Section 3.5 Payment of Taxes, etc. Mortgagor shall pay or cause to be paid, as the same become due and payable, all (i) real estate and personal property taxes, assessments, water rates or sewer rents, now or hereafter levied or assessed or imposed against the Property or part thereof (collectively, the "Taxes") and (ii) ground rents, maintenance charges, impositions and any other charges, including, without limitation, vault charges and license fees for the use of vaults, chutes and similar areas adjoining the Property, now or hereafter levied or assessed or imposed against the Property or any part thereof (collectively, the "Other Charges"). At Lender's request, Mortgagor shall furnish to Lender receipts, or other evidence of the payment of the Taxes and the Other Charges prior to the date the same shall become delinquent. Mortgagor shall not suffer and shall promptly cause to be paid and discharged any Lien or charge (other than Permitted Encumbrances) which may be or become a Lien or charge against the Property, and shall promptly pay for all utility services provided to the Property (provided however this applies only to utility services the failure to pay could result in the creation of a lien that has a Material Adverse Effect). After prior written notice to Lender, Mortgagor, at its own expense, may contest by appropriate legal proceeding, promptly initiated and conducted in good faith and with due diligence, the amount or validity or application in whole or in part of any Taxes or Other Charges, other than ground rent, provided that (i) no Event of Default has occurred and remains uncured; (ii) such proceeding shall be permitted under and be conducted in accordance with the provisions of any other instrument to which Mortgagor is subject and shall not constitute a default thereunder and such proceeding shall be conducted in accordance with all Requirements of Laws; (iii) neither the Property nor any part thereof or interest therein will be in danger of being sold, forfeited, terminated, cancelled or lost; (iv) Mortgagor shall promptly upon final determination thereof pay the amount of any such Taxes or Other Charges, together with all costs, interest and penalties which may be payable in connection therewith; (v) such proceeding shall suspend the collection of such contested Taxes or Other Charges from the Property; and (vi) Mortgagor shall furnish such security as may be required in the proceeding to insure the payment of any such Taxes or Other Charges, together with all interest and penalties thereon.

Section 3.6 Maintenance and Use of Property. Mortgagor shall cause the Property to be maintained in a good and safe condition and as otherwise required under the terms of the Credit Agreement. The Improvements and the Personal Property shall not be removed, demolished or materially altered or expanded (except for normal replacement of the Personal Property) in any respect that could reasonably be expected to have a Material Adverse Effect without the consent of Lender, which consent shall not be unreasonably withheld, conditioned or delayed. Mortgagor shall not initiate, join in, acquiesce in, or consent to any change in any private restrictive covenant, zoning law or other public or private restriction, limiting or defining the uses which may be made of the Property or any part thereof if doing so would have a Material Adverse Effect. If under applicable zoning provisions the use of all or any portion of the Property is or shall become a nonconforming use, Mortgagor will not cause or permit the nonconforming use to be discontinued or the nonconforming Improvement to be abandoned if doing so would have a Material Adverse Effect.

Section 3.7 Waste. Mortgagor shall not commit or suffer any intentional physical waste of the Property or make any change in the use of the Property which will in any way materially increase the risk of fire or other hazard arising out of the operation of the Property, or take any action that might invalidate or give cause for cancellation of any insurance policy related to the Property, or do or permit to be done thereon anything that may in any way materially impair the value of the Property or the security of this Security Instrument in any, material respect. Mortgagor will not, without the prior written consent of Lender, permit any drilling or exploration for or extraction, removal, or production of any minerals from the surface or the subsurface of the Land, regardless of the depth thereof or the method of mining or extraction thereof.

Section 3.8 Payment for Labor and Materials. Mortgagor will pay when due all bills and costs for labor, materials, and specifically fabricated materials incurred in connection with the Property in accordance with the requirements of Section 5.4 of the Credit Agreement unless such bills and costs are being contested in accordance with Section 5.4 of the Credit Agreement.

Section 3.9 Performance of Other Agreements. Mortgagor shall observe and perform each and every term to be observed or performed by Mortgagor pursuant to the terms of any of the Loan Documents given by Mortgagor to Lender for the purpose of further securing the Obligations, and any amendments, modifications or changes thereto. Mortgagor shall observe and perform all of its obligations under any agreement or recorded instrument affecting or pertaining to the Property, the failure of which, if not observed or performed, could reasonably be expected to have a Material Adverse Effect.

Section 3.10 Change of Name, Identity or Structure. If Mortgagor shall (i) change the location of its chief executive office/chief place of business from that set forth in the introductory paragraph hereof, (ii) change its name, identity or corporate structure (or the equivalent) or change the location where it maintains records with respect to the Property, or (iii) reincorporate or reorganize under the laws of another jurisdiction, it shall give Lender written notice thereof not less than ten (10) days after such event occurs, and shall deliver to Lender all Uniform Commercial Code financing statements and amendments as Lender shall request and take all other actions deemed reasonably necessary by Lender to continue its perfected status in the Property with the same or better priority. Mortgagor hereby authorizes Lender, prior to or contemporaneously with the effective date of any such change, to file any financing statement or financing statement change required by Lender to establish or maintain the validity, perfection and priority of the security interest granted herein. At the request of Lender, Mortgagor shall execute a certificate in form satisfactory to Lender listing the trade names under which Mortgagor intends to operate the Property, and representing and warranting that Mortgagor does business under no other trade name with respect to the Property.

Section 3.13 Awards and Insurance Benefits. Mortgagor shall cooperate with Lender in obtaining for Lender the benefits of any condemnation awards or insurance proceeds lawfully or equitably payable in connection with the Property, and Lender shall be reimbursed for any expenses incurred in connection therewith out of such condemnation award or insurance proceeds. All Net Cash Proceeds received in connection with any casualty or condemnation relating to the Property shall be applied as set forth in the Credit Agreement.

Section 3.14 Mortgage and Intangible Taxes. Mortgagor shall pay or cause to be paid all State, county and municipal recording, mortgage, intangible, and all other taxes imposed upon the execution and recordation of this Security Instrument.

Section 3.15 Leasing Matters. Mortgagor shall not enter into any new Lease other than Leases entered into in connection with the Section 363 Sale, or renew or extend any existing Lease unless such proposed Lease or renewed or extended Lease, as applicable, (i) provides for rental rates and terms comparable to existing local market rates and terms (taking into account the type and quality of the tenant) as of the date such Lease is executed by Mortgagor, (ii) does not have a Material Adverse Effect, and (iii) is subject and subordinate to this Security Instrument and the lessee thereunder agrees to attorn to Lender. All proposed Leases which do not satisfy the requirements set forth in this Section 3.15 shall be subject to the prior approval of Lender, which approval shall not be unreasonably withheld, conditioned or delayed. Mortgagor shall not amend, modify or waive the provisions of any Lease or terminate, reduce rents under, accept a surrender of space under, or shorten the term of, any Lease (including any guaranty, letter of credit or other credit support with respect thereto) if such action would have a Material Adverse Effect.

Section 3.16 Management Agreement. Mortgagor shall not engage a property manager without Lender's prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed) unless (i) such agreement is with a reputable and experienced professional management organization which manages properties of a type, quality and size similar to the Property, (ii) such agreement provides for management fees that are customary and reasonable management fees for properties of a type, quality and size similar to the Property and is otherwise on market terms and conditions for properties of a type, quality and size similar to the Property, (iii) entering into such agreement could not reasonably be expected to have a Material Adverse Effect, (iv) such agreement is pursuant to an arms length transaction with a property manager that is not an affiliate of any Loan Party, (v) such agreement is terminable upon thirty (30) days prior written notice by Mortgagor for any reason, and (vi) such property manager executes an agreement in accordance with the terms of the following sentence. In the event that Lender approve the engagement of a property manager or Mortgagor shall, without Lender's consent, engage a property manager pursuant to the terms of the immediately preceding sentence, Mortgagor and such property manager shall execute an agreement reasonably

acceptable to Lender conditionally assigning Mortgagor's interest in such management agreement to Lender and subordinating, during the continuance of an Event of Default, manager's right to receive fees and expenses under such agreement while the Obligations remain outstanding.

Section 3.17 Alterations. Mortgagor shall not make any alterations to the Improvements that have a Material Adverse Effect.

Section 3.18 Zoning. Mortgagor shall not initiate or consent to any zoning reclassification of any portion of the Property or seek any variance under any existing zoning ordinance or use or permit the use of any portion of any Property in any manner that could result in a Material Adverse Effect.

To the Mortgagor's actual knowledge, Mortgagor and the Property and the use thereof comply in all respects with all Requirements of Law, including, without limitation, all applicable environmental laws, building and zoning ordinances and codes, except where the failure to do so would not have a Material Adverse Effect.

Section 4.6 Condemnation. No condemnation, eminent domain or other similar proceeding has been commenced or, to the best of Mortgagor's knowledge, is threatened or contemplated with respect to all or any portion of the Property or for the relocation of roadways providing access to the Property.

Section 4.8 Enforceability. The Loan Documents to which Mortgagor is a party are not subject to any right of rescission, set-off, counterclaim or defense by Mortgagor, including the defense of usury, and Mortgagor has not asserted any right of rescission, set-off, counterclaim or defense with respect thereto.

ARTICLE 5 OBLIGATIONS AND RELIANCES

Section 5.1 Relationship of Mortgagor and Lender. The relationship between Mortgagor and Lender with respect to the Property and the Obligations is solely that of debtor and creditor, and Lender has no fiduciary or other special relationship with Mortgagor, and no term or condition of this Security Instrument and of any of the other Loan Documents shall be construed so as to deem the relationship between Mortgagor and Lender to be other than that of debtor and creditor.

Section 5.2 No Reliance On Lender. The officers, members, general partners, employees, principals and (if Mortgagor is a trust) beneficial owners of Mortgagor are, collectively, experienced in the ownership and operation of properties similar to the Property, and Mortgagor and Lender are relying solely upon such expertise and business plan in connection with the ownership and operation of the Property. Mortgagor is not relying on Lender's expertise, business acumen or advice in connection with the Property.

Section 5.3 No Lender Obligations. (a) Notwithstanding the provisions of Section 1.1(a), (f), (l) and (m) or Section 1.2 hereof, Lender is not undertaking the performance of (i) any obligations under the Leases; or (ii) any obligations with respect to any of the agreements, contracts, certificates, instruments, franchises, permits, trademarks, licenses and other documents referred to in Section 1.1 hereof.

(b) By accepting or approving anything required to be observed, performed or fulfilled or to be given to Lender pursuant to this Security Instrument and the other Loan Documents to which Mortgagor is a party, including, without limitation, any officer's certificate, balance sheet, statement of profit and loss or other financial statement, survey, appraisal, or insurance policy, Lender shall not be deemed to have warranted, consented to, or affirmed the sufficiency, the legality or effectiveness of same, and such acceptance or approval thereof shall not constitute any warranty or affirmation with respect thereto by Lender.

Section 5.4 Reliance. Mortgagor recognizes and acknowledges that in accepting the Notes, the Credit Agreement, the Guaranty, this Security Instrument and the other

Loan Documents, (i) Lender is expressly and primarily relying on the truth and accuracy of the warranties and representations of Mortgagor set forth in Article 4 hereof and in each of the other Loan Documents executed by Mortgagor, without any obligation to investigate the Property and notwithstanding any investigation of the Property by Lender; (ii) that such reliance existed on the part of Lender prior to the date hereof; (iii) that the warranties and representations of Mortgagor are a material inducement to Lender in accepting the Notes, the Credit Agreement, the Guaranty, this Security Instrument and the other Loan Documents; and (iv) that Lender would not be willing to make the Loan and accept this Security Instrument in the absence of the warranties and representations of Mortgagor set forth in Article 4 hereof and in each of the other Loan Documents executed by Mortgagor.

ARTICLE 6
FURTHER ASSURANCES

Section 6.1 Recording of Security Instrument, etc. Mortgagor forthwith upon the execution and delivery of this Security Instrument and thereafter, from time to time, will cause this Security Instrument and any of the other Loan Documents creating a lien or security interest or evidencing the lien hereof upon the Property and each instrument of further assurance to be filed, registered or recorded in such manner and in such places as may be required by any present or future law in order to publish notice of and fully to protect and perfect the lien or security interest hereof upon, and the interest of Lender in, the Property. Mortgagor will pay, or cause to be paid, all taxes, filing, registration or recording fees, and all expenses incident to the preparation, execution, acknowledgment and/or recording of this Security Instrument and any instrument of further assurance, and any modification or amendment of this Security Instrument, and all federal, state, county and municipal taxes, duties, imposts, assessments and charges arising out of or in connection with the execution and delivery of this Security Instrument, or any instrument of further assurance, and any modification or amendment of this Security Instrument, except where prohibited by law so to do.

Section 6.2 Further Acts, etc. Mortgagor will, at the cost of Mortgagor, and without expense to Lender, do, execute, acknowledge and deliver all and every such further acts, deeds, conveyances, deeds of trust, mortgages, assignments, notices of assignments, transfers and assurances as Lender shall, from time to time, require, for the better assuring, conveying, assigning, transferring, and confirming unto Lender the Property and rights hereby deeded, mortgaged, granted, bargained, sold, conveyed, confirmed, pledged, assigned, warranted and transferred or intended now or hereafter so to be, or which Mortgagor may be or may hereafter become bound to convey or assign to Lender, or for carrying out the intention or facilitating the performance of the terms of this Security Instrument or for filing, registering or recording this Security Instrument, or for complying with all Requirements of Law. Mortgagor hereby authorizes Lender to file one or more financing statements or execute in the name of Mortgagor to the extent Lender may lawfully do so, one or more chattel mortgages or other instruments, to evidence more effectively the lien and security interest of Lender in the Property. Mortgagor grants to Lender an irrevocable power of attorney coupled with an interest for the purpose of exercising and perfecting any and all rights and remedies available to Lender at law and in equity, including without limitation such rights and remedies available to Lender pursuant to this Section 6.2; provided, however, Lender agree not to exercise such power of attorney unless an Event of Default has occurred and is continuing.

Section 6.3 Intentionally deleted.

Section 6.4 Replacement Documents. Upon receipt of an affidavit of an officer or agent of Lender as to the loss, theft, destruction or mutilation of any Loan Document which Mortgagor is a party to and which is not of public record, and, in the case of any such mutilation, upon surrender and cancellation of such Loan Document that Mortgagor is a party to, Mortgagor will issue, in lieu thereof, a replacement Loan Document in the same form as, and dated the date of, such lost, stolen, destroyed or mutilated Loan Document.

Section 6.5 Legal Fees for Enforcement. Mortgagor shall pay to Lender on demand any and all expenses, including legal expenses and reasonable attorneys' fees, incurred or paid by Lender in protecting its interest in the Property or in collecting any amount payable hereunder or in enforcing its rights hereunder with respect to the Property (including commencing any foreclosure action), whether or not any legal proceeding is commenced hereunder or thereunder, together with interest thereon at the rate provided for in the Credit Agreement from the date paid or incurred by Lender until such expenses are paid by Mortgagor, in accordance with Section 8.5 of the Credit Agreement.

ARTICLE 7

DUE ON SALE/ENCUMBRANCE

Section 7.1 Lender Reliance. Mortgagor acknowledges that Lender has examined and relied on the experience of Mortgagor and its officers, partners, members, principals and (if Mortgagor is a trust) beneficial owners in owning and operating properties such as the Property in agreeing to make the Loan, and will continue to rely on Mortgagor's ownership of the Property as a means of maintaining the value of the Property as security for payment and performance of the Obligations. Mortgagor acknowledges that Lender has a valid interest in maintaining the value of the Property so as to ensure that, should Mortgagor default in the payment and performance of the Obligations, Lender can recover the Obligations by a sale of the Property.

Section 7.2 No Sale/Encumbrance. Mortgagor shall not Dispose of or suffer to permit or grant a Lien on the Property or any part thereof or any interest therein or permit or suffer the Property or any part thereof or any interest therein to be Disposed of or encumbered by a Lien other than as expressly permitted pursuant to the terms of this Security Instrument or the Credit Agreement. Upon any permitted sale or other Disposition of the Property or any portion thereof, Lender shall execute and deliver to Mortgagor, at Mortgagor's reasonable cost and expense, all documents or instruments, in recordable form, necessary to (i) release the Property or such portion thereof from and satisfy and/or terminate the lien of this Security Instrument and the other Loan Documents, or (ii) transfer and assign this Security Instrument to Mortgagor or its designee.

ARTICLE 8
PREPAYMENT

Section 8.1 Prepayment. The Debt may be prepaid in whole or in part in accordance with the express terms and conditions of the Credit Agreement.

ARTICLE 9
RIGHTS AND REMEDIES

Section 9.1 Remedies. Upon the occurrence and during the continuance of any Event of Default, Mortgagor agrees that Lender may take such action, without notice or demand (except for such notice or demand as may be expressly required (during identical circumstances) pursuant to this Security Instrument or such other Loan Document that both Mortgagor and Lender are parties to), as it deems advisable to protect and enforce its rights against Mortgagor and in and to the Property, including, but not limited to, the following actions, each of which may be pursued concurrently or otherwise, at such time and in such order as Lender may determine, in its sole discretion, without impairing or otherwise affecting the other rights and remedies of Lender:

(a) reserved;

(b) institute proceedings, judicial or otherwise, for the complete foreclosure of this Security Instrument under any applicable provision of law in which case the Property or any interest therein may be sold for cash or upon credit in one or more parcels or in several interests or portions and in any order or manner;

(c) with or without entry, to the extent permitted and pursuant to the procedures provided by Requirements of Law, institute proceedings for the partial foreclosure of this Security Instrument for the portion of the Obligations then due and payable, subject to the continuing lien and security interest of this Security Instrument for the balance of the Obligations not then due, unimpaired and without loss of priority;

(d) sell for cash or upon credit the Property or any part thereof and all estate, claim, demand, right, title and interest of Mortgagor therein and rights of redemption thereof, pursuant to power of sale or otherwise, at one or more sales, in one or more parcels, at such time and place, upon such terms and after such notice thereof as may be required or permitted by law;

(e) institute an action, suit or proceeding in equity for the specific performance of any covenant, condition or agreement contained herein;

(f) recover judgment against Borrower on the Notes either before, during or after any proceedings for the enforcement of this Security Instrument or the other Loan Documents;

(g) apply for the appointment of a receiver, trustee, liquidator or conservator of the Property, without notice and without regard for the adequacy of the security for the Obligations and without regard for the solvency of Mortgagor, any Guarantor or of any Person liable for the payment of the Obligations;

(h) subject to any Requirements of Law, the license granted to Mortgagor under Section 1.2 hereof shall automatically be revoked and Lender may enter into or upon the Property, either personally or by its agents, nominees or attorneys and dispossess Mortgagor and its agents and servants therefrom, without liability for trespass, damages or otherwise and exclude Mortgagor and its agents or servants wholly therefrom, and take possession of all books, records and accounts relating thereto and Mortgagor agrees to surrender possession of the Property and of such books, records and accounts to Lender upon demand, and thereupon Lender may (i) use, operate, manage, control, insure, maintain, repair, restore and otherwise deal with all and every part of the Property and conduct business thereon; (ii) complete any construction on the Property in such manner and form as Lender deem advisable; (iii) make alterations, additions, renewals, replacements and improvements to or on the Property; (iv) exercise all rights and powers of Mortgagor with respect to the Property, whether in the name of Mortgagor or otherwise, including, without limitation, the right to make, cancel, enforce or modify Leases, obtain and evict tenants, and demand, sue for, collect and receive all Rents of the Property and every part thereof; (v) require Mortgagor to pay monthly in advance to Lender, or any receiver appointed to collect the Rents, the fair and reasonable rental value for the use and occupation of such part of the Property as may be occupied by Mortgagor; (vi) require Mortgagor to vacate and surrender possession of the Property to Lender or to such receiver and, in default thereof, Mortgagor may be evicted by summary proceedings or otherwise; and (vii) apply the receipts from the Property to the payment of the Obligations, in such order, priority and proportions as Lender shall deem appropriate in its sole discretion after deducting therefrom all expenses (including reasonable attorneys' fees) incurred in connection with the aforesaid operations and all amounts necessary to pay the Taxes, Other Charges, insurance premiums and other expenses in connection with the Property, as well as just and reasonable compensation for the services of Lender, its counsel, agents and employees;

(i) exercise any and all rights and remedies granted to a secured party upon default under the Uniform Commercial Code, including, without limiting the generality of the foregoing: (i) the right to take possession of any Collateral owned by Mortgagor (including, without limitation, the Personal Property) or any part thereof, and to take such other measures as Lender may deem necessary for the care, protection and preservation of the Collateral owned by Mortgagor (including, without limitation, the Personal Property), and (ii) request Mortgagor at its expense to assemble the Collateral it owns, including, without limitation, the Personal Property, and make it available to Lender at a convenient place acceptable to Lender. Any notice of sale, disposition or other intended action by Lender with respect to the Collateral owned by Mortgagor, including, without limitation, the Personal Property, sent to Mortgagor in accordance with the provisions hereof at least ten (10) days prior to such action, shall constitute commercially reasonable notice to Mortgagor;

(j) apply any sums held in escrow or otherwise by Lender in accordance with the terms of this Security Instrument or any other Loan Document to which Mortgagor is a party to the payment of the Obligations in such priority and proportions as Lender in its discretion shall deem proper;

(k) surrender any insurance policies relating to the Property, collect the unearned insurance premiums thereon and apply such sums as a credit on the Obligations in such priority and proportion as Lender in its discretion shall deem proper, and in connection therewith, Mortgagor hereby appoints Lender as agent and attorney-in-fact (which appointment is coupled with an interest and is therefore irrevocable) for Mortgagor to collect such insurance premiums during the continuance of an Event of Default;

(l) foreclose by STATUTORY POWER OF SALE or otherwise and apply the proceeds of any recovery to the Obligations in accordance with Section 9.2 hereof or to any deficiency under this Security Instrument;

(m) exercise all rights and remedies under any Causes of Action, whether before or after any sale of the Property by foreclosure, power of sale, or otherwise and apply the proceeds of any recovery to the Obligations in accordance with Section 9.2 hereof or to any deficiency under this Security Instrument; or

(n) pursue such other remedies as Lender may have under Requirements of Law.

In the event of a sale, by foreclosure, power of sale, or otherwise, of less than all of the Property, this Security Instrument shall continue as a lien and security interest on the remaining portion of the Property unimpaired and without loss of priority.

Section 9.2 Application of Proceeds. The purchase money, proceeds and avails of any disposition of the Property, or any part thereof, or any other sums collected by Lender pursuant to this Security Instrument may be applied by Lender upon the occurrence and during the continuance of an Event of Default to the payment of the Obligations in such priority and proportions as Lender in its discretion shall deem proper.

Section 9.3 Right to Cure Defaults. Upon the occurrence and during the continuance of any Event of Default, or any default which in Lender's reasonable opinion constitutes an emergency or dangerous condition at the Property, Lender may, but without any obligation to do so and without notice to or demand on Mortgagor and without releasing Mortgagor from any obligation hereunder, make or do the same in such manner and to such extent as Lender may deem necessary to protect the security hereof. Lender is authorized to enter upon the Property for such purposes, or appear in, defend, or bring any action or proceeding to protect its interest in the Property or to foreclose this Security Instrument or collect the Obligations. The cost and expense of any cure hereunder (including reasonable attorneys' fees to the extent permitted by law), with interest as provided below, shall constitute a portion of the Obligations and shall be due and payable to Lender upon demand. All such costs and expenses incurred by Lender in remedying such default or Event of Default shall bear interest at the rate provided for in the Credit Agreement for the period after notice from Lender that such cost or expense was incurred to the date of payment to Lender and shall be deemed to constitute a portion of the Obligations and be secured by this Security Instrument and the other Loan Documents and shall be immediately due and payable upon demand by Lender therefor.

Section 9.4 Actions and Proceedings. Lender has the right (but not the obligation) to appear in and defend any action or proceeding brought with respect to the Property and to bring any action or proceeding, in the name and on behalf of Mortgagor, which Lender, in its discretion, decide should be brought to protect its interest in the Property; provided, however, that Lender agrees not to exercise any of the rights set forth in this Section 9.4 unless an Event of Default, or any default which in Lender's reasonable opinion constitutes an emergency or dangerous condition at the Property, has occurred and is continuing.

Section 9.5 Recovery of Sums Required to Be Paid. Lender shall have the right from time to time to take action to recover any sum or sums which constitute a part of the Obligations as the same become due, without regard to whether or not the balance of the Obligations shall be due, and without prejudice to the right of Lender thereafter to bring an action of foreclosure, or any other action, for an Event of Default by Mortgagor existing at the time such earlier action was commenced.

Section 9.6 Other Rights, etc. (a) The failure of Lender to insist upon strict performance of any term hereof shall not be deemed to be a waiver of any term of this Security Instrument. Mortgagor shall not be relieved of Mortgagor's obligations hereunder by reason of (i) the failure of Lender to comply with any request of any Guarantor to take any action to foreclose this Security Instrument or otherwise enforce any of the provisions hereof or of the Notes or the other Loan Documents, (ii) the release, regardless of consideration, of the whole or any part of the Property, or of any Person liable for the Debt or any other Obligations or any portion thereof, or (iii) any agreement or stipulation by Lender extending the time of payment or otherwise modifying or supplementing the terms of the Notes, the Credit Agreement, the Guaranty, this Security Instrument or the other Loan Documents.

(b) It is agreed that the risk of loss or damage to the Property is on Mortgagor, and Lender shall have no liability whatsoever for decline in value of the Property, for failure to maintain the insurance policies required hereunder or under the Credit Agreement with respect to the Property, or for failure to determine whether insurance in force is adequate as to the amount of risks insured. Possession by Lender shall not be deemed an election of judicial relief, if any such possession is requested or obtained, with respect to the Property or any other Collateral not in Lender's possession.

(c) Lender may resort for the payment of the Debt or other Obligations to any other security held by Lender in such order and manner as Lender, in its discretion, may elect. Lender may take action to recover the Obligations, or any portion thereof, or to enforce any covenant hereof without prejudice to the right of Lender thereafter to foreclose this Security Instrument. The rights of Lender under this Security Instrument shall be separate, distinct and cumulative and none shall be given effect to the exclusion of the others. No act of Lender shall be construed as an election to proceed under any one provision herein to the exclusion of any other provision. Lender shall not be limited exclusively to the rights and remedies herein stated but shall be entitled to every right and remedy now or hereafter afforded at law or in equity.

Section 9.7 Right to Release Any Portion of the Property. Lender may release any portion of the Property for such consideration as Lender may require without, as to the remainder of the Property, in any way impairing or affecting the lien or priority of this Security Instrument, or improving the position of any subordinate lienholder with respect thereto, except to the extent that the obligations hereunder shall have been reduced by the actual monetary consideration, if any, received by Lender for such release, and Lender may accept by assignment, pledge or otherwise any other property in place thereof as Lender may require without being accountable for so doing to any other lienholder. This Security Instrument shall continue as a lien and security interest in the remaining portion of the Property.

Section 9.8 Violation of Laws. Subject to the terms of the Credit Agreement (including the right, if any, for Mortgagor to contest non-compliance with any Requirements of Laws), if the Property is not in compliance with Requirements of Law and such non-compliance is reasonably likely to have a Material Adverse Effect, Lender may impose such additional reasonable requirements upon Mortgagor in connection herewith including, without limitation, monetary reserves or financial equivalents as is permitted under the Credit Agreement.

Section 9.9 Right of Entry. Subject to the terms of the Credit Agreement and the rights of tenants under their respective Leases, Lender and its agents shall have the right to enter and inspect the Property at all reasonable times.

Section 9.10 Subrogation. If any or all of the proceeds of the Notes have been used to extinguish, extend or renew any Indebtedness heretofore existing against the Property, then, to the extent of the funds so used, Lender shall be subrogated to all of the rights, claims, liens, titles, and interests existing against the Property heretofore held by, or in favor of, the holder of such Indebtedness and such former rights, claims, liens, titles, and interests, if any, are not waived but rather are continued in full force and effect in favor of Lender and are merged with the lien and security interest created herein as cumulative security for the repayment, performance and discharge of the Obligations.

ARTICLE 10 INDEMNIFICATIONS

Section 10.1 General Indemnification. Mortgagor shall, at its sole cost and expense, protect, defend, indemnify, release and hold harmless the each Indemnatee from and against any Losses imposed upon or incurred by or asserted against any Indemnatee and directly or indirectly arising out of or in any way relating to any one or more of the following: (a) any accident, injury to or death of persons or loss of or damage to property occurring in, on or about the Property or any part thereof or on the adjoining sidewalks, curbs, adjacent property or adjacent parking areas, streets or ways; (b) any use, nonuse or condition in, on or about the Property or any part thereof or on the adjoining sidewalks, curbs, adjacent property or adjacent parking areas, streets or ways; (c) performance of any labor or services or the furnishing of any materials or other property in respect of the Property or any part thereof; (d) any failure of the Property to be in compliance with any Requirements of Law; (e) any and all claims and demands whatsoever which may be asserted against Lender by reason of any alleged obligations or undertakings on its part to perform or discharge any of the terms, covenants, or agreements

contained in any Lease; provided, however, that Mortgagor shall not be liable for the payment of any Losses to the extent the same arise (x) by reason of the gross negligence or willful misconduct of Lender or (y) solely after Lender or any agent or successor thereof takes title and possession of the Property through foreclosure, exercise of a power of sale or a deed in lieu of foreclosure, unless such Losses are a result of the acts or omissions of Mortgagor. Any amounts payable to Lender by reason of the application of this Section 10.1 shall become immediately due and payable and shall bear interest at the rate provided for in the Credit Agreement from the date loss or damage is sustained by Lender until paid. As used in this Security Instrument, the term “Losses” means any and all claims, suits, actions, proceedings, obligations, liabilities (including, without limitation, strict liabilities) and debts, and all actual damages, losses, costs, expenses, fines, penalties, charges, fees, expenses, judgments, awards, amounts paid in settlement of whatever kind or nature (including, but not limited to, reasonable attorneys’ fees and other costs of defense).

Section 10.2 Mortgage and/or Intangible Tax. Mortgagor shall, at its sole cost and expense, protect, defend, indemnify, release and hold harmless each Indemnitee from and against any and all Losses imposed upon or incurred by or asserted against any such Indemnitee and directly or indirectly arising out of or in any way relating to any tax on the making and/or recording of this Security Instrument.

ARTICLE 11

Section 11.2 Marshalling and Other Matters. Mortgagor hereby waives, to the extent permitted by law, the benefit of all appraisal, valuation, stay, extension, reinstatement and redemption laws now or hereafter in force and all rights of marshalling in the event of any sale hereunder of the Property or any part thereof or any interest therein. Mortgagor shall not be entitled to any notices of any nature whatsoever from Lender except (a) with respect to matters for which this Security Instrument, the Credit Agreement, the Guaranty or any other Loan Document, specifically and expressly provides for the giving of notice by Lender to Mortgagor, and (b) with respect to matters for which Lender is required by any Requirements of Law to give notice, and Mortgagor hereby expressly waives the right to receive any notice from Lender with respect to any matter for which this Security Instrument does not specifically and expressly provide for the giving of notice by Lender to Mortgagor.

Section 11.4 Intentionally deleted.

Section 11.5 Waiver of Trial by Jury. EACH OF MORTGAGOR, AND BY ITS ACCEPTANCE HEREOF, LENDER HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY REQUIREMENTS OF LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS SECURITY INSTRUMENT.

ARTICLE 12

SUBMISSION TO JURISDICTION

Section 12.1 Submission to Jurisdiction. With respect to any claim or action arising hereunder, Mortgagor irrevocably and unconditionally: (a) submits to the exclusive jurisdiction of any court of the State and County of New York, or in the United States District Court for the Southern District of New York, and appellate courts from any thereof; (b) consents that any such action or proceeding may be brought in such courts and, to the extent permitted by law, waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (c) agrees that, to the extent permitted by Requirements of Law, service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to its address set forth in the Credit Agreement or at such other address of which Lender shall have been notified; and (d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

ARTICLE 13

APPLICABLE LAW

Section 13.1 Choice of Law. INsofar AS THERE MAY BE NO APPLICABLE FEDERAL LAW, THIS SECURITY INSTRUMENT SHALL BE CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY RULE OF CONFLICTS OF LAW (OTHER THAN SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW) THAT WOULD RESULT IN THE APPLICATION OF THE SUBSTANTIVE LAW OF ANY JURISDICTION OTHER THAN THE STATE OF NEW YORK; PROVIDED, HOWEVER, THAT WITH RESPECT TO THE CREATION, PERFECTION, PRIORITY AND ENFORCEMENT OF THE LIEN AND SECURITY INTEREST OF THIS SECURITY INSTRUMENT, AND THE DETERMINATION OF DEFICIENCY JUDGMENTS, THE LAWS OF THE STATE WHERE THE LAND IS LOCATED SHALL APPLY; PROVIDED, HOWEVER, THAT THE BANKRUPTCY COURT SHALL RETAIN JURISDICTION TO HEAR ANY AND ALL CLAIMS, ISSUES AND/OR DISPUTES REGARDING THIS SECURITY INSTRUMENT. NOTHING IN THIS SECURITY INSTRUMENT SHALL REQUIRE ANY UNLAWFUL ACTION OR INACTION BY EITHER PARTY.

Section 13.2 Provisions Subject to Requirements of Law. All rights, powers and remedies provided in this Security Instrument may be exercised only to the extent that the exercise thereof does not violate any applicable provisions of law and are intended to be limited to the extent necessary so that they will not render this Security Instrument invalid, unenforceable or not entitled to be recorded, registered or filed under the provisions of any Requirements of Law.

ARTICLE 14 DEFINITIONS

Section 14.1 General Definitions. Unless the context clearly indicates a contrary intent or unless otherwise specifically provided herein, words used in this Security Instrument may be used interchangeably in singular or plural form and the word "Mortgagor" shall mean "each Mortgagor and any subsequent owner or owners of the Property or any part thereof or any interest therein," the word "Lender" shall mean "Lender and any subsequent holder of the Notes," the word "Notes," shall mean "the Notes and any other evidence of indebtedness secured by this Security Instrument," the word "Property" shall include any portion of the Property and any interest therein, and the phrases "legal fees", "attorneys' fees" and "counsel fees" shall include any and all reasonable attorneys', paralegal and law clerk fees and disbursements, including, but not limited to, fees and disbursements at the pre-trial, trial and appellate levels incurred or paid by Lender in protecting its interest in the Property, the Leases and the Rents and enforcing its rights hereunder.

Section 14.2 Headings, etc. The headings and captions of various Articles and Sections of this Security Instrument are for convenience of reference only and are not to be construed as defining or limiting, in any way, the scope or intent of the provisions hereof.

Section 14.3 Defined Terms. Defined terms used herein but not defined herein shall have the meanings as defined in the Credit Agreement.

ARTICLE 15 MISCELLANEOUS PROVISIONS

Section 15.1 No Oral Change. This Security Instrument and any provisions hereof, may not be modified, amended, waived, extended, changed, discharged or terminated orally or by any act or failure to act on the part of Mortgagor or Lender, but only by an agreement in writing signed by the party against whom enforcement of any modification, amendment, waiver, extension, change, discharge or termination is sought.

Section 15.2 Liability. (a) If Mortgagor consists of more than one person (each such person, a "Borrower Party"), the obligations and liabilities of each such Borrower Party hereunder shall be joint and several. Each Borrower Party hereby acknowledges and agrees that the Borrower Parties are jointly and severally liable to Lender for all representations, warranties, covenants, obligations and liabilities of each Borrower Party hereunder. Each Borrower Party hereby further acknowledges and agrees that (a) any Event of Default or any default, or breach of

a representation, warranty or covenant by any Borrower Party hereunder or under any Loan Document to which Mortgagor is a party is hereby considered a default or breach by each Borrower Party, as applicable, and (b) Lender shall have no obligation to proceed against one Borrower Party before proceeding against the other Borrower Parties. Each Borrower Party hereby waives any defense to its obligations under this Security Instrument based upon or arising out of the disability or other defense or cessation of liability of one Borrower Party versus the other. A Borrower Party's subrogation claim arising from payments to Lender shall constitute a capital investment in the other Borrower Party subordinated to any claims of Lender and equal to a ratable share of the equity interests in such Borrower Party.

(a) Notwithstanding anything appearing to the contrary in this Security Instrument, or in the Notes, the Credit Agreement or any of the other Loan Documents, neither Lender nor any other Indemnitee shall be entitled to enforce the liability and obligation of Mortgagor to pay, perform and observe the obligations contained in this Security Instrument by any action or proceeding against any member, shareholder, partner, manager, director, officer, agent, affiliate, beneficiary, trustee or employee of Mortgagor (or any direct or indirect member, shareholder, partner or other owner of any such member, shareholder, partner, manager, director, officer, agent, affiliate or employee of Mortgagor, or any director, officer, employee, agent, manager or trustee of any of the foregoing); provided, however, for purposes of clarification, the foregoing is not intended to exempt any of the Loan Parties from its obligations and liabilities under any of the Loan Documents to which such Loan Party is a party.

Section 15.3 Inapplicable Provisions. If any term, covenant or condition of this Security Instrument is held to be invalid, illegal or unenforceable in any respect, this Security Instrument shall be construed without such provision.

Section 15.4 Duplicate Originals; Counterparts. This Security Instrument may be executed in any number of duplicate originals and each duplicate original shall be deemed to be an original. This Security Instrument may be executed in several counterparts, each of which counterparts shall be deemed an original instrument and all of which together shall constitute a single Security Instrument. The failure of any party hereto to execute this Security Instrument, or any counterpart hereof, shall not relieve the other signatories from their obligations hereunder.

Section 15.5 Number and Gender. Whenever the context may require, any pronouns used herein shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural and vice versa.

Section 15.6 Notices. All notices required or permitted under this Security Instrument shall be given and be effective in accordance with the notice provisions of the Credit Agreement.

Section 15.7 Fixture Filing Provisions. This Security Instrument shall be effective as a financing statement filed as a fixture filing with respect to all fixtures included in the Property and is to be filed and recorded in the real estate records of the county where the Property is located. For this purpose the following information is included: (i) Mortgagor shall be deemed the "Debtor" and is a corporation organized under the laws of the state of Delaware with the address set forth on the first page hereof and the organization number assigned Debtor

by the state in which Debtor is organized is 0056825; (ii) Lender shall be deemed the "Secured Party" with the address set forth on the first page hereof; (iii) this Security Instrument covers goods which are or are to become fixtures; and (iv) the name of the record owner of the Land is the Debtor.

Section 15.8 Conflicts. In the event of any conflict, inconsistency or ambiguity between the provisions of this Security Instrument and the provisions of the Credit Agreement, the provisions of the Credit Agreement shall control.

Section 15.9 No Mortgagee in Possession. Neither the enforcement of any of the remedies under Article 9 hereof, the assignment of the Rents and Leases under Article 1 hereof, the security interests under Article 1 hereof, nor any other remedies afforded to Mortgagee under the Loan Documents, at law or in equity, other than taking of title to the Property by foreclosure or otherwise, shall cause Mortgagee to be deemed or construed to be a mortgagee in possession of the Property, to obligate Mortgagee to lease the Property or attempt to do so, or to take any action, incur any expense, or perform or discharge any obligation, duty or liability whatsoever under any of the Leases or otherwise. Mortgagor shall, and hereby agrees to indemnify Mortgagee for, and to hold Mortgagee harmless from and against, any and all claims, liability, expenses, losses or damages which may or might be asserted against or incurred by Mortgagee, as the case may be, solely by reason of Mortgagee's status as an assignee pursuant to the assignment of Rents and Leases contained herein, but excluding any claim to the extent of Mortgagee's gross negligence or willful misconduct. Should Mortgagee incur any such claim, liability, expense, loss or damage, which is required to be reimbursed under Section 8.5 of the Credit Agreement, the amount thereof, including all actual expenses and reasonable fees of attorneys, shall constitute Obligations secured hereby, and Mortgagor shall reimburse Mortgagee, as the case may be, therefor as provided in Section 8.5 of the Credit Agreement.

Section 15.10 Discontinuance of Proceedings. If Lender shall have proceeded to invoke any right, remedy or recourse permitted under the Loan Documents and shall thereafter elect to discontinue or abandon it for any reason, Lender shall have the unqualified right to do so and, in such an event, Mortgagor and Lender shall be restored to their former positions with respect to the Obligations, the Loan Documents, the Property and otherwise, and the rights, remedies, recourses and powers of Lender shall continue as if the right, remedy or recourse had never been invoked, but no such discontinuance or abandonment shall waive any Event of Default which may then exist or the right of Lender thereafter to exercise any right, remedy or recourse under the Loan Documents for such Event of Default.

Section 15.11 Covenant Running with the Land. All representations, warranties, covenants and Obligations contained in the Credit Agreement are incorporated herein by this reference and, to the extent relating to the Property, are intended by the parties to be, and shall be construed as, covenants running with the land. All persons or entities who may have or acquire an interest in the Property shall be deemed to have notice of, and be bound by, the terms of the Credit Agreement and the other Loan Documents; however, no such party shall be entitled to any rights thereunder without the prior written consent of Lender.

Section 15.12 Last Dollars Secured. The parties agree that any payments or repayments of Obligations by Mortgagor shall be and be deemed to be applied first to the portion of the Obligations that is not secured hereby, if any, it being the parties' intent that the portion of the Obligations last remaining unpaid shall be secured hereby.

ARTICLE 16
CROSS-COLLATERALIZATION

Section 16.1 Cross-Collateralization. Mortgagor acknowledges that the Obligations are secured by this Security Instrument together with those additional security instruments given by Mortgagor and/or certain Affiliates of Mortgagor to Lender, together with the other Loan Documents securing or evidencing the Obligations, and encumbering the Collateral and other real and personal property, all as more specifically set forth in the Credit Agreement and the other Loan Documents. Upon the occurrence of an Event of Default, Lender shall have the right to institute a proceeding or proceedings for the total or partial foreclosure of this Security Instrument and any or all of such other security instruments whether by court action, power of sale or otherwise, under any applicable provision of law, for all or any portion of the Obligations, and the lien and the security interest created by such other security instruments shall continue in full force and effect without loss of priority as a lien and security interest securing the payment of that portion of the Obligations then due and payable but still outstanding. Mortgagor acknowledges and agrees that the Property and the other real and personal property securing the Obligations are located in one or more States and counties, and therefore Lender shall be permitted to enforce payment of the Obligations and the performance of any term, covenant or condition of the Guaranty, this Security Instrument or the other Loan Documents and exercise any and all rights and remedies under the Guaranty, this Security Instrument or the other Loan Documents, or as provided by law or at equity, by one or more proceedings, whether contemporaneous, consecutive or both, to be determined by Lender, in its sole discretion, in any one or more of the States or counties in which the Property, the Collateral or any other real or personal property securing the Obligations is located. Neither the acceptance of this Security Instrument or the other Loan Documents nor the enforcement thereof in any one State or county, whether by court action, foreclosure, power of sale or otherwise, shall prejudice or in any way limit or preclude enforcement by court action, foreclosure, power of sale or otherwise, of the Notes, this Security Instrument or any of the other Loan Documents through one or more additional proceedings in that State or county or in any other State or county. Any and all sums received by Lender under the Guaranty, this Security Instrument and the other Loan Documents on account of the Obligations shall be applied to the Obligations in such order and priority as Lender shall determine, in its sole discretion.

ARTICLE 17

Section 18.2 Granting Clause. The preamble to Section 1.1 is hereby modified in its entirety to state as follows:

Mortgagor does hereby irrevocably mortgage and warrant to Lenders and their successors and assigns, and does hereby assign and grant a security interest to Lender and their successors and assigns in, the following property, rights, interests and estates now owned or hereafter acquired by Mortgagor (collectively, the "Property"):

Section 18.3 Leases and Rents. The following sentences are hereby added at the end of subparagraph (f) of Section 1.1 entitled "Leases and Rents" and after the first sentence of Section 1.2 hereof entitled "Assignment of Leases and Rents":

Lender shall also be entitled to all the rights and remedies conferred by Act No. 210 of the Michigan Public Acts of 1953 as amended by Act No. 151 of the Michigan Public Acts of 1966 (M.C.L.A. 554.231, et seq.), or Act No. 228 of the Michigan Public Acts of 1925, as amended by Act No. 55 of the Michigan Public Acts of 1933 (M.C.L.A. 554.211, et seq.), whichever is applicable, and pursuant to Act No. 66 of the Michigan Public Acts of 1956 (M.C.L.A. 565.81, et seq.). The assignment of leases and rents provided for in this Security Instrument shall, notwithstanding anything to the contrary contained herein, constitute an assignment of rents pursuant to M.C.L.A. 554.231, et seq., or M.C.L.A. 554.211, et seq., whichever is applicable, and M.C.L.A. 565.81, et seq., and shall be interpreted and applied in accordance therewith.

the Property constituting real estate by advertisement pursuant to the applicable statute in such case made and provided and to sell the Property or to cause the same to be sold at public sale in accordance with the applicable statute in a single parcel or in several parcels at the option of Lender. Mortgagor hereby acknowledges that this Security Instrument contains a POWER OF SALE and that in the event Lender elect to foreclose by advertisement pursuant to the POWER OF SALE, in accordance with M.C.L.A. 600.3201, *et seq.*, MORTGAGOR EXPRESSLY WAIVES NOTICE THEREOF (EXCEPT ANY NOTICE REQUIRED UNDER THE AFORESAID STATUTE), A HEARING PRIOR TO SALE AND ANY RIGHT, CONSTITUTIONAL OR OTHERWISE, THAT MORTGAGOR MIGHT OTHERWISE HAVE TO REQUIRE A JUDICIAL FORECLOSURE.

