stated in all material respects (subject to the absence of footnotes and to normal year-end audit adjustments);

all such financial statements shall be complete and correct in all material respects and be prepared in reasonable detail and in accordance with GAAP applied consistently throughout the periods reflected therein and with prior periods (except as approved by such accountants or officer, as the case may be, and disclosed therein); provided, that with respect to the quarterly financial statements to be provided for the third fiscal quarter of 2009, such financial statements shall be provided on a modified basis within the time frame set forth in clause (ii) above, with GAAP-compliant versions of such financial statements to be provided at the same time as the audited financial statements for fiscal year 2009 described in clause (i) above; and

(g) to the extent that the Borrower prepares quarterly or annual reports as to the Consolidated balance sheet of the Borrower and its Consolidated Subsidiaries as at the end of the related quarter or fiscal year (as the case may be) and the related Consolidated statements of income and of cash flows for such quarter or fiscal year (as applicable) which set forth in comparison form the figures as of the end of and for the corresponding period in the previous fiscal year (such figures for the year ending December 31, 2009 adjusted to reflect the Related Transactions), the Borrower shall promptly furnish copies of such reports to the Lender.

5.2. Notices; Reporting Requirements. The relevant Loan Party shall deliver written notice to the Lender of the following:

(a) Defaults. The occurrence of any Default or Event of Default, or any event of default under any publicly filed material Contractual Obligation of any North American Group Member (other than Excluded Subsidiaries except for Financing Subsidiaries) which notice shall be given promptly after a Responsible Officer or any officer of a North American Group Member with a title of at least executive vice president becomes aware thereof and shall be accompanied by a statement of a Responsible Officer setting forth details of the occurrence referred to therein;

(b) [Intentionally Omitted];

(c) [Intentionally Omitted];

(d) [Intentionally Omitted];

(e) [Intentionally Omitted];

(f) [Intentionally Omitted];

(g) [Intentionally Omitted];

(h) Compliance Certificate. On the date that is the earlier of (x) the date of delivery of the financial statements referred to in Section 5.1(f) and (y) the date such financial statements are required to be delivered by Section 5.1(f), a Compliance Certificate, executed by a Responsible Officer of the Borrower, stating that such Responsible Officer has obtained no knowledge of any Default or Event of Default except as specified in such certificate;

(i) 13-Week Forecast. On each alternate Wednesday (or if such day is not a Business Day, the next succeeding Business Day), beginning on July 15, 2009 and ending on the Reserve Reporting Termination Date, the Borrower shall deliver to the Lender a bi-weekly status report substantially in a form reasonably acceptable to the Lender.

(j) Liquidity. On the twenty-fifth day of each calendar month (or if such day is not a Business Day, the next succeeding Business Day), beginning on July 25, 2009 and ending on the Reserve Reporting Termination Date, the Borrower shall deliver to the Lender a monthly liquidity status report in substantially a form reasonably acceptable to the Lender;

(k) Budgets. On the twenty-fifth Business Day of each calendar month occurring after the Effective Date through and including the Reserve Reporting Termination Date, a Budget covering (i) the then current fiscal year (presented on a monthly basis) and (ii) the four fiscal years immediately succeeding such fiscal year (presented on an annual basis), provided, that the information described in the preceding clause (ii) shall be updated as and when such information is updated and approved by the board of directors of the Borrower;

(l) Expense Policy. During the Relevant Period, within 15 days after the conclusion of each calendar month, beginning with the month in which the Effective Date

occurs, the Borrower shall deliver to the Lender a certification signed by a Responsible Officer of the Borrower that (i) the Expense Policy conforms to the requirements set forth herein; (ii) the Borrower and its Subsidiaries are in compliance with the Expense Policy; and (iii) there have been no material amendments to the Expense Policy or deviations from the Expense Policy other than those that have been disclosed to and approved by the Lender; provided that the requirement to deliver the certification referenced in this Section 5.2(l) may be qualified as to the best of such Responsible Officer's knowledge after due inquiry and investigation; and

(m) Executive Privileges and Compensation. During the Relevant Period, the Borrower shall submit a certification within 15 days after the conclusion of each fiscal quarter beginning with the fiscal quarter ended September 30, 2009, certifying that the Borrower has complied with and is in compliance with the provisions set forth in Section 5.16. Such certification shall be made to the Lender by an SEO of the Borrower, subject to the requirements and penalties set forth in Title 18, United States Code, Section 1001.

5.3. Existence. The Borrower shall cause each North American Group Member to:

(a) except as permitted under Section 6.1 or with respect to North American Group Members that are not Material North American Group Members, preserve and maintain its legal existence and all of its material rights, privileges, licenses and franchises;

(b) [intentionally omitted];

(c) comply with the requirements of all Applicable Laws, rules, regulations and orders of Governmental Authorities if failure to comply with such requirements could be reasonably likely (either individually or in the aggregate) to have a Material Adverse Effect on any Loan Party or the Collateral;

(d) [intentionally omitted];

(e) give the Lender a written notice not later than ten days after the occurrence of any (i) change in the location of a Loan Party's chief executive office/chief place of business from that specified in Section 3.10, (ii) change in a Loan Party's name, identity or corporate structure (or the equivalent) or change the location where it maintains records with respect to the Collateral, or (iii) a Loan Party's reincorporation or reorganization under the laws of another jurisdiction, and deliver to the Lender all Uniform Commercial Code financing statements and amendments as the Lender shall request, and take all other actions deemed reasonably necessary by the Lender to continue its perfected status in the Collateral with the same or better priority; and

(f) keep in full force and effect the provisions of the Loan Parties' charter documents, certificate of incorporation, by-laws, operating agreements or similar organizational documents, except as permitted by Section 6.1 and for such changes that are not materially adverse to the interests of the Lender.

5.4. Payments of Taxes. The Borrower shall and shall cause each North American Group Member (i) to timely file or cause to be filed all federal and material state and

other tax returns that are required to be filed and all such tax returns shall be true and correct and (ii) to timely pay and discharge or cause to be paid and discharged promptly all federal and material state and other taxes, assessments and governmental charges or levies imposed upon the Borrower or any of the other North American Group Members or upon any of their respective incomes or receipts or upon any of their respective properties before the same shall become in default or past due, as well as all lawful claims for labor, materials and supplies or otherwise which, if unpaid, might result in the imposition of a Lien or charge upon such properties or any part thereof; provided that it shall not constitute a violation of the provisions of this Section 5.4 if the Borrower or any of the other North American Group Members shall fail to pay any such tax, assessment, government charge or levy or claim for labor, materials or supplies which is being contested in good faith, by proper proceedings diligently pursued, and as to which adequate reserves have been provided.

5.5. Use of Proceeds. The Loan Parties and their Subsidiaries shall use the Loan proceeds only for the purposes set forth in Section 3.20 and in a manner generally consistent with the Budget for so long as one is being delivered hereunder, provided, that the Reserve Funds shall be used only for items and purposes as approved in accordance with the procedures set forth in Section 4.2.

5.6. Maintenance of Property; Insurance. The Borrower shall cause each North American Group Member to:

(a) keep all property useful and necessary in its business in good working order and condition;

(b) maintain errors and omissions insurance and blanket bond coverage in such amounts as are in effect on the Effective Date (as disclosed to the Lender in writing except in the event of self-insurance) and shall not reduce such coverage without the written consent of the Lender, and shall also maintain such other insurance with financially sound and reputable insurance companies, and with respect to property and risks of a character usually maintained by entities engaged in the same or similar business similarly situated, against loss, damage and liability of the kinds and in the amounts customarily maintained by such entities. Notwithstanding anything to the contrary in this Section 5.6, to the extent that any Loan Party is engaged in self-insurance with respect to any of its property as of the Effective Date, such Loan Party may, if consistent with past practices of (i) in the case of the Borrower, GM Oldco, or (ii) in the case of any other Loan Party, such Loan Party during such time as it was a GM Oldco Party, continue to engage in such self-insurance throughout the term of this Agreement; provided, that the Loan Party shall promptly obtain third party insurance that conforms to the criteria in this Section 5.6 at the request of the Lender; and

(c) use its best efforts to protect the Intellectual Property that is material to the conduct of its business in a manner that is consistent with the value of such Intellectual Property.

5.7. Further Identification of Collateral. Each Loan Party will furnish to the Lender from time to time statements and schedules further identifying and describing the Collateral and such other reports in connection with the Collateral as the Lender may reasonably request, all in reasonable detail.

5.8. Defense of Title. Each Loan Party warrants and will defend the right, title and interest of the Lender in and to all Collateral against all adverse claims and demands of all Persons whomsoever, subject to (x) the restrictions imposed by the Existing Agreements to the extent that such restrictions are valid and enforceable under the applicable Uniform Commercial Code and other Requirements of Law and (y) the rights of holders of any Permitted Lien.

5.9. Preservation of Collateral. Each Loan Party shall do all things necessary to preserve the Collateral so that the Collateral remains subject to a perfected security interest with the priority provided for such security interest under the Loan Documents. Without limiting the foregoing, each Loan Party will comply with all Applicable Laws, rules and regulations of any Governmental Authority applicable to such Loan Party or relating to the Collateral and will cause the Collateral to comply, with all Applicable Laws, rules and regulations of any such Governmental Authority, except where failure to so comply would not reasonably be expected to have a Material Adverse Effect.

5.10. [Intentionally Omitted].

5.11. Maintenance of Licenses. Except where the failure to do so could not reasonably be likely to have a Material Adverse Effect, the Borrower shall cause each North American Group Member to (i) maintain all licenses, permits, authorizations or other approvals necessary for such Loan Party to conduct its business and to perform its obligations under the Loan Documents, (ii) remain in good standing under the laws of the jurisdiction of its organization, and in each other jurisdiction where such qualification and good standing are necessary for the successful operation of such North American Group Member's business, and (iii) shall conduct its business in accordance with Applicable Law in all material respects.