Subsection (n) is renumbered as subsection (o),

Section 18.5 Appointment of Receiver. The following is hereby added to the end of Section 9.1, subparagraph (g):

The failure of Mortgagor to pay any taxes or assessments assessed against the Property, or any installment thereof, or any premiums payable with respect to any insurance policies covering the Property, shall constitute waste as provided by Act No. 236 of the Michigan Public Acts of 1961, as amended (M.C.L.A. 600.2927). Mortgagor further hereby consents to the appointment of a receiver under said statute, should Lender elect to seek such relief thereunder;

Section 18.6 Future Advances. (THIS SECURITY INSTRUMENT IS ALSO A FUTURE ADVANCE MORTGAGE UNDER APPLICABLE MICHIGAN LAW). THIS SECURITY INSTRUMENT IS A "FUTURE ADVANCE MORTGAGE" UNDER PUBLIC ACT 348 OF PUBLIC ACTS OF 1990, AS AMENDED (M.C.L.A. 565.901 ET SEQ.). ALL FUTURE ADVANCES UNDER THE NOTES, THE CREDIT AGREEMENT, THIS SECURITY INSTRUMENT AND THE OTHER LOAN DOCUMENTS SHALL HAVE THE SAME PRIORITY AS IF THE FUTURE ADVANCE WAS MADE ON THE DATE THAT THIS SECURITY INSTRUMENT WAS RECORDED. THIS SECURITY INSTRUMENT SHALL SECURE ALL INDEBTEDNESS OF MORTGAGOR, ITS AFFILIATES, SUCCESSORS AND ASSIGNS UNDER THE NOTES, THE CREDIT AGREEMENT, THIS SECURITY INSTRUMENT OR ANY OF THE LOAN DOCUMENTS, WHENEVER INCURRED, INDEBTEDNESS TO BE DUE AT THE TIMES PROVIDED IN THE NOTES, THE CREDIT AGREEMENT, THIS SECURITY INSTRUMENT AND THE OTHER LOAN DOCUMENTS. NOTICE IS HEREBY GIVEN THAT THE INDEBTEDNESS SECURED HEREBY MAY INCREASE AS A RESULT OF ANY ADVANCES, VOLUNTARY OR INVOLUNTARY, UNDER THE NOTE, THE CREDIT AGREEMENT, THIS SECURITY INSTRUMENT OR ANY OF THE OTHER LOAN DOCUMENTS, ANY DEFAULTS

HEREUNDER BY THE MORTGAGOR DUE TO, FOR EXAMPLE, AND WITHOUT LIMITATION, UNPAID INTEREST OR LATE CHARGES, UNPAID TAXES OR INSURANCE PREMIUMS WHICH LENDERS ELECT TO ADVANCE, DEFAULTS UNDER LEASES THAT LENDERS ELECT TO CURE, ATTORNEY FEES OR COSTS INCURRED IN ENFORCING THE LOAN DOCUMENTS OR OTHER EXPENSES INCURRED BY LENDERS IN PROTECTING THE PROPERTY, THE SECURITY OF THIS SECURITY INSTRUMENT OR LENDERS' RIGHTS AND INTERESTS.

Section 18.7 Michigan Law. The following is hereby added to the end of Section 9.1, subparagraph (h):

In connection with Lender' right to possession of the Property Mortgagor acknowledges that it has been advised that there is a significant body of law in Michigan which purportedly provides that in the absence of a showing of waste of a character sufficient to endanger the value of the Property (or of other special factors) a person in the role of Mortgagor is entitled to remain in possession of the Property and to enjoy the earnings, revenues, rents, issues, profits and income of the Property during the pendency of foreclosure proceedings and until the expiration of the redemption period, notwithstanding that the mortgage expressly provides to the contrary. Mortgagor further acknowledges that it has been advised that Lender consider that the value of the security granted hereby is inextricably intertwined with the effectiveness of the management, maintenance and general operation of the Property and that the Lender would not make the loan secured hereby unless they could be assured that they would have the right to enjoy the earnings, revenues, rents, issues, profits and income of the Property therefrom and/or take possession of the Property and manage or control management thereof immediately upon an Event of Default notwithstanding that foreclosure proceedings may not have been instituted or are pending or that the redemption period, if any, may not have expired. Mortgagor hereby knowingly, intelligently and voluntarily waives all rights to possession of the Property from and after the occurrence of an Event of Default and upon demand for possession by Lender Mortgagor agrees not to assert any objection or defense to Lender' request or to petition to a court for possession, and hereby consents to this appointment of a receiver for the Property. The rights hereby conferred upon Lender have been agreed upon prior to the occurrence of an Event of Default and the exercise by Lender of these rights shall not be deemed to put Lender in the status of a "mortgagee in possession." Mortgagor acknowledges that this provision is material to this transaction and that the Lender would not make the loan secured hereby but for this paragraph.

Section 18.8 Additional Fixture Filing Provisions. This Security Instrument shall be effective as a financing statement filed as a fixture filing with respect to all fixtures included in the Property and is to be filed and recorded in the real estate records of the county where the Property is located. For this purpose the following information is included: (i) Mortgagor shall be deemed the “Debtor” and is a corporation organized under the laws of the state of Delaware with the address set forth on the first page hereof and the organization number assigned Debtor by the state in which Debtor is organized is 0056825; (ii) Lender shall be deemed the “Secured Party” with the address set forth on the first page hereof; (iii) this Security Instrument covers goods which are or are to become fixtures; and (iv) the name of the record owner of the Land is the Debtor.

Section 18.9 Waiver of Priority. The Lender reserve the right to waive the priority of this Security Instrument as to any Lease otherwise subordinate to this Security Instrument by recording a declaration of subordination in the public records at any time prior to a sale on foreclosure of this Security Instrument.

Section 18.10 Marshalling and Other Matters. The word “law” in the first sentence of Section 11.2 of this Security Instrument is hereby deleted and the words “Applicable Law” are replaced in its stead. The following is hereby added after the word “Further,” and before the word “Mortgagor” at the beginning of the second sentence in Section 11.2 hereof: “to the extent permitted by Applicable Law”.

ARTICLE 19

1.2 Other Definitional Provisions. (a) The words “hereof,” “herein,” “hereto” and “hereunder” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement, and Section and Schedule references are to this Agreement unless otherwise specified.

(b) The meanings given to terms defined herein shall be equally applicable to both the singular and plural forms of such terms.

SECTION 2

PLEDGE OF CAPITAL STOCK

2.1 Pledge. As collateral security for the prompt satisfaction and performance of the Obligations when due (whether at the stated maturity, by acceleration or otherwise), each Pledgor hereby: (i) pledges, collaterally assigns and hypothecates to the Pledgee and hereby grants to the Pledgee for the benefit of the Pledgee and its assigns a first priority security interest in all of the Collateral now or from time to time, which such Pledgor now has or at any time in the future may acquire any right, title or interest in; (ii) pledges and deposits as security with the Pledgee the Pledged Equity Interests of the related Issuing Entities owned by such Pledgor on the date hereof and delivers to the Pledgee, any certificates therefor or instruments thereof, accompanied by such other instruments of transfer as are reasonably acceptable to the Pledgee; and (iii) collaterally assigns, transfers, hypothecates, mortgages, charges and sets over to the

Pledgee all of such Pledgor's right, title and interest in and to the Pledged Equity Interests of the related Issuing Entities (and in and to the certificates or instruments evidencing such Pledged Equity Interests of the related Issuing Entities) to be held by the Pledgee, upon the terms and conditions set forth in this Agreement.

2.2 Subsequently Acquired Capital Stock. If, at any time or from time to time after the date hereof, a Pledgor acquires (by purchase, stock dividend or otherwise) any additional Capital Stock (other than any such Capital Stock constituting Excluded Collateral) of the related Issuing Entities or, if any Capital Stock constituting Excluded Collateral ceases to be Excluded Collateral, such Pledgor hereby automatically pledges and shall forthwith deposit such Capital Stock of the related Issuing Entities (including any certificates or instruments representing such Capital Stock of the related Issuing Entities) as security with the Pledgee, together with related stock powers duly executed in blank by such Pledgor authorizing Pledgee to transfer ownership of any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement to a third party in accordance with the terms of this Agreement.

2.3 Delivery of Share Certificates and Powers of Attorney. Simultaneously with the delivery of this Agreement, each Pledgor is delivering to the Pledgee, all certificated securities (including, without limitation, stock certificates) representing the Pledged Equity Interests, together with related stock powers duly executed in blank by the relevant Pledgor authorizing Pledgee to transfer ownership of such Pledged Equity Interests to a third party in accordance with the terms of this Agreement. Each Pledgor shall promptly deliver to the Pledgee, or cause the Borrower or any Issuing Entity to deliver directly to the Pledgee, (i) share certificates or other instruments representing any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement and (ii) related stock powers duly executed in blank by such Pledgor authorizing Pledgee to transfer ownership of any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement to a third party in accordance with the terms of this Agreement.

2.4 Uncertificated Securities. Notwithstanding anything to the contrary contained in Sections 2.1 and 2.2, if any Pledged Equity Interests are uncertificated securities, the respective Pledgor hereby notifies the Pledgee thereof in Annex A hereof, and hereby covenants that it shall take all actions reasonably required by the Lender to perfect the security interest of the Pledgee in such uncertificated Pledged Equity Interests under Applicable Law. Each Pledgor further agrees to take such actions as the Pledgee deems reasonably necessary to effect the foregoing and to permit the Pledgee to exercise any of its rights and remedies hereunder and under applicable law.

SECTION 3

APPOINTMENT OF SUB-AGENTS; ENDORSEMENTS, ETC.

The Pledgee shall have the right to appoint one or more sub-agents for the purpose of retaining physical possession of any certificated Pledged Equity Interests, which may be held (in the discretion of the Pledgee) in the name of the relevant Pledgor, endorsed or assigned in blank or, if an Event of Default shall have occurred and be continuing, in the name of the Pledgee or any nominee or nominees of the Pledgee or a sub-agent appointed by the Pledgee; provided that, prior to any transfer resulting from the Lender's exercise of remedies under this Agreement, the Pledgee shall remain primarily liable for any and all actions and inactions of any such sub-agent or nominee of the Pledgee.

SECTION 4

VOTING, ETC. PRIOR TO AN EVENT OF DEFAULT

Unless and until an Event of Default shall have occurred and be continuing, each Pledgor shall be entitled to exercise all voting rights attaching to any and all Pledged Equity Interests owned by it, and to give consents, waivers or ratifications in respect thereof, provided that no vote shall be cast or any consent, waiver or ratification given or any action taken which would violate, result in a breach of any covenant contained in, or be materially inconsistent with, any of the terms of this Agreement, the Credit Agreement or any other Loan Document or that would have the effect of materially impairing the value of the Collateral or any part thereof or the position or interests of the Pledgee therein. All such rights of a Pledgor to vote and to give consents, waivers and ratifications shall cease in case an Event of Default shall occur and be continuing and Section 9 hereof shall become applicable; provided that, the Pledgee shall have the right from time to time during the continuance of an Event of Default to permit such Pledgor to exercise such rights. After all Events of Default have been cured or waived, each Pledgor will have the right to exercise the voting and consensual rights and powers that it would otherwise be entitled to exercise pursuant to the terms of this Section 4.

SECTION 5

DIVIDENDS AND OTHER DISTRIBUTIONS

Unless and until an Event of Default shall have occurred and be continuing, all cash dividends, interest and principal or other amounts payable in respect of the Pledged Equity Interests shall be paid to the Pledgors in accordance with the related certificate of incorporation, by-laws, certificate of formation, or operating agreement (or equivalent thereof), as the case may be. On and after the date on which an Event of Default shall have occurred and be continuing, all such amounts shall be paid to and shall constitute Collateral of the Pledgee under the Loan Documents. All dividends, distributions or other payments which are received by a Pledgor contrary to the provisions of this Section 5 or Section 9 shall be received in trust for the benefit of the Pledgee, shall be segregated from other property or funds of such Pledgor and shall be forthwith paid over to the Pledgee for the benefit of the Pledgee as collateral for the Obligations in the same form as so received (with any necessary endorsement).

SECTION 6

REPRESENTATION AND WARRANTIES OF THE PLEDGOR

6.1 Representations and Warranties. Each Pledgor represents, warrants and covenants that:

(a) it is the sole owner of the Pledged Equity Interests pledged by it hereunder, free and clear of all claims, mortgages, pledges, Liens, security interests and other encumbrances of any nature whatsoever (and no right or option to acquire the same exists in favor of any other person or entity), except for the assignment, pledge and security interest in favor of the Pledgee created or provided for herein or under any other Loan Document and Permitted Liens, and (except to the Pledgee hereunder) such Pledgor agrees that, except as permitted by the Credit Agreement, it will not encumber or grant any Lien in or with respect to the Pledged Equity Interest or permit any of the foregoing;

(b) except in connection with the Permitted Liens, no options, warrants or other agreements with respect to the Collateral owned by such Pledgor are outstanding;

(c) except for Excluded Collateral, the Pledged Equity Interests pledged by such Pledgor hereunder, represent all of the shares of Capital Stock of the Issuing Entities owned by such Pledgor;

(d) to the knowledge of such Pledgor, all of the Pledged Equity Interests owned by it have been duly and validly issued, are fully paid and non-assessable; and

(e) the pledge and collateral assignment to the Pledgee of the Pledged Equity Interests by such Pledgor pursuant to this Agreement, together with the delivery in the State of New York by such Pledgor to the Pledgee of all certificated Pledged Equity Interests together with related stock powers with respect thereto in blank, and the filing of New York UCC financing statements in the applicable filing jurisdiction set forth on Annex A, will create a valid and perfected first priority Lien in the Collateral, and the proceeds thereof, subject to no other Lien or to any agreement purporting to grant to any third party a Lien on the property or assets of such Pledgor which would include the Collateral other than a Permitted Lien allowable under the Credit Agreement.

SECTION 7

FURTHER ASSURANCES; POWER-OF-ATTORNEY

7.1 Further Assurances. Each Pledgor agrees that it will cooperate with the Pledgee in filing and refiling under the New York UCC such financing statements, continuation statements and other documents in such filing offices in any New York UCC jurisdiction as may reasonably be necessary or advisable and wherever required or advisable by law in order to perfect and preserve the Pledgee's first priority security interest in the Collateral hereunder and hereby authorizes the Pledgee to file financing statements and amendments thereto relative to all or any part of the Collateral, and agrees to do such further acts and things and to execute and

deliver to the Pledgee such additional conveyances, assignments, agreements and instruments as the Pledgee may reasonably require or reasonably deem advisable to carry into effect the purposes of this Agreement or to further assure and confirm unto the Pledgee its rights, powers and remedies hereunder or thereunder. Each Pledgor authorizes the Pledgee to use the collateral description "all personal property" or words of similar effect in any such financing statements.

7.2 Power-of-Attorney. Each Pledgor hereby constitutes and irrevocably appoints the Pledgee as its true and lawful attorney-in-fact, with full authority in the place and stead of such Pledgor and in the name of such Pledgor or otherwise, at any time and from time to time after an Event of Default shall have occurred and be continuing, to (i) affix to any documents representing the Collateral, the stock powers delivered with respect thereto, (ii) transfer or cause the transfer of the Collateral, or any part thereof, on the books of the Issuing Entity, to the name of the Pledgee or any nominee, (iii) exercise with respect to such Collateral, all the rights, powers and remedies of an owner, and (iv) take any action and execute any instrument which the Pledgee may deem necessary or advisable to accomplish the purposes of this Agreement, which such Pledgor is required to do hereunder but has failed to do within the required time frames hereunder. The power of attorney granted pursuant to this Section 7.2 and all authority hereby conferred are granted and conferred solely to protect the Pledgee's interest in the Collateral and shall not impose any duty upon the Pledgee to exercise any power. This power of attorney shall be irrevocable as one coupled with an interest until the Obligations are paid in full and the Loan Documents have been terminated.

SECTION 8

TRANSFER BY THE PLEDGOR

No Pledgor will sell or otherwise dispose of, grant any Lien or option with respect to, or mortgage, pledge or otherwise encumber any of the Collateral except in accordance with the terms of this Agreement and the Loan Documents or as may otherwise be agreed to in writing by the Pledgee.

SECTION 9

REMEDIES; PRIVATE SALE

9.1 Remedies. During the period during which an Event of Default is continuing:

(a) the Pledgee shall have all of the rights and remedies with respect to the Collateral of a secured party under the New York UCC and such additional rights and remedies to which a secured party is entitled under the laws in effect in any jurisdiction where any rights and remedies hereunder may be asserted (including, without limitation, the right, to the maximum extent permitted by law, to exercise all voting, consensual and other powers of ownership pertaining to the Collateral as if the Pledgee was the sole and absolute owner thereof (and the Pledgors agree to take all such action as may be appropriate to give effect to such right));

(b) the Pledgee may make any reasonable compromise or settlement deemed desirable with respect to any of the Collateral and may extend the time of payment, arrange for payment in installments, or otherwise modify the terms of, any of the Collateral;

(c) the Pledgee may, in its name or in the name of related Pledgor or otherwise, demand, sue for, collect or receive any money or property at any time payable or receivable on account of, or in exchange for, any of the Collateral, but shall be under no obligation to do so;

(d) the Pledgee may, with respect to the Collateral or any part thereof which shall then be or shall thereafter come into the possession, custody or control of the Pledgee or any of its agents, sell, lease, assign or otherwise dispose of all or any part of such Collateral, at such place or places as the Pledgee deems best, and for cash or for credit or for future delivery (without thereby assuming any credit risk), at public or private sale, without demand of performance or notice of intention to effect any such disposition or of the time or place thereof (except such notice as is required above or by applicable statute and cannot be waived), and any Person may be the purchaser, lessee, assignee or recipient of any or all of the Collateral so disposed of at any public sale (or, to the extent permitted by Applicable Law, at any private sale) and thereafter hold the same absolutely free from any claim or right of whatsoever kind, including any right or equity of redemption (statutory or otherwise), of any Pledgor, any such demand, notice and right or equity being hereby expressly waived and released. The Pledgee may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for the sale, and such sale may be made at any time or place to which the sale may be so adjourned;

(e) the Pledgee shall have the right to receive any and all cash dividends, payments or other Proceeds paid in respect of the Collateral and make application thereof to the Obligations in such order as the Pledgee shall elect; and

(f) any or all of the Collateral may be registered in the name of the Pledgee or its nominee, and the Pledgee or its nominee may thereafter exercise, (A) all voting, corporate or other organizational and other rights pertaining to such Collateral at any meeting of shareholders or other equity holders of the relevant Issuing Entities or otherwise and (B) any and all rights of conversion, exchange and subscription and any other rights, privileges or options pertaining to such Collateral as if it were the absolute owner thereof (including, without limitation, the right to exchange at its discretion any and all of the Collateral upon the merger, consolidation, reorganization, recapitalization or other fundamental change in the corporate or other organizational structure of any Issuing Entity, or upon the exercise by any Pledgor or the Pledgee of any right, privilege or option pertaining to such Collateral, and in connection therewith, the right to deposit and deliver any and all of the Collateral with any committee, depository, transfer agent, registrar or other designated agency upon such terms and conditions as the Lender may determine), all without liability except to account for property actually received by it, but the Lender shall have no duty to any Pledgor to exercise any such right, privilege or option and shall not be responsible for any failure to do so or delay in so doing.

The Pledgors recognize that, by reason of certain prohibitions contained in the Securities Act of 1933, as amended (the “Securities Act”), and applicable state securities laws (to the extent not preempted), the Pledgee may be compelled, with respect to any sale of all or any part of the Collateral which constitutes a “security” under the Securities Act, to limit purchasers to those who will agree, among other things, to acquire such Collateral for their own account, for investment and not with a view to the distribution or resale thereof. The Pledgors acknowledge that any such private sale may be at prices and on terms less favorable to the Pledgee than those obtainable through a public sale without such restrictions, and, notwithstanding such circumstances, agrees that any such private sale shall be deemed to have been made in a commercially reasonable manner and that the Pledgee shall not have any obligation to engage in public sales and no obligation to delay the sale of any such Collateral for the period of time necessary to permit the respective issuer thereof to register it for public sale.

9.2 Registration Rights. If the Pledgee shall determine to exercise its right to sell any or all of the Collateral pursuant to Section 9 at any time when an Event of Default has occurred and is continuing, and if in the opinion of the Pledgee it is necessary or advisable to have the Collateral, or that portion thereof to be sold, registered under the provisions of the Securities Act, the relevant Pledgor will use commercially reasonable efforts to cause the Issuing Entity thereof to (i) execute and deliver, and cause the directors and officers of such Issuing Entity to execute and deliver, all such instruments and documents, and do or cause to be done all such other acts as may be, in the opinion of the Pledgee, necessary or advisable to register the Collateral, or that portion thereof to be sold, under the provisions of the Securities Act, (ii) use its commercially reasonable efforts to cause the registration statement relating thereto to become effective and to remain effective for a period of two years from the date of the first public offering of the Collateral, or that portion thereof to be sold, and (iii) use commercially reasonable efforts to make all amendments thereto and/or to the related prospectus which, in the opinion of the Pledgee, are necessary, all in conformity with the requirements of the Securities Act and the rules and regulations of the Securities and Exchange Commission applicable thereto. Each Pledgor agrees to cause such Issuing Entity to comply with the provisions of the securities or “Blue Sky” laws of any and all jurisdictions which the Pledgee shall designate and to make available to its security holders, as soon as practicable, an earnings statement (which need not be audited) that will satisfy the provisions of Section 11(a) of the Securities Act.

9.3 Private Sale. The Pledgee shall not incur any liability as a result of the sale of the Collateral, or any part thereof, at any private sale pursuant to Section 9.1 of this Agreement conducted in good faith. Each Pledgor hereby waives any claims against the Pledgee by reason of the fact that the price at which the Collateral may have been sold at such a private sale was less than the price which might have been obtained at a public sale or was less than the aggregate amount of any obligations.

9.4 Cooperation. Each Pledgor agrees to use commercially reasonable efforts to do or cause to be done all such other acts as may be necessary to make such sale or sales of all or any portion of the Collateral pursuant to this Section 9 valid and binding and in compliance with any and all other Applicable Law. Each Pledgor further agrees that a breach of any of the covenants contained in this Section 9 will cause irreparable injury to the Pledgee, that the Pledgee has no adequate remedy at law in respect of such breach and, as a consequence, that each and every covenant contained in this Section 9 shall be specifically enforceable against such

Pledgor, and such Pledgor hereby waives and agrees (to the extent not prohibited by Applicable Law) not to assert any defenses against an action for specific performance of such covenants except for a defense that no Event of Default has occurred.

9.5 Deficiency. Each Pledgor shall remain liable for any deficiency if the proceeds of any sale or other disposition of the Collateral are insufficient to pay its Obligations and the reasonable fees and disbursements of any attorneys employed by the Pledgee to collect such deficiency.

9.6 Revocation of Existing Proxies. Without limitation to Section 9.1 and subject to restrictions in the documents governing the Permitted Liens, each Pledgor hereby revokes all previous proxies with regard to the Collateral and appoints the Pledgee as its proxy holder to attend and vote at any and all meetings of the shareholders (or other equity holders, as applicable) of the Issuing Entities, and any adjournments thereof, held on or after the date of the giving of this proxy and prior to the termination of this proxy and to execute any and all written consents of shareholders (or other equity holders, as applicable) of such Issuing Entities executed on or after the date of the giving of this proxy and prior to the termination of this proxy, with the same effect as if such Pledgor had personally attended the meetings or had personally voted the Collateral or had personally signed the written consents; provided, however, that the proxy holder shall have rights hereunder only upon the occurrence and during the continuance of an Event of Default. Each Pledgor hereby authorizes the Pledgee to substitute another Person as the proxy holder and, upon the occurrence or during the continuance of an Event of Default, hereby authorizes and directs the proxy holder to file this proxy and the substitution instrument with the secretary or other appropriate officer of the appropriate Issuing Entity. This proxy is coupled with an interest and is irrevocable until the Obligations have been paid in full and the Loans have been terminated.

9.7 No Duty to Others. It shall not be necessary for any Pledgee (and the Pledgor hereby waives any right which the Pledgor may have to require any Pledgee), in order to enforce the obligations of the Pledgor hereunder, first to (i) institute suit or exhaust its remedies against the Pledgor or others liable on the Loan or the Obligations or any other person, (ii) enforce any Pledgee's rights against any collateral which shall ever have been given to secure the Loan, (iii) enforce any Pledgee's rights against any other Pledgors of the Obligations, (iv) join the Pledgor or any others liable on the Obligations in any action seeking to enforce this Agreement, (v) exhaust any remedies available to the Pledgee against any collateral which shall ever have been given to secure the Loan, or (vi) resort to any other means of obtaining payment of the Obligations. The Pledgee shall not be required to mitigate damages or take any other action to reduce, collect or enforce the Obligations.

SECTION 10

COVENANTS OF THE PLEDGOR

10.1 Maintenance of Perfected Security Interest. Each Pledgor covenants and agrees that subject to the right, title and interest of holders of Permitted Liens, it will take all reasonable steps to defend the right, title and interest of the Pledgee in and to the Collateral and the Proceeds thereof against the claims and demands of all persons whomsoever; and each Pledgor covenants and agrees that it will have like title to and right to pledge any other property at any time hereafter pledged to the Pledgee as Collateral hereunder and will likewise take all reasonable steps to defend its rights thereto and interests therein.

10.2 No Other Liens. Each Pledgor covenants and agrees that it shall not (i) create, incur, assume or permit to exist any Lien or encumbrance on the Collateral (other than the Lien granted hereunder and Permitted Liens) and (ii) take any action which would have the effect of materially impairing the position or interests of the Pledgee hereunder except to the extent not prohibited by this Agreement.

No Pledgor will, nor will it permit any of the related Issuing Entities (for so long as all or a portion of its related Capital Stock constitutes Collateral hereunder) to, without the prior written consent of the Pledgee, (i) enter into or permit to exist any arrangement or agreement (excluding the Credit Agreement and the other Loan Documents) which directly or indirectly prohibits such Pledgor or any of the related Issuing Entities from creating, assuming or incurring any Lien upon such Pledgor's properties, revenues or assets whether now owned or hereafter acquired other than as permitted in the Credit Agreement, (ii) permit any Lien to exist on any of the Capital Stock of the related Issuing Entities (other than the Lien granted to the Pledgee hereunder and Permitted Liens), (iii) sell, transfer or otherwise dispose of any of the Capital Stock with respect to the Issuing Entities, regardless of whether such Capital Stock constitutes Collateral hereunder, other than in a transaction permitted under the Credit Agreement or (iv) except as otherwise permitted in the Credit Agreement, enter into any agreement, contract or arrangement (excluding the Credit Agreement and the other Loan Documents) restricting the ability of any Issuing Entity to pay or make dividends or distributions in cash or kind to the Pledgor or the Pledgee (to the extent the Pledgee is entitled hereunder to receive the payment of same), to make loans, advances or other payments of whatsoever nature to the Pledgor, or to make transfers or distributions of all or any part of its assets to the Pledgor or any Person owning or holding the Capital Stock with respect to such Issuing Entity; in each case other than (x) customary anti-assignment provisions contained in leases, permits, licensing agreements and other contracts entered into by the Pledgor or such Issuing Entity in the ordinary course of its business, (y) restrictions and conditions imposed by any laws, rules or regulations of any Governmental Authority, and (z) restrictions and conditions arising under the Credit Agreement and the other Loan Documents.

10.3 Restrictions on Voting and Transfers. Except as otherwise permitted under the Credit Agreement, without the prior written consent of the Pledgee, each Pledgor covenants and agrees that it will not (i) vote to enable, or take any other action to permit, any Issuing Entity to issue any stock or other equity securities or interests of any nature or to issue any other securities convertible into or granting the right to purchase or exchange for any stock or other equity securities or interests of any Issuing Entity or (ii) sell, assign, transfer, exchange or otherwise dispose of, or grant any option with respect to, the Pledged Equity Interests.

10.4 Books and Records. Each Pledgor covenants and agrees that it will cause its pledge hereunder to be noted conspicuously on its books and records.

10.5 Investment Property. Except as indicated on Annex A hereto, with respect to each Issuing Entity that is a partnership or a limited liability company (i) each Pledgor

confirms that none of the terms of any Equity Interest issued by the applicable Issuing Entity provides that such Capital Stock is a “security” within the meaning of Sections 8-102 and 8-103 of the New York UCC (a “Security”), (ii) each Pledgor agrees that it will not take and will cause the Issuing Entity not to take any action to cause or permit any such Capital Stock to become a Security, (iii) each Pledgor agrees that it will not permit the applicable Issuing Entity to issue any certificate representing any such Capital Stock and (iv) Pledgor agrees that if, notwithstanding the foregoing, any such Capital Stock shall be or become a Security, such Pledgor will (and will instruct such Issuing Entity to) comply with instructions originated by the Pledgee without further consent by such Pledgor. Each Pledgor covenants and agrees that those Pledged Equity Interests that are noted as uncertificated on Annex A hereto (the “Uncertificated Pledged Equity Interests”) are “general intangibles” under Article 9 of the New York UCC, and are not “securities” for purposes of Article 8 of the New York UCC or “investment property” for purposes of Article 9 of the New York UCC, and that it will not modify any organizational, operating or other agreements to permit such Capital Stock to be governed by Article 8 of the New York UCC without the prior written consent of the Pledgee.

SECTION 11

PLEDGOR’S OBLIGATIONS ABSOLUTE, ETC.

Subject to Section 16, the obligations of each Pledgor under this Agreement shall be absolute and unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstance or occurrence whatsoever, including, without limitation:

- (a) any renewal, extension, amendment or modification of, or addition or supplement to or deletion from any of the Loan Documents, or any other instrument or agreement referred to therein, or any assignment or transfer of any thereof;

- (e) any bankruptcy, insolvency, reorganization, composition, adjustment, dissolution, liquidation or other like proceeding relating to such Pledgor or any Affiliate of such Pledgor, or any action taken with respect to this Agreement by any trustee or receiver, or by any court, in any such proceeding, whether or not such Pledgor shall have notice or knowledge of any of the foregoing; or

(f) any other circumstance which might otherwise constitute a defense available to, or a discharge of, the Pledgors in respect of its obligations hereunder or the Pledgors in respect of this Agreement or otherwise.

SECTION 12

NOTICES, ETC.

Except as otherwise expressly permitted by this Agreement, all notices, requests and other communications provided for herein and under the other Loan Documents (including, without limitation, any modifications of, or waivers, requests or consents under, this Agreement) shall be given or made in writing (including, without limitation, by telecopy or Electronic Transmission) delivered to the intended recipient at the "Address for Notices" specified (i) on the signatures pages hereof, beneath each party's name or (ii) in Section 8.2 of the Credit Agreement or; (iii) as to any party, at such other address as shall be designated by such party in a written notice to each other party.

SECTION 13

WAIVER; AMENDMENT

None of the terms or provisions of this Agreement may be waived, amended, supplemented or otherwise modified except in accordance with Section 8.1 of the Credit Agreement.

15.1 Submission to Jurisdiction. All judicial proceedings brought against any Pledgor arising out of or relating to this Agreement or any other Loan Document, or any Obligations hereunder and thereunder, may be brought in the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof. Each Pledgor hereby irrevocably and unconditionally:

(a) submits for itself and its property in any such legal action or proceeding relating to this Agreement and the other Loan Documents to which it is a party, or for

recognition and enforcement of any judgment in respect thereof, to the non exclusive jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Borrower at its address set forth in Section 12 or at such other address of which the Lender shall have been notified pursuant thereto; and

(d) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive or consequential damages.

15.2 Waiver of Jury Trial. **THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.**

SECTION 16

CONTINUING SECURITY INTEREST; RELEASE

(a) This Agreement shall create a continuing security interest in the Collateral and shall (i) remain in full force and effect until the Obligations have matured and have been paid and satisfied in full, (ii) be binding upon and inure to the benefit of the Pledgors, each of the Pledgors' executors, administrators, successors and assigns, and (iii) inure to the benefit of and be binding upon the Pledgee and its successors, transferees and assigns. (b) Upon termination of the Credit Agreement and repayment to the Lender of all Obligations and the performance of all obligations under the Loan Documents, the Pledgee shall release its security interest in any remaining Collateral; provided that if any payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the Pledgee upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of the Borrower, or upon or as a result of the appointment of a receiver, intervenor or conservator of, or a trustee or similar officer for the Borrower or any substantial part of its Property, or otherwise, this Agreement, all rights hereunder and the Liens created hereby shall continue to be effective, or be reinstated, until such payments have been made.

For the avoidance of doubt, the Lien of the Lender on the Collateral shall not be released in connection with the Disposition of Collateral between and among the Pledgors and the other Loan Parties.

SECTION 17

No failure to exercise and no delay in exercising, on the part of the Lender, any right, remedy, power or privilege hereunder or under the other Loan Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. 17.2 Survival of Representations and Warranties. 17.3 Payment of Expenses. Each Pledgor hereby agrees to pay on demand by the Lender any and all reasonable out-of-pocket costs, fees and expenses (including, without limitation, reasonable legal fees and expenses) incurred by the Lender or its agents, representatives, advisors in enforcing any of its rights or remedies under this Agreement, in each case in accordance with Section 8.5 of the Credit Agreement.

17.4 Successors and Assigns. Section 8.6, the Issuer agrees that, upon the request of the Noteholder, the Issuer shall promptly execute and deliver to the Noteholders Notes reflecting the Notes assigned or transferred and the Notes retained by each Noteholder, if any.

2.4. Optional Prepayments. The Issuer may at any time and from time to time prepay the Notes, in whole or in part, without premium or penalty, upon irrevocable notice delivered to the Noteholders no later than 12:00 noon (New York City time) three Business Days prior to the date such prepayment is requested to be made, which notice shall specify the date of such prepayment and the amount of such prepayment. If any such notice is given, the amount specified in such notice shall be due and payable on the date specified therein. Partial prepayments of Notes shall be in an aggregate principal amount of \$25,000,000 or a whole multiple thereof or, if less, the entire Outstanding Principal as of the date of such prepayment. Upon any partial prepayment pursuant to this Section 2.4, the Scheduled Payment Amounts shall be recalculated in accordance with Section 2.7(a).

2.5. Mandatory Prepayments. (a) Unless the Approving Party shall otherwise agree (and, if the Approving Party is the Treasury, the Treasury concurrently agrees under the UST Facility), if any Additional First Lien Indebtedness or Permitted Unsecured Indebtedness is incurred by any Group Member (other than an Excluded Subsidiary), then promptly upon such incurrence (and in any case not more than twenty Business Days thereafter), the Notes shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such incurrence, as set forth in Section 2.5(d). If any amount in respect of Attributable Obligations under a Sale/Leaseback Transaction is required to be applied as a prepayment of the Notes pursuant to clause (n) of the definition of "Permitted Indebtedness," then promptly upon the occurrence of such Sale/Leaseback Transaction (and in any case not more than twenty Business Days thereafter), the Notes shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such Sale/Leaseback Transaction, as set forth in Section 2.5(d). With respect to any such Indebtedness incurred by an applicable Non-U.S. Subsidiary, the aggregate amount of the Applicable Net Cash Proceeds thereof required to be applied pursuant to Section 2.5(d) to the prepayment of the Notes shall be subject to reduction to the extent that expatriation of such Applicable Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any applicable Group Member, or (iii) would result in the insolvency of the applicable Non-U.S. Subsidiary. The provisions of this Section do not constitute a consent to the incurrence of any Indebtedness by any Group Member to which consent is otherwise required under this Agreement or the other Secured Note Documents. Notwithstanding the foregoing, no prepayment shall be required under this Section 2.5(a) if (A) the aggregate principal amount of Indebtedness and any Attributable Obligations incurred by the applicable Group Member on the date of incurrence does not exceed \$5,000,000, or (B) the Indebtedness was incurred or issued by a Foreign Subsidiary, General Motors China, Inc. or GM APO Holdings LLC solely for the purpose of funding operations outside the United States and Canada.

(b) Unless the Approving Party shall otherwise agree (and, if the Approving Party is the Treasury, the Treasury concurrently agrees under the UST Facility), if on any date any Group Member other than an Excluded Subsidiary shall receive Net Cash Proceeds from any Asset Sale, Recovery Event or Extraordinary Receipt, then unless a Reinvestment Notice shall be

delivered in respect of any Asset Sale or Recovery Event, promptly upon receipt by such Group Member of such Net Cash Proceeds (and in any case not more than twenty Business Days thereafter), the Notes shall be prepaid by an amount equal to the amount of such Net Cash Proceeds, as set forth in Section 2.5(d); provided that, on each Reinvestment Prepayment Date, the Notes shall be prepaid by an amount equal to the Reinvestment Prepayment Amount with respect to the relevant Reinvestment Event, as set forth in Section 2.5(d). With respect to any Net Cash Proceeds realized or received by an applicable Non-U.S. Subsidiary in connection with any Asset Sale, Recovery Event or Extraordinary Receipt, the aggregate amount of such Net Cash Proceeds required to be applied pursuant to this Section 2.5(b) to the prepayment of the Notes shall be subject to reduction to the extent that expatriation of such Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any applicable Group Member, or (iii) would result in the insolvency of the applicable Non-U.S. Subsidiary. The provisions of this Section 2.5(b) do not constitute a consent to the consummation of any Disposition not permitted by Section 6.12.

(c) [Intentionally omitted].

(d) Amounts to be applied in connection with prepayments pursuant to Section 2.4 and this Section 2.5 shall be applied to prepay the Notes and upon the occurrence of a prepayment pursuant to this Section 2.5, the Outstanding Principal and each remaining Scheduled Payment Amount shall be recalculated pursuant to Section 2.7. Any such prepayment shall be accompanied by a notice to the Noteholders specifying the amount of such prepayment and the remaining Scheduled Payments Amounts.

(e) [Intentionally omitted].

(f) [Intentionally omitted].

(g) With respect to the amount of any mandatory prepayment required to be made pursuant to Section 2.5(a) or (b) (the "Mandatory Prepayment Amount"), at any time when the Initial Noteholder is a Noteholder hereunder, the Issuer may, in lieu of applying the VEBA's Percentage of such amount to the prepayment of the Initial Noteholder's Note as provided in Section 2.5(a) or (b), as applicable, on the date specified in Section 2.5(a) or (b), as applicable (the "Offer Date"), for such prepayment, deliver a written offer to the Initial Noteholder to permit the Initial Noteholder to decline all or a portion of such mandatory prepayment; provided that, the Issuer shall pay to each Noteholder other than the Initial Noteholder such Noteholder's pro rata share of such mandatory prepayment as otherwise required by Section 2.5(a) or (b), as applicable. If, no later than 5 Business Days following the Offer Date (the "Mandatory Prepayment Date"), (i) the Initial Noteholder and the Issuer have mutually agreed, the Initial Noteholder may deliver a written notice to reject (a "VEBA Rejection Notice") all or a portion of the applicable Mandatory Prepayment Amount (such rejected amount, the "Rejected Prepayment Amount"), and the Issuer shall offer to apply the Rejected Prepayment Amount to the Canadian Facility and the UST Facility in accordance with Section 2.5(h) and (ii) otherwise, the Initial Noteholder's Note shall be repaid on the Mandatory Prepayment Date, together with all accrued and unpaid interest thereon. For avoidance of doubt, the Initial Noteholder is the sole Noteholder that may reject a mandatory prepayment pursuant to this Section 2.5(g) and such right shall not be available to any other Noteholder.

(h) In the event that there is any Rejected Prepayment Amount relating to a mandatory prepayment required to be made pursuant to Section 2.5(a) and the Canadian Lender is a lender under the Canadian Facility or the Treasury is a lender under the UST Facility, the Issuer shall offer to apply the Rejected Prepayment Amount to the loans under the Canadian Facility and the loans under the UST Facility on the date that is five Business Days after the date the Initial Noteholder has delivered a VEBA Rejection Notice, as follows:

(i) if the Treasury is no longer a lender under the UST Facility, the entire Rejected Prepayment Amount shall be offered to the Canadian Lender as a prepayment of the loans under the Canadian Facility in accordance with the terms of Section 2.07(d) of the Canadian Facility;

(ii) if the Canadian Lender is no longer a lender under the Canadian Facility, the entire Rejected Prepayment Amount shall be offered to the Treasury as a prepayment of the loans under the UST Facility in accordance with Section 2.5(j) of the UST Facility; or

(iii) otherwise, the Rejected Prepayment Amount shall be offered to both the Canadian Lender and the Treasury on a pro rata basis based on the aggregate outstanding principal balance of the Canadian Lender's loans under the Canadian Facility on the date of such offer and the aggregate outstanding principal balance of the Treasury's loans outstanding under the UST Facility on the date of such offer.

Any amounts rejected by the Canadian Lender or the Treasury, as applicable, following any offer pursuant to this Section 2.5(h) may be retained by the Issuer. In the event that the Canadian Lender is no longer a lender under the Canadian Facility and the Treasury is no longer a lender under the UST Facility, the Issuer may retain any Rejected Prepayment Amount; provided that, the Issuer may not use any portion of any Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4.

(i) In the event that there is any Rejected Prepayment Amount relating to a mandatory prepayment required to be made pursuant to Section 2.5(b) and the Treasury is a lender under the UST Facility, the Issuer shall offer to apply the Rejected Prepayment Amount to the UST Facility on the date that is five Business Days after the date the Initial Noteholder has delivered a VEBA Rejection Notice, in accordance with Section 2.5(j) of the UST Facility. Any amounts rejected by the Treasury following any offer pursuant to Section 2.5(j) of the UST Facility may be retained by the Issuer. In the event that the Treasury is no longer a lender under the UST Facility, the Issuer may retain any Rejected Prepayment Amount relating to a mandatory prepayment required to be made to the Initial Noteholder pursuant to Section 2.5(b); provided that, the Issuer may not use any portion of any Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4.

(j) If on any date, the Issuer or GM Canada shall have received a Canadian Lender Rejection Notice or a UST Rejection Notice, the Issuer shall at any time when the Initial

Noteholder is a Noteholder hereunder, deliver a written offer to the Initial Noteholder to prepay on the date that is five Business Days after the date of the Canadian Lender Rejection Notice or the UST Rejection Notice, as applicable, the Notes held by the Initial Noteholder by an amount equal to the Applicable Rejected Prepayment Amount. The Initial Noteholder may, in its sole discretion, elect to reject all or a portion of such Applicable Rejected Prepayment Amount. Any amounts rejected by the Initial Noteholder following any offer pursuant to this Section 2.5(j) may be retained by the Issuer; provided that, the Issuer may not use any portion of any Applicable Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.4. For the avoidance of doubt, the Initial Noteholder is the sole Noteholder that shall be offered, and shall have the right to reject, any Applicable Rejected Prepayment Amount.

(k) Notwithstanding anything to the contrary set forth herein, the Issuer shall not be required to make an offer to any of the Treasury, the Canadian Lender or the Initial Noteholder pursuant to Section 2.5(g), (h), (i) or (j) in excess of the outstanding principal balance of the Treasury's loans under the UST Facility, the outstanding principal balance of the Canadian Lender's loans under the Canadian Facility, or the Outstanding Principal of the Initial Noteholder under the Notes, as applicable.

2.6. Interest Rates and Payment Dates. (a) The Notes shall have an implied rate equal to the Implied Interest Rate accreting from July 15, 2009. Each payment on the Notes on each Payment Date shall be in an amount equal to the applicable Scheduled Payment.

(b) [Intentionally omitted].

(c) [Intentionally omitted].

(d) If at any time any Event of Default shall have occurred and be continuing, all outstanding Notes and all other outstanding Obligations shall bear interest at the Default Rate.

(e) Interest accruing pursuant to Section 2.6(d) shall be calculated and payable in accordance with Section 2.7(a).

(f) Payments on the Notes shall be made on each Payment Date.

2.7. Calculations of Scheduled Payment Amounts, Acceleration Payment Amounts and Default Interest; Payment Dates. (a) On (i) any scheduled Payment Date after an occurrence of an Event of Default or (ii) any Prepayment Date (each of clause (i), (ii) and, if the Notes are accelerated, the date of determination of the Acceleration Payment Amount, a "Recalculation Date"), the Outstanding Principal of the Notes shall be recalculated to reflect the prepayment of principal from the Outstanding Principal on such Prepayment Date and/or the incurrence of default interest, as applicable (as recalculated, the "Recalculated Principal"), and the remaining Scheduled Payment Amounts shall be adjusted in a manner such that (x) all remaining Scheduled Payment Amounts are equal, and (y) the present value of all remaining Scheduled Payment Amounts, discounted to such Recalculation Date at the Implied Interest Rate, equals the Recalculated Principal. The Outstanding Principal and Scheduled Payment Amounts shall be adjusted to take account of each successive prepayment or period of default interest, as the case may be, in the manner described above. For example, in the event of a

\$1,000,000,000 prepayment occurring on January 1, 2012, each remaining Scheduled Payment Amount would be adjusted to \$ 935,987,673. If an Event of Default occurs on January 1, 2013 and then ceases to exist on August 1, 2013, the Scheduled Payment Amount on July 15, 2013 would be \$1,397,542,949 and each other remaining Scheduled Payment Amount would be adjusted to \$1,398,602,124.

(b) Upon an acceleration of the Notes pursuant to Section 7.2, the amount due on the Notes (the “Acceleration Payment Amount”) shall be the Outstanding Principal of the Notes as of such date of acceleration (determined after taking into account any recalculation of the Outstanding Principal pursuant to Section 2.7(a) above). From and including the date of an acceleration to but excluding the date of the payment of the Acceleration Payment Amount and all other outstanding Obligations, each of the Acceleration Payment Amount and all other outstanding Obligations shall bear interest at the Default Rate.

2.8. [Intentionally Omitted].

2.9. Treatment of Payments. (a) [Intentionally omitted].

(b) [Intentionally omitted].

(c) [Intentionally omitted].

(d) All payments (including prepayments) to be made by the Issuer hereunder, whether on account of principal, interest, fees or otherwise, shall be made without setoff or counterclaim and shall be made prior to 3:00 p.m. (New York City time) on the due date thereof, in Dollars and shall be paid by wire transfer of immediately available funds; provided that, if the Issuer has not received wire transfer instructions in writing on or before the 30th day prior to the date and time such moneys are to be paid to any Noteholder in accordance with the terms thereof, such payment shall be made by mailing checks payable to or upon the order of such Noteholder at its last address as it appears on the Register for such Note as of the fifth (5th) Business Day prior to the date such payment is due. If any payment hereunder becomes due and payable on a day other than a Business Day, such payment shall be extended to the next succeeding Business Day. As of the Effective Date, the Initial Noteholder’s wire instructions are as set forth on Exhibit 1.1A.

2.10. [Intentionally Omitted].

2.11. [Intentionally Omitted].

2.12. Taxes. (a) Except as required by Applicable Law, all payments made by the Issuer under this Agreement or any other Secured Note Document shall be made free and clear of, and without deduction or withholding for or on account of, any present or future income, stamp or other taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net or overall gross income taxes or net or overall gross profit taxes, franchise taxes (imposed in lieu of net or overall gross income taxes), capital taxes and branch profit taxes imposed on a Noteholder as a result of a present or former connection between such Noteholder and the jurisdiction of the Governmental Authority imposing such tax or any political

subdivision or taxing authority thereof or therein (other than any such connection arising solely from such Noteholder's having executed, delivered or performed its obligations or received a payment under, or enforced, this Agreement or any other Secured Note Document). If any such non-excluded taxes (such taxes, excluding Excluded Taxes, "Non-Excluded Taxes") are required to be withheld from any amounts payable by the Issuer to a Noteholder hereunder, the amounts so payable to such Noteholder shall be increased so that after making or allowing for all such required withholdings (including withholdings applicable to additional amounts payable under this Section 2.12) such Noteholder receives an amount equal to the sum it would have received had no such withholdings been required; provided, however, that the Issuer shall not be required to increase any such amounts payable to a Noteholder with respect to any Non-Excluded Taxes that are (i) attributable to such Noteholder's failure to comply with the requirements of paragraph (d) of this Section 2.12, (ii) taxes imposed by way of withholding on net or gross income, but not excluding such taxes arising as a result of a change in Applicable Law occurring after (A) the date that such Noteholder became a party to this Agreement (unless after that date such Noteholder has designated a new lending office, in which case sub-clause (C) below shall apply), or (B) with respect to an assignment, acquisition or grant of a participation, the effective date of such assignment, acquisition or participation, except to the extent that such Noteholder's predecessor was entitled to such amounts, or (C) with respect to the designation of a new lending office, the effective date of such designation, except to the extent such Noteholder was entitled to receive such amounts with respect to its previous lending office, and (iii) taxes resulting from such Noteholder's gross negligence or willful misconduct (collectively, and together with the taxes excluded by the first sentence of this Section 2.12, "Excluded Taxes").

(b) In addition, the Issuer shall pay any Other Taxes to the relevant Governmental Authority in accordance with Applicable Law.

(c) Whenever any Non-Excluded Taxes or Other Taxes are payable by the Issuer, as promptly as possible thereafter, the Issuer shall send to the relevant Noteholder a certified copy of an original official receipt received by the Issuer showing payment thereof (or if an official receipt is not available, such other evidence of payment as shall be reasonably satisfactory to such Noteholder). If the Issuer fails to pay any Non-Excluded Taxes or Other Taxes required to be paid by the Issuer under this Section 2.12 when due to the appropriate taxing authority or fails to remit to a Noteholder the required receipts or other required documentary evidence, the Issuer shall indemnify such Noteholder and hold such Noteholder harmless against any such Non-Excluded Taxes or Other Taxes and for any incremental taxes, interest or penalties that may become payable by such Noteholder as a result of any such failure to remit or pay. The agreements in this Section 2.12 shall survive the termination of this Agreement and the payment of the Notes and all other amounts payable hereunder.

(d) Each Noteholder (or any Transferee) (other than the United States government (including the Treasury)) that either (A) is not incorporated under the laws of the United States, any state thereof, or the District of Columbia or (B) whose name does not include "Incorporated," "Inc.," "Corporation," "Corp.," "P.C.," "insurance company," or "assurance company" (a "Non-U.S. Noteholder") shall deliver to the Issuer, so long as such Noteholder is legally entitled to do so, two originals of either U.S. Internal Revenue Service Form W-9, Form W-8BEN, Form W-8EXP, Form W-8ECI, or in the case of a Non-U.S. Noteholder claiming exemption from U.S. federal withholding tax under Section 871(h) or 881(c) of the

Code with respect to payment of “portfolio interest”, a Form W-8BEN (along with a statement as to certain requirements in order to claim an exemption for “portfolio interest” reasonably acceptable to the Issuer), or Form W-8IMY (with applicable attachments), or any subsequent versions thereof or successors thereto, properly completed and duly executed by such Non-U.S. Noteholder claiming a complete exemption from (or reduced rate of) United States federal withholding tax on all payments by the Issuer under this Agreement or any other Secured Note Document. In addition, each Noteholder shall provide any other U.S. tax forms (with applicable attachments) as will reduce or eliminate United States federal withholding tax on payments by the Issuer under this Agreement or any other Secured Note Document. Each Noteholder (other than the United States government (including the Treasury)) shall provide the appropriate documentation under this clause (d) at the following times: (1) prior to the first Payment Date after becoming a party to this Agreement, (2) upon a change in circumstances or upon a change in law, in each case, requiring or making appropriate a new or additional form, certificate or documentation, (3) upon or before the expiration, obsolescence or invalidity of any documentation previously provided to the Issuer and (4) upon reasonable request by the Issuer. If a Noteholder is entitled to an exemption from or reduction of withholding tax under the law of the jurisdiction in which the Issuer is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Agreement, then such Noteholder shall deliver to the Issuer, at the time or times prescribed by Applicable Law or reasonably requested by the Issuer, such properly completed and executed documentation as will permit such payments to be made without withholding or at a reduced rate, provided that such Noteholder is legally entitled to complete, execute and deliver such documentation and in the Noteholder’s reasonable judgment such completion, execution or submission would not materially prejudice the legal position of such Noteholder.

(e) If a Noteholder determines that it has received a refund, credit, or other reduction of taxes in respect of any Non-Excluded Taxes or Other Taxes paid by the Issuer, as to which it has been indemnified by the Issuer, or with respect to which the Issuer has paid additional amounts pursuant to this Section 2.12, such Noteholder shall within 60 days from the date of actual receipt of such refund or the filing of the tax return in which such credit or other reduction results in a lower tax payment, pay over such refund or the amount of such tax reduction to the Issuer (but only to the extent of such Non-Excluded Taxes or Other Taxes paid by the Issuer, indemnity payments made by the Issuer with respect to such Non-Excluded Taxes or Other Taxes, or additional amounts paid by the Issuer with respect to such Non-Excluded Taxes or Other Taxes, as applicable), net of all out of pocket expenses of such Noteholder, and without interest (other than interest paid by the relevant Governmental Authority with respect to such refund). Notwithstanding anything to the contrary in this Agreement, upon the request of a Noteholder, the Issuer agrees to repay any amount paid over to the Issuer pursuant to the immediately preceding sentence (plus penalties, interest, or other charges) if such Noteholder is required to repay such amount to the taxing Governmental Authority. This paragraph shall not be construed to (i) interfere with the rights of any Noteholder to arrange its tax affairs in whatever manner it sees fit, (ii) obligate any Noteholder to claim any tax refund, (iii) require any Noteholder to make available its tax returns (or any other information relating to its taxes or any computation with respect thereof which it deems in its sole discretion to be confidential) to the Issuer or any other Person, or (iv) require any Noteholder to do anything that would in its sole discretion prejudice its ability to benefit from any other refunds, credits, reliefs, remissions or repayments to which it may be entitled.

(f) Each Noteholder that is an Assignee shall be bound by this Section 2.12.

(g) The agreements contained in this Section 2.12 shall survive the termination of this Agreement or any other Secured Note Document and the payments contemplated hereunder or thereunder.

2.13. Requirements of Law. (a) If any Requirement of Law or any change in the interpretation or application thereof or compliance by a Noteholder with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority made subsequent to the date hereof:

(i) shall subject a Noteholder to any tax of any kind whatsoever with respect to this Agreement or the Notes or change the basis of taxation of payments to a Noteholder in respect thereof (provided that, this clause (i) shall not apply to any withholding taxes or taxes covered by Section 2.12);

(ii) shall impose, modify or hold applicable any reserve, special deposit, compulsory advance or similar requirement or otherwise impose any cost on a Noteholder in connection with holding the Notes or other extensions of credit;

(iii) shall impose on a Noteholder any other condition;

(iv) and the result of any of the foregoing is to increase the cost to such Noteholder, by an amount which such Noteholder deems to be material, of holding the Notes or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Issuer shall promptly pay such Noteholder such additional amount or amounts as will compensate such Noteholder for such increased cost or reduced amount receivable thereafter incurred.

(b) If a Noteholder shall have determined in its sole discretion that the adoption of or any change in any Requirement of Law regarding capital adequacy or in the interpretation or application thereof or compliance by such Noteholder or any Person controlling such Noteholder with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on such Noteholder's or such Person's capital as a consequence of any obligations hereunder to a level below that which such Noteholder or such Person (taking into consideration such Noteholder's or such Person's policies with respect to capital adequacy) by an amount deemed by such Noteholder to be material, then from time to time, the Issuer shall promptly pay to such Noteholder such additional amount or amounts as will thereafter compensate such Noteholder for such reduction.

(c) If a Noteholder becomes entitled to claim any additional amounts pursuant to this Section 2.13, it shall promptly notify the Issuer of the event by reason of which it has become so entitled. A certificate as to any additional amounts payable pursuant to this Section 2.13 submitted by such Noteholder to the Issuer shall be conclusive in the absence of manifest error.

Neither the execution and delivery of the Secured Note Documents nor the consummation of the transactions therein contemplated in compliance with the terms and provisions thereof will (a) conflict with or result in a breach of (i) the charter, by laws, certificate of incorporation, operating agreement or similar organizational document of any

North American Group Member, (ii) any Requirement of Law, (iii) any Applicable Law, rule or regulation, or any order, writ, injunction or decree of any Governmental Authority, (iv) any material Contractual Obligation to which any Issuer Party is a party or by which any of them or any of their Property is bound or to which any of them or any of their Property is subject, or (b) constitute a default under any material Contractual Obligation, or (c) (except for Permitted Liens) result in the creation or imposition of any Lien upon any property of any Issuer Party pursuant to the terms of any such agreement or instrument.

3.7. Taxes. Each North American Group Member has timely filed or caused to be filed all federal, state and other material tax returns that are required to be filed and all such tax returns are true and correct in all material respects and such North American Group Member has timely paid all material taxes levied or imposed on it or its property (whether or not shown to be due and payable on said returns) or on any assessments made against it or any of its property and all material other taxes, fees or other charges imposed on it or any of its property by any Governmental Authority (other than any taxes, fees or other charges the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which adequate reserves have been provided on the books of the relevant North American Group Member). (dd) the Issuer shall (i) default in making any payment of any principal of any Indebtedness under the UST Facility on the scheduled or original due date with respect thereto; or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the UST Facility; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness (other than a breach of the vitality commitment therein) or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist (other than a breach of the vitality commitment therein), the effect of which default or other event or condition is to cause, or to permit the holder or beneficiary of such Indebtedness (or a trustee or agent on behalf of

such holder or beneficiary) to cause, with the giving of notice if required, such Indebtedness to become due prior to its stated maturity or to become subject to a mandatory offer to purchase by the obligor thereunder or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; or

(ee) any North American Group Member shall (i) default in making any payment of any principal of any Indebtedness (including any Guarantee Obligation, but excluding the Notes, the Canadian Facility (other than a breach of the COCA (as defined in the Canadian Facility)) and the UST Facility (other than a breach of the vitality commitment therein)) on the scheduled or original due date with respect thereto; or (ii) default in making any payment of any interest on any such Indebtedness beyond the period of grace, if any, provided in the instrument or agreement under which such Indebtedness was created; or (iii) default in the observance or performance of any other agreement or condition relating to any such Indebtedness (including a breach of the COCA (as defined in the Canadian Facility) or a breach of the vitality commitment in the UST Facility) or contained in any instrument or agreement evidencing, securing or relating thereto, or any other event shall occur or condition exist, the effect of which default or other event or condition is to cause such Indebtedness to become due prior to its stated maturity or to become subject to a mandatory offer to purchase by the obligor thereunder or (in the case of any such Indebtedness constituting a Guarantee Obligation) to become payable; provided that a default, event or condition described in clause (i), (ii) or (iii) of this paragraph (ee) shall not at any time constitute an Event of Default unless, at such time, one or more defaults, events or conditions of the type described in clauses (i), (ii) and (iii) of this paragraph (ee) shall have occurred and be continuing with respect to Indebtedness, the Outstanding Amount of which exceeds in the aggregate \$100,000,000.

7.2. Remedies upon Event of Default. (a) If any Event of Default occurs and is continuing, without limiting the rights and remedies available to the Noteholders under Applicable Law, the Noteholders may, by written notice to the Issuer, take any or all of the following actions, at the same or different times:

(i) declare the principal of and accrued interest on the outstanding Notes to be immediately due and payable as calculated in accordance with Section 2.7(b);

(ii) set-off any amounts held in any accounts maintained by any Issuer Party with respect to which the Noteholders are a party to a control agreement; or

(iii) take any other action or exercise any other right or remedy (including, without limitation, with respect to the Liens in favor of the Noteholders) permitted under the Secured Note Documents or by Applicable Law.

(b) Notwithstanding the foregoing, if such event is an Event of Default specified in Section 7.1(j) or 7.1(aa) above with respect to the Issuer, automatically the Notes (with accrued interest thereon) and all other amounts owing under this Agreement and the other Secured Note Documents shall immediately become due and payable as calculated pursuant to Section 2.7(b).

(c) For the avoidance of doubt, subject to Section 8.6(g), the Initial Noteholder may in its discretion waive any Default, Event of Default or any right the Noteholders may have to take any enforcement action as a consequence thereof. Except as expressly provided above in this Section 7.2 or required by law (and which cannot be waived), presentment, demand, protest and all other notices of any kind are hereby expressly waived by the Issuer.

SECTION 8

MISCELLANEOUS

8.1. Amendments and Waivers. (a) Neither this Agreement, any other Secured Note Document, nor any terms hereof or thereof may be amended, supplemented or modified except (i) in accordance with the provisions of this Section 8.1 or as otherwise expressly provided herein and (ii) on or prior to the Treasury Control Change Date, with the consent of the Treasury (other than with respect to any UST Non-Binding Amendments). Subject to the foregoing, the Noteholders and the Issuer (on its own behalf and as agent on behalf of any other Issuer Party party to the relevant Secured Note Document) may, from time to time, (i) enter into written amendments, supplements or modifications hereto and to the other Secured Note Documents for the purpose of adding any provisions to this Agreement or the other Secured Note Documents or changing in any manner the rights or obligations of the Noteholder or of the Issuer Parties hereunder or thereunder or (ii) waive, on such terms and conditions as the Noteholder may specify in such instrument, any of the requirements of this Agreement or the other Secured Note Documents or any Default or Event of Default and its consequences.

(b) Any such waiver and any such amendment, supplement or modification shall be binding upon the Issuer Parties, the Initial Noteholder and all future Noteholders. In the case of any waiver, the Issuer Parties and the Noteholders shall be restored to their former position and rights hereunder and under the other Secured Note Documents, and any Default or Event of Default waived shall be deemed to be cured and not continuing; but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right consequent thereon. Any such waiver, amendment, supplement or modification shall be effected by a written instrument signed by the parties required to sign pursuant to the foregoing provisions of this Section 8.1; provided that, delivery of an executed signature page of any such instrument by facsimile transmission shall be effective as delivery of a manually executed counterpart thereof.

(c) On or prior to the Treasury Control Change Date, upon the effectiveness of any waiver, amendment, modification, supplement, restatement or other revision to the UST Facility, the Issuer shall deliver notice of such waiver, amendment, modification, supplement, restatement or other revision to the Initial Noteholder, together with an executed copy of the agreement effecting such waiver, amendment, modification, supplement, restatement or other revision. Upon the effectiveness of any amendment, modification or supplement to the UST Facility, the corresponding provisions of the Note, this Agreement and the other Secured Note Documents, as applicable, will be deemed to be automatically so waived, amended, modified, supplemented restated or otherwise revised mutatis mutandis, except for any UST Non-Binding Amendment. Any waiver, amendment, modification, supplement, restatement or other revision made pursuant to this paragraph shall be deemed to be automatically effective, notwithstanding any contrary provision in the Note, this Agreement or any other Secured Note Document.

8.2. Notices. (a) All notices, requests and demands to or upon the respective parties hereto to be effective shall be in writing (including by telecopy or electronic transmission), and, unless otherwise expressly provided herein, shall be deemed to have been duly given or made when delivered, or three Business Days after being deposited in the mail, postage prepaid, or, in the case of telecopy notice or electronic transmission or overnight or hand delivery, when received, addressed as follows in the case of the Issuer and the Noteholder, or to such other address as may be hereafter notified by the respective parties hereto:

provided that any notice, request or demand to or upon the Noteholder shall not be effective until received.

(b) Notices and other communications to the Initial Noteholders hereunder may be delivered or furnished by electronic communications pursuant to procedures approved by the Initial Noteholder in its sole discretion. The Initial Noteholder or the Issuer may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it; provided that approval of such procedures may be limited to particular notices or communications.

8.3. No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of any Noteholder, any right, remedy, power or privilege hereunder or under the other Secured Note Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any

other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

8.4. Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Secured Note Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the Notes.

8.5. Payment of Expenses. The Issuer agrees (a) to pay or reimburse the Initial Noteholder for all its (i) reasonable out-of-pocket costs and expenses incurred in connection with the development, preparation and execution of, and any amendment, supplement or modification to, this Agreement and the other Secured Note Documents and any other documents prepared in connection herewith or therewith, and the consummation and administration of the transactions contemplated hereby and thereby (including the reasonable out-of-pocket costs and expenses and professional fees of the advisors and counsel to the Initial Noteholder), and (ii) costs and expenses incurred in connection with the enforcement or preservation of any rights or exercise of remedies under this Agreement, the other Secured Note Documents and any other documents prepared in connection herewith or therewith in respect of any Event of Default or otherwise, including the fees and disbursements of counsel (including the allocated fees and disbursements and other charges of in-house counsel) to the Initial Noteholder, (b) to pay, indemnify, or reimburse the Initial Noteholder for, and hold the Initial Noteholder harmless from, any and all recording and filing fees and any and all liabilities with respect to, or resulting from any delay in paying such fees, if any, which may be payable or determined to be payable in connection with the execution and delivery of, or consummation or administration of any of the transactions contemplated by, or any amendment, supplement or modification of, or any waiver or consent under or in respect of, this Agreement, the other Secured Note Documents and any such other documents, and (c) to pay, indemnify or reimburse the Noteholders, their affiliates, and their respective officers, directors, partners, employees, advisors, agents, controlling persons and trustees (each, an "Indemnitee") for, and hold each Indemnitee harmless from and against any and all other liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever incurred by an Indemnitee or asserted against any Indemnitee by any third party or by the Issuer or any other Issuer Party arising out of, in connection with, or as a result of, the execution or delivery of this Agreement, any other Secured Note Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto or thereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby, including the violation of, noncompliance with or liability under, any Environmental Law applicable to the operations or assets of any Group Member, including any of the Mortgaged Properties, and the reasonable fees and expenses of legal counsel in connection with claims, actions or proceedings by any Indemnitee against any Issuer Party under any Secured Note Document or any actual or prospective claim, litigation, investigation or proceeding relating to any of the foregoing, whether based on contract, tort or any other theory, whether brought by any third party or by the Issuer or any other Issuer Party, and regardless of whether any Indemnitee is a party thereto (all the foregoing in this clause (c), collectively, the "Indemnified Liabilities"), provided that the Issuer shall have no obligation hereunder to any Indemnitee with respect to Indemnified Liabilities to the extent such Indemnified Liabilities resulted from the gross negligence or willful

misconduct of, in each case as determined by a final and nonappealable decision of a court of competent jurisdiction, such Indemnitee, any of its affiliates or its or their respective officers, directors, partners, employees, agents or controlling persons. No Indemnitee shall be liable for any damages arising from the use by unauthorized persons of information or other materials sent through electronic, telecommunications or other information transmission systems that are intercepted by such persons or for any special, indirect, consequential or punitive damages in connection with the Notes. Without limiting the foregoing, and to the extent permitted by Applicable Law, the Issuer agrees not to assert and to cause its Subsidiaries not to assert, and hereby waives and agrees to cause its Subsidiaries to waive, all rights for contribution or any other rights of recovery with respect to all claims, demands, penalties, fines, liabilities, settlements, damages, costs and expenses of whatever kind or nature, under or related to Environmental Laws, that any of them might have by statute or otherwise against any Indemnitee. All amounts due under this Section 8.5 shall be payable not later than 30 days after written demand therefor. Statements payable by the Issuer pursuant to this Section 8.5 shall be submitted to the Treasurer of the Issuer as set forth in Section 8.2, or to such other Person or address as may be hereafter designated by the Issuer in a written notice to the Initial Noteholder. The agreements in this Section 8.5 shall survive payment of the Notes and all other amounts payable hereunder.

8.6. Successors and Assigns; Participations and Assignments. (a) The provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto, all future Noteholders and their respective successors and assigns permitted hereby, except that the Issuer may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Initial Noteholder (and any attempted assignment or transfer by the Issuer without such consent shall be null and void) and no Noteholder may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 8.6.

(b) Any Noteholder may, without the consent of the Issuer, assign or transfer to one or more assignees that is a Permitted Transferee (each, an “Assignee”) all or a portion of its rights and obligations under this Agreement (including all or a portion of the Notes at the time owing to it) pursuant to an Assignment and Assumption or similar agreement which includes an agreement by the assignee thereunder to be bound by the terms and provisions of the Intercreditor Agreement, executed by such Assignee and such Noteholder and delivered to the Issuer for its records, together with any related rights and obligations thereunder and, in each case, in accordance with any applicable securities laws of any state of the United States; provided that, in no event may any transfer of a Note be made if such transfer, or such transfer together with any prior transfers, would trigger registration requirements under the Exchange Act. The Issuer or its agent will maintain a register (“Register”) of the Noteholders and Assignees. The Register shall contain the names and addresses of the Noteholders and Assignees and the principal amount of the Notes (and stated interest thereon) held by each Noteholder and each Assignee from time to time. The entries in the Register shall be conclusive and binding, absent manifest error. The Issuer shall refuse to register any transfer of any Note in violation of the foregoing restrictions, the restrictions set forth in Section 8.6(e) or the restrictions set forth in the Note. The Issuer shall enter into such amendments or other modifications to this Agreement and the other Secured Note Documents as are reasonably required to accommodate any such assignments, including, without limitation, amendments or modifications which provide for the accommodation of multiple holders and the appointment of

administrative and collateral agents for the Noteholder and such Assignees; provided that such amendments or modifications do not materially increase the tax cost to the Issuer of maintaining the Notes. If there is more than one Noteholder, the Issuer shall provide all information and documents delivered hereunder to the Initial Noteholder to any other Noteholder upon such Noteholder's reasonable request.

The Initial Note and each additional Note issued pursuant to Section 2.3(b) in connection with an assignment pursuant to this Section 8.6(b) shall bear the following legend:

THIS NOTE HAS NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY STATE SECURITIES LAWS, AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCES. THE NOTE (OR ITS PREDECESSOR) EVIDENCED HEREBY WAS ORIGINALLY ISSUED IN A TRANSACTION EXEMPT FROM REGISTRATION UNDER SECTION 5 OF THE SECURITIES ACT AND THE NOTE EVIDENCED HEREBY MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR AN APPLICABLE EXEMPTION THEREFROM. THE HOLDER OF THE NOTE EVIDENCED HEREBY AGREES FOR THE BENEFIT OF THE ISSUER THAT SUCH NOTE MAY BE OFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY (A) (1) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A OR (2) TO AN INSTITUTIONAL "ACCREDITED INVESTOR" (AS DEFINED IN RULE 501(A) (1), (2), (3) OR (7) UNDER THE SECURITIES ACT (AN "INSTITUTIONAL ACCREDITED INVESTOR")), IF, IN THE CASE OF (2) PRIOR TO SUCH TRANSFER, THE TRANSFEREE FURNISHES THE ISSUER A SIGNED LETTER FROM THE TRANSFEREE CONTAINING CERTAIN REPRESENTATIONS AND AGREEMENTS (THE FORM OF WHICH CAN BE OBTAINED FROM THE NOTEHOLDER) OR (B) TO THE ISSUER OR ITS SUBSIDIARIES AND, IN EACH CASE, IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES; PROVIDED THAT IN NO EVENT MAY ANY TRANSFER OF A NOTE BE MADE IF SUCH TRANSFER, OR SUCH TRANSFER TOGETHER WITH ANY PRIOR TRANSFERS, WOULD TRIGGER REGISTRATION REQUIREMENTS UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED OF THE ISSUER OR ANY SUBSIDIARY OR OTHER AFFILIATE OF THE ISSUER.

(c) Any Noteholder may, without the consent of the Issuer, sell participations to a Permitted Transferee (a "Participant") in all or a portion of such Noteholder's rights and

obligations under this Agreement (including all or a portion of the Notes owing to it); provided that (A) such Noteholder's obligations under this Agreement shall remain unchanged, (B) such Noteholder shall remain solely responsible to the other parties hereto for the performance of such obligations, (C) the Issuer shall continue to deal solely and directly with such Noteholder in connection with such Noteholder's rights and obligations under this Agreement and provided, further, that in no event may any participation in a Note be made if such indirect transfer, or such indirect transfer together with any prior transfers or indirect transfers of the Note, would trigger registration requirements under the Exchange Act. Any agreement pursuant to which a Noteholder sells such a participation shall provide that such Noteholder shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement may provide that such Noteholder will not, without the consent of the Participant, agree to any waiver, amendment, modification, supplement, restatement or other revision to this Agreement or any other Secured Note Document that is a UST Non-Binding Amendment. Subject to the terms of this Section 8.6(c), the Issuer agrees that each Participant shall be entitled to the benefits of Section 2.12, and 2.13 to the same extent as if it were a Noteholder and had acquired its interest by assignment pursuant to paragraph (b) of this Section 8.6; provided, that the Noteholders and all Participants shall be entitled to receive no greater amount in the aggregate pursuant to such Sections than the Noteholder would have been entitled to receive had no such transfer occurred unless such transfer occurs while an Event of Default shall have occurred and be continuing. To the extent permitted by law, and subject to the terms of this Section 8.6(c), each Participant also shall be entitled to the benefits of Section 8.7 as though it were the Noteholder. In the event that a Noteholder sells a participation in such Noteholder's rights and obligations under this Agreement, such Noteholder, on behalf of Issuer, shall maintain a register on which it enters the name, address and interest in this Agreement of all Participants. Each Noteholder shall refuse to register any transfer of any participation in violation of the foregoing restrictions, the restrictions set forth in Section 8.6(e) or the restrictions set forth in the Note.

If any such participation is in certificated form, it shall bear the following legend:

THIS PARTICIPATION HAS NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR ANY STATE SECURITIES LAWS, AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCES. THE PARTICIPATION (OR ITS PREDECESSOR) EVIDENCED HEREBY WAS ORIGINALLY ISSUED IN A TRANSACTION EXEMPT FROM REGISTRATION UNDER SECTION 5 OF THE SECURITIES ACT AND THE PARTICIPATION EVIDENCED HEREBY MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED IN THE ABSENCE OF SUCH REGISTRATION OR AN APPLICABLE EXEMPTION THEREFROM. THE HOLDER OF THE PARTICIPATION EVIDENCED HEREBY AGREES FOR THE BENEFIT OF THE ISSUER THAT SUCH NOTE MAY BE OFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED, ONLY (A) (1) TO A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" (AS

DEFINED IN RULE 144A UNDER THE SECURITIES ACT) IN A TRANSACTION MEETING THE REQUIREMENTS OF RULE 144A OR (2) TO AN INSTITUTIONAL "ACCREDITED INVESTOR" (AS DEFINED IN RULE 501(A) (1), (2), (3) OR (7) UNDER THE SECURITIES ACT (AN "INSTITUTIONAL ACCREDITED INVESTOR")), IF, IN THE CASE OF (2), PRIOR TO SUCH TRANSFER, THE TRANSFEREE FURNISHES THE ISSUER AND THE NOTEHOLDER A SIGNED LETTER FROM THE TRANSFEREE CONTAINING CERTAIN REPRESENTATIONS AND AGREEMENTS (THE FORM OF WHICH CAN BE OBTAINED FROM THE NOTEHOLDER) OR (B) TO THE ISSUER OR ITS SUBSIDIARIES AND, IN EACH CASE, IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES; PROVIDED THAT IN NO EVENT MAY ANY TRANSFER OF A PARTICIPATION BE MADE IF SUCH TRANSFER, OR SUCH TRANSFER TOGETHER WITH ANY PRIOR TRANSFERS, WOULD TRIGGER REGISTRATION REQUIREMENTS UNDER THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED OF THE ISSUER OR ANY SUBSIDIARY OR OTHER AFFILIATE OF THE ISSUER.

(d) For avoidance of doubt, the parties to this Agreement acknowledge that the provisions of this Section 8.6 concerning assignments of Notes relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests in Notes, including, without limitation, any pledge or assignment by a Noteholder of any Note to any Federal Reserve Bank in accordance with Applicable Law.

(e) The Notes have not been registered under the United States Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws, and, accordingly, may not be offered or sold except as set forth in the following sentence. The Notes were originally issued in a transaction exempt from registration under section 5 of the Securities Act and neither the Note nor any portion thereof may be offered, sold or otherwise transferred in the absence of such registration or an applicable exemption therefrom.

(f) Notwithstanding Section 8.6(a), 8.6(b), 8.6(c) and 8.6(e), if at any time the Notes (as defined in the UST Facility) are registered under the Securities Act or exchanged for a note that is entitled to demand, shelf or piggyback registration rights, then the Note will be entitled to demand, shelf, and piggyback registration rights no less favorable than those of the Notes under the UST Facility.

(g) Subject to Section 8.1, if there is more than one Noteholder pursuant to Section 8.6(b), any (i) waiver, amendment, modification, supplement, restatement or other revision to this Agreement or any other Secured Note Document or (ii) any advice, consent, vote, action, direction or other matter to be taken, not taken or determined under this Agreement or any other Secured Note Document by the Noteholders, in the case of each of clauses (i) and (ii) shall require the consent or approval of the majority of Noteholders (by Outstanding Principal as of the date of such determination); provided that the unanimous consent of all Noteholders shall

be required with respect to any such waiver, amendment, modification, supplement, restatement or other revision to this Agreement or any other Secured Note Document that is a UST Non-Binding Amendment.

(h) The Issuer shall be deemed to have satisfied its obligation to provide any Noteholder (other than the Initial Noteholder) with any report, notice, financial statement or other information required to be provided under this Agreement or any other Secured Note Document, by making such report, notice, financial statement or other information available by electronic media, bulletin board service or internet website to the extent such action does not conflict with the terms of this Agreement or Applicable Law. In connection with providing access to the Issuer's internet website, the Issuer may take reasonable measures to ensure that only then current Noteholders may access such information including, without limitation, requiring registration, a confidentiality agreement, evidence of ownership and acceptance of a disclaimer.

8.7. Set-off. In addition to any rights and remedies of the Noteholders provided by law, each Noteholder shall have the right, without prior notice to the Issuer, any such notice being expressly waived by the Issuer to the extent permitted by Applicable Law, upon all amounts owing hereunder becoming due and payable (whether at the stated maturity, by acceleration or otherwise) to set off and appropriate and apply against such amount any and all deposits (general or special, time or demand, provisional or final), in any currency, and any other credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by such Noteholder or any branch or agency thereof to or for the credit or the account of the Issuer. Each Noteholder agrees promptly to notify the Issuer after any such set-off and application made by such Noteholder; provided that, the failure to give such notice shall not affect the validity of such set-off and application.

8.8. Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Issuer and the Initial Noteholder.

8.9. Severability. Any provision of this Agreement that is held to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating or rendering unenforceable the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

8.10. Integration. This Agreement and the other Secured Note Documents represent the entire agreement of the Issuer and the Noteholders with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Noteholders relative to the subject matter hereof not expressly set forth or referred to herein or in the other Secured Note Documents.

8.11. Governing Law. **THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.**

8.12. Submission to Jurisdiction; Waivers. All judicial proceedings brought against any Issuer Party hereto arising out of or relating to this Agreement or any other Secured Note Document, or any Obligations hereunder and thereunder, may be brought in the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof. Each Issuer Party hereto hereby irrevocably and unconditionally:

(a) submits for itself and its property in any such legal action or proceeding relating to this Agreement and the other Secured Note Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non-exclusive general jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to such party at its address set forth in Section 8.2 or at such other address of each Issuer Party shall have been notified pursuant thereto; and

(d) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section 8.12 any special, exemplary, punitive or consequential damages.

8.13. Acknowledgments. Each Issuer Party hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution and delivery of this Agreement and the other Secured Note Documents;

(b) the Noteholders do not have any fiduciary relationship with or duty to any Group Member arising out of or in connection with this Agreement or any of the other Secured Note Documents, and the relationship between the Noteholders, on one hand, and any Group Member, on the other hand, in connection herewith or therewith is solely that of debtor and creditor; and

(c) no joint venture is created hereby or by the other Secured Note Documents or otherwise exists by virtue of the transactions contemplated hereby among the Issuer or any Subsidiary and the Noteholders.

8.14. Release of Guarantees. Notwithstanding anything to the contrary contained herein or in any other Secured Note Document, the Noteholders hereby agree to take promptly, any action requested by the Issuer having the effect of releasing, or evidencing the release of, any guarantee by any Issuer Party of the Obligations to the extent necessary to permit consummation of any transaction not prohibited by any Secured Note Document or that has been consented to in accordance with Section 8.1.

8.15. Confidentiality. Each Noteholder agrees to keep confidential all non-public information provided to it by any Issuer Party pursuant to this Agreement that is designated by such Issuer Party as confidential; provided that nothing herein shall prevent any Noteholder from disclosing any such information (a) [intentionally omitted], (b) subject to an agreement to comply with the provisions of this Section 8.15 (or other provisions at least as restrictive as this Section), to any actual or prospective Transferee or any pledgee of Notes or any direct or indirect contractual counterparty (or the professional advisors thereto) to any swap or derivative transaction relating to the Issuer Party and its obligations, (c) to its affiliates, employees, directors, trustees, agents, attorneys, accountants and other professional advisors, or those of any of its affiliates for performing the purposes of a Secured Note Document, subject to such Noteholder advising such Person of the confidentiality provisions contained herein, (d) upon the request or demand of any Governmental Authority or regulatory agency (including self-regulated agencies) having jurisdiction (or purporting to have jurisdiction) over it upon notice (other than in connection with routine examinations or inspections by regulators) to the Issuer thereof unless such notice is prohibited or the Governmental Authority or regulatory agency shall require otherwise, (e) in response to any order of any court or other Governmental Authority or as may otherwise be required pursuant to any Requirement of Law, after notice to the Issuer if reasonably feasible, and, if applicable, after exhaustion of the Group Members' rights and remedies under Section 1.6 of the Treasury Regulations, 31 C.F.R. Part 1, Subpart A; Sections 27-29 inclusive and 44 of the Access to Information Act, R.S.C., ch A-1 (1985) and Section 28 and Part IV (Sections 50-56 inclusive) of the Freedom of Information and Protection of Privacy Act, R.S.O., ch. F.31 (1990), after notice to the Issuer if reasonably feasible, (f) if requested or required to do so in connection with any litigation or similar proceeding, after notice to the Issuer if reasonably feasible, (g) that has been publicly disclosed, other than in breach of this Section, (h) to the National Association of Insurance Commissioners or any similar organization or any nationally recognized rating agency that requires access to information about such Noteholder's investment portfolio in connection with ratings issued with respect to such Noteholder or (i) in connection with the exercise of any remedy hereunder or under any other Secured Note Document.

8.16. Waivers of Jury Trial. **EACH OF THE ISSUER PARTIES AND THE NOTEHOLDERS HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER SECURED NOTE DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.**

8.17. USA PATRIOT Act. 3. The Assignee (a) represents and warrants that it is legally authorized to enter into this Assignment and Assumption; (b) confirms that it has received a copy of the VEBA Note Agreement, together with copies of the most recent financial reports delivered pursuant to Section 5.1 thereof (or if none of such financial reports shall have then been delivered or filed, then copies of the financial reports referred to in Section 3.2 thereof) and such other documents and information as it has deemed appropriate to make its own analysis and decision to enter into this Assignment and Assumption; (c) agrees that it will, independently and without reliance upon the Assignor or the Noteholder, and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under the Secured Note Documents or any other instrument or document furnished pursuant hereto or thereto; (d) appoints and authorizes the Noteholder to take such action as agent on its behalf and to exercise such powers and discretion under the Secured Note Documents or any other instrument or document furnished pursuant hereto or thereto as are delegated to the Noteholder by the terms thereof, together with such powers as are incidental thereto; (e) agrees that it will be bound by the provisions of the VEBA Note Agreement and will perform in accordance with its terms all the obligations which by the terms of the VEBA Note Agreement are required to be performed by it as the Noteholder; and (f) agrees that it will be bound by the provisions of the Intercreditor Agreement.

Certain Excluded Subsidiaries

Canadian Export Antitrust Class Actions

Approximately eighty purported class actions on behalf of all purchasers of new motor vehicles in the United States since January 1, 2001, have been filed in various state and federal courts against General Motors Corporation, General Motors of Canada Limited (GM Canada), Ford Motor Company, Chrysler, LLC, Toyota Motor Corporation, Honda Motor Co., Ltd., Nissan Motor Company, Limited, and Bavarian Motor Works and their Canadian affiliates, the National Automobile Dealers Association, and the Canadian Automobile Dealers Association. The federal court actions have been consolidated for coordinated pretrial proceedings under the caption *In re New Market Vehicle Canadian Export Antitrust Litigation Cases* in the U.S. District Court for the District of Maine, and the more than 30 California cases have been consolidated in the California Superior Court in San Francisco County under the case captions *Belch v. Toyota Corporation, et al.* and *Bell v. General Motors Corporation*. In the California state court cases, oral arguments on the plaintiffs' motion for class certification and defendants' motion in limine will be heard on April 21, 2009.

The nearly identical complaints alleged that the defendant manufacturers, aided by the association defendants, conspired among themselves and with their dealers to prevent the sale to U.S. citizens of vehicles produced for the Canadian market and sold by dealers in Canada. The complaints alleged that new vehicle prices in Canada are 10% to 30% lower than those in the United States, and that preventing the sale of these vehicles to U.S. citizens resulted in the payment of higher than competitive prices by U.S. consumers. The complaints, as amended, sought injunctive relief under U.S. antitrust law and treble damages under U.S. and state antitrust laws, but did not specify damages. The complaints further alleged unjust enrichment and violations of state unfair trade practices act. On March 5, 2004, the U.S. District Court for the District of Maine issued a decision holding that the purported indirect purchaser classes failed to state a claim for damages under federal antitrust law but allowed a separate claim seeking to enjoin future alleged violations to continue. The U.S. District Court for the District of Maine on March 10, 2006 certified a nationwide class of buyers and lessees under Federal Rule 23(b)(2) solely for injunctive relief, and on March 21, 2007 stated that it would certify 20 separate statewide class actions for damages under various state law theories under Federal Rule 23(b)(3), covering the period from January 1, 2001 to April 30, 2003. On October 3, 2007, the U.S. Court of Appeals for the First Circuit heard oral arguments on our consolidated appeal of the both class certification orders.

On March 28, 2008, the U.S. Court of Appeals for the First Circuit reversed the certification of the injunctive class and ordered dismissal of the injunctive claim. The U.S. Court of Appeals for the First

Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On remand, plaintiffs have again moved to certify a damages class, with argument on that motion projected for March, 2009.

On July 6, 2009, the United States District Court for the district of Maine granted summary judgment in favor of the defendants in the *In re New Market Vehicle Canadian Export Antitrust Litigation Cases*.

American Export Antitrust Class Actions

On September 25, 2007, a claim was filed in the Ontario Superior Court of Justice on behalf of a purported class of actual and intended purchasers of vehicles in Canada claiming that a similar alleged conspiracy was now preventing lower-cost U.S. vehicles from being sold to Canadians. No determination has been made that the case may be maintained as a class action, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.

ERISA Class Actions

GMIMCo is one of numerous defendants in several purported class action lawsuits filed in March and April 2005 in the U.S. District Court for the Eastern District of Michigan, alleging violations of ERISA with respect to the Delphi company stock plans for salaried and hourly employees. The cases have been consolidated under the case caption *In re Delphi ERISA Litigation* in the Eastern District of Michigan for coordinated pretrial proceedings with other Delphi stockholder lawsuits in which GMIMCo is not named as a defendant. The complaints essentially allege that GMIMCo, a named fiduciary of the Delphi plans, breached its fiduciary duties under ERISA to plan participants by allowing them to invest in the Delphi Common Stock Fund when it was imprudent to do so, by failing to monitor State Street, the entity appointed by GMIMCo to serve as investment manager for the Delphi Common Stock Fund, and by knowingly participating in, enabling or failing to remedy breaches of fiduciary duty by other defendants. No determination has been made that a class action can be maintained against GMIMCo, and there have been no decisions on the merits of the claims. Delphi has reached a settlement of these cases that, if implemented, would provide for dismissal of all claims against GMIMCo related to this litigation without payment by GMIMCo. That settlement has been approved by both the District Judge in the Eastern District of Michigan and the Bankruptcy Judge in the Southern District of New York presiding over Delphi's bankruptcy proceeding. However, implementation of the settlement remains conditioned upon i)

the resolution of a pending appeal of the district court's approval and ii) the implementation of Delphi's plan of reorganization approved by the Bankruptcy Court. Accordingly, the disposition of the case remains uncertain, and it is not possible to determine whether liability is probable or the amount of damages, if any.

On March 8, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned *Young, et al. v. General Motors Investment Management Corporation, et al.* The case, brought by four plaintiffs who are alleged to be participants in the General Motors Savings-Stock Purchase Program for Salaried Employees and the General Motors Personal Savings Plan for Hourly-Rate Employees, purports to bring claims on behalf of all participants in these two plans as well as participants in the General Motors Income Security Plan for Hourly-Rate Employees and the Saturn Individual Savings Plan for Represented Members against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the Delphi Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

On April 12, 2007, a purported class action lawsuit was filed in the U.S. District Court for the Southern District of New York captioned *Mary M. Brewer, et al. v. General Motors Investment Management Corporation, et al.* The case was brought by a plaintiff who alleges that she is a participant in the Delphi Savings-Stock Purchase Program for Salaried Employees and purports to bring claims on behalf of all participants in that plan as well as participants in the Delphi Personal Savings Plan for Hourly-Rate Employees; the ASEC Manufacturing Savings Plan and the Delphi Mechatronic Systems Savings-Stock Purchase Program against GMIMCo and State Street. The complaint alleges that GMIMCo and State Street breached their fiduciary duties to plan participants by allowing participants to invest in five different funds that each primarily held the equity of a single company: the EDS Fund, the DIRECTV Fund, the News Corp. Fund, the Raytheon Fund and the GM Common Stock Fund, all of which plaintiffs allege were imprudent investments because of their inherent risk and poor performance relative to more prudent investment alternatives. The complaint also alleges that GMIMCo breached its fiduciary duties to plan participants by allowing participants to invest in mutual funds offered by FMR Corp. under the

Fidelity brand name. Plaintiffs allege that by investing in these funds, participants paid excessive fees and costs that they would not have incurred had they invested in more prudent investment alternatives. The complaint seeks a declaration that defendants have breached their fiduciary duties, an order requiring defendants to compensate the plans for their losses resulting from their breaches of fiduciary duties, the removal of defendants as fiduciaries, an injunction against further breaches of fiduciary duties, other unspecified equitable and monetary relief and attorneys' fees and costs.

On March 24, 2008 the U.S. District Court for the Southern District of New York granted GMIMCo's motions to dismiss *Young* and *Brewer* on statute of limitations grounds. Plaintiffs have appealed the dismissal in both cases. Oral argument in the consolidated appeal is scheduled for late March 2009.

No determination has been made that either case may be maintained as a class action. The scope of both actions is uncertain, and it is not possible to determine the likelihood of liability or reasonably ascertain the amount of any damages.¹

Asbestos Litigation

Like most automobile manufacturers, we have been subject in recent years to asbestos-related claims. We have used some products which incorporated small amounts of encapsulated asbestos. These products, generally brake linings, are known as asbestos-containing friction products. There is a significant body of scientific data demonstrating that these asbestos-containing friction products are not unsafe and do not create an increased risk of asbestos-related disease. We believe that the use of asbestos in these products was appropriate. A number of the claims are filed against us by automotive mechanics and their relatives seeking recovery based on their alleged exposure to the small amount of asbestos used in brake components. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or asbestos-containing friction products, and many of these other potential sources would place users at much greater risk. Most of these claimants do not have an asbestos-related illness and may not develop one. This is consistent with the experience reported by other automotive manufacturers and other end users of asbestos.