5.12. [Intentionally Omitted].

5.13. OFAC. At all times throughout the term of this Agreement, each Loan Party and its Controlled Affiliates (a) shall be in full compliance with all applicable orders, rules, regulations and recommendations of OFAC and (b) shall not permit any Collateral to be maintained, insured, traded, or used (directly or indirectly) in violation of any United States statutes, rules or regulations, in a Prohibited Jurisdiction or by a Prohibited Person, and no lessee or sublessee shall be a Prohibited Person or a Person organized in a Prohibited Jurisdiction.

5.14. Investment Company. Each North American Group Member will conduct its operations in a manner which will not subject it to registration as an "investment company" as such term is defined in the Investment Company Act of 1940, as amended from time to time.

5.15. Further Assurances. (a) The Borrower shall, and shall cause each Group Member other than Excluded Subsidiaries to, from time to time execute and deliver, or cause to be executed and delivered, such additional instruments, certificates or documents, and take such actions, as the Lender may reasonably request for the purposes of implementing or effectuating the provisions of this Agreement and the other Loan Documents, or of more fully perfecting or renewing the rights of the Lender with respect to the Collateral (or with respect to any additions thereto or replacements or proceeds thereof or with respect to any other property or assets hereafter acquired by any applicable Group Member which may be deemed to be part of the

Collateral) pursuant hereto or thereto. Upon the exercise by the Lender of any power, right, privilege or remedy pursuant to this Agreement or the other Loan Documents that requires any consent, approval, recording, qualification or authorization of any Governmental Authority, the Borrower will execute and deliver, or will cause the execution and delivery of, all applications, certifications, instruments and other documents and papers that the Lender may be required to obtain from the Borrower or any applicable Group Member such governmental consent, approval, recording, qualification or authorization.

(b) In furtherance and not in limitation of the foregoing, until the earlier of (i) the ninetieth day after the Effective Date and (ii) the date on which the Borrower shall incur Excluded First Lien Indebtedness, the Borrower shall execute and deliver, or cause to be executed and delivered, replacement Collateral Documents (which may be amendments, restatements, modifications or supplements of or to the Collateral Documents executed and delivered by Borrower to Lender on the date hereof) as the Lender may reasonably request for the purposes of implementing or effectuating the provisions of this Agreement and the other Loan Documents, or of more fully perfecting or renewing the rights of the Lender with respect to the Collateral pursuant hereto and thereto.

5.16. Executive Privileges and Compensation. (a) During the Relevant Period, the Borrower shall comply with the following restrictions on executive privileges and compensation:

(i) the Borrower shall take all necessary action to ensure that its Specified Benefit Plans comply in all respects with the EESA, including, without limitation, the provisions of the Capital Purchase Program (as defined in the EESA) and the TARP Standards for Compensation and Corporate Governance, as implemented by any guidance or regulation thereunder, including the rules set forth in 31 C.F.R. Part 30, or any other guidance or regulations promulgated under the EESA, as the same shall be in effect from time to time (collectively, the “Compensation Regulations”), and shall not adopt any new Specified Benefit Plan (x) that does not comply therewith or (y) that does not expressly state and require that such Specified Benefit Plan and any compensation thereunder shall be subject to all relevant Compensation Regulations adopted, issued or released on or after the date any such Specified Benefit Plan is adopted. To the extent that the Compensation Regulations change, or are implemented, in a manner that requires changes to then-existing Specified Benefit Plans, the Borrower shall effect such changes to its Specified Benefit Plans as promptly as practicable after it has actual knowledge of such changes in order to be in compliance with this Section 5.16(a)(i) (and shall be deemed to be in compliance for a reasonable period within which to effect such changes);

(ii) the Borrower shall be subject to the limits on the deductibility of executive compensation imposed by section 162(m)(5) of the Code;

(iii) the Borrower shall not pay or accrue any bonus or incentive compensation to the Senior Employees, except as may be permitted under the EESA or the Compensation Regulations;

(iv) the Borrower shall not adopt or maintain any compensation plan that would encourage manipulation of its reported earnings to enhance the compensation of any of its employees;

(v) the Borrower shall maintain (A) the reductions contemplated by Section 6.17(e) of the Sellers' Disclosure Schedule to the Master Transaction Agreement and (B) unless otherwise consented to by the Treasury, all suspensions and other restrictions of contributions to Specified Benefit Plans that are in place or initiated as of the Effective Date; and

(vi) the Borrower shall otherwise comply with the provisions of the Capital Purchase Program and the TARP Standards for Compensation and Corporate Governance, as implemented by any guidance or regulation thereunder, including the rules set forth in 31 C.F.R. Part 30, including without limitation the prohibition on golden parachute and tax "gross up" payments, the requirement with respect to the establishment of a compensation committee of the board of directors, and the requirement that the Borrower provide certain disclosures to the Treasury and the Borrower's primary regulator.

At all times throughout the Relevant Period, the Lender shall have the right to require any Group Member to claw back any bonuses or other compensation, including golden parachutes, paid to any Senior Employees by any Group Member or GM Oldco Party in violation of any of the foregoing or of any of Section 5.16 of the DIP Credit Agreement.

(b) On or prior to September 15, 2009 and thereafter during the Relevant Period, the Borrower shall cause (i) its principal executive officer and principal financial officer, (or, in each case, a person acting in a similar capacity) and (ii) its compensation committee, as applicable, to provide the certifications to the Treasury and the Borrower's primary regulator required by the rules set forth in 31 C.F.R. Part 30. During the Relevant Period, the Borrower shall preserve appropriate documentation and records to substantiate such certification in an easily accessible place for a period not less than three years following the Maturity Date.

5.17. Aircraft. With respect to any private passenger aircraft or interest in such aircraft that is owned or held by the Borrower or any of its respective Subsidiaries on the Effective Date, such party shall demonstrate to the satisfaction of the Treasury that it is taking all reasonable steps to divest itself of such aircraft or interest. In addition, during the Relevant Period, the Borrower shall not acquire or lease any private passenger aircraft or interest in private passenger aircraft after the Effective Date.

5.18. Restrictions on Expenses. (a) At all times throughout the Relevant Period, the Borrower shall maintain and implement an Expense Policy, provide the Expense Policy to the Treasury and the Borrower's primary regulatory agency, and post the text of the Expense Policy on its Internet website, if the Borrower maintains a company website, and distribute the Expense Policy to all employees covered under the Expense Policy. Any material amendments to the Expense Policy shall require the prior written consent of the Treasury, and any material deviations from the Expense Policy, whether in contravention thereof or pursuant to waivers provided for thereunder, shall promptly be reported to the Treasury.

(b) The Expense Policy shall, at a minimum: (i) require compliance with all Requirements of Law, (ii) apply to the Borrower and all of its Subsidiaries, (iii) govern (A) the hosting, sponsorship or other payment for conferences and events, (B) travel accommodations and expenditures, (C) consulting arrangements with outside service providers, (D) any new lease or acquisition of real estate, (E) expenses relating to office or facility renovations or relocations, and (F) expenses relating to entertainment or holiday parties, (iv) provide for (x) internal reporting and oversight, and (y) mechanisms for addressing non-compliance with the Expense Policy, and (v) comply in all respects with the provisions of the Capital Purchase Program and the TARP Standards for Compensation and Corporate Governance, as implemented by any guidance or regulation thereunder, including the rules set forth in 31 C.F.R. Part 30.

5.19. Employ American Workers Act. During the Relevant Period, the Borrower shall comply, and the Borrower shall take all necessary action to ensure that its Subsidiaries comply, in all respects with the provisions of the EAWA, as applicable.

5.20. Internal Controls; Recordkeeping; Additional Reporting. (a) During the Relevant Period, the Borrower shall promptly establish internal controls to provide reasonable assurance of compliance in all material respects with each of the Borrower's covenants and agreements set forth in Sections 5.16, 5.17, 5.18, 5.19 and 5.20(b) hereof and shall collect, maintain and preserve reasonable records evidencing such internal controls and compliance therewith, a copy of which records shall be provided to the Lender promptly upon request. On the 15th day after the last day of each calendar quarter (or, if such day is not a Business Day, on the first Business Day after such day) commencing with the calendar quarter ending September 30, 2009, the Borrower shall deliver to the Lender (at its address set forth in Section 8.2) a report setting forth in reasonable detail (x) the status of implementing such internal controls and (y) the Borrower's compliance (including any instances of material non-compliance) with such covenants and agreements. Such report shall be accompanied by a certification duly executed by an SEO of the Borrower stating that such quarterly report is accurate in all material respects to the best of such SEO's knowledge, which certification shall be made subject to the requirements and penalties set forth in Title 18, United States Code, Section 1001.

(b) The Borrower shall use its reasonable best efforts to account for the use and expected use of the proceeds from the Loans. On the 15th day after the last day of each calendar quarter (or, if such day is not a Business Day, on the first Business Day after such day) commencing with the calendar quarter ending September 30, 2009, the Borrower shall deliver to the Lender (at its address set forth in Section 8.2) a report setting forth in reasonable detail the actual use of the proceeds from the Loans (to the extent not previously reported on to the Lender pursuant to Section 4.2). Such report shall be accompanied by a certification duly executed by an SEO of the Borrower that such quarterly report is accurate in all material respects to the best of such SEO's knowledge, which certification shall be made subject to the requirements and penalties set forth in Title 18, United States Code, section 1001.

(c) The Borrower shall collect, maintain and preserve reasonable records relating to the implementation of the Auto Supplier Support Program and all other Federal support programs provided to the Borrower or any of its Subsidiaries pursuant to the EESA, the use of the proceeds thereunder and the compliance with the terms and provisions of such

programs; provided that the Borrower shall have no obligation to comply with the foregoing in connection with any such program to the extent that such program independently requires, by its express terms, the Borrower to collect, maintain and preserve any records in connection therewith. The Borrower shall provide the Lender with copy of all such reasonable records promptly upon request.