Two other types of claims related to alleged asbestos exposure that are asserted against us — locomotive and premises — represent a significantly lower exposure to liability than the automotive friction product claims. Like other locomotive manufacturers, we used a limited amount of asbestos in locomotive brakes and in the insulation used in some locomotives. (We sold our locomotive

¹ Note: After the Form 10-K was filed, the US Court of Appeals for the Second Circuit affirmed the dismissal in the *Young* and *Brewer* cases.

manufacturing business in 2005). These uses have been the basis of lawsuits filed against us by railroad workers seeking relief based on their alleged exposure to asbestos. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us or locomotives. Many of these claimants do not have an asbestos-related illness and may never develop one. Moreover, the West Virginia and Ohio supreme courts have ruled that federal law preempts asbestos tort claims asserted on behalf of railroad workers. Such preemption means that federal law eliminates the possibility that railroad workers could maintain state law claims against us. In addition, a relatively small number of claims are brought by contractors who are seeking recovery based on alleged exposure to asbestos-containing products while working on premises owned by us. These claims generally identify numerous other potential sources for the claimant's alleged exposure to asbestos that do not involve us.

GM/OnStar Analog Equipment Litigation

We or our wholly-owned subsidiary OnStar Corporation or both of us are parties to more than 20 putative class actions filed in various states, including Michigan, Ohio, New Jersey, Pennsylvania and California. All of these cases have been consolidated for pretrial purposes in a multi-district proceeding under the caption *In re OnStar Contract Litigation* in the U.S. District Court for the Eastern District of Michigan. The litigation arises out of the discontinuation by OnStar of services to vehicles equipped with analog hardware. OnStar was unable to provide services to such vehicles because the cellular carriers which provide communication service to OnStar terminated analog service beginning in February 2008. In the various cases, the plaintiffs are seeking certification of nationwide or statewide classes of owners of vehicles currently equipped with analog equipment, alleging various breaches of contract, misrepresentation and unfair trade practices. This proceeding is in the early stages of development and has been stayed while the court considers the defendants' motions to dismiss the claims. Class certification motions have not been filed and the parties have completed minimal document discovery. It is not possible at this time to determine whether class certification or liability is probable as to GM or OnStar or to reasonably ascertain the amount of any recoverable damages.

Greenhouse Gas Lawsuit

In *California ex rel. Lockyer v. General Motors Corporation, et al.*, the California Attorney General brought suit against a group of major vehicle manufacturers including us for damages allegedly suffered by the state as a result of greenhouse gas emissions from the manufacturers' vehicles, principally based on a common law nuisance theory. On September 18, 2007, the U.S. District Court for the Northern District of California granted the defendants' motion to dismiss the complaint on the grounds that the

claim under the federal common law of nuisance raised non-justiciable political questions beyond the court's jurisdiction. The court also dismissed without prejudice the nuisance claim under California state law. Plaintiff filed an appeal with the U.S. Court of Appeals for the Ninth Circuit on October 16, 2007, and briefing is complete. Oral argument was set for March 10, 2009 but vacated at the request of the California Attorney General, citing the possibility that California may withdraw its case if greenhouse gas emissions are regulated by the U.S. government under the Clean Air Act.

Carbon Dioxide Emission Standard Litigation

In a number of cases, we and the Alliance of Automobile Manufacturers, the Association of International Automobile Manufacturers, Chrysler, various automobile dealers have brought suit for declaratory and injunctive relief from state legislation imposing stringent controls on new motor vehicle CO₂ emissions. These cases argue that such state regulation of CO₂ emissions is preempted by two federal statutes, the Energy Policy and Conservation Act and the Clean Air Act. The cases were brought against the CARB on December 7, 2004, in the U.S. District Court for the Eastern District of California (Fresno Division); against the Vermont Agency of Natural Resources and the Vermont Department of Environmental Conservation on November 18, 2005, in the U.S. District Court for the District of Vermont; and against the Rhode Island Department of Environmental Management on February 13, 2006, in the U.S. District Court for the District of Rhode Island.

On September 12, 2007, the U.S. District Court for the District of Vermont issued an order rejecting plaintiffs' argument and dismissing the complaint. The industry plaintiffs, including us, have appealed to the U.S. Court of Appeals for the Second Circuit. On December 12, 2007, the U.S. District Court for the Eastern District of California issued an order granting summary judgment in favor of the defendant State of California and interveners on industry's claims related to federal preemption. The court did not lift the order enjoining California from enforcing the AB 1493 Rules in the absence of an EPA waiver. The industry's response to the ruling is under consideration. A related challenge in the California Superior Court in Fresno is pending. On December 21, 2007, the U.S. District Court for the District of Rhode Island denied the state's motion to dismiss the industry challenge and announced steps for the case to proceed to trial. Also on December 27, 2007, several New Mexico auto dealers filed a federal legal challenge to adoption of the standards in that state.

Financial Assurance Enforcement

The EPA has notified us that they intend to bring an administrative enforcement action for alleged historic failures to comply with the RCRA's annual financial assurance requirements. We anticipate that the EPA will seek penalties exceeding \$100,000.

Canadian Export Antitrust Class Actions

With respect to the previously reported antitrust class action consolidated in the U.S. District Court for the District of Maine, captioned *In re New Market Vehicle Canadian Export Antitrust Litigation Cases*, and the more than 30 California cases consolidated in the California Superior Court in San Francisco County under the case captions *Belch v. Toyota Corporation, et al.* and *Bell v. General Motors Corporation*, oral arguments on the plaintiffs' motion for class certification and defendants' motion in limine was heard on April 21, 2009 for the California state court cases.

Also, as previously reported, the U.S. Court of Appeals for the First Circuit also vacated the certification of the damages class and remanded to the U.S. District Court for the District of Maine for determination of several issues concerning federal jurisdiction and, if such jurisdiction still exists, for reconsideration of that class certification on a more complete record. On remand, plaintiffs have again moved to certify a damages class, and defendants again moved for summary judgment and to strike plaintiffs' economic expert. Oral arguments on the summary judgment motions and motion to strike were heard on March 6, 2009.

Patent Infringement Litigation

On December 23, 2008, *Kruse Technology Partnership v. General Motors Corporation* was filed in the U.S. District Court for the Central District of California. In *Kruse*, the plaintiff alleges that we infringe four U.S. patents related to "Internal Combustion Engine with Limited Temperature Cycle" by making and selling Duramax diesel engines, which embody its patented technology. The plaintiff has informed us that it believes that its royalty damages would be significantly more than \$100 million.

On April 14, 2009, *Kruse Technology Partnership v. DMAX, Ltd.* was filed in the U.S. District Court for the Central District of California. The defendant DMAX is a joint venture with Isuzu that is 60% owned by GM and that manufactures and assembles the mechanical and other components of Duramax diesel engines for sale to GM. The plaintiff alleges that DMAX infringes three U.S. patents related to "Internal Combustion Engine with Limited Temperature Cycle" by making and selling Duramax diesel engines. The complaint requests damages and an injunction. DMAX is defending *Kruse* on several grounds, including non-infringement and invalidity of the patents.

SECTION 2.

GUARANTY

2.1 Guaranty. (a) Each Guarantor hereby jointly and severally, unconditionally and irrevocably guarantees as primary obligor and not merely as a surety, to the Noteholder and any other Person holding any Obligations and each of its permitted indorsees, transferees and assigns the prompt and complete payment and performance by the Issuer when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations.

(b) Each Guarantor further agrees to pay any and all expenses (including all reasonable fees and disbursements of counsel) which may be paid or incurred by the Noteholder or its agents, advisors, representatives, etc. in enforcing any rights with respect to, or collecting, any or all of the Obligations and/or enforcing any rights with respect to, or collecting against, any of the Guarantors under this Agreement. This Agreement shall remain in full force and effect until the Obligations are paid in full and the Secured Note Agreement is terminated, notwithstanding that from time to time prior thereto there may not be any outstanding Obligations.

(c) No payment or payments made by the Issuer, any Guarantor, any other guarantor or any other Person, or received or collected by the Noteholder from the Issuer, any Guarantor, any other guarantor or any other Person by virtue of any action or proceeding or any set-off or appropriation or application at any time or from time to time in reduction of or in payment of the Obligations shall be deemed to modify, reduce, release or otherwise affect the liability of any Guarantor hereunder.

(d) Subject to Section 4.7 hereof, the Guaranty contained in this Section 2.1 shall remain in full force and effect and each Guarantor shall remain liable for the Obligations until (i) the Obligations are satisfied and paid in full and this Agreement has been terminated and (ii) the date on which any payment made to the Noteholder in respect of the Obligations shall no longer be subject to avoidance under the Bankruptcy Code.

(e) Each Guarantor agrees that whenever, at any time, or from time to time, it shall make any payment on account of its liability hereunder, it will notify the Noteholder in writing that such payment is made under this Agreement for such purpose.

****Pursuant to the previously delivered FOIA letter, ATIA letter and FOIPPA letter, please note that General Motors Corporation is requesting that this document, any cover e-mail note and the previously delivered FOIA letter, ATIA letter and FOIPPA letter receive confidential treatment pursuant to the Freedom of Information Act, the Access to Information Act and the Freedom of Information and Protection of Privacy Act, respectively.**

(f) Anything herein or in any other Secured Note Document to the contrary notwithstanding, the maximum liability of each Guarantor hereunder shall in no event exceed the amount that can be guaranteed by such Guarantor under applicable federal and state laws relating to fraudulent conveyances or transfers or the insolvency of debtors (after giving effect to the right of contribution established in Section 2.2).

(g) Each Guarantor agrees that the Obligations may at any time and from time to time exceed the amount of the liability of such Guarantor hereunder without impairing the guaranty of such Guarantor contained in this Section 2 or affecting the rights and remedies of the Noteholder hereunder.

2.2 Right of Contribution. (a) Each Guarantor hereby agrees that to the extent that a Guarantor shall have paid more than its proportionate share of any payment made hereunder, such Guarantor shall be entitled to seek and receive contribution from and against any other Guarantor hereunder that has not paid its proportionate share of such payment. Each Guarantor's right of contribution shall be subject to the terms and conditions of Section 2.3. The provisions of this Section 2.2 shall in no respect limit the obligations and liabilities of any Guarantor to the Noteholder, and each Guarantor shall remain liable to the Noteholder for the full amount guaranteed by such Guarantor hereunder.

2.3 No Subrogation. Notwithstanding any payment made by any Guarantor hereunder or any set-off or application of funds of any Guarantor by the Noteholder, no Guarantor shall be entitled to be subrogated to any of the rights of the Noteholder against the Issuer or any other Guarantor or any collateral security or guaranty or right of offset held by the Noteholder for the payment of the Obligations, nor shall any Guarantor seek or be entitled to seek any contribution or reimbursement from the Issuer or any other Guarantor in respect of payments made by such Guarantor hereunder, until all amounts owing to the Noteholder by the Issuer on account of the Obligations are paid in full and the Note has been terminated. If any amount shall be paid to any Guarantor on account of such subrogation rights at any time when all of the Obligations shall not have been paid in full, such amount shall be held by such Guarantor in trust for the Noteholder, segregated from other funds of such Guarantor, and shall, forthwith upon receipt by such Guarantor, be turned over to the Noteholder in the exact form received by such Guarantor (duly indorsed by such Guarantor to the Noteholder, if required), to be applied against the Obligations, whether matured or unmatured, in such order as the Noteholder may determine. Each Guarantor hereby agrees that any intercompany debt (including any Intercompany Notes) and any amounts paid hereunder by such Guarantor shall be fully subordinated to the indefeasible payments in full in cash of the Obligations owing to the Lender.

2.4 Amendments, Etc. with Respect to the Obligations. Each Guarantor shall remain obligated hereunder notwithstanding that, without any reservation of rights against any Guarantor and without notice to or further assent by any Guarantor, any demand for payment of any of the Obligations made by the Noteholder may be rescinded and any of the Obligations continued, and the Obligations, or the liability of any other party upon or for any part thereof, or any collateral security or guaranty therefor or right of offset with respect thereto, may, from time

The Noteholder shall not have any obligation to protect, secure, perfect or insure any lien at any time held by it as security for the Obligations or for this Agreement or any property subject thereto. When making any demand hereunder against any Guarantor, the Noteholder may, but shall be under no obligation to, make a similar demand on the Issuer or any other Guarantor, and any failure by the Noteholder to make any such demand or to collect any payments from the Issuer or any such other Guarantor or any release of the Issuer or such other Guarantor shall not relieve any Guarantor of its obligations or liabilities hereunder, and shall not impair or affect the rights and remedies, express or implied, or as a matter of law, of the Noteholder against such Guarantor. For the purposes hereof "demand" shall include the commencement and continuance of any legal proceedings.

2.5 Guaranty Absolute and Unconditional. Each Guarantor understands and agrees that this Agreement shall be construed as a continuing, absolute and unconditional guaranty of the full and punctual payment and performance by the Issuer of the Obligations and not of collectibility only and is in no way conditioned upon any requirement that the Noteholder first attempt to collect any of the Obligations from the Issuer or any other Guarantor, without regard to (a) the validity, regularity or enforceability of the Secured Note Agreement or any other Secured Note Document, any of the Obligations or any other collateral security therefor or guaranty thereof or right of offset with respect thereto at any time or from time to time held by the Noteholder, (b) any defense, set-off, deduction, abatement, recoupment, reduction or counterclaim (other than a defense of payment or performance) that may at any time be available to or be asserted by the Issuer against the Noteholder or any other Guarantor, or (c) any other circumstance whatsoever (with or without notice to or knowledge of the Issuer or any Guarantor) which constitutes, or might be construed to constitute, an equitable or legal discharge or defense of a surety or guarantor or any other obligor on any obligation of the Issuer from the Obligations, or of any Guarantor from this Agreement, in bankruptcy or in any other instance. When pursuing its rights and remedies hereunder against any Guarantor, the Noteholder may, but shall be under no obligation to, pursue such rights, powers, privileges and remedies as it may have against the Issuer or any other Person or against the Collateral or any other collateral security or guaranty for the Obligations or any right of offset with respect thereto, and any failure by the Noteholder to pursue such other rights or remedies or to collect any payments from the Issuer or any such other Person or to realize upon any such collateral security or guaranty or to exercise any such right of offset, or any release of the Issuer or any such other Person or any such collateral security, guaranty or right of offset, shall not relieve any Guarantor of any liability hereunder, and shall not impair or affect the rights, powers, privileges and remedies, whether express, implied or available as a matter of law or equity, of the Noteholder against the Guarantors. This Agreement shall remain in full force and effect and be binding in accordance with and to the extent of its terms upon the Guarantors and the successors and assigns thereof,

and shall inure to the benefit of the Noteholder, and each of its permitted successors, indorsees, transferees and assigns, until all the Obligations permitted shall have been satisfied by performance and payment in full and the Secured Note Agreement and the other Secured Note Documents shall have been terminated, notwithstanding that from time to time during the term of the Secured Note Agreement the Issuer may be free from any Obligations.

2.6 Reinstatement. This Agreement shall continue to be effective, or be reinstated, as the case may be, if at any time payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the Noteholder upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of the Issuer or any Guarantor, or upon or as a result of the appointment of a receiver, intervenor or conservator of, or trustee or similar officer for, the Issuer or any Guarantor or any substantial part of its property, or otherwise, all as though such payments had not been made.

2.7 Payments. Each Guarantor hereby guarantees that payments hereunder will be paid to the Noteholder, in Dollars, promptly after demand therefor and in accordance with the wiring instructions of the Noteholder.

SECTION 3. GRANT OF SECURITY INTEREST

3.1 Grant of Security Interest. Each Grantor hereby grants to the Noteholder, a first priority security interest in all of the following property now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Collateral") as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of such Grantor's Obligations:

in each case howsoever such Grantor's interest therein may arise or appear (whether by ownership, security interest, claim or otherwise), provided that, notwithstanding anything to the contrary contained herein or in any other Secured Note Document, the term "Collateral" and each other term used in the definition thereof shall not include, and no Grantor is pledging or granting a security interest in, any Property to the extent that such Property constitutes Excluded Collateral; provided further, however, that if and when, and to the extent that, any Property ceases to be Excluded Collateral, such Grantor hereby grants to the Noteholder, and at all times from and after such date, the Noteholder shall have a first priority Lien in and on such Property (subject to Permitted Liens), and such Grantor shall cooperate in all respects to ensure the prompt perfection of the Noteholder's security interest therein.

The Obligations of each Grantor under the Secured Note Documents constitute recourse obligations of such Grantor, and therefore, their satisfaction is not limited to payments from the Collateral.

With respect to each right to payment or performance included in the Collateral from time to time, the Lien granted therein includes a continuing security interest in (i) any Supporting Obligation that supports such payment or performance and (ii) any Lien that (A) secures such right to payment or performance or (B) secures any such Supporting Obligation.

3.2 Right of Set-off. Each Grantor hereby irrevocably authorizes the Noteholder at any time and from time to time without notice to any Grantor, any such notice

The Noteholder may set-off cash, the proceeds of the liquidation of any Collateral and all other sums or obligations owed by the Noteholder to any Grantor against all of such Grantor's obligations to the Noteholder, whether under this Agreement or under any other agreement with such Grantor, or otherwise, whether or not such obligations are then due, without prejudice to the Noteholder's right to recover any deficiency. The rights of the Noteholder under this Section are in addition to other rights and remedies (including without limitation, other rights of set-off) which the Noteholder may have. Upon the occurrence of any Event of Default with respect to any Grantor, the Noteholder shall have the right to cause liquidation, termination or acceleration to the extent of any assets pledged by such Grantor to secure their Obligations hereunder or under any other Secured Note Document to which Section 3 applies.

3.3 Intentionally Omitted.

3.4 UCC Matters, Further Assurances. Each Grantor, shall, at all times on and after the date hereof, and at its expense, cause New York UCC financing statements and continuation statements to be filed in all applicable jurisdictions as required to continue the perfection of the security interests created by this Agreement. Each Grantor shall, from time to time, at its expense and in such manner and form as the Noteholder may reasonably require, execute, deliver, file and record any other statement, continuation statement, specific assignment or other instrument or document and take any other action that may be necessary, or that the Noteholder may reasonably request, to create, evidence, preserve, perfect or validate the security interests created hereunder or to enable the Noteholder to exercise and enforce its rights hereunder with respect to any of the Collateral. Each Grantor agrees that, if the grant of a security interest in any Property to the Noteholder requires a consent to such grant from any other Person (other than such Grantor or any of its Affiliates), such Grantor shall use its best efforts to procure such consent, taking into consideration the likelihood that such consent will be given. Further, each Grantor agrees that if any Excluded Collateral should, at any time following the Effective Date, become Collateral on which the Noteholder is, in accordance with the terms of the Secured Note Documents, permitted to take a Lien, such Grantor shall so notify the Noteholder and cooperate with and shall take all steps as may be reasonably required by the Noteholder to enable and continue the perfection of the Noteholder's security interests therein. A carbon, photographic or other reproduction of this Agreement or any financing statement covering the Collateral or any part thereof shall be sufficient as a financing statement.

SECTION 4.

MISCELLANEOUS

4.1 Noteholder's Appointment as Attorney-in-Fact. (a) Each Grantor hereby irrevocably constitutes and appoints the Noteholder and any officer or agent thereof, with full power of substitution, as its true and lawful attorney-in-fact with full irrevocable power and authority in the place and stead of such Grantor and in the name of such Grantor or in its own name, from time to time in the Noteholder's discretion, for the purpose of carrying out the terms of this Agreement to take any and all appropriate action and to execute any and all documents and instruments which may be necessary or desirable to accomplish the purposes of this Agreement, which such Grantor is required to do hereunder but has failed to do so within the time limits required, including without limitation, to protect, preserve and realize upon the Collateral, to file such financing statements relating to the Collateral as the Noteholder at its option deems appropriate, and, without limiting the generality of the foregoing, such Grantor hereby gives the Noteholder the power and right, on behalf of such Guarantor, without assent by, but with notice to, such Guarantor, if an Event of Default shall have occurred and be continuing, to do the following:

(iii) (A) to direct any party liable for any payment under any Collateral to make payment of any and all moneys due or to become due thereunder directly to the Noteholder or as the Noteholder shall direct; (B) to ask or demand for, collect, receive payment of and receipt for, any and all moneys, claims and other amounts due or to become due at any time in respect of or arising out of any Collateral; (C) to sign and endorse any invoices, assignments, verifications, notices and other documents in connection with any of the Collateral; (D) to commence and prosecute any suits, actions or proceedings at law or in equity in any court of competent jurisdiction to collect the Collateral or any part thereof and to enforce any other right in respect of any Collateral; (E) to defend any suit, action or proceeding brought against such Grantor with respect to any Collateral; (F) to settle, compromise or adjust any suit, action or proceeding described in clause (E) above and, in connection therewith, to give such discharges or releases as the Noteholder may deem appropriate; and (G) in connection with its exercise of its remedies hereunder pursuant to Section 4.3, generally, to sell, transfer, pledge and make any agreement with respect to or otherwise deal with any of the Collateral as fully and completely as though the Noteholder were the absolute owner thereof for all purposes, and to do, at the Noteholder's option and such Grantor's expense, at any time, or from time to time, all acts and things which the Noteholder deems necessary to protect, preserve or realize upon the Collateral and the Noteholder's Liens thereon and to effect the intent of this Agreement and the other Secured Note Documents, all as fully and effectively as such Grantor might do.

(b) Each Grantor hereby ratifies all that said attorneys shall lawfully do or cause to be done by virtue hereof. This power of attorney is a power coupled with an interest and shall be irrevocable.

(c) Each Grantor also authorizes the Noteholder, at any time and from time to time, to execute, in connection with any sale of Collateral provided for in Section 4.3, any endorsements, assignments or other instruments of conveyance or transfer with respect to the Collateral.

(d) The powers conferred on the Noteholder are solely to protect the Noteholder's interests in the Collateral and, except as required under Applicable Law, shall not impose any duty upon the Noteholder to exercise any such powers. The Noteholder shall be accountable only for amounts that it actually receives as a result of the exercise of such powers, and neither the Noteholder nor any of its respective officers, directors, agents or employees shall be responsible to such Grantor for any act or failure to act hereunder, except for its own gross negligence or willful misconduct.

4.2 Proceeds. If an Event of Default shall occur and be continuing, (a) all proceeds of Collateral received by such Grantor consisting of cash, checks and Cash Equivalents shall be held by such Grantor in trust for the Noteholder, segregated from other funds of such Grantor, and shall forthwith upon receipt by such Grantor be turned over to the Noteholder in the exact form received by such Grantor (duly endorsed by such Grantor to the Noteholder, if

For purposes hereof, proceeds shall include, but not be limited to, all principal and interest payments, royalty payments, license fees, all prepayments and payoffs, all dividends and distributions, insurance claims, condemnation awards, sale proceeds, rents and any other income and all other amounts received with respect to the Collateral and upon the liquidation of any Collateral, all such proceeds received by the Noteholder will be distributed by the Noteholder in such order as the Noteholder shall elect. Any balance of such proceeds remaining after the Obligations shall have been paid in full and this Agreement shall have been terminated shall be promptly paid over to such Grantor or to whomsoever may be lawfully entitled to receive the same.

4.3 Remedies. If an Event of Default shall occur and be continuing, the Noteholder may exercise, in addition to all other rights and remedies granted to it in this Agreement and in any other instrument or agreement securing, evidencing or relating to the Obligations, all rights and remedies of a secured party under the New York UCC, at law and in equity. Without limiting the generality of the foregoing, the Noteholder, without demand of performance or other demand, presentment, protest, advertisement or notice of any kind (except any notice required by law referred to below) to or upon such Grantor or any other Person (all and each of which demands, defenses, presentments, protests, advertisements and notices are hereby waived), may in such circumstances forthwith collect, receive, appropriate and realize upon the Collateral, or any part thereof, and/or may forthwith sell, lease, assign, give option or options to purchase, or otherwise dispose of and deliver the Collateral or any part thereof (or contract to do any of the foregoing), in one or more parcels or as an entirety at public or private sale or sales, at any exchange, broker's board or office of the Noteholder or elsewhere upon such terms and conditions and at prices that are consistent with the prevailing market for similar collateral as it may deem advisable and at such prices as it may deem best, for cash or on credit or for future delivery without assumption of any credit risk. The Noteholder shall act in good faith to obtain the best execution possible under prevailing market conditions. The Noteholder shall have the right upon any such public sale or sales, and, to the extent permitted by law, upon any such private sale or sales, to purchase the whole or any part of the Collateral so sold, free of any right or equity of redemption in the related Grantor, which right or equity is hereby waived and released to the extent not prohibited by Applicable Law. Each Grantor further agrees, at the Noteholder's request, to assemble the Collateral and make it available to the Noteholder at places that the Noteholder shall reasonably select, whether at the related Grantor's premises or elsewhere. The Noteholder shall apply the net proceeds of any such collection, recovery, receipt, appropriation, realization or sale, after deducting all reasonable costs and expenses of every kind incurred therein or incidental to the care or safekeeping of any of the Collateral or in any way relating to the Collateral or the rights of the Noteholder hereunder, including reasonable attorneys' fees and disbursements, to the payment in whole or in part of the Obligations, in such order as the Noteholder may elect, and only after such application and after the payment by the Noteholder of any other amount required or permitted by any provision of law, including Section 9-608(a)(1)(c) of the New York UCC, need the Noteholder account for the surplus, if any, to the related Grantor. claims, damages and demands it may acquire against the Noteholder arising out of the exercise by the Noteholder of any of its rights hereunder. If any notice of a proposed sale or other Disposition of Collateral shall be required by Applicable Law, such notice shall be deemed reasonable and proper if given at least ten (10) days before such sale or other Disposition. Each Grantor shall remain liable for any deficiency (plus accrued interest thereon) if the proceeds of any sale or other disposition of the Collateral are insufficient to pay the Obligations and the reasonable fees and disbursements incurred by the Noteholder, including reasonable fees and expenses of any attorneys employed by the Noteholder to collect such deficiency. Because each Grantor recognizes that the Noteholder may not be able to purchase or sell all of the Collateral on a particular Business Day, or in a transaction with the same purchaser, or in the same manner because the market for such Collateral may not be liquid, each Grantor agrees that liquidation of the Collateral does not require a public purchase or sale and that a good faith private purchase or sale shall be deemed to have been made in a commercially reasonable manner. Accordingly, the Noteholder may elect, in its sole discretion, the time and manner of liquidating any Collateral and nothing contained herein shall (i) obligate the Noteholder to liquidate any Collateral on the occurrence of a Event of Default or to liquidate all Collateral in the same manner or on the same Business Day or (ii) constitute a waiver of any of the Noteholder's rights or remedies.

4.4 Continuing Liability of each Grantor. The security interests described above are granted as security only and shall not subject the Noteholder or any of its assigns to, or transfer or in any way affect or modify, any obligation, liability or indemnity of each Grantor with respect to, any of the Collateral or any transaction relating thereto. None of the Noteholder or its respective assigns shall be required or obligated in any manner to make any inquiry as to the nature or sufficiency of any payment received by it or the sufficiency of any performance by any party under any such obligation, or to make any payment or present or file any claim, or to take any action to collect or enforce any performance or the payment of any amount thereunder to which any such Person may be entitled at any time.

4.5 Limitation on Duties Regarding Preservation of Collateral. The Noteholder's duty with respect to the custody, safekeeping and physical preservation of the Collateral in its possession shall be in accordance with Section 9-207 of the New York UCC. Neither the Noteholder nor any of its respective directors, officers or employees shall be liable for failure to demand, collect or realize upon all or any part of the Collateral or for any delay in doing so or shall be under any obligation to sell or otherwise dispose of any Collateral upon the request of the related Grantor or otherwise.

4.6 Powers Coupled with an Interest. All authorizations and agencies herein contained with respect to the Collateral are irrevocable and powers coupled with an interest.

4.7 Release of Security Interest Upon Satisfaction of all Obligations. Upon termination of this Agreement and repayment to the Noteholder of all Obligations and the performance of all obligations under the Secured Note Documents, the Noteholder shall release its security interest in any remaining Collateral; provided that if any payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the

UAW Retiree Medical Benefits Trust,
as the Noteholder under the Note Agreement
(as defined below)

Ladies and Gentlemen:

As attorneys on the Legal Staff of General Motors Corporation, a Delaware corporation ("**GM**"), we have acted as counsel to the entities organized under Delaware law listed on Exhibit A (the "**Delaware Guarantors**"), and counsel to the entities organized under Michigan law listed on Exhibit B (the "**Michigan Guarantors**"). The Delaware Guarantors and the Michigan Guarantors are collectively referred to as the "**Opinion Parties**". We have acted as counsel to the Opinion Parties in connection with the preparation, authorization, execution and delivery of, and the consummation of the transactions contemplated by the \$2,500,000,000 Secured Note Agreement, dated as of the date hereof (the "**Note Agreement**"), among, inter alios, General Motors Company (formerly known as NGMCO, Inc.)(the "**Issuer**") and the UAW Retiree Medical Benefits Trust, as the noteholder (the "**Noteholder**"). The individual signing this letter does so only in her role as an attorney member of GM's Legal Staff, and on behalf of such Legal Staff. Capitalized terms used but not defined in this letter are used as defined in the Note Agreement. In so acting, we have examined and relied on originals or copies certified or otherwise identified to our satisfaction, of :

1. the Note Agreement;
2. the Note issued pursuant to the Note Agreement, dated as of the date hereof and made by the Issuer payable to the Noteholder;
3. the Guaranty and Security Agreement, dated as of the date hereof (the "**Security Agreement**"), among the Issuer, the Opinion Parties named therein and the Noteholder;
4. the Equity Pledge Agreement, dated as of the date hereof (the "**Pledge Agreement**"), among the Issuer, the Opinion Parties named therein and the Noteholder;
5. the Intellectual Property Pledge Agreement, dated as of the date hereof (the "**IP Pledge Agreement**"), among the Issuer, the Opinion Parties named therein and the Noteholder;
6. the Environmental Agreement, dated as of the date hereof, among the Issuer and the Opinion Parties named therein, and the Noteholder;

7. the Intercreditor Agreement, dated as of the date hereof, among, *inter alios*, the Issuer and the Opinion Parties named therein, and the Noteholder;
8. the mortgages, deeds of trust and other deeds to secure debt listed on Exhibit C, dated as of the date hereof (the "**Mortgages**"), among the Opinion Parties named therein and the Noteholder; and
9. the Post-Closing Letter Agreement, dated as of the date hereof between the Issuer and the Noteholder.

The agreements and instruments specified in paragraphs (1) through (9) above are collectively referred to as the "**Secured Note Documents**".

In addition, we have examined and relied on originals or copies, certified or otherwise identified to our satisfaction, of such instruments and certificates of public officials, officers and representatives of the Opinion Parties and such other persons, and such corporate and limited liability company records of the Opinion Parties, and we have made such investigations of law, as we have deemed appropriate as a basis for the opinions expressed below. As to various questions of fact material to this opinion, we have relied with your permission and without independent verification upon the representations made in the Secured Note Documents and upon certificates of and discussions with officers and other representatives of the Opinion Parties. In rendering the opinions herein set forth, we have assumed with your permission and without independent verification (i) the authenticity of all documents and instruments submitted to us as originals and the conformity to authentic original documents and instruments of all documents and instruments submitted to us as copies, (ii) the genuineness of all signatures (other than those Persons signing on behalf of the Delaware Guarantors), (iii) the power and authority of the parties to each Secured Note Document (other than the Delaware Guarantors) to execute, deliver and perform such Secured Note Document, (iv) that each Secured Note Document has been duly authorized, executed and delivered by each party thereto (other than the Delaware Guarantors) and is the legal, valid and binding obligation of each party thereto (other than the Delaware Guarantors), enforceable against each such other party in accordance with its terms, (v) that each party (other than the Opinion Parties) is in compliance with all applicable state and federal laws regulating lenders or the conduct of their business, and (vi) that all parties to the transactions contemplated by the Note Agreement (other than the Opinion Parties) have acted and will continue to act in good faith. In rendering the opinions herein set forth we have also assumed, with your permission (x) that the law of the State of New York is the same as the law of the State of Michigan, and (y) the validity of the obligations of each Opinion Party under the Secured Note Documents under the law of the State of New York.

Based on the foregoing, and subject to the qualifications stated herein, we are of the opinion that:

1. Each Delaware Guarantor (a) is a corporation or a limited liability company, as the case may be, duly organized, validly existing and in good standing under the laws of the State of Delaware; (b) has all requisite power and authority, and the legal right, to own, lease and operate its properties and to carry on its business as now being conducted and (c) is duly qualified as a foreign corporation or limited liability company, as applicable, and is in good standing under the laws of each jurisdiction where its ownership, lease or operation of property or the conduct of its business requires such qualification, except to the extent that all failures to be duly qualified and in good standing could not reasonably be expected to, in the aggregate, have a Material Adverse Effect.
2. Each Delaware Guarantor has all requisite corporate or limited liability company power and authority, as the case may be, and the legal right, to execute and deliver the Secured Note Documents to which such Delaware Guarantor is a party and to borrow and perform its obligations thereunder and to grant the security interests to be granted pursuant to the Secured Note Documents to which such Delaware Guarantor is a party. The execution, delivery and performance of the Secured Note Documents to which such Delaware Guarantor is a party by such Delaware Guarantor have been duly authorized by all necessary corporate or limited liability company action, as the case may be, on the part of such Delaware Guarantor. Each Secured Note Document has been duly and validly executed and delivered by each Delaware Guarantor party thereto.
3. The execution and delivery by each Opinion Party of the Secured Note Documents to which such Opinion Party is a party, its borrowings, if any, in accordance with the Secured Note Documents and the performance by such Opinion Party of its obligations thereunder and the granting of the security interests to be granted by it pursuant to the Security Agreement, the Pledge Agreement, the Mortgages and the IP Security Agreements to which it is a party will not (i) conflict with, constitute a default under or violate, (A) any of the terms, conditions or provisions of the certificate of incorporation or bylaws, or the certificate of formation or limited liability company operating agreement, as the case may be, of such Opinion Party, (B) any of the terms, conditions or provisions of any Contractual Obligation to which such Opinion Party is a party or by which it is bound, or (C) any judgment, writ, injunction, decree, order or ruling of any court or governmental authority binding on such Opinion Party; or (ii) result in, or require, the creation or imposition of any Lien on any of the properties or revenues of such Opinion Party pursuant to any Contractual Obligation, except (x) for Liens contemplated by the Secured Note Documents and (y) to the extent that such conflicts, defaults, violations and creation or imposition of Liens could not reasonably be expected to, in the aggregate, have a Material Adverse Effect. For purposes of this paragraph, “**Contractual Obligations**” means those material documents, agreements and other instruments of GM that have been filed as an exhibit to any Report on Form 8-K, 10-K or 10-Q of GM filed with the Securities and Exchange Commission (the “**SEC**”).

4. Except as set forth in any Report on Form 8-K, 10-K or 10-Q of GM filed with the SEC, there is no litigation, proceeding or governmental investigation pending or, to the best of our knowledge, threatened by or against the Opinion Parties or any of their respective Subsidiaries or against any of their respective properties or revenues with respect to (a) the Note Agreement or any of the transactions contemplated by the Secured Note Documents or (b) which involves a probable risk of an adverse decision that would materially restrict the ability of any Opinion Party to comply with its obligations under the Secured Note Documents.
5. The execution, delivery and performance of the Note Agreement by any of the Opinion Parties, the borrowings thereunder and the use of proceeds thereof as contemplated in the Note Agreement will not violate the federal laws of the United States of America (including, without limitation, Regulations U or X of the Board of Governors of the Federal Reserve System).
6. None of the Opinion Parties is an “*investment company*”, or a company “*controlled*” by an “*investment company*”, within the meaning of the Investment Company Act of 1940, as amended.

The opinions expressed above are subject to the following qualifications and limitations:

(a) The enforceability of any document, agreement or other instrument may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or affecting creditors’ rights generally (including, without limitation, preference and fraudulent conveyance or transfer laws).

(b) Rights of acceleration and the availability of equitable remedies may be limited by equitable principles of general applicability (regardless of whether enforcement is considered in a proceeding in equity or at law).

(c) We express no opinion as to whether the requirements in the Note Agreement to impose restrictions on executive privileges and compensation may conflict with, constitute a default under or violate any Contractual Obligation.

The opinions expressed herein are subject to the qualification that we express no opinion as to any obligation of any of the Opinion Parties under the Secured Note Documents to the extent that such obligation might be deemed to be inconsistent with public policy.

The opinions expressed herein are limited to the Delaware General Corporation Law, the Michigan Business Corporation Act and the federal law of the United States of America, which, in our experience, are normally applicable to general business corporations that are not engaged in regulated business activities and to transactions of the type contemplated by the Secured Note Documents (without having made any investigation as to any other laws), and we do not express any opinion herein concerning the laws of any other jurisdiction (including foreign jurisdictions) or any other laws.

The opinions expressed herein are limited to the specific issues addressed herein and are limited in all respects to documents, laws and facts existing on the date hereof. By rendering these opinions, we do not undertake to advise you of any changes in such documents, laws or facts that may occur after the date hereof.

The opinions expressed herein are rendered solely for your benefit in connection with the transactions described herein. Those opinions may not be used or relied upon by any other person, nor may this letter or any copies hereof be furnished to a third party, filed with a governmental agency quoted, cited or otherwise referred to without our prior written consent.

Very truly yours,

(c) Upon (i)(A) the occurrence and during the continuance of an Event of Default or (B) the Noteholder's reasonable belief that a Collateral Property is not in compliance with all Environmental Laws and such noncompliance would reasonably be expected to result in material liabilities under Environmental Laws, or (C) the Noteholder's reasonable belief that a Release of Hazardous Materials at, on, under or from or migrating to any of the Collateral Properties has occurred or is occurring and would reasonably be expected to result in Issuer or any Guarantor incurring material liabilities under Environmental Law and (ii) reasonable notice to the Issuer and any Guarantor that owns the Collateral Property at issue, the Noteholder and any other Person designated by the Noteholder, including but not limited to any environmental consultant, and any receiver appointed by any court of competent jurisdiction, shall have the right, but not the obligation, to enter upon such Collateral Property at all reasonable times, subject to the terms of any applicable lease in place for a Collateral Property, to assess any and all aspects of the environmental condition of such Collateral Property and its use, including but not limited to conducting any environmental assessment or audit (the scope of which shall be determined in the Noteholder's reasonable discretion taking into account the perceived environmental risk and the magnitude of the potential liability) and taking samples of soil, groundwater or other water, air, or building materials, and conducting other invasive testing. OBLIGATIONS SECURED

Section 2.1 Obligations Secured. This Security Instrument and the grants, assignments and transfers made in Article 1 are given for the purpose of securing the payment and performance of the obligations of Mortgagor under the Credit Agreement (the "Credit Agreement Obligations").

Section 2.2 Other Obligations. This Security Instrument and the grants, assignments and transfers made in Article 1 are also given for the purpose of securing the following (the "Other Obligations"):

(a) the performance of all obligations of Mortgagor contained herein;

(b) the payment of all sums advanced pursuant to this Security Instrument to protect and preserve the Property and the lien and the security interest created hereby;

(c) the performance of each obligation of Mortgagor contained in any other agreement given by Mortgagor to Lender which is for the purpose of further securing the obligations secured hereby, and any renewals, extensions, substitutions, replacements, amendments, modifications and changes thereto; and

(d) the performance of each obligation of Mortgagor contained in any renewal, extension, amendment, modification, consolidation, change of, or substitution or replacement for, any of the other Secured Note Documents to which Mortgagor is a party.

Section 2.3 Obligations. Mortgagor's obligation for the payment and performance of the Credit Agreement Obligations and the Other Obligations are referred to collectively below as the "Obligations."

ARTICLE 3 MORTGAGOR COVENANTS

Mortgagor covenants and agrees that:

Section 3.1 Payment and Performance of the Obligations. Mortgagor will pay and perform the Obligations at the time and in the manner provided in the Credit Agreement, this Security Agreement and the other Secured Note Documents, as applicable.

Section 3.2 Incorporation by Reference. All the covenants, conditions and agreements contained in each of the other Secured Note Documents executed by Mortgagor are hereby made a part of this Security Instrument to the same extent and with the same force as if fully set forth herein.

Section 3.3 Insurance. Mortgagor shall obtain and maintain, or cause to be maintained, insurance in full force and effect at all times with respect to Mortgagor and the Property as required pursuant to the Credit Agreement.

Section 3.4 Liens. Mortgagor shall not, create, incur, assume or suffer to exist, directly or indirectly, any Lien (as defined herein) on the Property, other than the following (collectively, the "Permitted Encumbrances"):

(a) Permitted Liens existing on the date hereof or hereafter created in accordance with the terms of the Credit Agreement and/or this Security Instrument;

(b) Leases existing on the date hereof, if any or hereafter entered into in accordance with the terms of the Credit Agreement and/or this Security Instrument;

(c) Liens for Taxes (as defined in Section 3.5 below) and Other Charges (as defined in Section 3.5 below) not yet subject to penalties for non-payment or which are being contested in accordance with Section 3.5 hereof; provided that adequate reserves with respect thereto are maintained on the books of Mortgagor in conformity with GAAP;

(d) Liens of mechanics, materialmen and other Liens imposed by law created in the ordinary course of business for amounts not yet due or which are being contested in accordance with Section 3.8 hereof and will not cause a Material Adverse Effect;

(e) Easements, rights-of-way, covenants, restrictions, zoning and similar restrictions and other similar charges or encumbrances not interfering with the ordinary conduct of the business of Mortgagor and will not cause a Material Adverse Effect; and

(f) this Security Instrument.

As used in this Security Instrument, the term "Lien" means any mortgage, deed of trust, lien, pledge, hypothecation, assignment, security interest, or any other encumbrance, charge or transfer of, on or affecting the Property, any portion thereof or any interest therein, including, without limitation, any conditional sale or other title retention agreement, any financing lease having substantially the same economic effect as any of the foregoing, the filing of any financing statement, and mechanic's, materialmen's and other similar liens and encumbrances, and permitted Dispositions.

Section 3.5 Payment of Taxes, Etc. Mortgagor shall pay or cause to be paid, as the same become due and payable, all (i) real estate and personal property taxes, assessments, water rates or sewer rents, now or hereafter levied or assessed or imposed against the Property or part thereof (collectively, the "Taxes") and (ii) ground rents, maintenance charges, impositions and any other charges, including, without limitation, vault charges and license fees for the use of vaults, chutes and similar areas adjoining the Property, now or hereafter levied or assessed or imposed against the Property or any part thereof (collectively, the "Other Charges"). At Lender's request, Mortgagor shall furnish to Lender receipts, or other evidence of the payment of the Taxes and the Other Charges prior to the date the same shall become delinquent. Mortgagor shall not suffer and shall promptly cause to be paid and discharged any Lien or charge (other than Permitted Encumbrances) which may be or become a Lien or charge against the Property, and shall promptly pay for all utility services provided to the Property (provided however this applies only to utility services the failure to pay could result in the creation of a lien that has a Material Adverse Effect). After prior written notice to Lender, Mortgagor, at its own expense, may contest by appropriate legal proceeding, promptly initiated and conducted in good faith and with due diligence, the amount or validity or application in whole or in part of any Taxes or Other Charges, other than ground rent, provided that (i) no Event of Default has occurred and remains uncured; (ii) such proceeding shall be permitted under and be conducted in accordance with the provisions of any other instrument to which Mortgagor is subject and shall not constitute a default thereunder and such proceeding shall be conducted in accordance with all Requirements of Laws; (iii) neither the Property nor any part thereof or interest therein will be in

danger of being sold, forfeited, terminated, cancelled or lost; (iv) Mortgagor shall promptly upon final determination thereof pay the amount of any such Taxes or Other Charges, together with all costs, interest and penalties which may be payable in connection therewith; (v) such proceeding shall suspend the collection of such contested Taxes or Other Charges from the Property; and (vi) Mortgagor shall furnish such security as may be required in the proceeding to insure the payment of any such Taxes or Other Charges, together with all interest and penalties thereon.

Section 3.6 Maintenance and Use of Property. Mortgagor shall cause the Property to be maintained in a good and safe condition and as otherwise required under the terms of the Credit Agreement. The Improvements and the Personal Property shall not be removed, demolished or materially altered or expanded (except for normal replacement of the Personal Property) in any respect that could reasonably be expected to have a Material Adverse Effect without the consent of Lender, which consent shall not be unreasonably withheld, conditioned or delayed. Mortgagor shall not initiate, join in, acquiesce in, or consent to any change in any private restrictive covenant, zoning law or other public or private restriction, limiting or defining the uses which may be made of the Property or any part thereof if doing so would have a Material Adverse Effect. If under applicable zoning provisions the use of all or any portion of the Property is or shall become a nonconforming use, Mortgagor will not cause or permit the nonconforming use to be discontinued or the nonconforming Improvement to be abandoned if doing so would have a Material Adverse Effect.

Section 3.7 Waste. Mortgagor shall not commit or suffer any intentional physical waste of the Property or make any change in the use of the Property which will in any way materially increase the risk of fire or other hazard arising out of the operation of the Property, or take any action that might invalidate or give cause for cancellation of any insurance policy related to the Property, or do or permit to be done thereon anything that may in any way materially impair the value of the Property or the security of this Security Instrument in any, material respect. Mortgagor will not, without the prior written consent of Lender, permit any drilling or exploration for or extraction, removal, or production of any minerals from the surface or the subsurface of the Land, regardless of the depth thereof or the method of mining or extraction thereof.