5.21. Waivers. (a) For any Person who is a Loan Party as of the Effective Date and any Person that becomes a Loan Party after the Effective Date, the Borrower shall cause a waiver, in substantially the form attached hereto as Exhibit D-1, to be duly executed by such Loan Party and promptly delivered to the Treasury.

(b) For any Person who is an SEO as of the Effective Date and any Person that becomes an SEO after the Effective Date, the Borrower shall cause a waiver, in substantially the form attached hereto as Exhibit D-2, to be duly executed by such SEO, and promptly delivered to the Treasury.

(c) For any Person who is an SEO as of the Effective Date and any Person that becomes an SEO after the Effective Date, the Borrower shall cause a consent and waiver, in substantially the form attached hereto as Exhibit D-3, to be duly executed by such SEO, and promptly delivered to the Borrower (with a copy to the Treasury).

(d) For any Person who is a Senior Employee as of the Effective Date and any Person that becomes a Senior Employee after the Effective Date, the Borrower shall cause a waiver, in substantially the form attached hereto as Exhibit D-4, to be duly executed by such Senior Employee, and promptly delivered to the Treasury.

(e) For any Person who is a Senior Employee as of the Effective Date and any Person that becomes a Senior Employee after the Effective Date, the Borrower shall cause a consent and waiver, in substantially the form attached hereto as Exhibit D-5, to be duly executed by such Senior Employee, and promptly delivered to the Borrower (with a copy to the Treasury).

5.22. Modification of Canadian Facility Documents and VEBA Note Facility. (a) The Borrower shall notify the Lender in writing of the effectiveness of any amendments, supplements, or other modifications to the documents related to the Canadian Facility not less than five Business Days, if practicable, prior to the same becoming effective (or concurrently with notice thereof to the Canadian Lender, if the Borrower gives such notice fewer than five Business Days prior to the same becoming effective).

(b) Subject to the Intercreditor Agreement, the Borrower shall notify the Lender in writing of the effectiveness of any amendments, supplements, or other modifications to the documents related to the VEBA Note Facility not less than five Business Days, if practicable, prior to the same becoming effective (or concurrently with notice thereof to the VEBA, if the Borrower gives such notice fewer than five Business Days prior to the same becoming effective).

5.23. Additional Guarantors. Except as otherwise agreed to by the Lender, the Borrower shall cause each Domestic Subsidiary of a North American Group Member who becomes a Subsidiary after the Effective Date to become a Guarantor (each, an "Additional

Guarantor”) in accordance with Section 4.24 of the Guaranty, other than (i) Excluded Subsidiaries, (ii) any Subsidiaries of GM Canada, (iii) any Foreign 956 Subsidiary, (iv) any Other Foreign 956 Subsidiary and (v) any Non-U.S. Subsidiary owned in whole or in part by a Foreign 956 Subsidiary, except in the case of clauses (i) through (iv), any Subsidiaries that were guarantors under the DIP Credit Agreement or the Existing UST Term Loan Agreements.

5.24. [Intentionally Omitted].

5.25. Inspection of Property; Books and Records; Discussions. The Borrower shall, and shall cause each Group Member to, (a) except with respect to Excluded Subsidiaries, keep proper books of records and account in which full, true and correct entries in conformity with GAAP and all Requirements of Law shall be made of all dealings and transactions in relation to its business and activities, and (b) permit representatives of the Lender, the Special Inspector General of the Troubled Asset Relief Program or the Comptroller General of the United States to visit and inspect any of its properties and examine and make abstracts from any of its books and records and other data delivered to them pursuant to the Loan Documents at any reasonable time and as often as may reasonably be desired and to discuss the business, operations, properties and financial and other condition of the Group Members with officers and employees of the Group Members and with its independent certified public accountants.

5.26. SEC Reporting Requirements. Prior to the filing of a registration statement under the Securities Act, the Borrower shall file those reports contemplated to be filed by the Borrower pursuant to that certain no-action relief letter issued to GM Oldco by the SEC on or about the Effective Date.

5.27. Vitality Commitment. (a) Consistent with the Business Plan that the Borrower developed and the assumptions made in said plan, and taking note of the production commitments provided to the Canadian Lender and/or the Governments of Canada and Ontario, the Borrower agrees to use its commercially reasonable best efforts to ensure that the volume of manufacturing conducted in the United States is consistent with at least 90% of the level envisioned in that Business Plan, absent a material adverse change in its business or operating environment which would make the commitment outlined herein non-economic. In the event that such a material adverse change occurs, the Borrower agrees to use its commercially reasonable best efforts to ensure that the volume of United States manufacturing is the minimum variance from the Business Plan that is consistent with good business judgment and the intent of the commitment.

(b) The commitment set forth in Section 5.27(a) will remain in effect until the later of December 31, 2014 and the date on which all of its Loans from the Treasury have been repaid, provided that, in the event the Treasury has received total proceeds from debt repayments, preferred stock redemptions and common stock sales equal to the total dollar amount of all Treasury invested capital, then the commitments outlined herein shall no longer be in force.

5.28. Survival of TARP Covenants.

(a) The obligation of the Loan Parties to comply with the TARP Covenants shall survive during the Relevant Period or, in the case of Section 5.27, during the Vitality Commitment Period, notwithstanding the repayment in full of all the Loans and the other Obligations.

(b) Each Loan Party acknowledges that survival of the TARP Covenants was a material inducement to the Treasury entering into this Agreement and providing the Loans, and each Loan Party further acknowledges that it will not contest that the Treasury does not have an adequate remedy at law for a breach of the TARP Covenants and that the Treasury cannot be made whole by the payment of monetary damages. The Treasury is entitled to seek specific performance of the TARP Covenants and the appointment of a court-ordered monitor acceptable to the Treasury (and at the sole expense of the Borrower) to ensure compliance with the TARP Covenants. In addition, each Loan Party agrees that it (i) shall not oppose any motion for preliminary or permanent injunctive relief or any other similar form of expedited relief in an action by the Treasury to enforce the TARP Covenants on the ground that the Treasury has not sustained irreparable harm or on any other basis (other than a defense on the merits), and (ii) waives all defenses and counterclaims that may at any time be available to or be asserted by such Loan Party against the Treasury with respect to the enforceability of the TARP Covenants and/or the remedy of specific performance of the TARP Covenants. Each Loan Party submits to the jurisdiction of the United States District Court for the District of Columbia for purposes of enforcement of the TARP Covenants, and any appellate court therefrom, and consents that any such action or proceeding to enforce the TARP Covenants may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same.

5.29. [Intentionally Omitted.]

5.30. Intellectual Property. Each Loan Party shall use its best efforts to ensure that the Lender is obtaining through the Loan Documents sufficient rights and assets to enable a subsequent purchaser of the Collateral (subject to Permitted Liens) in a sale pursuant to its remedies under any Loan Document to manufacture vehicles of substantially the same quality and nature as those sold by the Borrower as of the date hereof, provided that such purchaser has access to reasonably common motor vehicle technologies and manufacturing capabilities appropriate for vehicles of such nature, and to market such vehicles through substantially similar channels as those employed by the Borrower.

5.31. Various Agreements. The Borrower shall at all times comply in all material respects with the Registration Rights Agreement and the Stockholders Agreement.

SECTION 6

NEGATIVE COVENANTS

Each Loan Party jointly and severally covenants and agrees that, so long as the Loans are outstanding and until payment in full of all Obligations, each Loan Party shall and shall cause each North American Group Member and each other applicable Person to comply with the following negative covenants:

6.1. Prohibition on Fundamental Changes. No North American Group Member shall, at any time, directly or indirectly, enter into any transaction of merger, consolidation or amalgamation, or liquidate, wind up or dissolve itself (or suffer any liquidation, winding up or dissolution) or Dispose of all or substantially all of its Property without the Lender's prior consent, provided that, (a) any North American Group Member may merge with, consolidate with, amalgamate with, or Dispose of all or substantially all of its Property (and thereafter wind up or dissolve itself) to, (i) another North American Group Member or (ii) any other Person pursuant to the Transaction Documents; provided that (A) such action does not result in the material diminishment of the Collateral, (B) (x) in the case of a merger, consolidation or amalgamation with or into the Borrower, the Borrower shall be the continuing or surviving entity or, in the event that the Borrower is not the continuing or surviving entity, (1) the surviving entity expressly assumes the obligations of the Borrower under the Loan Documents and the VEBA Note Facility and (2) the surviving entity is organized under the laws of a State in the United States, and (y) in the case of a merger, consolidation or amalgamation with or into any Guarantor, such Guarantor shall be the continuing or surviving entity or, in the event that such Guarantor is not the continuing or surviving entity, (1) the surviving entity expressly assumes the obligations of such Guarantor under the Loan Documents and the VEBA Note Facility or promptly after the consummation of such transaction, the continuing or surviving corporation shall become a Guarantor, and (2) the surviving entity is organized under the laws of a State in the United States, and (C) any Guarantor may otherwise merge, consolidate, amalgamate into or divest of all or substantially all of its Property only to another Loan Party.

6.2. [Intentionally Omitted].

6.3. [Intentionally Omitted].

6.4. Limitation on Liens. None of the Borrower, any U.S. Subsidiary, nor any Structured Financing Subsidiary (other than any other Excluded Subsidiary) will, create, incur, assume or suffer to exist any Lien upon any of its Property, whether now owned or hereafter acquired, except Permitted Liens.

6.5. Restricted Payments. No North American Group Member shall, (i) declare or pay any dividend (other than dividends payable solely in common Capital Stock of the Person making such dividend) on, or make any payment on account of, or set apart assets for a sinking or other analogous fund for, the purchase, redemption, defeasance, retirement or other acquisition of any Capital Stock of any North American Group Member, whether now or hereafter outstanding, or make any other distribution in respect thereof, either directly or

indirectly, whether in cash or property or in obligations of any North American Group Member or (ii) optionally prepay, repurchase, redeem or otherwise optionally satisfy or defease with cash or Cash Equivalents any Indebtedness (other than any Permitted Indebtedness in accordance with this Agreement) (any such payment referred to in clauses (i) and (ii), a “Restricted Payment”), other than:

(a) redemptions, acquisitions or the retirement for value or repurchases (or loans, distributions or advances to effect the same) of shares of Capital Stock from current or former officers, directors, consultants and employees, including upon the exercise of stock options or warrants for such Capital Stock, or any executive or employee savings or compensation plans, or, in each case to the extent applicable, their respective estates, spouses, former spouses or family members or other permitted transferees;

(b) any Subsidiary (including an Excluded Subsidiary) may make Restricted Payments to its direct parent or to the Borrower or any Guarantor that is a Wholly Owned Subsidiary;

(c) any JV Subsidiary may make Restricted Payments required or permitted to be made pursuant to the terms of the joint venture arrangements in effect on the Effective Date (or otherwise as approved by the Lender) to holders of its Capital Stock, provided that, the Borrower and its Subsidiaries have received their *pro rata* portion of such Restricted Payments;

(d) any Subsidiary that is not a North American Group Member may make Restricted Payments to any other Subsidiary or Subsidiaries that are not North American Group Members;

(e) [intentionally omitted];

(f) the Borrower may make Restricted Payments so long as (i) no Default or Event of Default shall have occurred and be continuing at the time of such payment and (ii) immediately prior to and after giving effect to such Restricted Payment, the Consolidated Leverage Ratio shall be less than 3.00 to 1.00; and

(g) the Borrower may make Restricted Payments in respect of preferred Capital Stock of the Borrower to the holders thereof.

6.6. Amendments to Transaction Documents. No North American Group Member shall (a) amend, supplement or otherwise modify (pursuant to a waiver or otherwise) the terms and conditions of the indemnities and licenses furnished to the Borrower and its successors or any of its Subsidiaries pursuant to the Transaction Documents (other than as specifically contemplated thereby) such that after giving effect thereto such indemnities or licenses, taken as a whole, shall be materially less favorable to the interests of the Borrower and its successors and Subsidiaries or the Lender with respect thereto or (b) otherwise amend, supplement or otherwise modify the terms and conditions of the Transaction Documents (other than as specifically contemplated thereby) in such a manner as could reasonably be expected to increase the consideration or obligations owed by the Borrower as “Buyer” thereunder to the Sellers.

6.7. [Intentionally Omitted].

6.8. Negative Pledge. No U.S. Subsidiary (other than an Excluded Subsidiary) shall, enter into or suffer to exist or become effective any agreement that prohibits or limits the ability of any North American Group Member to create, incur, assume or permit to exist any Lien upon any of the Collateral, whether now owned or hereafter acquired, other than this Agreement, the other Loan Documents, the Existing Agreements, and Permitted Liens; provided that the agreements excepted from the restrictions of this Section shall include customary negative pledge clauses in agreements providing refinancing Indebtedness or permitted unsecured Indebtedness.

6.9. Indebtedness. No North American Group Member nor any Structured Financing Subsidiary that is a Domestic Subsidiary shall create, incur, assume or suffer to exist any Indebtedness except Permitted Indebtedness.

6.10. [Intentionally Omitted].

6.11. [Intentionally Omitted].

6.12. Limitation on Sale of Assets. Subject to any other applicable provision of any Loan Document, each North American Group Member shall have the right to Dispose freely of any of its Property (including, without limitation, receivables and leasehold interests) whether now owned or hereafter acquired; provided that, to the extent required, the Net Cash Proceeds thereof are applied in accordance with Section 2.5.

6.13. Restrictions on Pension Plans. (a) During the Relevant Period, and except by operation of law, no Loan Party or ERISA Affiliate shall increase any pecuniary or other benefits obligated or incurred by any Plan nor shall any Loan Party or ERISA Affiliate provide for other ancillary benefits or lump sum benefits that would be funded by the assets held by any Plan other than benefits due in accordance with Plan terms as of the Effective Date.

(b) Notwithstanding the foregoing, the prohibitions on benefit increases under Section 6.13(a) shall not apply to (i) the creation or payment of any obligations associated with any plant shutdowns, permanent layoffs, attrition programs, or other workforce reduction programs after the Effective Date and (ii) a benefit that was not in effect under the terms of a Plan on December 31, 2008 if the Lender approves such benefit increase and, in the case of each of clause (i) and (ii) above, at the time of such benefit increase and taking into account such benefit increase, each Plan of the Borrower and each Plan of each of its ERISA Affiliates is fully funded. In addition, during the Relevant Period, the Borrower agrees that no contribution under section 206(g)(1)(B), 206(g)(2)(B), or 206(g)(4)(B) of ERISA shall be made to any Plan.

(c) During the Relevant Period, the Borrower shall comply with the provisions of this Section 6.13. This Section 6.13 shall survive termination of this Agreement and satisfaction of all Obligations thereunder.

6.14. [Intentionally Omitted].

6.15. [Intentionally Omitted].

6.16. Clauses Restricting Subsidiary Distributions. The Borrower will not, and will not permit any Guarantor to, enter into or suffer to exist or become effective any consensual encumbrance or restriction on the ability of any such Guarantor to (a) make Restricted Payments in respect of any Capital Stock of such Guarantor held by, or pay any Indebtedness owed to, the Borrower or any Guarantor, (b) make loans or advances to, or other Investments in, the Borrower or any Guarantor or (c) transfer any of its assets to the Borrower or any Guarantor, except, in the case of each of clauses (a), (b) and (c) above, for such encumbrances or restrictions existing under or by reason of (i) any restrictions existing under the Loan Documents and the VEBA Note Facility and, solely with respect to GM Canada and its Subsidiaries, the Canadian Facility, (ii) any restrictions with respect to a Guarantor imposed pursuant to an agreement that has been entered into in connection with the Disposition of all or substantially all of the Capital Stock or assets of such Guarantor, (iii) any agreement or instrument governing Indebtedness assumed in connection with the acquisition of assets by the Borrower or any Guarantor permitted hereunder or secured by a Lien encumbering assets acquired in connection therewith, which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person or the properties or assets of the Person so acquired, (iv) restrictions on the transfer of assets subject to any Lien permitted by Section 6.4 imposed by the holder of such Lien or on the transfer of assets subject to a Disposition permitted by Section 6.12 imposed by the acquirer of such assets, (v) provisions in joint venture agreements and other similar agreements (in each case relating solely to the respective joint venture or similar entity or the Capital Stock therein) entered into in the ordinary course of business, (vi) restrictions contained in the terms of any agreements governing purchase money obligations, Capital Lease Obligations or Attributable Obligations not incurred in violation of this Agreement, provided that, such restrictions relate only to the Property financed with such Indebtedness, (vii) restrictions contained in any Existing Agreement, (viii) restrictions contained in any agreement relating to any Indebtedness to the extent permitted by the provisions of any Excluded First Lien Indebtedness or Additional First Lien Indebtedness, (ix) restrictions on cash or other deposits imposed by customers under contracts or other arrangements entered into or agreed to in the ordinary course of business, (x) customary non-assignment provisions in leases, contracts, licenses and other agreements entered into in the ordinary course of business and consistent with past practices (including past practices of the GM Oldco Parties, as applicable), or (xi) any amendments, modifications, restatements, increases, supplements, refundings, replacements, or refinancings of the contracts, instruments or obligations referred to in clauses (i) through (x) above; provided, however, that the provisions relating to such encumbrance or restriction contained in any such amendment, modification, restatement, increase, supplement, refunding, replacement, or refinancing are not materially less favorable, taken as a whole, to the Group Members and the Lender than the provisions relating to such encumbrance or restriction contained in agreements referred to in such clause.

6.17. [Intentionally Omitted].

6.18. [Intentionally Omitted].

6.19. [Intentionally Omitted].

6.20. Conflict with Canadian Facility. Notwithstanding anything to the contrary herein, nothing contained in this Section 6 shall restrict, limit or otherwise prohibit GM Canada or any of its Canadian Subsidiaries from complying with any payment obligation or any other affirmative obligation under the Canadian Facility.

6.21. [Intentionally Omitted].

6.22. Conflict with VEBA Note Facility. Notwithstanding anything to the contrary herein, nothing contained in this Section 6 shall restrict, limit or otherwise prohibit the Borrower or any of its Subsidiaries from complying with any payment obligation or any other affirmative obligation under the VEBA Note Facility.