Section 3.8 Payment for Labor and Materials. Mortgagor will pay when due all bills and costs for labor, materials, and specifically fabricated materials incurred in connection with the Property in accordance with the requirements of Section 5.4 of the Credit Agreement unless such bills and costs are being contested in accordance with Section 5.4 of the Credit Agreement.

Section 3.9 Performance of Other Agreements. Mortgagor shall observe and perform each and every term to be observed or performed by Mortgagor pursuant to the terms of any of the Secured Note Documents given by Mortgagor to Lender for the purpose of further securing the Obligations, and any amendments, modifications or changes thereto. Mortgagor shall observe and perform all of its obligations under any agreement or recorded instrument affecting or pertaining to the Property, the failure of which, if not observed or performed, could reasonably be expected to have a Material Adverse Effect.

Section 3.10 Change of Name, Identity or Structure. Section 5.2 No Reliance On Lender. The officers, members, general partners, employees, principals and (if Mortgagor is a trust) beneficial owners of Mortgagor are, collectively, experienced in the ownership and operation of properties similar to the Property, and Mortgagor and Lender are relying solely upon such expertise and business plan in connection with the ownership and operation of the Property. Mortgagor is not relying on Lender's expertise, business acumen or advice in connection with the Property.

Section 5.3 No Lender Obligations. (a) Notwithstanding the provisions of Section 1.1(a), (f), (l) and (m) or Section 1.2 hereof, Lender is not undertaking the performance of (i) any obligations under the Leases; or (ii) any obligations with respect to any of the agreements, contracts, certificates, instruments, franchises, permits, trademarks, licenses and other documents referred to in Section 1.1 hereof.

ARTICLE 6 FURTHER ASSURANCES

Section 6.1 Recording of Security Instrument, Etc. Mortgagor will pay, or cause to be paid, all taxes, filing, registration or recording fees, and all expenses incident to the preparation, execution, acknowledgment and/or recording of this Security

Mortgagor hereby authorizes Lender to file one or more financing statements or execute in the name of Mortgagor to the extent Lender may lawfully do so, one or more chattel mortgages or other instruments, to evidence more effectively the lien and security interest of Lender in the Property. Mortgagor grants to Lender an irrevocable power of attorney coupled with an interest for the purpose of exercising and perfecting any and all rights and remedies available to Lender at law and in equity, including without limitation such rights and remedies available to Lender pursuant to this Section 6.2; provided, however, Lender agree not to exercise such power of attorney unless an Event of Default has occurred and is continuing.

Section 6.3 Intentionally deleted.

Section 6.4 Replacement Documents. Upon receipt of an affidavit of an officer or agent of Lender as to the loss, theft, destruction or mutilation of any Secured Note Document which Mortgagor is a party to and which is not of public record, and, in the case of any such mutilation, upon surrender and cancellation of such Secured Note Document that Mortgagor is a party to, Mortgagor will issue, in lieu thereof, a replacement Secured Note Document in the same form as, and dated the date of, such lost, stolen, destroyed or mutilated Secured Note Document.

Section 6.5 Legal Fees for Enforcement. Mortgagor shall pay to Lender on demand any and all expenses, including legal expenses and reasonable attorneys' fees, incurred or paid by Lender in protecting its interest in the Property or in collecting any amount payable hereunder or in enforcing its rights hereunder with respect to the Property (including commencing any foreclosure action), whether or not any legal proceeding is commenced hereunder or thereunder, together with interest thereon at the rate provided for in the Credit Agreement from the date paid or incurred by Lender until such expenses are paid by Mortgagor, in accordance with Section 8.5 of the Credit Agreement.

ARTICLE 7
DUE ON SALE/ENCUMBRANCE

Section 7.1 Lender Reliance. Mortgagor acknowledges that Lender has examined and relied on the experience of Mortgagor and its officers, partners, members, principals and (if Mortgagor is a trust) beneficial owners in owning and operating properties such as the Property in agreeing to make the Loan, and will continue to rely on Mortgagor's ownership of the Property as a means of maintaining the value of the Property as security for payment and performance of the Obligations. Mortgagor acknowledges that Lender has a valid interest in maintaining the value of the Property so as to ensure that, should Mortgagor default in the payment and performance of the Obligations, Lender can recover the Obligations by a sale of the Property.

Section 7.2 No Sale/Encumbrance. Mortgagor shall not Dispose of or suffer to permit or grant a Lien on the Property or any part thereof or any interest therein or permit or suffer the Property or any part thereof or any interest therein to be Disposed of or encumbered by a Lien other than as expressly permitted pursuant to the terms of this Security Instrument or the Credit Agreement. (c) with or without entry, to the extent permitted and pursuant to the procedures provided by Requirements of Law, institute proceedings for the partial foreclosure of this Security Instrument for the portion of the Obligations then due and payable, subject to the continuing lien and security interest of this Security Instrument for the balance of the Obligations not then due, unimpaired and without loss of priority;

(d) sell for cash or upon credit the Property or any part thereof and all estate, claim, demand, right, title and interest of Mortgagor therein and rights of redemption thereof, pursuant to power of sale or otherwise, at one or more sales, in one or more parcels, at such time and place, upon such terms and after such notice thereof as may be required or permitted by law;

(f) recover judgment against Borrower on the Note either before, during or after any proceedings for the enforcement of this Security Instrument or the other Secured Note Documents;

(g) apply for the appointment of a receiver, trustee, liquidator or conservator of the Property, without notice and without regard for the adequacy of the security for the Obligations and without regard for the solvency of Mortgagor, any Guarantor or of any Person liable for the payment of the Obligations;

(h) subject to any Requirements of Law, the license granted to Mortgagor under Section 1.2 hereof shall automatically be revoked and Lender may enter into or upon the Property, either personally or by its agents, nominees or attorneys and dispossess Mortgagor and its agents and servants therefrom, without liability for trespass, damages or otherwise and exclude Mortgagor and its agents or servants wholly therefrom, and take possession of all books, records and accounts relating thereto and Mortgagor agrees to surrender possession of the Property and of such books, records and accounts to Lender upon demand, and thereupon Lender may (i) use, operate, manage, control, insure, maintain, repair, restore and otherwise deal with all and every part of the Property and conduct business thereon; (ii) complete any construction on the Property in such manner and form as Lender deem advisable; (iii) make alterations, additions, renewals, replacements and improvements to or on the Property; (iv) exercise all rights and powers of Mortgagor with respect to the Property, whether in the name of Mortgagor or otherwise, including, without limitation, the right to make, cancel, enforce or modify Leases, obtain and evict tenants, and demand, sue for, collect and receive all Rents of the Property and every part thereof; (v) require Mortgagor to pay monthly in advance to Lender, or any receiver appointed to collect the Rents, the fair and reasonable rental value for the use and occupation of such part of the Property as may be occupied by Mortgagor; (vi) require Mortgagor to vacate and surrender possession of the Property to Lender or to such receiver and, in default thereof, Mortgagor may be evicted by summary proceedings or otherwise; and (vii) apply the receipts

(i) exercise any and all rights and remedies granted to a secured party upon default under the Uniform Commercial Code, including, without limiting the generality of the foregoing: (i) the right to take possession of any Collateral owned by Mortgagor (including, without limitation, the Personal Property) or any part thereof, and to take such other measures as Lender may deem necessary for the care, protection and preservation of the Collateral owned by Mortgagor (including, without limitation, the Personal Property), and (ii) request Mortgagor at its expense to assemble the Collateral it owns, including, without limitation, the Personal Property, and make it available to Lender at a convenient place acceptable to Lender. Any notice of sale, disposition or other intended action by Lender with respect to the Collateral owned by Mortgagor, including, without limitation, the Personal Property, sent to Mortgagor in accordance with the provisions hereof at least ten (10) days prior to such action, shall constitute commercially reasonable notice to Mortgagor;

(j) apply any sums held in escrow or otherwise by Lender in accordance with the terms of this Security Instrument or any other Secured Note Document to which Mortgagor is a party to the payment of the Obligations in such priority and proportions as Lender in its discretion shall deem proper;

(k) surrender any insurance policies relating to the Property, collect the unearned insurance premiums thereon and apply such sums as a credit on the Obligations in such priority and proportion as Lender in its discretion shall deem proper, and in connection therewith, Mortgagor hereby appoints Lender as agent and attorney-in-fact (which appointment is coupled with an interest and is therefore irrevocable) for Mortgagor to collect such insurance premiums during the continuance of an Event of Default;

(l) foreclose by STATUTORY POWER OF SALE or otherwise and apply the proceeds of any recovery to the Obligations in accordance with Section 9.2 hereof or to any deficiency under this Security Instrument;

(m) exercise all rights and remedies under any Causes of Action, whether before or after any sale of the Property by foreclosure, power of sale, or otherwise and apply the proceeds of any recovery to the Obligations in accordance with Section 9.2 hereof or to any deficiency under this Security Instrument; or

(n) pursue such other remedies as Lender may have under Requirements of Law.

In the event of a sale, by foreclosure, power of sale, or otherwise, of less than all of the Property, this Security Instrument shall continue as a lien and security interest on the remaining portion of the Property unimpaired and without loss of priority.

Section 9.2 Application of Proceeds. The purchase money, proceeds and avails of any disposition of the Property, or any part thereof, or any other sums collected by Lender pursuant to this Security Instrument may be applied by Lender upon the occurrence and during the continuance of an Event of Default to the payment of the Obligations in such priority and proportions as Lender in its discretion shall deem proper.

Section 9.3 Right to Cure Defaults. Upon the occurrence and during the continuance of any Event of Default, or any default which in Lender's reasonable opinion constitutes an emergency or dangerous condition at the Property, Lender may, but without any obligation to do so and without notice to or demand on Mortgagor and without releasing Mortgagor from any obligation hereunder, make or do the same in such manner and to such extent as Lender may deem necessary to protect the security hereof. Lender is authorized to enter upon the Property for such purposes, or appear in, defend, or bring any action or proceeding to protect its interest in the Property or to foreclose this Security Instrument or collect the Obligations. The cost and expense of any cure hereunder (including reasonable attorneys' fees to the extent permitted by law), with interest as provided below, shall constitute a portion of the Obligations and shall be due and payable to Lender upon demand. All such costs and expenses incurred by Lender in remedying such default or Event of Default shall bear interest at the rate provided for in the Credit Agreement for the period after notice from Lender that such cost or expense was incurred to the date of payment to Lender and shall be deemed to constitute a portion of the Obligations and be secured by this Security Instrument and the other Secured Note Documents and shall be immediately due and payable upon demand by Lender therefor.

Section 9.4 Actions and Proceedings. Lender has the right (but not the obligation) to appear in and defend any action or proceeding brought with respect to the Property and to bring any action or proceeding, in the name and on behalf of Mortgagor, which Lender, in its discretion, decide should be brought to protect its interest in the Property; provided, however, that Lender agrees not to exercise any of the rights set forth in this Section 9.4 unless an Event of Default, or any default which in Lender's reasonable opinion constitutes an emergency or dangerous condition at the Property, has occurred and is continuing.

Section 9.5 Recovery of Sums Required to be Paid. Lender shall have the right from time to time to take action to recover any sum or sums which constitute a part of the Obligations as the same become due, without regard to whether or not the balance of the Obligations shall be due, and without prejudice to the right of Lender thereafter to bring an action of foreclosure, or any other action, for an Event of Default by Mortgagor existing at the time such earlier action was commenced.

Section 9.6 Other Rights, Etc.

(a) The failure of Lender to insist upon strict performance of any term hereof shall not be deemed to be a waiver of any term of this Security Instrument. Mortgagor shall not be relieved of Mortgagor's obligations hereunder by reason of (i) the failure of Lender to comply with any request of any Guarantor to take any action to foreclose this Security Instrument or otherwise enforce any of the provisions hereof or of the Note or the other Secured Note Documents, (ii) the release, regardless of consideration, of the whole or any part of the Property, or of any Person liable for the Debt or any other Obligations or any portion thereof, or (iii) any agreement or stipulation by Lender extending the time of payment or otherwise modifying or supplementing the terms of the Note, the Credit Agreement, the Guaranty, this Security Instrument or the other Secured Note Documents.

(b) It is agreed that the risk of loss or damage to the Property is on Mortgagor, and Lender shall have no liability whatsoever for decline in value of the Property, for failure to maintain the insurance policies required hereunder or under the Credit Agreement with respect to the Property, or for failure to determine whether insurance in force is adequate as to the amount of risks insured. Possession by Lender shall not be deemed an election of judicial relief, if any such possession is requested or obtained, with respect to the Property or any other Collateral not in Lender's possession.

(c) Lender may resort for the payment of the Debt or other Obligations to any other security held by Lender in such order and manner as Lender, in its discretion, may elect. Lender may take action to recover the Obligations, or any portion thereof, or to enforce any covenant hereof without prejudice to the right of Lender thereafter to foreclose this Security Instrument. The rights of Lender under this Security Instrument shall be separate, distinct and cumulative and none shall be given effect to the exclusion of the others. No act of Lender shall be construed as an election to proceed under any one provision herein to the exclusion of any other provision. Lender shall not be limited exclusively to the rights and remedies herein stated but shall be entitled to every right and remedy now or hereafter afforded at law or in equity.

Section 9.7 Right to Release Any Portion of the Property. Lender may release any portion of the Property for such consideration as Lender may require without, as to the remainder of the Property, in any way impairing or affecting the lien or priority of this Security Instrument, or improving the position of any subordinate lienholder with respect thereto, except to the extent that the obligations hereunder shall have been reduced by the actual monetary consideration, if any, received by Lender for such release, and Lender may accept by assignment, pledge or otherwise any other property in place thereof as Lender may require without being accountable for so doing to any other lienholder. This Security Instrument shall continue as a lien and security interest in the remaining portion of the Property.

Section 9.8 Violation of Laws. Subject to the terms of the Credit Agreement (including the right, if any, for Mortgagor to contest non-compliance with any Requirements of Laws), if the Property is not in compliance with Requirements of Law and such non-compliance is reasonably likely to have a Material Adverse Effect, Lender may impose such additional reasonable requirements upon Mortgagor in connection herewith including, without limitation, monetary reserves or financial equivalents as is permitted under the Credit Agreement.

Section 9.9 Right of Entry. Subject to the terms of the Credit Agreement and the rights of tenants under their respective Leases, Lender and its agents shall have the right to enter and inspect the Property at all reasonable times.

Section 9.10 Subrogation. If any or all of the proceeds of the Note have been used to extinguish, extend or renew any Indebtedness heretofore existing against the Property, then, to the extent of the funds so used, Lender shall be subrogated to all of the rights, claims, liens, titles, and interests existing against the Property heretofore held by, or in favor of, the

holder of such Indebtedness and such former rights, claims, liens, titles, and interests, if any, are not waived but rather are continued in full force and effect in favor of Lender and are merged with the lien and security interest created herein as cumulative security for the repayment, performance and discharge of the Obligations.

ARTICLE 10 INDEMNIFICATIONS

Section 10.1 General Indemnification. Mortgagor shall, at its sole cost and expense, protect, defend, indemnify, release and hold harmless the each Indemnitee from and against any Losses imposed upon or incurred by or asserted against any Indemnitee and directly or indirectly arising out of or in any way relating to any one or more of the following: (a) any accident, injury to or death of persons or loss of or damage to property occurring in, on or about the Property or any part thereof or on the adjoining sidewalks, curbs, adjacent property or adjacent parking areas, streets or ways; (b) any use, nonuse or condition in, on or about the Property or any part thereof or on the adjoining sidewalks, curbs, adjacent property or adjacent parking areas, streets or ways; (c) performance of any labor or services or the furnishing of any materials or other property in respect of the Property or any part thereof; (d) any failure of the Property to be in compliance with any Requirements of Law; (e) any and all claims and demands whatsoever which may be asserted against Lender by reason of any alleged obligations or undertakings on its part to perform or discharge any of the terms, covenants, or agreements contained in any Lease; provided, however, that Mortgagor shall not be liable for the payment of any Losses to the extent the same arise (x) by reason of the gross negligence or willful misconduct of Lender or (y) solely after Lender or any agent or successor thereof takes title and possession of the Property through foreclosure, exercise of a power of sale or a deed in lieu of foreclosure, unless such Losses are a result of the acts or omissions of Mortgagor. Any amounts payable to Lender by reason of the application of this Section 10.1 shall become immediately due and payable and shall bear interest at the rate provided for in the Credit Agreement from the date loss or damage is sustained by Lender until paid. As used in this Security Instrument, the term "Losses" means any and all claims, suits, actions, proceedings, obligations, liabilities (including, without limitation, strict liabilities) and debts, and all actual damages, losses, costs, expenses, fines, penalties, charges, fees, expenses, judgments, awards, amounts paid in settlement of whatever kind or nature (including, but not limited to, reasonable attorneys' fees and other costs of defense).

Section 10.2 Mortgage and/or Intangible Tax. Mortgagor shall, at its sole cost and expense, protect, defend, indemnify, release and hold harmless each Indemnitee from and against any and all Losses imposed upon or incurred by or asserted against any such Indemnitee and directly or indirectly arising out of or in any way relating to any tax on the making and/or recording of this Security Instrument.

ARTICLE 11

WAIVERS

Section 11.1 Waiver of Counterclaim. To the extent permitted by Requirements of Law, Mortgagor hereby waives its right to assert a counterclaim, other than a mandatory or compulsory counterclaim, in any action or proceeding brought against it by Lender arising out of or in any way connected with this Security Instrument.

Section 11.2 Marshalling and Other Matters. Mortgagor hereby waives, to the extent permitted by law, the benefit of all appraisal, valuation, stay, extension, reinstatement and redemption laws now or hereafter in force and all rights of marshalling in the event of any sale hereunder of the Property or any part thereof or any interest therein. Further, Mortgagor hereby expressly waives any and all rights of redemption from sale under any order or decree of foreclosure of this Security Instrument on behalf of Mortgagor, and on behalf of each Person acquiring any interest in or title to the Property subsequent to the date of this Security Instrument and on behalf of all persons to the extent permitted by Requirements of Law.

Section 11.3 Waiver of Notice. Mortgagor shall not be entitled to any notices of any nature whatsoever from Lender except (a) with respect to matters for which this Security Instrument, the Credit Agreement, the Guaranty or any other Secured Note Document, specifically and expressly provides for the giving of notice by Lender to Mortgagor, and (b) with respect to matters for which Lender is required by any Requirements of Law to give notice, and Mortgagor hereby expressly waives the right to receive any notice from Lender with respect to any matter for which this Security Instrument does not specifically and expressly provide for the giving of notice by Lender to Mortgagor.

Section 11.4 Intentionally deleted.

Section 11.5 Waiver of Trial by Jury. EACH OF MORTGAGOR, AND BY ITS ACCEPTANCE HEREOF, LENDER HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY REQUIREMENTS OF LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS SECURITY INSTRUMENT.

ARTICLE 12

SUBMISSION TO JURISDICTION

Section 12.1 Submission to Jurisdiction. With respect to any claim or action arising hereunder, Mortgagor irrevocably and unconditionally: (a) submits to the exclusive jurisdiction of any court of the State and County of New York, or in the United States District Court for the Southern District of New York, and appellate courts from any thereof; (b) consents that any such action or proceeding may be brought in such courts and, to the extent permitted by law, waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same; (c) agrees that, to the extent permitted by

Requirements of Law, service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to its address set forth in the Credit Agreement or at such other address of which Lender shall have been notified; and (d) agrees that nothing herein shall affect the right to effect service of process in any other manner permitted by law or shall limit the right to sue in any other jurisdiction.

ARTICLE 13
APPLICABLE LAW

Section 13.1 Choice of Law. IN SO FAR AS THERE MAY BE NO APPLICABLE FEDERAL LAW, THIS SECURITY INSTRUMENT SHALL BE CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO ANY RULE OF CONFLICTS OF LAW (OTHER THAN SECTION 5-1401 OF THE NEW YORK GENERAL OBLIGATIONS LAW) THAT WOULD RESULT IN THE APPLICATION OF THE SUBSTANTIVE LAW OF ANY JURISDICTION OTHER THAN THE STATE OF NEW YORK; PROVIDED, HOWEVER, THAT WITH RESPECT TO THE CREATION, PERFECTION, PRIORITY AND ENFORCEMENT OF THE LIEN AND SECURITY INTEREST OF THIS SECURITY INSTRUMENT, AND THE DETERMINATION OF DEFICIENCY JUDGMENTS, THE LAWS OF THE STATE WHERE THE LAND IS LOCATED SHALL APPLY.

Section 13.2 Provisions Subject to Requirements of Law. All rights, powers and remedies provided in this Security Instrument may be exercised only to the extent that the exercise thereof does not violate any applicable provisions of law and are intended to be limited to the extent necessary so that they will not render this Security Instrument invalid, unenforceable or not entitled to be recorded, registered or filed under the provisions of any Requirements of Law.

ARTICLE 14
DEFINITIONS

Section 14.1 General Definitions. Unless the context clearly indicates a contrary intent or unless otherwise specifically provided herein, words used in this Security Instrument may be used interchangeably in singular or plural form and the word "Mortgagor" shall mean "each Mortgagor and any subsequent owner or owners of the Property or any part thereof or any interest therein," the word "Lender" shall mean "Lender and any subsequent holder of the Note," the word "Note," shall mean "the Note and any other evidence of indebtedness secured by this Security Instrument," the word "Property" shall include any portion of the Property and any interest therein, and the phrases "legal fees", "attorneys' fees" and "counsel fees" shall include any and all reasonable attorneys', paralegal and law clerk fees and disbursements, including, but not limited to, fees and disbursements at the pre-trial, trial and appellate levels incurred or paid by Lender in protecting its interest in the Property, the Leases and the Rents and enforcing its rights hereunder.

Section 14.2 Headings, Etc. The headings and captions of various Articles and Sections of this Security Instrument are for convenience of reference only and are not to be construed as defining or limiting, in any way, the scope or intent of the provisions hereof.

Section 14.3 Defined Terms. Defined terms used herein but not defined herein shall have the meanings as defined in the Credit Agreement.

ARTICLE 15 MISCELLANEOUS PROVISIONS

Section 15.1 No Oral Change. This Security Instrument and any provisions hereof, may not be modified, amended, waived, extended, changed, discharged or terminated orally or by any act or failure to act on the part of Mortgagor or Lender, but only by an agreement in writing signed by the party against whom enforcement of any modification, amendment, waiver, extension, change, discharge or termination is sought.

Section 15.2 Liability. (a) If Mortgagor consists of more than one person (each such person, a "Borrower Party"), the obligations and liabilities of each such Borrower Party hereunder shall be joint and several. Each Borrower Party hereby acknowledges and agrees that the Borrower Parties are jointly and severally liable to Lender for all representations, warranties, covenants, obligations and liabilities of each Borrower Party hereunder. Each Borrower Party hereby further acknowledges and agrees that (a) any Event of Default or any default, or breach of a representation, warranty or covenant by any Borrower Party hereunder or under any Secured Note Document to which Mortgagor is a party is hereby considered a default or breach by each Borrower Party, as applicable, and (b) Lender shall have no obligation to proceed against one Borrower Party before proceeding against the other Borrower Parties. Each Borrower Party hereby waives any defense to its obligations under this Security Instrument based upon or arising out of the disability or other defense or cessation of liability of one Borrower Party versus the other. A Borrower Party's subrogation claim arising from payments to Lender shall constitute a capital investment in the other Borrower Party subordinated to any claims of Lender and equal to a ratable share of the equity interests in such Borrower Party.

(a) Notwithstanding anything appearing to the contrary in this Security Instrument, or in the Note, the Credit Agreement or any of the other Secured Note Documents, neither Lender nor any other Indemnitee shall be entitled to enforce the liability and obligation of Mortgagor to pay, perform and observe the obligations contained in this Security Instrument by any action or proceeding against any member, shareholder, partner, manager, director, officer, agent, affiliate, beneficiary, trustee or employee of Mortgagor (or any direct or indirect member, shareholder, partner or other owner of any such member, shareholder, partner, manager, director, officer, agent, affiliate or employee of Mortgagor, or any director, officer, employee, agent, manager or trustee of any of the foregoing); provided, however, for purposes of clarification, the foregoing is not intended to exempt any of the Issuer Parties from its obligations and liabilities under any of the Secured Note Documents to which such Issuer Party is a party.

Section 15.3 Inapplicable Provisions. If any term, covenant or condition of this Security Instrument is held to be invalid, illegal or unenforceable in any respect, this Security Instrument shall be construed without such provision.

Section 15.4 Duplicate Originals; Counterparts. This Security Instrument may be executed in any number of duplicate originals and each duplicate original shall be deemed to be an original. This Security Instrument may be executed in several counterparts, each of which counterparts shall be deemed an original instrument and all of which together shall constitute a single Security Instrument. The failure of any party hereto to execute this Security Instrument, or any counterpart hereof, shall not relieve the other signatories from their obligations hereunder.

Section 15.5 Number and Gender. Whenever the context may require, any pronouns used herein shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns and pronouns shall include the plural and vice versa.

Section 15.6 Notices. All notices required or permitted under this Security Instrument shall be given and be effective in accordance with the notice provisions of the Credit Agreement.

Section 15.7 Fixture Filing Provisions. This Security Instrument shall be effective as a financing statement filed as a fixture filing with respect to all fixtures included in the Property and is to be filed and recorded in the real estate records of the county where the Property is located. For this purpose the following information is included: (i) Mortgagor shall be deemed the "Debtor" and is a corporation organized under the laws of the state of Delaware with the address set forth on the first page hereof and the organization number assigned Debtor by the state in which Debtor is organized is 4692623; (ii) Lender shall be deemed the "Secured Party" with the address set forth on the first page hereof; (iii) this Security Instrument covers goods which are or are to become fixtures; and (iv) the name of the record owner of the Land is the Debtor.

Section 15.8 Intentionally deleted.

Section 15.9 Conflicts. In the event of any conflict, inconsistency or ambiguity between the provisions of this Security Instrument and the provisions of the Credit Agreement, the provisions of the Credit Agreement shall control.

Section 15.10 No Mortgagee in Possession. Neither the enforcement of any of the remedies under Article 9 hereof, the assignment of the Rents and Leases under Article 1 hereof, the security interests under Article 1 hereof, nor any other remedies afforded to Mortgagee under the Secured Note Documents, at law or in equity, other than taking of title to the Property by foreclosure or otherwise, shall cause Mortgagee to be deemed or construed to be a mortgagee in possession of the Property, to obligate Mortgagee to lease the Property or attempt to do so, or to take any action, incur any expense, or perform or discharge any obligation, duty or liability whatsoever under any of the Leases or otherwise. Mortgagor shall, and hereby agrees to indemnify Mortgagee for, and to hold Mortgagee harmless from and against, any and all claims, liability, expenses, losses or damages which may or might be asserted against or incurred by Mortgagee, as the case may be, solely by reason of Mortgagee's status as an assignee pursuant to

the assignment of Rents and Leases contained herein, but excluding any claim to the extent of Mortgagee's gross negligence or willful misconduct. Should Mortgagee incur any such claim, liability, expense, loss or damage, which is required to be reimbursed under Section 8.5 of the Credit Agreement, the amount thereof, including all actual expenses and reasonable fees of attorneys, shall constitute Obligations secured hereby, and Mortgagor shall reimburse Mortgagee, as the case may be, therefor as provided in Section 8.5 of the Credit Agreement.

Section 15.11 Discontinuance of Proceedings. If Lender shall have proceeded to invoke any right, remedy or recourse permitted under the Secured Note Documents and shall thereafter elect to discontinue or abandon it for any reason, Lender shall have the unqualified right to do so and, in such an event, Mortgagor and Lender shall be restored to their former positions with respect to the Obligations, the Secured Note Documents, the Property and otherwise, and the rights, remedies, recourses and powers of Lender shall continue as if the right, remedy or recourse had never been invoked, but no such discontinuance or abandonment shall waive any Event of Default which may then exist or the right of Lender thereafter to exercise any right, remedy or recourse under the Secured Note Documents for such Event of Default.

Section 15.12 Covenant Running with the Land. All representations, warranties, covenants and Obligations contained in the Credit Agreement are incorporated herein by this reference and, to the extent relating to the Property, are intended by the parties to be, and shall be construed as, covenants running with the land. All persons or entities who may have or acquire an interest in the Property shall be deemed to have notice of, and be bound by, the terms of the Credit Agreement and the other Secured Note Documents; however, no such party shall be entitled to any rights thereunder without the prior written consent of Lender.

Section 15.13 Last Dollars Secured. The parties agree that any payments or repayments of Obligations by Mortgagor shall be and be deemed to be applied first to the portion of the Obligations that is not secured hereby, if any, it being the parties' intent that the portion of the Obligations last remaining unpaid shall be secured hereby.

ARTICLE 16

CROSS-COLLATERALIZATION

Section 16.1 Cross-Collateralization. Mortgagor acknowledges that the Obligations are secured by this Security Instrument together with those additional security instruments given by Mortgagor and/or certain Affiliates of Mortgagor to Lender, together with the other Secured Note Documents securing or evidencing the Obligations, and encumbering the Collateral and other real and personal property, all as more specifically set forth in the Credit Agreement and the other Secured Note Documents. Upon the occurrence of an Event of Default, Lender shall have the right to institute a proceeding or proceedings for the total or partial foreclosure of this Security Instrument and any or all of such other security instruments whether by court action, power of sale or otherwise, under any applicable provision of law, for all or any portion of the Obligations, and the lien and the security interest created by such other security instruments shall continue in full force and effect without loss of priority as a lien and security interest securing the payment of that portion of the Obligations then due and payable but still outstanding. Mortgagor acknowledges and agrees that the Property and the other real and

personal property securing the Obligations are located in one or more States and counties, and therefore Lender shall be permitted to enforce payment of the Obligations and the performance of any term, covenant or condition of the Guaranty, this Security Instrument or the other Secured Note Documents and exercise any and all rights and remedies under the Guaranty, this Security Instrument or the other Secured Note Documents, or as provided by law or at equity, by one or more proceedings, whether contemporaneous, consecutive or both, to be determined by Lender, in its sole discretion, in any one or more of the States or counties in which the Property, the Collateral or any other real or personal property securing the Obligations is located. Neither the acceptance of this Security Instrument or the other Secured Note Documents nor the enforcement thereof in any one State or county, whether by court action, foreclosure, power of sale or otherwise, shall prejudice or in any way limit or preclude enforcement by court action, foreclosure, power of sale or otherwise, of the Note, this Security Instrument or any of the other Secured Note Documents through one or more additional proceedings in that State or county or in any other State or county. Any and all sums received by Lender under the Guaranty, this Security Instrument and the other Secured Note Documents on account of the Obligations shall be applied to the Obligations in such order and priority as Lender shall determine, in its sole discretion.

ARTICLE 17

INTENTIONALLY DELETED

ARTICLE 18

STATE SPECIFIC PROVISIONS

Section 18.1 Principles of Construction. In the event of any inconsistencies between the terms and conditions of this Article 18 and the other provisions of this Security Instrument, the terms and conditions of this Article 18 shall control and be binding.

Section 18.2 Granting Clause. The preamble to Section 1.1 is hereby modified in its entirety to state as follows:

Mortgagor does hereby irrevocably mortgage and warrant to Lenders and their successors and assigns, and does hereby assign and grant a security interest to Lender and their successors and assigns in, the following property, rights, interests and estates now owned or hereafter acquired by Mortgagor (collectively, the "Property”):

Section 18.3 Leases and Rents. The following sentences are hereby added at the end of subparagraph (f) of Section 1.1 entitled "Leases and Rents" and after the first sentence of Section 1.2 hereof entitled "Assignment of Leases and Rents”:

Lender shall also be entitled to all the rights and remedies conferred by Act No. 210 of the Michigan Public Acts of 1953 as amended by Act No. 151 of the Michigan Public Acts of 1966 (M.C.L.A. 554.231, et seq.), or Act No. 228 of the Michigan Public Acts of 1925, as amended by Act No. 55 of the Michigan Public Acts of 1933 (M.C.L.A. 554.211, et seq.), whichever is applicable, and pursuant to Act No. 66 of the Michigan Public Acts of 1956 (M.C.L.A. 565.81, et seq.). The assignment of leases and rents provided for in this Security Instrument shall, notwithstanding anything to the contrary contained herein, constitute an assignment of rents pursuant to M.C.L.A. 554.231, et seq., or M.C.L.A. 554.211, et seq., whichever is applicable, and M.C.L.A. 565.81, et seq., and shall be interpreted and applied in accordance therewith.

Section 18.4 Foreclosure. The word "or" is hereby deleted at the end of Subsection (m) of Section 9.1 of this Security Instrument entitled "Remedies," and the following text is hereby added after Subsection (m):

(n) commence (i) foreclosure proceedings against the Property through judicial proceedings or (ii) foreclosure proceedings against the Property constituting real estate by advertisement pursuant to the applicable statute in such case made and provided and to sell the Property or to cause the same to be sold at public sale in accordance with the applicable statute in a single parcel or in several parcels at the option of Lender. Mortgagor hereby acknowledges that this Security Instrument contains a POWER OF SALE and that in the event Lender elect to foreclose by advertisement pursuant to the POWER OF SALE, in accordance with M.C.L.A. 600.3201, *et seq.*, MORTGAGOR EXPRESSLY WAIVES NOTICE THEREOF (EXCEPT ANY NOTICE REQUIRED UNDER THE AFORESAID STATUTE), A HEARING PRIOR TO SALE AND ANY RIGHT, CONSTITUTIONAL OR OTHERWISE, THAT MORTGAGOR MIGHT OTHERWISE HAVE TO REQUIRE A JUDICIAL FORECLOSURE.

Subsection (n) is renumbered as subsection (o),

Section 18.5 Appointment of Receiver. The following is hereby added to the end of Section 9.1, subparagraph (g):

The failure of Mortgagor to pay any taxes or assessments assessed against the Property, or any installment thereof, or any premiums payable with respect to any insurance policies covering the Property, shall constitute waste as provided by Act No. 236 of the Michigan Public Acts of 1961, as amended (M.C.L.A. 600.2927). Mortgagor further hereby consents to the appointment of a receiver under said statute, should Lender elect to seek such relief thereunder;

Section 18.6 Future Advances. (THIS SECURITY INSTRUMENT IS ALSO A FUTURE ADVANCE MORTGAGE UNDER APPLICABLE MICHIGAN LAW). THIS SECURITY INSTRUMENT IS A "FUTURE ADVANCE MORTGAGE" UNDER PUBLIC ACT 348 OF PUBLIC ACTS OF 1990, AS AMENDED (M.C.L.A. 565.901 ET SEQ.). ALL FUTURE ADVANCES UNDER THE NOTE, THIS SECURITY INSTRUMENT AND THE OTHER LOAN DOCUMENTS SHALL HAVE THE SAME PRIORITY AS IF THE FUTURE ADVANCE WAS MADE ON THE DATE THAT THIS SECURITY INSTRUMENT WAS RECORDED. THIS SECURITY INSTRUMENT SHALL SECURE ALL INDEBTEDNESS OF MORTGAGOR, ITS AFFILIATES, SUCCESSORS AND ASSIGNS UNDER THE NOTES, THIS SECURITY INSTRUMENT OR ANY OF THE LOAN DOCUMENTS, WHENEVER INCURRED, INDEBTEDNESS TO BE DUE AT THE TIMES PROVIDED IN THE NOTES, THE CREDIT AGREEMENT, THIS SECURITY INSTRUMENT AND THE OTHER LOAN DOCUMENTS. NOTICE IS HEREBY GIVEN THAT THE INDEBTEDNESS SECURED HEREBY MAY INCREASE AS A RESULT OF ANY ADVANCES, VOLUNTARY OR INVOLUNTARY, UNDER THE NOTE, THIS SECURITY INSTRUMENT OR ANY OF THE OTHER LOAN DOCUMENTS, ANY DEFAULTS HEREUNDER BY THE MORTGAGOR DUE TO, FOR EXAMPLE, AND WITHOUT LIMITATION, UNPAID INTEREST OR LATE CHARGES, UNPAID TAXES OR INSURANCE PREMIUMS WHICH LENDERS ELECT TO ADVANCE, DEFAULTS UNDER LEASES THAT LENDERS ELECT TO CURE, ATTORNEY FEES OR COSTS INCURRED IN ENFORCING THE LOAN DOCUMENTS OR OTHER EXPENSES INCURRED BY LENDERS IN PROTECTING THE PROPERTY, THE SECURITY OF THIS SECURITY INSTRUMENT OR LENDERS' RIGHTS AND INTERESTS.

Section 18.7 Michigan Law. The following is hereby added to the end of Section 9.1, subparagraph (h):

In connection with Lender' right to possession of the Property Mortgagor acknowledges that it has been advised that there is a significant body of law in Michigan which purportedly provides that in the absence of a showing of waste of a character sufficient to endanger the value of the Property (or of other special factors) a person in the role of Mortgagor is entitled to remain in possession of the Property and to enjoy the earnings, revenues, rents, issues, profits and income of the Property during the pendency of foreclosure proceedings and until the expiration of the redemption period, notwithstanding that the mortgage expressly provides to the contrary. Mortgagor further acknowledges that it has been advised that Lender consider that the value of the security granted hereby is inextricably intertwined with the effectiveness of the management, maintenance and general operation of the Property and that the Lender would not make the loan secured hereby unless they could be assured that they would have the right to enjoy the earnings, revenues, rents, issues, profits and income of the Property

therefrom and/or take possession of the Property and manage or control management thereof immediately upon an Event of Default notwithstanding that foreclosure proceedings may not have been instituted or are pending or that the redemption period, if any, may not have expired. Mortgagor hereby knowingly, intelligently and voluntarily waives all rights to possession of the Property from and after the occurrence of an Event of Default and upon demand for possession by Lender Mortgagor agrees not to assert any objection or defense to Lender' request or to petition to a court for possession, and hereby consents to this appointment of a receiver for the Property. The rights hereby conferred upon Lender have been agreed upon prior to the occurrence of an Event of Default and the exercise by Lender of these rights shall not be deemed to put Lender in the status of a "mortgagee in possession." Mortgagor acknowledges that this provision is material to this transaction and that the Lender would not make the loan secured hereby but for this paragraph.

Section 18.8 Additional Fixture Filing Provisions. This Security Instrument shall be effective as a financing statement filed as a fixture filing with respect to all fixtures included in the Property and is to be filed and recorded in the real estate records of the county where the Property is located. For this purpose the following information is included: (i) Mortgagor shall be deemed the "Debtor" and is a corporation organized under the laws of the state of Delaware with the address set forth on the first page hereof and the organization number assigned Debtor by the state in which Debtor is organized is 4692623; (ii) Lender shall be deemed the "Secured Party" with the address set forth on the first page hereof; (iii) this Security Instrument covers goods which are or are to become fixtures; and (iv) the name of the record owner of the Land is the Debtor.

Section 18.9 Waiver of Priority. The Lender reserve the right to waive the priority of this Security Instrument as to any Lease otherwise subordinate to this Security Instrument by recording a declaration of subordination in the public records at any time prior to a sale on foreclosure of this Security Instrument.

Section 18.10 Marshalling and Other Matters. The word "law" in the first sentence of Section 11.2 of this Security Instrument is hereby deleted and the words "Applicable Law" are replaced in its stead. The following is hereby added after the word "Further," and before the word "Mortgagor" at the beginning of the second sentence in Section 11.2 hereof: "to the extent permitted by Applicable Law".

(b) Release of Security Interest upon Satisfaction of all Obligations. Upon termination of this Agreement and repayment to the Secured Party of all Obligations and the performance of all obligations under the Secured Note Documents, the Secured Party shall release its security interest in any remaining Collateral; provided, that if any payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the Secured Party upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of the Issuer or any Guarantor, or upon or as a result of the appointment of a receiver, intervenor or conservator of, or a trustee or similar officer for the Issuer or any Guarantor or any substantial part of its Property, or otherwise, this Agreement, all rights hereunder and the Liens created hereby shall continue to be effective, or be reinstated, until such payments have been made.

(c) Partial Release of Collateral. Provided that no Default or Event of Default shall then exist, the Issuer or a Guarantor may, in connection with any Disposition of any Collateral permitted under the Secured Note Agreement, obtain the release from the Lien of the Secured Note Documents of the portion of the Collateral sold, upon the satisfaction of the conditions set forth in the Secured Note Agreement.

Section 6. Miscellaneous.

(a) Waiver; Amendment. None of the terms or provisions of this Agreement may be waived, amended, supplemented or otherwise modified except in accordance with Section 8.1 of the Secured Note Agreement.

(b) Notices. No failure to exercise and no delay in exercising, on the part of the Secured Party, any right, remedy, power or privilege hereunder or under the other Secured Note Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

(d) Survival of Representations and Warranties. (f) Successors and Assigns. This Agreement shall be binding upon the permitted successors and assigns of the Issuer and each Guarantor and shall inure to the benefit of the Secured Party and its permitted successors and assigns; provided that neither the Issuer nor any Guarantor may assign, transfer or delegate any of its rights or obligations under this Agreement without the prior written consent of the Secured Party (and any attempted assignment or transfer by the Issuer or any Guarantor without such consent shall be null and void).

(j) Severability. Any provision of this Agreement that is held to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating or rendering unenforceable the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. If any provision of this Agreement shall be held invalid or unenforceable (in whole or in part) as against any one or more of the Guarantors, then this Agreement shall continue to be enforceable against all other Guarantors and the Issuer, as applicable, without regard to any such invalidity or unenforceability.

(l) Integration. This Agreement and the other Secured Note Documents represent the entire agreement of the Issuer, the Guarantor and the Secured Party with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Secured Party relative to the subject matter hereof not expressly set forth or referred to herein or in the other Secured Note Documents. Each Issuer Party hereby irrevocably and unconditionally:

(i) submits for itself and its property in any such legal action or proceeding relating to this Agreement and the other Secured Note Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non exclusive jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof;

(ii) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(iii) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Issuer at its address set forth in Section 6(b) hereof or at such other address of which the Secured Party shall have been notified pursuant thereto; and

(iv) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive or consequential damages.

(p) Waiver of Jury Trial. **THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT OR ANY OTHER SECURED NOTE DOCUMENT AND FOR ANY COUNTERCLAIM THEREIN.**

other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Pledgor has agreed to pledge and grant a security interest in the Collateral (as defined herein) in which such Pledgor has rights, title and interests in and to, as security for the Note; and

WHEREAS, it is a condition precedent to the issuance of the Note under the Secured Note Agreement that the Pledgors shall have executed and delivered this Agreement to the Pledgee.

NOW, THEREFORE, for good and valuable consideration, receipt of which by the parties hereto is hereby acknowledged, the parties hereto hereby agree as follows:

2.1 Pledge. As collateral security for the prompt satisfaction and performance of the Obligations when due (whether at the stated maturity, by acceleration or otherwise), each Pledgor hereby: (i) pledges, collaterally assigns and hypothecates to the Pledgee and hereby grants to the Pledgee for the benefit of the Pledgee and its assigns a first priority security interest in all of the Collateral now or from time to time, which such Pledgor now has or at any time in the future may acquire any right, title or interest in; (ii) pledges and deposits as security with the Pledgee the Pledged Equity Interests of the related Issuing Entities owned by such Pledgor on the date hereof and delivers to the Pledgee, any certificates therefor or instruments thereof, accompanied by such other instruments of transfer as are reasonably acceptable to the Pledgee; and (iii) collaterally assigns, transfers, hypothecates, mortgages, charges and sets over to the Pledgee all of such Pledgor’s right, title and interest in and to the Pledged Equity Interests of the related Issuing Entities (and in and to the certificates or instruments evidencing such Pledged Equity Interests of the related Issuing Entities) to be held by the Pledgee, upon the terms and conditions set forth in this Agreement.

2.2 Subsequently Acquired Capital Stock. If, at any time or from time to time after the date hereof, a Pledgor acquires (by purchase, stock dividend or otherwise) any additional Capital Stock (other than any such Capital Stock constituting Excluded Collateral) of the related Issuing Entities or, if any Capital Stock constituting Excluded Collateral ceases to be Excluded Collateral, such Pledgor hereby automatically pledges and shall forthwith deposit such Capital Stock of the related Issuing Entities (including any certificates or instruments representing such Capital Stock of the related Issuing Entities) as security with the Pledgee, together with related stock powers duly executed in blank by such Pledgor authorizing Pledgee to transfer ownership of any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement to a third party in accordance with the terms of this Agreement.

2.3 Delivery of Share Certificates and Powers of Attorney. Simultaneously with the delivery of this Agreement, each Pledgor is delivering to the Pledgee, all certificated securities (including, without limitation, stock certificates) representing the Pledged Equity Interests, together with related stock powers duly executed in blank by the relevant Pledgor authorizing Pledgee to transfer ownership of such Pledged Equity Interests to a third party in accordance with the terms of this Agreement. Each Pledgor shall promptly deliver to the Pledgee, or cause the Issuer or any Issuing Entity to deliver directly to the Pledgee, (i) share certificates or other instruments representing any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement and (ii) related stock powers duly executed in blank by such Pledgor authorizing Pledgee to transfer ownership of any Pledged Equity Interests acquired or received by such Pledgor after the date of this Agreement to a third party in accordance with the terms of this Agreement. For so long as the \$7,042,882,605 loan made by The United States Department of the Treasury ("Treasury") to the Issuer pursuant to that certain \$7,042,882,605 Secured Credit Agreement, dated as of the date hereof among the Issuer, the Guarantors party thereto and Treasury (the "Secured Credit Agreement") is still outstanding delivery of the certificated securities representing the Pledged Equity Interests by the Pledgor to Treasury shall satisfy any delivery requirements in the relevant provisions of Sections 2.1, 2.2 and this Section 2.3. 2.4 Uncertificated Securities. Notwithstanding anything to the contrary contained in Sections 2.1 and 2.2, if any Pledged Equity Interests are uncertificated securities, the respective Pledgor hereby notifies the Pledgee thereof in Annex A hereof, and hereby covenants that it shall take all actions reasonably required by the Noteholder to perfect the security interest of the Pledgee in such uncertificated Pledged Equity Interests under Applicable Law. Each Pledgor further agrees to take such actions as the Pledgee deems reasonably necessary to effect the foregoing and to permit the Pledgee to exercise any of its rights and remedies hereunder and under applicable law.