SECTION 7

EVENTS OF DEFAULT

7.1. Events of Default. Each of the following events shall constitute an "Event of Default", provided that any requirement for the giving of notice, the lapse of time, or both, has been satisfied:

- (a) the Borrower shall default in the payment of any principal of or interest on the Loans when due (whether at stated maturity, upon acceleration or pursuant to Section 2.5), provided however, that the Borrower shall have five Business Days' grace period for the payment of interest hereunder; or
- (b) any Guarantor shall default in its payment obligations under the Guaranty; or
- (c) any Loan Party shall default in the payment of any other amount payable by it hereunder or under any other Loan Document after notification by the Lender of such default, and such default shall have continued unremedied for five Business Days; or
- (d) any North American Group Member shall breach any applicable covenant contained in Section 5.16 (Executive Privileges and Compensation), Section 5.17 (Aircraft), Section 5.18 (Restrictions on Expenses), Section 5.19 (Employ American Workers Act), Section 5.20 (Internal Controls; Recordkeeping; Additional Reporting), Section 5.21 (Waivers), or Section 6 hereof; or
- (e) any North American Group Member shall default in performance of or otherwise breach non-payment obligations or covenants under any of the Loan Documents not covered by another clause in this Section 7, and such default has not been remedied within the applicable grace period provided therein, or if no grace period, within 30 calendar days; or
- (f) any representation, warranty or certification made or deemed made herein or in any other Loan Document by any North American Group Member or any certificate furnished to the Lender pursuant to the provisions hereof or thereof, shall prove to have been false or misleading in any material respect as of the time made or furnished; or
- (g) [intentionally omitted]; or

(h) [intentionally omitted]; or

(i) [intentionally omitted]; or

(j) any Material North American Group Member shall (i) apply for or consent to the appointment of, or the taking of possession by, a receiver, interim receiver, receiver and manager, custodian, trustee, interim trustee, examiner or liquidator of itself or of all or a substantial part of its directly-owned property, (ii) make a general assignment for the benefit of its creditors, (iii) commence a voluntary case under the Bankruptcy Code, (iv) file a petition seeking to take advantage of any other law relating to bankruptcy, insolvency, reorganization, liquidation, dissolution, arrangement or winding-up, or composition or readjustment of debts, (v) fail to controvert in a timely and appropriate manner, or acquiesce in writing to, any petition filed against it in an involuntary case under the Bankruptcy Code, (vi) take any corporate or other action for the purpose of effecting any of the foregoing, or (vii) generally fail to pay the Borrower's or such Material North American Group Member's (as applicable) debts as they become due; or

(k) [intentionally omitted]; or

(l) [intentionally omitted]; or

(m) [intentionally omitted]; or

(n) a judgment or judgments as to any obligation for the payment of money in excess of \$100,000,000 in the aggregate (to the extent that it is, in the reasonable determination of the Lender, uninsured and provided that any insurance or other credit posted in connection with an appeal shall not be deemed insurance for these purposes) shall be rendered against any North American Group Member by one or more courts, administrative tribunals or other bodies having jurisdiction over them and the enforcement thereof shall not be stayed (by operation of law, the rules or orders of a court with jurisdiction over the matter or by consent of the party litigants) for ten calendar days; or there shall be rendered against any North American Group Member a non-monetary judgment that causes or would reasonably be expected to cause a Material Adverse Effect on the ability of the Loan Parties (taken as a whole) to perform their obligations under the Loan Documents and the enforcement thereof shall not be stayed (by operation of law, the rules or orders of a court with jurisdiction over the matter or by consent of the party litigants) for ten calendar days; or

(o) [intentionally omitted]; or

(p) any Loan Document shall for whatever reason be terminated, the Loan Documents shall cease to create a valid security interest in any of the Collateral purported to be covered hereby or thereby, or any North American Group Member's material obligations under the Loan Documents (including the Borrower's Obligations hereunder) shall cease to be in full force and effect, or the enforceability thereof shall be contested by any North American Group Member; or

(q) the filing of a motion, pleading or proceeding by any of the other Loan Parties which could reasonably be expected to result in a material impairment of the rights or

interests of the Lender under any Loan Document, or a determination by a court with respect to a motion, pleading or proceeding brought by another party that results in a material impairment of the rights or interests of the Lender under any Loan Document; or

(r) [intentionally omitted]; or

(s) [intentionally omitted]; or

(t) (i) any Person shall engage in any "prohibited transaction" (as defined in Section 406 of ERISA or Section 4975 of the Code) involving any Plan, or any other ERISA Event shall occur, (ii) any failure to meet the minimum funding standards of Section 302 of ERISA, whether or not waived, shall exist with respect to any Plan or any Lien in favor of the PBGC with respect to any such Plan shall arise on the assets of any North American Group Member or any ERISA Affiliate, (iii) a Reportable Event shall occur with respect to, or proceedings shall commence to have a trustee appointed, or a trustee shall be appointed, to administer or to terminate, any Plan, which Reportable Event or commencement of proceedings or appointment of a trustee is, in the reasonable opinion of the Lender, likely to result in the termination of such Plan for purposes of Title IV of ERISA, (iv) any Plan shall terminate for purposes of Title IV of ERISA, (v) any North American Group Member or any ERISA Affiliate shall, or in the reasonable opinion of the Lender is likely to, incur any liability in connection with a withdrawal from, or the Insolvency or reorganization of, a Multiemployer Plan, (vi) any labor union or collective bargaining unit shall engage in a strike or other work stoppage, (vii) the assets of any North American Group Member shall be treated as plan assets under 29 C.F.R. 2510.3-101 as amended by section 3(42) of ERISA, or (viii) any other event or condition shall occur or exist with respect to a Plan; and in each case in clauses (i) through (viii) above, such event or condition, together with all other such events or conditions, if any, could reasonably be expected to have a Material Adverse Effect; or

(u) any Change of Control shall have occurred without the prior consent of the Lender; or

(v) any North American Group Member shall grant, or suffer to exist, any Lien on any Collateral other than Permitted Liens; or the Liens contemplated under the Loan Documents shall cease to be perfected Liens on the Collateral in favor of the Lender of the requisite priority hereunder with respect to such Collateral (subject to the Permitted Liens); or

(w) [intentionally omitted]; or

(x) any Governmental Authority or any person, agency or entity acting or purporting to act under governmental authority shall have taken any action to condemn, seize or appropriate, or to assume custody or control of, all or any substantial part of the Collateral, or (except with respect to any Permitted Holder in its capacity as a Permitted Holder) shall have taken any action to displace the management of any North American Group Member or to curtail its authority in the conduct of the business of any Loan Party, and such action provided for in this subsection (x) shall not have been discontinued or stayed within 30 days; or

(y) [intentionally omitted]; or

(z) [intentionally omitted]; or

(aa) a custodian, receiver, conservator, liquidator, trustee or similar official for any Material North American Group Member, or of any of its directly-owned Property (as a debtor or creditor protection procedure), is appointed or takes possession of such directly-owned Property; or any Material North American Group Member is adjudicated bankrupt or insolvent; or an order for relief is entered under the Bankruptcy Code, or any successor or similar applicable statute, or any administrative insolvency scheme, against any Loan Party; or any of its directly-owned Property is sequestered by court or administrative order; or a petition is filed against any Material North American Group Member under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution, moratorium, delinquency or liquidation law of any jurisdiction, whether now or subsequently in effect, and such petition is not dismissed within 60 days; or

(bb) any Loan Party shall admit its inability to, or intention not to, perform any of such party's material Obligations hereunder; or

(cc) GM Canada shall (i) default in making any payment of any principal of any Indebtedness under the Canadian Facility on the scheduled or original due date with respect thereto; or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the Canadian Facility; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness (other than a breach of the COCA (as defined in the Canadian Facility)) or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist (other than a breach of the COCA (as defined in the Canadian Facility)), the effect of which default or other event or condition is to cause, or to permit the holder or beneficiary of such Indebtedness (or a trustee or agent on behalf of such holder or beneficiary) to cause, with the giving of notice if required, such Indebtedness to become due prior to its stated maturity or to become subject to a mandatory offer to purchase by the obligor thereunder or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; or

(dd) the Borrower shall (i) default in making any payment of any principal of any Indebtedness under the VEBA Note Facility on the scheduled or original due date with respect thereto; or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the VEBA Note Facility; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist, the effect of which default or other event or condition is to cause, or to permit the holder or beneficiary of such Indebtedness (or a trustee or agent on behalf of such holder or beneficiary) to cause, with the giving of notice if required, such Indebtedness to become due prior to its stated maturity or to become subject to a mandatory offer to purchase by the obligor thereunder or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; or

(ee) any North American Group Member shall (i) default in making any payment of any principal of any Indebtedness (including any Guarantee Obligation, but excluding the Loans, the Canadian Facility (other than a breach of the COCA (as defined in the

Canadian Facility)), and the VEBA Note Facility) on the scheduled or original due date with respect thereto; or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the instrument or agreement under which such Indebtedness was created; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness (including a breach of the COCA (as defined in the Canadian Facility)) or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist, the effect of which default or other event or condition is to cause such Indebtedness to become due prior to its stated maturity or to become subject to a mandatory offer to purchase by the obligor thereunder or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; provided that a default, event or condition described in clause (i), (ii) or (iii) of this paragraph (ee) shall not at any time constitute an Event of Default unless, at such time, one or more defaults, events or conditions of the type described in clauses (i), (ii) and (iii) of this paragraph (ee) shall have occurred and be continuing with respect to Indebtedness, the Outstanding Amount of which exceeds in the aggregate \$100,000,000.

7.2. Remedies upon Event of Default. (a) If any Event of Default occurs and is continuing, without limiting the rights and remedies available to the Lender under Applicable Law, the Lender may, by written notice to the Borrower, take any or all of the following actions, at the same or different times:

(i) declare the principal of and accrued interest on the outstanding Loans to be immediately due and payable;

(ii) set-off any amounts held in any accounts maintained by any Loan Party with respect to which the Lender is a party to a control agreement;

or

(iii) take any other action or exercise any other right or remedy (including, without limitation, with respect to the Liens in favor of the Lender) permitted under the Loan Documents or by Applicable Law.

(b) Notwithstanding the foregoing, if such event is an Event of Default specified in Section 7.1(j) or 7.1(aa) above with respect to the Borrower, automatically the Loans (with accrued interest thereon) and all other amounts owing under this Agreement and the other Loan Documents shall immediately become due and payable.

(c) For the avoidance of doubt, the Lender may in its discretion waive any Default, Event of Default or any right it may have to take any enforcement action as a consequence thereof. Except as expressly provided above in this Section 7.2 or required by law (and which cannot be waived), presentment, demand, protest and all other notices of any kind are hereby expressly waived by the Borrower.

SECTION 8

MISCELLANEOUS

8.1. Amendments and Waivers. (a) Neither this Agreement, any other Loan Document, nor any terms hereof or thereof may be amended, supplemented or modified except in accordance with the provisions of this Section 8.1 or as otherwise expressly provided herein. The Lender and the Borrower (on its own behalf and as agent on behalf of any other Loan Party party to the relevant Loan Document) may, from time to time, (i) enter into written amendments, supplements or modifications hereto and to the other Loan Documents for the purpose of adding any provisions to this Agreement or the other Loan Documents or changing in any manner the rights or obligations of the Lender or of the Loan Parties hereunder or thereunder or (ii) waive, on such terms and conditions as the Lender may specify in such instrument, any of the requirements of this Agreement or the other Loan Documents or any Default or Event of Default and its consequences.

(b) Any such waiver and any such amendment, supplement or modification shall be binding upon the Loan Parties, the Lender and all future holders of the Loans. In the case of any waiver, the Loan Parties and the Lender shall be restored to their former position and rights hereunder and under the other Loan Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon. Any such waiver, amendment, supplement or modification shall be effected by a written instrument signed by the parties required to sign pursuant to the foregoing provisions of this Section 8.1; provided that, delivery of an executed signature page of any such instrument by facsimile transmission shall be effective as delivery of a manually executed counterpart thereof.

8.2. Notices. (a) All notices, requests and demands to or upon the respective parties hereto to be effective shall be in writing (including by telecopy or electronic transmission), and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered, or three Business Days after being deposited in the mail, postage prepaid, or, in the case of telecopy notice or electronic transmission or overnight or hand delivery, when received, addressed as follows in the case of the Borrower and the Lender, or to such other address as may be hereafter notified by the respective parties hereto:

provided that any notice, request or demand to or upon the Lender shall not be effective until received.

(b) Notices and other communications to the Lender hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Lender in its sole discretion. The Lender or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

8.3. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

8.4. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Loan Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the making of the Loans and other extensions of credit hereunder.

8.5. Payment of Expenses. The Borrower agrees (a) to pay or reimburse the Lender for all its (i) reasonable out-of-pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Loan Documents and any other documents prepared in connection herewith or therewith, and the consummation and administration of the transactions contemplated hereby and thereby (including the reasonable out-of-pocket costs and expenses and professional fees of the advisors and counsel to the Lender), and (ii) costs and expenses incurred in connection with the enforcement or preservation of any rights or exercise of remedies under this Agreement, the other Loan Documents and any other documents prepared in connection herewith or therewith in respect of any Event of Default or otherwise, including the fees and disbursements of counsel (including the allocated fees and disbursements and other charges of in-house counsel) to the Lender, (b) to pay, indemnify, or reimburse the Lender for, and hold the Lender harmless from, any and all recording and filing fees and any and all liabilities with respect to, or resulting from any delay in paying such fees, if any, which may be payable or determined to be payable in connection with the execution and delivery of, or consummation or administration of any of the transactions contemplated by, or any amendment, supplement or modification of, or any waiver or consent under or in respect of, this Agreement, the other Loan Documents and any such other documents, and (c) to pay, indemnify or reimburse the Lender, its affiliates, and its and their respective officers, directors, partners, employees, advisors, agents, controlling persons and trustees (each, an "Indemnitee") for, and hold each Indemnitee harmless from and against any and all other liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever incurred by an Indemnitee or asserted against any Indemnitee by any third party or by the Borrower or any other Loan Party arising out of, in connection with, or as a result of, the execution or delivery of this Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto or thereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or

thereby, including any of the foregoing relating to the use or proposed use of proceeds of the Loans or the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations or assets of any Group Member, including any of the Mortgaged Properties, and the reasonable fees and expenses of legal counsel in connection with claims, actions or proceedings by any Indemnitee against any Loan Party under any Loan Document or any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by any third party or by the Borrower or any other Loan Party, and regardless of whether any Indemnitee is a party thereto (all the foregoing in this clause (c), collectively, the “Indemnified Liabilities”), provided that the Borrower shall have no obligation hereunder to any Indemnitee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities resulted from the gross negligence or willful misconduct of, in each case as determined by a final and nonappealable decision of a court of competent jurisdiction, such Indemnitee, any of its affiliates or its or their respective officers, directors, partners, employees, agents or controlling persons. No Indemnitee shall be liable for any damages arising from the use by unauthorized persons of information or other materials sent through electronic, telecommunications or other information transmission systems that are intercepted by such persons or for any special, indirect, consequential or punitive damages in connection with the Loans. Without limiting the foregoing, and to the extent permitted by Applicable Law, the Borrower agrees not to assert and to cause its Subsidiaries not to assert, and hereby waives and agrees to cause its Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 8.5 shall be payable not later than 30 days after written demand therefor. Statements payable by the Borrower pursuant to this Section 8.5 shall be submitted to the Treasurer of the Borrower as set forth in Section 8.2, or to such other Person or address as may be hereafter designated by the Borrower in a written notice to the Lender. The agreements in this Section 8.5 shall survive repayment of the Loans and all other amounts payable hereunder.

8.6. Successors and Assigns; Participations and Assignments. (a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto, all future holders of the Loans and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and the Lender may not assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 8.6.

(b) The Lender may assign or transfer to (i) prior to the occurrence of a Default or Event of Default which is continuing, one or more assignees (each, an “Assignee”) other than an Ineligible Acquirer and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any Assignee including an Ineligible Acquirer, all or a portion of its rights and obligations under this Agreement (including all or a portion of the Loans at the time owing to it), together with any related rights and obligations thereunder, in each case following notice to the Borrower but without the consent of the Borrower, pursuant to an Assignment and Assumption executed by the applicable Assignee and the Lender and delivered

to the Borrower for its records. The Borrower or its agent will maintain a register (“Register”) of the Lender and Assignees. The Register shall contain the names and addresses of the Lender and Assignees and the principal amount of the loans (and stated interest thereon) held by the Lender and each Assignee from time to time. The entries in the Register shall be conclusive and binding, absent manifest error. The Borrower shall enter into such amendments or other modifications to this Agreement and the other Loan Documents as are reasonably required to accommodate any such assignments, including, without limitation, amendments or modifications which provide for the accommodation of multiple lenders and the appointment of administrative and collateral agents for the Lender and such Assignees; provided that, such amendments or modifications do not materially increase the tax cost to the Borrower of maintaining the Loans.

(c) The Lender may sell participations in all or a portion of the Lender’s rights and obligations under this Agreement (including all or a portion of the Loans owing to it) (each, a “Participation”) to (i) prior to the occurrence of a Default or Event of Default which is continuing, one or more purchasers (each, a “Participant”) other than an Ineligible Acquirer, including one or more lenders or other Persons that provide financing to the Lender in the form of sales and repurchases of participations and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any Participant including an Ineligible Acquirer, all or a portion of its rights and obligations under this Agreement (including all or a portion of the Loans at the time owing to it), together with any related rights and obligations thereunder, in each case following notice to the Borrower but without the consent of the Borrower, provided that, in each case, (A) the Lender’s obligations under this Agreement shall remain unchanged, (B) the Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, (C) the Borrower shall continue to deal solely and directly with the Lender in connection with the Lender’s rights and obligations under this Agreement. Any agreement pursuant to which the Lender sells such a participation shall provide that the Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement may provide that the Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver that (1) reduces the amount of the Loans, extends the Maturity Date of the Loans or reduces the rate of interest or any fee of the Loans or extends the due date of any such rate or fee or (2) directly affects such Participant. Subject to this Section 8.6(c), the Borrower agrees that each Participant shall be entitled to the benefits of Section 2.10, 2.12 and 2.13 to the same extent as if it were the Lender and had acquired its interest by assignment pursuant to Section 8.6(b), provided that the Lender and all Participants shall be entitled to receive no greater amount in the aggregate pursuant to such Sections than the Lender would have been entitled to receive had no such transfer occurred unless such transfer occurs while an Event of Default shall have occurred and be continuing. To the extent permitted by law, and subject to this Section 8.6(c), each Participant also shall be entitled to the benefits of Section 8.7 as though it were the Lender. In the event that the Lender sells a participation in the Lender’s rights and obligations under this Agreement, the Lender, on behalf of Borrower, shall maintain a register on which it enters the name, address and interest in this Agreement of all Participants.

(d) For avoidance of doubt, the parties to this Agreement acknowledge that the provisions of this Section 8.6 concerning assignments of Loans relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests in Loans to (i) prior to the occurrence of a Default or an Event of Default which is continuing, one

or more pledgees other than an Ineligible Acquirer, and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any pledgee including any Ineligible Acquirer, including in each case, without limitation, any pledge or assignment by a Lender of any Loan to any Federal Reserve Bank in accordance with Applicable Law.

8.7. Set-off. In addition to any rights and remedies of the Lender provided by law, the Lender shall have the right, without prior notice to the Borrower, any such notice being expressly waived by the Borrower to the extent permitted by Applicable Law, upon all amounts owing hereunder becoming due and payable (whether at the stated maturity, by acceleration or otherwise) to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by the Lender or any branch or agency thereof to or for the credit or the account of the Borrower. The Lender agrees promptly to notify the Borrower after any such set-off and application made by the Lender; provided that, the failure to give such notice shall not affect the validity of such set-off and application.

8.8. Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Borrower and the Lender.

8.9. Severability. Any provision of this Agreement that is held to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating or rendering unenforceable the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

8.10. Integration. This Agreement and the other Loan Documents represent the entire agreement of the Borrower and the Lender with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Lender relative to the subject matter hereof not expressly set forth or referred to herein or in the other Loan Documents.

8.11. Governing Law. **THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.**

8.12. Submission to Jurisdiction; Waivers. All judicial proceedings brought against any Loan Party hereto arising out of or relating to this Agreement or any other Loan Document, or any Obligations hereunder and thereunder, may be brought in the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof. Each Loan Party hereto hereby irrevocably and unconditionally:

(a) submits for itself and its property in any such legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non-exclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to such party at its address set forth in Section 8.2 or at such other address of each Loan Party shall have been notified pursuant thereto; and

(d) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section 8.12 any special, exemplary, punitive or consequential damages.