SECTION 3

APPOINTMENT OF SUB-AGENTS; ENDORSEMENTS, ETC.

The Pledgee shall have the right to appoint one or more sub-agents for the purpose of retaining physical possession of any certificated Pledged Equity Interests, which may be held (in the discretion of the Pledgee) in the name of the relevant Pledgor, endorsed or assigned in blank or, if an Event of Default shall have occurred and be continuing, in the name of the Pledgee or any nominee or nominees of the Pledgee or a sub-agent appointed by the Pledgee; provided that, prior to any transfer resulting from the Noteholder's exercise of remedies under this Agreement, the Pledgee shall remain primarily liable for any and all actions and inactions of any such sub-agent or nominee of the Pledgee.

SECTION 4

VOTING, ETC. PRIOR TO AN EVENT OF DEFAULT

Unless and until an Event of Default shall have occurred and be continuing, each Pledgor shall be entitled to exercise all voting rights attaching to any and all Pledged Equity Interests owned by it, and to give consents, waivers or ratifications in respect thereof, provided that no vote shall be cast or any consent, waiver or ratification given or any action taken which would violate, result in a breach of any covenant contained in, or be materially inconsistent with, any of the terms of this Agreement, the Secured Note Agreement or any other Secured Note Document or that would have the effect of materially impairing the value of the Collateral or any part thereof or the position or interests of the Pledgee therein. All such rights of a Pledgor to vote and to give consents, waivers and ratifications shall cease in case an Event of Default shall occur and be continuing and Section 9 hereof shall become applicable; provided that, the Pledgee shall have the right from time to time during the continuance of an Event of Default to permit such Pledgor to exercise such rights. After all Events of Default have been cured or waived, each Pledgor will have the right to exercise the voting and consensual rights and powers that it would otherwise be entitled to exercise pursuant to the terms of this Section 4.

SECTION 5

DIVIDENDS AND OTHER DISTRIBUTIONS

Unless and until an Event of Default shall have occurred and be continuing, all cash dividends, interest and principal or other amounts payable in respect of the Pledged Equity Interests shall be paid to the Pledgors in accordance with the related certificate of incorporation, by-laws, certificate of formation, or operating agreement (or equivalent thereof), as the case may be. On and after the date on which an Event of Default shall have occurred and be continuing, all such amounts shall be paid to and shall constitute Collateral of the Pledgee under the Secured Note Documents. All dividends, distributions or other payments which are received by a Pledgor contrary to the provisions of this Section 5 or Section 9 shall be received in trust for the benefit of the Pledgee, shall be segregated from other property or funds of such Pledgor and shall be forthwith paid over to the Pledgee for the benefit of the Pledgee as collateral for the Obligations in the same form as so received (with any necessary endorsement).

SECTION 6

REPRESENTATION AND WARRANTIES OF THE PLEDGOR

6.1 Representations and Warranties. Each Pledgor represents, warrants and covenants that:

(a) it is the sole owner of the Pledged Equity Interests pledged by it hereunder, free and clear of all claims, mortgages, pledges, Liens, security interests and other encumbrances of any nature whatsoever (and no right or option to acquire the same exists in favor of any other person or entity), except for the assignment, pledge and security interest in favor of the Pledgee created or provided for herein or under any other Secured Note Document and Permitted Liens, and (except to the Pledgee hereunder) such Pledgor agrees that, except as permitted by the Secured Note Agreement, it will not encumber or grant any Lien in or with respect to the Pledged Equity Interest or permit any of the foregoing;

(b) except in connection with the Permitted Liens, no options, warrants or other agreements with respect to the Collateral owned by such Pledgor are outstanding;

(c) except for Excluded Collateral, the Pledged Equity Interests pledged by such Pledgor hereunder, represent all of the shares of Capital Stock of the Issuing Entities owned by such Pledgor;

(d) to the knowledge of such Pledgor, all of the Pledged Equity Interests owned by it have been duly and validly issued, are fully paid and non-assessable; and

(e) the pledge and collateral assignment to the Pledgee of the Pledged Equity Interests by such Pledgor pursuant to this Agreement, together with the delivery in the State of New York by such Pledgor to the Pledgee or the Treasury (in accordance with Section 2.3) of all certificated Pledged Equity Interests together with related stock powers with respect thereto in blank, and the filing of New York UCC financing statements in the applicable filing jurisdiction set forth on Annex A, will create a valid and perfected first priority Lien in the Collateral, and the proceeds thereof, subject to no other Lien or to any agreement purporting to grant to any third party a Lien on the property or assets of such Pledgor which would include the Collateral other than a Permitted Lien allowable under the Secured Note Agreement.

SECTION 7

FURTHER ASSURANCES; POWER-OF-ATTORNEY

7.1 Further Assurances. Each Pledgor agrees that it will cooperate with the Pledgee in filing and refiling under the New York UCC such financing statements, continuation

statements and other documents in such filing offices in any Uniform Commercial Code jurisdiction as may reasonably be necessary or advisable and wherever required or advisable by law in order to perfect and preserve the Pledgee's first priority security interest in the Collateral hereunder and hereby authorizes the Pledgee to file financing statements and amendments thereto relative to all or any part of the Collateral, and agrees to do such further acts and things and to execute and deliver to the Pledgee such additional conveyances, assignments, agreements and instruments as the Pledgee may reasonably require or reasonably deem advisable to carry into effect the purposes of this Agreement or to further assure and confirm unto the Pledgee its rights, powers and remedies hereunder or thereunder. Each Pledgor authorizes the Pledgee to use the collateral description "all personal property" or words of similar effect in any such financing statements.

7.2 Power-of-Attorney. Each Pledgor hereby constitutes and irrevocably appoints the Pledgee as its true and lawful attorney-in-fact, with full authority in the place and stead of such Pledgor and in the name of such Pledgor or otherwise, at any time and from time to time after an Event of Default shall have occurred and be continuing, to (i) affix to any documents representing the Collateral, the stock powers delivered with respect thereto, (ii) transfer or cause the transfer of the Collateral, or any part thereof, on the books of the Issuing Entity, to the name of the Pledgee or any nominee, (iii) exercise with respect to such Collateral, all the rights, powers and remedies of an owner, and (iv) take any action and execute any instrument which the Pledgee may deem necessary or advisable to accomplish the purposes of this Agreement, which such Pledgor is required to do hereunder but has failed to do within the required time frames hereunder. The power of attorney granted pursuant to this Section 7.2 and all authority hereby conferred are granted and conferred solely to protect the Pledgee's interest in the Collateral and shall not impose any duty upon the Pledgee to exercise any power. This power of attorney shall be irrevocable as one coupled with an interest until the Obligations are paid in full and the Secured Note Documents have been terminated.

SECTION 8

TRANSFER BY THE PLEDGOR

No Pledgor will sell or otherwise dispose of, grant any Lien or option with respect to, or mortgage, pledge or otherwise encumber any of the Collateral except in accordance with the terms of this Agreement and the Secured Note Documents or as may otherwise be agreed to in writing by the Pledgee.

SECTION 9

REMEDIES; PRIVATE SALE

9.1 Remedies. During the period during which an Event of Default is continuing:

(a) the Pledgee shall have all of the rights and remedies with respect to the Collateral of a secured party under the New York UCC and such additional rights and

remedies to which a secured party is entitled under the laws in effect in any jurisdiction where any rights and remedies hereunder may be asserted (including, without limitation, the right, to the maximum extent permitted by law, to exercise all voting, consensual and other powers of ownership pertaining to the Collateral as if the Pledgee was the sole and absolute owner thereof (and the Pledgors agree to take all such action as may be appropriate to give effect to such right));

(b) the Pledgee may make any reasonable compromise or settlement deemed desirable with respect to any of the Collateral and may extend the time of payment, arrange for payment in installments, or otherwise modify the terms of, any of the Collateral;

(c) the Pledgee may, in its name or in the name of related Pledgor or otherwise, demand, sue for, collect or receive any money or property at any time payable or receivable on account of, or in exchange for, any of the Collateral, but shall be under no obligation to do so;

(d) the Pledgee may, with respect to the Collateral or any part thereof which shall then be or shall thereafter come into the possession, custody or control of the Pledgee or any of its agents, sell, lease, assign or otherwise dispose of all or any part of such Collateral, at such place or places as the Pledgee deems best, and for cash or for credit or for future delivery (without thereby assuming any credit risk), at public or private sale, without demand of performance or notice of intention to effect any such disposition or of the time or place thereof (except such notice as is required above or by applicable statute and cannot be waived), and any Person may be the purchaser, lessee, assignee or recipient of any or all of the Collateral so disposed of at any public sale (or, to the extent permitted by Applicable Law, at any private sale) and thereafter hold the same absolutely free from any claim or right of whatsoever kind, including any right or equity of redemption (statutory or otherwise), of any Pledgor, any such demand, notice and right or equity being hereby expressly waived and released. The Pledgee may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for the sale, and such sale may be made at any time or place to which the sale may be so adjourned;

(e) the Pledgee shall have the right to receive any and all cash dividends, payments or other Proceeds paid in respect of the Collateral and make application thereof to the Obligations in such order as the Pledgee shall elect; and

(f) any or all of the Collateral may be registered in the name of the Pledgee or its nominee, and the Pledgee or its nominee may thereafter exercise, (A) all voting, corporate or other organizational and other rights pertaining to such Collateral at any meeting of shareholders or other equity holders of the relevant Issuing Entities or otherwise and (B) any and all rights of conversion, exchange and subscription and any other rights, privileges or options pertaining to such Collateral as if it were the absolute owner thereof (including, without limitation, the right to exchange at its discretion any and all of the Collateral upon the merger, consolidation, reorganization, recapitalization or other fundamental change in the corporate or other organizational structure of any

Issuing Entity, or upon the exercise by any Pledgor or the Pledgee of any right, privilege or option pertaining to such Collateral, and in connection therewith, the right to deposit and deliver any and all of the Collateral with any committee, depository, transfer agent, registrar or other designated agency upon such terms and conditions as the Noteholder may determine), all without liability except to account for property actually received by it, but the Noteholder shall have no duty to any Pledgor to exercise any such right, privilege or option and shall not be responsible for any failure to do so or delay in so doing.

The Pledgors recognize that, by reason of certain prohibitions contained in the Securities Act of 1933, as amended (the “Securities Act”), and applicable state securities laws (to the extent not preempted), the Pledgee may be compelled, with respect to any sale of all or any part of the Collateral which constitutes a “security” under the Securities Act, to limit purchasers to those who will agree, among other things, to acquire such Collateral for their own account, for investment and not with a view to the distribution or resale thereof. The Pledgors acknowledge that any such private sale may be at prices and on terms less favorable to the Pledgee than those obtainable through a public sale without such restrictions, and, notwithstanding such circumstances, agrees that any such private sale shall be deemed to have been made in a commercially reasonable manner and that the Pledgee shall not have any obligation to engage in public sales and no obligation to delay the sale of any such Collateral for the period of time necessary to permit the respective issuer thereof to register it for public sale.

9.2 Registration Rights. If the Pledgee shall determine to exercise its right to sell any or all of the Collateral pursuant to Section 9 at any time when an Event of Default has occurred and is continuing, and if in the opinion of the Pledgee it is necessary or advisable to have the Collateral, or that portion thereof to be sold, registered under the provisions of the Securities Act, the relevant Pledgor will use commercially reasonable efforts to cause the Issuing Entity thereof to (i) execute and deliver, and cause the directors and officers of such Issuing Entity to execute and deliver, all such instruments and documents, and do or cause to be done all such other acts as may be, in the opinion of the Pledgee, necessary or advisable to register the Collateral, or that portion thereof to be sold, under the provisions of the Securities Act, (ii) use its commercially reasonable efforts to cause the registration statement relating thereto to become effective and to remain effective for a period of two years from the date of the first public offering of the Collateral, or that portion thereof to be sold, and (iii) use commercially reasonable efforts to make all amendments thereto and/or to the related prospectus which, in the opinion of the Pledgee, are necessary, all in conformity with the requirements of the Securities Act and the rules and regulations of the Securities and Exchange Commission applicable thereto. Each Pledgor agrees to cause such Issuing Entity to comply with the provisions of the securities or “Blue Sky” laws of any and all jurisdictions which the Pledgee shall designate and to make available to its security holders, as soon as practicable, an earnings statement (which need not be audited) that will satisfy the provisions of Section 11(a) of the Securities Act.

9.3 Private Sale. The Pledgee shall not incur any liability as a result of the sale of the Collateral, or any part thereof, at any private sale pursuant to Section 9.1 of this Agreement conducted in good faith. Each Pledgor hereby waives any claims against the Pledgee by reason of the fact that the price at which the Collateral may have been sold at such a private sale was less than the price which might have been obtained at a public sale or was less than the aggregate amount of any obligations.

9.4 Cooperation. Each Pledgor agrees to use commercially reasonable efforts to do or cause to be done all such other acts as may be necessary to make such sale or sales of all or any portion of the Collateral pursuant to this Section 9 valid and binding and in compliance with any and all other Applicable Law. Each Pledgor further agrees that a breach of any of the covenants contained in this Section 9 will cause irreparable injury to the Pledgee, that the Pledgee has no adequate remedy at law in respect of such breach and, as a consequence, that each and every covenant contained in this Section 9 shall be specifically enforceable against such Pledgor, and such Pledgor hereby waives and agrees (to the extent not prohibited by Applicable Law) not to assert any defenses against an action for specific performance of such covenants except for a defense that no Event of Default has occurred.

9.5 Deficiency. Each Pledgor shall remain liable for any deficiency if the proceeds of any sale or other disposition of the Collateral are insufficient to pay its Obligations and the reasonable fees and disbursements of any attorneys employed by the Pledgee to collect such deficiency.

9.6 Revocation of Existing Proxies. Without limitation to Section 9.1 and subject to restrictions in the documents governing the Permitted Liens, each Pledgor hereby revokes all previous proxies with regard to the Collateral and appoints the Pledgee as its proxy holder to attend and vote at any and all meetings of the shareholders (or other equity holders, as applicable) of the Issuing Entities, and any adjournments thereof, held on or after the date of the giving of this proxy and prior to the termination of this proxy and to execute any and all written consents of shareholders (or other equity holders, as applicable) of such Issuing Entities executed on or after the date of the giving of this proxy and prior to the termination of this proxy, with the same effect as if such Pledgor had personally attended the meetings or had personally voted the Collateral or had personally signed the written consents; provided, however, that the proxy holder shall have rights hereunder only upon the occurrence and during the continuance of an Event of Default. Each Pledgor hereby authorizes the Pledgee to substitute another Person as the proxy holder and, upon the occurrence or during the continuance of an Event of Default, hereby authorizes and directs the proxy holder to file this proxy and the substitution instrument with the secretary or other appropriate officer of the appropriate Issuing Entity. This proxy is coupled with an interest and is irrevocable until the Obligations have been paid in full and the Secured Note has been terminated.

9.7 No Duty to Others. It shall not be necessary for any Pledgee (and the Pledgor hereby waives any right which the Pledgor may have to require any Pledgee), in order to enforce the obligations of the Pledgor hereunder, first to (i) institute suit or exhaust its remedies against the Pledgor or others liable on the Note or the Obligations or any other person, (ii) enforce any Pledgee's rights against any collateral which shall ever have been given to secure the Note, (iii) enforce any Pledgee's rights against any other guarantors of the Obligations, (iv) join the Pledgor or any others liable on the Obligations in any action seeking to enforce this Agreement, (v) exhaust any remedies available to the Pledgee against any collateral which shall ever have been given to secure the Note, or (vi) resort to any other means of obtaining payment of the Obligations. The Pledgee shall not be required to mitigate damages or take any other action to reduce, collect or enforce the Obligations.

SECTION 10
COVENANTS OF THE PLEDGOR

10.1 Maintenance of Perfected Security Interest. Each Pledgor covenants and agrees that subject to the right, title and interest of holders of Permitted Liens, it will take all reasonable steps to defend the right, title and interest of the Pledgee in and to the Collateral and the Proceeds thereof against the claims and demands of all persons whomsoever; and each Pledgor covenants and agrees that it will have like title to and right to pledge any other property at any time hereafter pledged to the Pledgee as Collateral hereunder and will likewise take all reasonable steps to defend its rights thereto and interests therein.

10.2 No Other Liens. Each Pledgor covenants and agrees that it shall not (i) create, incur, assume or permit to exist any Lien or encumbrance on the Collateral (other than the Lien granted hereunder and Permitted Liens) and (ii) take any action which would have the effect of materially impairing the position or interests of the Pledgee hereunder except to the extent not prohibited by this Agreement.

No Pledgor will, nor will it permit any of the related Issuing Entities (for so long as all or a portion of its related Capital Stock constitutes Collateral hereunder) to, without the prior written consent of the Pledgee, (i) enter into or permit to exist any arrangement or agreement (excluding the Secured Note Agreement and the other Secured Note Documents) which directly or indirectly prohibits such Pledgor or any of the related Issuing Entities from creating, assuming or incurring any Lien upon such Pledgor's properties, revenues or assets whether now owned or hereafter acquired other than as permitted in the Secured Note Agreement, (ii) permit any Lien to exist on any of the Capital Stock of the related Issuing Entities (other than the Lien granted to the Pledgee hereunder and Permitted Liens), (iii) sell, transfer or otherwise dispose of any of the Capital Stock with respect to the Issuing Entities, regardless of whether such Capital Stock constitutes Collateral hereunder, other than in a transaction permitted under the Secured Note Agreement or (iv) except as otherwise permitted in the Secured Note Agreement, enter into any agreement, contract or arrangement (excluding the Secured Note Agreement and the other Secured Note Documents) restricting the ability of any Issuing Entity to pay or make dividends or distributions in cash or kind to the Pledgor or the Pledgee (to the extent the Pledgee is entitled hereunder to receive the payment of same), to make loans, advances or other payments of whatsoever nature to the Pledgor, or to make transfers or distributions of all or any part of its assets to the Pledgor or any Person owning or holding the Capital Stock with respect to such Issuing Entity; in each case other than (x) customary anti-assignment provisions contained in leases, permits, licensing agreements and other contracts entered into by the Pledgor or such Issuing Entity in the ordinary course of its business, (y) restrictions and conditions imposed by any laws, rules or regulations of any Governmental Authority, and (z) restrictions and conditions arising under the Secured Note Agreement and the other Secured Note Documents.

10.3 Restrictions on Voting and Transfers. Except as otherwise permitted under the Secured Note Agreement, without the prior written consent of the Pledgee, each Pledgor covenants and agrees that it will not (i) vote to enable, or take any other action to permit, any Issuing Entity to issue any stock or other equity securities or interests of any nature or to issue any other securities convertible into or granting the right to purchase or exchange for any stock or other equity securities or interests of any Issuing Entity or (ii) sell, assign, transfer, exchange or otherwise dispose of, or grant any option with respect to, the Pledged Equity Interests.

10.4 Books and Records. Each Pledgor covenants and agrees that it will cause its pledge hereunder to be noted conspicuously on its books and records.

10.5 Investment Property. Except as indicated on Annex A hereto with respect to each Issuing Entity that is a partnership or a limited liability company (i) each Pledgor confirms that none of the terms of any Capital Stock issued by the applicable Issuing Entity provides that such Capital Stock is a “security” within the meaning of Sections 8-102 and 8-103 of the New York UCC (a “Security”), (ii) each Pledgor agrees that it will not take and will cause the Issuing Entity not to take any action to cause or permit any such Capital Stock to become a Security, (iii) each Pledgor agrees that it will not permit the applicable Issuing Entity to issue any certificate representing any such Capital Stock and (iv) Pledgor agrees that if, notwithstanding the foregoing, any such Capital Stock shall be or become a Security, such Pledgor will (and will instruct such Issuing Entity to) comply with instructions originated by the Pledgee without further consent by such Pledgor. Each Pledgor covenants and agrees that those Pledged Equity Interests that are noted as uncertificated on Annex A hereto (the “Uncertificated Pledged Equity Interests”) are “general intangibles” under Article 9 of the New York UCC, and are not “securities” for purposes of Article 8 of the New York UCC or “investment property” for purposes of Article 9 of the New York UCC, and that it will not modify any organizational, operating or other agreements to permit such Capital Stock to be governed by Article 8 of the New York UCC without the prior written consent of the Pledgee.

SECTION 11

PLEDGOR’S OBLIGATIONS ABSOLUTE, ETC.

Subject to Section 16, the obligations of each Pledgor under this Agreement shall be absolute and unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstance or occurrence whatsoever, including, without limitation:

- (a) any renewal, extension, amendment or modification of, or addition or supplement to or deletion from any of the Secured Note Documents, or any other instrument or agreement referred to therein, or any assignment or transfer of any thereof;
- (b) any waiver, consent, extension, indulgence or other action or inaction under or in respect of any such agreement or instrument or this Agreement;

(c) any furnishing of any additional security to Pledgee or its assignee or any acceptance thereof or any release of any security by Pledgee or its assignee;

(d) any limitation on any party's liability or obligations under any such instrument or agreement or any invalidity or unenforceability, in whole or in part, of any such instrument or agreement or any term thereof;

(e) any bankruptcy, insolvency, reorganization, composition, adjustment, dissolution, liquidation or other like proceeding relating to such Pledgor or any Affiliate of such Pledgor, or any action taken with respect to this Agreement by any trustee or receiver, or by any court, in any such proceeding, whether or not such Pledgor shall have notice or knowledge of any of the foregoing; or

(f) any other circumstance which might otherwise constitute a defense available to, or a discharge of, the Pledgors in respect of its obligations hereunder or the Pledgors in respect of this Agreement or otherwise.

SECTION 12 NOTICES, ETC.

Except as otherwise expressly permitted by this Agreement, all notices, requests and other communications provided for herein and under the other Secured Note Documents (including, without limitation, any modifications of, or waivers, requests or consents under, this Agreement) shall be given or made in writing (including, without limitation, by telecopy or Electronic Transmission) delivered to the intended recipient at the "Address for Notices" specified (i) on the signatures pages hereof, beneath each party's name or (ii) in Section 8.2 of the Secured Note Agreement or; (iii) as to any party, at such other address as shall be designated by such party in a written notice to each other party.

SECTION 13 WAIVER; AMENDMENT

None of the terms or provisions of this Agreement may be waived, amended, supplemented or otherwise modified except in accordance with Section 8.1 of the Secured Note Agreement.

SECTION 14 GOVERNING LAW

THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

SECTION 15

SUBMISSION TO JURISDICTION; WAIVERS.

15.1 Submission to Jurisdiction. All judicial proceedings brought against any Pledgor arising out of or relating to this Agreement or any other Secured Note Document, or any Obligations hereunder and thereunder, may be brought in the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof. Each Issuer Party hereby irrevocably and unconditionally:

(a) submits for itself and its property in any such legal action or proceeding relating to this Agreement and the other Secured Note Documents to which it is a party, or for recognition and enforcement of any judgment in respect thereof, to the non exclusive jurisdiction of the courts of the State of New York, the courts of the United States of America for the Southern District of New York, and appellate courts from any thereof;

(b) consents that any such action or proceeding may be brought in such courts and waives any objection that it may now or hereafter have to the venue of any such action or proceeding in any such court or that such action or proceeding was brought in an inconvenient court and agrees not to plead or claim the same;

(c) agrees that service of process in any such action or proceeding may be effected by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, to the Issuer at its address set forth in Section 12 or at such other address of which the Noteholder shall have been notified pursuant thereto; and

(d) waives, to the maximum extent not prohibited by law, any right it may have to claim or recover in any legal action or proceeding referred to in this Section any special, exemplary, punitive or consequential damages.

15.2 Waiver of Jury Trial. **THE PARTIES HERETO HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVE TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT AND FOR ANY COUNTERCLAIM THEREIN.**

SECTION 16

CONTINUING SECURITY INTEREST; RELEASE

(a) This Agreement shall create a continuing security interest in the Collateral and shall (i) remain in full force and effect until the Obligations have matured and have been paid and satisfied in full, (ii) be binding upon and inure to the benefit of the Pledgors, each of the Pledgors' executors, administrators, successors and assigns, and (iii) inure to the benefit of and be binding upon the Pledgee and its successors, transferees and assigns. Upon the payment and satisfaction in full of the Obligations, each Pledgor shall be entitled to the return, upon its request

and at its expense, of such of the Collateral as shall not have been sold or otherwise applied pursuant to the terms hereof.

(b) Upon termination of the Secured Note Agreement and repayment to the Noteholder of all Obligations and the performance of all obligations under the Secured Note Documents, the Pledgee shall release its security interest in any remaining Collateral; provided that if any payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the Pledgee upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of the Issuer, or upon or as a result of the appointment of a receiver, intervenor or conservator of, or a trustee or similar officer for the Issuer or any substantial part of its Property, or otherwise, this Agreement, all rights hereunder and the Liens created hereby shall continue to be effective, or be reinstated, until such payments have been made.

(c) The Noteholder shall, in connection with any Disposition of any Collateral permitted under the Secured Note Agreement, release from the Lien created hereby on such Collateral the portion of the Collateral Disposed of, upon any applicable Issuer Parties' satisfaction of the applicable conditions set forth in the Secured Note Agreement. In connection therewith, the Noteholder, at the request and sole cost and expense of the Pledgor, shall execute and deliver to the Pledgor all releases or other documents including, without limitation, UCC termination statements, reasonably necessary for the release of the Lien created hereby on such Collateral. For the avoidance of doubt, the Lien of the Noteholder on the Collateral shall not be released in connection with the Disposition of Collateral between and among the Pledgors and the other Issuer Parties.

SECTION 17

MISCELLANEOUS

17.1 No Waiver; Cumulative Remedies. No failure to exercise and no delay in exercising, on the part of the Noteholder, any right, remedy, power or privilege hereunder or under the other Secured Note Documents shall operate as a waiver thereof; nor shall any single or partial exercise of any right, remedy, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by law.

17.2 Survival of Representations and Warranties. All representations and warranties made hereunder, in the other Secured Note Documents and in any document, certificate or statement delivered pursuant hereto or in connection herewith shall survive the execution and delivery of this Agreement and the issuance of the Note and other extensions of credit hereunder.

17.3 Payment of Expenses. Each Pledgor hereby agrees to pay on demand by the Noteholder any and all reasonable out-of-pocket costs, fees and expenses (including, without limitation, reasonable legal fees and expenses) incurred by the Noteholder or its agents, representatives, advisors in enforcing any of its rights or remedies under this Agreement, in each case in accordance with Section 8.5 of the Secured Note Agreement.

17.4 Successors and Assigns. This Agreement shall be binding upon the permitted successors and assigns of the each Pledgor and shall inure to the benefit of the Pledgee and its permitted successors and assigns; provided that no Pledgor may assign, transfer or delegate any of its rights or obligations under this Agreement without the prior written consent of the Noteholder (and any attempted assignment or transfer by any Pledgor without such consent shall be null and void).

17.5 Counterparts. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart hereof. A set of the copies of this Agreement signed by all the parties shall be lodged with the Issuer and the Noteholder.

17.6 Severability. Any provision of this Agreement that is held to be prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating or rendering unenforceable the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

17.7 Integration. This Agreement and the other Secured Note Documents represent the entire agreement of the Pledgors and the Pledgee with respect to the subject matter hereof and thereof, and there are no promises, undertakings, representations or warranties by the Noteholder relative to the subject matter hereof not expressly set forth or referred to herein or in the other Secured Note Documents.

17.8 Headings, etc. The headings and captions of various paragraphs of this Agreement are for convenience of reference only and are not to be construed as defining or limiting, in any way, the scope or intent of the provisions hereof.

17.9 Additional Pledgors. Each Subsidiary of the Issuer that is required to become, or that the Issuer desires to become, a party to this Agreement pursuant to Section 5.23 of the Secured Note Agreement shall become a Pledgor for all purposes of this Agreement upon execution and delivery by such Subsidiary of a Joinder Agreement in the form of Annex C hereto.

SECTION 18
JOINT AND SEVERAL LIABILITY

Each Pledgor hereby acknowledges and agrees that the Pledgors are jointly and severally liable to the Noteholder for all representations, warranties, covenants, obligations and liabilities of each Pledgor hereunder and under the Secured Note Documents. Each Pledgor hereby further acknowledges and agrees that (a) any Event of Default or any default, or breach of a representation, warranty or covenant by any Pledgor hereunder or under any Secured Note Document is hereby considered a default or breach by each Pledgor, as applicable, and (b) the Noteholder shall have no obligation to proceed against one Pledgor before proceeding against the other Pledgors. Each Pledgor hereby waives any defense to its obligations under this Agreement based upon or arising out of the disability or other defense or cessation of liability of one Pledgor versus the other. A Pledgor's subrogation claim arising from payments to the Noteholder shall constitute a capital investment in the other Pledgor subordinated to any claims of the Noteholder and equal to a ratable share of the Capital Stock in such Pledgor.

SECTION 19
ENFORCEMENT EXPENSES; INDEMNIFICATION

19.1 Enforcement Expenses. Each Pledgor agrees to pay or reimburse the Noteholder for all its costs and expenses incurred in collecting against the Pledgor or enforcing or preserving any rights under this Agreement, including, without limitation, the fees and disbursements of counsel to the Noteholder, in each case in accordance with Section 8.5 of the Secured Note Agreement.

19.2 Indemnification. The Pledgor agrees to pay, and to save the Noteholder harmless from, any and all liabilities with respect to, or resulting from any delay in paying, any and all stamp, excise, sales or other taxes which may be payable or determined to be payable with respect to any of its Collateral or in connection with any of the transactions contemplated by this Agreement, in each case in accordance with Sections 2.12 and 8.5 of the Secured Note Agreement. The Pledgor agrees to pay, and to save the Noteholder harmless from, any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever with respect to the execution, delivery, enforcement, performance and administration of this Agreement.

19.3 Survival of Agreements. The agreements in this Section 19 shall survive repayment of the Obligations and all other amounts payable under the Note.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

adjustments contemplated thereby, if a Recipient shall have received an amount in excess of the maximum permitted by Applicable Law or that section of the *Criminal Code* (Canada), the Borrower shall be entitled, by notice in writing to such Recipient, to obtain reimbursement from such Recipient in an amount equal to such excess and, pending such reimbursement, such amount shall be deemed to be an amount payable by such Recipient to Borrower. Any amount or rate of interest referred to in this Section 2.05(g) shall be determined in accordance with generally accepted actuarial practices and principles as an effective annual rate of interest over the term that the loan remains outstanding on the assumption that any charges, fees or expenses that fall within the meaning of “interest” (as defined in the *Criminal Code* (Canada)) shall, if they relate to a specific period of time, be pro-rated over that period of time and otherwise be pro-rated over the period from date of this Loan Agreement to the Maturity Date and, in the event of a dispute, a certificate of a Fellow of the Canadian Institute of Actuaries appointed by the Lender shall be conclusive for the purposes of such determination.

2.06 **Optional Prepayments.**

(a) The Loan is prepayable without premium or penalty, in whole or in part at any time, in accordance herewith and subject to clause (b) below. Amounts repaid may not be reborrowed. If the Borrower intends to prepay the Loan in whole or in part from any source, the Borrower shall give five (5) Business Days’ prior written notice thereof to the Lender. If such notice is given, the amount specified in such notice shall be due and payable on the date specified therein, together with accrued interest to such date on the amount prepaid. Partial prepayments shall be in an aggregate principal amount of at least CDN\$20,000,000 and in integral multiples of CDN\$20,000,000 thereafter.

(b) In connection with each prepayment, other than on an Interest Payment Date, the Borrower shall indemnify the Lender and hold the Lender harmless from any actual loss or expense which the Lender may sustain or incur arising from (i) the re-employment of funds obtained by the Lender to maintain the Loan hereunder or (ii) fees payable to terminate the deposits from which such funds were obtained, in either case, which actual loss or expense shall be equal to an amount equal to the excess, as reasonably determined by the Lender, of (x) its cost of obtaining funds for the Loan for the period from the date of such payment through the next Interest Payment Date over (y) the amount of interest likely to be realized by the Lender in redeploying the funds not utilized by reason of such payment for such period. This Section 2.06 shall survive termination of this Loan Agreement and payment of the Notes.

(c) Notwithstanding the Borrower’s right to prepay the Loan pursuant to this Section 2.06, in no event will the Lender’s Lien on any of the Facility Collateral be released upon any such prepayment until payment in full of the Loan and the satisfaction of all other Obligations, except as provided in Sections 2.07 or 4.05.

2.07 **Mandatory Prepayments.**

(a) The Borrower shall be obliged to make the following prepayments of the Loan (each a “Mandatory Prepayment”):

(i) If any Additional First Lien Indebtedness or Permitted Unsecured Indebtedness is incurred by any Group Member other than an Excluded Subsidiary, then promptly upon such incurrence (and in any case not more than twenty (20) Business Days

SECOND AMENDED AND RESTATED LOAN AGREEMENT

thereafter), the Loans shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such incurrence, as set forth in Section 2.07(c). If any amount in respect of Attributable Obligations under a Sale/Leaseback Transaction is required to be applied as a prepayment of the Loans pursuant to clause (1) of the definition of “Permitted Indebtedness,” then promptly upon the occurrence of such Sale/Leaseback Transaction (and in any case not more than twenty Business Days thereafter), the Loans shall be prepaid by an amount equal to the Applicable Net Cash Proceeds of such Sale/Leaseback Transaction, as set forth in Section 2.07(c). With respect to any such Indebtedness incurred by a Foreign Subsidiary, the aggregate amount of the Applicable Net Cash Proceeds thereof required to be applied pursuant to Section 2.07(c) to the prepayment of the Loan shall be subject to reduction to the extent that expatriation of such Applicable Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any Group Member, or (iii) would result in the insolvency of the applicable Foreign Subsidiary. The provisions of this Section 2.07(a)(i) do not constitute a consent to the incurrence of any Indebtedness by any Group Member to which consent is otherwise required under this Loan Agreement or the other Loan Documents. Notwithstanding the foregoing, no prepayment shall be required under this Section 2.07(a)(i) if (A) the aggregate principal amount of Indebtedness and any Attributable Obligations incurred by the applicable Group Member on the date of incurrence does not exceed US\$5,000,000, or (B) the Indebtedness was incurred or issued by a Foreign Subsidiary, General Motors China, Inc. or GM APO Holdings LLC solely for the purpose of funding operations outside the United States and Canada.

(ii) If on any date the Borrower or any Subsidiary Guarantor shall receive Net Cash Proceeds from any Asset Sale, Recovery Event or Extraordinary Receipt, then unless a Reinvestment Notice shall be delivered in respect of any Asset Sale or Recovery Event, promptly upon receipt of such Net Cash Proceeds (and in any case not more than twenty (20) Business Days thereafter), the Loan shall be prepaid by an amount equal to the amount of such Net Cash Proceeds, as set forth in Section 2.07(c); provided that, on each Reinvestment Prepayment Date, the Loans shall be prepaid by an amount equal to the Reinvestment Prepayment Amount with respect to the relevant Reinvestment Event, as set forth in Section 2.07(c). With respect to any Net Cash Proceeds realized or received by an applicable Foreign Subsidiary in connection with any Asset Sale, Recovery Event or Extraordinary Receipt, the aggregate amount of such Net Cash Proceeds required to be applied pursuant to this Section 2.07(a)(ii) to the prepayment of the Loan shall be subject to reduction to the extent that expatriation of such Net Cash Proceeds (i) would result in material adverse tax or legal consequences (including, without limitation, violation of Contractual Obligations), (ii) would be reasonably likely to result in adverse personal liability of any director of any applicable Group Member, or (iii) would result in the insolvency of the applicable Foreign Subsidiary. The provisions of this Section 2.07(a)(ii) do not constitute a consent to the consummation of any Disposition not permitted by Section 8.10.

(b) Notwithstanding the foregoing provisions of paragraph (a)(ii) above with respect to Asset Sales resulting from, as applicable, (1) the sale of the Borrower’s interest in any of Hummer, AC Delco, Saab, Saturn or OnStar, or (2) the sale of any of the properties known as the Oshawa Truck Plant, Windsor Transmission Plant, St. Catharines Powertrain Ontario Street Facility, the Queensway Dealership Properties, the Edmonton, Woodstock parts distribution warehouses, Mandatory Prepayment of the Net Cash Proceeds shall not be required to the extent the Lender agrees that such Net Cash Proceeds may be retained by the Borrower for the purpose of implementing a business plan approved by the Lender.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

(c) Amounts to be applied in connection with prepayments made pursuant to Section 2.06 and this Section 2.07 shall be applied, (i) first, to pay accrued and unpaid interest in respect of the Loans and all other Obligations then due and payable other than principal under the Loans, and (ii) second, to repay the Loans. Any such prepayment shall be accompanied by a notice to the Lender specifying the amount of such prepayment.

(d) Notwithstanding anything to the contrary in Section 2.07(c), with respect to the amount of any mandatory prepayment required to be made pursuant to Section 2.07(a)(i) or (ii), as applicable (the "Mandatory Prepayment Amount"), at any time when EDC is a Lender hereunder, the Borrower may, in lieu of applying EDC's Percentage of such amount to the Mandatory Prepayment of the Loan of EDC as provided in Section 2.07(c), on the date specified in Section 2.07(a)(i) or (ii), as applicable (the "Offer Date"), for such Mandatory Prepayment, deliver a written offer to EDC to permit EDC to decline all or a portion of such Mandatory Prepayment; provided that, the Borrower shall pay to each Lender other than EDC such Lender's pro rata share of such Mandatory Prepayment as otherwise required by Section 2.07(a)(i) or (ii), as applicable. If, no later than five (5) Business Days following the Offer Date (the "Mandatory Prepayment Date"), (i) EDC and the Borrower have mutually agreed, EDC may deliver a written notice to reject (an "EDC Rejection Notice") all or a portion of the applicable Mandatory Prepayment Amount (such rejected amount, the "Rejected Prepayment Amount"), in which case the Borrower may retain the Rejected Prepayment Amount, and (ii) otherwise, the Loan of EDC shall be repaid on the Mandatory Prepayment Date, together with all accrued and unpaid interest thereon. For avoidance of doubt, EDC is the sole Lender that may reject a Mandatory Prepayment pursuant to this Section 2.07(d) and such right shall not be available to any other Lender.

(e) If on any date, the Borrower or the US Borrower shall have received a Treasury Rejection Notice or a VEBA Rejection Notice, the Borrower shall at any time when EDC is a Lender hereunder, deliver a written offer to EDC to prepay on the date that is five (5) Business Days after the date of the Treasury Rejection Notice or the VEBA Rejection Notice, as applicable, the Loan held by EDC by an amount equal to the Applicable Rejected Prepayment Amount. EDC may, in its sole discretion, elect to reject all or a portion of such Applicable Rejected Prepayment Amount. Any amounts rejected by EDC following any offer pursuant to this Section 2.07(e) may be retained by the Borrower provided that, the Borrower may not use any portion of any Applicable Rejected Prepayment Amount to make an optional prepayment pursuant to Section 2.06. For the avoidance of doubt, EDC is the sole Lender that shall be offered, and shall have the right to reject, any Applicable Rejected Prepayment Amount.

(f) Notwithstanding anything to the contrary set forth herein, the Borrower shall not be required to make an offer to EDC pursuant to this Section 2.07 in excess of the outstanding principal balance of the EDC's Loans.

(g) Notwithstanding anything to the contrary in the Loan Documents, if, on June 30, 2010 any funds remain on deposit in the Escrow Account (as defined in the US Credit Agreement), the Borrower shall apply an amount equal to 16.102% of such funds to the prepayment of the Loan as set forth in Section 2.07(c), provided that, the Borrower may request that the date on which all or a portion of such funds shall be applied to such prepayment be extended to a date not later than June 30, 2011, which may be consented to by the Treasury in its sole discretion.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

2.08 Requirements of Law.

(a) If any Requirement of Law (other than with respect to any amendment made to the Lender's certificate of incorporation, by laws or other organizational or governing documents) or any change in the interpretation or application thereof or compliance by the Lender with any request or directive (whether or not having the force of law) from any central bank or other Governmental Authority made subsequent to the date hereof:

(i) shall subject the Lender to any tax of any kind whatsoever with respect to this Loan Agreement, the Notes, or the Loan or change the basis of taxation of payments to the Lender in respect thereof (provided that, this clause (i) shall not apply to any withholding taxes or taxes covered by Section 3.03);

(ii) shall impose, modify or hold applicable any reserve, special deposit, compulsory advance or similar requirement or otherwise impose any cost on the Lender in connection with funding or maintaining the Loan or other extensions of credit, which is not otherwise included in the determination of CDOR Rate hereunder;

(iii) shall impose on the Lender any other condition;

(iv) and the result of any of the foregoing is to increase the cost to the Lender, by an amount which the Lender deems to be material, of making, continuing or maintaining the Loan or to reduce any amount receivable hereunder in respect thereof, then, in any such case, the Borrower shall promptly pay the Lender such additional amount or amounts as will compensate the Lender for such increased cost or reduced amount receivable thereafter incurred.

(b) If the Lender shall have determined in its sole discretion that the adoption of or any change in any Requirement of Law (other than with respect to any amendment made to the Lender's certificate of incorporation, by-laws or other organizational or governing documents) regarding capital adequacy or in the interpretation or application thereof or compliance by the Lender or any Person controlling the Lender with any request or directive regarding capital adequacy (whether or not having the force of law) from any Governmental Authority made subsequent to the date hereof shall have the effect of reducing the rate of return on the Lender's or such Person's capital as a consequence of any obligations hereunder to a level below that which the Lender or such Person (taking into consideration the Lender's or such Person's policies with respect to capital adequacy) by an amount deemed by the Lender to be material, then from time to time, the Borrower shall promptly pay to the Lender such additional amount or amounts as will thereafter compensate the Lender for such reduction.

(c) If the Lender becomes entitled to claim any additional amounts pursuant to this subsection, it shall promptly notify the Borrower of the event by reason of which it has become so entitled. A certificate as to any additional amounts payable pursuant to this subsection submitted by the Lender to the Borrower shall be conclusive in the absence of manifest error.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

2.09 **[Reserved]**.

2.10 **Funding Indemnity.** Upon demand of the Lender from time to time, the Borrower shall promptly compensate the Lender for and hold the Lender harmless from any loss, cost or expense incurred by the Lender as a result of any failure by the Borrower to prepay the Loan on the date or in the amount notified by the Borrower, including, any loss of anticipated profits and any loss or expense arising from the liquidation or reemployment of funds obtained by the Lender to maintain the Loan or from fees payable to terminate the deposits from which such funds were obtained. The Lender shall provide the Borrower with a notice setting forth in reasonable detail the basis for the Lender's demand, which shall be conclusive absent manifest error. The Borrower shall pay such amount within ten (10) calendar days after receipt of such notice. This Section 2.10 shall survive the payment in full of the Obligations and the termination of the Loan Documents.

2.11 **Receipt of Payment.** If the Lender receives from or on behalf of any Loan Party any amount under this Loan Agreement or any other Loan Document in a currency other than the currency in which the Obligations are denominated (the "**Obligation Currency**"), including by way of enforcement upon Collateral, the Lender is hereby authorized to, and may, convert such currency into the Obligation Currency for application to the Obligations in accordance with this Loan Agreement. The Obligations shall be satisfied only to the extent of the amount of the Obligation Currency received by the Lender from such conversion of the Obligations and only as of the date on which such conversion is completed. Notwithstanding the foregoing, the Lender has no obligation to accept payment in a currency other than the Obligation Currency.

2.12 **Judgment Currency.** Without limiting and in addition to Section 2.11, if for the purposes of obtaining judgment in any court in any jurisdiction with respect to this Loan Agreement or any other Loan Document to which any Loan Party is party it becomes necessary to convert into the currency of such jurisdiction (herein called the "**Judgment Currency**") any amount due hereunder in any currency other than the Judgment Currency, then conversion shall be made at the rate of exchange prevailing on the Business Day before the day on which judgment is given. For this purpose, "**rate of exchange**" means the average rate at which the Reference Banks would, on the relevant date at or about 12:00 noon (Ottawa, Ontario, Canada time), be prepared to sell a similar amount of such currency in Toronto, Ontario, Canada against the Judgment Currency. In the event that there is a change in the rate of exchange prevailing between the Business Day before the day on which the judgment is given and the date of payment of the amount due, the Loan Party will, on the date of payment, pay such additional amounts (if any) as may be necessary to ensure that the amount paid on such date is the amount in the Judgment Currency which when converted at the rate of exchange prevailing on the date of payment is the amount then due under this Loan Agreement or such other applicable Loan Document in such other currency. Any additional amount due from any Loan Party under this section will be due as a separate debt and shall not be affected by judgment being obtained for any other sums due under or in respect of any of the Loan Documents.

SECTION 3. PAYMENTS; COMPUTATIONS; TAXES.

3.01 **Payments.** Except to the extent otherwise provided herein, all payments of principal, interest and other amounts to be made by the Borrower under the Loan Documents, shall be made in Canadian Dollars, in immediately available funds, without deduction, set-off or counterclaim, to the Lender at the account set forth below not later than 5:00 p.m. (Ottawa,

SECOND AMENDED AND RESTATED LOAN AGREEMENT

Ontario, Canada time), on the date on which such payment shall be due. Any amounts received after such time on any date may, in the discretion of the Lender, be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. If any payment hereunder shall be due on a day that is not a Business Day, the date for payment shall be extended to the next succeeding Business Day, and, in the case of any payment accruing interest, interest thereon shall be payable for the period of such extension. The Borrower acknowledges that it has no rights of withdrawal from the aforementioned account.