8.13. Acknowledgments. The Loan Party hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Loan Documents;

(b) the Lender does not have any fiduciary relationship with or duty to any Group Member arising out of or in connection with this Agreement or any of the other Loan Documents, and the relationship between the Lender, on one hand, and any Group Member, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and

(c) no joint venture is created hereby or by the other Loan Documents or otherwise exists by virtue of the transactions contemplated hereby among the Borrower or any Subsidiary and the Lender.

8.14. Release of Guarantees. Notwithstanding anything to the contrary contained herein or in any other Loan Document, the Lender hereby agrees to take promptly, any action requested by the Borrower having the effect of releasing, or evidencing the release of, any guarantee by any Loan Party of the Obligations to the extent necessary to permit consummation of any transaction not prohibited by any Loan Document or that has been consented to in accordance with Section 8.1.

8.15. Confidentiality. The Lender agrees to keep confidential all non-public information provided to it by any Loan Party pursuant to this Agreement that is designated by such Loan Party as confidential; provided that nothing herein shall prevent the Lender from disclosing any such information (a) to any other Lender or its lending affiliates, (b) subject to an agreement to comply with the provisions of this Section 8.15 (or other provisions at least as restrictive as this Section), to any actual or prospective Transferee or any pledgee of Loans or any direct or indirect contractual counterparty (or the professional advisors thereto) to any swap

or derivative transaction relating to the Loan Party and its obligations (prior to the occurrence of a Default or Event of Default, to the extent not an Ineligible Acquirer), (c) to its affiliates, employees, directors, trustees, agents, attorneys, accountants and other professional advisors, or those of any of its affiliates for performing the purposes of a Loan Document, subject to the Lender advising such Person of the confidentiality provisions contained herein, (d) upon the request or demand of any Governmental Authority or regulatory agency (including self-regulated agencies) having jurisdiction (or purporting to have jurisdiction) over it upon notice (other than in connection with routine examinations or inspections by regulators) to the Borrower thereof unless such notice is prohibited or the Governmental Authority or regulatory agency shall require otherwise, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, after notice to the Borrower if reasonably feasible, and, if applicable, after exhaustion of the Group Members' rights and remedies under Section 1.6 of the Treasury Regulations, 31 C.F.R. Part 1, Subpart A; Sections 27-29 inclusive and 44 of the Access to Information Act, R.S.C., ch A-1 (1985) and Section 28 and Part IV (Sections 50-56 inclusive) of the Freedom of Information and Protection of Privacy Act, R.S.O., ch. F.31 (1990), after notice to the Borrower if reasonably feasible, (f) if requested or required to do so in connection with any litigation or similar proceeding, after notice to the Borrower if reasonably feasible, (g) that has been publicly disclosed, other than in breach of this Section, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about the Lender's investment portfolio in connection with ratings issued with respect to the Lender or (i) in connection with the exercise of any remedy hereunder or under any other Loan Document.

8.16. Waivers of Jury Trial. EACH OF THE LOAN PARTIES AND THE LENDER HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.

8.17. USA PATRIOT Act. The Lender hereby notifies the Borrower that pursuant to the requirements of the USA PATRIOT Act, it is required to obtain, verify and record information that identifies each Loan Party, which information includes the name and address of each Loan Party and other information that will allow the Lender to identify each Loan Party in accordance with the USA PATRIOT Act.

8.18. Effect of Amendment and Restatement of the Newco Credit Facility. On the Effective Date, the Newco Credit Facility shall be amended, restated and superseded in its entirety. The parties hereto acknowledge and agree that (a) this Agreement and the other Loan Documents, whether executed and delivered in connection herewith or otherwise, do not constitute a novation, payment and reborrowing, or termination of the "Obligations" (as defined in the Newco Credit Facility) under the Newco Credit Facility as in effect prior to the Effective Date and (b) such "Obligations" are in all respects continuing (as amended and restated hereby) with only the terms thereof being modified as provided in this Agreement.

[No further text on this page]

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their proper and duly authorized officers as of the day and year first above written.

Schedule 1.1G

Certain Excluded Subsidiaries

Material Litigation

Canadian Export Antitrust Class Actions

Approximately eighty purported class actions on behalf of all purchasers of new motor vehicles in the United States since January 1, 2001, have been filed in various state and federal courts against General Motors Corporation, General Motors of Canada Limited (GM Canada), Ford Motor Company, Chrysler, LLC, Toyota Motor Corporation, Honda Motor Co., Ltd., Nissan Motor Company, Limited, and Bavarian Motor Works and their Canadian affiliates, the National Automobile Dealers Association, and the Canadian Automobile Dealers Association. The federal court actions have been consolidated for coordinated pretrial proceedings under the caption *In re New Market Vehicle Canadian Export Antitrust Litigation Cases* in the U.S. District Court for the District of Maine, and the more than 30 California cases have been consolidated in the California Superior Court in San Francisco County under the case captions *Belch v. Toyota Corporation, et al.* and *Bell v. General Motors Corporation*. In the California state court cases, oral arguments on the plaintiffs' motion for class certification and defendants' motion in limine will be heard on April 21, 2009.

The nearly identical complaints alleged that the defendant manufacturers, aided by the association defendants, conspired among themselves and with their dealers to prevent the sale to U.S. citizens of vehicles produced for the Canadian market and sold by dealers in Canada. The complaints alleged that new vehicle prices in Canada are 10% to 30% lower than those in the United States, and that preventing the sale of these vehicles to U.S. citizens resulted in the payment of higher than competitive prices by U.S. consumers. The complaints, as amended, sought injunctive relief under U.S. antitrust law and treble damages under U.S. and state antitrust laws, but did not specify damages. The complaints further alleged unjust enrichment and violations of state unfair trade practices act. On March 5, 2004, the U.S. District Court for the District of Maine issued a decision holding that the purported indirect purchaser classes failed to state a claim for damages under federal antitrust law but allowed a separate claim seeking to enjoin future alleged violations to continue. The U.S. District Court for the District of Maine on March 10, 2006 certified a nationwide class of buyers and lessees under Federal Rule 23(b)(2) solely for injunctive relief, and on March 21, 2007 stated that it would certify 20 separate statewide class actions for damages under various state law theories under Federal Rule 23(b)(3), covering the period from January 1, 2001 to April 30, 2003. On October 3, 2007, the U.S. Court of Appeals for the First Circuit heard oral arguments on our consolidated appeal of the both class certification orders.

On March 28, 2008, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim. The U.S. Court of Appeals for the First

Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On remand, plaintiffs have again moved to certify a damages class, with argument on that motion projected for March, 2009.

On July 6, 2009, the United States District Court for the district of Maine granted summary judgment in favor of the defendants in the *In re New Market Vehicle Canadian Export Antitrust Litigation Cases*.

American Export Antitrust Class Actions

On September 25, 2007, a claim was filed in the Ontario Superior Court of Justice on behalf of a purported class of actual and intended purchasers of vehicles in Canada claiming that a similar alleged conspiracy was now preventing lower-cost U.S. vehicles from being sold to Canadians. No determination has been made that the case may be maintained as a class action, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

ERISA Class Actions

GMIMCo is one of numerous defendants in several purported class action lawsuits filed in March and April 2005 in the U.S. District Court for the Eastern District of Michigan, alleging violations of ERISA with respect to the Delphi company stock plans for salaried and hourly employees. The cases have been consolidated under the case caption *In re Delphi ERISA Litigation* in the Eastern District of Michigan for coordinated pretrial proceedings with other Delphi stockholder lawsuits in which GMIMCo is not named as a defendant. The complaints essentially allege that GMIMCo, a named fiduciary of the Delphi plans, breached its fiduciary duties under ERISA to plan participants by allowing them to invest in the Delphi Common Stock Fund when it was imprudent to do so, by failing to monitor State Street, the entity appointed by GMIMCo to serve as investment manager for the Delphi Common Stock Fund, and by knowingly participating in, enabling or failing to remedy breaches of fiduciary duty by other defendants. No determination has been made that a class action can be maintained against GMIMCo, and there have been no decisions on the merits of the claims. Delphi has reached a settlement of these cases that, if implemented, would provide for dismissal of all claims against GMIMCo related to this litigation without payment by GMIMCo. That settlement has been approved by both the District Judge in the Eastern District of Michigan and the Bankruptcy Judge in the Southern District of New York presiding over Delphi's bankruptcy proceeding. However, implementation of the settlement remains conditioned upon i)

the resolution of a pending appeal of the district court's approval and ii) the implementation of Delphi's plan of reorganization approved by the Bankruptcy Court. Accordingly, the disposition of the case remains uncertain, and it is not possible to determine whether liability is probable or the amount of damages, if any.

On March 8, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned *Young, et al. v. General Motors Investment Management Corporation, et al.* The case, brought by four plaintiffs who are alleged to be participants in the General Motors Savings-Stock Purchase Program for Salaried Employees and the General Motors Personal Savings Plan for Hourly-Rate Employees, purports to bring claims on behalf of all participants in these two plans as well as participants in the General Motors Income Security Plan for Hourly-Rate Employees and the Saturn Individual Savings Plan for Represented Members against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the Delphi Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

On April 12, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned *Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al.* The case was brought by a plaintiff who alleges that she is a participant in the Delphi Savings-Stock Purchase Program for Salaried Employees and purports to bring claims on behalf of all participants in that plan as well as participants in the Delphi Personal Savings Plan for Hourly-Rate Employees; the ASEC Manufacturing Savings Plan and the Delphi Mechatronic Systems Savings-Stock Purchase Program against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the GM Common Stock Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the

Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

On March 24, 2008 the U.S. District Court for the Southern District of New York granted GMIMCo's motions to dismiss *Young* and *Brewer* on statute of limitations grounds. Plaintiffs have appealed the dismissal in both cases. Oral argument in the consolidated appeal is scheduled for late March 2009.

No determination has been made that either case may be maintained as a class action. The scope of both actions is uncertain, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.¹

Asbestos Litigation

Like most automobile manufacturers, we have been subject in recent years to asbestos-related claims. We have used some products which incorporated small amounts of encapsulated asbestos. These products, generally brake linings, are known as asbestos-containing friction products. There is a significant body of scientific data demonstrating that these asbestos-containing friction products are not unsafe and do not create an increased risk of asbestos-related disease. We believe that the use of asbestos in these products was appropriate. A number of the claims are filed against us by automotive mechanics and their relatives seeking recovery based on their alleged exposure to the small amount of asbestos used in brake components. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or asbestos-containing friction products, and many of these other potential sources would place users at much greater risk. Most of these claimants do not have an asbestos-related illness and may not develop one. This is consistent with the experience reported by other automotive manufacturers and other end users of asbestos.

Two other types of claims related to alleged asbestos exposure that are asserted against us — locomotive and premises — represent a significantly lower exposure to liability than the automotive friction product claims. Like other locomotive manufacturers, we used a limited amount of asbestos in locomotive brakes and in the insulation used in some locomotives. (We sold our locomotive

¹ Note: After the Form 10-K was filed, the US Court of Appeals for the Second Circuit affirmed the dismissal in the *Young* and *Brewer* cases.

manufacturing business in 2005). These uses have been the basis of lawsuits filed against us by railroad workers seeking relief based on their alleged exposure to asbestos. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or locomotives. Many of these claimants do not have an asbestos-related illness and may never develop one. Moreover, the West Virginia and Ohio supreme courts have ruled that federal law preempts asbestos tort claims asserted on behalf of railroad workers. Such preemption means that federal law eliminates the possibility that railroad workers could maintain state law claims against us. In addition, a relatively small number of claims are brought by contractors who are seeking recovery based on alleged exposure to asbestos-containing products while working on premises owned by us. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us.

GM/OnStar Analog Equipment Litigation

We or our wholly-owned subsidiary OnStar Corporation or both of us are parties to more than 20 putative class actions filed in various states, including Michigan, Ohio, New Jersey, Pennsylvania and California. All of these cases have been consolidated for pretrial purposes in a multi-district proceeding under the caption *In re OnStar Contract Litigation* in the U.S. District Court for the Eastern District of Michigan. The litigation arises out of the discontinuation by OnStar of services to vehicles equipped with analog hardware. OnStar was unable to provide services to such vehicles because the cellular carriers which provide communication service to OnStar terminated analog service beginning in February 2008. In the various cases, the plaintiffs are seeking certification of nationwide or statewide classes of owners of vehicles currently equipped with analog equipment, alleging various breaches of contract, misrepresentation and unfair trade practices. This proceeding is in the early stages of development and has been stayed while the court considers the defendants' motions to dismiss the claims. Class certification motions have not been filed and the parties have completed minimal document discovery. It is not possible at this time to determine whether class certification or liability is probable as to GM or OnStar or to reasonably ascertain the amount of any recoverable damages.

Greenhouse Gas Lawsuit

In *California ex rel. Lockyer v. General Motors Corporation, et al.*, the California Attorney General brought suit against a group of major vehicle manufacturers including us for damages allegedly suffered by the state as a result of greenhouse gas emissions from the manufacturers' vehicles, principally based on a common law nuisance theory. On September 18, 2007, the U.S. District Court for the Northern District of California granted the defendants' motion to dismiss the complaint on the grounds that the

claim under the federal common law of nuisance raised non-justiciable political questions beyond the court's jurisdiction. The court also dismissed without prejudice the nuisance claim under California state law. Plaintiff filed an appeal with the U.S. Court of Appeals for the Ninth Circuit on October 16, 2007, and briefing is complete. Oral argument was set for March 10, 2009 but vacated at the request of the California Attorney General, citing the possibility that California may withdraw its case if greenhouse gas emissions are regulated by the U.S. government under the Clean Air Act.

Carbon Dioxide Emission Standard Litigation

In a number of cases, we and the Alliance of Automobile Manufacturers, the Association of International Automobile Manufacturers, Chrysler, various automobile dealers have brought suit for declaratory and injunctive relief from state legislation imposing stringent controls on new motor vehicle CO₂ emissions. These cases argue that such state regulation of CO₂ emissions is preempted by two federal statutes, the Energy Policy and Conservation Act and the Clean Air Act. The cases were brought against the CARB on December 7, 2004, in the U.S. District Court for the Eastern District of California (Fresno Division); against the Vermont Agency of Natural Resources and the Vermont Department of Environmental Conservation on November 18, 2005, in the U.S. District Court for the District of Vermont; and against the Rhode Island Department of Environmental Management on February 13, 2006, in the U.S. District Court for the District of Rhode Island.

On September 12, 2007, the U.S. District Court for the District of Vermont issued an order rejecting plaintiffs' argument and dismissing the complaint. The industry plaintiffs, including us, have appealed to the U.S. Court of Appeals for the Second Circuit. On December 12, 2007, the U.S. District Court for the Eastern District of California issued an order granting summary judgment in favor of the defendant State of California and interveners on industry's claims related to federal preemption. The court did not lift the order enjoining California from enforcing the AB 1493 Rules in the absence of an EPA waiver. The industry's response to the ruling is under consideration. A related challenge in the California Superior Court in Fresno is pending. On December 21, 2007, the U.S. District Court for the District of Rhode Island denied the state's motion to dismiss the industry challenge and announced steps for the case to proceed to trial. Also on December 27, 2007, several New Mexico auto dealers filed a federal legal challenge to adoption of the standards in that state.

Financial Assurance Enforcement

The EPA has notified us that they intend to bring an administrative enforcement action for alleged historic failures to comply with the RCRA's annual financial assurance requirements. We anticipate that the EPA will seek penalties exceeding \$100,000.

Canadian Export Antitrust Class Actions

With respect to the previously reported antitrust class action consolidated in the U.S. District Court for the District of Maine, captioned *In re New Market Vehicle Canadian Export Antitrust Litigation Cases*, and the more than 30 California cases consolidated in the California Superior Court in San Francisco County under the case captions *Belch v. Toyota Corporation, et al.* and *Bell v. General Motors Corporation*, oral arguments on the plaintiffs' motion for class certification and defendants' motion in limine was heard on April 21, 2009 for the California state court cases.

Also, as previously reported, the U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On remand, plaintiffs have again moved to certify a damages class, and defendants again moved for summary judgment and to strike plaintiffs' economic expert. Oral arguments on the summary judgment motions and motion to strike were heard on March 6, 2009.

Patent Infringement Litigation

On December 23, 2008, *Kruse Technology Partnership v. General Motors Corporation* was filed in the U.S. District Court for the Central District of California. In *Kruse*, the plaintiff alleges that we infringe four U.S. patents related to "Internal Combustion Engine with Limited Temperature Cycle" by making and selling Duramax diesel engines, which embody its patented technology. The plaintiff has informed us that it believes that its royalty damages would be significantly more than \$100 million.

On April 14, 2009, *Kruse Technology Partnership v. DMAX, Ltd.* was filed in the U.S. District Court for the Central District of California. The defendant DMAX is a joint venture with Isuzu that is 60% owned by GM and that manufactures and assembles the mechanical and other components of Duramax diesel engines for sale to GM. The plaintiff alleges that DMAX infringes three U.S. patents related to "Internal Combustion Engine with Limited Temperature Cycle" by making and selling Duramax diesel engines. The complaint requests damages and an injunction. DMAX is defending *Kruse* on several grounds, including non-infringement and invalidity of the patents.

Schedule 3.25 – List of Items

Item 1:	GMC Utility and Design Patents and Applications – U.S.
Item 2:	GTO Utility and Design Patents and Applications – U.S.
Item 3:	GMC Utility and Design Patents and Applications – Non-U.S.
Item 4:	GTO Utility and Design Patents and Applications – Non-U.S.
Items 5(a)-(b):	GMC-GTO Jointly-Owned Patents and Applications – Worldwide
Item 6:	GME-Filed Design Patents and Applications (GTO-Owned)
Items 7(a)-(b):	GMDAT-Filed Utility and Design Patents and Applications (GTO-Owned)
Items 8(a)-(b):	Holden-Filed Design Patents and Applications (GTO-Owned) – Australia & New Zealand
Item 9:	GMC Trademark Applications and Registrations – Worldwide
Item 10:	Saturn Trademark Applications and Registrations – Worldwide
Item 11:	Onstar Trademark Applications and Registrations – Worldwide
Item 12(a)-(c):	Holden-Filed Trademark Applications and Registrations (GMC-Owned) – Worldwide
Items 13(a)-(d):	Key Foreign Trademarks – Australia
Items 14(a)-(c):	Key Foreign Trademarks – Brazil
Items 15(a)-(c):	Key Foreign Trademarks – Canada
Items 16(a)-(c):	Key Foreign Trademarks – Germany
Items 17(a)-(d):	Key Foreign Trademarks – Italy
Items 18(a)-(d):	Key Foreign Trademarks – South Korea
Items 19(a)-(d):	Key Foreign Trademarks – Japan
Items 20(a)-(c):	Key Foreign Trademarks – Mexico
Items 21(a)-(d):	Key Foreign Trademarks – New Zealand
Items 22(a)-(d):	Key Foreign Trademarks – Russia
Items 23(a)-(c):	Key Foreign Trademarks – Spain
Items 24(a)-(d):	Key Foreign Trademarks – United Kingdom
Items 25(a)-(c):	Key Foreign Trademarks – European Community
Item 26(a)-(c):	Copyrights