All payments should be made to the following account maintained by the Lender:

Indicates that text has been omitted which is the subject of a confidential treatment request. This text is separately filed with the Securities and Exchange Commission.

3.02 **Computations.** Interest on the Loan shall be computed on the basis of a 365 day year for the actual days elapsed (including the first day but excluding the last day) occurring in the period for which payable.

3.03 **Taxes.**

(a) Except as required by Applicable Law, all payments made by the Borrower under this Loan Agreement or any other Loan Document shall be made free and clear of, and without deduction or withholding for or on account of, any present or future taxes, levies, imposts, duties, charges, fees, deductions or withholdings, now or hereafter imposed, levied, collected, withheld or assessed by any Governmental Authority, excluding net or overall gross income taxes or net or overall gross profit taxes, franchise taxes (imposed in lieu of net or overall gross income taxes), capital taxes and branch profit taxes imposed on the Lender as a result of a present or former connection between the Lender and the jurisdiction of the Governmental Authority imposing such tax or any political subdivision or taxing authority thereof or therein (other than any such connection arising solely from the Lender's having executed, delivered or performed its obligations or received a payment under, or enforced, this Loan Agreement or any other Loan Document). If any such non-excluded taxes (such taxes, excluding Excluded Taxes, the "Non-Excluded Taxes") are required to be withheld from any amounts payable by the Borrower to the Lender hereunder, the amounts so payable to the Lender shall be increased so that after making or allowing for all such required withholdings (including withholdings applicable to additional amounts payable under this Section 3.03) the Lender receives an amount equal to the sum it would have received had no such withholdings been required; provided, however, that the Borrower shall not be required to increase any such amounts payable to the Lender with respect to any Non-Excluded Taxes that are (i) attributable to the Lender's failure to comply with the requirements of paragraph (d) of this Section 3.03, (ii) taxes imposed by way of withholding on net or gross income, but not excluding such taxes arising as a result of a change in Applicable Law occurring after (A) the date that the Lender became a party to this Loan Agreement (unless after that date the Lender has designated a new lending office, in which case sub-clause (C) below shall apply), or (B) with respect to an assignment, acquisition or grant of a participation, the effective date of such assignment, acquisition or participation, except to the

SECOND AMENDED AND RESTATED LOAN AGREEMENT

extent that the Lender's predecessor was entitled to such amounts, or (C) with respect to the designation of a new lending office, the effective date of such designation, except to the extent the Lender was entitled to receive such amounts with respect to its previous lending office, and (iii) taxes resulting from the Lender's gross negligence or willful misconduct (collectively, and together with the taxes excluded by the first sentence of this Section 3.03, "Excluded Taxes").

(b) In addition, the Borrower shall pay any Other Taxes to the relevant Governmental Authority in accordance with Applicable Law.

(c) Whenever any Non-Excluded Taxes or Other Taxes are payable by the Borrower, as promptly as possible thereafter, the Borrower shall send to the Lender, a certified copy of an original official receipt received by the Borrower showing payment thereof (or if an official receipt is not available, such other evidence of payment as shall be reasonably satisfactory to such Lender). If the Borrower fails to pay any Non-Excluded Taxes or Other Taxes required to be paid by the Borrower under this Section when due to the appropriate taxing authority or fails to remit to the Lender the required receipts or other required documentary evidence, the Borrower shall indemnify the Lender and hold the Lender harmless against any such Non-Excluded Taxes or Other Taxes and for any incremental taxes, interest or penalties that may become payable by the Lender as a result of any such failure to remit or pay. The agreements in this Section shall survive the termination of this Loan Agreement and the payment of the Loan and all other amounts payable hereunder.

(d) If the Lender is entitled to an exemption from or reduction of withholding tax under the law of the jurisdiction in which the Borrower is located, or any treaty to which such jurisdiction is a party, with respect to payments under this Loan Agreement then the Lender shall deliver to the Borrower, at the time or times prescribed by Applicable Law or reasonably requested by the Borrower, such properly completed and executed documentation as will permit such payments to be made without withholding or at a reduced rate, provided that the Lender is legally entitled to complete, execute and deliver such documentation and in the Lender's reasonable judgment such completion, execution or submission would not materially prejudice the legal position of the Lender.

(e) If the Lender determines that it has received a refund, credit, or other reduction of taxes in respect of any Non-Excluded Taxes or Other Taxes paid by the Borrower, as to which it has been indemnified by the Borrower, or with respect to which the Borrower has paid additional amounts pursuant to this Section 3.03, the Lender shall within sixty (60) days from the date of actual receipt of such refund or the filing of the tax return in which such credit or other reduction results in a lower tax payment, pay over such refund or the amount of such tax reduction to the Borrower (but only to the extent of such Non-Excluded Taxes or Other Taxes paid by the Borrower, indemnity payments made by the Borrower with respect to such Non-Excluded Taxes or Other Taxes, or additional amounts paid by the Borrower with respect to such Non-Excluded Taxes or Other Taxes, as applicable), net of all out of pocket expenses of the Lender, and without interest (other than interest paid by the relevant Governmental Authority with respect to such refund). Notwithstanding anything to the contrary in this Loan Agreement, upon the request of the Lender, the Borrower agrees to repay any amount paid over to the Borrower pursuant to the immediately preceding sentence (plus penalties, interest, or other charges) if the Lender is required to repay such amount to the taxing Governmental Authority.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

(f) If on a payment of interest due prior to 2010 from the Borrower to a Lender that is an Affiliate of the Borrower and a resident of the United States for the purposes of the Canada-United States Income Tax Convention (1980), the Borrower would otherwise be liable to pay additional amounts thereon pursuant to this Section 3.03, then the Borrower shall be entitled to postpone and defer payment of such interest to such Lender until the first Business Day of January 2010.

SECTION 4. CERTAIN COLLATERAL PROVISIONS.

4.01 **Changes in Locations, Name, etc.** If any Loan Party (i) changes the location of its chief executive office/chief place of business from that specified in Section 6.09 hereof, (ii) changes its name, identity or corporate structure (or the equivalent) or changes the location where it maintains records with respect to the Collateral, or (iii) reincorporates or reorganizes under the laws of another jurisdiction, it shall give the Lender written notice thereof not later than ten (10) calendar days after such event occurs, and shall deliver to the Lender all *Uniform Commercial Code* (if applicable) and *Personal Property Security Act* financing statements and amendments as the Lender shall request and take all other actions deemed reasonably necessary by the Lender to continue its perfected status in the Collateral with the same or better priority.

4.03 **Proceeds.** If an Event of Default shall occur and be continuing, (a) all proceeds of collateral received by the Borrower or any Subsidiary Guarantor consisting of cash, checks and Cash Equivalents shall be held by the Borrower or any Subsidiary Guarantor in trust for the Lender, segregated from other funds of the Borrower or any Subsidiary Guarantor, and shall forthwith upon receipt by the Borrower or any Subsidiary Guarantor be turned over to the Lender in the exact form received by the Borrower or any such Subsidiary Guarantor (duly endorsed by the Borrower or any Subsidiary Guarantor to the Lender, if required), and (b) any and all such proceeds received by the Borrower or any Subsidiary Guarantor and turned over to the Lender will be applied by the Lender against the Obligations (whether matured or unmatured), such application to be in such order as the Lender shall elect. For purposes hereof, proceeds shall include, but not be limited to, all principal and interest payments, royalty payments, license fees, all prepayments and payoffs, all dividends and distributions, insurance claims, condemnation awards, sale proceeds, rents and any other income and all other amounts received with respect to the Collateral and upon the liquidation of any Collateral, all such proceeds received by the Lender will be applied by the Lender in such order as the Lender shall elect. Any balance of such proceeds remaining after the Obligations shall have been paid in full and this Loan Agreement shall have been terminated shall be promptly paid over to the Borrower or any Subsidiary Guarantor or to whomsoever may be lawfully entitled to receive the same.

4.04 **Release of Security Interest Upon Satisfaction of all Obligations.** Upon termination of this Loan Agreement and repayment to the Lender of all Obligations and the performance of all obligations under the Loan Documents, the Lender shall release its security

interest in any remaining Collateral; provided that if any payment, or any part thereof, of any of the Obligations is rescinded or must otherwise be restored or returned by the Lender upon the insolvency, bankruptcy, dissolution, liquidation or reorganization of any Loan Party, or upon or as a result of the appointment of a receiver, intervenor or conservator of, or a trustee or similar officer for any Loan Party or any substantial part of its Property, or otherwise, this Loan Agreement, the Loan Documents and all rights hereunder and thereunder and the Liens created by the Loan Documents shall continue to be effective, or be reinstated, until such payments have been made.

4.05 **Partial Release of Collateral.** Provided that no Event of Default shall then exist, the Lender shall, in connection with any Disposition of any Collateral permitted under this Loan Agreement (other than dispositions of Collateral between and among Loan Parties), release from the Lien of the Loan Documents the portion of the Collateral Disposed of, upon the applicable Loan Parties' satisfaction of each of the following conditions:

(a) the Borrower shall provide the Lender with at least ten (10) Business Days prior written notice of its request to obtain a release of such Collateral;

(b) if the Borrower is required to make a prepayment pursuant to Section 2.07, the Lender shall have received a wire transfer of immediately available funds in the amount of the Net Cash Proceeds of the Disposition which the Lender is entitled to receive, if any, together with (i) all accrued and unpaid interest on the amount of principal being prepaid through and including the prepayment date; and (ii) all other sums then due and owing under this Loan Agreement, the Notes or the other Loan Documents in connection with a partial prepayment;

(c) the Borrower shall submit to the Lender, not less than ten (10) Business Days prior to the date of such release, a release of Lien (and related Loan Documents) for such Collateral for execution by Lender. In addition, the Borrower shall provide all other documentation the Lender reasonably requires to be delivered by the Borrower in connection with such release, together with a certificate of a Responsible Officer of the Borrower certifying that (i) such documentation is in compliance with all applicable Requirements of Law, and (ii) the release will not impair or otherwise adversely affect the Liens, security interests and other rights of the Lender under the Loan Documents not being released (or as to the parties to the Loan Documents and property subject to the Loan Documents not being released); and

(d) the Lender shall have received payment of all the Lender's reasonable, third party costs and expenses, including reasonable counsel fees and disbursements incurred in connection with the release of such Collateral from the Lien of the Loan Documents and the review and approval of the documents and information required to be delivered in connection therewith.

SECTION 11. REMEDIES.

11.01 Remedies.

(a) Upon the occurrence and during the continuance of one or more Events of Default, the Lender may immediately declare the principal amount of the Loan and the Notes to be immediately due and payable, together with all interest thereon and fees and out of pocket expenses accruing under this Loan Agreement; provided that upon the occurrence of an Event of Default referred to in Section 10, such amounts shall immediately and automatically become due and payable without any further action by the Lender. Upon such declaration or such automatic acceleration, the balance then outstanding of the Loan shall become immediately due and payable, without presentment, demand, protest or other formalities of any kind, all of which are hereby expressly waived by the Borrower and each other Loan Party and the Lender may thereupon exercise any remedies available to it at law and pursuant to the Loan Documents, including, but not limited to, the liquidation of the Collateral. The Lender may exercise at any time after the occurrence of an Event of Default one or more remedies, as it so desires, and may thereafter at any time and from time to time exercise any other remedy or remedies.

(b) Upon the occurrence and during the continuance of one or more Events of Default, the Lender shall have the right to obtain physical possession of the files of each Loan Party relating to its Collateral and all documents relating to its Collateral which are then or may thereafter come in to the possession of such Loan Party or any third party acting for such Loan Party and such Loan Party shall deliver to the Lender such assignments as the Lender shall request subject in each case to the rights of any Senior Lien Lender and the Permitted Liens. In addition, the Lender shall be entitled to specific performance of all agreements of each Loan Party contained in this Loan Agreement and under any other Loan Document.

(c) In addition to all the rights and remedies specifically provided herein, the Lender shall have all other rights and remedies provided by applicable federal, provincial, state, foreign, and local laws, whether existing at law, in equity or by statute, including all rights and remedies available to a purchaser or a secured party, as applicable, under the *Uniform Commercial Code* or *Personal Property Security Act*, as applicable.

(d) Except as otherwise expressly provided in this Loan Agreement, the Lender shall have the right to exercise any of its rights and/or remedies without presentment, demand, protest or further notice of any kind other than as expressly set forth herein, all of which are hereby expressly waived by each Loan Party.

(e) The Lender may enforce its rights and remedies hereunder without prior judicial process or hearing, and each Loan Party hereby expressly waives, to the extent permitted by law, any right it might otherwise have to require the Lender to enforce its rights by judicial process. Each Loan Party also waives to the extent permitted by law, any defense it might otherwise have to the Obligations, arising from use of nonjudicial process, enforcement and sale of all or any portion of the Collateral or from any other election of remedies. Each Loan Party recognizes that nonjudicial remedies are consistent with the usages of the trade, are responsive to commercial necessity and are the result of a bargain at arm's length.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

(f) Each Loan Party shall be liable to the Lender for the amount of all expenses (plus subject to Applicable Laws, interest thereon at a rate equal to the Post-Default Rate), and breakage costs as set out in this Loan Agreement.

(g) The Lender shall also be entitled to all rights and remedies set forth in the other Loan Documents. Where there is any consistency or difference between this Loan Agreement and any other Loan Document, this Loan Agreement shall prevail.

Notwithstanding any exercise of the Lender's rights with respect to Trademarks or other Intellectual Property contained in the Collateral, the Borrower and any holder of a security interest in inventory of the Borrower shall have the right to sell such inventory free and clear of any Lender interest in the Trademarks or other Intellectual Property regardless of whether it bears any such Trademark or other Intellectual Property but subject to the Lender's security interest in such inventory, if any.

SECTION 12. MISCELLANEOUS.

12.01 **Waiver.** No failure or delay on the part of the Lender to exercise, and no course of dealing with respect to, any right, power, privilege or remedy under any Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise by the Lender of any right, power, privilege or remedy under any Loan Document preclude any other or further exercise thereof or the exercise of any other right, power, privilege or remedy. All rights, powers, privileges and remedies of the Lender provided for herein are cumulative and in addition to any and all other rights, powers, privileges and remedies provided by law, the Loan Documents and the other instruments and agreements contemplated hereby and thereby, and are not conditional or contingent on any attempt by the Lender to exercise any of its rights under any other related document. The Lender may exercise at any time after the occurrence of an Event of Default one or more remedies, as it so desires, and may thereafter at any time and from time to time exercise any other remedy or remedies.

12.02 **Notices.** Except as otherwise expressly permitted by this Loan Agreement, all notices, requests and other communications provided for herein and under the other Loan Documents (including any modifications of, or waivers, requests or consents under, this Loan Agreement) shall be given or made in writing (including by telecopy or Electronic Transmission) delivered to the intended recipient at the addresses specified below beneath each party's name; or, as to any party, at such other address as shall be designated by such party in a written notice to each other party. Except as otherwise provided in this Loan Agreement (which shall be effective only on receipt), all such communications shall be deemed to have been duly given when transmitted by telecopier or Electronic Transmission or personally delivered or, in the case of a mailed notice, upon receipt, in each case given or addressed as aforesaid.

12.03 **Indemnification and Expenses.** The Borrower agrees to hold the Lender, Her Majesty the Queen in Right of Canada, Her Majesty the Queen in Right of the Province of Ontario and their respective Affiliates and their respective officers, directors, employees, agents and advisors (each an "Indemnified Party") harmless from and indemnify any Indemnified Party against any and all claims, suits, actions, proceedings, obligations, liabilities (including strict liabilities) and debts, and all losses, actual damages, judgments, awards, amounts paid in settlement of whatever kind or nature, fines, penalties, charges, costs and expenses of any kind (including, but not limited to, reasonable legal fees and other costs of defense), which may be imposed on, incurred by or asserted against such Indemnified Party (collectively, the "Costs") relating to or arising out of this Loan Agreement, the Notes, any other Loan Document or any transaction contemplated hereby or thereby, or any transaction financed or proposed to be financed in whole or in part (directly or indirectly) with the Loan, or any amendment, supplement or modification of, or any waiver or consent under or in respect of, this Loan Agreement, the Notes, any other Loan Document or any transaction contemplated hereby or thereby, that, in each case, results from anything other than any Indemnified Party's gross negligence or willful misconduct. Without limiting the generality of the foregoing, the Borrower

SECOND AMENDED AND RESTATED LOAN AGREEMENT

agrees to hold any Indemnified Party harmless from and indemnify such Indemnified Party against all Costs with respect to or arising out of any violation or alleged violation of any rule or regulation or any other laws, that, in each case, results from anything other than such Indemnified Party's gross negligence or willful misconduct. In any suit, proceeding or action brought by an Indemnified Party in connection with any Collateral for any sum owing thereunder, or to enforce any provisions of any Loan Document, the Borrower will save, indemnify and hold such Indemnified Party harmless from and against all expense, loss or damage suffered by reason of any defense, set-off, counterclaim, recoupment or reduction or liability whatsoever of the account debtor or obligor thereunder, arising out of a breach by any Loan Party of any obligation under any Loan Document or arising out of any other agreement, indebtedness or liability at any time owing to or in favour of such account debtor or obligor or its successors from any Loan Party. Subject to the provisions of this Loan Agreement, the Borrower also agrees to reimburse an Indemnified Party as and when billed by such Indemnified Party for all such Indemnified Party's reasonable costs and expenses incurred in connection with the enforcement or the preservation of such Indemnified Party's rights under this Loan Agreement, the Notes, any other Loan Document or any transaction contemplated hereby or thereby, including without limitation the reasonable fees and disbursements of its counsel. The Loan Parties hereby acknowledge that, notwithstanding the fact that the Obligations are secured by the Collateral, the Obligations are recourse obligations of the Loan Parties.

Each Loan Party also agrees not to assert any claim against the Lender, Her Majesty the Queen in Right of Canada, Her Majesty the Queen in Right of the Province of Ontario, or Industry Canada (collectively, the "Lender Parties") or any of their respective Affiliates, or any of their respective officers, directors, employees, attorneys and agents, on any theory of liability, for special, indirect, consequential or punitive damages arising out of or otherwise relating to the Loan Documents, the actual or proposed use of the proceeds of the Loan, this Loan Agreement or any of the transactions contemplated hereby or thereby.

The Borrower agrees to pay as and when billed by the Lender Parties all of the out-of pocket costs and expenses incurred by the Lender Parties in connection with the exercise of the Lender Parties' rights and remedies upon the occurrence of an Event of Default, including without limitation all the fees, disbursements and expenses of counsel to the Lender Parties.

If the Borrower fails to pay when due any costs, expenses or other amounts payable by it under this Loan Agreement, including reasonable fees and expenses of counsel and indemnities, such amount may be paid on behalf of the Borrower by the Lender and the Borrower shall remain liable for any such payments by the Lender and such amounts shall accrue interest at the Post-Default Rate. No such payment by the Lender shall be deemed a waiver of any of its rights under the Loan Documents.

To the fullest extent permitted by Applicable Law, in consideration of Lender entering into this Loan Agreement, and for other good and valuable consideration, the receipt and sufficiency of which each Loan Party hereby acknowledges, each Loan Party hereby forever releases, discharges and acquits each Indemnified Party from any and all claims, demands, liabilities, responsibilities, disputes, causes, damages, actions and causes of actions (whether at law or in equity) indebtedness and obligations (collectively, "Claims") of every type, kind, nature, description or character, including any so-called "lender liability" claims or defenses, and irrespective of how, why or by reason of what facts, whether such Claims have heretofore arisen,

SECOND AMENDED AND RESTATED LOAN AGREEMENT

are now existing or hereafter arise, or which could, might or be claimed to exist, of whatever kind or nature, whether known or unknown, suspected or unsuspected, liquidated or unliquidated, matured or unmatured, fixed or contingent, each as though fully set forth herein at length, which may in any way arise out of, are connected with or in any way relate to actions or omissions arising in connection with the loan contemplated herein which occurred on or prior to the date hereof with respect to any Loan Party, this Loan Agreement, the Obligations, any Collateral, any other Loan Document and any third parties liable in whole or in part for the Obligations, save and except for a breach by the Lender of the provisions of the confidentiality agreement attached as Exhibit C hereof.

Without prejudice to the survival of any other agreement of a Loan Party hereunder, the covenants and obligations of each Loan Party contained in this Section 12.03 shall survive for a period of 2 years the payment in full of the Obligations and all other amounts payable hereunder and delivery of the Collateral by the Lender against full payment therefor.

The Loan Parties shall, if requested by the Government of Ontario, execute an agreement with the Government of Ontario in form satisfactory to the Government of Ontario granting the covenants of such Loan Parties and indemnities granted by such Loan Party in this Section 12.03 directly in favour of the Government of Ontario.

12.04 Amendments and Effect of this Loan Agreement. Except as otherwise expressly provided in this Loan Agreement, any provision of this Loan Agreement may be modified or supplemented only by an instrument in writing signed by the Lender and the Loan Parties and any provision of this Loan Agreement may be waived by the Lender in writing. To the extent that the Treasury proposes any amendments, waivers or modifications to the Loan Documents, the Lender's consent is required, save and except as set out in Section 7.27. The Lender agrees that it will act reasonably and will only withhold consent when such proposed changes would adversely impact Canadian economic, commercial and/or policy interests. The Lender agrees that the Borrower may assign to the Treasury its right to enforce the provisions of this Section 12.04 or may permit the Treasury to direct the enforcement of the rights of the Borrower under this Section 12.04. The provisions of this Section 12.04 may not be amended without the prior written consent of the Treasury.

This Loan Agreement amends and restates in its entirety the Existing Loan Agreement and, as of the Effective Date, the Existing Loan Agreement shall be superseded hereby. The Obligations outstanding under the Existing Loan Agreement that remain outstanding on the date hereof shall constitute Obligations hereunder governed by the terms hereof. Such Obligations shall be continuing in all respects, and this Loan Agreement shall not be deemed to evidence or result in a novation or repayment and re-borrowing of such Obligations.

12.05 Confirmation of Existing Security. Each of the Loan Parties party to (i) the Security Agreements, (ii) the Equity Pledge Agreements and (iii) each Mortgage and (iv) each Environmental Indemnity Agreement (collectively, the "Existing Security") hereby irrevocably acknowledges, ratifies and confirms the Existing Security to the Lender and individually agrees that the security interest granted by it pursuant to the Existing Security is and shall continue to be effective, valid binding and enforceable against such Loan Party in accordance with its terms and conditions as continuing collateral security for all the Obligations. Each of the Loan Parties party to each Guarantee Agreement (the "Existing Guarantees") hereby irrevocably

SECOND AMENDED AND RESTATED LOAN AGREEMENT

acknowledges, ratifies and confirms the Existing Guarantees to the Lender and individually agrees that the Existing Guarantees are and shall continue to be effective, valid, binding and enforceable against such Loan Party in accordance with their terms and conditions as a continuing guarantee for all the Obligations of the Borrower under this Loan Agreement.

12.06 **[Reserved]**.

12.07 **Survival.** The obligations of the Borrower under Sections 2.05 and 3.03, and of the Loan Parties under Section 12.03 hereof shall survive the repayment of the Loan and the termination of this Loan Agreement. In addition, each representation and warranty made, or deemed to be made by a request for a borrowing herein or pursuant hereto shall survive the making of such representation and warranty, and the Lender shall not be deemed to have waived, by reason of making any Advance, any Default that may arise by reason of such representation or warranty proving to have been false or misleading, notwithstanding that the Lender may have had notice or knowledge or reason to believe that such representation or warranty was false or misleading at the time such Advance was made.

12.08 **Captions.** The table of contents and captions and Section headings appearing herein are included solely for convenience of reference and are not intended to affect the interpretation of any provision of this Loan Agreement.

12.09 **Counterparts and Facsimile.** This Loan Agreement may be executed simultaneously in any number of counterparts. Each counterpart shall be deemed to be an original, and all such counterparts shall constitute one and the same instrument. The parties agree that this Loan Agreement, any documents to be delivered pursuant to this Loan Agreement and any notices hereunder may be transmitted between them by email and/or by facsimile. The parties intend that faxed signatures and electronically imaged signatures such as .pdf files shall constitute original signatures and are binding on all parties. The original documents shall be promptly delivered, if requested.

12.10 **Governing Law.** This Loan Agreement shall be construed in accordance with, and governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, as the same may from time to time be in effect.

12.11 **Waiver of Jury Trial; Consent to Jurisdiction and Venue; Service of Process; Waiver.** Each party hereto hereby irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Law, any and all rights to trial by jury of any claim or cause of action, or in any legal proceeding directly or indirectly based upon, arising out of or relating to this Loan Agreement, the other Loan Documents or any of the transactions contemplated hereby or thereby (whether based on contract, tort, or any other theory).

Each party (a) certifies that no representative, agent, or attorney of the other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver and (b) acknowledges that it and the other party have been induced to enter into this Loan Agreement by, among other things, the mutual waivers and certifications in this section.

Each party hereto hereby irrevocably and unconditionally consents, on behalf of itself and its property, to the non-exclusive jurisdiction of any court of the province of Ontario, in

SECOND AMENDED AND RESTATED LOAN AGREEMENT

any action, suit or proceeding arising out of or relating to this Loan Agreement, the other Loan Documents or any of the transactions contemplated hereby or thereby, and waives any objection it may have to the laying of venue in any such court or that such court is an inconvenient forum or does not have personal jurisdiction over it. Each party hereto hereby irrevocably consents to the service of a summons and complaint and other process in any action, suit, claim or proceeding brought by such other party in connection with this Loan Agreement, the other Loan Documents, any rights or obligations hereunder or thereunder, or the performance of such rights and obligations, on behalf of itself or its property, by mail of a copy thereof by registered mail (return receipt requested) or any substantially similar form of mail, postage prepaid, to such party's notice address referred to in Section 12.02 of this Loan Agreement.

Nothing in this section shall affect the right of the Lender to (i) serve legal process in any other manner permitted by Applicable Law, or (ii) bring any action or proceeding against any Loan Party or its properties in the courts of any other jurisdictions.

12.12 **Saving Clause.** It is the intention of the Lender and the Loan Parties that each Loan Party's and each Guarantor's obligations shall be in, but not in excess of, the maximum amount permitted by applicable bankruptcy (including Sections 544 and 548 of the *Bankruptcy Code*), or other insolvency, reorganization, fraudulent conveyance, transfer, corporate, creditor rights, criminal or similar Applicable Law as in effect from time to time. To that end, notwithstanding any other provision herein contained to the contrary, with respect to each Guarantor, if this Loan Agreement, or any other Loan Document, would, but for the application of this sentence, be avoidable, void, invalid or unenforceable under Applicable Law, or the claims hereunder or thereunder be would subject to being subordinated under Applicable Law, then with respect to such party as of any date of determination, (a) this Loan Agreement and/or other Loan Document shall be valid and enforceable with respect to such party as of that date of determination only to the maximum extent that would not cause either (i) this Loan Agreement, or any other Loan Document to be avoidable, void, invalid or unenforceable under Applicable Law (after taking into account, among other things, any Guarantor's right of contribution and indemnification from each other Loan Party, if any) or (ii) such Guarantor's Obligations under any Loan Documents to be subordinated, (b) the maximum Obligations for which each Guarantor shall be liable hereunder or under any other Loan Document shall be reduced to that amount which, after giving effect thereto, would not cause the Obligations as so reduced, to be subject to being avoidable, void, invalid, unenforceable or subordinated under Applicable Law, and (c) this Loan Agreement and each other Loan Document shall automatically be deemed to have been amended accordingly, and the Obligations of such Guarantor reduced accordingly, as of that date of determination with respect to such Guarantor.

Section 12.12 of this Loan Agreement is intended solely to preserve the rights of the Lender to the maximum extent permitted by Applicable Law, and neither the Borrower, any other Loan Party nor any other Persons shall have any right or claim under Section 12.12 that would not otherwise be available under Applicable Law.

12.13 **Acknowledgments.** Each Loan Party hereby acknowledges that:

(a) it has been advised by counsel in the negotiation, execution and delivery of this Loan Agreement, the Notes and the other Loan Documents to which it is a party;

SECOND AMENDED AND RESTATED LOAN AGREEMENT

(b) The Lender has no fiduciary relationship to any Loan Party, and the relationship between the Borrower and the Lender is solely that of debtor and creditor; and

(c) no joint venture exists among or between the Lender and any Loan Party.

12.14 **Hypothecation or Pledge of Collateral.** Nothing in this Loan Agreement shall preclude the Lender from engaging in repurchase transactions with the Collateral or otherwise pledging, repledging, transferring, hypothecating, or rehypothecating the Collateral (subject to the interest of the relevant Senior Lien Lender and Permitted Liens). Nothing contained in this Loan Agreement shall obligate the Lender to segregate any Collateral delivered to the Lender by any Loan Party.

12.15 **Successors and Assigns: Participations and Assignments.**

(a) The provisions of this Loan Agreement shall be binding upon and inure to the benefit of the parties hereto, all future holders of the Loan and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Lender (and any attempted assignment or transfer by the Borrower without such consent shall be null and void) and the Lender may not assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 12.15.

(b) The Lender may assign or transfer to (i) prior to the occurrence of a Default or Event of Default which is continuing, one or more assignees (each, an "Assignee") other than an Ineligible Acquirer and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any Assignee including an Ineligible Acquirer, all or a portion of its rights and obligations under this Loan Agreement (including all or a portion of the Loans at the time owing to it), together with any related rights and obligations thereunder, in each case following notice to the Borrower, but without the consent of the Borrower, pursuant to an Assignment and Assumption executed by the applicable Assignee and the Lender and delivered to the Borrower for its records. The Borrower or its agent will maintain a register ("Register") of the Lender and Assignees. The Register shall contain the names and addresses of the Lender and Assignees and the principal amount of the loans (and stated interest thereon) held by the Lender and each Assignee from time to time. The entries in the Register shall be conclusive and binding, absent manifest error. The Borrower shall enter into such amendments or other modifications to this Loan Agreement and the other Loan Documents as are reasonably required to accommodate any such assignments, including, without limitation, amendments or modifications which provide for the accommodation of multiple lenders and the appointment of administrative and collateral agents for the Lender and such Assignees; provided that, such amendments or modifications do not materially increase the tax cost to the Borrower of maintaining the Loan.

(c) The Lender may sell participations in all or a portion of the Lender's rights and obligations under this Loan Agreement (including all or a portion of the Loan owing to it) (each, a "Participation") to (i) prior to the occurrence of a Default or Event of Default which is continuing, one or more purchasers (each, a "Participant") other than an Ineligible Acquirer, including one or more lenders or other Persons that provide financing to the Lender in the form of sales and repurchases of participations and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any Participant including an Ineligible

SECOND AMENDED AND RESTATED LOAN AGREEMENT

Acquirer, all or a portion of its rights and obligations under this Loan Agreement (including all or a portion of the Loans at the time owing to it), together with any related rights and obligations thereunder, in each case following notice to the Borrower, but without the consent of the Borrower, provided that, in each case, (A) the Lender's obligations under this Loan Agreement shall remain unchanged, (B) the Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (C) the Borrower shall continue to deal solely and directly with the Lender in connection with the Lender's rights and obligations under this Loan Agreement. Any agreement pursuant to which the Lender sells such a participation shall provide that the Lender shall retain the sole right to enforce this Loan Agreement and to approve any amendment, modification or waiver of any provision of this Loan Agreement; provided that such agreement may provide that the Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver that (1) reduces the amount of the Loan, extends the Maturity Date of the Loan or reduces the rate of interest or any fee of the Loan or extends the due date of any such rate or fee or (2) directly affects such Participant. Subject to paragraph (b) of this Section, the Borrower agrees that each Participant shall be entitled to the benefits of Sections 2.08, 3.03 and 12.03 to the same extent as if it were the Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section 12.15; provided that the Lender and all Participants shall be entitled to receive no greater amount in the aggregate pursuant to such Sections than the Lender would have been entitled to receive had no such transfer occurred unless such transfer occurs while an Event of Default shall have occurred and be continuing. To the extent permitted by law, and subject to paragraph (b) of this Section, each Participant also shall be entitled to the benefits of Section 12.17 as though it were the Lender. In the event that the Lender sells a participation in the Lender's rights and obligations under this Loan Agreement, the Lender, on behalf of Borrower, shall maintain a register on which it enters the name, address and interest in this Loan Agreement of all Participants.

(d) For avoidance of doubt, the parties to this Loan Agreement acknowledge that the provisions of this Section 12.15 concerning assignments of Loan relate only to absolute assignments and that such provisions do not prohibit assignments creating security interests in Loans to (i) prior to the occurrence of a Default or an Event of Default which is continuing, one or more pledgees other than an Ineligible Acquirer, and (ii) following the occurrence and during the continuance of a Default or an Event of Default, any pledgee including any Ineligible Acquirer, including in each case, without limitation, any pledge or assignment by a Lender of any Loan to the Bank of Canada in accordance with Applicable Law.

(e) The Lender may furnish any information concerning any Loan Party or any of its Subsidiaries in the possession of the Lender from time to time to assignees and Participants (including prospective assignees and Participants) only after notifying the Borrower in writing and securing signed confidentiality statements in favour of the Disclosing Party (a form of which is attached hereto as Exhibit C) and only for the sole purpose of evaluating participations and for no other purpose unless disclosure is required pursuant to the *Access to Information Act* or Applicable Law.

12.16 **Periodic Due Diligence Review.** During the Relevant Period, the Borrower and the Subsidiary Guarantors shall permit the (i) Lender and its agencies, consultants, contractors and advisors, (ii) Industry Canada, and (iii) The Ontario Ministry of Economic Development and its agents, consultants, contractors and advisors access to personnel and any books, papers, records or other data that may be relevant to the financial assistance, including compliance with the financing terms and conditions.

SECOND AMENDED AND RESTATED LOAN AGREEMENT

The Borrower, the Subsidiary Guarantors (but only with respect to the Canadian operations and any Collateral owned by it) acknowledges that the Lender, Industry Canada and the Ontario Ministry of Economic Development have the right to perform continuing Due Diligence Reviews with respect to the business operations of the Loan Parties and the Collateral. Each Loan Party also shall make available to the Lender, Industry Canada and the Ontario Ministry of Economic Development (provided such entity has executed a confidentiality agreement in favour of the Disclosing Parties) a knowledgeable financial or accounting officer for the purpose of answering questions respecting the business and operations of each Loan Party and the Collateral. Without limiting the generality of the foregoing, each Loan Party acknowledges that the Lender has made the Loan to the Borrower based upon the information concerning the Loan Parties and the Collateral provided by the Loan Parties to the Lender, and the representations, warranties and covenants contained herein, and that the Lender, Industry Canada and the Ontario Ministry of Economic Development (provided such entity has executed a confidentiality agreement in favour of the Disclosing Parties), at their respective options, have the right, at any time during business hours on reasonable prior notice to conduct a Due Diligence Review on the business and operations of any Loan Party and some or all of the Collateral securing the Loan. In addition, the Lender, Industry Canada and the Ontario Ministry of Economic Development (provided such entity has executed a confidentiality agreement in favour of the Disclosing Parties) have the right to perform continuing Due Diligence Reviews of each Loan Party its directors, officers, and Responsible Officers. The Borrower and the Lender further agree that all reasonable out-of-pocket costs and expenses incurred by the Lender, Industry Canada and the Ontario Ministry of Economic Development in connection with such Person's activities pursuant to this Section 12.16 shall be paid by the Borrower.

The Lender will use reasonable commercial efforts to hold, and will use reasonable best efforts to cause its agents, consultants, contractors, advisors, Canada executive branch officials and employees, to hold, in confidence all non-public records, books, contracts, instruments, computer data and other data and information (collectively, "Information") concerning the Loan Parties furnished or made available to them by the Loan Parties, the Guarantors or any of their Subsidiaries or their representatives pursuant to this Loan Agreement (except to the extent that such information can be shown to have been (i) previously known by such party on a non-confidential basis, (ii) in the public domain through no fault of such party or (iii) later lawfully acquired from other sources by the party to which it was furnished (and without violation of any other confidentiality obligation)); provided that nothing herein shall prevent the Lender from disclosing any Information to the extent required by Applicable Law. The Lender understands that the Information may contain commercially sensitive confidential information entitled to an exception from the *Access to Information Act* request or similar request under Applicable Law.

Notwithstanding anything to the contrary contained in this Loan Agreement or the other Loan Documents (but subject to Sections 12.15 and 12.16), the Lender may use, retain, and disclose any information related to the Loan Documents as required by Applicable Law or any governmental agency who has executed a confidentiality agreement in favour of the Disclosing Parties, or to the extent required pursuant to Canada's or the Lender's international commitments (including, without limitation any requirement that such information be disclosed by virtue of the

SECOND AMENDED AND RESTATED LOAN AGREEMENT

Lender's status as an agent of Her Majesty in Right of Canada or by virtue of any Applicable Law, or Canadian government policy or by virtue of any international agreement to which the Government of Canada or the Lender is a party, and including in respect of the WTO Subsidies and countervailing Measures Agreement or Canadian government policy). The Lender shall also be entitled to disclose any matters in relation to the transactions contemplated herein to the Government of Canada and the Government of Ontario (but the Lender must require confidential treatment thereof) and shall be entitled to make publicly available the following information: the name of the Borrower, the financial service provided by the Lender, the dates of the Loan Documents, a general description of the commercial transaction (including country) contemplated hereby, the amount of support in the approximate Canadian dollar range, and a redacted version of this Loan Agreement as agreed among the Loan Parties, the Lender, the Government of Canada and the Government of Ontario.

Subject to the *Access to Information Act* (Canada) or similar Applicable Law and except as they may be legally required to disclose, the Lender and Industry Canada shall use their best efforts to maintain the confidentiality of all information including all Confidential Information with respect to each Loan Party and the Guarantors and each of its direct and indirect Subsidiaries which is made available to the Lender or Industry Canada pursuant to this Loan Agreement, and shall provide each Loan Party and the Guarantors and each of its direct and indirect Subsidiaries with notice of any request from a third party for such information and an opportunity to respond to such request as provided under the relevant legislation or other applicable law prior to disclosure by the Lender.

Subject to the Freedom of Information and *Protection of Privacy Act* (Ontario) or similar Applicable Law and except as it may be legally required to disclose, the Ontario Ministry of Economic Development shall use its best efforts to maintain the confidentiality of all information including all Confidential Information with respect to each Loan Party and the Guarantors and each of its direct and indirect Subsidiaries which is made available to the Ontario Ministry of Economic Development pursuant to this Loan Agreement, and shall provide each Loan Party and the Guarantors and each of its direct and indirect Subsidiaries with notice of any request from a third party for such information and an opportunity to respond to such request as provided under the relevant legislation or other Applicable Law prior to disclosure by the Lender.

The Lender agrees and confirms, and shall cause each Receiving Party to agree and confirm, that all Confidential Information disclosed by a Disclosing Party to a Receiving Party is proprietary to the Disclosing Party, highly confidential financial, commercial, scientific, technical, and/or labour relations information, and/or contains trade secrets, and is supplied in confidence on that basis, and that the unauthorized disclosure thereof by a Receiving Party, could reasonably be expected to cause a Disclosing Party irreparable harm, material financial loss, significant prejudice to its competitive position, and/or interfere with its contractual arrangements and any negotiations in which it is engaged. Accordingly, the Lender acknowledges, and will cause each Receiving Party to acknowledge, that the Disclosing Party is disclosing its Confidential Information to the Receiving Party on the basis that all such Confidential Information is exempt from access by and disclosure to others pursuant to Section 20 of the *Access to Information Act* (Canada) and/or Section 17 of the *Freedom of Information and Protection of Privacy Act* (Ontario) and/or similar Applicable Law and the Lender will cause each Receiving Party to agree to treat all such Confidential Information as

SECOND AMENDED AND RESTATED LOAN AGREEMENT

being so exempt and use its best efforts to ensure that all Confidential Information will be afforded confidential treatment subject to such legislation. In the event that any Receiving Party intends to disclose all or any part of the Confidential Information disclosed to them by a Disclosing Party, such Receiving Party will promptly advise the Disclosing Party in writing so that the Disclosing Party will have the opportunity to make appropriate detailed representations to the appropriate authority about the nature of the information. Each Receiving Party will cooperate with the Disclosing Party in taking any reasonably practicable steps to mitigate the effects of disclosure and not oppose any action by the Disclosing Party to seek an appropriate protective order or other remedy.

Section 12.16 and the non-disclosure agreement attached hereto as Exhibit C shall survive termination of this Loan Agreement and satisfaction of all Obligations thereunder.

12.17 **Set-Off.** Each Loan Party hereby irrevocably authorizes the Lender at any time and from time to time without notice to such Loan Party, while an Event of Default is continuing, any such notice being expressly waived by each Loan Party, to set-off and appropriate and apply any and all deposits (general or special, time or demand, provisional or final), credits, indebtedness or claims, in any currency, in each case whether direct or indirect, absolute or contingent, matured or unmatured, at any time held or owing by the Lender or any Affiliate thereof to or for the credit or the account of the Loan Party, or any part thereof in such amounts as Lender may elect, against and on account of the obligations and liabilities of the Loan Party to Lender hereunder and claims of every nature and description of Lender against the Loan Party, in any currency, whether arising hereunder, under this Loan Agreement, or under any other Loan Document, as Lender may elect, whether or not Lender has made any demand for payment. Lender may set-off cash, the proceeds of the liquidation of any Collateral and all other sums or obligations owed by the Lender or its Affiliates to any Loan Party against all of such Loan Party's obligations to the Lender or its Affiliates, whether under this Loan Agreement or under any other agreement with such Loan Party, or otherwise, without prejudice to the Lender's or its Affiliate's right to recover any deficiency. The rights of Lender under this section are in addition to other rights and remedies (including without limitation, other rights of set-off) which Lender may have. Upon the occurrence of an Event of Default, the Lender shall have the right to cause liquidation, termination or acceleration to the extent of any assets pledged by any Loan Party to secure its Obligations hereunder or under any other agreement to which this Section 12.17 applies.

12.18 **[Reserved].**

12.19 **Reimbursement.** All sums reasonably expended by the Lender in connection with the exercise of any right or remedy provided for herein shall be and remain the obligation of the Borrower or Loan Party, as applicable (unless and to the extent that the Loan Parties are the prevailing party in any dispute, claim or action relating thereto). The Borrower agrees to pay, with interest at the Post-Default Rate subject to Applicable Law to the extent that an Event of Default has occurred, the reasonable out of pocket expenses and reasonable legal fees incurred by the Lender in connection with the enforcement (including any waivers), administration and amendment of the Loan Documents (regardless of whether this Loan Agreement is entered into hereunder), the taking of any action, including legal action, required or permitted to be taken by the Lender pursuant thereto, any "due diligence" or loan agent reviews conducted by the Lender, Industry Canada and the Ontario Ministry of Economic Development or on their behalf or by refinancing or restructuring in the nature of a "workout."

SECOND AMENDED AND RESTATED LOAN AGREEMENT

12.20 **Waiver Of Redemption And Deficiency Rights.** Each Loan Party hereby expressly waives, to the fullest extent permitted by law, every statute of limitation on a deficiency judgment, any reduction in the proceeds of any Collateral as a result of restrictions upon the Lender contained in the Loan Documents or any other instrument delivered in connection therewith, and any right that they may have to direct the order in which any of the Collateral shall be disposed of in the event of any Disposition pursuant hereto.

12.21 **[Reserved].**

12.22 **Severability.** Any provision of any Loan Document held to be invalid, illegal or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such invalidity, illegality or unenforceability without affecting the validity, legality and enforceability of the remaining provisions thereof; and the invalidity of a particular provision in a particular jurisdiction shall not invalidate such provision in any other jurisdiction. If any provision of any Loan Document shall be held invalid or unenforceable (in whole or in part) as against any one or more Loan Parties, then such Loan Document shall continue to be enforceable against all other Loan Parties without regard to any such invalidity or unenforceability.

12.23 **Entire Agreement.** This Loan Agreement and the other Loan Documents embody the entire agreement and understanding of the parties hereto and supersede any and all prior agreements, arrangements and understandings relating to the matters provided for herein and therein.

12.24 **Governments of Canada and Ontario.** The Borrower acknowledges and agrees that the Government of Canada and the Government of Ontario have cooperated to provide a coordinated response to the financial needs of the Borrower, in furtherance of which the Government of Canada and the Government of Ontario were responsible for contributions in amounts equal to two-thirds and one-third respectively of the Loan through the Consolidated Revenue Fund and will provide guidance to the Lender in all material decisions to be made with respect to the Loan, this Loan Agreement and the other Loan Documents.

Each Loan Party acknowledges and agrees that neither (i) the provision of the loan facility provided for under this Loan Agreement and the other Loan Documents nor any of the terms thereof, or (ii) the participation by the Government of Canada and the Government of Ontario in providing the funding for the Loan, shall in any way constitute any waiver or derogation (express or implied) of any rights and remedies that the Government of Canada and the Government of Ontario may have under Applicable Law, in equity or otherwise, with respect to any past, current or future taxes or other obligations which may at any time be owing by any Loan Party or any of its Affiliates to the Government of Canada or the Government of Ontario, including any rights of set-off.

12.25 **Administrative Loan Party.** Each Loan Party hereby irrevocably appoints the Borrower as the agent and attorney-in-fact for the other Loan Parties (the "Administrative Loan Party") which appointment shall remain in full force and effect unless and until the Lender shall have received prior written notice signed by the Borrower that such appointment has been revoked and that another Loan Party has been appointed Administrative Loan Party. Each of the

SECOND AMENDED AND RESTATED LOAN AGREEMENT

Loan Parties hereby irrevocably appoints and authorizes the Administrative Loan Party (i) to provide to the Lender and receive from the Lender all notices, reports, certifications and instructions with respect to the Loan obtained for the benefit of the Borrower and the other Loan Parties and all other notices, reports, certifications and instructions under this Loan Agreement and the other Loan Documents and (ii) to take such action as the Administrative Loan Party deems appropriate on its behalf in respect of the Loan and to exercise such other powers as are reasonably incidental thereto to carry out the purposes of this Loan Agreement and the other Loan Documents. For the avoidance of doubt, this Section 12.25 shall not limit the obligations of the Loan Parties to provide the notices and certifications that are required by the Loan Documents.

12.26 **Anti-Money Laundering Legislation.** Each Loan Party acknowledges that, pursuant to the Proceeds of Crime (Money Laundering) and *Terrorist Financing Act* (Canada) and other applicable anti-money laundering, anti-terrorist financing, government sanction and “**know your client**” laws (collectively, including any guidelines or orders thereunder, “**AML Legislation**”), the Lender may be required to obtain, verify and record information regarding the Loan Parties and their respective directors, authorized signing officers, direct or indirect shareholders or other Persons in control of the Loan Parties, and the transactions contemplated hereby. Such Loan Party shall promptly provide all such information, including supporting documentation and other evidence, as may be reasonably requested by the Lender, or any prospective Assignee or Participant of the Lender in order to comply with any applicable AML Legislation, whether now or hereafter in existence.

Ottawa, Ontario, Canada

FOR VALUE RECEIVED, General Motors of Canada Limited, a corporation formed under the laws of Canada (the "**Borrower**"), hereby promises to pay to the order of EXPORT DEVELOPMENT CANADA, a corporation established under the laws of Canada (the "**Lender**"), at the principal office of the Lender in Ottawa, Ontario, Canada in lawful money of Canada, and in immediately available funds, the principal sum of _____ Dollars (\$1,000,000,000) (or such lesser amount as shall equal the aggregate unpaid principal amount of the corresponding portion of the Loan made by the Lender to the Borrower under the Loan Agreement), on the dates and in the principal amounts provided in the Loan Agreement, and to pay interest on the unpaid principal amount of each such portion of the Loan, at such office, in like money and funds, for the period commencing on the date of such portion of the Loan until such portion of the Loan shall be paid in full, at the rates per annum and on the dates provided in the Loan Agreement.

The date, amount and interest rate of the portion of the Loan made by the Lender to the Borrower, and each payment made on account of the principal thereof, shall be recorded by the Lender on its books; provided, that the failure of the Lender to make any such recordation or endorsement shall not affect the obligations of the Borrower to make a payment when due of any amount owing under the Loan Agreement or hereunder in respect of the portions of the Loan made by the Lender.

This Note is the Initial Note referred to in the Second Amended and Restated Loan Agreement dated as of July 10, 2009 (as amended, supplemented or otherwise modified and in effect from time to time, the "**Loan Agreement**"), among the Borrower, the other Loan Parties and EXPORT DEVELOPMENT CANADA, as Lender, and evidences a portion of the existing outstanding Loan indebted to the Lender thereunder. Notwithstanding the pledge of the Facility Collateral, the Borrower hereby acknowledges, admits and agrees that the Borrower's obligations under this Note are recourse obligations of the Borrower to which the Borrower pledges its full faith and credit.

No extension of time for the payment of this Note, or any instalment hereof, made by agreement by the Lender with any person now or hereafter liable for the payment of this Note, shall affect the liability under this Note of the Borrower, even if the Borrower is not a party to such agreement; provided, however, that the Lender and the Borrower, by written agreement between them, may affect the liability of the Borrower.

Any reference herein to the Lender shall be deemed to include and apply to every subsequent holder of this Note. Reference is made to the Loan Agreement for provisions concerning optional and mandatory prepayments, Collateral, acceleration and other material terms affecting this Note.

9.3 Assumed Contracts; Cure Amounts.

As part of the Plan of Reorganization Documents, Delphi will move to assume and assign to the applicable Buyers the Pre-Petition Contracts listed on Schedule 9.3 and assign the Post-Petition Contracts to the applicable Buyer (collectively, the “**Assumed and Assigned Contracts**”) and will provide notice thereof to the Contract counterparties and all other parties in accordance with all applicable Bankruptcy Rules as modified by orders of the Bankruptcy Court. With respect to Assumed and Assigned Contracts assumed by such Buyer, each Buyer shall pay all Cure Amounts (subject to the terms of Section 2.2.1 and 2.2.2): (i) through prior orders of the Bankruptcy Court that were entered in 2008 in connection with the Sale to Steering Solutions

Corporation that was terminated on March 3, 2009; (ii) pursuant to the Modification Procedures Order or the procedures established by the Bankruptcy Court in connection with Delphi's Plan of Reorganization that was confirmed by the Bankruptcy Court in January 2008, as such plan may be amended from time to time; or (iii) as otherwise agreed to by such Buyer, Delphi, and the Contract counter-party or, absent an already established amount or such agreement, by order of the Bankruptcy Court in the time and manner specified by the Plan Modification Order; provided, however, within five days after entry of a final, non-appealable order of the Bankruptcy Court establishing a Cure Amount for which the applicable Buyer is responsible or adequate assurance on terms not reasonably acceptable to the relevant Buyer, such Buyer may direct Delphi to, and Delphi shall, reject such Assumed and Assigned Contract. The applicable Buyer shall have the ability to add or delete Contracts to, or from, Schedule 9.3 up to and through the time of the Final Plan Modification Hearing in its sole and absolute discretion so long as the appropriate notice is provided to the Contract counter-party and any delay in approval of the assignability of and Cure Amount for such additional Contracts shall not affect the Closing. In the Plan of Reorganization Documents, Delphi shall provide for a mechanism reasonably satisfactory to the applicable Buyer to ensure that those Contracts to be assumed and assigned to such Buyer at Closing are actually assigned to such Buyer at Closing notwithstanding any contested Cure Amounts; provided that the applicable Buyer shall establish an escrow account funded with cash sufficient to pay the face amount of the disputed Cure Amounts asserted, the excess funds of which shall be returned to such Buyer as Cure Amounts are resolved.

For Sale Companies and JV Companies, the applicable Seller will be responsible for the preparation and filing of all Tax Returns for all tax periods that are due on or prior to the Closing, including without limitation amended returns, applications for loss carryback refunds and applications for estimated tax refunds.

9.4.3. For the avoidance of doubt, the applicable Buyer shall indemnify, defend and hold harmless the Sellers and their Affiliates for any and all Losses which are imposed on, sustained, incurred or suffered by the Sellers or their Affiliates resulting from any failure to timely file the Information Tax Returns.

9.4.4. The Sellers shall be responsible for the customs filings for goods released from the border prior to Closing and Buyers shall be responsible for the customs filings for goods in-transit as of and after the Closing.

9.4.5. The Sellers and the Buyers will use commercially reasonable efforts and cooperate in good faith to exempt the sale, conveyance, assignment, transfer and delivery of any Assets and Securities to be made to the Buyers hereunder from, or to minimize, any transfer, documentary, sales, use, registration, recording, stamp, value-added and other similar taxes (including all applicable real estate transfer taxes) and related fees (including notarial fees) as well as any penalties, interest and additions to tax, together with any foreign income Taxes attributable to any gain realized by any Seller (but excludes any U.S. Income Taxes relating to any of the foregoing) (“**Transfer Taxes**”) payable in connection with such sale, conveyance, assignment, transfer and, delivery, to the extent provided in the Plan Modification Order, in accordance with Section 1146 of the Bankruptcy Code. B. On or prior to the Closing, a GM Buyer shall assume all of Sellers' obligations under the DIP Letters of Credit set forth on Schedule 9.12(B), and the DIP Letters of Credit Cash Collateral associated with each such DIP Letter of Credit shall be transferred to the applicable GM Buyer, and shall continue to be held as cash collateral for such obligations.

C. On or prior to the Closing, Company Buyer shall assume all of Sellers' obligations under the DIP Letters of Credit set forth on Schedule 9.12(C), and the DIP Letters of Credit Cash Collateral associated with each such DIP Letter of Credit shall be transferred to Company Buyer, and shall continue to be held as cash collateral for such obligations.

9.13 Competition Clearance.

9.13.1. Subject to the terms hereof, Buyers and Sellers agree to cooperate and to use commercially reasonable efforts to obtain, as promptly as practicable following the date hereof, any Governmental Approvals required for the Closing under the HSR Act, EC Merger Regulation and any other applicable Competition/Investment Law, to respond to any government requests for information thereunder, to contest and resist in good faith any action thereunder, and to have lifted or overturned any Governmental Order that restricts, prevents or prohibits the consummation of the transactions contemplated by this Agreement. The Parties will use commercially reasonable efforts to complete Schedule 9.13.1 and Schedule 10.1.2, no later than three (3) Business Days after the date hereof which will include a list of all countries in which competition filings may be required or are appropriate. In this respect, each applicable Buyer will make (or continue to prosecute, if made previously) all the competition filings set forth in Schedule 9.13.1 promptly, but in no event later than thirty (30) days after the date hereof, and such Buyers will: (i) promptly inform Delphi of all oral and written communications with any Governmental Authority in respect of any required Governmental Approval; (ii) give Delphi the opportunity to comment on all filings and any response prepared by such Buyer prior to Buyers' submitting such response to the relevant Governmental Authority; and (iii) afford Delphi or any Seller designated by Delphi the opportunity to attend any meetings, telephone conferences or video conferences organized with the Governmental Authorities in relation to any required Governmental

Approval. Notwithstanding the foregoing, the Parties agree that none of them will make any voluntary filing under applicable foreign antitrust laws or regulations unless advised by legal counsel in such jurisdiction that the failure to make a filing could result in a Material Adverse Effect (including on the ability of a Party to consummate the transactions contemplated by this Agreement and the Ancillary Agreements) or otherwise be in violation of applicable Law. Each Party hereto will promptly inform the other of any oral or other communication from any Governmental Authority regarding any of the transactions contemplated by this Agreement and the Ancillary Agreements. If the competition authority in any such country: (i) imposes conditions upon its approval of the transactions contemplated by this Agreement; or (ii) files a Proceeding before a Governmental Agency seeking to restrain or prohibit, or to obtain damages or other relief in connection with, the consummation of the transactions contemplated by this Agreement, the Parties will take commercially reasonable steps to negotiate with the competition authority regarding, and comply with, any conditions or modifications requested by such competition authority, consistent with the general intention of this Agreement (that ownership of the Business will be vested in the Buyers). Such compliance may require modifications in structure, economic and other relationships. The applicable Buyers will be solely responsible for all costs and expenses incurred by such Party in negotiating and agreeing to the required conditions or modifications with the competition authorities. Notwithstanding anything herein to the contrary, in no event shall GM or its Affiliates be obligated to dispose of, or divest themselves of, any line of business or restrict themselves from engaging in a line of business in which they are currently engaged, in order to obtain any regulatory approvals.

9.13.2. From the date of this Agreement until Closing, each Buyer will not acquire or agree to acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any business or any corporation, partnership, association or other business organization or division thereof, or otherwise acquire or agree to acquire any assets if the entering into of a definitive agreement relating to or the consummation of such acquisition, merger or consolidation would reasonably be expected to: (i) impose any delay in the obtaining of, or significantly increase the risk of not obtaining, any authorizations, consents, orders, declarations or approvals of any Governmental Authority necessary to consummate the transactions contemplated by this Agreement or the GM Transfer Agreements or the expiration or termination of any applicable waiting period; (ii) increase the risk of any Governmental Authority entering an order prohibiting the consummation of the transactions contemplated by this Agreement or the GM Transfer Agreements; (iii) significantly increase the risk of not being able to remove any such order on appeal or otherwise; or (iv) delay or prevent the consummation of the transactions contemplated by this Agreement or the GM Transfer Agreements; provided, however the foregoing shall not restrict Buyers or their respective Affiliates from acquiring an interest in any entity (or any Affiliate of any entity) to which they convey any of their assets or rights.

9.14 Further Actions.

9.14.1. The Parties will use commercially reasonable efforts to take all actions and to do all things necessary, proper or advisable under Law to consummate the transactions contemplated hereby and by the GM Transfer Agreements. In furtherance of the foregoing, the Parties will consult and cooperate with one another, and consider in good faith the views of one another, in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any Party hereto in connection with the transactions contemplated by this Agreement. To the extent the form of any of the agreements or instruments required to effectuate the transactions contemplated by this Agreement have not yet been agreed upon the Parties will act reasonably in finalizing the forms of such agreements or instruments.

9.14.2. At all times prior to the Closing, each Party will notify the other Parties in writing of any fact, condition, event or occurrence that will result in the failure of any of the conditions contained in ARTICLE 10 to be satisfied, promptly upon any of them becoming aware of the same.

9.14.3. Nothing in this Agreement or the Ancillary Agreements will prevent or restrict GM, the GM Buyers, or their respective Affiliates and representatives from taking any action that is in accordance with paragraph 46 of the Modification Procedures Order.

9.15 Further Assurances.

Subject to the terms and conditions herein provided, the Parties shall use their respective commercially reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable under applicable Laws to consummate and make effective the transactions contemplated by this Agreement and the Ancillary Agreements. If at any time after the Closing Date any further action is necessary or desirable to carry out the purposes of this Agreement or the Ancillary Agreements, the Parties shall take or cause to be taken all such necessary action, including, without limitation, the execution and delivery of such further instruments and documents as may be reasonably requested by the other Party for such purposes or otherwise to consummate and make effective the transactions contemplated hereby; provided that the cost of such action or of such instruments and documents related thereto shall be borne by the relevant Buyer. The foregoing covenant will survive the Closing of the transactions contemplated herein.

9.16 Customs Duties.

Each Party expressly agrees to reimburse the other Party for customs-related duties, fees and associated costs incurred by one Party on behalf of another Party after Closing. Taxes, except those which are not assessed on an ad valorem basis, incurred in connection with goods co-loaded on containers that clear customs intentionally or unintentionally under one Party's importer/exporter identification numbers and bonds/guarantees post-Closing, shall be borne by the owner of the co-loaded goods; other Taxes (those which are not assessed on an ad valorem basis) on such co-loaded goods shall be shared pro-rata based on value.

9.17 Enterprise Contracts.

The Parties acknowledge that: (i) the Business currently benefits from certain services or receives certain products of the type listed on Schedule 9.17 ("**Other Services**") provided by third parties ("**Enterprise Providers**") under enterprise contracts with Delphi and/or one of its Affiliates ("**Enterprise Contracts**"); and (ii) it may not be practical for GM Buyers to enter into replacement contracts with all of such Enterprise Providers as of the Closing Date. After signing this Agreement and prior to Closing, GM Buyers will use commercially reasonable efforts to enter into replacement contracts covering such Other Services. In the event that GM Buyers are unable to secure such replacement contracts, after having used commercially reasonable efforts as required by the preceding sentence, Sellers will use commercially reasonable efforts to make available to GM Buyers the Other Services provided under such Enterprise Contracts of the type described on Schedule 9.17. GM Buyers will pay Sellers the cost (including the cost of any

internal resources) of providing such Other Services. The obligations in this Section 9.17 shall not apply to: (i) any Contracts that are Acquired Assets; (ii) any service provided under the Buyer Transition Services Agreement; (iii) any services or products identified in Schedule 9.17 under the heading “Products/Services excluded from Section 9.17”; or (iv) products or services which the applicable Sellers are prohibited from providing to Buyers pursuant to applicable Law. For avoidance of doubt, GM Buyers will not be restricted in any way from engaging directly with the current outsourced service providers with respect to current direct and shared services, Day 1 separation activities and Day 2 preparation. GM will have access to the current statements of work, service level agreements and other agreements etc. with outsourced service providers.

9.18 Confidentiality.

After the Closing, Sellers shall, and shall cause their Affiliates to, maintain as confidential and shall not use or disclose (except as required by law, as necessary to defend against a Claim or as authorized in writing by the applicable Buyer) any confidential information (including any confidential Environmental Records and any confidential GM Environmental Records) concerning the businesses and affairs of the Business, except to the extent such confidential information; (i) was used by Delphi’s divisions other than the Business prior to the Closing Date; (ii) becomes generally available to the public other than as a result of a disclosure by Delphi or its representatives in violation of the terms hereof; (iii) becomes available to Delphi on a non-confidential basis from a source other than the Buyers or their representatives; or (iv) is covered by the licenses granted pursuant to the IP License Agreements (provided that confidential information excepted from the obligations of this Section 9.18 only by subsections (i) or (iv) will be treated in the same manner as Sellers treat their own confidential information). In the event any Seller or any of their Affiliates is required by law to disclose any confidential information, such Party shall promptly notify the applicable Buyer in writing, which notification shall include the nature of the legal requirement and the extent of the required disclosure, and shall cooperate with such Buyer to preserve the confidentiality of such information consistent with applicable law. GM shall be the beneficiary of any confidentiality or nondisclosure agreement entered into with respect to a potential acquisition of any portion of the Steering Business of Delphi before the Closing between Delphi or its Affiliates, on the one hand, and any Person, on the other, and shall be entitled to enforce such agreement after the Closing Date.

provided, however, if any Party will have designated a different addressee by notice to all of the other Parties, then to the last addressee so designated.

14.9 Entire Agreement.

This Agreement, including all agreements incorporated by reference herein, the Ancillary Agreements and the GM Confidentiality Agreement, constitute the entire agreement of the Parties with respect to the subject matter hereof and supersede all prior agreements and understandings, both written and oral, between the Parties with respect to the subject matter hereof, provided, however that existing commercial agreements between GM and Delphi and the DIP Documents which are otherwise addressed in this agreement shall not be superseded. This Agreement is the product of negotiations between the Parties and represents the Parties' intentions. In any action to enforce or interpret this Agreement, this Agreement shall be construed in a neutral manner, and no term or provision of this Agreement, or this Agreement as a whole, shall be construed more or less favorably to any Party. In the event of a conflict between the terms of this Agreement and the terms of the Plan, the terms of this Agreement shall govern.

14.10 Counterparts.

This Agreement may be executed in two or more counterparts, each of which will be deemed an original, and all of which will constitute one and the same Agreement. Facsimile signatures will be treated as originals.

14.11 Publicity.

Except for statements by Delphi in connection with the Bankruptcy Cases or as otherwise required by Law, neither Party (nor any of the other Buyers and Sellers) will issue any press release or make any public announcement concerning this Agreement or the transactions contemplated hereby without consulting with the other Party.

14.12 Headings.

The headings contained in this Agreement are for convenience only, do not constitute a part of this Agreement and will not be deemed to limit or affect any of the provisions hereof.

14.13 Severability.

The provisions of this Agreement will be deemed severable and the invalidity or unenforceability of any provision will not affect the validity or enforceability of the other provisions hereof. If any provision of this Agreement, or the application thereof to any Person or any circumstance, is invalid or unenforceable: (i) a suitable and equitable provision will be substituted therefore in order to carry out, so far as may be valid and enforceable, the intent and purpose of such invalid or unenforceable provision; and (ii) the remainder of this Agreement and the application of such provision to other Persons or circumstances will not be affected by such invalidity or unenforceability, nor will such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

14.14 Third Parties.

Except as set forth in Section 3.2.3, nothing expressed or implied in this Agreement is intended or will be construed to confer upon or give to any Person, other than the Parties, their Affiliates and their respective permitted successors or assigns, any Claims, rights or remedies under or by reason of this Agreement. Notwithstanding the foregoing, the DIP Agent shall be a third party beneficiary of this Agreement and shall have the right to enforce any of the provisions affecting the DIP Agent, the DIP Loans, the DIP Letters of Credit (including in its capacity as issuing bank under DIP Letters of Credit that have replaced "Letters of Credit" as defined under (and issued pursuant to) the DIP Agreement), and any other obligations secured under the DIP Documents.

14.15 Governing Law.

This Agreement shall be governed and construed in accordance with the internal laws of the State of New York, the forum state in which the Bankruptcy Court sits, without regard to any conflict of law provision that could require the application of the law of any other jurisdiction.

14.16 Venue and Retention of Jurisdiction.

By its execution and delivery of this Agreement, each Party hereby irrevocably and unconditionally agrees that the Bankruptcy Court shall retain exclusive jurisdiction over all matters related to the construction, interpretation or enforcement of this Agreement; provided, however, that after the second (2nd) anniversary of the date of this Agreement, the Bankruptcy Court and the Supreme Court of New York, New York County and the United States District Court for the Southern District of New York (the "**New York Courts**") shall have non-exclusive jurisdiction over all matters related to the construction, interpretation or enforcement of this Agreement; and, provided, further, that the jurisdiction of the Bankruptcy Court over all matters related to this Agreement shall terminate upon the fourth (4th) anniversary of the date of this Agreement and the New York Courts shall have exclusive jurisdiction after the fourth (4th) anniversary of the date of this Agreement. Each Party further agrees to waive any objection based on forum non conveniens. To the extent that the Bankruptcy Court no longer has jurisdiction on or before the fourth (4th) anniversary of the date of this Agreement, the New York Courts shall have exclusive jurisdiction over all matters related to this Agreement.

14.17 Risk of Loss.

Prior to the Closing, all risk of loss, damage or destruction to all or any part of the Acquired Assets or the Business will be borne exclusively by Sellers.

14.18 Enforcement of Agreement.

The Parties acknowledge and agree that the covenants and undertakings contained in this Agreement and the Ancillary Agreements relate to matters which are of a special, unique and extraordinary character and that a violation of any of the terms of this Agreement or any Ancillary Agreement will cause irreparable injury to the other Parties and that the amount of such injury will be extremely difficult, if not impossible, to estimate or determine and may not be adequately compensated by monetary damages alone. Therefore, each Party acknowledges that the other Party will be entitled, in addition to all other rights and remedies available under this Agreement, and Ancillary Agreement, and applicable law, as a matter of course, to an injunction, order of specific performance, restraining order or other equitable relief from any court of competent jurisdiction, restraining any violation or threatened violation of any terms of this Agreement or any Ancillary Agreement without proof of actual damages and without any requirement for the securing or posting of any bond.

14.19 Sellers' Obligations.

Nothing contained in any chapter 11 plan confirmed in these cases or any order confirming any such plan or in any other order in these cases (including any order entered after any conversion of these cases to cases under chapter 7 of the Bankruptcy Code) shall alter, conflict with, or derogate from, the provisions of the Agreement and the Plan Modification Order. The Filing Affiliates' obligations under this Agreement (including all Exhibits and Ancillary Agreements) shall survive confirmation of any plan of reorganization or discharge of claims thereunder and shall be binding upon the Filing Affiliates, and the reorganized or reconstituted Filing Affiliates, as the case may be, after the effective date of the confirmed plan or plans in the Filing Affiliates' cases.

14.20 Bankruptcy Court Approval.

Notwithstanding anything to the contrary herein, the Parties' obligations to consummate the Sales under this Agreement are expressly subject to entry of the Plan Modification Order.

14.21 Reasonably Equivalent Value.

As set forth in the Recitals to this Agreement, consideration under the Agreement was provided by all Parties to the Agreement. This Agreement is not the product of collusion among the Parties and is the result of arms' length negotiations. Each of the Parties hereto acknowledge and agree that it received reasonably equivalent value for the consideration provided by such Party.

(i) The parties agree that certain documents attached as Exhibits and Schedules hereto contain sensitive and confidential business terms which, if publicly

Certain of these documents contain detailed proprietary information describing certain aspects of the business relationship between the parties and the parties believe these documents contain sensitive and confidential information of a type not typically disclosed to the public or made available in the automotive industry. Subject to Section 8, all of the authorized, issued and outstanding equity securities of each such subsidiary are and shall be owned by the Company.

(iii) The Company has not conducted any business prior to the date hereof and has no, and prior to the Closing Date will have no, assets, liabilities or obligations of any nature other than those incident to its formation and pursuant to this Agreement (including any interests in any subsidiary) and the transactions contemplated by the Ancillary Documents.

(d) **Other Matters.** (i) There are no statutory or contractual securityholders preemptive rights or rights of refusal to which the Company is a party other than pursuant to the Operating Agreement.

(b) Upon the terms and subject to the conditions of this Agreement, the Company will use its commercially reasonable efforts to take, or cause to be taken, all action, and to do, or cause to be done, all things necessary, proper or advisable consistent with applicable law to consummate and make effective in the most expeditious manner practicable the Transactions, including using commercially reasonable efforts to cause all conditions precedent hereunder to be satisfied.

(c) The Company shall use its commercially reasonable efforts to obtain all necessary consents, waivers, authorizations and approvals of all Governmental Authorities and of all other Persons required in connection with the execution, delivery and performance of this Agreement and the Ancillary Documents or the consummation of the Transactions in accordance with its agreements under Section 9.13 of the Master Disposition Agreement.

(d) Prior to Closing, the Company agrees to actively assist the Investors in achieving a timely syndication of their commitments contemplated by Section 14(f) that is mutually satisfactory to the Investors and the Company at the expense of the Investors. Such assistance shall include, (i) direct contact between senior management and advisors of the Company and the Additional Lenders (as defined in Section 14(f)) who the Investors wish to syndicate to, (ii) hosting, with the Investors, of

one or more meetings of Additional Lenders, (iii) providing to the Investors all financial and other information relating to you and your subsidiaries reasonably deemed necessary by them and (iv) assistance in the preparation of materials to be used in connection with the syndication.

The Company hereby waives and releases, to the fullest extent permitted by law, any claims that the Company may have against the Investors with respect to any breach or alleged breach of fiduciary duty in respect of any of the transactions contemplated by this Agreement. Notwithstanding the foregoing, nothing in this Section 4(e) shall be deemed to be a waiver of any duties (including fiduciary duties) or obligations of the Investors under the Operating Agreement when effective.

(f)

(i) The Company agrees to indemnify and hold harmless the Investors and their respective Affiliates, related funds and controlling persons and the respective officers, directors, employees, agents, attorneys, members and successors and assigns of each of the foregoing (each, an "Indemnified Person") from and against any and all losses, damages, liabilities and expenses, joint or several, to which any such Indemnified Person may become subject arising out of or in connection with any claim, litigation, investigation or proceeding relating to the execution, delivery, negotiation or consummation of the transactions contemplated by this Agreement, the Operating Agreement, the Note Purchase Agreement, the Senior Loan Documents or any related transaction (each, an "Action"), regardless of whether any such Indemnified Person is a party thereto, and to reimburse each such Indemnified Person upon demand for any reasonable legal or other expenses incurred in connection with investigating or defending any of the foregoing; provided that the foregoing indemnity will not, as to any Indemnified Person, apply to losses, claims, damages, liabilities or related expenses to the extent they are found in a final, non-appealable judgment of a

court of competent jurisdiction to have resulted from the willful misconduct or gross negligence of such Indemnified Person, provided that the indemnification provided in this Section 4(f)(i) shall not apply to any claim brought by the Purchaser or the Company against the Investors for (i) a breach by the Investors of their respective obligations contained in this Agreement to the extent not assigned in accordance with Section 14(f)(ii) or (ii) breaches by the Investors following the Closing under the Operating Agreement or the Senior Loan Documents, provided, however, that nothing contained herein shall limit the indemnification rights accorded to the Indemnified Persons under the Operating Agreement or the Senior Loan Documents.

(ii) No Party hereto shall be liable to any other Party hereto or any of its subsidiaries, Affiliates and related funds on any theory of liability for any special, indirect, consequential, punitive or exemplary damages in connection with or arising from this Agreement, the Financings (as defined herein), the use of the proceeds therefrom or any related transaction (provided that such limitation shall not limit a Party's right to recover contract damages in connection with a Party's failure to close in violation of or other breach of this Agreement).

To the extent that any indemnity is paid pursuant to Section (f)(i) above, or the Company suffers any losses, damages, liabilities or expenses arising out of or in connection with any claim, litigation, investigation or proceeding relating to the syndication of the Financings contemplated by Section 14(f)(ii) (each, a "Company Claim"), such amounts shall be withheld pursuant to Section 5.7 of the Operating Agreement from amounts otherwise payable to the holders of Class B Securities pursuant to Section 5.1 of the Operating Agreement.

The Investors shall have the right to control, defend and/or settle any Action or Company Claim and shall have the right to employ their own counsel in connection therewith; provided that, the Investors agree that, without the prior written consent of the Purchaser, which shall not be unreasonably withheld, neither the Investors nor any of their respective Affiliates or subsidiaries will settle, compromise or consent to the entry of a judgment in any pending or threatened claim, action or proceeding in respect of which indemnification has been or could be sought under the indemnification provisions hereof (whether or not any other Indemnified Person is an actual or potential party to such claim, action or proceeding) unless such settlement, compromise or consent includes an unconditional release in form and substance reasonably satisfactory to the Company from all liability arising out of such claim, action or proceeding.

(g) At, or promptly following the Closing, if requested by the Purchaser, the Company agrees to pay to Parnassus Holdings II, LLC an amount equal to \$15 million in cash by wire transfer of immediately available funds.

(h) This Agreement and the other Ancillary Documents to which the Purchaser or any Investors is a party each constitutes or, when executed shall constitute, the valid and binding obligation of such Party, enforceable in accordance with its terms except as may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws relating to or limiting creditors' rights generally and subject to the availability of equitable remedies.

(i) Such Party has not employed any finder, broker, agent or other intermediary in connection with the origin, negotiation, execution or performance of this Agreement or the purchase of the Purchased Securities hereunder for which the Company would be liable.

6. Covenants of the Purchaser.

(a) The Purchaser shall (i) execute and deliver in accordance with Section 2(e) the Ancillary Documents to which it is a party and such other documents, certificates, agreements and other writings and (ii) take such other actions, in each case, as may be necessary or reasonably requested by the Company in order to consummate or implement expeditiously the Transactions in accordance with the terms of this Agreement and the Ancillary Documents.

(c) The Purchaser shall use its commercially reasonable efforts to obtain all necessary consents, waivers, authorizations and approvals of all Governmental Authorities and of all other Persons, if any, required in connection with the execution, delivery and performance of this Agreement and the Ancillary Documents to which it is a party in accordance with its agreements under Section 9.13 of the Master Disposition Agreement.

7. Covenants of the Investors. Each of the Investors hereby agrees as follows:

8. Covenants of the Purchaser and each of the Investors.

(a) The Purchaser and the Investors agree as soon as practicable following execution of the Agreement to meaningfully consult with each other and work in good faith using commercially reasonable efforts to determine an organizational structure for the Company as may be mutually agreed, including substituting for the Company a limited liability company or companies, or similar vehicle or vehicles, organized in foreign jurisdiction (an "Alternative Vehicle") reasonably acceptable to the parties. Unless the Purchaser and Investors otherwise agree (i) the Alternative Vehicle will be an entity formed under the laws of Luxembourg substituted for the Company and treated as a partnership for U.S. federal income tax purposes (without limits on publicly traded partnership status) and (ii) a U.S. entity treated as an association taxable as a corporation for U.S. purposes shall be owned by the Alternative Vehicle for the purpose of holding the U.S. portion of the Company Business, and a non-U.S. entity treated as an association taxable as a corporation for U.S. purposes shall be owned by the Alternative Vehicle for the purpose of holding the non-U.S. portion of the Company Business. The PBGC Interest will be issued to the Purchaser or the PBGC (at the direction of the Purchaser) for no additional consideration (it being acknowledged that the Class A Purchase Price shall not be changed as a result thereof and that the rights to distributions for the Class B Securities contained in the Operating Agreement shall not be impacted by such amendment). The PBGC Interest shall have no voting rights other than the right to consent to any amendments to the Operating Agreement that may disproportionately impact the PBGC in its capacity as an equity owner as compared to any other Member and other rights agreed to by the Purchaser and Investors, in each case in their sole discretion.

(iii) The representations and warranties of the Purchaser contained in this Agreement shall have been true and correct (disregarding all qualifications and exceptions contained therein relating to materiality, material adverse effect or similar qualifications) when made and as of the Closing Date as

though made on and as of the Closing Date (except to the extent such representations and warranties expressly relate to an earlier date, in which case such representations and warranties shall be true and correct on and as of such earlier date), except where the failure to be so true and correct would not have a material adverse effect on the Purchaser's ability to consummate the transactions contemplated by this Agreement.

(iv) The Purchaser shall have performed or complied in all material respects with all obligations and covenants required by this Agreement to be performed or complied with by the Purchaser by the Closing Date.

(v) There shall not be in effect any Governmental Order by a Governmental Authority of competent jurisdiction restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated hereby.

(vi) Any applicable waiting period under the HSR Act shall have expired or have been terminated and the Purchaser, each of the Investors and the Company shall have obtained all necessary consents, waivers, authorizations and approvals of all Governmental Authorities required in connection with the execution, delivery and performance of this Agreement and the Ancillary Documents or the consummation of the Transactions.

The obligation of the Company to sell the Purchased Securities and the other obligations of the Company and its subsidiaries hereunder required to be performed on the Closing Date shall be subject to the satisfaction (or waiver by the Company) as of the Closing Date of the following conditions:

(i) The Master Disposition Agreement shall be in full force and effect and all conditions to the obligations of the Company under the Master Disposition Agreement shall have been satisfied or shall be satisfied concurrently with the Closing or, with the consent of the Company, waived pursuant to the terms therein, and the acquisition contemplated by the Master Disposition Agreement shall be consummated concurrently with the Closing.

(ii) The Company shall have received the closing deliveries described in Section 2(e) hereof and each agreement included therein shall be in full force and effect.

(iii) The representations and warranties of the Purchaser contained in this Agreement shall have been true and correct (disregarding all

qualifications and exceptions contained therein relating to materiality, material adverse effect or similar qualifications) when made and as of the Closing Date as though made on and as of the Closing Date (except to the extent such representations and warranties expressly relate to an earlier date, in which case such representations and warranties shall be true and correct on and as of such earlier date), except where the failure to be so true and correct would not have a material adverse effect on the Purchaser's ability to consummate the transactions contemplated by this Agreement.

(iv) There shall not be in effect any Governmental Order by a Governmental Authority of competent jurisdiction restraining, enjoining or otherwise prohibiting the consummation of the transactions contemplated hereby.

(v) The Purchaser shall have performed or complied in all material respects with all obligations and covenants required by this Agreement to be performed or complied with by such parties by the Closing Date.

12. Support Amount Adjustment.

(a) Prior to the Closing Date, in accordance with the Liquidity Support Agreement, Delphi shall provide the Purchaser and the Investors with an estimate of: (i) the Net Funding Amount (as defined below) provided by the Purchaser under the Liquidity Support Agreement after August 17, 2009 until the Closing Date ("LSA Support Amount"); and (ii) amounts funded from the Borrowing Base Cash Collateral Account and the Incremental Borrowing Base Cash Collateral Account on or after August 1, 2009 pursuant to the Accommodation Agreement until the Closing Date, in each case of clauses (i) and (ii) above, such amounts will be limited to those allocable to and used in support of operations that will be acquired by the Company pursuant to the Master Disposition Agreement (but not, for the avoidance of doubt, amounts allocable to and used in support of other operations, including those to be acquired by the Purchaser) (the sum of all the foregoing, the "Estimated Support Amount"). In calculating the Estimated Support Amount, (i) to the extent that proceeds from Foreign Dividends (as defined in the Liquidity Support Agreement) are received by Delphi, such proceeds will be treated for purposes of this paragraph as being offset by the Net Funding Amount provided pursuant to the Liquidity Support Agreement from August 1, 2009 until August 17, 2009 and (ii) if any proceeds from such Foreign Dividends remain after satisfying the requirements of the immediately preceding clause (i), then such remaining amount shall be a reduction to the Estimated Support Amount and the Actual Support Amount (as defined below). The LSA Support Amount shall, under no circumstances, exceed \$100 million for purposes of this Agreement. "Net Funding Amount" shall mean amounts funded less amounts repaid during the applicable period, plus the opening balance of Tranche C Available Funds (as defined in the Liquidity Support Agreement) on the starting date of the applicable period less the closing balance of Tranche C Available Funds on the ending date of the applicable period.

(b) The Class A Purchase Price payable at Closing will be decreased by the Estimated Support Amount. Within thirty (30) days following the Closing Date, the Company will deliver to the Purchaser and the Required Investors a detailed statement of the actual amounts funded in accordance with Section 12(a) above on the Closing Date (the “Actual Support Amount”). The Actual Support Amount shall be conclusive and binding upon the parties unless, within ten (10) days after delivery, the Purchaser or the Required Investors notify the Company in writing that either party disputes such calculation. If either party so disputes, the Company shall (i) permit such disputing party and/or its agents, at the disputing party’s expense, to audit the Company’s books and records relating to Actual Support Amount, and (ii) reasonably cooperate with the disputing party and its agents in any such audit activities in a timely manner. The parties shall in good faith attempt to resolve any dispute and, if the parties so resolve all disputes, such agreed amount shall be the Actual Support Amount binding on the parties. If the parties do not reach agreement in resolving such dispute, the parties shall submit the dispute to a mutually satisfactory independent accounting firm for resolution, whose resolution shall be conclusive and binding on the parties.

(c) Upon final determination of the Actual Support Amount, if (i) the Actual Support Amount is less than the Estimated Support Amount, then the Purchaser shall promptly, but no later than five (5) business days after such final determination, pay the amount of such difference to the Company and (ii) the Actual Support Amount is greater than the Estimated Support Amount, then the Company shall promptly, but no later than five (5) business days after such final determination, pay the amount of such difference to the Purchaser.

(ii) In the event of termination by the Purchaser or the Required Investors, prompt written notice thereof shall be delivered to the other Parties and this Agreement shall forthwith become null and void and there shall be no liability on the part of any Party except for the provisions of Section 14(a) (Remedies), this Section 14(b) (Termination), Section 14(c) (Expenses), Section 14(d) (Press Releases), Section 14(e) (Notices), Section 14(m) (Governing Law), Section 14(n) (Jurisdiction and Venue), Section 14(o) (Notice of Process) and Section 14(p) (Waiver of Jury Trial).

All such notices, requests, consents and other communications shall be deemed to have been delivered (a) in the case of personal delivery or delivery by telecopy or facsimile, on the date of such delivery, (b) in the case of nationally-recognized overnight courier, on the next Business Day and (c) in the case of mailing, on the third Business Day following such mailing if sent by certified mail, return receipt requested.

(f) Successors and Assigns.

(i) All covenants and agreements in this Agreement by or on behalf of any of the parties hereto will bind and inure to the benefit of the respective successors and assigns of the parties hereto whether so expressed or not. Neither this Agreement nor any right, remedy, obligation or liability arising hereunder or by reason hereof shall be assignable by any party hereto except that (A) the Investors may assign their respective rights and obligations, in whole or in part, hereunder (x) to their Affiliates (provided that such Investor shall remain obligated to perform its obligations hereunder to the extent not performed by such Affiliates) and (y) and as set forth in Section 14(f)(ii), and (B) the Purchaser may assign its rights and obligations to its Affiliates provided that the Purchaser shall remain obligated to perform its obligations hereunder to the extent not performed by such Affiliates. Notwithstanding the foregoing, no assignment of the Investors' obligations to make commitments under the Senior Loan Documents may be made pursuant to Section 14(f)(i), (A)(x) unless the Investor either provides the Company with a guarantee reasonably satisfactory to the Purchaser or such Affiliate qualifies as an Additional Lender (as defined below).

(ii) The Investors reserve the right and intend, prior to and after the closing of the transactions contemplated hereby, to syndicate all or a portion of their respective obligations to purchase Class B Securities and Notes and to provide a portion of the first lien credit facility pursuant to the Senior Loan Documents (collectively, the "Financings") to one or more Additional Lenders. "Additional Lenders" shall mean (A) with respect to assignees of the Investors' obligation to enter into the Senior Loan Documents, (w) any lender under the DIP Agreement as of the date hereof, (x) a commercial bank having total assets in excess of \$1,000,000,000, (y) a finance company, insurance company or other financial institution or fund, in each case reasonably acceptable to the Purchaser,

which in the ordinary course of business extends credit of the type contemplated herein and has total assets in excess of \$200,000,000 and whose becoming an assignee would not constitute a prohibited transaction under Section 4975 of the Code or Section 406 of ERISA, and (z) any other Person reasonably satisfactory to the Purchaser; and (B) with respect to assignees of the Investors' obligation to purchase Class B Securities and Notes, any Person. Each of Elliott and Silver Point shall (1) remain obligated to perform its obligation to purchase Class B Securities and Notes hereunder to the extent not performed by an Additional Lender at the Closing to which either of Elliott or Silver Point, as applicable, assigned such purchase obligations and (2) should any such Additional Lender fail to enter into the Senior Loan Documents at Closing, increase their commitments under the Senior Loan Documents by the commitment assigned to such Additional Lender, ratably among Elliott and Silver Point based on their commitments under the Senior Loan Documents. For the avoidance of doubt, upon the Closing, the Investors' obligations hereunder with respect to assignments properly made under this Section 14(f) shall terminate and any assignments following Closing of Class B Securities and Notes and rights and obligations under the Operating Agreement, Note Documents and Senior Loan Documents shall be governed by the assignment provisions thereunder, rather than under this Agreement.

(iii) At least two (2) business days prior to the Closing Date, the Investors shall provide to the Company a true and correct list of (1) all Persons who have agreed to purchase Class B Securities and/or Notes and to provide a portion of the first lien credit facility pursuant to the Senior Loan Documents in accordance with Section 14(f)(ii) above indicating opposite each name the name and address of such Person, the number of Class B Securities, the principal amount of Notes to be purchased and the principal amount of loans to be provided pursuant to the Senior Loan Documents and (2) all DIP Lenders to receive cash under the Assignment Agreement setting forth opposite each name the amount of cash to be received and wire instructions.

(iv) Except as provided in Section 4(f), nothing in this Agreement shall create or be deemed to create any third party beneficiary rights in any person or entity not a party to this Agreement.

(g) Consent to Amendments. Except as otherwise expressly provided herein, the provisions of this Agreement may be amended and the Company may take any action herein prohibited, or omit to perform any act herein required to be performed by it, only if the Company has obtained the written consent of the Purchaser and the Required Investors. No other course of dealing between the Company, the Investors and the Purchaser or any delay in exercising any rights hereunder operate as a waiver of any rights of the Purchaser or Investors.

(h) Obligations of Investors Several. The obligations of the Investors hereunder to purchase the Class B Securities, to provide the Company with the credit facilities contemplated by the Senior Loan Documents, to purchase the Notes in accordance with the Note Documents and to comply with the other covenants hereunder are several and not joint. The failure of any Investor to comply with its obligations hereunder shall not relieve any other Investor of its corresponding obligation to do so, and (except as provided in Section 14(f) with respect to Assignees) no Investor shall be responsible for the failure of any other Investor to comply with its obligations hereunder.

(i) Survival of Representations and Warranties. All representations and warranties contained herein or made in writing by any party in connection with this Agreement shall survive the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby, regardless of any investigation made by the Purchaser or the Investors or on their behalf.

(j) Severability. Whenever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or any other jurisdiction, but this Agreement shall be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein.

(k) Entire Agreement. Except as otherwise expressly set forth herein, this Agreement and the other Ancillary Documents to which the Purchaser and each of the Investors is a party embody the complete agreement and understanding among the parties hereto with respect to the subject matter hereof and supersede and preempt any prior understandings, agreements or representations by or among the parties, written or oral, that may have related to the subject matter hereof in any way.

(l) Counterparts. This Agreement may be executed in separate counterparts each of which shall be an original and all of which taken together shall constitute one and the same agreement.

(m) Governing Law. This Agreement will be governed by and construed in accordance with the domestic laws of the State of New York, without giving effect to any choice of law or conflicting provision or rule (whether of the State of New York, or any other jurisdiction) that would cause the laws of any jurisdiction other than the State of New York to be applied. In furtherance of the foregoing, the internal law of the State of New York will control the interpretation and construction of this Agreement, even if under such jurisdiction's choice of law or conflict of law analysis, the substantive law of some other jurisdiction would ordinarily apply.

(n) Jurisdiction and Venue.

(i) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any New York state court sitting in New York county or federal court of the United States of America sitting in New York county, and any appellate court presiding thereover, in any action or proceeding arising out of or relating to this Agreement or the transactions contemplated hereunder or thereunder or for recognition or enforcement of any judgment relating thereto, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in any such New York state court or, to the extent permitted by law, in any such federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(ii) Each of the parties hereto irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it or he may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement or the transactions contemplated hereunder or thereunder in any state or federal court sitting in New York county. Each of the parties hereto irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(o) Notice of Process. The parties hereto further agree that the notice of any process required by any such court in the manner set forth in Section 14(e) shall constitute valid and lawful service of process against them, without the necessity for service by any other means provided by law.

(p) Waiver of Jury Trial. THE COMPANY, THE PURCHASER AND THE INVESTORS HEREBY WAIVE, TO THE EXTENT PERMITTED BY APPLICABLE LAW, TRIAL BY JURY IN ANY LITIGATION IN ANY COURT WITH RESPECT TO, IN CONNECTION WITH, OR ARISING OUT OF THIS AGREEMENT OR THE VALIDITY, PROTECTION, INTERPRETATION OR ENFORCEMENT THEREOF. THE COMPANY, THE PURCHASER AND THE INVESTORS AGREE THAT THIS SECTION IS A SPECIFIC AND MATERIAL ASPECT OF THIS AGREEMENT AND WOULD NOT ENTER INTO THIS AGREEMENT IF THIS SECTION WERE NOT PART OF THIS AGREEMENT.

(q) Descriptive Headings. The descriptive headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.
